

Chapter 1151

Everyone thought that Tom was dead. Only Lexie looked at him on the screen firmly. She whispered, "He won't lose. He promised me that he would come back. He won't lie to me..."

Although she said so, she clenched her fists tightly, and she was extremely nervous.

Tom was the first and only man she had fallen in love with over all these years. She could not accept Tom's death.

In the Secret Realm, The Great King did not chase after Tom. Tom slowly straightened up and gently wiped the blood from the corner of his mouth. There was no panic or despair on his

face.

Instead, his lips moved up slightly, and a faint smile appeared.

He could still smile. Everyone who watched the live streaming saw this scene and thought that Tom must have gone crazy. Only a madman could smile at this time.

The Great King was even more unhappy to see this. In his opinion, Tom was already his defeated opponent. Tom should show despair and fear and kneel to beg for mercy. But Tom did not do this but smiled. It was a huge provocation and disrespect to The Great King.

Now, The Great King had regarded

himself as one level higher than Tom and thought that Tom was already a dead man who was a level lower than him.

"How can you still smile? You're about to die. Do you know that?" The Great King snorted and spoke proudly. The momentum on his body began to condense again.

The Great King had punched Tom, and the latter was indeed injured. His physique was incomparably strong, and he was comparable to those who were at God Becoming Level. But The Great King was a super master of the same level. The Great King's fist had great power and could hurt him.

But even if he was injured, so what?

If The Great King had just taken advantage of the victory to kill him, he might not have had a chance. Unfortunately, The Great King was too arrogant and regarded himself as the number one in the world. Even if he met an opponent like Tom, he did not take Tom seriously. It gave Tom a chance to breathe.

After the fight just now, was Tom really not against The Great King? That was not necessarily true. Tom didn't do anything just because he wanted to see The Great King's moves.

Obviously, he had figured out the characteristics of The Great King's martial arts. Even if the price was a punch from The Great King, so what?

Tom shook his head and said, "The Great King, you're too arrogant. If you hadn't stopped and keep punching me, I might have been defeated and died here. It's a pity that you overestimated yourself and underestimated me. Now, I'm ready, and you won't have a chance to win."

By the time Tom finished speaking, his breath had returned to normal, as if he had not been hurt.

All the Strong on earth who watched the live streaming were dumbstruck when they saw this scene. They could not figure out why Tom returned to normal in only a few seconds after the punch from The Great King. This was incredible.

Even The Great King frowned and felt confused. He didn't understand why Tom had become fine so quickly.

The Great King knew very well how powerful the punch was just now. Even the Strong of God Becoming Level would not be able to stand it.

How could Tom recover so soon?

It gave The Great King the feeling that the punch on Tom had been erased by Tom using some strange technique. It was unbelievable.

However, The Great King was a battle-hardened man with great power, and his mentality was so strong that normal people could not understand it. Even after seeing Tom's unnatural

behavior, The Great King was only a bit surprised and did not take it to heart.

He just snorted coldly and said, "You're just pretending. I know how heavy that punch was just now. You just used some skills to erase your injuries. Do you think you can fool me? Tom, you have to die today!"

After saying this, The Great King attacked Tom again. Moreover, his speed was so fast. Even in broad daylight, no one could see his movement track. He looked like disappearing out of thin air. When he appeared again, he was already in front of Tom.

This time, his momentum was even greater. Behind him, it seemed that

there was a raging ocean coming towards Tom fiercely. Not to mention a person, even a city would be severely submerged, and thousands of lives would die.

Even the people watching the live streaming were frightened and had a new understanding of The Great King's power.

As for Tom, he did feel unprecedented pressure. In his spiritual world, he felt that he was not facing The Great King but a tsunami for a moment. A violent ocean rushed towards him, trying to drown him.

This kind of momentum was terrifying. The Great King was indeed the Chosen One on the List of Immortals for many

years and was known as the chosen son of this era. His strength was not to be underestimated.

Even Tom was shocked by The Great King's terrifying attack at that moment.

But that was all.

Now, Tom had learned The Great King's martial arts, and he had a clearer understanding of The Great King's power.

Now that he faced The Great King's attack again, he had a clear understanding and was well-prepared, and he would not be as hasty as he was in the beginning.

His pupils turned pale at a speed that

the naked eye could not catch. He did not dodge The Great King's attack like before but chose to fight back!

Chapter 1152

If The Great King was a raging tsunami that could destroy everything in the world, then Tom was a huge rock mountain, which was too tough to destroy. Even in the face of a great impact, he could still remain unmoved!

At this moment, The Great King also felt that Tom was too tough. He had become a mountain connected to the earth, which was made of steel and could not be impacted at all!

From The Great King launched attacks to Tom's counterattack, only seconds had passed. If their fight was really measured by time, it would only be a matter of seconds, so fast that even the Strong in the Innate Realm could

not react!

A bang sounded. Tom did not dodge this time, but collided with The Great King with full strength!

It was a super huge noise. At the center of their collision, it was as if the air had exploded. The air had been torn apart, which caused an extremely harsh sound. It was as if hell had been turned upside down, and countless evil spirits had appeared in this fighting scene.

The people watching the live broadcast were all shocked when they heard these noises, and many of them fell off their chairs in fear.

In particular, the movement they caused, the strong pressure, terrified

some of the Strong who were not tough enough in their realms. Many people even dodged aside, thinking that they would be physically impacted by the fight.

Indeed, this live broadcast was too real.

They did not dare to imagine what would happen if they were at the scene. They would definitely be affected!

Except for this, at the feet of Tom and The Great King, the earth could not bear the collision between them. Where they stood, there was a huge crack!

There was a rumbling sound all over

the land, and a three-meter-wide crack spread for several kilometers!

"Hiss..."

