## Chapter 1951

Samuel persuaded himself.

Now that Lumi has put a green hat on him, a man can't bear it!

Samuel sneered, the corners of his mouth twitched, and glanced at Ian, his eyes were fierce: "This is your choice? To choose a second-generation ancestor who always thinks about other people's wives? Which woman is Ian's side? Sincerely? He put all his heart on Nicole, do you really want to humiliate yourself like this?"

Ian's face changed, "D\*mn, are you ill?"

Lumi said nothing at all. Careful chuckle: "It's self humiliation to continue to be with you. If you don't get divorced, Ian will not be the only person by my side. Every time I change another one, I will tell the media that I will let all the world knows you have a green hat on your head!"

She was forcing him to make a decision!

There is no better time than now.

Even if she loses a thousand, she should not be entangled with this man. Otherwise, she will be disgusted for the rest of her life. If so, she might as well take the initiative to disgust others!

Lumi saw that he was silent with a cold face and did not speak, but she didn't expect his bottom line to be quite low.

With a cold snort, she pulled Ian and walked out:

"Come on, let's talk to the reporter!"

Before she walked out of the door, Samuel called out coldly: "Stop!"

His chest heaved up and down: "You really want this?"

"Yes."

Lumi said, "Yes."

Samuel gritted his teeth, and then smiled in a trance, with a somewhat scattered and casual look. But there were scarlet bloodshots in his eyes: "Okay, I will fulfill you, do you think I can't bear you? I just think I'm used to you. Just because of this trivial matter, you have to divorce, and you will suffer sooner or later. Men all over the world will have exes. When others are really raising a mistress outside, I have done enough. Just because of Kirsi? Let me tell you, if you switch positions with Kirsi, she will be more obedient than you. She is more sensible than you. This is the difference between you, she knows what it means to accept it when you see it!"[this chapter is copied from desirenovel.com]

Samuel really had completely lost his mind. The words he said were out of his mind. Completely dominated by out of control emotions!

Seeing Lumi's increasingly indifferent eyes, he was clearly panicked, but those words that went against his heart kept coming out one after another.

"She always knows her size, and you never know.

I raise you 200 million a year, even if I raise a cat and dog, I know how to wag its tail.

But what about you?

It's such a trivial matter . Don't let it go, what do you still want from me?

You can always be on top of the pampered princess, but please open your eyes and see, who can do this in reality?

I didn't take care of a woman, I didn't play on the scene, I just had a relationship with Kirsi  
That's it, why do you have to be so fussy?

The wives of those men in the circle, who are not sensible and indifferent to men's outside affairs, can't you do your best?

Samuel opened his mouth hysterically, his eyes were dyed scarlet. He don't know if it was anger or unwillingness. If you tear everything apart, life is always a mess.

Everyone is fooling.

Why does Lumi have to be serious?

Seeing the tears she was holding back, I suddenly felt a little uncomfortable. The words were too heavy to say, and couldn't take them back.

He clearly didn't want to hurt her.

She just doesn't believe him?

## Chapter 1952

Samuel regretted those hurtful words. But before he could regret it, Ian smashed his fist into Samuel's face.

Samuel tilted his head and wiped the corner of his mouth, his mind suddenly sobered up.

Ian said, "A pervert like you who is dumped and can't get your balance in your heart. Will you die if you don't insult women?"

Samuel spat and his throat moved. Looking at Ian's eyes, he despised him for being meddling.

But the next second, Lumi stepped forward and slapped him.

Samuel's face really became ugly. That slap was hot and painful.

Samuel's face was numb without feeling, but his heart sank fiercely. He has realized that between them, it is really over.

Lumi's tone was extremely cold, and an indifferent voice sounded in her ears: "I hate people comparing me to other women the most. Since you like Kirsi so much, I will fulfill you. Either go for a divorce now, or I will tell everyone the scandal you did."

Samuel's eyes twitched. The words have come to this point, and he has no chance to recover.

“Okay, divorce, but you are also considered cheating in marriage, and I will not give you half of the property.”

