

When His Eyes Opened Chapter 1056 | Simple Silence

Chapter 1056

In the hospital.

Adrian was a little depressed because he didn't see Avery.

The bodyguard sat beside his hospital bed, playing mobile games on his own, while Adrian stared at the ceiling in a daze.

Not long after, the door of the ward was pushed open, and Avery walked in.

Adrian looked at her stupidly, thinking he was dreaming. Because the bodyguard told him in the morning that Avery was not coming today.

“Adrian, how are you feeling today?” Avery walked to the bedside and asked.

The bodyguard immediately quit the game and stood up in shock.

“Boss, didn't you say you want to take care of your husband today?” The bodyguard cleared his throat embarrassedly, “Why did you come here all of a sudden? Is your husband okay? Or did you quarrel with your husband?”

“Can you stop questioning?” Avery found out that the people around her, whether it was Mike or the bodyguard, spoke out of proportion.

Probably because she has a good temper, that's why they are so presumptuous.

Adrian held Avery's hand with a bright smile, and said, "I'm much better. Take me out!"

"Are you sure you can be discharged from the hospital?" Avery glanced at his medicine today, It's almost over.

Adrian looked at her and begged, "I don't want to stay here. I'm afraid Nathan will come to me and hit me."

Avery looked at his uneasy look and nodded: "I'll ask Ask your doctor to see if you can be discharged today. If you can, then I will take you away."

Foster's family.

After Avery left, Mrs. Scarlet brought breakfast to the master bedroom on the second floor.

Mrs. Scarlet said bitterly, "Sir, eat as much as you want! Otherwise, your body won't be able to take it. I overheard your conversation just now. That man named Adrian is Shea's brother?"

Elliot took the porridge bowl from Mrs. Scarlet's hand and responded coldly.

Mrs. Scarlet said calmly, "Sir, with all due respect, you don't have to be afraid of anything at all. No one can shake your status today. No matter what your background is, no one will laugh at you. You killed Master Foster. If the public knew the truth, they would not necessarily scold you."

Mrs. Scarlet's words made Elliot stunned slightly: "Do you really think so?"

Mrs. Scarlet said sincerely, "Sir, no matter what the outside world thinks of you, in my eyes, you are kind-hearted and upright, and there will never be another man better than you. I believe in Avery and see you in the same way. She advised you not to kill, yes I'm afraid you will go astray. You are right, if you kill someone, you won't be right."

Elliot's emotions gradually calmed down.

Mrs. Scarlet pointed out his inner fear, "I know what you are afraid of. You are afraid of your own affairs, affecting Avery and the children, and afraid that your peaceful life will be disrupted. No matter where you go in the future, you will be pointed at by others. You Don't be afraid. You are not an ordinary person. So the things you have to face are destined to be more complicated and difficult than ordinary people."

Elliot said bluntly, "Mrs. Scarlet, I am not as strong as you think. I still can't accept myself until now."

"Sir, No matter what your background is, Avery will never dislike you. No matter what you have experienced in the past, you will live with Avery in the future, and you will be very happy."

An hour later .

A black car stopped at the entrance of Foster's house.

Avery's bodyguard got out of the car first.

After seeing it, Mrs. Scarlet immediately went upstairs to report.

"Sir! Avery is here."

After Mrs. Scarlet's persuasion, Elliot was calmer now. He will no longer blame Avery for these current problems.

Avery didn't let him kill for his own good, not for other reasons.

He adjusted his mood and went downstairs. As a result, before he reached the first floor, he saw Avery and Adrian beside her.

Chapter 1057

Avery took Adrian's hand and walked to Elliot.

"Adrian, call him brother." Avery said to Adrian.

Adrian stared at Elliot's stern and gloomy face, a little scared, but he still said obediently: "Brother..."

"Don't call me! I'm not your brother!" Elliot spoke very fast and interrupted His words, at the same time, looked at Avery, "Avery, come up to me!"

Avery knew that Elliot would be angry. Because she brought Adrian here and didn't discuss it with him in advance.

