### Chapter 1162

Avery's vision suddenly blurred, and her heart clenched tightly. She pursed her lips, holding back her grief.

"Avery, why don't you speak? Are you there?" Wesley heard her breathing a little dignified, and immediately changed his mouth, "It's okay if there's nothing you can do. Shea still doesn't know that you found me. She also doesn't know that she is not Elliot's sister, more I don't know that Adrian is her real brother. I don't want her to know this."

"Wesley, I really want to save Shea... I really want to save her. But Adrian is now hidden. It's gone." Avery wiped away her tears and said hoarsely, "I will continue to think of ways."

"Do they want to ask you for money when they hide Adrian?" Wesley was keenly aware of the problem, "How much do they want from you?"

If Wesley can get the money, he can give it.

Avery choked, "They didn't ask me for money. I gave them all my property and they didn't like it. What they want is only Elliot's share."

Wesley listened to her and said decisively, "Then give up. Come on! Avery, let's end this matter! If Shea knew that Elliot was threatened, Shea would rather die than see such a situation. Besides, even if a kidney transplant is performed, will there be rejections later? The reaction is also uncertain. It's unnecessary to take Elliot's share to bet on an uncertain outcome."

"Wesley, do you really think it's unnecessary?" She couldn't believe Wesley would say such a thing.

Wesley said transparently, "If they want all my property, of course I'm willing to gamble. But what they want is Elliot's share. You don't tell Elliot, because you know it will make Elliot very embarrassed. If that's the case, then don't use it. I tortured myself. Death is not as scary as we thought."

Wesley continued, "There is a saying that is particularly good. Death is not the loss of life, but out of the limitation of time. Avery, you and Elliot live a good life and take care of your children. Don't worry about Shea anymore."

Avery smiled bitterly and said, "Wesley, you will always be like this, for fear that I will be embarrassed or wronged. It is my luck to meet you in this life."

“I should say this. I will let you live a good life and hope that you can do more meaningful things in the future. Although Shea is pitiful, but she can have your love, and she is not pitiful. At least she herself has never felt pitiful.”

Listening to Wesley’s words, Avery’s tears fell again.

....

In the evening, Mike came to Foster’s house for dinner.

Avery installed pretended to be nonchalant and joking: “Didn’t you say you don’t like coming here?”

Mike said, “I’m here to see Layla. I asked Chad to come and eat together but Chad couldn’t agree. It can be seen how unattractive your husband is, so you treat him as a treasure. But for a person like him, you don’t have to worry about him fooling around outside.”

“I’ll take it as if you’re complimenting me.” Elliot said dully.

At this time, Layla suddenly stared at Avery’s face and asked with a look of surprise, “Mom, where have you been today?”

“Baby, why are you asking this suddenly?” Avery smirked.

Layla said smartly, “You put powder on your face. You don’t usually put powder on. Did you go on a date with dad during the day?”

Elliot listened to his daughter’s words and immediately looked at Avery’s face. He remembered well that she didn’t make up in the morning.

So when did she wipe the powder on her face? Who did she wipe it to see?

Everyone’s eyes fell on her face, and she blushed instantly: “Can’t I use powder? Are you so surprised? I passed a beauty store today and bought a bottle of concealer and a darker shade. because I don’t have any foundation at home.”

Her reason was immediately accepted by Elliot.

Avery continued.”The clerk took a sample for me to try on makeup, and I thought it was pretty good, so I bought it.”

Every word she said was true, except that she bought concealer and foundation to cover up the slap marks on her face.

## When His Eyes Opened Chapter 1163

### Chapter 1163

Cole slapped her very hard. If Avery didn't cover the wound on her face, she wouldn't dare to come back at all.

Because Elliot saw that Avery was being bullied, he would definitely get to the bottom of it and avenge her.

Now that Adrian is still in the hands of Henry and Cole, she can't intensify the contradiction between them.

After dinner, Elliot took the two children to play in the yard.

Mike and Avery walked slowly behind them.

"I told you during the day, how are you thinking about it?" Mike asked in a low voice, "I have already contacted the professional killer. I have been to the residence of Henry and his son last time, as long as you nod your head, The matter can be resolved tonight."

Avery was shocked and asked: "I still don't know where Adrian was hidden by them. If we killed father and son, how would we find Adrian?"

Mike didn't think about this problem. But he didn't think it was a big problem: "When the father and son are killed, and then let Elliot use his power to send people to search the whole city, are you afraid that you won't be able to find Adrian?"

"What? Elliot is a human being, not a god. If Adrian cannot be found, Adrian will starve to death." Avery rejected his proposal.