Ian’s family is indeed rich, but the people who started the business are not as good as they used to be.

In terms of strength, it is incomparable with Samuel.

The Carter family just had an advantage in position.

What’s more, how could Lumi guarantee that after her divorce, Ian would marry her?

A woman who is married for a second time, why is she so confident that she can find a man better than him?

Lumi sneered, “Okay, I don’t want any money from you.” After she finished speaking, she raised her feet and walked out.

Leaving Samuel to stay where he was in shock.

Not a penny!

So how can a woman who loves spending money don’t want a penny?

Ian raised his eyebrows and followed.

Lumi was afraid that Samuel would go back and wait at the door.

Watching Ian come out, Samuel paused, then looked away casually.

“Let’s go, the next thing has nothing to do with you.”

Ian pursed his lips and paused: "Don't need me to go with you?"

Lumi looked at him and smiled: "Go to Civil Affairs Bureau? Are you going with me? What are you doing, are you going to get married?"

Ian really couldn't answer this question.

Seeing him hesitating and embarrassed, Lumi twitched the corners of her mouth: "Let's go, just pretend it didn't happen last night. Ian is used to it, so he probably won't take such an ordinary night seriously, right?"

Ian hesitated, trying to explain something, but felt it was unnecessary. Although he was really annoyed at making mistakes after drinking, if he was sober, he would never do such a thing. Because he has no feelings for the woman around him except for the person he likes.[this chapter is copied from [desirenovel.com](http://desirenovel.com)]

Not to mention someone else's wife. This move really made him regret it. But what had happened, he was willing to make up for it, but it was impossible to get married.

He won't marry a woman he doesn't love because of a one-night confusion.

But seeing that Lumi didn't care, Ian smiled, relieved, and left.

Lumi's divorce from Samuel kept a low profile. But both of them knew how much suffering they had gone through.

It wasn't until the moment Lumi got the divorce certificate that she was truly relieved. The corners of her happy mouth were almost closed.

Samuel, who was on the side, was even more upset when he saw it. He threw the divorce certificate at random, looked at Lumi, and said meaningfully:

"Have a meal together?"

Lumi was very surprised, but she still refused decisively: "No, there is no need for this, come with you. I'm afraid to vomit out when I eat!" After she finished speaking, she walked directly to her car.

As soon as the door was opened, Samuel's hand blocked her from getting in the car. "What are you going to do after you get divorced? How can you live without a penny? Could it be that you really like Ian's second-generation ancestor?"

Although he said it lightly, he was already jealous.

He didn't expect to come this far with her.

There's no joy at all.

On the contrary, he felt very uncomfortable, especially seeing her happy, it was even more uncomfortable.

Lumi gave him a serious look, her eyes were heavy: "Samuel, you didn't give me a penny to let me get out of the house. you cheated, that's right, you are shameless, and you are not qualified to question me. Of course, I will also be in the big and small. Publicize your deeds in a small circle. Treating your ex-wife so stingy, I think in the future which woman with some status would dare to marry such a lowly coercive as you!"

She was not polite, anyway, since they have left, there is no need to leave each other face up.

In those days before, she had expected his love. Thinking about it now, it's disgusting. He must be blind to see such a man.

Get out early, get out early!

As soon as Samuel's face changed, Lumi stepped on her feet.

She sucked in a breath of cold air and backed away abruptly. Lumi got into the car, closed the door, and moved smoothly.

The next second, she started the car without hesitation, without even looking at Samuel, she stepped on the accelerator.

Samuel took a few steps back. If she didn't step back, she would definitely be on top of her. His face was ashen as he watched the car leave.

Not until night.

Lumi couldn't wait to post her divorce certificate. And added: "It's a good mood to go out of the house!"

Lumi was already very familiar with the circle.

This post, many people came to like it less than one night.

Mr. Lindstrom and mother of the Lindstrom family came over.

