## The Return of the God of War [The Protector] Chapter 3751 - 3760

Who dares to question, kill!

Levi Garrison, Zhen Mosi, Eternal Kingdom.

You are all waiting for this leader.

The next leader will be a nightmare for all of you.

Great Summer North.

A barren place.

The temporary counselor of Shentianjian brought dozens of elites and found this place according to the coordinates of the token.

“Reporting to the agent Tiansi, this area is far and wide uninhabited.”

“Could there be an error with the token?”

“Tian Si will not encounter any danger, will he?”

The people who were full of joy at the moment were like eggplants beaten by frost, and they lost their energy.

Tiansi is their spiritual pillar.

It is also the last hope.

In the end, it was Jinghuashuiyue, and Tiansi’s whereabouts were still unknown.

very disappointed.

The temporary speaker of Tianshenjian said solemnly: "Tiansi is looking for the legendary world, perhaps this is closely related to it."

No one responded, it was just a legend after all.

They only care about Tiansi's whereabouts now.

"Okay, everyone, don't be discouraged, maybe Tiansi has more important things to do temporarily, and the king will return soon."

Shen Tianjian temporarily spoke to people and only temporarily appeased his subordinates.

He was really worried that everyone would fall apart.

Buzz!

Just then, other contact tools rang.

"Report! The spiritual veins of the Xuanming alien race have been found."

The subordinates reported, with surprise in their tone.

"Quick, inform Levi Garrison, and his coordinates will also be sent."

The temporary speaker of the Tianshen Prison said solemnly.

Tian Si couldn't find it, and now he has to continue to hold Levi Garrison's thigh tightly.

Xuanmingshan Mountains.

Levi Garrison had already arrived for a long time when Tiansi, the superintendent of the gods, arrived at the scene.

After receiving the message, Levi Garrison rushed over without stopping.

He didn't even bring anyone, for fear of affecting his speed.

Looking at the spiritual vein ore that shattered all over the place.

The hearts of everyone sank to the bottom in an instant.

"We're late again."

The Tianshenjian said in a dry voice.

Levi Garrison also looked solemn.

He has done an overall investigation, and the spiritual veins of the Xuanming alien race are far more terrifying than the spiritual veins of the Senluo alien race.

God knows how far that mysterious woman has risen.

In other words, that mysterious woman has now become a terrifying big devil.

"After all, it's a step too late, still in the rhythm of that mysterious woman."

Levi Garrison sighed, he could feel the residual power.

This shows that the mysterious goddess has only finished swallowing soon.

A maximum of two days.

It's just one step away from stopping it.

Even Levi Garrison was not sure that he would be able to defeat the mysterious woman at this time.

The people of Zhen Mo Si were even more heartbroken.

The mysterious woman devoured her success and became an unstoppable demon king.

Even Duguxiao, who was never in their eyes, is now very likely to become the terrifying existence they look up to.

The Xuanming alien race and the Senluo alien race were mainly destroyed by the Zhenmo Division.

The members of the Town Demon Division were really scared.

I am afraid that before Tiansi returns, the entire Zhenmo Division will be destroyed.

“Tian Si must be found as soon as possible.”

“If there is no Tian Si in charge, the Zhen Mo Si is in danger!”

“Why don’t you run away before Duguxiao takes revenge!”

People’s minds are different.

But there is one thing in common.

That is all immersed in worry and fear.

Levi Garrison is also not easy.

The mysterious woman is now beyond his grasp.

It would be great if we could face it head on, at least that way we would know what to do.

Then there is the fact that relatives and friends are completely in crisis.

Now even Dugu Xiao has no one other than himself as his opponent.

Furthermore, the enemy is in the dark and he is in the light. God knows when they will launch a sneak attack?

Fortunately, there is also an underground base, where relatives and friends can hide and avoid risks.

“Everyone should step up their vigilance when they go back, and communicate with each other in time if there is any information!”

Levi Garrison said solemnly.

## The Return of the God of War [The Protector] Chapter 3752

For Levi Garrisonzhi’s tone of command.

No matter how unhappy everyone in Shentianjian and Zhenmosi felt, they could only accept it with joy.

Although Tiansi had the message, he didn’t show up after all.

Levi Garrison is still their biggest reliance.

The mysterious woman and Duguxiao put too much pressure on them.

“Don’t worry, Mr. Ye, this is what it should be.”

Shen Tianjian agreed to talk temporarily without the slightest hesitation.

Levi Garrison is now the only existence that can compete with the mysterious woman.

Therefore, Shen Tianjian was eager to ask Levi Garrison for help.

So that the power is alone and alone, it is defeated by everyone.

After arranging everything, Levi Garrison rushed back to the base camp.

