

When His Eyes Opened by Simple Silence Chapter 1086

This press conference for countless media was broadcast live on the Internet simultaneously.

Henry is now determined to fight to the death with Elliot, so his emotions are particularly intense. He was at the scene and provided all kinds of evidence.

Including the DNA certificate, as well as the screenshot of the transfer from the mother to Elliot.

After providing all kinds of evidence, he turned to the camera with tears in his eyes: “Elliot deprived my brother of his life and founded Sterling Group with the money of our Foster family. Now my mother has passed away, I don’t know what happened to my brother and the driver back then. How did the child get replaced, but now the truth has come to the bottom. I don’t want to be hurt any more! Even if Elliot doesn’t want to pay back the money owed to our Foster family and my father’s life, he must come out and give an explanation!”

After the live broadcast was synchronized online, it was immediately spread in Aryadelle.

Elliot and Avery’s wedding was super talkative, and the blessing comments were instantly replaced by new content.

[Have you seen the live broadcast of Elliot’s brother Henry? The news is terrible! Come and see! Search Henry to see it.]

[Everyone, go watch the live broadcast! If you go later, the live broadcast may be blocked! After all, Elliot can cover the sky with only one hand in Aryadelle.]

[Aah! Can anyone summarize what his brother said on the live broadcast?
I can't watch the live broadcast at work.]

[Summary: 1. Elliot is not the child of the Foster family, but the child of the driver of the Foster family. The civet cat has changed the prince. 2. When Elliot was a teenager, he personally killed Jaxson Foster, the head of the Foster family. 3. Elliot's Sterling Group was founded with the Foster family's money, but now Elliot is not willing to share the money with Henry. In the final analysis, there is a problem with the distribution of benefits. If Elliot was willing to give Henry a little more money, these scandals would not have been exposed.]

[F*ck. Elliot turned out to be the driver's child. It must be his father who replaced him with the real young master of the Foster family. His dad is so brave. No wonder Elliot doesn't look like the rest of the Foster family.]

[Only I am curious, why did he kill Jaxson Foster? Murder is against the law. When he killed Jaxson Foster, he must not have known his true background, right?]

[Sure enough, those who can succeed are not ordinary people. Judging from the information exposed by Henry, Elliot is a very scary person! Avery married him today. I wonder if Avery knew these things about him.]

[Know what, they both have had children. Must be bound for life. Moreover, what if Elliot killed someone, and if he killed him when he was a minor, the law can't do anything about him.]

[Although the law can't do anything to him, it would be too sad if society can tolerate such a person to succeed! I hope the state can come forward to manage such bad public figures!]

[Elliot is not an entertainment star. He pays real taxes to the state every year. How do you think the state should manage him?]

[No matter what country you are in, murder is illegal! When he killed Jaxson Foster, can you imagine how helpless and desperate Jaxson Foster must be? Teenage boys, even if they are underage, can never be ignored!]

[I can not stand it any more! On behalf of myself, I would like to boycott Elliot from now on! He is a murderer! Even if he was underage at the time, this fact cannot be erased! Murderers should be cast aside forever!]

[Those who cleaned up Elliot, I hope you will never encounter a murderer in your life.]

.....

Netizens are arguing fiercely on the Internet, while in the resort, there is peace and tranquility.

However, the calm is only an illusion.

After Tammy swiped her mobile phone and saw the news on the Internet, she immediately took the mobile phone and handed it to Avery.

“Avery, what's wrong with Henry? Is he sick? Why did he spread rumors about Elliot?” Tammy said angrily, “It's too outrageous! He even said that Elliot was not his own brother, and that Elliot was their driver.”

After Avery saw the news on the Internet, she immediately returned the phone to Tammy, then stood up with her skirt, ready to find Elliot.

Tammy immediately followed her, “Avery! Where are you going? Are you looking for Elliot? Just call him, it’s too inconvenient for you to go out like this!”

Tammy pulled her arm tightly.

