### Chapter 1401

"I see." Ben Schaffer was rarely ordered like this, even if Elliot asked him to do something, he had never had such an arrogant attitude.

He was not angry, after all, he owed Gwen.

"That...you pull me out of the blacklist." Ben Schaffer continued, "I'll talk to Mike later, and if I have any feedback, I can tell you directly. After all, Adrian is not that smart."

Wait until I finish eating to see how I feel." Gwen hung up the phone after finishing speaking.

After returning the phone to Adrian, Gwen breathed a sigh of relief.

Hayden said casually: "Actually, if my mother's company goes bankrupt, it doesn't matter. This way, my mother won't be so tired."

Hayden knew the problems encountered by Tate Industries but Hayden was not in a hurry.

He felt that after the company went bankrupt, his mother could rest at home.

In the future, he can make money for his mother without having to work so hard.

Gwen frowned, "But you and your sister are still in school. You have a younger brother to support. I know you will make money but you are still a child after all. In case you can't make money someday What?"

"I haven't thought about this." Hayden never doubted his own abilities.

Gwen blinked: "Then you can think about it now. Of course, it's fine if you don't want to. You still have your father. He will definitely support you."

Hayden was very speechless.

Gwen assured, "Hayden, don't worry. I will definitely work hard to improve myself. When I can make money in the future, I will definitely take care of you. Although you don't want to call me aunt, you and your mother treat me well. Okay, I keep it all in my heart."

Hayden was even more speechless.

In front of him, it is better to mock him for not being able to support his family.

At the hospital.

Avery returned to the ward after a series of examinations. When she saw the dinner Hayden bought, she was very moved.

“Hayden has a class tomorrow, so I’ll go back first.” The bodyguard explained to Avery.

Avery: “Well.”

“Boss, are your physical examination results okay?” The bodyguard asked.

“It shouldn’t be a problem. Some test results haven’t come out yet.” Avery felt much better than when he was in Yonroeville.

Presumably because of seeing close friends and relatives, she was psychologically comforted.

“I think you’re in good spirits.” The bodyguard said.

Avery: “This is my second hometown. People will be more relaxed in a familiar environment.”

“Well. Your phone rang just now, and it seems to be your best friend.” The bodyguard reminded.

Avery picked up the phone, saw Tammy’s missed call, and went back immediately.

Avery answered her phone in seconds, “Avery! I heard you went to Bridgedale. Wait for me, I’ll fly over to see you right away.” Tammy said.

“No, I’ll go back to Aryadelle when I’m discharged from the hospital. Let’s meet again.” Avery didn’t want to trouble Tammy to run around.

During her time in Yonroeville, Tammy often sent her messages to persuade her to return to Aryadelle.

“Okay, Avery, you must take care of yourself. I went to see Robert today. Robert is really cute. I really want to take him home and play.”

Avery said sadly, “I miss him so much. He’s almost his first birthday. I hope Elliot can go back to Aryadelle before his birthday.”

“What’s going on with Elliot now? Is he in danger?” Tammy asked.

“Even if he’s in danger, he won’t tell me. He can only come back if Kyrie is dead.” Avery’s mood suddenly fell. After she calmed down, she didn’t even feel that she had to seek revenge from Kyrie.

### Chapter 1402

Because there is nothing, it is worth making Elliot pay the price of his life.

Thinking of this, Avery’s head started to hurt again.

Tammy said worriedly, “Avery, I heard that Elliot’s wife in Yonroeville is very beautiful, so you’re not afraid that he will change his mind and dislike the old?”

Avery: “If he really changed his mind, it wouldn’t hurt me that much.”

Tammy: “Yes. If he’s really that sc\*mbag, you should be able to forget him soon.”

Maybe because of this call Avery dreamed at night that Elliot fell in love with Rebecca and was willing to stay in Yonroeville for Rebecca.

In the dream, the two of them soon gave birth to a baby, and the family was harmonious and beautiful, happy and loving.

And she was in Aryadelle, waiting for him, and when her hair was gray, she couldn’t wait for him to come back.

At the end of this dream, she fell ill on the bed and died with hatred. She was in a cold sweat when she woke up from her nightmare.