He informed everyone that the mysterious woman had successfully swallowed the Xuanming alien spiritual vein.

“Now is a special period, everyone must raise the spirit of twelve points and take strict precautions.”

“When necessary, transfer all to the underground base.”

“I’m not sure about this mysterious woman!”

Levi Garrison said with a serious face.

A stone stirred up a thousand waves.

This message instantly exploded in the base camp.

“Duguxiao has reached that kind of terrifying cultivation last time, and it must be stronger now.”

“The key is that there is a mysterious woman hiding behind him.”

“I’m afraid that only the master (the boss) can compete with it.”

Although these people are elites, Duguxiao’s last terrifying crush is still vivid in his mind.

The emotion of fear spread quickly like mercury pouring out.

Qinglong Zoey Lopez and others had a great sense of crisis.

However, compared to Shentianjian, the base camp has Levi Garrison in charge, and the situation can be stabilized for the time being.

At least no one wants to escape.

Then Levi Garrison personally helped to arrange the defensive formation.

This made everyone’s hesitant hearts calm again.

Although most of the buildings in the base camp were destroyed.

But after everyone rushes to work overnight, the temporary residence has been built.

Moreover, for everyone at this moment, no matter how comfortable the living environment is, it is not as reliable as a solid defensive formation.

As long as Levi Garrison is there, they have a strong sense of belonging.

Levi Garrison is their spiritual pillar.

It is the invincible god of war in their minds.

in the underground base.

Levilia is studying his own exercises.

The mysterious woman and Duguxiao were able to elevate to such a terrifying realm in a short period of time through the Devouring Technique.

So, can you do this by yourself?

After a series of experiments, Levilia came to a positive conclusion.

“My method can only do this by taking the extreme swallowing route.”

Moreover, the exercises used by Duguxiao are very likely to be this extreme route.

Levilia’s premonition is getting stronger and stronger.

But his own practice is to teach those few people.

Who would leak it out?

Regarding the issue of the leak of the exercises before, Levilia also investigated a circle.

And there is no suspicious person!

Levilia is puzzled, and the way to obtain his own practice is very limited.

If it is not deliberately leaked on the initiative, could it be unintentionally being exploited by someone with intentions?

Levilia carefully recalled all the people who taught the exercises.

Make sure nothing is missed.

Levilia subconsciously swept his gaze to Qinglong, Xiao Feng and others.

It was impossible for my mother, Zoey Lopez, to have never left the underground base except for the battle after the incident.

Qinglong and others ran in various directions, but they and Duguxiao were enemies of life and death.

I can't wait to smash Duguxiao's bones to ashes when they meet, and it is absolutely impossible to leak the exercises to him.

Xiao Feng.....

Levilia's eyes became extraordinarily deep.

Xiao Feng was the one with the most flaws from beginning to end.

Especially Gong Qianqiu, who used to have a close relationship with Xiao Feng, is even more suspicious.

Xiao Feng will not hurt their hearts.

But it doesn't mean that Gong Qianqiu doesn't have it!

Levilia felt that it was necessary to find an opportunity to test Xiao Feng again.

Xiao Feng walked idle in the cultivation square of the underground base.

His eyes were empty, and he felt abandoned by everyone.

Qinglong and others have been deliberately avoiding him when they saw him recently.

Zoey Lopez and Levilia hadn't seen him for many days.

Since Levi Garrison returned to the base camp, he was busy building a defensive formation and did not find him.

The other personnel also have their own affairs, and many matters do not bother him.

Of course, in Xiao Feng's view, all of this can be reluctantly accepted.

After all, he really wasn't in the mood to do anything else before he determined whether the exercise leak was related to Gong Qianqiu.

The last straw that really broke Xiao Feng was the silence of Gong Qianqiu.

The time when Gong Qianqiu disappeared.

Not only the information sent through communication tools is lost in the sea.

Even the people in the West Pavilion didn't know where they went.

Xiao Feng even inquired in many ways, and investigated many men who were rumored to be "close" to Gong Qianqiu.

All kinds of methods have been used, and those people are also unable to contact Gong Qianqiu.

This made Xiao Feng panic even more.

The bad premonition is getting stronger.

It was during the time when the mysterious woman devoured the spiritual veins that she lost contact with Gong Qianqiu.

The mysterious woman in my mind and Gong Qianqiu are quickly merging into one.

Xiao Feng was taken aback by his own thought.

“Impossible, Qianqiu will not deceive me.”

“She thinks about everything for me, how can she ignore my feelings?”

“But what if the mysterious woman is Gong Qianqiu?”

Xiao Feng was about to collapse.

The last glimmer of hope in his heart is gradually shattering.

Recalling the bits and pieces of the relationship with Gong Qianqiu.

