

When His Eyes Opened Chapter 986 | Simple Silence

Chapter 986

The phone was connected, but no one answered.

If Ben Schaffer saw his call, he would definitely answer it.

Elliot became more and more sure that something happened. When he was about to go out to find Ben Schaffer, Ben Schaffer sent a text message: “Elliot, it is not convenient for me to answer the phone now.”

Looking at the text message, Elliot immediately replied: “What’s your current situation? Are you in danger?”

Ben Schaffer: “I am not in danger. Give me a little more time, I’ll be back tomorrow.”

Elliot looked at the text message, pondered for a moment, and replied: “OK.”

Star River Villa.

After Layla finished her homework, she showed it to Avery for inspection.

“Mom, why didn’t Dad come today?” Layla asked in a low voice.

“You want him to come?” Avery opened her daughter’s workbook and asked with a smile.

Layla sighed: “Brother doesn’t like him, if my brother say he doesn’t like my dad, I betray my brother.”

Avery looked at her daughter, “Layla, how can you think so? The matter between brother and father, it’s their business. If you like Dad, you can express it. Just don’t express it in front of your brother. That way, the brother won’t be sad, and you have to keep your love for Dad in your heart.”

Layla With a sweet smile: “Mom, you are so smart! I am your daughter, why am I not as smart as you?”

Avery said, “Who said you are not smart anymore? You are much smarter than your mom. Mom didn’t have Smart when she was a child.”

“Mom, I like you so much! I don’t want to marry when I grow up! I want to be with you forever.”

Avery patted her head and said, “Did your father’s words affect you yesterday? Layla, you are still young. It’s not time to think about marriage. All you have to do now is to be happy, grow up healthy, and talk about the future. Your handwriting is getting neater and neater, and your mother wants to praise you.”

“My brother also said that my handwriting is beautiful, and he said that he would give it to me when he got the bonus and buy gifts to reward me.” Layla looked expectant, “I’ve already thought about what gifts I want.”

“Bonus?” Avery was stunned, “Is there any competition in your brother’s school? Why didn’t I hear about it?”

“Not now! My brother said it would take two months. I don’t know what competition, but my brother said he would definitely get the prize.”

Layla said this with a look of admiration, “Brother is amazing, I will find a husband in the future, as same as my brother.”

Avery tapped her daughter's head with her finger: "Didn't you just say you would stay with your mother forever? Now you have changed your mind?"

Layla laughed.

Next to him, Robert was awakened, and when he heard their laughter, he smirked.

"Brother is awake!" Layla heard Robert's voice and immediately took Robert out of the crib, "Mom, I want to take my brother out to play!"

"I'll change my brother's diaper first." Avery will do the homework Ben put it down and planned to take Robert over.

As a result, Layla put Robert on the sofa and volunteered: "I'll change diaper of my brother! It's as simple as changing a diaper, it's hard for me!"

Put it in the stroller, then pushed the stroller out.

The bodyguard carried the baby bag and followed behind the siblings.

After a while, Layla pulled the cart and stopped.

A man came on a leash with a big dog. That big dog, with dark eyes, was staring at Robert.

"Wow!" The dog barked suddenly!

Layla panicked and planned to push Robert away.

At this moment, Robert in the cart made a fierce cry: "Wow!"

Layla pushed the cart and ran home quickly.

“Mom! Robert can talk!” Layla told her mother in surprise, “My brother just spoke!”

When His Eyes Opened Chapter 987 | Simple Silence

Chapter 987

Avery looked surprised after checking Layla’s homework: “Really? What did your brother say?”

Beside him, the bodyguard couldn’t help snickering.

Layla said: “Brother said ‘vow vow’! It was super loud! Uncle the bodyguard heard it too!”

Avery looked at the bodyguard. The bodyguard held back a smile: “Layla is right. Robert did quarrel with the dog! He was very imposing! It scared the big dog away.”

Several black lines appeared on Avery’s head.

Can this be called learning to speak? This is learning how to bark!

Mrs. Cooper taught Robert to call Mom and Dad every day, but Robert hadn’t pronounced Mom and Dad yet.

“Brother! You tell Mommy twice!” Layla urged Robert, “Like this—vow vow!”

Robert seemed to feel that he was being laughed at just now, so now he is arrogant and wrinkled. The brows, the small mouth did not move.