Mike shrugged and looked at Elliot's back in front of him and said, "If you look ahead like this, this matter will never be resolved. If you want me to say, you might as well tell Elliot about this and give him a headache. It's better than you People suffer silently."

"Did you come here tonight to tell me this?" Avery was in a bad mood at the moment, but she couldn't show it on her face, "You don't need to teach me."

Avery knew very well that she couldn't bear it anymore. Not only because of the slap in the face today, but also because Cole said that he would give her a bag of Adrian's blood every day.

Even if she resists the pressure today, she is not sure that tomorrow, the day after tomorrow... she will raise her flag and surrender.

"Look at what you look like now?" Mike pursed his lips and said nothing. He didn't want to force Avery, but seeing her so sad, he couldn't help worrying.

"Mike, go back first. I'll think about it carefully. If it really doesn't work, I can only find him." Avery said helplessly, "I can't watch Adrian die. And I can't watch Shea die."

"Why do you have such deep feelings for Adrian? Why can't you just watch him die? You didn't kill him, so why do you care about him?" Mike was puzzled. His voice couldn't help raising his voice. A little bit, just happened to be heard by Elliot in front.

Not knowing what Avery said, Mike turned around and left.

"What did you talk to Mike just now?" Elliot asked after Avery came over.

"Nothing to talk about." Avery didn't want to talk to him about this topic, so she took Robert out of the cart, "Robert, will your mother help you learn to walk?"

After Robert was put on the ground, her brows suddenly wrinkled up. Elliot's brows also wrinkled.

Avery is obviously running away. It must be that something happened to Adrian again.

### **Chapter 1164**

It's just that Elliot won't lose his temper and question her like before. Since she couldn't bear to tell him, what else did he have to ask.

“Baby, don’t be afraid, okay?” Avery planned to let go of Robert’s hand, “Go over to sister’s side, try it out, you will definitely be able to walk over.”

Robert’s face was full of fear, but he still bravely spread his arms, opened his little feet, hummed, and walked quickly towards Layla.

He was still walking erratically, feeling like he was going to fall at any moment, but he was brave. He walked up to Layla and hugged Layla tightly.

“Brother, you’re amazing. Go to mom’s place again.” Layla turned him around and asked him to walk towards Avery.

This time Robert was much braver than before. He seemed to know that he could not wrestle, so he quickly walked up to Avery.

“Elliot! Did you see that? Our son can walk.” Avery was immersed in the happiness of this moment, “Come and walk with Robert. I want to take a picture.”

Elliot immediately walked to her place and squatted down, letting the son went to Layla’s side.

Avery took the mobile phone and turned on the video function to record this warm picture. After filming the video, she showed it to Elliot.

“Did you find that you look so handsome when you smile?” Avery couldn’t help laughing, “Can I post the video on Facebook?”

At the same time, many people flatter Elliot.

Chad: [The boss seems to be getting younger and younger, this is the power of love.]

Mike: [Are you trying to say that your boss was quite old before?]

Ben Schaffer: [Elliot took the baby at home for a few days, and the whole person looks much kinder!] [Fantastic]

Chad: [Brother Ben, the word kindness is often used to describe the elderly.] [embarrassed]

This chapter is provided . Visit [naijdate.com](http://naijdate.com) for daily update.

Ben Schaffer: [You said he was old just now, what happened to him when I said he was kind?]

Chad: [I didn’t say it. That b\*stard Mike said it!]

Ben Schaffer: [Is there any difference between what he said and what you said?]  
[Support cheeks]

Suddenly, Ben Schaffer saw that Gwen had liked this post. He immediately sent a message to Avery: [I seem to see that Gwen has liked you, how did you become friends with Gwen?]

Avery: [When you see her like me? It means you have also added her as a friend.]

Ben Schaffer: [She lived with me before, so she added me. But I plan to delete her.]

Avery: [Well. She is Elliot's younger sister after all. If she has any trouble in the future, I can help her.]

Ben Schaffer: [Has she troubled you now?]

Avery: [No.]

Ben Schaffer: [If only you could persuade her to change jobs. If she goes on like this, she will definitely be in big trouble.]

Avery: [I talked to her about work, but she didn't want to talk to me. She's not a child, and I can't force her to listen to me. Only take one step at a time.]

Ben Schaffer: [She doesn't like me, probably because I treat her like a child.] [Laughing and crying]

Avery: [Maybe! She will understand your kindness later.]

Ben Schaffer:[It doesn't matter if she understands or not. If Elliot doesn't recognize her, I won't be able to meet her in the future.]

Avery: [Well.]