Her empathy, her tenderness, her tenderness...

All of them are surrounded and swallowed Xiao Feng’s thoughts.

Xiao Feng didn’t even dare to think about it, once he really sat down, it was Gong Qianqiu who leaked the exercises.

How should he face Master, Master, Qinglong and others?

“Qianqiu, please reply to me quickly!”

“Stand up and prove that it has nothing to do with you.”

“The two of us will be an immortal couple that everyone will envy.”

Thinking of this, the corner of Xiao Feng’s mouth rose slightly.

The defensive formation of the base camp is completed.

To be on the safe side, Levi Garrison even added a lot of defensive measures.

During this period of time, many people have also asked Levi Garrison's grasp of the mysterious woman.

Levi Garrison didn't say much.

Any unfounded speculation is empty talk.

If you say that you have the certainty of victory, it is likely to cause your subordinates to relax their vigilance.

If you say that you have no certainty, you may shake the hearts of the army.

Once the mentality of fear of war appears, it will spread rapidly, and the consequences will be unimaginable.

In fact, Levi Garrison also wanted to know how strong the mysterious woman was.

Now we can only wait for the arrival of this woman, and we will know how to fight.

While waiting for this battle, Levi Garrison is looking forward to this battle even more.

What about the continuous devouring of the two major alien spiritual veins?

Levi Garrison's eyes became deep.

He suddenly remembered the mysterious master.

All of his cultivation is thanks to him.

What kind of existence is his old man?

From the beginning to the end, he did not know how powerful his master was?

"I'm afraid his old man's combat power has long been against the sky, right?"

After years of inquiring about Master's whereabouts, there was no trace.

I don't know where he is hiding and enjoying himself!

Thinking of this, Levi Garrison's heavy heart suddenly relaxed a lot.

Levi Garrison checked the defensive formation of the base camp again.

I didn't find any flaws, so I can rest assured.

Then Levi Garrison told everyone to hide in the underground base as much as possible.

If he is not there, this is the only means and trump card for everyone to save their lives.

## The Return of the God of War [The Protector] Chapter 3754

A strong sense of crisis spread in everyone's mind.

Facing a powerful enemy not only can't help Levi Garrison in any way.

And it became a burden.

This made everyone feel ashamed for their lack of strength.

"If I practiced more diligently in the past, I might be able to help now."

"If I had listened to the boss, I wouldn't have lost my roots and let Duguxiao succeed."

"If our cultivation base is higher, it will not be a constraint on the boss."

Qinglong and the others even started beating their chests, incompetent and furious.

Even Xiao Feng, who was not in the mood, was very annoyed.

“If my strength is stronger, not only can I help Master kill the enemy.”

“It’s more able to get Qianqiu’s favor.”

“It’s all my fault, what’s the point of living?”

Xiao Feng smashed the ground with his fist.

The face of his fist was already stained with blood, but he didn’t realize it.

It was as if the pain had been lost.

Especially Levilia is wondering if he can take the sword out of the way and help Dad a little more.

For example, he also cultivated the extreme ways of creating his own exercises.

Although her cultivation has been improving very fast recently, it doesn’t make much difference in a short period of time.

I’m afraid I can only barely deal with Duguxiao.

Levilia even felt that after Duguxiao devoured a lot of energy, he might not be an opponent anymore.

After all, Duguxiao’s extreme swallowing and lifting line, and the speed of cultivation base is too terrifying.

“What are you thinking, Levilia?” Levi Garrison’s voice suddenly came from behind.

Levilia smiled and said, “Dad, I’ll show you something.”

“Okay!” Levi Garrison appeared to wait and see.

Levilia ran the exercises directly, and an independent space was instantly formed within two or three meters with her as the center.

The aura of heaven and earth and the power of the five elements were madly absorbed.

In an instant, that small world turned out to be lifeless.

If used to describe people.

Before being absorbed by Levilia, this area was a child.

After Levilia absorbed it, he instantly turned into a dying old man.

Then Levilia did the same, and divided a small independent space next to it.

Running her own cultivation technique, the speed of absorption this time is obviously much slower than before.

But soon Levi Garrison discovered that in the second small space, there seemed to be the shadow of Levilia everywhere.

Levilia seems to have merged with that small world.

Even at the click of a finger, Levilia can mobilize the power of heaven and earth for her use.

“Dad, you must have seen the difference, right?”

Levilia asked in a deep voice.

Levi Garrison was so smart, he instantly understood what Levilia meant.

The first is to forcibly plunder the power of heaven and earth, which can achieve the effect of rapidly increasing strength in a short period of time.

But the former destroyed the balance of the world.

The second is to conform to the laws of heaven and to integrate with heaven and earth.