It was Mrs. Lindstrom(mother) who called and said to her in a negotiating tone:

"It's not our intention for you to divorce. We like you. It's because the child in Samuel is not good. We are deeply ashamed and respect your choice. We didn't want to treat you badly. The two should have sat down and discussed the division of property. The matter, but you divorced in a hurry, and we have not had time to prepare. Although the Lindstrom family has a lot of property, Samuel does not really control the Lindstrom family, so the property under his name is limited.

I discussed it with your father, he Half of the property under my name will be given to you, and I will never be partial. In addition, I will give you an extra 20 million from myself, and the villa I gave you before will still be given to you. Lumi, even if it is divorced, The relationship between the two families still has to be maintained. What you say in the photos posted in your Moments can easily cause misunderstandings by others, and the shares of the Lindstrom family will also be affected. Can you delete the Moments?"

Mrs. Lindstrom finally asked.

Lumi understood Mrs. Lindstrom's mood, probably because she was afraid that Samuel would never find a suitable girl again.

That's why Mrs. Lindstrom made up such a reason to fool her. But it doesn't matter.

# The Divorced Billionaire Heiress Chapter 1953

## Chapter 1953

After all, during marriage, Mrs. Lindstrom treated her very well. There are no clips of mother-in-law embarrassing daughter-in-law.

So when the conditions were right, Lumi agreed directly. "Okay, Aunty, I'll delete the property you promised as soon as it arrives."

Mrs. Lindstrom paused for a few seconds and wanted to say something, but she endured it.

"Okay, thank you aunty." Although Lumi's unwillingness to suffer at all was unpleasant, she was also a little disgusted by her turning face and not recognizing anyone.

But this matter was originally Samuel's loss.

Continue to argue, She's afraid that the face will be torn, and everyone will be ugly.

In the end, the ending of Samuel and Lumi ended when Lumi deleted the circle of friends and got a large sum of money from Mrs. Lindstrom.

Samuel didn't know why, so he didn't object too much, just kept silent and didn't respond.

For Lumi, it was also a big victory.

On the surface, the two can be considered peaceful separation.

But in fact, how ugly the trouble is, everyone knows each other clearly.

In order to celebrate the smooth divorce, Lumi held a banquet at the “big rich man”, which was actually a gathering of friends in the circle to announce the news that she was single.

Nicole was naturally invited. She didn't plan to go, Floyd was afraid that she would be bored at home, and worried that she would worry about Clayton's problems in Liberty, so she urged her to tidy up quickly.

Nicole could only go to the appointment, painted a seductive makeup, the corners of the eyes were slightly tickled upward, the facial features were three-dimensional, half-demon and half-soft, and the whole person's temperament seemed to have changed from the inside out, so bright that people couldn't move it. Eye.

Correspondingly, she chose a dark green satin suspender dress, which looked tall and lazy, seductive but rejected the alienation from thousands of miles away.

Kai came back last night.

he just came down to drink water in front of him, and when he saw her beautiful whereabouts, he almost spit out a mouthful of water.

Nicole walked out the door with a valuable bag.

Floyd hugged and said goodbye to her little friend.

Kai was smacking the smell and felt that something was wrong: “Dad, my brother-in-law is not in the country, isn't it easy for you to make Nicole learn bad? What if someone likes her?”

Floyd spread his hands: “When Clayton was here, There are also a lot of people...”

“What if she likes others?”

Floyd: “She has high vision, and most people don't like it.”

“What if she lets herself go... .”

Floyd interrupted him impatiently: "Do you think everyone is the same as you? You should take care of yourself. If you stay at home and sleep, are you trying to piss off someone?"

Kai stood there aggrieved: "I know, let me accompany you at home!"

"She doesn't want to see you, stupid!"

Floyd threw a word and hugged the child and left.

Kai was speechless.

The "Big Rich" clubhouse.

When Nicole arrived, Lumi was joking with people, wearing beautiful clothes and looking in a good mood.

She watched Nicole come over, her eyes flashed:

"Isn't Ian with you?"

Nicole paused, "Why should I be with him?"

She was very strange.