Layla: “Wow!”

Robert: “...”

Avery was a little dizzy from the noise, so she reminded: “Layla, your brother is coming back soon.”

Layla immediately covered her mouth.

If my brother heard her learn to bark, he would definitely despise her.

At 9 p.m., Avery came out of the bathroom after taking a shower and then drying her hair.

When the phone on the bed rang, she immediately walked over to pick up the phone and answered the call.

“Avery, why didn’t you answer a few calls to you?” This is the third call from Elliot.

“I was taking a shower just now.” Avery sat down beside the bed, “You didn’t come today, Layla said she missed you. Are you happy?”

On the phone, Elliot chuckled, “Where’s Hayden?”

Avery expressed concern, “Hayden has been back late recently. He has to compete for a place in the competition in June, and he feels a lot of pressure. But he is quite confident and has already thought about getting the bonus and buying gifts for Layla. If he doesn’t get the quota in the end, he will definitely be disappointed.”

Elliot gave her peace of mind, “Don’t worry, I know about it. Why don’t I go to dinner tomorrow?”

Avery teased, “Well, you can’t touch it anyway to Hayden. I think you are more afraid of your son now.”

Elliot said, “If my relationship with him continues to deteriorate, it will be difficult for you and your daughter to be caught in the middle.”

Avery lay down on the bed, “That’s right. By the way, is there any progress in the Hallstatt Villa? I had a nightmare last night. That person didn’t succeed in Hallstatt. Will there be other plans in the future? I’m afraid that something will happen to you.”

Elliot gave a definite answer, “This matter will soon be resolved. You don’t have to worry.”

Ben Schaffer said that he would be back tomorrow, which means that Chelsea will die tomorrow at the latest.

“Oh, it looks like you already know what’s behind the scenes.” She asked curiously, “Who is it? Do I know him?”

Elliot hesitated and said Chelsea’s name.

Avery was silent for a while.

Elliot promised.”This time, she will definitely die.”

The next day.

At 8 a.m.

Elliot received a message from Ben Schaffer: “Chelsea is dead. I plan to bury her and go back. I will be busy today, I will probably go back tomorrow.”

Elliot looked at the words ‘Chelsea is dead’ and was relieved. And vaguely felt something was wrong.

Ben Schaffer does not like to send messages. When they didn’t see each other, they always contacted by phone.

But since yesterday, Ben Schaffer didn’t answer his phone or call him.

When His Eyes Opened Chapter 988 | Simple Silence

Chapter 988

After a brief thought, he decided to visit Rosacus City in person.

If Chelsea really died, he could bury her with Ben Schaffer.

I was afraid that Chelsea didn’t die, and it was Ben Schaffer who really had an accident.

At 10 a.m., Sterling Group.

The vice president knocked on Chad’s office and asked, “The boss didn’t come today? Why can’t I contact the chief financial officer since yesterday?”

Chad said, “The boss has something to do, so he won’t come to the company today. As for the chief financial officer, I can’t contact the chief financial officer either. Get on him. I don’t know what happened to him.”

The vice president said worriedly, “Oh, the chief financial officer should not have any trouble, right? This has never happened before. Is the boss looking for the chief financial officer?”

“Maybe! He didn’t say it clearly.” Chad pushed the glasses on the bridge of his nose, “Don’t worry, there should be nothing wrong. If something happens, the boss will tell us.”

The vice president nodded, thinking of a Event: “The president training camp of Hallstatt University that the boss went to a few days ago was officially announced to be permanently closed today.”

“Oh? I haven’t seen the news yet. Where did you get the news?” Chad asked.

The vice president said in a low voice, “My friend in Hallstatt told me. It was a few days ago that Hudson Kenny offended everyone who went to the event. Although there was no danger at that time, everyone saw through Hudson Kenny as a person. Even if Hudson Kenny didn’t take the initiative to close the CEO training camp, no one would dare to go there in the future.”

“That’s true. Hudson Kenny’s mind is afraid of getting into the water, and he is at the mercy of others.”

“You know Hudson Kenny Who was instructed?” the vice president asked.

Chad shook his head: “I don’t know.”

“Oh, this man is so bold. I can’t guess who it is! If you know, let me know.” After the vice president finished speaking, he strode out.

