

When His Eyes Opened by Simple Silence Chapter 1411

“This move will draw wages from the bottom of the pot. Elliot especially likes to do it.” Ben Schaffer explained to her proudly, “Although the initial investment is huge, but after the opponent is killed, the right to speak will be in our hands. “

Can we dig to move others? Wanda must have given others a lot of benefits, and maybe even promised shares...” Avery said.

Ben Schaffer said, “What Wanda can give, we can give. And we can give more. If it were you, would you choose to join the Sterling Group or the Wonder Technologies?”

These two companies are not of the same order of magnitude at all. It is completely incomparable.

“Then...are you going to dig, or me?” Avery asked.

Ben Schaffer said, “Let’s go together. It would be easier if Elliot went to dig. It’s just that I asked when Elliot could return to Aryadelle, and he said he couldn’t come back for the time being.”

Avery’s eyes drooped slightly, “He can only go back to Aryadelle when Kyrie dies. Now Kyrie is in the intensive care unit, maybe he will hang up at some point.”

Ben Schaffer sighed, “Mr Foster didn’t tell me this. He called me and only told me about your company. I feel like a pawn, he doesn’t take me as a brother at all.”

“No.” Avery explained for Elliot, “He just doesn’t want you to worry. In case you run to find him, it will only make it more difficult for him. The various legal provisions of Yonroeville are different from ours, except for a few major power families and the life of ordinary people is like a straw.”

Ben Schaffer said, “I know, I will not go to him. I manage the company for him, which is the greatest help to him. But I also want to know his situation.”

Avery said calmly, “I can tell you about him. His current wife’s name is Rebecca, the only daughter of Kyrie. Rebecca loves him very much, and they plan to have a baby through test tube. Of course, the baby can’t be Elliot’s. This is just to fulfill Kyrie’s request. Because this child will be born with the surname Jobin, and will stay in Yonroeville in the future to inherit Kyrie’s family business. Elliot wants to Find an opportunity to kill Kyrie.”

Ben Schaffer nodded: “Thank you for telling me this. If he told me that, I wouldn’t be afraid. But how easy is it to kill Kyrie? There are a few confidants...”

Avery said, "Well. But Elliot also has helpers. The other brothers are all on Elliot's side. Give Elliot a little more time, and he will definitely be able to go back to Aryadelle."

Ben Schaffer nodded, and after a moment of silence, he said, "Don't disclose our cooperation for now. We will make it public when we find Wanda's core team. It will be more exciting to catch Wanda by surprise then."

Mike brought a glass of water to Ben and said, "Sure enough, You are really bad."

Ben Schaffer took the water glass, drank it all in one gulp, and put down the empty water glass, and then said, "I have the right to think that you are complimenting me. Now that it's settled, I'll go first and find you when I get in touch with Wanda's team."

"Okay." Avery sent Ben Schaffer to the door of the office, then walked back and closed the office door.

Mike sat in the chair that Ben Schaffer was sitting on just now, looking at her with all his time: "It's still Elliot. Although he is not the boss of the Sterling Group now, the people of the Sterling Group still recognize him."

"Don't say such things. Avery walked to the office chair and sat down. "The Sterling Group was founded by Elliot, and Ben Schaffer certainly recognizes him."

"In the future, your company will not be entirely yours. They can drive them away with a little tricks." Mike reminded, "You have to think clearly."

"Is it so clear for me and him?" Avery didn't care. She said, "If he really wants my company, I can offer it with both hands."

After saying this, her heart beat faster. She couldn't help thinking of what Elliot said in Yonroeville.

Elliot said he was going to take everything from her.

When His Eyes Opened by Simple Silence Chapter 1412

A cold sweat broke out on Avery's back. It was one thing that she was willing to give him everything she had, and it was another feeling if he wanted to take everything from her.

Avery immediately understood why Elliot was so angry.

For Elliot, what he lost was not only the Sterling Group, but the collapse of his beliefs.

Avery didn't think she would take away her Tate Industries, and she never thought before that she would let him hand over the Sterling Group to someone else.