“Tammy, what Henry said is true. I’m afraid Elliot can’t stand it! I have to find him!” Avery pushed Tammy’s hand away and continued to walk outside.

When His Eyes Opened by Simple Silence Chapter 1087

Tammy froze in place, startled.

Is what Henry said true?

Elliot is not the young master of the Foster family. Elliot killed Jaxson Foster?

OMG!...

If it wasn’t for her holding on to the column next to her in time, she might have fallen down when her ankles softened!

This news was so scary! She was dizzy and felt like she was having a nightmare.

After Avery came out of the villa, the bodyguard immediately caught up with her.

The bodyguard advised, “Boss, calm down! If you run out like this now, you will attract onlookers, Mr. Foster has gone outside, but he shouldn’t have gone far. If you call him, he should be back soon. “

Avery’s chest rose and fell rapidly. She turned on her phone, found his number and dialed it.

The phone was on, but he didn’t answer.

The bodyguard supported Avery and sent her to the villa, “Boss, you stay in the villa, I’ll find him! I’ll find him and ask him to call you back. There are many people outside, you are dressed in Going out like this will be discussed by others. And it will also stain the wedding dress.”

She told Elliot that no matter what happened today, the wedding must be done. She took a deep breath and calmed herself down a little.

“Go to him. Find him and bring him back immediately. If he refuses to come back, tell him that I’m waiting for him.” Avery’s eyes were red, and he explained to the bodyguard.

“Okay.” The bodyguard sent her to the villa, then turned around and strode away.

Outside the resort.

Elliot is under investigation by the police.

“Mr. Foster, we contacted the hospital just now. Your nephew is not dead. So you will not be in trouble.”

Elliot: “He is not my nephew. I have nothing to do with the Foster family.”

The people of the Foster family, the outside world doesn't care so much. The main reason is that Henry said that you killed his father with your own hands... Is it true?" The police officer asked cautiously.

After Elliot was silent for a moment, his Adam's apple rolled: "Yes. I killed Jaxson Foster."

"You were underage, right?"

"yes."

"Can you tell me why you killed Jaxson Foster? This matter Now is fermenting on the Internet, and it doesn't affect you very well. If you can give a reasonable explanation here, we can help you publicize it."

"No." Without hesitation, he rejected the other party's kindness.

Elliot didn't want to make Shea's incident public, because it was a deep scar for both Shea and him.

If one more person knows, it will hurt him.

He doesn't need the sympathy of outsiders.

When His Eyes Opened by Simple Silence Chapter 1088

In the villa.

Avery received a call from the bodyguard.

"Boss, I found Mr. Foster! But it's a little messy outside now!"

The voice of the bodyguard came from the phone. Together, there are loud voices.

“What’s the matter?!” Avery jumped up from the sofa.

“I don’t know what’s going on, but suddenly a lot of people rushed over and called Mr. Foster a murderer! These people don’t feel like normal people... Because the police were also on the scene, they dared to come around and make trouble!” The bodyguard said, and suddenly let out a low roar, as if arguing with someone.

Avery hung up the phone and ran outside immediately.

“Avery! Where are you going?!” Tammy immediately caught up with her when she saw her impulsiveness.

“Elliot is in danger, I’m going to find him!” Avery quickly walked out of the villa gate with her heavy skirt.

After she went out, her footsteps stopped abruptly.

Eric held Layla and stood in front of her.

Eric already knew what happened on the Internet, so he came to see her, “Are you going to find Elliot? It’s very chaotic outside now. I’ve asked his bodyguard to support him, so don’t go.”

Avery heard his words, but didn’t take them into her heart.

“Bring Layla into the house! I have to go out and see.”

With that, she walked around him and strode down the steps.

Eric took a deep breath, handed Layla to Tammy, and chased after her.

There was chaos outside the resort.

A large group of people came from nowhere and surrounded Elliot.

These people not only abused him with fierce words, but also took pictures of him with their mobile phones.