Suddenly she remembered the phone call that was hung up that morning.

Nicole hesitated: "You won't..."

Lumi smiled, planning to her: "Aren't you two good best friends? I thought you were inseparable!"

Okay, come in, I'll be there today. Handed a few young handsome guys, make sure to look good!"

Then he pushed Nicole in.

Nicole frowned and thought while walking, her mind flashed, and she secretly regretted for a moment.

Is she implying herself?

Lumi is single now, so it's not surprising to see Ian!

Thinking about it, she sent Ian a position directly.

Ian: "...?"

Nicole: "Come on, there's a surprise."

Ian: I believe in you!

Although Ian said that, it just happened that the place where he was now was not far away.

When he arrived, he found out that it was a big rich man, and instantly felt that something was not right. Although the events of that day have passed, but in it, you can't stay out of it. He didn't even know how to face Lumi. He was Like an irresponsible sc\*mbag. But he also doesn't want to be responsible for someone he doesn't love. [this chapter is copied from desirenovel.com]

While hesitating whether to back up and leave, someone suddenly knocked on the car window. He lowered the window, stunned. Lumi's delicate face appeared outside.

I'm really afraid of what's coming.

Lumi smiled, "Why are you here? Come up, Nicole and the others are here."

It turned out to be Nicole.

Ian smiled casually: "Okay, I'll stop the car."

Lumi took a few steps back and talked to the friend behind. As if she didn't take him to heart at all.

Ian stopped the car and remained silent for a few seconds. He took a deep breath as he got out of the car.

You can only force yourself to act like nothing happened.

After saying hello to them, Ian went up, planning to say hello to Nicole and leave.

As soon as Nicole entered, he was entangled by a few fresh meat.

She used to be the most tolerant of these young people who are not doing more things. Even if it was pleasing to the eyes, she felt that her mood instantly improved.

And she was here to play together, it would be boring to sit alone.

A few little fresh meat made her laugh at each other's jokes.

Until Ian came in, watching this scene speechlessly, his head suddenly became big.

He suddenly thought of something, took a picture of this scene, and sent it to the group of four of them.

When Nicole's phone rang, he realized that there was news in the group.

Ian: Ms. Stanton's romantic life, please feel free to criticize!

Yvette: Don't call me when you go out to play, I'm not happy!

Julie: They all look pretty good, let's go together next time!

Yvette: Just send me a few fresh meats by mail. All of them here are old foxes wearing masks, enough to see!

Ian: Did you miss the point? The last time I went out to play, you criticized me for nothing.

Ian: Too double standard, I want to quit the group!

Having said that, Ian withdrew from the group by himself. He also glared at Nicole.

Nicole looked up at him and pulled him back with a smile.

"Guess what happened to Ian recently?"

Ian panicked as soon as the mysterious words were said.

Who made him feel guilty?

Julie: "You know me too."

Ian panicked even more.

Ian immediately sent a message in the group: "Nothing, it is forbidden to spread bad information, do not spread rumors or believe rumors!" Before he had time to explain what happened that day, he watched as he was kicked out of the group by Nicole.

Really kicked him out of the group!

Ian panicked.

According to the habit of these three women, every time they said something bad about him, they would kick him out, and they would pull him back when they were done.

Ian really has no place in this small group! He walked over without saying a word, and pulled Nicole out of the little fresh meat.

Seeing her proud smile, Ian took a deep breath and warned her, "Don't talk nonsense!"

Chapter 1954

"I didn't talk nonsense!" Nicole shook the phone.

Ian was very angry, but seeing her smiling happily and smartly, his anger disappeared: "Forget it, why did you call me here?"

Nicole smiled and said, "I asked you to come over to play, you are not the best. Do you like this kind of occasion?"

Ian played the most fun in this kind of place. But today he feel uncomfortable and Nicole seems to know something.

Ian's face was a little flustered, and he frowned: "I have something else to do. If you are okay, I will leave."

Nicole stopped him, seeing that he was uncomfortable, and didn't say anything. "Wait a minute, I'll go to the bathroom, let's go together and take me to the golf course."