After she sent a message to Ben Schaffer, she saw that Cole had liked her post.

Her calm heart suddenly aroused thousands of waves.

Cole liked her post to disgust her, or to remind her not to forget the problems between them? No matter what his intentions were, she didn't want to see him lying on her friend list again.

## When His Eyes Opened Chapter 1165

### Chapter 1165

The next day, Avery got up early and covered the scars on her face with concealer. Elliot's hoarse voice suddenly came from the bed: "Avery, why did you get up so early? You have insomnia?"

"I went to bed early last night, so I woke up early in the morning." Avery glanced at the time, it was 6:50 a.m., "Elliot, sleep a little longer. It's still very early."

Elliot looked at the makeup on her face and asked, "Are you going out today?"

Avery smiled and said, "I'm going to go to work from today. I can't stay at home any longer. You said before that I was thinking nonsense. If I go to work, it won't be like this."

"Even if I go to work, I don't need to get up so early. You can sleep with me again." Eli held out his hand to her.

Avery couldn't refuse him, so she went to the bed and sat down.

Elliot's deep eyes suddenly stared at her face and looked carefully.

"You went to work before, and I didn't see you wearing makeup." Elliot knew that Avery didn't like makeup, so he felt that there was a deeper reason for her sudden abnormal behavior.

"The foundation I bought is very moisturizing. It feels better than face cream." Avery found an excuse, "Would you like to try it?"

Elliot quickly refused.

Avery chuckled softly, "Elliot, have you always been so suspicious? Don't you think I put on makeup to go out to meet someone of the opposite sex?"

"I didn't think so." Elliot put his arms around her Waist, expressing his inner thoughts, "Because I care about you, I will think more if you are abnormal."

Avery did not expect him to express his inner feelings so straightforwardly. Her nose was slightly sour, and she put a kiss on his cheek: "Elliot, I love you. It's not enough to say it many times."

“Me too.” Elliot responded to her confession.

“What are the two of us doing? It looks like we are about to die!” Avery smiled and leaned against his arms, hugging his body tightly and said, “Recently, our company’s new product development has reached the late stage. Problems can come out.”

This chapter is provided . Visit [naijdate.com](http://naijdate.com) for daily update.

“I have always known that you are a very professional woman.”

“Well. It’s been more than a year of pregnancy and childbirth, as if you are living a different life.” Avery sighed, “But seeing Robert is so smart and healthy, everything is worth it.”

“You can do whatever you want in the future, I will be your most solid backing.”

“Husband, thank you.”

At 8 a.m., Avery finished breakfast and Elliot and Robert said goodbye and went out first.

Half an hour later, Avery arrived at the company.

At this time, the front desk just went to work.

“Ms. Tate, why did you come to the company so early today?” The front desk greeted her with a smile.

“I got up early today, so I came here first. If you have my package later, please notify me immediately.” Avery smiled slightly and walked towards the elevator.

About 20 minutes later, the front desk called her on the inside, saying she had her package.

When she put down the receiver, her hands trembled uncontrollably.

Cole, this be@st. He really did what he said.

Avery strode out of the office and went to the front desk to pick up the package.

After retrieving the package, she tore open the bag and took out a bag of blood.

Looking at the bag of blood she took out, her face turned pale with a ‘swish’.

This bag of blood is clearly more blood than the bag of blood yesterday.

Yesterday was ten milliliters, and today this bag is definitely more than ten milliliters!

She grabbed her phone and dialed Cole.

Cole's voice came lazily, "Have you received the item? By the way, today's blood is 20 milliliters. Because I found out that you blocked me contact on facebook, I was very angry."

"Cole! You Are you sick?"

Cole turned a deaf ear to her roar: "When I drew Adrian's blood today, he foolishly asked me why he was drawing his blood. This fool, laughed at me! Ha! Haha!"

With a 'bang', Avery slammed the phone to the ground!

## **When His Eyes Opened Chapter 1166**

### Chapter 1166

The last time Avery was in such pain when she inserted the knife into Elliot's chest. She never liked to escape, but at this moment, she was stimulated to lose all reason.

She didn't want to hear Cole's voice. Hearing his voice, her internal organs were churning, and the pain felt like she was about to die.

On the other side of the phone, Cole only heard a loud 'bang', and then there was no sound. He glanced at the screen, and the call was not interrupted but he guessed that Avery smashed the phone in a fit of anger, and there was a gloomy smile on the corner of his mouth.

Avery's psychological endurance, she don't know how many days it will last.

He hung up the phone and said to his father, "I guess Avery won't last long."