She picked up her phone and checked the time. It is now more than 3 a.m. in Bridgedale time.

She couldn’t sleep, so she sent Elliot a message: [I dreamed of you just now.]

Unexpectedly, he quickly replied: [Only Wesley can control you.]

Looking at the message he sent, Avery couldn’t help snorting coldly: [I remembered the fact that you spoke ill of me to Wesley in private. Next time we meet, I’ll settle the bill with you.]

Elliot: [Let’s talk about it when you recover.]

Avery: [I’m almost recovering. After coming here, I saw Hayden, Gwen, and Adrian. Feeling better in body.]

Elliot: [When you return to Aryadelle and see your daughter and Robert, you will get better sooner.]

Avery: [Not necessarily. Maybe when I go back to Aryadelle, I will be so angry that I have high blood pressure. My company may be going bankrupt. After I left for less than a month, I was slapped by Wanda.]

Bankruptcy is not the biggest headache for Avery, the headache is losing to Wanda.

Elliot: [It's not like you haven't gone bankrupt before, take it easy.]

Avery: [Are you so comforting? And my family went bankrupt before, so it doesn't matter to me. I have never gone bankrupt since I started my business.]

Elliot: [Aren't you going to experience it right away? Failure is also a precious experience.]

Avery: [Thank you for comforting me, I feel better.] [smile] [smile] [smile]

Elliot: [Go on sleeping!]

Avery: [I can't sleep. what are you doing now? How did you and Rebecca sleep at night? Didn't Kyrie force the two of you to have children? How are you going to have children?]

Elliot: [I'm having breakfast. At night she sleeps in the master bedroom and I sleep in the guest bedroom. The child is going to have a test tube.]

Avery: [Who test tube with whom?]

Elliot: [She randomly picked one from the sperm bank.]

Avery was relieved: [Elliot, I thought about it, if you are not 100% sure that you can kill Kyrie, then forget it. Your life is important. When I'm out of the hospital, I'll find a way to get you out.]

Elliot: [You are already like this, and you still want to save me to move.]

Avery: [I feel you are mocking me.]

Elliot held the phone and looked at the message she sent, the corners of his mouth raised slightly.

Rebecca knew that Elliot was texting with Avery.

Elliot only has a smile on his face when he is with Avery.

Rebecca's heart ached slightly, and she opened his mouth to attract his attention:  
"Elliot, I want to tell you something."

He put down the phone and looked at Rebecca.

"I... I'm pregnant." Rebecca blushed slightly and told him the good news.

### Chapter 1403

Elliot heard the words, stunned for a moment, and then said coldly: "It's good."

Rebecca said gently, "Well, I'm also very happy. I wanted to tell you the news last night, but you came back a little late last night, I'm afraid it affects your rest at night, so I didn't tell you. After breakfast, let's go to Dad's house and tell Dad the news."

Elliot: "Okay."

After breakfast, the two went to Kyrie's house. .

Kyrie is in a daze. But when he saw them coming, he had a good look on his face.

"Dad, how is your health? Did the doctor say that you will need to be hospitalized for a few days?" Rebecca walked to the bedside and held Kyrie's big palm.

"Today is the last day. Go to the hospital for a re-examination later. Let's see how the recovery is." Kyrie squinted his fox eyes and asked, "You two come here together, do you have something to tell me?"

Rebecca said with a smile: "I and Elliot have also come to see you together before. The reason why we don't come together is not because you have arranged too much work for Elliot. He doesn't have enough time to rest every day. "

"A man should focus on his career." When Kyrie said this, he glanced at Elliot.

Rebecca smiled and said, "Dad, I have good news to tell you. I'm pregnant. I just found out."

Kyrie's eyes lit up, a little surprised: "So soon?"

Rebecca said: "Don't you really want to hug your grandson? Why is it too fast?"

"Hahaha! I just didn't expect you two to be so fast. It's good to be pregnant. I just don't know if it's a boy or a girl." Kyrie smiled and danced, "It doesn't matter if the first child is

a boy or a girl. I like them both. You are still so young. You will have more babies in the future.”