After the vice president left, Chad’s mind flashed.

Ben Schaffer has been unable to contact him since yesterday. Is it possible that it has something to do with this behind-the-scenes instigation?

Could it be... is it Chelsea?

After thinking of this possibility, Chad got goosebumps all over.

After Chelsea was disfigured, it was like a different person.

If she was really the mastermind behind the Hallstatt Villa destruction plan, Chad would not be surprised at all.

It seems that only she can have such crazy thoughts.

Her life is ruined, so she will ruin others too.

A Downtown Elementary School.

This primary school is the best public primary school in Avonsville. Whether it is a team of teachers or a student's enrollment rate over the years, they are all excellent.

When choosing an elementary school for Layla, Avery chose this place without hesitation. Because this is the primary school she wanted to go to when she was a child.

After the morning class, the students went to the cafeteria to eat in an orderly manner.

Layla and her classmates finished dinner and sat down in the dining chairs. The teacher came over with a few boxes of fruit.

"There are fresh cherries today. Everyone has one." The teacher put the box with the most weight in front of Layla.

After the teacher left, the female classmate sitting next to Layla looked at Layla with envy.

“Layla, you have more cherries than ours! The teacher is so partial to you!”

Layla handed her cherries to the female classmate: “I don’t really like to eat these, let’s eat them!”

The female classmate looked excited: “Layla, you are so kind! I love cherries the most! Thank you!”

Layla: “You’re welcome! Eat it if you like!”

After a while, Layla ate dinner, get up and prepare to go back to the classroom.

Just after she walked away a few steps, someone suddenly exclaimed: “Celia! What’s wrong with you, Celia? Why are you asleep?! You haven’t finished your meal yet!”

“Celia! Wake up! “

When His Eyes Opened Chapter 989 | Simple Silence

Chapter 989

Layla heard the scream and immediately returned to the seat just now.

This girl named ‘Celia’ is the girl sitting next to her to eat.

Just now she only cared about eating for herself and didn’t pay attention to Celia’s state. Why did Celia fall asleep suddenly?

“Celia?” a friend stretched her hand and patted the ‘sleeping’ Celia, and asked in puzzlement, “Celia! What’s wrong with you, Celia?”

At this moment, the teacher came following the sound.

“Teacher! Celia is asleep! I can’t wake her up! Why is she sleeping so deeply!” Some students wondered aloud.

When the teacher saw Celia’s table, the food didn’t move, but there were two boxes for cherries.

One of the cherries in one box has already been eaten, and there are still three uneaten in the other box.

The teacher patted Celia on the shoulder and shouted louder: “Celia! Wake up! This is the cafeteria! Let’s go back to the lounge to rest!

“Yes, it’s so scary!” A timid student cried out, “I saw the dead people on TV like this, and they couldn’t wake up no matter what...”

The student’s words instantly made the cafeteria’s All the people gathered around.

The teacher was so scared that her face was red, and she put her fingers under Celia’s nose to probe for her breath.

Five seconds later, the teacher was so frightened that her face turned pale!

“Get out of the way! Get out of the way! There is an accident with a student here! Get out of the way!” The teacher picked up Celia and rushed out quickly.

Layla was standing beside Celia just now, so she could clearly see the change in the teacher’s expression after she gave Celia’s breath.

Celia is not breathing!

Celia is dead!

How did Celia die? Isn't it painful before death? But Celia was having fun eating cherries just now... The cafeteria suddenly turned into a mess of porridge!

The children were so frightened that they cried into a ball. The teachers hurriedly organized to take the students out of the cafeteria, and called the parents of the students to notify the parents to pick up the children.

When Avery received the teacher's call, he was a little puzzled.

Because of this point, it should be the child's lunch break.

After she answered the phone, before she had time to speak, the teacher's voice came anxiously: "Ms. Tate, please come to school now. A classmate in the class had an accident today, and now the parents need to take the child home, okay? Soothe the child's emotions. I will make it clear in the class group, you will pay attention to the group news later."

Avery had already heard the cry of the child over the phone.

Although it wasn't Layla's cry, she could imagine that something serious must have happened.

She didn't dare to delay, and immediately left the company and drove towards the school.

While waiting for the traffic lights on the way, she called Elliot.