Although the bodyguards were protecting him, they couldn't stretch their limbs because there were so many people around.

“Elliot, You devil with blood on your hands! If you don't spit out the black money, you will be dragged to h-e-l-l by the specter sooner or later.”

“Elliot's wife and children won't die!”

Elliot frowned and looked at the source of the sound!

After seeing the middle-aged man who said that his wife and children were going to die, he immediately pushed aside the bodyguards in front of him and strode towards the man!

“Elliot!” An exclamation came from outside the crowd.

Avery, wearing a white wedding dress, strode over.

Everyone was stunned when they saw Avery.

No one expected that the bride would run out of the resort.

Elliot saw her anxious little face and clenched fists, and immediately forgot where to swing.

When the middle-aged man standing in front of him saw him absent-minded, he immediately raised his fist and smashed his head.

After the first person started, the second person, the third person... also followed suit.

Elliot felt that he was being dragged down by countless pairs of sharp claws.

He seemed to have fallen into an endless h-e-l-l and his body was constantly being tortured and tortured from all directions.

Avery saw when Elliot was pushed down and besieged, her tears fell suddenly.

“Elliot!” She desperately pushed the people around in front of her away and roared, “Let him go. Stop it. You thugs. You lunatics.”

The police and bodyguards rushed to help immediately.

When His Eyes Opened by Simple Silence Chapter 1089

Soon, the violent crowd was repelled.

Avery walked through the crowd, ran to Elliot’s side, and hugged his tense body!

“Elliot! Don’t be afraid. They are all ignorant madmen. You are not a sinner.”

After the perpetrator was taken away by the police, the crowd of onlookers did not stop taking pictures with their mobile phones.

The video of Elliot being beaten quickly spread to the Internet. This kind of news of dragging the big man off the shrine has always caused huge heated discussions.

[Oh my God! Is this really Elliot? He looks so miserable. To be beaten up by so many people in the street... If this were me, I would never dare to see anyone again.]

[Have you seen it? He didn't dare to fight back. It shows that he really killed people.]

[It's so heartwarming to see. Although the law can't hold him criminally responsible. justice is in everyone's heart, let this b*stard die.]

[Isn't he getting married today? It seems that this marriage is impossible to end, right? If I were a bride, I would definitely run away]

...

Mid-range community.

Nathan trembled with anger after seeing the video of Elliot being beaten. This incident made him more angry than Elliot not giving him money.

Although he and Elliot have no normal father-son relationship, Elliot is his biological son after all. Seeing his son being bullied like this, he felt that all those fists were smashed into his face, which made him particularly embarrassed.

If he is not in Aryadelle, he can ignore this matter but now Elliot is being bullied under his nose. How can he just sit back and ignore it?

Zion sneered after watching the video several times and said, "It's really useless. I thought he was so good and he didn't even know how to fight back when he was beaten."

“So many people beaten Elliot, how can he fight back? Have you never been beaten? Zion, You really a useless b*stard.” Nathan yelled loudly and reprimanded.

“Dad, what are you yelling at me for? It’s not that I beat him... Besides, he had someone beat you before. Now, shouldn’t you be happy to see him beaten?”

“Why am I so happy! It’s my son! Even if he beats me up, he’s still my son!” Nathan raised his voice, his eyes were scarlet, “The house we live in now was bought with his money! Although he wouldn’t give me a lot of money. If you ask him for a little money in the future, he will definitely give it!”

“Why are you so angry, it’s true that he killed someone, he deserves to be beaten!” Zion got emotional and couldn’t help but talk back.

Nathan slapped Zion’s face and said, “Shut up your mouth. You b*stard, You know Elliot your younger brother. If you have nothing to do, go back to Bridgedale for me! Take your sister and get out of here! Seeing you two trash, I have a headache!”

Zion covered his face, exhaled heavily and strode back to his room to pack his luggage.

Nathan was so upset that he put his phone in his pocket and walked quickly to the door to change his shoes.

In the resort.

Avery helped Elliot back to the villa.