When the Strong on earth saw this scene, many of them took a deep breath, deeply shocked.

Was this phenomenon really caused by people?

Even a lot of experts at Half-step God Becoming Level who saw this scene felt numb and gasped.

Both them and Tom were Half-step God Becoming Level, but the gap between them and Tom, The Great King was too huge!

Even those God Becoming Level

experts were now deeply shocked, not to mention them.

"The strength of these two people has reached such a level!! They are just at the Half-step God Becoming Level. If they eat the fruit and come back to earth, how powerful they will be?"

A God Becoming Level expert said in surprise, and at the same time, he was in extreme fear!

Although he was a master at the God Becoming Level and would not have taken any of the masters under the God Becoming Level seriously, now that he saw the battle between Tom and The Great King, he no longer had this idea!

Indeed, Tom and The Great King were too powerful, powerful as an evil. Even he, in the face of these two, would only be beaten up, very badly!

But he couldn't figure out why someone at the Half-step God Becoming Level had such terrifying power!

In the H Country, audiences were also frightened. They had already despaired of Tom, but now, seeing that Tom could still fight with The Great King without getting injured, they immediately changed their minds and slowly regained some hope.

"Is it really possible for Tom to defeat The Great King?"

After saying this, no one answered for a long time. It was not that they did not hear it, but that they did not know how to answer it. Even they did not dare to think about it further, afraid that given hope now, they would be disappointed again!

Some people couldn't bear to watch it, but after hearing this, they couldn't help but look at the live broadcast on the screen. They immediately saw that after Tom and The Great King collided, Tom did not stop and continued to fight with The Great King.

They were moving so fast that they could not see clearly the moves between Tom and The Great King.

It was only possible to see that Tom

was not at a disadvantage this time. Instead, he was on par with The Great King.

But how could this be? Wasn't Tom injured just now?

The huge movement they made, causing a huge sound on the land within a hundred miles in the square, and it was accompanied by an earthquake as if there were two ancient behemoths roaring and fighting inside.

Some aboriginals in the Secret Realm were also shocked. Many aboriginals approached, but when they heard the sound, they were all pale with fear and did not dare to approach at all!

Many aboriginals knelt down and thought that there were two gods fighting!

Yes, in their opinion, only the gods could make such a terrible sound.

Even the Strong in the Secret Realm were frightened by the huge energy collision inside and did not dare to step forward at all let alone some aboriginals. Even if they knew that there were many fruits inside, they did not dare to think about getting it.

Tom and The Great King were fighting intensively, and it was already white-hot!

The people watching the live broadcast could no longer see them

clearly. These two were surrounded by thick smoke and dust. They could only see that their ambitious figures in the middle of thick smoke and dust, which were constantly tossing and colliding inside. This battle was as sensational as Mars hitting the Earth.

It was far beyond what humans could achieve!

They could only judge by the noise they heard that they were still fighting and that the final result was still pending.

But even so, they didn't know who had the advantage and who could win this battle!

The Great King was getting more and

more frightened as he was fighting.

In his opinion, Tom's moves were too weird!

No, to be exact, Tom himself was too weird.

Tom had already been punched by him. He should have been injured. But now, in the fight with him, he couldn't feel Tom's injury at all, as if he hadn't been punched just now.

But how could this be possible?!

Chapter 1153

At this moment, The Great King was really shocked by Tom.

Because he knew very well the strength of his punch just now, which hit Tom hard. It was rare that Tom was able to take it without being seriously injured and losing the ability to move. He didn't believe that Tom was not injured at all.

However, it actually happened. The strength that Tom showed was so strong as if he had not been hurt at all. And how could he be more powerful than before he was injured?!

Tom now seemed to be a different person. He was so powerful that even

The Great King felt some pressure.

This was incredible, so even The Great King was intimidated.

However, after all, The Great King was a man who had been through many battles and had a very strong mind. Although he had doubts, it did not affect his state at all.

In his opinion, the reason why Tom behaved like this must be that Tom used some secret method to overdraw his potential. Otherwise, he would not be more powerful than before.

And this kind of skill must have a huge disadvantage. Tom would definitely not be able to hold on much longer in such an intense battle!

The Great King was sure of that.

Indeed, he was right. The reason why Tom was even fiercer than before was that he stimulated his potential to give out 120% of his strength.

However, The Great King was wrong about one thing. This kind of skill was not too bad for Tom. Moreover, he could hold on for a long time, long enough to defeat The Great King!

"The Great King, you should have beaten me to death just now. Unfortunately, you were too arrogant. You thought you would definitely win and wanted to play it slow? Unfortunately, you were wrong this time. You gave me the chance to turn the tables."

Tom launched a fierce attack on The Great King while speaking with ease. He showed no sign of embarrassment as he did when the battle started. Instead, The Great King became the embarrassed one.

The Great King felt this and his face darkened.

He never thought that Tom could be able to do that. This was beyond his expectations!

He even regretted it for a moment. If he had known that Tom was so tenacious, he shouldn't have stopped just now and given Tom the opportunity to be arrogant!

Although the idea just flashed in his

mind, it was still captured by Tom. Tom smiled and said, "Why, The Great King, is this the extent of your will? I just said a few words and you wavered? It turns out that you're nothing special."

After The Great King heard this, his face turned even darker. He snorted heavily and said, "Tom, today is your day of death. Do you think your little tricks can pose a threat to me? I'm just teasing you!"

When The Great King said this, it was as if the thunder lord had landed on the ground. A huge sound wave came out of his mouth, just like the Lion's Roar, which could blow Tom's hair up. It was obvious how loud his voice was.

If it were an ordinary person, facing

such a huge sound wave from The Great King, he would die of eardrum rupture and loss of blood.