There was no way to discuss this. If it was discussed, Elliot would not agree to her bringing Adrian here.

"Adrian, don't be afraid. He looks fierce, but he's actually a good man." Avery calmed Adrian's emotions and walked upstairs.

On the second floor, the two entered the bedroom.

“Elliot, don’t be angry, listen to me.” Avery walked up to him and looked at him softly, “I thought about it, the most dangerous place is the safest place. Let him live in you Home is undoubtedly the safest. Who dares to come to your home to steal someone, Right?”

Elliot remained silent.

“I know you don’t like him, so if he lives in your home, you will live in mine in the future” Avery arranged everything, “Anyway, we are going to get married and live together.”

Elliot was speechless about her arrangement. He was not happy. Why should he let Adrian live in his house ?

She continued, “Elliot, if you don’t want to live with him, I can move in and live with you. I will accompany you in the future. No matter what happens, I will stand by your side.”

...

Outside the villa.

Nathan blushed with anger, and his heart was on fire. He followed-up Avery’s car.

Avery actually brought Adrian to Elliot’s villa!

Elliot’s villa has bodyguards standing guard 24 hours a day, and the villa is equipped with the most advanced security protection system. If no one lets him in, he will never be able to break in!

Just as he was scolding and preparing to get into the car, there was a ‘bang’! Someone was behind him and punched him hard!

Nathan was overwhelmed and he was knocked unconscious stage.

Half an hour later, he was dragged to an unfamiliar room.

A basin of cold water was splashed on him, and he woke up suddenly!

“Nathan, guess who is going to take your life?!” The man who spoke held a sharp dagger in his hand.

Nathan’s hands and feet were tied with ropes. After struggling a few times, he was shocked when he found that he couldn’t break free!

“It’s Henry...this b*stard! Don’t even recognize me, you want to kill me!” Nathan remembered that he was knocked unconscious outside Elliot’s villa, so he naturally suspected him.

“You guessed it right! Haha! You said he wouldn’t recognize you...you are his father?” The man with the knife grinned, “If you were his father, why would he kill you?”

“He dislikes me and loses his face! He wants to be the young master of the Foster family all his life, dreaming! If I die, my son, Zion will expose all his scandals! Hurry up and tell him and let him let me go!”

Nathan’s words all fell into Henry’s ears outside the room.

Henry’s face was ashen, his fingers clenched tightly!

did not expect! Unexpectedly, Elliot turned out to be Nathan’s son!

Chapter 1058

Terrible!

This thing was creepy!

He has lived for so many years, but now he knows this secret.

Does the mother know about this ?

You must know that, right ? How can a woman not know if her son is biological ?

Henry didn't remember very well about his childhood. He only knew that when Elliot was very young, he was taken out and treated by a genius doctor.

After a long time, he was cured and brought back. Could it be that during the period of treatment, the real Elliot was replaced ?

Otherwise, how to explain, the current Elliot is Nathan's son ?

Judging from Nathan's confession, Elliot already knew about it. But Elliot didn't do anything, indicating that Elliot planned to continue to live as 'Elliot'.

After all, how noble is the identity of the young master of the Foster family!

If let others know that he is Nathan's son, how should others talk about him behind his back ? How could someone who cares so much about his face bear it ?

But as the eldest son of the Foster family, how could Henry tolerate such absurd things to continue to develop?

If Elliot wants to continue to live as 'Elliot', it is not impossible, he must give Henry a favor.

Henry decided to go back and make a plan, to see how to showdown with Elliot to achieve what he wanted without angering him.

Foster family.

After Avery told Elliot what he thought, Elliot just looked at her coldly without saying a word.

She has brought Adrian to the house, what can he do? Is it possible to drive Adrian out?

Elliot really wanted to do it, but it was too risky! If Adrian was taken away by Nathan, the consequences would be even more troublesome.

It's better to let Adrian stay under his nose, so that at least in the short term, he doesn't have to worry about others using Adrian to threaten him.

Avery saw his haggard face, so she pulled him to the bed and sat down, "You just have a fever, you need to rest well. Have you had breakfast? You can't eat without food."