.....

In the evening, Avery asked Tammy to come to the house for dinner.

"Avery, does your wound still hurt?" Tammy gently fiddled with the hair on her head.

The wounds are a little shocking. During the surgery, part of my hair was shaved.

—Fortunately, she has a lot of hair, so if she doesn't look carefully, she won't find the injury on her head.

Avery said calmly, "Well. It will take at least a month before it gets better. How are you and Jun?"

Tammy pulled Avery to sit down on the sofa, and said, "I'm just like that with him. The passion fades, and the old couple mode is turned on but I have already taken over my father's work."

"How do you feel? Are you still used to work?" Avery took out a bunch of gifts she brought one by one.

Tammy said sullenly, "It's alright, it's not as difficult as I thought. My dad's request to me is that as long as the company doesn't go bankrupt, it's fine. He said that he has left a pension for himself. Don't worry. I feel so embarrassed to hear him say that."

Avery said, "Uncle said that so you don't have to put too much pressure on you. Running a company takes more energy, and some people naturally like to be bosses. I like that kind of high-intensity pressure and stimulation, and some people can't stand it."

Tammy said, "I don't like to be in charge. But my father has only one daughter, and I have to take this responsibility. Although Jun and I are husband and wife, it is impossible for my parents to give him my family property. The divorce rate is so high now and my parents think that he and I will still get divorced in the future."

Avery said, "Did you two sign a property agreement before marriage?"

Tammy said lightly, "No, but we both agreed verbally that his property is his and mine is mine. , If we get divorced, go back to our own family. I'm not worried about him taking advantage of my family. After all, my family and his family can't tell who is richer than the other."

Tammy's words, let Avery was lost in thought.

In her opinion, Tammy and Jun are very affectionate, similar to her relationship with Elliot.

Avery didn't expect them to divide each other's property so clearly in private.

Tammy complained, "Avery, do you remember when I complained to you about Jun before? He took over his father's company and worked overtime every day. I complained that he came home too late every day and spent too little time with me, and he in turn blamed me for not being considerate to him. Now I'm taking over my dad's company, sometimes I'm busy and go home late, so he just calls me one call after another. Not only does he call me, he also has to play with me."

Avery couldn't help laughing: "He may be afraid that you will suffer."

Tammy said, "Don't comfort me. I have a bodyguard. If someone really bullies me, I will call the bodyguard. Elliot thinks I shouldn't go out and show my face, just stay at home, play cats, walk dogs, go shopping and spend money every day."

Avery said, "Isn't he not very professional and not too strong?"

"That's right! He's not very capable. I expect him to support the family in the future, so it's better to work on our own." Tammy immediately waved to her when she saw that Layla had been listening, "Layla, you understand?"

When His Eyes Opened by Simple Silence Chapter 1413

Layla came over and lay on Avery's lap and asked, "You said your husband couldn't do it, didn't you?"

Tammy said with a smile, "Yeah, if you're looking for a husband in the future, you have to keep your eyes open. Don't look to your uncle, who has no ability, and likes to meddle in his own business. Unless you are particularly good at making money. I want to find a little white face to take care of, so you can be your uncle."

"If you have to find a small white face to take care of, why don't I look for uncle Eric?" Layla blinked and raised doubts.

Tammy laughed loudly: "I'm going to tell your uncle Jun this. Maybe he can recognize how much he weighs after listening to it!"

"Let's eat!" Avery pulled Layla's shoulders to get her up from Tammy's lap, "Layla, everyone is unique, and your Uncle Jun also has advantages that your Uncle Eric doesn't have."

“Avery, how can you raise Jun so much. Is it okay for Eric to hang Jun in all directions? To be ashamed, if I can get Eric, I will go to divorce Jun immediately.” Tammy just said these words. Her heart is full Beautiful turned.

Avery didn't expect that she would actually have such a thought, and couldn't help laughing along.

“Don't you think about other men besides Elliot?” Tammy asked in a low voice.

Avery shook her head: “Even if you have a good impression of other people of the opposite sex, you are only good friends and don't think about anything else.”