Ian glanced at the time and sighed helplessly.

He doesn't mind and doesn't compare with her.

He flicked the car key from his mobile phone and urged her arrogantly: "Hurry up, I'm not waiting for anyone!"

Soon.

Nicole sent a message that he was already at the door.

Ian took the key and went out.

Just happened to meet Lumi on the stairs, the two eyes met, and Ian paused.

Lumi smiled casually, "I'm leaving now?"

Ian nodded, "I still have something to do, I'll play next time."

Lumi nodded and moved out of the way.

The two passed by, and the moment Ian went downstairs, he finally breathed a sigh of relief.

There is no nervous feeling like before.

Nicole stood at the door, looking at a pot of green plants at the door. She tilted her head not knowing what she was thinking.

Ian walked over with a smile, "If you want, I'll go back and bring you a pot back?"

Nicole shook her head, "No, I'm looking at the flower pot, I don't want it if it's not gold."

Ian paused and smoked. The corners of his mouth twitched: "Think beautifully."

The two went out laughing.

Lumi upstairs looked at the two people getting into the car, looked at Ian's eyes glued to Nicole, and blinked.

No one in the circle knew that Ian had a good relationship with Nicole. It turns out that he likes a person's eyes like this!

"Sister..." A familiar voice came from behind.

But it made Lumi physically disgusted.

She turned her head and saw Kirsi standing there, smiling, with several men and women standing behind her, who seemed to be colleagues from the crew.

"I went out to dinner with my friends from the crew, thinking that I haven't been to your new store yet, so I came here to cheer."

Seeing such an obedient sister, she should be happy if it turns out. Now nothing but disgust is disgusting.

Lumi twitched the corners of her mouth: "It's very polite and the drinks are not free. You can get 10% off when you apply for a card. We have a minimum consumption of \$30,000 here. If you want to eat, go to the sitting area behind you!"

The perspective and feeling of the sitting area are the most bad. But Kirsi deserves it.

Lumi didn't want to say more and left immediately.

The rest of the crew looked at each other in dismay: "Such a boss? Really your sister?"

Kirsi smiled, "Just kidding, let's go first!"

She said and chased after her.

"Sister, I know you're still blaming me, but our relationship of more than 20 years is going to be nullified because of a man?"

Lumi stomped on her feet and turned around leisurely, looking at Kirsi's face, unable to smile.

"Emotions? I thought it was my wishful thinking for more than 20 years? Do you really think I'm a sister, would you do such a dirty thing?"

Kirsi pursed her lips, "I didn't tell you, it's true for your own good."

"Oh, then I really thank you."

Lumi sneered: "Since you said you want to cut ties with the Makinen family, it's best not to have any contact with me. I have seen you clearly for so many years. It's not easy for you today. I won't ask for garbage like Samuel again, if you like it, pick it up, you don't need to pretend to be here."

Kirsi stood there, pursing her lips. She clenched her fists secretly. "I have nothing to do with him, and I won't hurt my sister again because of his affairs."

Lumi stared at her face for a few seconds, then curled her lips mockingly and remained silent.

Kirsi knew what she was thinking, and took a deep breath: "I was in the toilet that day, I really drank too much..."

The time when I took off my clothes and went to hook up with Samuel.

Lumi sneered lightly: "No need to explain, you two men and women cherish each other, and it is impossible not to be together. In fact, I can also think of the ex, of course, it is unforgettable. But you, it is not necessarily. You need a financial backer, You should have found a lot of people, but none of them took the bait. There is nothing more suitable than Samuel. Whether you like him or not now, you will not let him go, right?"

Kirsi's face paled slightly, her eyes narrowed. It was pitch black. She did not speak and remained silent.

No matter the other investors, there are more or less quirks.

She can't take it.

Samuel is pretty good. It's a pity that Ian didn't take the bait...

Lumi's heart has long been like a mirror. She said lightly, "So, no need to pretend."