The call was answered quickly.

Avery said: “Elliot, something happened in Layla’s class. I don’t know what happened yet. The teacher asked me to go to school and pick up the child.”

Elliot said, “I’m not in Avonsville now. Go and pick up the child, or I’ll ask the bodyguard to pick her up.”

Avery wondered, “I’m on my way to school now. Where have you been? You didn’t tell me you were going out of the market.”

Elliot couldn’t hide her ,”I’m in Rosacus City. Ben Schaffer is in a coma, I’m waiting for him to wake up in the hospital now.”

“Are you looking for Chelsea? How could Ben Schaffer be in a coma?”

“Chelsea kidnapped him yesterday. He spent a day in Chelsea’s office. I fell into a coma overnight.”

“What about Chelsea?!”

Elliot said, “She’s missing now. I don’t know where she fled to. I’ve already sent someone to look for it.”

Avery broke out in cold sweat and couldn’t help but wonder: “There was an accident at Layla’s school... Could it be Chelsea’s doing?!”

When His Eyes Opened Chapter 990 | Simple Silence

Chapter 990

Elliot’s heart suffocated, and then he said sharply: “Avery! Stay where you are now! I’ll let the bodyguards pick you up and the child!”

If it wasn't for her reminder, he never thought that Chelsea might escape to Avonsville.

The more dangerous the place, the safer it is.

Moreover, what Chelsea is thinking about now may not be to hide, but to pull a few backs before dying!

Although he still doesn't know what happened at Layla's school, the teacher asked the parents to take the child home, something very serious must have happened!

Avery's heart was beating in shock by his reminder.

In the traffic, the red light goes out and the green light turns on. She was in a hurry to pick up Layla from school, so she couldn't listen to him.

Avery made up her mind, "I should be fine. If Chelsea really came to trouble me, she wouldn't necessarily be able to hurt me. I'm going to Layla's school soon, I'll go and bring Layla back first. "

Elliot was also worried about his daughter, so he understood her anxiety.

"Then you pay attention to safety."

"Well."

After hanging up the phone, Avery stepped on the accelerator and continued to drive towards the Central Primary School.

In the Central Primary School, several police cars and an ambulance were parked outside the courtyard.

Avery stopped the car on the side of the road, got out of the car in a hurry, and ran towards the school gate!

“I heard that a child died...a first grade...a little girl...”

“How did it die? Was the child sick, or was there an accident? “

I don't know! Wait for the school's announcement! I'm afraid that my child will have a psychological shadow now, and I won't dare to come to school in the future. This is too scary!”

“I heard that the dead child was from the third class of the first grade. Are any of you the parents of the third class? Do the parents of the third class have any inside information?” , our other classes also suspend, it's really unlucky! I don't know when it will be back to normal!”

“What kind of unlucky suspension of classes is! The one with the dead child is really unlucky!”

.....

Avery heard their words After talking, the body becomes stiff and cold!

Layla is in the third class of the first grade.

A little girl died in Class 3. Maybe this little girl was Layla's playmate. Even if she wasn't a playmate, she was a classmate and she saw every day. This would be a big blow to Layla!

When the teacher handed Layla to Avery, he explained the matter to Avery: “Ms. Tate, the child in the accident is called Celia, and the two of them sat together to eat at noon today. The accident happened before Celia's meal was finished, and I am initially suspecting it. It's food poisoning. Because Celia's entrance examination is normal and she

doesn't have any disease. Now take Layla to the hospital for a checkup to see if there is any problem with Layla's body."

Avery nodded: "Okay, I'll take Layla to the hospital now. "

Avery came out of school with her red-eyed daughter in her arms.

Layla usually sees her and has endless words to say, but now she has not said anything until she sits in the child seat.

Not even shouting 'mama'.

Avery sat down beside her daughter and asked in a low voice, "Layla, tell mom, are you feeling unwell?"

Layla froze for a moment, then shook her head.

"Mom knows that you were frightened, and so does my mother. When the school and the hospital investigate clearly, they will tell us why she left us." Avery held her daughter's cool little hand and coaxed patiently.

Layla's eyes filled with tears, and when she opened her mouth, tears rolled down her cheeks: "Celia died from eating cherries. She ate my cherries... It must be poisonous cherries !"