Even an expert in the Innate Realm could not bear it.

However, for Tom, it was nothing special at all.

Tom still had a faint smile on his face. He was fighting with The Great King, but he looked very relaxed as if he was a different person.

His change stunned so many people on earth who watched the live broadcast.

"Did I see it right? Why does this Tom seem to have changed into a different person? How can he and The Great King be evenly matched?"

"That's strange! Wasn't Tom injured just now? Why could he still fight The Great King so hard?"

"Yes, what the hell is going on with Tom? Did he not give his all when he fought for the first time just now?"

"That's impossible! The opponent is The Great King! No matter how arrogant Tom is, he can't goof around on purpose! Or, could it be that Tom is really stronger than The Great King?"

On the forum of the live broadcast website, there were heated discussions.

Although they could not see clearly the fierce battle between Tom and The Great King through the live broadcast,

they could see that Tom was on a par with The Great King, not as awkward as before, and even seemed to have the upper hand.

This was incredible!

Soon all kinds of heated discussions occurred.

Especially the Strongs from the Secular World who were already oppressed by the Clan World began to fight back crazily as if they had taken stimulants.

"Ha ha, didn't you just say that The Great King was very powerful? What's going on now? I think The Great King has been suppressed by Tom. Ha ha, is this the so-called number one in the Clan? Just so so!"

"Ha ha ha, you're right. They were really good at bragging just now. They also said that Tom was dead. But what happened? Even if Tom didn't give out all his strength, The Great King was not his match."

"Yes, Tom was deliberately punched by The Great King but was still able to suppress him. It is so soothing."

"Hey, why aren't you people shouting anymore? Didn't they just shout very excitedly? Shout one more time now..."

For a moment, the counterattack from the Secular World was very strong, which made the people in the Clan World speechless, especially those martial artists in H Country who were now unusually excited as if they had

taken stimulants!

They had been holding back their anger. Now that they had found the opportunity, how could they not fight back?

In a conference room in H Country, a group of senior executives was watching the battle, and many people couldn't bear to see it. However, when they saw that Tom had the upper hand and was able to suppress The Great King, they were stunned, and then, they were extremely excited!

Chapter 1154

"Hahaha! Tom! Awesome! I didn't expect him to suppress The Great King. He did not disappoint us!"

"Yes! It's great! Tom is indeed the savior of H Country. He is a genius who condenses our H Country fortune. Good job! Well done!"

For a moment, the atmosphere in the conference room eased up, and smiles reappeared on their faces.

For them, it was exciting that Tom could turn the tables. It was even more inspiring than when they were there!

Joseph, who was grim-faced, stood up abruptly after seeing the scene. He

laughed and exclaimed, "Great job! Tom! He did not let up down! When he comes back, he will be our hero and our new guardian!"

Joseph's words meant something. For a moment, everyone in the conference room looked at him.

Only then did Joseph realized that it was inappropriate for him to say that, though what he said came from his heart.

However, no one held an objection or questioned his words, because they also believed that Tom would be the top Strong in God Becoming Level, stronger than the current God of War Albert, assuming he came out successfully.

These were several women, including Phoebe, Amelia, Sunny, and Tom's mother, Luna.

They also got the right to watch the live broadcast and were gathering to watch it.

"That's great. Tom didn't lose, and he got the upper hand! I told you, he won't let us down!"

Amelia called out excitedly.

The other three women were also visibly relieved.

They were the closest people around Tom, and naturally, they were the ones who cared about him the most.

Tom deserved to be the new guardian god of H Country.

However, they couldn't help but look at Albert. Seeing that he kept a smile, they were relieved and admired him.

Lexie beamed a smile, and her eyes were brighter. For her, the more powerful and dazzling Tom was, the happier she was. This showed her good eye, and she enjoyed it. She was glad to see him climb to the top of the world!

It could be said that all the Strong in H Country who were watching the live broadcast were shocked and excited.

At the same time, several people were watching the live broadcast in a villa in H Country.

Phoebe, in particular, clenched her fists and her back was drenched in cold sweat. Now that she saw that Tom was out of danger and had hope of winning, she immediately breathed a sigh of relief.

But just as she breathed a sigh of relief, suddenly, a violent streak of pain ripped through her heart. It was so intense that she couldn't help but let out a painful groan. "Mmm!"

The other, who were all focused on the screen, for a moment, did not notice that something was wrong with Phoebe.

Phoebe gritted her teeth and struggled to hold on!

She didn't want anyone else to worry about her. Now they were all focused on Tom.

However, this angina was so intense that her face turned pale!

Moreover, her face paled, drained of color. She trembled slightly.

Fortunately, she was sitting on the outermost side, so the other three people did not notice anything unusual about her.

She didn't want to upset them.

However, it was too painful, and it intensified as time went by, and she could not help it.

So at this moment, she knew that she

couldn't stay any longer. She quickly stood up and walked straight ahead.

She walked with difficulty, her legs shaking. It was conceivable how much pain she had suffered now!

As a matter of fact, she was also a master of the Innate Realm with a good physical condition.

However, she endured it and sped up...

Unfortunately, the cramp was so intense that she fell to the ground!

And the others were alerted at this moment.

"Phoebe! What happened to you? Why did you fall to the ground?"

Luna noticed it first. She quickly walked to Phoebe and squatted down to help her.

"Mom, I'm fine..."

Phoebe shook her head and forced a smile. However, she was in too much pain to hide. Anyone could tell at a glance that something was wrong with her from her colorless face and the cold sweat on her forehead.

At first, Luna didn't take it seriously and thought that Phoebe had just fallen down by accident. But now she immediately realized that something must have happened to Phoebe.

