### Chapter 1121

“Elliot, I’m sorry. I know you have a half-month leave this time, but we’ve only been out for less than five days. But I really miss the child.” Avery hugged him and apologized hoarsely.

“It’s okay, I miss the child a little too.” Elliot patted her on the back and comforted, “When the child is older, we can take the child out to play together.”

“Well.” Avery breathed a sigh of relief in her heart.

Three days later, they returned to Aryadelle.

The injury on Elliot’s body was almost healed, but the injury on his face was still very conspicuous.

His marriage leave is not over yet, so he decides to stay at home until the marriage leave ends.

“Are you going out?” Elliot asked when he saw Avery carrying her bag and walking to the door to change her shoes.

She smiled and replied, “Yeah, I bought Tammy a present, and I’m giving it to her now. I’ll be back for dinner at night. If I don’t come back at night, you don’t have to wait for me.”

Elliot frowned slightly: “Didn’t you say that you really miss children? Go see your best friend as soon as you come back. No matter how I look at it, I can’t see how much you miss children.”

Robert was in his arms now.

After she came back, she just teased Robert and went to take a bath.

Now get ready to go out after taking a shower. No wonder he said that.

“I’ll be back with the baby tonight!” Avery changed her shoes and waved to the father and son.

Before she returned to Aryadelle, she made an appointment with Cole.

Shea things cannot be delayed. The longer she delay, the more danger there is.

Of course she missed the child very much, wanted to hug the child, and wanted to be with the child at home, but she had no energy now.

Half an hour after she left home, Elliot called Jun.

“Is Avery with Tammy now?”

He didn't want to doubt her, but her reaction was very abnormal in his opinion. So he had to confirm privately that Avery really went to see Tammy.

Jun: “I'm not at home! How about I ask Tammy?”

“Then you ask.”

Jun hung up the phone and called Tammy: “Tammy, is Avery with you now? “

Tammy raised her eyebrows: “Why are you asking this?”

“Brother Elliot asked. He may be worried about Avery!”

Tammy hesitated for two seconds and said, “She is with me! Let's make an appointment Let's go shopping together.” After talking on the phone, Tammy immediately called Avery and complained: “Avery! Your husband called my husband and asked about your whereabouts! How come you lied to him and didn't talk to me? As soon as I made a slip of the tongue, wouldn't the two of you have to quarrel again?”

“I forgot to tell you, I'll find you later.”

“Okay,” Tammy asked worriedly, “where are you now? It's not dangerous, right?”

“It's not dangerous. I brought you a gift. I'll talk about it later.” Avery hung up the phone after finishing speaking.

At this moment, Cole sat opposite her, smiling slyly.

“Avery, what's the matter with you looking for me?” Cole guessed for two days without guessing the reason.

But he had a hunch that Avery must be asking for him.

Avery said, “I want to see Adrian. I want to see how his health is now. After all, I am his attending doctor.”

Cole teased, “Oh, you ended your honeymoon early to see my uncle's health? Avery, don't take me for a fool, okay?”

### Chapter 1122

Avery picked up the water glass and took a sip.

"You are now a famous lady, and I'm just a down-and-out young master of the Foster family." Cole laughed at himself, "Why do you have to go around in circles with me?"

"I need to see Adrian. I have something to ask him." Avery put down the water glass and said sternly.

"What do you have to find him for? Although he's not that stupid, he doesn't have the ability to take care of himself. Even if I could let you see him, my dad wouldn't allow it. You are Elliot's wife, and my dad and Elliot are incompatible."

Avery sneered, "What's wrong? Isn't it because you asked Elliot for his company shares, but he wouldn't give it? Your father and you are so greedy, and the lions are open to talking. I'm afraid that up to now, you don't feel that your requirements have anything to do with it. It's too much."

Cole raised his mouth and said coldly, "Avery, if you have such an attitude, I don't think we need to continue talking. Do you really think of yourself as a noble wife? This is Elliot and The matter of our Foster family has nothing to do with you."

