

When His Eyes Opened by Simple Silence Chapter 1081

After a while, Elliot sent bodyguard out to find Cole.

“Boss, I went to a few nearby stores to look for Cole.”

Elliot said: “No need to look for it.”

“Okay. I will let my subordinates guard the gate of the resort and make sure that no one who doesn't matter will be allowed.”

“Well.”

Avery came out after taking a shower in the villa, and was a little puzzled when she saw Tammy holding Robert.

“You brought Robert back?”

Tammy said, “Yes! Someone was smoking. Elliot saw me and asked me to bring Robert to you. I guess the man who smoked was really I can't stand Elliot! Do you know what Elliot is doing outside with Robert in his arms? He praised Robert so much that he didn't repeat any adjectives.”

Avery couldn't help laughing.

“Did you find that Elliot was very excited these two days? What did he praise you for at lunch? This morning, he was holding Layla, and others said that he wanted 100% of Layla. And he kept holding Layla, which led to someone asking Layla if her leg was injured, which made me laugh to death!” Tammy came over early this morning, so she experienced everything firsthand.

Avery analyzed, “Elliot may have been holding back for too long, and he couldn't help but explode in the past two days. He said that this was the

first time his family had entertained so many guests. His career is successful, and everyone knows that. Now he has a happy life. I also want everyone to know.”

“Only when you have lived a happy life, you can be in the mood to show off to everyone. This is good!” Tammy put Robert on the bed, put her hands on his arms, and made him stand, ” Little baby, shout daddy, give you milk.”

Robert pursed his lips.

“Daddy.” Tammy taught Robert, “Daddy, Daddy, Daddy!”

Robert pouted again.

“Daddy Daddy Daddy!” Tammy continued to bombard the little baby with ‘Daddy’.

Robert was finally affected, and opened his mouth: “Daddy...Daddy!”

Robert’s voice was clear and powerful. If Elliot heard it, he would probably go crazy right away.

“Avery! Did you hear that! Your son just called Daddy!” Tammy said excitedly.

Avery nodded excitedly: “Tammy, you are still the best. Robert calls his father every day, but he is indifferent. I didn’t expect that he would start shouting when you taught him.”

“Hahaha! It means that your son likes beautiful women.” Tammy kissed Robert’s little face, “Baby, call out Daddy again!”

“Daddy!” Robert was bribed by the kiss.

Less than 10 minutes later, Elliot carried his son back to the room.

Looking at the smile on his face, Avery probably guessed that Robert called him.

“Avery, Robert called Daddy!” Elliot walked up to her excitedly.

She took Robert from his arms.

“Your son will not only call your father, but also trouble you!” Avery pushed Elliot towards the bathroom, “Go take a bath! Go to bed early tonight.”

“Well, I asked the bodyguard to find Cole . It’s been a while, but they couldn’t find it.” Elliot said to Avery before entering the bathroom.

Avery looked at him calmly and said, “It doesn’t matter if they don’t find it. If they really want to do something, we can’t stop it. The big deal is that we will become the laughing stock of others together tomorrow.”

“Avery, aren’t you afraid?” The light in his eyes gradually became colder.

When His Eyes Opened by Simple Silence Chapter 1082

“Afraid.” Avery didn’t have to hide her true emotions in front of him, “I’m afraid our peaceful life will be broken. This time is the happiest time after we are together. I don’t want to be broken. But I know, it will definitely be destroyed.”

Cole would not appear around here for no reason. He and Henry must have a plan.

Avery has a strong hunch that tomorrow, Henry will reveal all the secrets of Elliot.

The reason why Henry chose to do this tomorrow is that the resort will be the most lively place tomorrow.

Tomorrow, all major media will come over, If the truth will be exposed tomorrow, which will have the greatest effect.

“As long as you and the kids are by my side, our lives won’t be ruined.” Elliot voice was low and magnetic.

“I know we won’t change. But I don’t want you to suffer so much pressure from public opinion. Even if the truth is revealed and even if the vast majority of people think you are right like me, there will definitely be many people who think you are Wicked.”

