

## Chapter 2437

Aki Kitagawa scoffed.

“So what if I am?”

“If it were the previous helm of Dragon Palace’s branch, I’d at least pay some respect!”

“But you have no right for that sort of thing!”

“You don’t even have the right to kneel and speak right now, let alone be on equal footing with me! Do you understand?!”

Yoana Mendoza took a step forward while showing a cold expression on her face, ready to pull the trigger.

Harvey York swiftly held her back, signaling her to back off. He then calmly walked forward and sized up Aki.

“Some mere Islanders dare to show off this

much in Country H's territory?"

He didn't want to stand out before, but since the Shinkage Way was one of the Island Nation's Six Schools of Martial Arts, the Mendoza family would not be able to handle the situation judging from their background.

That was why Harvey felt like he had to deal with the situation himself.

Aki sized up Harvey and coldly chuckled after seeing his frail and pallid body.

"What? The master can't handle me, so she asked her kept man to do her job for her?"

"So what if I'm this arrogant? So what if I want to show off here? If you don't want that, then you should do something about it!"

"I'll give you a chance today! I'd like to see if a kept man like you would dare hit me!"

Aki stood up, walked before Harvey, and blew a puff of smoke right at Harvey's face. It was an absolutely condescending sight.

Harvey frowned while taking a few steps back.

“Lord Kitagawa, did anyone ever mention to you that your breath stinks?”

“You...”

“You're pretty perverted too. How dare you ask someone to hit you just like that?”

“If I don't fulfill your wishes now, that would be really disrespectful!”

Aki glared at Harvey before he let out a scoff.

“A kept man like you dare to show off in front of me?”

“Get him, Elder Kinoshita!”

“Incapacitate him! I want to see how this kept man can keep his job after losing his limbs!”

Aki was full of himself at that moment. He coldly glared at Harvey, seemingly in the thought of crippling him to scare Yoana into kneeling.

The other women were glaring at Harvey, full of disdain.

Aki's background, strength, power, capabilities, and status were all there.

Not just a kept man, even Yoana would have to fear a man like him.

‘How dare this kept man even try to show off his status and position? He must have a death wish!’

The extremely scrawny Elder took a step forward and coldly glanced at Harvey.

“Young man of Country H, remember this, I am the one who cripples you! My name is

Kinoshita!”

Kinoshita didn't have much to say. His aura was as cold as ice, and his gaze felt like lightning. He was clearly a formidable opponent judging from the first glance.

Harvey chuckled slightly.

“You should remember this too. My name's Harvey York!”

Kinoshita froze. The name rang a bell, but he couldn't remember it clearly. He froze in thought after taking a step forward.

“Harvey York?”

“Just because your name is York doesn't mean that you're from the Yorks of Hong Kong!

“I've never heard of a person like you!”

Aki flicked the cigarette ash in his hand derisively after hearing Harvey's words.

“So what?”

“Even if you are from the Yorks of Hong Kong, you’re still nothing in front of me!!”

## Chapter 2438

“Alright. Enough talk. Go! Get him!”

Aki Kitagawa was looking down on Harvey York. He did not expect that Harvey would have anything to show.

“Hyah!”

Kinoshita immediately swung the side of his hand toward Harvey’s wrist. He was obviously planning to cripple Harvey.

Slap!

Harvey swung his palm forward without even dodging and landed his hit first.

No martial art is unbreakable, and speed is the only way to victory.

With the sound of a loud slap, Kinoshita’s eyes blacked out. He was immediately sent flying

after he suddenly felt a sharp pain on his face.

Bang!

His body smashed right into the corner of the room, with his face completely deformed.

‘How’s this possible?!’

Aki and the others were utterly dumbfounded.

Kinoshita was an expert of the Shinkage Way! Even though he was not a God of War, he was at the pinnacle of all Kings of Arms!

The top King of Arms of the generation was sent flying by a single slap?!

What sort of strength was this?!

While Aki was frozen solid, Kinoshita stumbled back up against the wall as his entire body trembled.

‘A God of War?!’

An expert like Kinoshita knew his match as soon as he made his move.