Although the short-term promotion is not so scary, the world can be used for one's own use for a long time.

In fact, this is also the core difference between Duguxiao and Levilia's practice.

But if Gong Qianqiu was here, he would find that Levilia would be more terrifying than her if he went to extremes and swallowed one side.

"Levilia, in the journey of cultivation, the haste is not enough. My suggestion is to continue on your original path."

"As for other things, just leave it to Dad to do it."

"Understand?"

Levi Garrison said with a serious face.

He knew the deep purpose of Levilia demonstrating these two exercises.

Want to maximize the strength in a short period of time.

This will give you the greatest help in the face of strong enemies.

Levi Garrison is very pleased that his daughter has such filial piety.

But it would be unwise to abandon her daughter's original Tao for the sake of petty profits.

What's more, from the perspective of long-term development, Levilia's self-created exercises are more promising.

The upper limit is also higher.

The beloved son of his parents has far-reaching plans.

So Levi Garrison decisively rejected Levilia's kindness.

the other side.

The intelligence network that Phoenix Qinglong and the others set up some time ago came with crucial information.

They discovered the dozens of spies who had been treated by Shen Tianjian as the Tianshi Mansion.

Without exception, they are all related to Gong Qianqiu.

And it's very related.

He even reached the point where he was willing to die for Gong Qianqiu.

In fact, they weren't spies at all, and they didn't do anything to hurt the Demon Suppression.

Everything they do has only one purpose: to protect Gong Qianqiu.

It is precisely because of this that these talents have not been found to have problems during the internal investigation of the Town Magic Division.

These evidences are there, but to say that Gong Qianqiu is a mysterious woman, there is still a lack of more solid evidence.

The outspoken Kirin didn't think so much, and found Xiao Feng directly.

“Xiao Feng, are you willing to die for Gong Qianqiu?”

“I want you to answer truthfully.”

Kirin said in an almost questioning tone.

Xiao Feng answered without hesitation, “Yes.”

“Why did you suddenly ask me this?”

Seeing the strange look on Kirin ‘s face, Xiao Feng suddenly became excited: “Is there a message from Qianqiu? Tell me quickly.”

“No, just ask casually, Xiao Feng, you can do it yourself!”

Kirin basically gave up on Xiao Feng.

Turning around and leaving, Kirin informed Phoenix and the others of the results of the inquiry.

Several people were also a little surprised, not thinking that Xiao Feng had already fallen so deeply.

Even to the point where there is no cure.

But because of this, they were even more sure that there was something else in the death of that group of people.

Not for the kind of reasons presented on the surface.

In fact, it doesn’t make much sense to find out who it is now.

The mysterious woman has successfully swallowed two alien spiritual veins.

A fierce battle is coming.

Even if the investigation finds clues, it will not change the result.

“Do you want to continue the investigation?” Xuanwu urn asked angrily.

Qinglong said decisively: “Check, we must investigate to the end, we must know who this enemy is.”

After several people agreed, they continued to search for relevant evidence and clues.

Soon Qinglong and others made new discoveries.

A piece of Gong Qianqiu’s network of connections throughout the entire town magic division.

All in the network are men.

They have a unifying characteristic.

All were fascinated by Gong Qianqiu, willing to do anything for her.

Provide information, exercises, top secrets of sects...

Even give your life.

As long as it is for Gong Qianqiu, everything they have is willing to pay.

“Have you found that this model is very similar to the mysterious third-party force before?”

Phoenix said suddenly.

A word woke the dreamer.

Qinglong and the others’ faces suddenly became solemn.

At the beginning, whether it was to provoke the conflict between Zhen Mosi and the boss.

Or the later dispute between Zhenmo Division and Tianshifu.

For example, the boss did not kill the top ten talents, but the top ten talents disappeared mysteriously.

The whereabouts of the town hall artifact are also unknown.

And other similar events, there are shadows of third-party mysterious forces.

If this mysterious force is to serve Gong Qianqiu.

Then everything can be explained clearly.

The mysterious forces had been like a duck to water in all aspects before, and it could even be said that the Town Demon Division was under control.

In addition, Xiao Feng in the base camp was also fascinated.

It is not a problem to get a lot of internal information about the base camp.

Even the Levilia Gongfa, which had been suspected before, was leaked.

There are reasonable explanations.

Even if Xiao Feng has no intention of hurting his own personnel, he can't stand Gong Qianqiu's conspiracy!

Besides, people who are in a mad love are blind.

It is also very possible to unintentionally leak the exercises.

Then there is that time when the boss was hiding in the spiritual veins, and he was about to catch the mysterious woman.

But the other party changed the route in advance at the last moment, and protested, clearly someone leaked the whereabouts of the boss.