"Eat." Elliot looked up at her, "Avery, you really don't dislike me?"

This question made Avery stunned for a moment.

“Elliot, when I promised to marry you, no one put a knife on my neck.” Avery sat down beside him, holding his big palm with her palm, “You told me everything about you. I’ve weighed it carefully. I don’t think you’re guilty. If I were you, I might not be as brave as you.”

After she finished, she put her hands around his neck and placed a light kiss on his face. In the past, she was always ashamed to express her feelings, and in this relationship, she was on the passive side.

What happened last night made her wake up.

What he did for her was more than silently preparing for a marriage proposal and surprising her?

She should also let him feel her heart and not let him chill.

First floor, living room.

Mrs. Scarlet took Adrian seriously.

Adrian sat on the sofa, a little restrained, but still accepted Mrs. Scarlet’s gaze obediently.

After looking at him, Mrs. Scarlet came to a conclusion.

Adrian and Shea are indeed similar. Not only their looks, but their behavioral responses. The temperament they exude, are also same.

Mrs. Scarlet understood why Avery protected Adrian so much. Because looking at Adrian, She really thought of Shea. It would be easy to add feelings for Shea to Adrian.

Chapter 1059

“Adrian, are you hungry?” Mrs. Scarlet took a banana from the fruit bowl and handed it to him, “Eat a banana! You don’t have to be afraid. although Mr. Foster was angry, he shouldn’t drive you away. Let’s eat.”

Adrian took the banana and said apprehensively: “He is so fierce. Will he bully Avery?”

Mrs. Scarlet chuckled: “He won’t bully Avery. The two of them are going to get married soon, If Avery is fierce, Avery will not marry him.”

Adrian lowered his eyes and quietly peeled the banana.

“Adrian, Avery asked you to call her husband ‘brother’. If you see him later, you should call him brother.” Mrs. Scarlet wanted to ease the relationship between Adrian and Elliot.

“He won’t let me call brother.”

Mrs. Scarlet coaxed, “You call it a few more times, and he will slowly accept it. When he accepts you calling his brother, he will treat you very well. You are here. Eat bananas, and I’ll clean up your room.”

After Mrs. Scarlet left, Adrian raised her head and began to look around here.

In the future, will this be his home?

At night.

Avery took the initiative to pack Elliot’s luggage and planned to take him to live at his home.

In a short period of time, he would definitely not be able to accept Adrian. So reducing the chance of their contact is safer.

Secondly, she and him are getting married, and now they are living together in advance, also for a better life in the future.

On the way to the Starry River Villa, Elliot frowned slightly.

“Are you worried that Hayden is back and is not happy?”

This chapter is provided by . Visit for daily update.

“He will definitely be unhappy.” Elliot said.

“He should learn that in life, it is impossible for everything to go smoothly.” Avery had prepared for the worst, “I will communicate with him well. Leave this to me, don’t worry.”

“Why is he so precocious?” Elliot vaguely remembered that when he was as old as Hayden, he was not so mature at all.

Avery analyzed, “I don’t know either. Hayden and Layla actually have the same living environment, and Layla is a normal child. So Hayden’s precocious puberty is not determined by external factors, but by genetics. Obviously, he Like you.”

Elliot couldn’t deny: “It seems that I sometimes hate it.”

“How can you say Hayden hates it?”

“I didn’t say my son, I said myself. If Hayden is like you, it will be even more attractive. People like it.”

“But I also like Hayden like this. Every time I see him, I always think that you must have been like this when you were young. There will be a feeling of traveling through time and space.”

Elliot said to himself It’s better to sigh, “I was not so smart when I was a child. Your son is at least an upgraded version of mine.”

“But I think Robert should be a very lively little boy.” Avery suddenly misses children.

“Isn’t it good.” Elliot was also thinking about his children.

The May Day holiday has passed in a flash. The three children came home one after another.

After the warm reunion, Avery told the news that Elliot would live at home in the future.

After Hayden heard the news, he turned around and went back to his room.

Avery immediately chased after him.