Footprints were all over Elliot’s clothes. The straight suit that had been ironed was now wrinkled, making him look embarrassed.

When The two returned to the villa, the portrait in the villa was pressed to pause.

It wasn't until Avery helped Elliot into the master bedroom, and until Layla's cry came, everyone was relieved.

“Don't cry baby Layla.” Tammy picked Layla up and wanted to coax her but she didn't know how.

Eric came forward to take Layla over and carried her away from the depressing living room.

In master bedroom.

Avery unfastened the jacket on him and took it off. Then She went to the bathroom and brought a basin of warm water to wipe the blood and dust on his face and hands.

They had known each other for so many years, and this was the first time she saw him being bullied.

Avery took a towel and wiped his stern pale face, his voice choked, “Elliot, I know you're feeling very uncomfortable now but... our wedding...”

Avery broke down in tears when she said this.

Do they want to continue their wedding ?

When His Eyes Opened by Simple Silence Chapter 1090

They agreed before that even if Henry made everything public, they would continue the wedding normally.

But now Elliot mental state makes her heartache. She wanted to continue the wedding, but didn't want to force him.

There were so many guests at the scene, although they were all his friends, but it was difficult to guarantee that everyone was not looking at him with the mood of watching a good show.

Her tears dripped down Elliot's trousers.

Elliot looked at her sad appearance, and his voice was desolate and hoarse, "Don't cry."

Hearing his voice, her reason returned to her body.

"I'm not crying. There's nothing to cry about." she said, carrying the sink to the bathroom and putting it down, then grabbed a brand-new suit from the closet.

"Now that things have spread, we don't have to worry anymore." Avery put the suit down on the bed, and unbuttoned his shirt one by one.

His shirt was not only dirty but wrinkled.

Avery didn't want to see him in wrinkled clothes.

In the past so many years, Elliot had always been a handsome and noble son. Even now everyone called him a murderer, but in her eyes, he was still the noble and glamorous Elliot.

"Elliot, don't care what others say, it has nothing to do with us. We will get married and live a happy life..." Having said this, the next words choked.

Avery unbuttoned his shirt and saw him covered in bruises.

The tears she managed to hold back burst again after seeing the injury on his body.

Those savage bastards, why did they bully Elliot? Dmn them!

“Does it hurt?” Her fingers trembling slightly, landed on his wound.

“Don’t cry. I promised you that no matter what, it won’t affect our wedding.” Her sloppy reason gradually gathered up after meeting her tears.

Just like what she said, Henry has already laid out all his cards.

Nothing will ever be worse than the present.

“Yeah! Elliot, in this life, I don’t want anyone but you. Even if you’re a really heinous villain, I’ll admit it!” Avery looked at his resolute eyes with tears in her eyes, “wait for me here, I will go and get the medicine.”

Avery turned around, wiping away her tears. When she came out of the master bedroom, everyone saw her and stepped forward.

“Avery, how is Elliot? Is he all right?”

“Should the wedding continue? It will be auspicious in half an hour.”

“Avery, you have finally come this far, but don’t be influenced by the outside world. What happened has already passed, as long as Elliot treats you well now is enough.”

Everyone’s comfort fell in Avery’s ears.

Avery nodded: “We’re fine. The wedding will continue. I’ll go and get him medicine.”

“You stay here and don’t move, I’ll get the medicine.” Mike strode out.

Chad chased after him to get medicine.

“This Henry has such big ambitions.” Chad complained to Mike about the news he had inquired, “I heard that he asked my boss for shares in Sterling Group. Do you think he has a big heart?”

Mike said, “Is he good? It’s easy to get hold of Elliot. If you don’t speak up, you will have no chance in the future.”

“The company was founded by my boss and it is my boss’s hard work. Of course my boss won’t let him be slaughtered. If my boss is such a threat, the company has been torn apart a long time ago!”

“Elliot still have a boss? he has killed people. Don’t you think it’s scary?” Mike teased coldly.
