When His Eyes Opened by Simple Silence Chapter 1406

"The body was dragged away. There were so many guests today, I'm afraid that the guests will see bad luck." The bodyguard replied.

Lorenzo was speechless.

Not long after, the ambulance arrived, and Kyrie was rushed into the ambulance.

Lorenzo went to the hospital with the car, while Elliot stayed to see the guests and accompany Rebecca.

A party that was going to be good ended because of the attack on Kyrie.

After Elliot sent the guests away, he planned to send Rebecca home.

"My father will be fine, right? I heard that a woman disguised as a waiter came in?" Rebecca frowned, worried.

"Your father shouldn't be in danger. The dagger didn't stick to the heart." Elliot opened the car door and let her get in the car.

"Elliot, I want to go to the hospital to accompany my father." Rebecca felt uneasy.

It happened so suddenly.

Her father was hospitalized not long ago for a wrestling, and her health was not good. Now she was assassinated. She was afraid that her father would not survive and die suddenly.

Elliot said, "You're going to the hospital now, and you can't do anything. Go home first, and then go there when your father wakes up."

"Okay." After Rebecca got into the car, she saw several people standing in front of the hotel through the car window so she said to Elliot, "Are they waiting for you? I'll just go back by myself, you can stay with them."

After Rebecca left, Elliot strode to the door of the hotel.

"Second brother, fourth brother, go back first." The second brother was puzzled, "Why did you save that woman? I really don't understand you and Nick, you two are poisonous."

Elliot did not kill Xander girlfriend. He hid the woman in Nick's car and planned to let Nick take her in for a while.

When Kyrie is dead, send her out of here.

Nick shrugged: "Avery promised to treat me free of charge when I was sick. Elliot promised me that if I had difficulties in the future, I would do my best to help him. I will help them both a little now, and they will reward me even more. Yes, I think I made it. What you make is money, and what I make is the favor they both owe me."

The second and fourth scoffed.

Elliot said to Nick, "Nick, take her back first and find a doctor to show her. I'm going to the hospital to see Kyrie."

"Okay. Actually, I promised to help you, mainly because I was shocked by this woman's courage. She dared to assassinate Kyrie by herself. It's too awesome. If Kyrie died tonight, it would be funny!" Nick sighed.

Elliot: "I didn't get in the right position."

Nick laughed and said, "How can it be a pity to hear your tone? Even if Kyrie doesn't die tonight, his vitality will be severely damaged. Go to the hospital and see. If there is any movement, tell us anytime."

Elliot nodded, sent them away one by one, and then went to the hospital.

.....

Bridgedale.

After Avery was discharged from the hospital, she first came to Professor James Hough's house to visit Shea.

Shea has gained some weight since the surgery, but she is still thinner overall.

She could get out of bed and move around, but she would get very tired after walking for a while and had to stop and rest.

"Shea, your recovery is really good. If Mrs. Scarlet sees you, she will definitely be very happy."

Shea's eyes twinkled a little bit of stars, looking forward: "I miss Mrs. Scarlet so much. I wanted to call her but I want to go to her directly after returning to Aryadelle and give her a surprise."

"Well, we will return to Aryadelle tomorrow."

"I have already packed my luggage." Shea showed Avery the luggage she had packed, "Avery, my brother, Elliot, when will he be back?"

"I also want to know when he will come back." Avery had an idea in her mind, "Do you want to see him?"

Shea pursed her lips and nodded heavily.

"Then let's make a video call for him. Let's see if he answers." Avery took out her mobile phone, found Elliot's number, and dialed the video call.

Hospital, emergency room.

Elliot saw the video call from Avery, and immediately strode towards the elevator.

Seeing that Lorenzo was not following, Elliot took over the videocall.

Shea's face instantly appeared on the screen.

"Brother!" Shea couldn't help shouting when she saw Elliot.

Elliot listened to her familiar voice, looked at her thin face, and infinite thoughts rose up.

"Brother, I'm Shea. Have you forgotten me? Why don't you talk? I miss you so much... Although I'm not your sister, you will always be my brother."

Shea said what was in her heart, anxiously waiting for his response.

But a few seconds of waiting seemed like a century to Shea.

"How could I forget you?" Elliot's Adam's apple rolled, and he said hoarsely, "Shea, you have lost weight."

Shea suddenly shed two lines of hot tears in grievance: "Brother, when are you coming back? I miss you. I miss you so much!"

"You go back to Aryadelle with Avery first. Mrs. Scarlet will take care of you." Elliot couldn't give her an accurate reply, "I still have something to do here, I'll go back when it's resolved."

"I'll wait for you to come back." Shea said obediently.

"Well. Is Avery there?" Elliot asked.

"Yes." Shea handed the phone to Avery, "Brother is looking for you."

Avery took the phone and looked at his familiar face on the screen, her heart beating wildly uncontrollably.

But she hasn't seen each other for a week, and it feels like a long, long time apart.

"Elliot, you're in the hospital?" Avery saw a nurse pushing a cart behind him.

"Well, Kyrie was assassinated, and is now rescuing." Elliot said lightly.

"Assassination? Who assassinated him?" Avery spoke faster, "How is he injured? Will he die?"

"It should not die. It was Xander's girlfriend who assassinated him. The love between her and Xander is very touching, but her behavior is tantamount to suicide. If I hadn't stopped Lorenzo, she would be dead now."

Avery knew that he said this to warn her .

"How is she now? Can you guarantee her safety?" Avery asked nervously.

Elliot said, "She's with Nick."

Avery: "We have a chance in the future, we have to thank Nick."

"Well. When will you return to Aryadelle?" When Elliot asked this question, he raised his eyes and glanced at Lorenzo.

Lorenzo was standing far away from the door of the emergency room, his dark eyes kept looking at him.

"We're going back to Aryadelle tomorrow. Elliot, can you go back to Aryadelle before Robert's first birthday?" Avery's tone was eagerly eager.

"I'll try my best." After Elliot finished speaking, he hung up the video call and strode towards Lorenzo.

Seeing him coming, Lorenzo said angrily: "Avery was calling?"

Elliot: "Yes."

Lorenzo: "Couldn't you f*cking treat Rebecca well?"

"If I truly love Rebecca, do you think I can make it? Do you approach her every day?" Elliot looked at him coldly, "Do you know why Kyrie didn't choose you? Because you are stupid. As long as you can learn a little, you won't treat me as an enemy all day long."

Lorenzo was black-faced by his scolding, and shouted in a rough voice: "You haven't got the Jobin family yet."

Elliot: "I got your Rebecca. It's only a matter of time before I get the Jobin family."

Lorenzo was poked In the middle of the pain, the fists are tightly clenched.

Not long after, the door of the emergency room opened and a nurse came out.

Lorenzo grabbed her and asked, "How is my adoptive father?"

"Mr. Jobin has lost too much blood, and now he needs a blood transfusion." The nurse said eagerly and strode away.