Henry frowned, "Cole, let's change houses. I had a dream last night that Elliot was chasing us. I I'm afraid that if we don't get the money, it will lead to death."

"I thought about this, and when Avery helps us get Elliot's shares, we will go abroad immediately, and then we will see whether to keep the shares and get dividends, or Sell

the shares. I think it is better to sell. Although the money you get in this way is not as much as holding, it is better to have less than one thing.”

Henry whispered, “Well, let’s change residence first. I’ve already decided where to move.”

“Then let’s move. As long as Avery asks Elliot for shares, Elliot will definitely be angry and want to kill. But Adrian is with us. In our hands, as long as Avery still cares about Adrian’s life and death. She will definitely not let Elliot attack us. If we can survive this time, we will have countless glory and wealth in the future.” Cole said as his face turned cold.

The house here will not be returned, and the things will not be taken away. Let them mistakenly think that we still live here.” Henry said the plan.

“it is good.”

After the father and son packed some luggage casually, they left the rental house.

Tate Industries.

Avery got up and picked up the dropped mobile phone. The screen of the mobile phone was broken, and when she pressed the power button, the main interface suddenly appeared in her eyes. She took the phone with the broken screen and went back to the office chair to sit down.

The blood bag on the table kept stimulating her nerves.

This chapter is provided . Visit [naijdate.com](http://naijdate.com) for daily update.

Avery reached into her hair roots with both hands, thinking painfully about how to negotiate with Elliot.

Not only does she know Elliot, she knows herself better. It is absolutely impossible for her to die for Shea and Adrian.

If the money is gone, They can make more money. If the lives of their brothers and sisters are gone, they will be gone forever.

After struggling for a while, Avery turned on her phone and dialed Henry.

Henry quickly answered the phone.

“Henry, I will give you what you want as soon as possible. Don’t hurt Adrian again. If you bully him again, I will let you get nothing. He’s your relative, not mine. When he died, you buried him, not me.” Avery’s said with a cold voice.

Henry sighed: "When are you going to ask Elliot for equity? Give you some time."

Avery: "You are in such a hurry?"

Henry said indifferently, "Do you know that strike while the iron is hot? The longer this matter drags on, the worse it will be for us. Since you are unwilling to give time, let me set a time for you. How about a week? Just a week."

Avery clenched her fist tightly, tears blurred her vision, and the blood bag on the table turned into a big pool of blood in a trance.

"Okay. Take good care of Adrian this week! If he has any mistakes, don't even think about getting Elliot's equity!"

"Avery, if you had said that earlier, we would have taken good care of Adrian." Henry babbled and kept talking.

Avery had a terrible headache and didn't want to listen to his nonsense and said, "I'll contact you in a week."

After that, Avery hung up the phone.

## **When His Eyes Opened Chapter 1167**

### Chapter 1167

After putting down the phone, Avery lay on the table and cried.

Someone knocked on the door, then pushed the door and came in. Seeing her lying on the table crying, The man was stunned for a moment, and immediately backed out!

The man knocking on the door is the head of R&D.

The supervisor planned to talk to Avery about the new product, but when he saw that Avery was crying, he panicked and embarrassed instantly. He didn't know what to do, so he could only pretend that he didn't see it.

The supervisor took out his cell phone and dialed Mike.

After he told Mike what he saw, he asked Mike to come over.

After half an hour, Mike couldn't take it anymore, so he pushed open the door of her office.

Avery stopped crying and was looking at the computer screen intently.

When Mike got closer, he could clearly see her red and swollen eyes.

Mike put the prepared snacks on her table and said, "I heard that you came to the company very early today."

At this time, Mike saw her phone with a broken screen.

"Why is the screen broken?" Mike asked in an understatement.

"It fell accidentally. I'll change the screen at noon." Avery opened the snack and glanced at it, "Where did the snack come from?"

"The secretary gave it to me. I can't eat much, so I brought some for me. You." He sat down in the chair and asked casually, "Why are your eyes so swollen? Didn't you sleep last night?"

Avery put the snacks in the cabinet and replied, "I had a bit of insomnia last night, but I woke up today. It's early, so my eyes are a little swollen."

This chapter is provided . Visit [naijdate.com](http://naijdate.com) for daily update.

"If you can't hold it any longer, go back to rest early." Mike saw her lying, so he got up from the chair, "I have something else to do, so I'll go first."

"Well."

Mike came out of her office and walked towards the elevator with a solemn expression. Back in his department, he entered the office and closed the door.

Avery will be dragged down sooner or later if this continues.

Mike can no longer let her carry it alone.

After a short thought, he dialed Elliot's number.