He was the top King of Arms for many years. That was why a simple action from Harvey was enough for him to understand that he was a God of War.

Kinoshita was fearful, respectful, and jealous, all at the same time, toward an expert of this caliber.

‘He has the strength of a God of War at such a young age. No matter who he is, he’s no ordinary man...’

Even the title of ‘God of War’ would be enough to suppress the entire crowd.

Aki was not able to see that fact then. His face turned gloomy instantly when he said, “What the Hell are you doing, Kinoshita?!”

“I granted you to tag along, not to make a good show!”

“You’re here to protect me!

“Now, deal with him already!

“I’m running out of patience!”

Slap!

Before Kinoshita even had the chance to say anything, Harvey had already stepped forward and gave a big slap on his face.

“Do it then!”

Slap!

“Elder of the Shinkage Way!”

Slap!

“Isn’t the Shinkage Way one of the Six Schools of Martial Arts from the Island Nations?!”

Slap!

“Isn’t your sovereign a Sword Saint?!”

Slap!

“Aren’t you powerful?!”

Slap!

“Why aren’t you listening to your lord?!”

Slap!

“Do it already!”

Harvey kept slapping Kinoshita in the face every time he spoke. Kinoshita was trembling in fear while his face was swollen entirely with blood trickling in the corner of his mouth.

Anyone who did not witness what happened before would have thought that Harvey was just beating up an old person.

Not only did Kinoshita not dare to resist, but he also was not even showing any resentment in his eyes.

He understood clearly that he would have been killed in seconds if the God of War in front of him actually tried!

Even an ant would cling to its life. Who would not be scared to die in this day and age?

“Do it then!

“How can you even face Lord Kitagawa if you do nothing after he gives you a chance?!

“You’re a part of the Shinkage Way and the Kitagawa Clan! You’re influential people who won’t even bat an eye to the Yorks of Hong Kong!

“Weren’t you supposed to cripple me?!

“Why aren’t you doing that already?”

Harvey showed no mercy toward the expert of the Shinkage Way, who was flaunting his strength initially and was incessantly slapped all over the place at this moment...

## Chapter 2439

Yoana Mendoza and the other Dragon Palace branch members were utterly shocked...

The Islanders present there became sluggish while showing horrendous expressions on their faces.

They could not believe that a powerful character like Kinoshita would not even dare to fight back. He was constantly slapped around by Harvey York to the point where his face was utterly swollen and his teeth flying out of his mouth.

To Kinoshita, even his teeth were priceless. He took care of them like they were his babies.

Whoever dared to call out his teeth yellow would be beaten the living Hell out of that person by him.

How come he was not even a bit enraged after

his teeth got slapped out of his mouth?

Obviously, this was not normal at all!

The people from the Shinkage Way were powerful beings even in the Island Nations. Why would they even act discreetly in a small place like Hong Kong?

Everyone knew how strong Elder Kinoshita was. That was why they were all shocked, and that was the reason why all of them felt extremely sluggish.

Yoana was surprised at first, but she regained her composure after a while. Her eyes then lit up soon after.

She could not figure out Harvey's identity at all. She only had a vague idea as to who Harvey was.

But what happened was enough to confirm her speculation.

Aki Kitagawa was the young lord of the Kitagawa Clan and the disciple of the Shinkage Way.

In Yoana's mind, only a person with that identity could trample on someone of that stature as he pleased.

At that moment, Yoana did not stop Harvey. She took a step back and signaled the other Dragon Palace's branch members to stand back.

They were all in the same boat no matter what would happen next.

"You really disappoint me!"

After taking Harvey's final slap, Elder Kinoshita, who had no other means of escape, was sent rolling on the ground.

His face was as swollen as a pig, but he still would not dare to retaliate.

Then, Aki came back to his senses.

“Kinoshita, are you dumb?!” he bellowed furiously.

“Why aren’t you fighting back?!”

“You’re embarrassing all of the Island Nations!”

“I don’t care who he is and what he can do! You beat the sh\*t out of him right now! This is an order!”

“I’ll bear the responsibility if he dies in the process!”

“You fool!”

Aki was brimming full of righteousness at that moment. He was the one who would usually take advantage of other people, but he was dominated entirely by Harvey then.