Xiao Feng, it is very likely that Xiao Feng leaked it unintentionally.

The more Qinglong and others thought about it, the more terrifying it became.

## The Return of the God of War [The Protector] Chapter 3756

Gong Qianqiu, who devoured the two major alien spiritual veins, has achieved great strength.

She was not in a hurry to find someone to take revenge, but came to the mass grave first.

Master Bone has long since gathered all the members of Qianqiu Sect here according to Gong Qianqiu's intention.

The crowd around the corpse pit is surging, and it is impossible to see the edge.

Gong Qianqiu was suspended above the void, and the black energy enveloped her, like a god coming to the world.

Master Bone and Duguxiao were the first to kneel on the ground.

"My subordinates welcome the sect master."

As the two voices sounded, everyone also fell to their knees.

He said very devoutly: "We welcome the sect master, the sect master is unparalleled in the world, and he will rule the world for thousands of generations."

Gong Qianqiu slowly lowered his body and released the spiritual energy in his body at the same time.

A terrifying aura filled the air like an overwhelming force.

After counting the disciples, their bodies trembled, and they were overwhelmed by the violent aura.

After a long time, Gong Qianqiu slowly restrained his breath.

“Get up!”

Gong Qianqiu’s voice was light, with a sense of indescribable charm.

But some of this charm carries endless majesty, making people dare not have any unreasonable thoughts.

Only willing surrender.

“Thank you, Sect Master!”

Everyone was relieved, and after slowly getting up, they didn’t even dare to let out the air.

There were a few courageous people who secretly looked at Gong Qianqiu, but were instantly locked by a terrifying breath.

At that moment, they clearly felt the breath of death.

So he hurriedly lowered his head, and the feeling of being locked in gradually disappeared.

Recalling the scene just now, these people only vaguely saw the slender figure of a woman.

The whole body is surrounded by terrifying energy aura, and it is impossible to see the true face of Mount Lu at all.

“This sect master has done a great job, and it’s time to let Qianqiu Sect completely appear in front of the world.”

Gong Qianqiu said proudly.

The church members said in unison: “The leader is wise!”

“You can return to the original station and gather all the forces that can be mobilized.”

“This sect leader will send you tasks in the near future.”

“At that time, the name of Qianqiu Sect will make everyone fear.”

Gong Qianqiu’s voice suddenly became cold again.

“As ordered!”

“Okay, back off!”

Following Gong Qianqiu’s order, Qianqiu’s disciples receded like a tide.

“How are my friends?” Gong Qianqiu asked slowly.

Duguxiao said with a smile: “Don’t worry, Master, they all still have a breath and can’t die.”

“Very good, I’ll go see them, you guys can keep watch outside!”

After Gong Qianqiu finished speaking, he went directly to the secret room of the corpse pit.

The stone door opened, and more than ten people were imprisoned in the huge secret room.

It was the top ten geniuses and Xu Qingya of the Zhenmo Division at the time.

And Yufeng Tiansi, who was tortured into a human form.

They didn’t even lift their heads, thinking they were the guards in charge of delivering meals.

“Everyone, long time no see!” Gong Qianqiu greeted playfully.

Everyone was amazed and looked up.

When they found out that the person who came was Gong Qianqiu, their eyes were full of complex emotions such as shock, anger, despair and so on.

Everyone was dumbfounded.

“Gong Qianqiu, your strength has reached this level?”

“how can that be?”

Baili Wan'er and Shangguan Tianfeng asked questions one after another.

A petty pawn who was once insignificant in their eyes.

Now they have the terrifying strength that they look up to.

This strength, they dare not even think about it!

“Shocked? It's just the beginning.”

Gong Qianqiu smiled even more, and then offered a heart-wrenching remark: “Of course, this is also thanks to the roots of you guys!”

The top ten Tianjiao almost vomited blood in anger.

pleasure?

The top ten Tianjiao were stunned.

Who cherishes such an honor?

“Now that I have established the Qianqiu Sect, you must witness my domination of the world!”

Gong Qianqiu smiled even more.

Looking at the angry and desperate expressions of the top ten Tianjiao, Gong Qianqiu felt a sense of accomplishment.

In the past, you were all high above, but now you are not a prisoner of my Gong Qianqiu?

The top ten Tianjiao were full of resentment, but they were helpless.

With Gong Qianqiu’s current strength, even if all ten of them are at their peak.

In the case of joining forces, I am afraid that they will only be killed in seconds.

Now that the root bone has been dug up and the cultivation base has been absorbed, he is completely a waste.

If it weren’t for the evil taste that Gong Qianqiu wanted others to witness.

I’m afraid I’ve already been killed, right?

despair!

Intense despair quickly filled the hearts of the top ten talents.