"Phoebe! What's wrong with you? What happened?!" Luna was shocked

and quickly grabbed Phoebe's hand, trying to help her up. However, she was startled when she touched Phoebe's hand, which were too cold now. "Ah, Phoebe, why are your hands so cold? What happened? Your body is frozen!"

Amelia and Sunny, hearing Luna's words, all looked over. They were shocked to see Phoebe who was in such a state.

Amelia immediately came over to hold her. Panic showed on her face when she felt Phoebe's body was so cold.

She knew that things didn't go well with Phoebe recently and she had nightmares, but she had never seen Phoebe like this.

Now that she was holding Phoebe, she could only feel her life force running away!

Chapter 1155

Phoebe's current state really scared the three of them.

Especially for Luna, she was more flustered and quickly held Phoebe, "Phoebe, Phoebe! How are you, Phoebe? Don't scare mom!"

Amelia was also in a panic. She knew that there was something wrong with Phoebe, but it was only a nightmare at the most. Physically, there was no big problem.

But now, Phoebe's life force was running away crazily, already on the verge of death!

She could not imagine what should she

do if something happened to Phoebe, and how should she tell Tom.

Luna had the same idea. She was also in a daze now, and she hugged Phoebe tightly and kept saying, "Phoebe, what happened to you? Are you sick? I'll take you to the hospital right now! You must hold on, you must!"

Seeing Phoebe's dying state, Luna burst into tears. Phoebe was her daughter-in-law. She was very satisfied with Phoebe over the time.

She was already treated Phoebe like her own daughter. If something happened to Phoebe, she couldn't explain it to Tom. And she knew that they loved each other deeply. How painful would it be for Tom to come

back from the Secret Realm and find that Phoebe was dying? And how could she tell Tom?

So no matter what, she couldn't let anything happen to Phoebe!

Sunny was relatively calm. She immediately reacted and took Phoebe's pulse.

However, she was soon frightened by her weak and disordered pulse, which showed her life force was running away crazily!

At this rate, despite being a master of the Innate Realm with a stronger body, she would die her death in a short term!

Sunny suddenly looked up and asked,

"Your life force is running away at a high speed. How could this happen? What happened?"

Amelia's eyes were full of tears. She pleaded, "Sister Sunny, please save Phoebe! If something happens to her, how can we tell Tom?"

Hearing this, Luna's eyes turned redder, and a glint of sadness flashed in Sunny's eyes.

On the contrary, Phoebe tried to squeeze out a smile and said, "I'm fine. You don't have to worry. I'm just tired and need a rest."

However, instead of giving the three a relief, her words stirred up more sorrow in them. Amelia glared at her

and said, "Phoebe! How could you keep it from us even now. Do you want us to spend the rest of our lives feeling guilty? No, we must take you to the hospital!"

Luna also said gravely, "Amelia is right. Phoebe, considering your situation, you must be sent to the hospital. It can't be delayed."

However, Phoebe just shook her head with a bitter smile, "It's no use. This is not an illness. Doctors can't save me..."

"Silly child! What are you talking about? What do you mean you can't be saved? No matter what happens, I will do everything I can to save you!" Luna said angrily.

Sunny also said, "Phoebe's situation doesn't seem to be sick. It's more like there's an unknown force taking her life away."

Then, she looked at Phoebe and asked, "Phoebe, what happened? You must tell us."

Phoebe just kept her mouth shut, insisting that she was tired, and needed to rest. However, they were not idiots to believe her words.

At this time, Sunny noticed something and turned to Amelia, "Amelia, you seem to know something. You can tell us."

Phoebe looked at Amelia, obviously asking her not to say it. Amelia bit her

lips, but finally decided to tell the truth,
"Well, a while ago, Phoebe started..."

Next, she told Luna and Sunny about Phoebe's nightmare, including her real identity!

After Luna and Sunny heard this, they were shocked with widening eyes, especially Luna. She said angrily, "Phoebe! Why didn't you tell mom what happened? What a silly, silly girl!"

Sunny frowned and said, "Phoebe, who is this father you're talking about? Why could he affect your body while he's not found you?"

This was something Sunny could not understand. Since Phoebe had already lost, and her father did not know her

Don't tell Tom, he... Ah!"

Before she could finish her sentence, she suddenly looked in pain and hugged her head, as if she's being tortured.

Luna hurriedly hugged Phoebe as the three of them watched her in pity.

"It's okay, it's okay. Phoebe is okay. Mom is here. Mom is here." Luna kept comforting Phoebe.

Amelia's tears kept flowing out. After so many days together, she and Phoebe had already become good friends with deep feelings. Although their identities were awkward, this thing did not affect their relationship at all, but forged it stronger. Because in

position, then how could he affect Phoebe's health?

However, Phoebe did not answer. She lowered her head and fell into silence.

Amelia watched her anxiously, "Oh, Phoebe, are you still hiding it at this time? Hurry up and tell your mother-in-law and Sister Sunny!"

Luna also said, "Yes, Phoebe, tell us quickly. We are a family, and we share our difficulties! Besides, Tom will be out of the Secret Realm soon. At that time, he will be a Strong of the God Becoming Level. No matter how strong your father is..."

However, her words were interrupted by Phoebe in a panic. "Don't tell Tom!

essence, they were kind and generous women.

Now Amelia felt really bad to see Phoebe like this.

according to their understanding, if Phoebe's biological father was really so powerful, then how could Phoebe have lost in the Secular World and become the daughter of the Scotts? Moreover, after so many years, with the strength of the Four Major Sects, Phoebe should have been found long ago.

But they hadn't found Phoebe for so many years and she had been in her twenties. Her appearance was very different from that of her childhood. How could Phoebe's biological father find Phoebe accurately?

However, they thought about it carefully and found that it was very possible because Phoebe's situation was different from that of ordinary people!