"I am Elliot's wife. So I am not an outsider about this matter." Avery was neither anxious nor annoyed, "This is your grandma's plan, and Elliot is also a victim, Why do you ask Elliot for money? Besides, your grandma gave the money to Elliot, not your father. What right do your father and you have to ask him for money?"

Cole asked, "My grandma's money is the property of the Foster family. Besides, why do you think my grandma did the child's unpacking? You have the ability to show evidence that my grandma did it. If you can't come up with evidence, my dad and I have reason to suspect that my grandma didn't know about it. All of this is Nathan's conspiracy."

How did Avery come up with evidence?

Rosalie Foster has been dead for several years.

“Avery, what’s the matter with you looking for Adrian? I can tell you clearly that he is in good health and has never been sick. He also eats well and sleeps a lot. After he followed us, he probably gained weight.” Cole wanted to know why Avery was looking for him.

But Avery glanced at him, lowered her eyes, and pondered for a few seconds.

Avery said, “Go back and help me make an appointment with your dad. Didn’t you just say that, even if you wanted me to see Adrian, your dad would not agree. Since you speak completely at home there is no weight, then I’ll talk to your dad directly! You have an appointment, let me know.”

Cole: “...”

The meeting broke up, and Avery drove to find sweet.

The two met at a restaurant near Tammy’s house.

Seeing her sad face, Tammy ordered her a table of food.

Tammy took the gift from her and asked, “What’s the matter? Others go happily on their honeymoon and come back happily, but you go away happily and come back with a sad face. You go out for a week, and the journey will be short. You have to subtract four days, which equals to three days in total.”

Avery nodded: “Something happened, so I came back.”

“What’s the matter?” Tammy lowered her voice, “I can’t tell Elliot. Is it related to him?”

“It is related to Shea.” She had been in friendship with Tammy for many years, and she trusted Tammy very much, so she did not hide it, “Shea is not dead. But she is very ill. She don’t want us to know, because I’m afraid we’ll be sad. She’s so ill, and she’s still thinking about us.”

“Oh my God!” Tammy’s chest heaved up and down quickly, she picked up the green tea on the table, and took a sip, “So, Who did you go to see just now?”

“Cole.” Avery looked at the table full of delicacies and said blankly, “Shea is going to have a kidney transplant. There is a high possibility that the kidneys of ordinary relatives will be compatible. But Henry and Cole will never give Shea a kidney transplant. So I can only pin my hopes on Adrian.”

“Didn’t you say before that Adrian is the same as Shea, very kind and obedient? Then Adrian should agree to donate Kidneys to Shea?”

“Well. The problem now is that I can’t see Adrian.”

### Chapter 1123

Tammy gave her an idea, “Would you like to send someone to snatch Adrian! You talk to Henry and his son, they will definitely not let this opportunity to find you to corrupt money. Why not Send bodyguards directly and snatch Adrian?”

Avery was shocked by Tammy’s idea.

“Tammy, this is a society ruled by law. And although Henry has no money now and their Foster family’s connections are still there. Besides, if you send bodyguards to rob Adrian, Elliot will know about it. He will know about it in a week. I don’t want him to be coerced by Henry again for the Shea thing.”

Tammy reminded, “Well, they will definitely ask you for money And the number they want. It will definitely not be a small amount. You may not be able to satisfy their appetite.”

“Let’s talk about it when I meet Henry! If we really can’t agree, think of other ways. Although the relatives’ kidneys are highly compatible, But the kidneys of strangers also have a certain chance of adapting. In short, Shea is still alive, which is great news.” Avery rubbed her temples and comforted herself.

“Well. Don’t be too nervous. You are like this. It’s easy for Elliot to find something unusual. He called my husband at that time to ask about your whereabouts, and he obviously suspected that you were lying.”

Avery said helplessly: “Think in another’s shoes, if he left me and my child today, we went out. I will also doubt him.”