“Is there anything like you?” Rebecca coquettishly said, “When are you going to the hospital? I’ll accompany you later.”

Kyrie said, and added, “You’re pregnant now, just stay at home and have a good rest. I’ll review it, and I’ll be fine. If there’s nothing wrong with my review, we’ll have a party in a week, and welcome baby. It’s coming.”

“Okay.” Rebecca agreed and looked at Elliot, “Elliot, what do you think?”

Elliot: “It’s good.”

.....

A week later.

Avery felt that her body was almost recovered, so she went for a review.

The inspection results showed that the recovery was good.

“Brother Wesley, can I be discharged from the hospital?” Avery raised her eyebrows proudly, “You can’t ask me to stay for another week, right? I lie down every day and my waist is about to break.”

“It seems that I don’t need to live anymore. But You were making a fuss about being discharged from the hospital a week ago, but the test results at that time were not very good.” Wesley turned over the old accounts with her, “I don’t even know what you thought at the time. In my heart, you are obviously a very rational person.”

“Brother Wesley, please stop talking. I wanted to be discharged at the time because I thought my body was recovering well. I think back now, although I was recovering well at the time, it was far from enough to be discharged from the hospital. I have realized that I was wrong.”

“It’s good to know that I was wrong. Don’t make yourself sick if you don’t want to be hospitalized.” Wesley asked, “Would you like to rest here for a few days before returning to Aryadelle?”

Avery shook her head: “I miss Layla and Robert so much. I can’t wait to buy a ticket to go back to Aryadelle today. But let’s go back tomorrow. I’m also reluctant to leave Hayden.”

Wesley smiled: “Fortunately there are only three children, if there are more Well, I don’t think you’ll think about it.”

"You don't understand." Avery walked towards the ward, "I didn't understand those who had children before I gave birth. Brother Wesley, after you return to Aryadelle this time, you will be old. Stay in the country honestly, and accompany your parents well. In the years since you disappeared, they have aged a lot."

Wesley: "Actually, I prefer to stay in Bridgedale."

Avery: "But you will still go back to Aryadelle. Right?"

Wesley: "Well."

Avery: "Actually, you can find a woman to marry and have children..."

"Avery, please let me go." Wesley begged for mercy, "When I return to Aryadelle, My parents will definitely urge me, so I won't bother you to rush me."

### Chapter 1404

"Hahaha!" Avery looked at him embarrassed and continued to tease him, "Brother Wesley, how do you feel about Shea?"

"Do you have to ask such a question?" Wesley stopped, and said seriously, "Avery, do you think it's possible for me and her?"

Avery's smile disappeared: "Why is it impossible? As long as you want, as long as Shea is willing, the two of you can be together. Before her accident, I think the two of you got along very well."

Wesley: "I think it's enough for me and her to get along as friends."

"Brother Wesley, when Shea is over, you should ask. Think about it. If she is willing to marry you, and you don't despise her."

"How could I despise her?" Wesley interrupted her.

Avery sighed, "Since you don't dislike her, then you can wait for her and let her decide what kind of relationship you two get along with. Have you never been in love? Why are you so passive?"

Wesley frowned.

.....

Yonroeville.

Today, the Jobin family held a party to entertain relatives and friends.

Rebecca was pregnant now, and there were bodyguards by her side all the time.

The bodyguard protecting her was not an outsider, but Lorenzo.

Lorenzo's skills were good. In addition, he and Rebecca have known each other since childhood, and they are as close as brothers and sisters.

Elliot and Kyrie entertained the guests together.

"Today is the first time for our brothers to meet after their relationship broke. Come, let's have a drink!" The third brother raised his glass and shouted for a drink.

Elliot said to Kyrie: "Big brother can't drink recently. Let me drink with you."

"I'm happy today, I'll drink with you." Kyrie held up a glass of champagne, and after clinking with them, he took a sip.

After a while, he became dizzy.

"Hey, I can't accompany you to drink, I'm going to take a break." Kyrie was supported by the bodyguard and left the banquet hall.

After Kyrie left, the third brother laughed: "Kyrie's body is not as good as before."

