"Ruan Yan, you're amazing." Ji Ziyuan's dark eyes stared at such an indifferent figure without blinking. From the initial shock to the present complexity, she gave him too many surprises.

Before, he always thought he knew Ruan Yan very well.

Until he was sent to prison by her, he knew that he had misunderstood and thought he had seen through her completely.

She gave him another new identity: Reborn.

The major shareholder behind Fenghong, the Reborn who provided Fenghong with a steady stream of funds.

Reborn in the short season behind the back.

The Reborn who bought ten percent of the company.

Now that I think about meeting her the night before, he boldly said that he would sleep with her again and give her one billion.

Oh, she said that she invested in a good project and could earn tens of billions a year.

He was still laughing at her ignorance and thought he was deceiving himself.

Unexpectedly, she slapped him in the face so quickly.

She must have been laughing at him at that time.

Ji Ziyuan thought he would be very angry, but at this moment, when he saw the woman sitting there quietly, he found that he was not angry at all.

I was still very excited, as if a mass of stagnant water was finally thrown into it by someone throwing a big rock, causing countless splashes of water.

The kind of excitement that trembled in his chest after encountering an equal opponent.

He wants to conquer Ruan Yan, and he wants to conquer her to death, not only physically, but also from body to heart.

Ji Ziyuan didn't feel that he was perverted before, but he felt cold-blooded, but Ruan Yan seemed to have ignited all the perverted factors in his body.

He never felt like he wanted a woman as much as he does now.

Ning Xiaoxiao raised her head and looked at Ji Ziyuan, the man's eyes seemed to have a strange blood red, as if a jackal met its prey.

She was startled and said lightly, "Mr. Ji, I want to apply for admission to the board of directors. I don't know if I can."

Ji Zehao was almost mad at him.

He didn't expect that the woman who put his son in jail and made Ji's family disorganized was actually Ruan Yan, "If you want to join the board of directors, you must pass the election of shareholders. Do you think you have this qualification?"

"I think I Yes ."

Ning Xiaoxiao stood up and suddenly said: "Everyone, how do you feel about Ji's situation now?"

Ji Ze patted the table proudly, "Ruan Yan, anyone has the right to ask this question, only you No. "

"Why didn't I."

Ning Xiaoxiao looked at Ji Zehao sharply, "Your son was punished for making a mistake because he violated the law, and it is right. Instead of putting the blame on others, you might as well examine yourself. Privately, as the president and chairman of the Ji family, your father and son did not lead by example. Yu Gong, because your bad behavior in private has ruined the company's reputation. Secondly, your management is not good. The local hospital is either bribery or the hospital's interior. The personnel used their authority to sell equipment, and even illegally charged and other bad behaviors."

Chapter 2680

Ji Zehao's face turned blue when he was attacked, Ji Ziyuan stopped him and asked, "Then tell me, do you have any good suggestions."

"If I put forward all my suggestions, why do you need to sit here? Ning Xiaoxiao said sarcastically, "It's still President Tu Ji who is good-looking and has a good figure. He still leads a group of people to guard outside. Whoever refuses will be forced to do so." As

soon as these words came out, all the shareholders at the meeting discoloration.

There are people guarding outside, do they know, of course they do.

Everyone knows Ji Ziyuan's tough tactics.

But these years, Ji Ziyuan has indeed brought them considerable profits, and it doesn't matter to everyone, but this time there is less money in the purse, and the shareholders are already dissatisfied, but Ji Ziyuan's rights cannot be provoked, and there is no A leader, everyone can only shrink their necks to be human.

For a while, the people in the conference room were so nervous that they didn't even dare to breathe loudly, for fear that people outside would barge in and drag Ning Xiaoxiao out.

"Papapa"

No one thought that Ji Ziyuan didn't get angry, but took the lead in applauding, "The speech was very good, but Reborn, you don't know everything about the company, so take the issue of improper management of local hospitals, every director, Every shareholder arranges some relatives or friends to come in, I am also very embarrassed, I also want to ask you people, when the staff was arranged to come in, I swore that there would be no problem, but now what?"

Several directors and shareholders His face turned pale, and he immediately lowered his head and said nothing.

"Speak up, come and explain to us Reborn." Ji Ziyuan smiled coldly, "Otherwise she will put all the responsibilities on our father and son."

No one dared to answer this question.

Ning Xiaoxiao took a sip of tea and said with a smile, "Of course it's your problem, if someone says a word, you agree to arrange for the staff to come in, which means that you are not supervising in place as the president. If everyone goes through the back door, as a multinational company, a real talent You can't see it above, the ancient emperors knew that the imperial examination was to be elected, and you, can you listen to the minds of the people below, don't just know that the fees are expensive, and then forget the mission of opening a hospital."

Everyone was startled.

Ning Xiaoxiao said, "I remember that the original intention of the ancestors of the Ji family when they founded the Ji's Group was: to let everyone have access to medical treatment and to be able to afford medical treatment."

Even Ji Zehao didn't speak, so he was ashamed.

Ji Ziyuan looked at Ning Xiaoxiao thoughtfully with his thin lips hooked: "So, what you mean is, you don't care how much money Ji can earn each year, as long as others can afford to be sick, isn't it, Reborn, Your mind is really great, we are small, and we are ashamed."

Ning Xiaoxiao folded her arms over her chest, not impatient or impatient, "Ji's has a complete industrial chain, from medical equipment to pharmaceutical companies, to hospitals, and even Every year, he also subsidizes various researches and poor students of the Medical University. With so many free platforms, Mr. Ji wants me to sacrifice my personal interests in order to give back to the society. Oh, this is the famous Ji Group. I know it. It's here."

"Reborn, you seem to have a big misunderstanding of our Ji family and me personally." Ji Ziyuan was no longer going around in circles, a dangerous smile appeared on his handsome face, "Why don't you be straightforward? You don't want to say what you think, or you don't want to see me sitting here."

"No, no, I think you misunderstood me." Ning Xiaoxiao said with a smile, "I personally still believe in Mr. Ji. Ability, means, means, and connections, and I don't know anything about it. This is the first time I came to Ji's, and I just expressed my demands. As a shareholder, I naturally need to see Ji's annual profits, not necessarily the same as before. It's the same, but it can't fall like an avalanche like these two months. Do you think my demands are high?"

"This is what we want to say." Cheng Zifeng immediately nodded in agreement.

Seeing that someone took the lead in agreeing, the shareholders also nodded, "Mr. Ji, the current situation is that it is impossible for the Ji family to be as dominant as before, but we will give up 50% of the market at most, and the other % The market of fifty must be strictly guarded against."