...

Cole returned home and told his father about his meeting with Avery.

Henry: “Avery doesn’t want to say anything?”

Cole glanced at Adrian's room and said, "I don't want to say anything. But it's definitely related to Adrian. From what she looks like, I guess it's not a trivial matter. Dad, let's move Adrian to a place where no one can find him. In case Avery comes hard, we can't do anything about it."

Henry pursed his lips, pondered for a moment, and nodded: "Since Adrian It's so important now, let's find a bodyguard to watch him!"

Cole said, "Yeah! You go to meet Avery tomorrow to see what's going on."

"Okay." Henry agreed, worrying, "Could it be Banquet?"

Cole: "Probably not. She came alone. Maybe Elliot doesn't even know. If Elliot knew, he would definitely not let her come forward. Elliot is so impulsive, if something happens, he will definitely come to us directly."

Henry: "Okay. Then you make an appointment with her. See you at noon tomorrow."

Cole: "Yeah."

....

Avery returns home in the evening. Layla immediately ran over and hugged her.

"Mom, why did you and dad come back so soon? Didn't you say you were going to visit your brother in Bridgedale?"

Avery explained embarrassingly: "Mom missed you and your brother, so she came back early."

Layla blinked her bright and clear eyes asked, "Then you don't want Brother? I called my brother last time, and I told him that the two of you would go to him. But if you don't go to him now, he definitely will sad!"

Avery's body froze, but the pain in her heart kept coming.

"Avery, are you hiding something from me?" Elliot walked up to her and asked.

### Chapter 1124

Avery shook her head without thinking, "I just can't stay in Rishawaka anymore."

"Why can't I stay?" Elliot asked.

Avery said with difficulty, "You told me the other day that you saw Wesley, so whether I took a nap or went to bed at night, I would always dream of Wesley and Shea. I should have been happy on my honeymoon, But every time I wake up from a dream, I feel very uncomfortable."

Elliot took her into his arms and comforted her softly: "You should have told me."

Avery said, "Telling you will only make you uncomfortable. Elliot, after a while, you can accompany me to visit Hayden in Bridgedale! I feel a little tired these days."

"Okay." Let him explain."

"Yeah."

She took out the things she bought with Tammy in the afternoon one by one from the bag.

I bought clothes for my two children and some snacks.

After Layla glanced at the new clothes, she pulled her and said excitedly, "Mom, I'll show you a surprise!"

Avery quickly adjusted her mood: "What surprise?"

I saw Layla running to the coffee table, took a banana from it, then walked to Robert who was playing with toys, hugged Robert from the mat and stood up.

"Brother! Did you see the banana in my sister's hand? Do you want to eat it?" After Layla stabilized Robert, she immediately took a few steps back, "Come over to my sister's place, and my sister will give you bananas!"

Avery Settling immediately understood what the surprise Layla was talking about.

Could it be that Robert can already walk?

This chapter is provided by . Visit for daily update.

Robert stared at the banana in Layla's hand, his bright eyes never blinking. He clenched his small fist tightly, then stretched out his arm, and walked towards Layla with a serious face.

He is still young and cannot walk steadily. Every time he took a step, that rickety little body made Avery extremely worried.

Elliot said, "Don't worry. Even if he fall, it won't hurt. He went to the fruit plate in the afternoon and wanted to eat bananas."

But the living room is covered with carpet, so it won't hurt too much if he fall.

Avery looked at Robert lying on the ground with aggrieved expression, and wanted to go and pick him up, but was stopped by Elliot.

Layla took the banana and put it in front of him, tempting him, and shouted, "Brother, get up quickly! Brother, get up quickly! When you get up, your sister will give you bananas!"

Robert's face With the expression of 'Baby is so bitter', he tried to get up, but he couldn't get up after several attempts.

He grabbed his little head, gave him a 'swish', looked at his parents next to him. His eyes filled with resentment, as if to say, "Why are you two sitting there watching the play instead of hugging me?"