Xu Qingya clenched her teeth, wishing she could rush up and bite Gong Qianqiu hard.

But soon she gave up again.

Or utterly desperate.

With the strength that Gong Qianqiu showed just now, let alone his current state.

Even if you launch an attack in its heyday, you may not be able to touch the corner of Gong Qianqiu’s clothes.

“That’s right, take a good look at how I rule the world!”

“When the time comes, I’m in a good mood, and maybe I’ll spare your life!”

While speaking, Gong Qianqiu walked to Yufeng Tiansi again.

“Yufeng Tiansi, are you still alright?”

Yufeng Tiansi only had one breath left and was forcibly hung by the medicinal pill.

Of course, this was also deliberately done by Gong Qianqiu.

She just wanted to let the big man who was supposed to be in charge of the Shentian Supervisor and even the entire town of Demons see it with his own eyes.

The huge estate he was once proud of was completely destroyed.

“Please kill me!”

Yufeng Tiansi said weakly.

His heart is dead.

Faith also collapsed with the appearance of Gong Qianqiu's terrorist forces.

Yufeng Tiansi seemed to see the destruction of Zhen Mosi.

The foundation that was once proud will be destroyed by Gong Qianqiu's hands.

"No, no, I won't kill you, at least not for the time being."

"I will invite you to watch it with your own eyes when I destroy the Demon Suppression Division and the Shentian Prisoner!"

Gong Qianqiu laughed wildly.

Yufeng Tiansi's eyes were round, and after a while, he fainted directly.

"This sect is mainly going to do great things, so you can wait and see!"

After Gong Qianqiu finished speaking, he left the secret room with satisfaction.

The secret room was already filled with extreme despair.

Coming outside the corpse pit, Gong Qianqiu's thoughts ran fast.

Today's Qianqiu Church is huge.

If all of them are concentrated, the power is stronger than that of the Town Demon Division or the Eternal Kingdom.

Recalling the scene of being worshipped by countless sects not long ago, Gong Qianqiu's ambitions inflated sharply.

"Next, the sect master no longer needs to be confined to this small place, but to face the whole world."

"Wait, all of you will tremble because of Qianqiu Sect."

Gong Qianqiu is full of pride, and he has already thought about the next step in his heart.

“Come on!”

Gong Qianqiu hooked his hand.

After waiting for a long time, Master Bone and Dugu Xiao walked away quickly.

He asked respectfully, “May I ask what the sect master ordered?”

“The two of you immediately get all the congregation to assemble and stand by.”

“Tomorrow morning we will attack the eternal kingdom.”

Gong Qianqiu said coldly.

## The Return of the God of War [The Protector] Chapter 3758

A single command fell like a mountain.

Thousands of church members from all over the country quickly assembled, ready to be dispatched at any time.

The next morning.

Gong Qianqiu personally led the army and launched an attack on the eternal kingdom.

Due to the disparity in strength between the two sides, Qianqiu Sect directly attacked the Eternal Kingdom base camp in a destructive way.

The battle outside lasted less than ten minutes.

And the information about the eternal kingdom is also very well-informed.

As soon as the two sides fought, they received a report from the spies.

The high-level officials of the Eternal Kingdom thought that the external faction forces could resist a little.

Never thought that those people would be defeated in one blow.

In desperation, the helm of the eternal kingdom announced that the defense system would be activated immediately.

There was a sound of earth shaking.

In an instant, an invisible energy passport enveloped the entire Eternal Realm.

There is terrifying energy flowing above the mask, and it is also accompanied by the blessing of ancient runes.

This is the last trump card of the Eternal Kingdom.

Levi Garrison never defeated Levi Garrison with all his strength.

Of course, Levi Garrison didn't use all his strength.

"Don't worry, they can't break through this protective shield."

The high level of the Eternal Kingdom is very confident in this.

Of course, this protective cover did cause trouble for the Qianqiu sects.

Even Duguxiao didn't even shake a few punches.

At this time, Gong Qianqiu arrived.

"Master, please forgive the disciple's incompetence, it is impossible to break this protective shield."

Duguxiao said very respectfully.

Gong Qianqiu said indifferently: "Let this sect master try."

"I advise your Excellency not to waste your energy. It is as strong as Levi Garrison, the God of War in Great Xia, who has not been shaken by a single blow."

The Lord of the Eternal Kingdom sneered.

The sound resounded through the sky through a special amplifier, and it echoed for a long time without dissipating.

He wanted to take this opportunity to deter the group of intruders.

"Oh, is that so? The sect master is really interested!"

Gong Qianqiu suddenly became interested.

She originally thought that she would not try her best to test the depth of the protective shield at first.

But now Gong Qianqiu does not intend to do so.