Avery knew that she was a little greedy. Because she knew that after the truth was revealed, even if he pretended not to care, his heart would definitely be affected. How could Elliot, such a proud person, bear such a scandal being made public ?

“Avery, I don’t care what other people think.” Elliot looked at her and said, “I’m not that vulnerable, you trust me, okay ?”

Avery nodded: “Elliot, I trust you. I always trust you. Yes, I’m not brave enough myself and I’ll try my best to adjust my mood. Now go and take a shower and I’ll play with Robert for a while.”

“Where’s Layla ? I haven’t seen her all night.” Elliot unbuttoned his shirt one by one.

“She’s clinging to Mike! Mike isn’t at home these days. She misses him very much.”

“Well, is Eric coming tomorrow?”

“He has an announcement tonight, saying that he will come when the announcement is over. It may be early in the morning. He told us not to wait for him.” Avery put Robert on the bed, and then brought him pajamas from the suitcase.

After Elliot entered the bathroom, Mrs. Cooper came back with Layla.

Layla was sweating, looking at her pouting, she didn't seem to have had enough.

“Layla, you smell like alcohol all over you.” Avery leaned over to her daughter and smelled it, then took her to another bathroom to take a shower.

The villa which they live in has four bedrooms and two living rooms, and the two children live here with them.

“Mom, why don't you and dad go to play? They are playing games, have fun!” Layla, like a well-behaved kitten, stood in the bathtub and let Avery bathe and wash her hair.

Avery said, “Because Mom and Dad are going to get up early tomorrow. If we stay up late tonight, we won't be able to get up tomorrow. You also have to go to bed early, Mom and Dad won't have time to accompany you tomorrow”

“Uncle Eric will accompany me tomorrow, I'm not afraid.” Layla looked pampered and fearless, “Uncle Eric said that he would take me to filming in the summer vacation. Mom, I can't stay at home during the summer vacation!”

“Have you discussed it in private again?” Avery sighed.

“That’s right! Don’t you listen to us? When your brother went abroad, you didn’t tell him. you went to film, and you couldn’t tell me.”

Layla puffed out her cheeks and negotiated with Avery.

Avery said, “When you two grow up, Mom can’t control you anymore and doesn’t want to care about you. Your father said that when you are adults, he will completely ignore you.”

“He doesn’t care about us now. He Just take care of himself.” Layla said calmly.

“Okay, you go to film with your uncle Eric in the summer vacation, and I’ll go to Bridgedale to find your brother.”

“Hmph, can’t you wait for me to finish filming and take me to find your brother?” Layla muttered dissatisfiedly.

“Do you think filming is a family game and can be finished in two days? Since you choose to be a star, you must treat every job well. When you become popular, others will say that you are relying on your father... Look at how angry your brother is.”

Layla whispered, “I won’t be as angry as my brother! If my dad is willing to hold me, I will directly announce to everyone that he is my dad!”

Avery couldn’t help laughing: “You can think about it.”

Layla: “Of course, my father is so good. If others knew that I was his daughter, they would only envy me.”

Avery’s smile suddenly froze: “Layla, if your father someday bad, will you still be proud of him?”

Layla was stunned for a moment, “Mom, what do you mean?”

“Just one day, many people scolded him...”

When His Eyes Opened by Simple Silence Chapter 1083

“Why did others scold him?” Layla took it seriously, and the expression on her face was a little sad.

Avery didn’t know how to tell her daughter. She was afraid to tell her daughter that she would not be able to sleep tonight, so she held back.

“It’s nothing. Mom is just making an analogy. You have to remember that your dad is a good man, no matter what others call him, you should not dislike him.”

“OK, Mom, I’ll listen to you.”

After giving Layla a bath, Avery coaxed her to sleep. By the time she got back to the master bedroom, it was already past 10 o’clock at night.

Elliot pointed to the late-night snacks brought by the nanny: “Do you want to eat something?”

Avery shook her head: “Eating at night will make me gain weight. I will be the most beautiful bride tomorrow, so don’t tempt me with food.”