For Aki, this was something utterly unacceptable.

Besides, there were so many people here,

including inspectors...

If word was to spread about this matter, how could he keep his front in his social circle in the future?

How was he supposed to keep his position as the young lord of his clan?

“Come on. Do it already. I’m waiting,” said Harvey vaguely.

Aki wanted to rush forward, but Kinoshita immediately stopped him.

“You can’t, Lord Kitagawa. He is a God of War...

“He is untouchable!”

‘What?!’

‘A God of War?!’

All the Islanders were frozen stiff after hearing those words.

They would always prefer taking advantage of the weak. Whatever the Bushido Spirit talk was about earlier was all nonsense.

If they bump into an opponent who was way out of their league, they would not even hesitate to kneel to save their own skin.

After hearing that there was a God of War, all the women trembled before instinctively retreating.

To them, Gods of War were supreme beings. They were beings not to be provoked.

After all, any God of War from the Island Nations was considered unparalleled. Small fries like them would not even have the right to cling onto them.

Aki was showing utter disbelief at that point.

“How is this even possible?!”

## Chapter 2440

The weight of the title was immense. There were a lot of Kings of Arms in the world, but Gods of War were extremely rare.

They were legendary beings, even in ordinary life.

It would be rare to see any God of War roam the earth other than the military force.

Normally speaking, Kinoshita, a peak King of Arms, would be able to do as he pleased.

But compared to a God of War, he could only kneel. There would be no other way.

“Are you really a God of War?”

Aki coldly glared at Harvey in disbelief.

Harvey glanced back without giving a straight answer.

“Kneel before you talk.”

Aki trembled before furiously screaming, “How dare y-”

Bang!

Kinoshita wasted no time and slammed his knees onto the ground, then put his Island Nation longsword in front of him, showing that he had no ill-intent.

The other Islanders all looked at each other before they all kneeled on the ground.

Kneeling meant nothing to these Islanders anyway. After all, this was their well-known killer move.

Dignity for these people was just completely nonsense.

Nobody felt ashamed when they kneeled on the ground. As long as they could live, who would

care even if it was a little embarrassing?

Soon after, every single Islander, who was being extremely self-righteous, kneeled on the ground. Only Aki was left standing.

“This is bullying, Harvey!” Aki furiously screamed while looking at emotionless Harvey.

“I’m the young lord of the Kitagawa Clan, and the disciple of the Shinkage Way! I’m a well-known character in the younger generation of the Island Nations!”

“I cannot be embarrassed that easily!”

“Kneel before you talk,” Harvey said with a calm tone.

“You dare make me kneel?!”

Aki was completely enraged.

“So what if you’re a God of War, Harvey?!”

“You think the Shinkage Way doesn’t have Gods of War?!”

“I’ll let you off the hook! I won’t pursue the matter any further!”

“But if you still force me to kneel, I’ll make you learn the ways of the Bushido Spirit!”

Harvey was a God of War, but Aki thought that he was just a skilled fighter at best.

In this day and age, skill couldn’t even compare to background, authority, status, and wealth!

Aki believed that even a God of War like Harvey would have to pay some respect if he admitted defeat.

And as a disciple of the Shinkage Way, Aki learned a few tricks under his sleeve.

Even though he was no match against Harvey, it would be easy enough to escape with his tricks.

Aki was a cunning man. He had been hiding his strength to ensure his rise to power in the future.

But since Harvey was being this disrespectful toward him, there was no way he could hide it any longer.

Others could kneel, but he couldn't!

Because if he did... He would have no chance to rise to power!

People from the Island Nations were shameless, but they wouldn't let a coward be in charge either.

“Kneel!”

Harvey showed no emotion without giving any remarks.

“Fool! How dare you be so disrespectful?!”

“I'll let you see what an expert of the Shinkage

Way looks like!”

Aki pulled out an Island Nation shortsword from his waist with a horrible expression, then swung it forward.

Slap!

Harvey calmly took a step forward and swung his palm forward.

A powerful aura surrounded Aki.

“Whirlwind Slash!” Aki roared with all his might. 1