She's going to go all out.

Smash the energy shield in one fell swoop.

"All Qianqiu Sect members step back."

Gong Qianqiu said solemnly.

Tens of thousands of congregants quickly retreated.

After a while, Gong Qianqiu released the power in his body.

The terrifying coercion of energy, even if the congregation retreated a few miles away, they still felt short of breath.

Everyone was shocked by the power of Gong Qianqiu.

Of course they are more fortunate.

I am fortunate to be able to follow such a powerful leader.

“Buzzing...”

The world centered on Gong Qianqiu made a deafening tremor.

The strong black energy fluctuations spread freely.

As if to tear the world apart.

“I want to see if this energy shield can catch the full blow of this leader?”

The black energy light waves quickly converged into a huge sword.

Chi Chi Chi!

The black energy hurricane surged, as if to tear the world apart.

“What? Is she so strong?”

The dark color of everyone in the eternal kingdom suddenly changed.

Even when Levi Garrison punched, he didn't seem to have such power.

At this moment, the space of Eternal Realm seemed to be extremely compressed.

The blood in everyone's body was even more surging.

It seemed that the body was about to reach its limit.

“Don't panic, everyone, it will be over after this period of time.”

“That's right, she can't break through the energy shield.”

“As long as we hide here, she can’t do anything to us!”

Although the high-level people tried their best to appease them, the people of the Eternal Kingdom were still extremely nervous.

Gong Qianqiu is suspended in mid-air at this moment, like a god coming to the world.

The power has reached its peak.

“Break this sect master!”

The corner of Gong Qianqiu’s mouth rose slightly, and at the same time made a downward slashing action.

The huge black energy blade poured down.

As if to cut the world in half.

At this moment, the black blade light blocks the sun

## The Return of the God of War [The Protector] Chapter 3759

Terrifying energy pervades every corner of this world.

And let fear fill the hearts of all members of the eternal kingdom.

The people of Eternal Realm felt the terrifying energy coercion to the extreme.

Even through the shield of energy they thought was indestructible.

It still made them breathless, as if they were about to be split in half by this black energy blade.

“Dangerous! Dangerous! Dangerous!”

Eternal Kingdom energy terminal console crazy warning.

This is a huge energy control device.

It can calculate the threat level to the energy shield from the external energy.

The system automatically activated the strongest defense mode.

The shield keeps getting thicker.

The terminal connected to the super spiritual vein absorbs energy frantically.

It eventually becomes the outermost layer of defense blessing shield.

“boom!”

It exploded with an earth-shattering sound.

The protective shield also vibrated violently.

The aftermath of the energy impact spreads out with the energy shield as the center.

Until it spread throughout the War Eagle Country.

Every little corner was affected.

Terrible!

Yet all this is not over.

The huge black energy blade light collided with the energy shield for a moment.

The more solid blade light inside continued to make cutting movements.

Clap clap!

The thick energy shield is cracked.

“Fake! It’s impossible!”

The faces of the people of the Eternal Kingdom were inconceivable.

Even Levi Garrison couldn’t break through with a single punch.

This mysterious woman actually did it?

The whole world was shaking violently.

It was as if a devastating earthquake had occurred.

Upside down!

These four words suddenly appeared in everyone’s mind.

After a while.

The degree of cracking in the energy shield is more serious.

Finally triggered the limit point of the strongest endurance.

Clap!

The entire energy shield suddenly shattered.

The energy of the black energy blade light is about to dissipate.

However, the remaining energy still cut a bottomless ravine out of the inner ground of the eternal kingdom.

The energy aftermath spreads out suddenly.

Destroy all the facilities and machines inside.

The Eternal Realm suffered heavy casualties.

“The strongest defense of the eternal kingdom is just the same as the low row!”

Gong Qianqiu was suspended in mid-air.

Contempt was written on his face.

Of course, it is more of satisfaction, because the high-level officials of Eternal Kingdom have said it before.

Levi Garrison’s full blow was still unable to break the energy shield.

However, he also attacked with all his strength, and the energy shield instantly vanished.

Judgment.

“This sect master can already crush Levi Garrison.”

“kill!”

Gong Qianqiu resisted the urge to laugh on his back, and issued an order to the congregation again.

Although the energy shield is destroyed, many elites in the Eternal Realm survive.

She wants to completely wipe out the eternal kingdom from this world.

“Cut the grass without eradicating the roots, and the spring breeze will regenerate.”

Gong Qianqiu upholds this principle.

So she will not give the Eternal Kingdom any chance to turn around.

At the same time, the first shot of Qianqiu Jiao's shocking world must be fired.

The Qianqiu Sect members shouted and killed.

One side is like a rainbow.

One side's heart is broken.