Kirsi was silent for a moment and then said normally, "I want the photos you took that night. As an actor, especially an actor in the rising period. No pornographic photos should be exposed. Once it gets out. Her career in this life is over." She spoke bluntly.

Lumi also raised her eyebrows. After a pause, Lumi chuckled lightly: "I don't have any photos at all, I'm just tricking Samuel into getting a divorce. Because I recognized it was you. Kirsi, you have to remember that was my last tolerance for you. "

The sisters of more than 20 years, just once broke up cleanly.

After Lumi finished speaking, she turned and left.

Kirsi looked at the direction she was leaving for a long time before taking a deep breath. She turned around with a relaxed smile. It's fine if not.

...

Golf course.

Nicole is the supreme VIP here, so everything has been prepared. She changed her clothes and came out. Watching Ian hadn't left yet, she was little surprised.

"Want to play?" Go change clothes! Ian shook his head, not in the mood.

Nicole looked at the time, and there were still 20 minutes left with the scheduled partner.

Don't worry.

"What's the matter with you?" Are you Depressed?

Ian raised his head, hesitant to speak and finally smiled lightly, and went over to hold her tools: "Forget it, let's go, I'll go after you play for a while." "

Nicole frowned and walked all the way.

They didn't get in the car.

The waiter who brought them things was good-looking. Nicole thought he looked a little familiar, and his features were similar to a certain male star.

Ian raised his head and glanced at her and smiled. "Just like you, Mr. Sloan is so relieved to leave you alone?"

Nicole clicked her tongue and rolled her eyes at him: " You think they are all the same as you?" I am a self-disciplined person! "

Ian raised his eyebrows: "Then you can rest assured that Clayton is alone in Liberty?"

Nicole blinked and smiled: "Don't worry, I have to let him out and let him make money for me. Besides, Clayton is pure and self-righteous, but he is not one of those who make trouble."

After listening to Nicole's words, Ian said angrily, "I'm also keeping myself clean, and you didn't choose me!"

Nicole tutted and frowned: "Mr. Carter, I take you as a best friend, so don't do this!"

Ian chuckled, "Forget it, I'll scare you."

Nicole looked at him, her voice soft and full of weight: "You... You will find the real lover, you are the best in this world."

Ian's eyes flashed and he smiled.

Those who couldn't let go in my heart suddenly let go at this moment. It seems that his obsession has an ending.

Nicole said, Ian was the best in the world. This is enough.

"That's right, you are blind if you can't see me!"

Ian's arrogant tone made Nicole unable to help laugh. "Yes, yes, I'm blind."

Ian's phone suddenly rang.

At first glance, it was Lumi.

Nicole also glanced at the name, raised her eyebrows, and looked like she was watching a good show.

Ian calmed down and picked it up, as if nothing had happened.

"Hello?" "Carter, did your wallet fall? A dark blue mermaid wallet?"

Ian touched his pocket and was surprised.

It really is!

He coughed, "Then I..."

"You can come here when you have time, or I can deliver it to you."

Lumi said casually, "Leave it at the front desk first, hang up."

After that, the phone hung up.

Somewhat evasive.

Ian paused and looked at Nicole: "I'll go first."

Nicole nodded: "Hurry up, don't miss your good marriage!"

Ian blushed when he heard this. He stamped his feet and looked at her angrily: "What nonsense!"

Then he turned and ran.

Nicole was speechless.

More than ten minutes passed.

Nicole looked at the time. There are 8 minutes to the appointed time. She hates being late. If the partner does not come, she will leave immediately. With that in mind, she picked up

the pole and tried it out. Swinging down with one shot, it was as smooth and agile as the clouds and water. Unfortunately, she didn't go in. The next second, she heard the sound of applause from the people behind.

Nicole was thinking about whether it was the tout of the partner. As a result, when she looked back, she saw four men standing there.

Not to mention the better partner.

Eric, who was tall and straight, stood out. He looked at Nicole with dark eyes and frowned slightly.

His eyebrows are stern, and there is still a kind of indifference that refuses people thousands of miles away.

