Chapter 1126

“Are you afraid of me?” Avery teased, picked up the menu and ordered.

Cole said, “This is your territory after all. What’s the matter with you, tell me quickly. Does Elliot live in your house?”

Cole was not only afraid of her, but also of Elliot.

Avery looked at them after ordering a soy milk fritters.

To be precise, looking at Henry.

“Mr. Foster, Adrian is your younger brother, so do you remember that you have a younger sister?” Avery eyes were calm and her tone was calm.

She hopes this matter can be resolved peacefully.

After all, in addition to being very important to her and Elliot, Shea is also Henry’s sister.

Henry listened to her words, thought about it for a few seconds, and then said: “Did you say Shea? Of course I didn’t forget her. It’s just that she and I are not very close. What did you mention her for? Shea didn’t sacrifice her to save your son. Did you? Telling me about her will only make me more angry with you and Elliot.”

Avery retorted him, “What’s the use of anger? Do you think Elliot and I want to see Shea die?”

Henry glared and complained, “No matter what you say, Shea died because of you. Did you come out with me to talk about Shea? Did you find Shea’s body?”

“No.” Avery looked at Henry and said word by word, “Shea is not dead. But she is seriously ill. Henry, you can only save Shea. Are you willing to save her?”

“Shea is not dead? Seriously ill? How can I save her? I don’t know medical skills...” Henry was a little flustered.

“Would you like to donate one of your kidneys to Shea? She is in kidney failure now.” Avery said, and looked at Cole again, “Cole, if you are unwilling to donate your father’s kidney, your kidney can also be used. Shea is your own aunt, so you definitely wouldn’t give up on your aunt, right?”

Father and son were speechless.

Donate a kidney!

What a joke!

Not to mention that Shea is estranged from them, even if the relationship is very close, their father and son will not easily donate one of their kidneys.

“Avery, calm down!” Cole took a sip of soy milk to calm his emotions, and then said seriously, “My father and I are not very healthy, so it is impossible for us to donate a kidney to Shea. Although Shea is my aunt and I love her very much, I can’t sacrifice myself for her.”

Avery had long guessed that the father and son would have such a reaction.

“You two are ruthless. Shea is your blood relative. If Elliot was her brother, Elliot would definitely be willing to donate a kidney to her.” Avery teased.

Father and son blushed with shame.

“Let Adrian donate. Adrian is her brother.” Cole thought of Adrian.

What Avery was waiting for was this words.

“If you don’t want to donate your kidneys to Shea, you can only go to Adrian.” Avery said regretfully, and the conversation changed, “But Adrian’s kidneys are not necessarily suitable for Shea. I have to bring Adrian to do it. Take a physical examination to see if he meets the requirements.”

Henry and Cole looked at each other. Both of them were waiting for this opportunity to turn things around, so they quickly came back to it.

Chapter 1127

Cole discovered Avery’s plan, “No wonder you said you were looking for Adrian yesterday! It turned out that you wanted Adrian to donate a kidney. You deliberately

asked my father and me to donate kidneys, let us both first Panic, and then lead to Adrian... Avery, I have to say, you have a lot of brains!"

Avery said, "Cole, don't treat a gentleman's belly with the heart of a villain. Under normal circumstances, You should donate your kidney on your own initiative. But I know that you are greedy for life and fear death, so you definitely don't want to."

"Just talk and scold people for what you do. Shea is indeed my aunt, but what has she done for me all these years? She didn't even tell me a word. You asked me to donate a kidney to her? I don't give her a kidney until my brain is flooded!" Cole roared.

Henry patted Cole's arm to calm him down.

Henry had calmed down and said Have a plan, "Avery, Shea is my sister, and I hope she recovers quickly. I can ask Adrian to donate her kidney."

"Yes! You hand over Adrian to me, and I will take him to the hospital for examination." Avery didn't expect things to go so smoothly.

This father and son are quite conscientious.

A smile appeared on Henry's face, "Avery, I promised Adrian to donate a kidney to Shea, not only because I want to save Shea, but I also have to guarantee their brother and sister's future life. Shea changed. It's like this to save your child. So I'm asking, isn't it too much?"

Avery clenched her fingers. She is naive! How could this father and son have a conscience?

The waiter came with a tray and put the fried dough sticks and soy milk as she ordered in front of her.

"Dad, you're right. In order to take better care of my uncle and aunt in the future, we should indeed make a request." The corner of Cole's mouth rose, in a good mood.

"How much do you want?" Avery held the soy milk cup, her voice tense, "I advise you to think carefully and then quote. I can give you money, but if the price you quote is beyond my range, I can't satisfy you."

"You have no money, but your husband has." Cole reminded.