"He is almost sixty years old, and he has to do it if he doesn't agree with him."

"Elliot, maybe you don't have to do anything, At that time, everything in the Jobin family will naturally be in your hands." The fourth brother said.

Elliot shook his head, "I can't wait that long."

The fourth brother said, "Then you must wait until Rebecca gives birth, right?"

"The child in her womb is not mine." Elliot took a sip of wine.

The fourth brother said, "Don't say things like that outside. Otherwise, Kyrie will know and won't let you go."

"Well." Elliot glanced at Rebecca.

Rebecca was eating and chatting with the female guests. Although Lorenzo was by her side, Lorenzo's eyes fell on Elliot's side.

Elliot withdrew his gaze. He drank and chatted with everyone, and after a while, a slightly familiar face flashed by in front of him.

He looked at the figure, and saw that the person was carrying a tray and was walking through the banquet hall. He immediately put down the wine glass and strode over.

### Chapter 1405

Hasn't she already left? How could she be here?

Elliot had an ominous premonition in his heart.

About half a month ago, Xander was killed, and at the same time, Xander's girlfriend came.

Naturally, she could not accept the news of Xander's death, but she still reluctantly cremated Xander's body.

Elliot sent someone to take her and Xander's ashes to the airport.

He thought Xander's girlfriend had left that day. But he just saw a waiter holding a tray, and that waiter seemed to be her.

She may have returned after returning Xander's ashes.

And why she came, it's hard to guess. She definitely didn't come to be a waiter, she definitely came to seek revenge for Kyrie.

Elliot strode towards the room where Kyrie was resting. Before he could get close, there was a piercing noise.

The men's screams and the women's screams were mixed together.

When Elliot entered the lounge, he saw Kyrie's chest with a dagger stuck in it.

And Xander's girlfriend had been kicked to the ground by the bodyguard, blood dripping from the corners of her mouth.

"Mr. Foster. You came just in time. I don't know how this woman got in. Do you want to interrogate her first, or just kill her?" A bodyguard asked, stepping on the woman's face.

Another bodyguard called an ambulance.

Just when Elliot was about to speak, Lorenzo strode in.

After Lorenzo saw what happened, he immediately drew his gun and aimed it at the woman's head.

"Don't kill her yet." Elliot stopped immediately, "The matter hasn't been investigated yet..."

"What's there to investigate? This woman is Xander's girlfriend. She is here to avenge Xander." Lorenzo recognized her identity after seeing her face clearly.

So Lorenzo thinks that there is no need to investigate, just kill her directly.

Elliot frowned and scolded Lorenzo, "Go to the doctor first to stop the bleeding for your foster father. Didn't you see him bleeding a lot?"

Lorenzo turned back and saw Kyrie's eyes staring Like a copper bell, with a painful expression on his face, he immediately said, "Foster father! I'll find a doctor right now!" After speaking, he quickly ran out to find a doctor.

After Lorenzo went out, Elliot looked at the woman on the ground.

The woman gasped for breath, lowered her eyes, and dared not look at him.

Although Kyrie was stabbed, he did not die. His eyes were looking fiercely at the woman on the ground.

Elliot said to the bodyguard, "Take her out. I have a question to ask her. This is the Jobin family's hotel, how did she get in? I think the management should change."

After he finished speaking, he walked out first.

The bodyguard immediately dragged the woman to keep up with him.

Not long after, Lorenzo brought the doctor to the lounge.

Seeing Elliot's absence, Lorenzo immediately asked the bodyguard, "Where is Elliot and that woman?"

"Mr. Foster went to investigate how that woman got in." The bodyguard said.

"Haha! I think he wants to let that woman go." Lorenzo's words were settled, and another bodyguard strode in.

"Where is Elliot?" Lorenzo asked.

"Mr. Foster killed that woman. Waiting for the ambulance outside now."

“Are you sure he killed that woman?” Lorenzo frowned, not quite convinced.

“I saw it with my own eyes. He just broke the woman’s neck.” The bodyguard said.

“Where’s the corpse?” Lorenzo was going to see the woman’s corpse.