Hayden said, “Mom, I’m going to have a test soon. You don’t need to tell me about him.”

Avery: “But mom doesn’t seem to be happy with you.”

Hayden: “You want me to be like Layla, accepting him?”

Avery hesitated for a few seconds and said, “Of course mom won’t force you. But mom hopes you won’t be like an enemy with him. Hayden, Dad’s not a bad person. Do you trust your mom? I hope you can give

him a chance to change. If he makes another mistake in the future, your mom will never speak for him again.”

The strong disguise on Hayden’s face was removed. He showed an aggrieved expression and was unwilling, but said stubbornly: “You said you would not force me. Do you like him that much?”

Avery hesitated for a few seconds, and then said firmly: “Yes, I love him. Apart from him, I will never fall in love with any other man.”

Elliot came upstairs with Layla in his arms after just heard Avery’s answer.

Chapter 1060

Avery’s answer made Hayden stunned for a few seconds.

He was still a child, and the most he could say was ‘like’. But her mother said that she loved Elliot, and Elliot was the only man she loved the most.

What can Hayden do? Can only accept.

“I see!” Hayden shouted this sentence as he looked at Elliot at the entrance of the stairs.

After saying this, he quickly returned to the room.

Avery turned his head and saw Elliot walking over with Layla in his arms.

Elliot blushed slightly, “Avery, were you too direct just now? I mean, are you pushing him too hard?”

Avery knew that he was a little impulsive just now.

But this matter will have to be faced sooner or later. Instead of boiling the frog in warm water, it is better to tell the child directly.

“Maybe I’m a little impatient.” She lowered her eyes slightly and sighed, “I don’t want to worry about his reaction all the time when we get married. Now tell him that, whether he can accept it or not, at least I don’t have to be so careful.”

“Dad, let me down.” Layla struggled for a while, “I’m going to coax my brother.”

Elliot immediately put his daughter down.

“Layla, you can go in later. Your brother said he is about to take a test, so don’t harass him to study first.” Avery took her daughter’s little hand, “Let’s go down and play with my brother first!”

“Oh, brother Are you going to participate in that very important game?” Layla asked curiously.

Avery looked at Elliot: “Is that competition in June?”

This chapter is provided by . Visit for daily update.

“Well. Before participating in the competition, you have to pass the qualifying rounds. The qualifying rounds are coming soon.” Elliot said, “Let’s see how his performance in the qualifying rounds is. “

Is the qualifying round about the whole class fighting for a spot?”

“Yes.”

Avery frowned: “Hayden values this game very much. If I knew he was going to play soon, I shouldn’t have quarreled with him at this time.”

Elliot took her shoulders and comforted: “Don’t blame yourself. He should have this mental capacity.”

“Although Hayden matures early, he is only a child after all. I will find a chance to apologize to him later.” Avery felt more and more guilty, “Elliot, it’s all your fault.”

Elliot: “...”

“If it wasn’t to make your life at home a little more comfortable, I wouldn’t force the child like this.” Avery deliberately vented her anger at him, “Although you didn’t put pressure on me, but when I saw you, I was invisible. I’m stressed.”

“It’s my fault.” He apologized, “How about I go back and live for two days?”

“Did you forget that Adrian lives in your house? When you go back, can you live with Adrian?” She reminded.

Elliot: “...”

He forgot about it!

The past few days have been so happy, the two of them never mentioned Adrian, so he forgot the existence of this man!

“You should stay with me. I’ve already had a showdown with Hayden. From what I know about him, he shouldn’t treat you as an enemy anymore.” Avery comforted, “My son, I understand.”

Elliot’s eyes moved slightly: “Really?” “Really. He listens to me very much.”

Avery felt a little uncomfortable when Elliot said this, “so I never wanted to force him, because once I forced him, he would definitely listen to me.”

Elliot was a little excited. He dreams of reconciling with Hayden.

Now that Avery has come forward, although the process is not pleasant, if the result can be good, he will be able to compensate his son well in the future.

“Thank you, wife.” Elliot said hoarsely, and couldn’t help kissing her cheek.

Avery blushed shyly.
