

When His Eyes Opened Chapter 1129

Chapter 1129

Elliot: No.

Ben Schaffer: Why don't you give her a little more money every month? Otherwise, this amount of money every month has to be saved in the year of the monkey and the horse month.

Elliot: If you pity her, you can buy her a house with your own pocket and give her money.

"Elliot, who are you messaging?" Avery asked when she saw that he didn't even bother to eat breakfast.

"Ben Schaffer." Elliot put down the phone, picked up the milk cup, and took a sip of milk, "Gwen lives with him, so he often sends me messages about Gwen."

"Gwen? Is that your sister?" Avery pondered for a few seconds, "It's not good for her to live in Ben Schaffer's place all the time? Shall we find her a house?"

Elliot said seriously, "Avery, if money comes too easily, you won't cherish it. Everyone is responsible for their own life. You can't expect others."

Avery nodded, "You are right. Now that she has left Nathan, it is time to reshape her life values. It's okay to suffer a little."

"When is Mike moving out?" Elliot asked.

Mike had said before that he would move.

Avery glanced at him, "He can move whenever he wants. Don't you want to drive him away? I have a very close relationship with him, so don't do this."

Elliot was suddenly jealous, "You are not only with him. Your relationship with Eric is also close. If Eric also asked to move in, you would definitely not refuse."

Avery didn't expect it to be good, she suddenly took off vinegar.

"We don't have many rooms for Eric to live in. And Eric won't come to our house."

"How do you know he doesn't want to come to your house? Without me and Mike, maybe he would have made this request."

"We're both married, and you still eat this kind of nutritious vinegar." Avery peeled an egg and put it in his bowl, trying to shut him up.

"Don't you think Mike should have moved? He came back at twelve o'clock last night, and I was woken up by him." Elliot woke up late today because of this reason.

Avery moved to the master bedroom on the first floor after her third trimester, and now she has been living in the master bedroom on the first floor.

Living on the first floor, She could hear clearly what was happening in the yard.

"Why didn't I hear it?" Avery really didn't hear it, but she also seriously considered his feelings, "I'll talk to him later!"

Avery's voice was settled, Mike with messy blonde hair, strode over.

"I heard it! You two are too much! How can you speak ill of me behind my back? I'll move today after breakfast! Are you satisfied?" Mike sat down in the dining chair, Looking at Elliot coldly, "Is it because of your age that you are not sleeping well? If your condition is serious, you have to see a doctor and prescribe some medicine."

Elliot put down the milk glass, got up and left with a dark face.

After getting Elliot away, Mike's mood finally improved.

"Why did you come back so late last night? Did you go clubbing again?" Avery asked.

Mike sighed with a headache, "Working overtime in the company. But even if you don't tell me, I'm going to move out. When Elliot didn't move here, I thought it was a big place. I feel a lack of oxygen."

"One mountain can't hold two tigers."

"Maybe! But why did you end your honeymoon early?" Mike looked at her, "I heard that you are coming back."

Taking a look outside, Elliot was not in the living room, so he might have returned to his room.

Avery whispered, "Mike, can you help me find Adrian? Henry hid Adrian, but I have to find Adrian. Even by any means."

Mike was shocked: "What happened again?"

Avery frowned slightly: "I can't tell you for the time being."

"You didn't tell Elliot?" "I haven't told him yet. But I'm afraid this matter will be hidden soon." Avery frowned.

Henry wanted the shares in Elliot's hands, and Elliot would never compromise. This matter would give him a headache.

Chapter 1130

Shea's illness can't be dragged on for too long.

If she couldn't find a suitable kidney next, and Shea's body continued to deteriorate and she dared not imagine the terrible consequences. So Avery must do everything possible to find Adrian as soon as possible.

Henry and his son have no humanity, and Avery doesn't need to talk to them about benevolence, righteousness and morality.

"Does Adrian use a mobile phone now?"

"Yes. I'll send you his number." Avery asked.

Mike sighed, "Yeah. Judging from your expression, it's a big deal! You were able to hide Elliot, your acting skills are really good."

"Don't make fun of me. You don't know what Elliot's temper is. Last time He doesn't not like Henry, and his injuries haven't healed yet."

Mike couldn't help laughing, "Are you afraid that he will make headlines again. Chad said he has never been so embarrassed."

Avery picked up the milk glass and took a sip and said, "Well. Tell me about this. He's useless. Why don't I figure it out myself. If you tell him, things may develop in a more uncontrollable direction."

“Then you can tell me.” Mike blinked his pale blue eyes. He especially wanted to know what Avery was talking about.

Avery glanced at him and said, “Aren’t you going to move out? I’m afraid that you won’t be under my nose, you will be too complacent, and you won’t be able to keep your mouth shut.

“If the matter can be solved perfectly, I will definitely tell you immediately.” Avery also peeled an egg for him, “eat slowly, and I will send you the number right away. Don’t tell anyone about this. When You find Adrian, let me know immediately.”

Mike: “Got it, go and pack my luggage for me.”

Avery said, “Okay! You don’t have to take all your luggage with you, and you can always come back for a short stay! Even if you don’t like Elliot, don’t you miss a few children? I’ll keep your room for you. It’s okay.”

“Avery, you’re still good to me. That b*stard Elliot...” Mike gritted his teeth and said here, and Elliot’s face suddenly appeared. Frightened Mike immediately shut up.

Elliot came over and held Avery’s hand.

“Let’s take Robert out to bask in the sun!” Elliot’s eyes swept across Mike’s face coldly, then pulled Avery away.

Mike asked Avery to pack his luggage, which was a fool’s errand!

Avery is not a servant at home, why should she pack your luggage?

“Mike has already agreed to move out, why are you still sullen?” Avery took Robert’s travel bag from Mrs. Cooper.

Elliot put Robert in the stroller, "Mike asked you to pack his luggage, what does he take him for? What does he take you for?"

Avery took her arm and went out with him and said, "He also helped me a lot! He also helped us bring Where's the child! What's wrong with me helping him pack his luggage? Don't be fussy!"

Elliot: "You are my wife, you can only pack for me and the child."

Avery squeezed out a smile, looking at the wound on his face and said, "Okay, I won't pack for him. I guess it will take a few more hours. It will take days to recover."

His injured area has turned from bruise to yellow, and the color will gradually fade until it returns to normal.

Elliot: "It doesn't hurt anymore."

"But it affects your appearance." Avery turned around to get a mask and put it on him, "This way you don't have to be afraid of others laughing at you."

"I wore a mask. Do you not know me anymore?" Elliot was a little worried.

"Probably! When Layla was over a year old, she kissed me when I went out in the morning, and when I came back with a different hairstyle in the evening, she didn't want me anymore. I was so scared that I cried." Avery laughed, "Children are really interesting."

"Then I don't wear them anymore." Elliot took off the mask.

Avery: "Aren't you afraid that others will laugh at you?"

Elliot: "What does it have to do with me, what do others think of me?"