Chapter 1156

Sunny was the calmest of the three. She immediately thought of something and asked, "Phoebe, is your biological father very powerful and even stronger than the ordinary strongs of God Becoming Level? And is he from Four Major Sects?"

As Sunny said this, Phoebe's body trembled violently. Her face turned even paler.

As for Amelia and Luna, they were also obviously stunned. Did Phoebe's biological father actually have such an unusual background?

Their first reaction was that they didn't think it was possible, because

Luna said in a gentle voice, "Phoebe, tell mom, who is your biological father? Is he a senior member of Four Main Sects?"

Phoebe bit her lips tightly and did not say anything. However, even if she did not say anything, she had already told Luna the answer with her reaction.

Sunny's analysis was correct. Phoebe's biological father came from Four Major Sects, and from this point of view, he had a brilliant background!

Amelia said immediately, "Phoebe, you don't have to worry. Even if your father is a big shot in Four Major Sects, it doesn't matter. Anyway, you are his biological daughter. Your father will

definitely not hurt you, and we are also your family. I believe your father will not make things difficult for us..."

Phoebe shook her head, and pain flashed across her face, "No, you don't know him. He's not a nice person. He..."

When she said this, her face suddenly changed. There was panic on her originally pale face. She began to panic and said immediately, "No! He's coming. He's coming! Go! You guys go!!"

Phoebe looked really scary now. It was as if she had seen the devil. They had known Phoebe for a period of time, but they had never seen Phoebe so panicky.

Who was coming?

Soon, they realized that the person Phoebe said must be her biological father.

However, since he was her biological father, why did Phoebe still look so frightened, push them away and ask them to leave quickly?

"Phoebe, we're not leaving. I want to see why your biological father should do this to you!"

Amelia clenched her teeth and said angrily.

She was really fed up with Phoebe's biological father. He was so hateful. As Phoebe's biological father, he didn't fulfill the duty as a father. Not only did

he abandon Phoebe when she was very young, but also treated her so harshly after so many years, which was very hateful!

It was said that even a vicious tiger would not eat its cubs, but Phoebe's biological father was resentful!

When Luna saw Phoebe like this, she was also angry. She snorted fiercely and said, "Phoebe, you don't have to be afraid. Mom is here. I want to see who your biological father is and how dare he treat you like this!"

Sunny did not say anything, but from her cold expression, it could be seen that she was also on Luna's side.

But in this case, Phoebe was even

more anxious. She was so anxious that she was about to cry, "Mom, Amelia, Sister Sunny, leave here quickly. I'm not joking with you. My biological father is different from other fathers. He's very cruel. He..."

At this moment, everyone heard a light voice coming from the corridor at the door suddenly, "My good daughter, you haven't seen me for so many years. How can you speak ill of me behind my back?"

The voice appeared very suddenly. It was through a door, but the voice seemed to appear in the room. It sounded extremely strange.

When Sunny heard this, she got goosebumps all over her body.

She was the person with the best martial arts here, and she could immediately feel that Phoebe's biological father had reached an extremely high level in martial arts!

She had clearly heard the voice, but she still could not feel the breath of the other party, and this voice seemed to be conjured up in the room. However, this room was closed.

In other words, Phoebe's biological father was at least above the God Becoming Level!

God Becoming Level expert, how rare and superior this was!

There weren't many God Becoming Level experts around the world.

However, Phoebe's biological father was actually a God Becoming Level expert. It was so bizarre!

It was difficult for Sunny to accept this kind of thing for a moment.

But for Phoebe, when she heard this voice, her body suddenly trembled, and she looked even more scared. She lost all her strength and was about to lose her balance.

Luna was the calmest one. Her face darkened. There was no panic in her eyes. Instead, there was more anger.

No matter who Phoebe's biological father was or what level he had reached, he was unworthy of being a father and a man because he made

things difficult for his own daughter and even tortured her.

She wanted to see who he was!

"He's here! He's here! It's terrible... I've implicated you. I'm sorry. I've implicated you. I should have left earlier..." Phoebe cried.

Now, Phoebe's face was full of tears, guilt and regret. In her opinion, it was she who implicated Anna, Amelia and Sunny. This was the most painful thing for her!

Luna grabbed her hand and said firmly, "Phoebe, you don't have to worry. With mom here, nothing will happen. Nothing will happen..."

However, Phoebe just shook her head,

her face full of panic and regret, and she kept crying.

It was at this moment that the door was pushed open. Under the light of the corridor, a tall shadow shone into the room. The person hadn't appeared, but the sound of footsteps was frightening.

Chapter 1157

The footstep made the three in the room became uncontrollably nervous as if someone was stepping on their hearts, causing great pressure on them. Even Luna could not calm down.

For Phoebe, that was even more frightened. Now she was trembling violently, and her face was not pale but livid. How much pain and torture she was going through!

"Run! Run! All of you..."

Even though she was so scared, Phoebe still bit her tongue tightly and forced herself to cheer up and be calm enough for conducting them to run away.

However, how could they run?

Luna tightly grabbed Phoebe's hand and said firmly, "Phoebe, don't worry. Your mother's here, and no one can take you away."

Amelia also said, "Yes, Phoebe, don't worry. We will protect you."

Although Sunny did not say anything, her expression had already showed her intention that she would experience anything with Phoebe and not run away.

Phoebe was deeply moved but it also made her more anxious and guilty, as she remembered, although she had not seen her father frequently before, she knew he was a formidable man from

her memory!

And he had already found her place this time, and he would definitely not let her stay here easily.

In fact, she was ready to be taken away by her father, but she could not accept that the people around her were implicated because of her!

Especially when they were her close relatives. If Luna, Amelia, and sister Sunny were involved, how could she explain to Tom?