“Then I’ll let the nanny take it away.” Elliot called the nanny.

Soon, the nanny came in and took the snacks away.

Avery: “Elliot, let’s go to sleep! I’m a little sleepy.”

Elliot: “Well. Do you want to remove the aromatherapy?”

Avery: “No. It smells pretty good.”

Elliot: “Okay. Then I’ll turn off the light.”

Avery: “Well.”

After turning off the lights, the room fell into darkness.

Avery hugged his waist habitually, and rubbed her small face against his chest.

The scent of aromatherapy mixed with his familiar scent, like a sleeping pill, which made Avery fall asleep quickly.

When she opened her eyes again, the morning light filled the room.

“Wake up?” Elliot saw her eyes open, so he sat up, “Get up! The makeup artist has arrived.”

“Well, did you turn off my alarm?” Avery picked up the phone and checked the time.

Avery overslept.

“Sleep a little longer.” Elliot lifted the quilt and lifted his legs, and got out of bed. “I’ll ask the nanny to bring breakfast in.”

The morning sun sunshine was like broken gold, shining and bright.

Seeing such a good sunshine, the smile on her face also bloomed.

After breakfast, makeup artists, stylists, and costumers entered the villa one after another.

After the costumer changed her wedding dress, Elliot helped her to sit down in front of the mirror.

Not long after, Tammy the bridesmaids came over.

Everyone put on makeup, took pictures, and the villa was very lively.

When Avery's makeup was about to be finished, she looked around and didn't see Elliot.

"Where's Elliot?"

Avery didn't know but she didn't see him for a while, and she felt uneasy in her heart.

Tammy said, "I saw Elliot outside that he answered a phone call just now, and then went out. Maybe a guest came over!"

Avery lowered her eyes, picked up the mobile phone on the dresser, and found his number and dialed.

When His Eyes Opened by Simple Silence Chapter 1084

Elliot answered the phone quickly.

"Elliot, where have you been?" Avery tense heartstrings relaxed a little. She was so nervous just now that she thought she would not be able to get through to him.

"I'm going to receive guests. You stay in the villa, don't run around." Elliot said calmly.

"Oh, did Henry look for you?" Avery asked in a low voice.

"No."

Henry didn't look for me, but Henry's uncle looked for me.

And uncle was looking for me because of Henry's relationship. His uncle came to the resort yesterday, but now, uncle is outside. His uncle told him that Henry had something to talk with me about, and told me to go out to meet them now.

Henry is willing to negotiate with him privately rather than tearing his face in front of the public.

He didn't want Avery to worry, so he decided to go see what Henry would ask.

In a restaurant outside the resort, Henry, Cole, and several elders of the Foster family were sitting at the dining table.

When Elliot entered the restaurant, their eyes instantly turned to each other.

"Elliot, today is your big wedding day. I wish you a happy wedding, although you didn't invite me." Henry had a fake smile on his face.

Elliot sat down opposite him: "Tell me! What do you want?"

"Don't look like a wronged victim." The smirk on Henry's face disappeared, "Today, I will come to you to get back what belongs to our Foster family's stuff!"

Seeing his arrogant attitude, Elliot lost the mood to negotiate with him.

What is the Foster family thing?

Is it true that the words 'Elliot' also belong to the Foster family?

“Today is your big day, I don’t want to embarrass you too much, but you can’t take advantage of our Foster family!” Henry saw that Elliot’s face was gloomy, so he raised his voice, “I have already done it with Adrian. The DNA test showed that he is indeed my younger brother! So, you are not my brother, and you are not from our Foster family!”

Elliot noticed that the faces of the elders present were very ugly. They learned the truth from Henry this morning and received a strong blow.

They used to have a good relationship with Elliot, but now that they know that Elliot is not from the Foster family, even if they have feelings for him, they can’t continue to stand by him.

“Before you started your business, I won’t count the money my parents spent on you! When you started your business, my mother gave you a large amount of startup money. In order to find out how much this money is. Specially I went to the bank to check, and the amount of money transferred to you by my mother’s bank card alone is as high as 10 million!” Henry was very angry.