"Elliot, something happened to your wife." Mike yelled out after Elliot answered the phone.

On the other side of the phone, Elliot's breathing became significantly heavier: "You said Avery?"

"F\*ck! Who else is your wife besides Avery?"

"What's wrong with her? You *fcking said, don't give a sht*" His emotions Instant explosion.

"It's related to Henry and his son. Oh, it should be related to Adrian. I don't know what's going on, but she's in a lot of pain now. You can either ask her yourself, but she may not tell the truth. Because she doesn't want to bother you with this matter."

Elliot gritted his teeth, "I knew... I knew it was this sh\*t again. Henry will definitely use Adrian to blackmail her and wants money."

Mike said, "Yes! And the money Henry wants must be a figure she can't give. Otherwise she wouldn't be in such pain. Elliot, I know you don't care about Adrian's life or death, but Avery always have to worry about it. I don't care what method you use, hurry up and settle this matter. I don't want to see Avery cry to the death for this matter again."

Elliot's mind was buzzing.

Avery cried to death for Adrian's affairs?

In his heart, it was as if the bottle of five flavors had been knocked over—heartache, irony, and absurdity!

## When His Eyes Opened Chapter 1168

### Chapter 1168

At 11 o'clock at noon, Avery got off work early from the company to find a place to change the phone screen. She searched the mobile phone brand store on the mobile phone map and saw the nearest one, about a kilometer away from her.

She walked over and handed the phone over to the after-sales service. After waiting for about half an hour, the phone with a brand new screen was handed back to her.

After she paid the bill, she came out of the mobile phone store.

It was lunchtime and she dialed Mike.

“I’m out now, what do you want to eat? I’ll bring it to you.”

Mike was very confused when he heard Avery’s voice.

If she was told that he told Elliot about her, she would definitely be furious.

“I’ve made an appointment with someone in the department.” Mike politely refused.

“Well. Then I’ll go back directly.” Avery could clearly feel Mike’s attitude towards her Somewhat unusually cold, but she had a headache and didn’t have the energy to think about it.

After hanging up, she walked back to the company and drove the car away.

She has only a week left. She had to think about how to talk to Elliot in a week.

Sterling Group.

After thinking for two hours, Elliot decided not to ask Avery. As Mike said, even if he asked Avery, she probably wouldn’t say it.

This incident definitely didn’t happen in the past two days. She endured it for so many days and didn’t say it. How could she tell him the truth now?

Unless Elliot gets evidence that she was threatened.

This chapter is provided . Visit [naijdate.com](http://naijdate.com) for daily update.

Evidence is easy to find for him.

As long as he got the content of the call between her and Henry and his son. He dialed the phone and asked someone to check Avery’s call.

After the call, his office door was knocked open.

“Boss, what do you want for lunch?” Chad walked in.

“No appetite.” His face was bleak and voice was cold.

Chad’s heart skipped a beat, unable to guess what was going on: “Then I’ll buy some as you like.”

After Chad finished speaking, he quickly left the office.

On the way to buy lunch, he called Ben Schaffer and said, "Brother Ben, something is wrong with my boss."

Ben Schaffer: "What's wrong with him? I saw him in the morning and he was fine."

Chad worriedly said, "I asked him what he had for lunch, and he said he had no appetite. It's mainly because his face is so bad. I don't dare to ask what happened. But I have a feeling that it must have happened."

"You called me because you wanted me to ask him what happened, right?" Ben Schaffer couldn't help crying.

Chad flattered, "Well, I'm just a little assistant. Brother Ben, you are different. Brother Ben, what do you want to eat? I bought it for you."

"Okay! I'll go see him. Buy me something light, I have a bad stomach recently."

After talking on the phone, Ben Schaffer came to Elliot's office.

Pushing open the office door and seeing Elliot, he immediately understood why Chad was worried.

Elliot's complexion was really bad, completely different from when he saw it in the morning.

"Elliot, it's time for get off work, let's go have lunch!" Ben Schaffer said enthusiastically in the same tone as usual.

"Chad went and bought it for me." Elliot refused.

"Oh, then I'll ask Chad to bring me one as well." Ben Schaffer said, pulling the chair opposite him away and sitting down, "What's wrong, your face is so bad? I thought about it, the company didn't go out. What's the matter!"

Elliot: "Let me be quiet."

"Okay, if you have something to do, don't keep it in your heart. Tell me anytime." After Ben Schaffer finished speaking, he got up and walked out.

About half an hour later, Elliot's cell phone rang.

At the same time, there was a knock on the office door, and Chad walked in with his lunch.