But she also knew that no matter what she said, the three of them would not leave. So the only thing she could do now was to try her best to save them!

After making this decision, she quickly

regained her composure. She took a deep breath, and her sight became firm.

Soon, as the footsteps came closer, the shadows at the door became clearer. Finally, everyone saw Phoebe's father.

This was a middle-aged man in a white han suit, with a tall figure and white skin.

At the first glance, he looked ordinary, just like a normal middle-aged businessman. But if you looked closely, you could see how extraordinary this man was, especially his eyes, which were full of endless depth and vicissitudes, as if the entire universe was all in his eyes!

Sunny, moreover, glared at this man, with all her muscles tensed up! Her body shook violently, and her mouth was widely open. She couldn't believe who she saw!

Because she had met this middle-aged man before. He was Cassio, the Overlord of the Blood Thirst Sect!

He was Phoebe's biological father?!

To be honest, even he was there, she still couldn't believe it. She was dazzled for a moment, for she had never thought that Phoebe's biological father was the Overlord of the Blood Thirst Sect!

You know, this is a big shot!

No, "big shot" was not enough to

describe him. He was an immortal existence, whose power could be ranked among the best in the world. Even Raoul the Saint King could not win him!

Now, she was really scared.

Luna noticed her reaction and asked softly, "Sunny, do you know this man?"

Sunny's face became extremely serious, but at the same time, she smiled bitterly. "I don't know him. I just saw his portrait... But I never thought that he was Phoebe's sister's biological father. This is incredible!"

Luna was surprised. She knew Sunny's character very well: she was a person with high psychological quality, and she

was not easily shocked. But now Sunny was unprecedented shock, so she continued to ask, "Sunny, who is it?"

Sunny took a deep breath, took her sight away from Cassio, and said in a low voice, "Auntie, this man is the Overlord of the Blood Thirst Sect, Cassio."

"What?!"

Luna was as shocked as Sunny. She also opened her eyes widely, looking incredulous!

It was Cassio!

Although Luna had never heard of it and hadn't showed her face in public, she also heard of this name.

If The Great King was just a legend, then Cassio was almost a myth!

It was because of him that the Blood Thirst Sect could become so strong that it could hold the first position of the Four Major Sects.

And it was said that Cassio's realm had reached the third level of the God Becoming Level, which could be regarded as the highest of the world. In a sense, he was the real immortal.

He had no difference from a god except that he could not live that long. On earth, there was nowhere he couldn't arrive, and nobody he couldn't kill. All people had to show him their respect and awe.

And such a god-like man was actually Phoebe's biological father, Luna's relative be marriage?

To be honest, at this moment, Luna even felt ridiculous and unreal.

Amelia had never heard of Cassio, but she saw Sunny and Luna's reaction and knew that the man in front of her was not common!

Cassio came into the room, and he saw the three women. A sense of surprise for the beauty of Amelia and Sunny flashed through his eyes, but that was all.

Soon, he looked at Phoebe, his biological daughter, who had been missing for so many years. He finally

saw her.

And he was relieved because he found that the "magic power" on his daughter was not taken away, which meant that his daughter's greatest value was still there.

So he smiled and walked towards Phoebe, "My daughter, I haven't seen you for so many years. I almost didn't recognize you."

Chapter 1158

Amelia immediately stood in front of Phoebe and glared at Cassio. She scolded, "I'm here. You can't take her away!"

Although Amelia was afraid now, she did not flinch and stood in front of Phoebe bravely.

Cassio glanced at Amelia and ignored her. He said to Phoebe, "My daughter, you haven't seen me for so many years. Why are you so impolite? Hurry up and salute me."

When he said it, he was different. He looked dignified. Amelia, who was standing in front of Phoebe, felt stressed as if she was burdened with a

mountain. She kept trembling. She was about to fail and kneel down at any time.

However, she endured it and clenched her teeth. She tried hard not to kneel.

In fact, except for her, Sunny and Luna also felt great pressure and had a sense of submission.

Especially when they knew Cassio's identity, they were extremely fearful and reverent.

After all, he was even more powerful than King of Raoul!

Phoebe took a deep breath and put her hand on Amelia's shoulder. She said softly, "Amelia, get out of the way. It is a private matter between him and me."

Amelia shook her head firmly and said, "No. If he wants to take you away, he must have my permission!"

She was so firm that Phoebe was more grateful to her.

However, Phoebe knew very well that Amelia couldn't protect her. Even if Tom was here, he would not be able to protect her.

So she shook her head and said, "I'm fine. Get out of the way."

"Phoebe..."

Amelia saw that Phoebe was determined. She was softhearted and stepped aside. But she said worriedly, "You can't leave with him! You can't be

hurt!"

"Ok, I know it."

She walked out and looked at her father, who she hadn't met for a long time. She didn't love her father. She just felt fearful and disgusted.

But she couldn't show her feelings now.

She obeyed and saluted Cassio, "Father."

Cassio saw her salute and looked better. He nodded slightly and said, "Good. It seems that you remember how to salute. Great. I think you have known the secret, so I come to take you away."

He sounded calm, but it was irrefutable.

Phoebe shook her head and said, "Father, I have a new life and have nothing to do with my previous identity. My name is Phoebe now. Please be magnanimous and let me go."

Phoebe was polite and sincere. If he loved his daughter, he wouldn't take her away.

However, Cassio was not warm. He looked cold and said indifferently, "Nonsense! I'll take you back. You are the princess of the Blood Thirst Sect. You can't be in the Secular World. What's more, I'll attack the Secular World with many sects soon! You must leave with me!"

He was tough and didn't allow her to refuse.

Phoebe clenched her teeth. Although she had expected this, she was sad and angry to hear it. Her father had never loved her!