Henry continued, “I went to check the registered capital of your company at the beginning of its establishment, and it was only 50 million! It is equal to the money my mother gave you, accounting for one-fifth of your company! The reason why you can make so much money now is because Don’t open our Foster family’s financial support for you!”

Elliot looked at his indignant appearance, listened to his fierce words, and guessed what he wanted to take back. He didn’t expect that Henry’s appetite would be so great!

When His Eyes Opened by Simple Silence Chapter 1085

No wonder Henry didn't come to him for a while, because to make such a request, it really takes some courage!

"Henry, do you think your request is reasonable?" Elliot looked gloomy and his voice was even colder, "Those who didn't know thought it was you who gave me 10 million. When your mother gave me 10 million, she didn't look for it. I owe me an IOU."

"Looks like you don't plan to repay the money!" Henry's voice trembled with anger.

"If you insist on me paying it back, of course I can pay it back to you. I can pay you 10 million with the interest, but if you want the shares of our company, you might as well just go back to your rental house and dream!"

His finger Clinging tightly, patience has bottomed out.

Henry didn't expect that he could be so arrogant when he had the handle in his hands!

Is Elliot really not afraid of the truth being revealed?

"Elliot! You are indeed the son of a gangster, Nathan. Not only did you stole my uncle, Adrian's life, but you also stole the property belonging to our family. Don't think that your current social status If you are taller than us, you can do whatever you want. When we reveal your true face, wait for your reputation to be ruined!" Cole saw his father's body trembling with anger, so he shouted.

Elliot had a brotherly love for Henry, so he endured Henry's lion.

“And Cole, what do you think I am? How dare you yell in front of me?”
After saying these words, Elliot got up from the chair, walked to Cole, grabbed his collar, punched him hard in the face!

Bright red blood spurted out of Cole’s mouth, dyeing Elliot’s dress red.

Cole was knocked out by his punch!

Elliot looked at his blood-stained fist, but he didn’t expect such an astonishing power to burst out when he was out of control!

“Killed...killed! Elliot, you murderer! Not only did you kill my father, you even spared my son! You wait! I’ll call the police right away, you wait for me.” Henry was so frightened that he quickly took out his mobile phone from his pocket.

Several elders immediately stepped forward and grabbed Elliot to prevent him from doing it again.

“Elliot, don’t be impulsive! It’s hard to tell who’s right and who’s wrong about the past. As elders, we hope you two brothers can solve this matter well and don’t cause any fatalities!”

“Cole fainted, call ambulance to take him to the hospital first!” Henry first called the police, and then Ask the elders to send Cole to the hospital.

“Today, my feud with Elliot is settled! Even if I can’t get back what belongs to my Foster family, I can’t make him feel better!” Henry said, staring at Elliot fiercely, “I knew you. The wolf is ambitious, greedy, and won’t easily hand over what you swallow, so you can wait for your retribution!”

Henry finished the warning and left the restaurant angrily. He made a two-handed plan.

The first-hand plan, Elliot was willing to give one-fifth of the shares to Henry and Cole, then this series of scandals should not have happened.

Second-hand planning, Elliot rejects their request, then they don't have to give Elliot any face. He has contacted many media privately, and he will expose all the truth in front of the media!

In a hotel closest to the resort, reporters have been waiting for a long time.

After Henry appeared, everyone cheered up and waited for the secrets of the giants to be revealed!

Henry walked to the stage and faced all the reporters. The words are sonorous and powerful, "Just now, Elliot beat my son into the hospital. If the elders hadn't stopped him just now, my son would have been killed by him. My father, Jaxson Foster, was killed by Elliot! This incident is what I saw with my own eyes!

I am willing to bear all the consequences to prove that what I said is true! The reason for this incident is It has been concealed until now, because I am thinking of the affection of my relatives! Now, I find that his identity is not the young master of the Foster family, but a wild breed born to a driver of our Foster family!"