The man beside him was a little shorter, and his facial features seemed to have some characteristics of Southeast Asia, but those falcon-like eyes always stared at her grimly.

Nicole felt unhappy. She retracted the pole, intending to leave.

As a result, the man beside Eric stepped forward to stop him, with a smile on his face, but his eagle-like eyes were full of lightness and greed which's very uncomfortable.

He looked at Nicole's face with amazement, and was reluctant to move away for a moment: "Ms. Stanton, don't you know how to play, do you want me to teach you?"

As he said that, he was about to touch Nicole's hand.

Nicole ducked back, her face completely cold. She regretted that she didn't bring the bodyguard, and even more regretted letting Ian's dog run away ahead of time.

Taking a step back, Eric looked at her vigilantly, standing there with a clear and cold temperament.

"No, this is my place, please leave."

"The staff brought us here, they may have made a mistake, but it's all fate!" That greasy look is really disgusting.

Nicole held the pole in her hand, propped it on the shoulder she wanted to approach, and exerted a little force: "I said, no need, get out."

The man's face sank, with a bit of anger in his eyes. "You are a woman with a big temper. Do you know who I am?"

Nicole turned her head away, obviously not wanting to pay attention to him. It's been a long time since She has seen such a down-to-earth man. Out of the corner of her eye, she glanced at Eric.

Eric stood there in motionless, his stern face turned pale, like a popsicle.

Those who can go in and out with Eric are definitely not ordinary people.

She suddenly remembered what she saw on the beach that day. It's a pity that everyone who saw it at the time forgot what it looked like.

Perhaps the man in front of him was among them.

Could it be related to the murderer who killed Mr. Ferguson? Is it related to Caleb in Southeast Asia?

Thinking about it, the man was just about to touch Nicole's arm arrogantly.

Eric finally couldn't help but speak from behind, his voice was as cold as ever. "Let's start, don't waste time. After the game is over, find a few people to accompany you."

Nicole was stunned for a moment. It seemed that Eric didn't want to reveal her identity, was he planning to pretend he didn't know her?

Yep.

She turned her head away, took her personal belongings, and was about to leave.

But the man was unrelenting: "This guy is good-looking, good-looking, and strong enough. Ask her how much to play with me?"

Nicole's face turned pale with anger.

Eric's dark complexion was solemn, and his eyebrows were stern.

Just as Eric was about to say something, Nicole snorted lightly: "Okay, go pick up the ball I just hit, and I'll play with you."

The man's eyes lit up. As long as the beauty agrees, what can't he do? He ran away in a hurry.

Eric took a step forward, his eyes looked in the direction of her, but his voice was hoarse and deep: "Let's go quickly."

Nicole paused, walked to the position, and got ready to play.

Eric narrowed his eyes and was about to stop it, but Nicole had already swung the club heavily.

The ball hit the man's head firmly and accurately.

Instantly screamed and lay on the ground.

Nicole sneered: "I thought I was so talented?"

Eric's brows gathered a chill, and he gritted his teeth: "Hurry up, you're going to die!"

Just as Nicole was about to say something, he looked at the two people behind him. The bodyguard ran over.

As she ran, she moved too hard, and she saw other hard things behind them. In an instant, her face was pale.

It's a gun!

The two bodyguards carried the man and ran over. The man covered one eye and screamed in pain.

When passing by Nicole, his unwilling eyes stared at Nicole gloomily, his unwilling face twisted and twitched, and his voice was indeed cold and cruel: "Send this woman to my room at night, I will train her to be my dog!"

Eric waved his hand silently and asked the bodyguard to send the person out to the hospital. Nicole also felt a chill when he heard the words.

This man is not easy. But Eric's relationship with him was not hostile.

The atmosphere was cold and quiet.

Eric's eyes were dark and he glanced at Nicole: "How did you think about the project?"

Nicole raised her eyes, "I didn't think about it."

"I won't harm you."

"I don't believe you."

Eric had no reason to trust with her.

Does she suffer less?