Before she spoke, Luna stood up and said, "Overlord Cassio, how do you do? I am Luna."

Cassio was surprised and said, "Do you know me?"

He hid his trace well this time. Except for Oliver Elder, no one knew that he came to H Country. He had never seen the woman before.

Moreover, his identity was a secret in

the Clan World. Few people knew him.

Luna said, "I've known you for a long time."

Cassio just took a deep look at Luna and didn't take her seriously. He said faintly, "Since you are a junior, go aside. It is my family matter."

He said it coldly and did not respect her.

However, Luna was not angry. Instead, she smiled and said, "Yes. It's my family matter as well."

"What do you mean?" Cassio said coldly.

Luna said neither humbly nor haughtily, "Phoebe is my daughter-in-

law. So you are my in-law."

When Cassio heard it, he constricted his pupils immediately with a flash of surprise and anger. He stared at Phoebe and shouted, "Jimenez Ashlynn! You are so rebellious. How dare you get married without my permission?"

Cassio was furious. He made a powerful sound wave. The four people in the room felt their ears buzzing. They felt that as if they were in the center of the storm and they couldn't bear it!

The impact was greater on Phoebe. She trembled violently and spat out blood.

Her clothes were wet.

She was weak. She couldn't stand the pressure when Cassio scolded.

Moreover, she knelt down uncontrollably.

Sunny was the best one here. She was not afraid of being killed. She immediately stood in front of Phoebe and stared at Cassio.

Cassio was furious. Although his daughter still had the magic power, he couldn't accept that she was married!

Because he had decided to ask her to marry Oliver's son!

He couldn't keep his promise, so he was furious.

Luna immediately said, "Overlord Cassio, I don't know what happened between you and Phoebe, but she is a member of the Mr. Howard family. Please don't force her for the sake of our relationship!"

Once she said it, Cassio looked worse, "Our relationship? You are so humble. You aren't qualified to be my in-laws!"

When Amelia heard it, she immediately said, "Who is humble? Phoebe's husband is Tom, the most famous super genius in the world recently!"

When Phoebe heard it, she changed her expression drastically.

Chapter 1159

And Cassio did become emotive. It could be said that it was the first time he had lost control of his expression since he arrived here!

He knew Tom, and became very familiar with him during this period of time. He could hear his name almost every day!

However, what he did not expect was that his daughter, whom he had not seen for so many years and had wandered into the Secular World, had married him, the biggest enemy of the Clan World?!

In particular, this guy killed Melvin, his son, in the Secret Realm!!!

Although Melvin was not Phoebe's biological brother, but...

To be honest, at this moment, his mood fluctuated so much that his expression lost control and began to twitch wildly.

Before he came here, he only knew Phoebe's position but did not investigate where his daughter, whom he had not seen for many years, had gone, who had adopted her now, what social status she possessed, and whether she was married or not. It was not that he was unable to investigate, but rather, he didn't care at all!

To him, no one in the world could be taken seriously, and no place in the world that did not welcome him.

But now, hearing this news, he couldn't control his swinging mood. Then a surge of anger suddenly burst out and covered all his mind.

He could never expect that his own daughter, Jimenez Ashlynn, married to Tom!

Phoebe tensed up as she saw this and quickly stood up to explain, "Don't worry, father! Don't listen to this woman's nonsense! I'm not married at all, and I don't know who Tom is! Father, since you are here, then I will go with you. Don't make these three ordinary women badger with you!"

Phoebe knelt down at Cassio. Although she had not seen her father for many years, she probably knew his

character from her memory. If she did not stop him in time, then his father would probably kill those three women!

And she could accept it!

However, Cassio did not say anything. He was now looking at Phoebe coldly and horribly. He stared at her fiercely and said, "Jimenez Ashlynn, how dare you marry in the Secular World in private. Besides, you married Tom, the bastard?"

When he finished his sentence, his anger, as well as his majesty, almost drowned the entire room, making the four people shiver uncontrollably. Especially for Phoebe, it was even more terrifying and scared, but she

was also very anxious.

Now she was very regretful. If she had known this, she shouldn't have continued to linger and left a few days ago, so that Amelia, Tom and others wouldn't be involved!

She couldn't blame Amelia, although she had already told her before that never reveal Tom's identity, but, in that situation, it was normal for Amelia to say that. She was in a hurry to protect her.

Now, she had to protect the people around her by all means!

As for Amelia, she realized that she had made a mistake as she saw Cassio's reaction. She also

remembered that Phoebe had told her not to reveal Tom's identity, or it could only make things worse. But just now, in that emergency, she hastened it out without more consideration.

However, she quickly regained her composure, because in her opinion, although Cassio was very powerful, Tom would definitely not be inferior to him. She regarded Tom as the most powerful man in the world, and no one could compare to him, and he could undoubtedly save Phoebe with his strength!

So she grabbed Phoebe's hand and continued, "Phoebe, you don't have to be afraid. Just say it. It's not a big deal. You are Tom's wife. Now that he has gone to the Secret Realm, and he will

be a God Becoming Level master after coming out. By then, your father will give him a face!"

But Phoebe became more annoyed.

"Amelia, stop! You're wrong. I don't love Tom. Now leave here. Now. Don't pretend to be my friend!" Phoebe made herself mean.

Amelia was immediately stunned and said, "What? Phoebe, what did you say?"

Phoebe said on purpose, "I said get out of here. Don't be hypocritical! I don't belong to here, and now I'm leaving."

Then, she went straight to Cassio and said, "Father, let's go now."

Amelia couldn't move, because she had never thought why Phoebe would say that. This was not the original Phoebe she knew at all!

However, just as she took a step forward and was about to say something, Sunny stopped her and inclined her with an eye contact.