"Elliot does have money. If you let him know about this, do you think he will give you the money obediently, or will he directly send bodyguards to arrest Adrian?" Avery threatened, "I didn't tell Elliot about this. I just don't want to make things bigger."

“Make trouble!” Henry said ruthlessly, “Avery, I have nothing left now. Don’t try to threaten me with anything! Besides, I have already hidden Adrian. Get up, let me see where you guys go to grab Adrian! Unless you want Shea to die of illness! Otherwise, I want nothing less!”

“What do you want?” Avery said blankly.

Cole said decisively, “One-third of Sterling Group’s shares. It can only be more, not less! You and Elliot owe our Foster family too much!”

Avery sneered, “Why don’t we give it? Do you think that in this world, only your kidneys can match Shea?”

The expressions of the father and son suddenly became extremely gloomy.

This negotiation broke up unhappily.

Avery angrily left the breakfast shop. She walked back to the community. When she got home, she was so hungry that her stomach cramped. She changed her shoes and strode towards the dining room, clutching her stomach.

“Mrs. Cooper, do you still have breakfast? I didn’t go out to eat.”

“Also. Mrs. Cooper hasn’t come for breakfast yet!” Mrs. Cooper looked at her, “Why didn’t you eat outside?”

“When you were in line, got into a dispute with a customer.” Avery casually found a reason, “I didn’t think of eating out immediately.”

“There are indeed many people in the breakfast shop outside this place.” Mrs. Cooper brought the breakfast to the table and comforted, “Don’t hurt your body because of such a trivial matter.”

“Well.” Avery glanced at the time and whispered, “It’s been 8 a.m, why hasn’t Elliot got up yet? I’ll go take a look.”

Chapter 1128

She came out of the dining room, and Mrs. Cooper followed.

“Huh, Where’s Robert?”

Mrs. Cooper found out that Robert wasn’t in the living room, and immediately became agitated.

“Don’t worry, he can’t walk yet.” Avery comforted Mrs. Cooper and strode outside.

Although Robert can’t walk yet, he is especially good at crawling.

Did he climb out?

The door to the front yard is closed, so the little guy shouldn’t be able to get out.

Just when Avery came out of the villa and went to the front yard to look around, Mrs. Cooper’s voice came: “Avery! Robert is in the master bedroom!”

Avery breathed a sigh of relief and strode back to the house.

Robert has a stroller for learning to walk. He just pushed his toddler stroller and knocked on the master bedroom door.

When Elliot saw his son knocking on the door, he immediately hugged him and played.

“You’re sweating profusely, you look down on your son too much.” He reached out to wipe the sweat from her forehead, “He can’t get through the gate of the villa at all.”

“He can climb!” Avery retorted .

“Even if he can climb out of the villa gate, but he can’t climb out of the front yard gate.”

“That’s because your son is with you, so you don’t have back pain when you stand talking.” Avery hugged Robert over and touched the little guy with his forehead. “Little boy, why didn’t you say anything to your father?”

Robert liked to touch people’s heads, so he grinned: “Hee hee hee!”

“Avery, why did you wake up so early today? There are bodyguards to take Layla to school, you don’t need to get up early.” Elliot looked at her slightly haggard face and said distressedly.

“I can’t sleep when I wake up in the morning. I can catch up at noon.”

“Well, let’s go have breakfast!”

Mrs. Cooper took Robert from Avery’s arms: “Robert has eaten in the morning, you two go to eat!”

The two went to the dining room, and not long after they sat down, Elliot started Look at your phone.

Ben Schaffer sent him a message with the name of a model company.

He suspected that Ben Schaffer sent the wrong information, so he returned a question mark.

Ben Schaffer: Elliot, take a good look at this company!

Elliot: Why should I watch it?

Ben Schaffer: Your sister is going to work in this company. To be precise, she has already gone to work.

Elliot: [? ? ?]

Ben Schaffer: You also think it’s outrageous, right? ! What do you think she’s doing bad, she has to be a model... Although she looks a little pretty and has a tall figure, how deep is this line of water!

Elliot: I haven’t seen her.

Nathan brought Zion to look for him, but did not bring Gwen to look for him.

So he has never seen this sister until now. But the children that Nathan brought out must be similar to Nathan.

This is also the main reason why he does not want to associate with this pair of siblings.

Ben Schaffer: Would you like to meet tonight? You educate her well and let her go to school! Although she looks like a little sister. She is actually not that bad. After all, she is still a child and is easily affected by her growing environment.

Elliot: No.

Ben Schaffer: Well, I called her this month’s living expenses. I asked her what she planned to do. She said that she should save the money to buy a house. As you can see, she has quite a plan. Why don’t you give her a suite? Your house is so much.