Coupled with Duguxiao leading the elites of Qianqiu to rush to kill, it is simply a tiger into a flock.

The high-level officials and elites of the Eternal Realm were almost completely powerless to fight back.

In less than a few minutes, the battle was completely over.

The high-level and elites of the Eternal Realm were almost slaughtered.

The whole process takes no more than half an hour.

There is no more eternal kingdom on earth.

Blitz.

Gong Qianqiu led the Qianqiu Sect's offensive as if destroying the trees and destroying the eternal kingdom in the form of a blitzkrieg.

War Eagle Kingdom Sky Shield Bureau.

Agent Blackhawk.

Wait for the intelligence agencies of all parties to convey this message.

The message of Qianqiu's lightning destruction of the eternal kingdom quickly spread to every corner of the world.

The forces of all parties were horrified, and everyone was in danger.

This mysterious force also quickly spread across the country.

Shocked the world!

## The Return of the God of War [The Protector] Chapter 3760

The message that Qianqiu Sect destroyed the eternal kingdom with a blitzkrieg quickly spread all over the world.

Levi Garrison got the message right away.

Especially the glorious record of the mysterious woman smashing the energy shield of the eternal kingdom with one move.

Levi Garrison was quite shocked.

Naturally, it also attracted his attention.

When he went to the Eternal Realm, he had to punch with almost all his strength to break the energy shield.

Although his cultivation has improved during this time, the strength of that mysterious woman should not be underestimated.

“Apart from my strength in a battle, there is really no one who is her opponent!”

Levi Garrison pressed his temple and had a slight headache.

After all, he cannot guarantee that he will be with all his relatives and friends 24 hours a day.

In other words, if this mysterious force attacks the base camp as a whole.

The mysterious woman only needs to hold herself back, and with Duguxiao and other experts in the sect, she can run amok.

Then there is the energy shield of the contrasting Eternal Realm.

The defensive formation of the base camp appears to be much lower.

At least an all-out blow from a high-level expert like the mysterious woman can basically destroy the defensive formation.

"It seems that the only way to move everyone to the underground base is!"

Levi Garrison thought silently.

An unprecedented sense of crisis swept over.

Levi Garrison is still like this, not to mention the rest of the base camp and the underground base.

"A power of the level of the Eternal Kingdom was destroyed in less than half an hour. I can't imagine it."

"Our defense here may not be able to withstand the blow of the mysterious woman."

"I believe that as long as there is a master (the boss) in charge, the mysterious woman will not dare to act rashly."

Although this is said, many people have a question mark in their hearts.

Can Levi Garrison, who has always been invincible in battle, really win the mysterious woman?

Even if there is a fighting force, as long as Levi Garrison is entangled.

So who can stop Duguxiao?

A gloomy mood creeps in.

In the end, it turned into a strong sense of crisis.

the other side.

The Town Demon Division also received relevant information.

There was an uproar in the entire Zhenmo Division and Shentianjian.

Everyone was shocked beyond measure.

What level of power is the Eternal Kingdom?

Even at the peak of Zhen Mosi, the existence of three points must be respected.

It took less than half an hour to lead the congregation to be destroyed by a mysterious woman?

Now the core combat power of Zhen Mosi has been seriously damaged.

The three gods of Shentianjian died, and the whereabouts of those who were unknown were unknown.

If the mysterious forces bring people to attack at this time, I am afraid they will not last for half a day, right?

“It is said that the eternal kingdom also has a top-level defensive shield.”

“Yeah, in comparison, the defensive formation of our Town Demon Division is not worth mentioning.”

“It would be nice if Tiansi was here, at least you don’t have to live in such fear.”

“Even if Tiansi returns, are you guaranteed to be the opponent of the mysterious woman?”

There was a lot of discussion.

Almost everyone has a serious lack of confidence in Yuzhen Mosi.

Everyone is in danger, and some people have even sneaked away.

Fear is like a monster, constantly eating away at the little confidence left by everyone.

In this situation, the only thing the Shentianjian can do temporarily is to try his best to appease him.

And said that the position coordinates of the tracking token began to move again, obviously Tiansi was still alive.

It is very likely that the king will return soon.

Although the temporary talker was telling the truth, in the eyes of everyone, it was like drawing a pie.

I don't even believe that Tian Si will return.

It can be said that there has been a crisis of trust between the lower-level personnel and the higher-level personnel of the Town Magic Division.

Once the seed of doubt is planted, it will quickly grow into a towering tree.

A chain reaction will follow.

For example, slow execution of orders, disintegration of people's hearts, gradual loss of high-level prestige, etc...

"It's dangerous to go on like this, Tiansi, where are you?"

The temporary interlocutor of Shen Tianjian put his hands on his forehead.