Luna stood up bravely and said, "Overlord Cassio, since Phoebe is your daughter, it's natural for you to find her here. However, Phoebe is also a member of Mr. Howard family. I hope you don't make her awkward."

Phoebe was very anxious and wanted to explain, but Luna looked at her as if she were telling her that she would not stand by and do nothing about it.

Phoebe had nothing to do with it. She was not stupid, for she knew that at this point, with her father's intelligence, he would definitely not be fooled.

She could only sigh heavily in her heart, feeling very helpless.

Finally, at this moment, Cassio began to speak.

"Hahaha, Tom, it's Tom!" Cassio suddenly burst out laughing, but although he was laughing loudly, there was no smile on his face, and even his eyes were very cold. All this made him frightening.

"Tom! I never thought that the person who married my daughter would be

Tom!"

Chapter 1160

After hearing these words, everyone finally realized that Cassio had a grudge against Tom!

However, they never expected such a coincidence that Tom had offended his father-in-law?

Phoebe said quickly, "Father, since you want to take me away, then hurry up!"

Cassio turned to her and snorted heavily, "What a good daughter! Your love for Tom is so deep that you want to protect him till now!"

"Father..."

Cassio did not give her a chance to continue, but said coldly to Luna and

suddenly stood in front of Luna and Amelia, and stared at Cassio.

Although she knew that she had no chance against Cassio, she must protect Luna and Amelia to death.

"Hmph! You don't know what's good for you."

With only a heavy snort of Cassio, Sunny's face suddenly changed. Then, with a whoosh, she spat out a mouthful of blood, and the momentum on her body became increasingly decadent.

At this moment, her heart was filled with horror. Just now, Cassio did not even do anything, but she could not bear the mental shock!

Upon one attack, she had already lost

the others, "Good, great, you actually fell into my hands! This is also a good thing, so I can avenge my son."

After saying this, his momentum suddenly changed. It was obvious that he was about to start attacking Luna and the others.

To him, these people were all ants, including Sunny. Even if she was the Half-step God Becoming Level, so what? They were all ants in front of him, who could be trampled to death with one foot.

Even if Tom was here, he was also an ant.

Sunny felt Cassio's murderous intent, and her face finally changed. She

the ability to fight.

Similarly, Luna's face was now solemn, and she was also desperate. In this case, she was really powerless.

"My in-law..."

As soon as she spoke, she was rudely interrupted by Cassio. "Shut up! What right do you have to be my Cassio's in-law?"

When Luna heard this, she also spat out a mouthful of blood, and the despair in her heart became even stronger.

She knew that Cassio was very powerful, but she did not expect that just a scolding would make her seriously injured and lose the ability to

fight back.

It seemed that she couldn't stop Cassio from taking Phoebe away today!

However, even so, she still forcefully held back her fear and looked at Cassio bravely. She said neither servile nor haughty, "I wonder why Overlord Cassio wanted to take Phoebe away by force, and have a huge grudge against Tom. Has he ever provoked you?"

Cassio snorted. He was disdainful to answer an ant like Luna, but he suddenly had the idea of explaining and said coldly, "In the Secret Realm, Tom killed my son and even snatched the fruits from my eldest disciple.

What grudge do you think I have against him?"

"What?!"

Luna was shocked at his words!

There was such a coincidence.

Amelia was also pale and realized that she had made a mistake.

Just at this moment, the computer on the table was still playing the live broadcast. They heard the sound of their battle and the conversation between Tom and The Great King.

The Great King said: "It's impossible! Tom, how can you be so powerful!"

Tom: "The Great King, there is nothing

impossible in this world. You think you will win, and I don't think so. You have fallen into a disadvantage now. I will defeat you in a thousand moves!"

The Great King retorted: "Tom! You want to beat me in a thousand moves? Wishful thinking! You were punched by me just now. That must leave you with serious injuries. I will find your weak points! Today, it must be your death! Let your corpse become my stepping stone to the God Becoming Level!!"

Then, there was another violent collision. The two of them were having a terrible fight in the Secret Realm.

As Cassio heard these conversations and saw that his most proud disciple,

The Great King, was really suppressed by Tom, the corners of his mouth twitched angrily and violently. The murderous intention pervaded the whole room instantly, which caused the temperature dropped a lot!

"You die..."

After saying this, Cassio's murderous intention reached a peak, and then he was ready to attack.

At this critical moment, Phoebe spoke. She knelt down directly in front of Cassio, hugged his thigh tightly, and pleaded, "Father!! You can't kill them!"

Cassio scolded coldly, "Bastard, get out of here!"

"No, I won't leave! Father, if you really

want to kill them, then you won't get my magic power. I'll kill myself in front of you!" Phoebe said firmly.

The life on her body became weaker as if she was about to die at any time.

In fear of her death, Cassio didn't attack, and his pupils contracted deeply with anger. "Jimenez Ashlynn, how dare you! Are you going against your father?"

Amelia, Luna and Sunny were deeply touched by the scene.

But Phoebe did not give in at all. She widened her eyes and said firmly, "Father, I am not joking with you. I know you just want my magic power. If I die, it will be gone. Your plans for so

many years will end in nothing, so father, don't force your daughter..."

Cassio was outraged. He had never thought that his daughter would threaten him one day!

He knew that it was a simple task for him to kill the three women in the room, and Phoebe could not stop him.

But he also knew that once he did it, his daughter would commit suicide in front of him!

And he couldn't stop Phoebe from her suicide!

This made him extremely angry and annoyed, but he could do nothing!

He stared at Phoebe and saw the

determination in her eyes. After weighing his options, he had no choice but to agree.

"Okay, I promise you."

After saying this, he finally took a deep look at Phoebe and held her up. In an instant, they disappeared in front of the rest.