"Baby, help the chair next to you to get up, don't be afraid, try it! If you get up by yourself, your sister will give you bananas!" Avery encouraged softly.

After Robert hummed a few times, his little hand grabbed the chair next to him and stood up with difficulty!

Avery breathed a sigh of relief. But after a week, her son has changed so much!

The next second, Robert ran to Layla and hugged her body tightly.

"Sister!" The little baby raised his head and wanted to eat a banana.

Layla immediately hugged Robert: "Mom, do you think my brother is very good?"

Avery: "Awesome! It's mainly because his elder sister is very good, so your brother is also very good."

Layla usually played with Robert when she came back from school.

Soon after Robert will call his mother and also call his sister.

Layla took Robert and sat down on the sofa, then peeled a banana. One and a half siblings.

Avery was very moved when she saw this warm picture. She took out her mobile phone and made a videocall to Hayden.

After a while, Hayden received the videocall.

### **Chapter 1125**

Avery looked at her son's sleepy face in the video and said, "Hayden, your mother wants to apologize to you. Mom has returned to Aryadelle because of some things."

"Oh, what happened?" Hayden rubbed Rubbing eyes and asked.

There is a time difference between Bridgedale and Aryadelle. At this moment, Bridgedale is more than 6 in the morning.

"It's not a big deal, you don't have to worry. When mom adjusts her mood, mom will go to Bridgedale to see you. When mom goes there, she will tell you in advance." Avery said.

Hayden: "Well."

"Would you like to see your brother and sister?" Avery said, turning the camera to the sister and brother who were eating bananas.

Layla immediately pointed the remaining bananas at the camera: "Brother, eat bananas for you!"

Hayden: "Childish."

"Layla deliberately angered him, "Brother, younger brother can walk. He will still call his parents, mom and sister, but he won't call you. Are you jealous?"

Hayden: "Boring."

“Brother, do you miss me? If you say you miss me, then I will go to Bridgedale with my mother next time.” Layla took the phone from Avery, “Quickly say you miss me!”

‘Dududu’! Hayden hung up the videocall.

Avery took the phone back and said, “Layla, don’t be sad. Your brother must miss you, he just hasn’t slept well yet. It’s only six o’clock on his side.”

“Then why did you make videocall so early? “

“Because Mom can’t wait to apologize to him.”

“Oh, okay! Mom, let’s go eat!”

“Well.”

After the family had dinner, Avery took the child for a walk in the community.

Elliot stayed at home because of the injury on his face.

Layla was pushing the stroller and walking quickly ahead.

Avery followed behind and reminded aloud, “Layla, don’t go so fast. Be careful to bump into someone.”

After she said this, the phone in her pocket vibrated. She took out her mobile phone and saw the message from Cole.

Cole told her that Henry was free tomorrow, and asked you to set a meeting place.

She looked at the message, her brain was running at high speed for a few seconds, and she sent him an address.

When Cole saw the address Avery sent, he immediately replied: [Are you sure?]

Avery: [OK. How about it at half past seven tomorrow morning?]

Cole: [Okay!]

Avery chose to meet at a breakfast shop outside the Starry River Villa. She chose to meet at 7:30 in the morning because Elliot hadn’t woken up yet, and she could take advantage of the time in the morning to send her children to school, and go out to meet Henry by the way.

The most dangerous places are often the safest places.

The next morning, Avery put Layla in the car, and then said to Mrs. Cooper, "Mrs. Cooper, I suddenly want to eat bean curd. I won't be home for breakfast today."

"Okay. What do you want to eat next time?"

"you can tell me in advance, I'll just go buy it."

"Well. I'll go to the breakfast shop outside to buy it." Avery took her mobile phone and went out.

After coming out of the community, she came to the agreed breakfast shop. Entering the store, she saw Henry and Cole at a glance.

She walked over and sat down across from them.

The father and son were obviously relieved to see that she came alone.