Tammy: “Yes, your Elliot is so good. If my Jun had half of him, I would n't think about anything else.”

Avery said shyly, “Actually, it's not entirely because he is very successful in his career. I think he is very handsome. If he doesn't work in the future and relies on me to support him, I will be very happy.”

Tammy: “...”

“Don't you think he's handsome? His handsomeness is different. He's not a handsome guy in the traditional sense...” Avery blushed slightly.

“Is Elliot not a handsome guy in the traditional sense? He is a handsome guy in the traditional sense. We generally don't discuss his face, not because he is not handsome, but because his ability to make money is too outstanding. In addition to his handsome face, he's also in good shape. Why don't you mention his figure?”

Avery's face turned even redder: “I really want to say Elliot has in good shape, but I haven't had time to say it.”

“Hahaha! This is the first time I hear you compliment Elliot. If Elliot heard it, he would be very happy.”

Avery shook her head: “I made a serious mistake this time. Elliot still complains a little bit about me transferring his company to someone else. I really owed it too much before. Thinking about it.”

Tammy said, “It's not that you transferred his company to Adrian, right? Didn't he transfer it himself?”

Avery blamed herself and said, “He knew about the transaction between me and Henry in advance. It's my problem. I should have told him ahead of time that whether he could accept it or not, he shouldn't let him know about it from someone else's mouth.”

Tammy comforted, "If he doesn't know ahead of time, you'll tell him too. It's not a coincidence. It's alright, you rescued Shea anyway, this is a great achievement."

In the dining room, Mrs. Cooper brought the sumptuous dishes to the table.

"Tammy, are you still trying to conceive recently?" Mrs. Cooper lowered her voice when she said this.

After all, this issue is somewhat sensitive.

Mrs. Cooper originally wanted to ask Tammy alone.

Who knew that after Tammy came over, she kept pulling Avery to speak.

Avery interjected, "Mrs. Cooper, why are you asking this all of a sudden?"

When His Eyes Opened by Simple Silence Chapter 1414

Mrs. Cooper said kindly, "I have a relative who has been trying to get pregnant for a long time and didn't get pregnant. Later, I found a very good old doctor and prescribed medicine for a few months, and then I became pregnant successfully. I was thinking, Isn't Tammy preparing for pregnancy, why don't you also go to the old doctor? If it works the best, there's nothing to lose if it works."

Avery looked at Tammy.

"Okay! You can tell me the contact information of the old doctor, and I'll take a look at it." Tammy turned her head and said to Avery, "Mrs. Cooper is right. There's nothing to lose if you try."

"You Bring the prescription back and show it to me."

Mrs. Cooper: "Okay."

Avery blushed slightly, "I don't quite understand it but I can check it."

Tammy said, looking at Mrs. Cooper, "Hahaha! I think Mrs. Cooper recommended it. It's definitely reliable. It should be fine. If I can successfully conceive a baby, I will give you a big red envelope."

Mrs. Cooper smiled back: "No, no, as long as It's better than anything that you can conceive a baby. I'll call now and ask for the contact information."

Mrs. Cooper said, and walked out of the dining room.

Layla took a bite of the rice, and then said to Avery, “Mom, I won’t have a baby in the future.”

“Why don’t you want to have a baby?” Avery didn’t know why her daughter thought of this, “You still Little, wait for you to think about this later.”

Layla pouted, “I don’t want my belly to bulge. It’s not beautiful. Why don’t boys have children?”

“Layla, this question is a great question. Let your mother study it carefully, how to make a man have a baby.” Tammy felt like a mountain in her heart because of the problem of having a baby, “If I can make a man have a baby, I can work hard to become an excellent entrepreneur like Elliot.”

Avery poured cold water on her: “If you kill me, I can’t make a man have children.”

“Then can you help me become the second Elliot?”

“I’ll give you Elliot directly, okay?”

Tammy took the spoon and filled it with After a bowl of soup, “I want it, but I’m afraid you won’t be able to give it. Hahaha! Do you keep in touch with Elliot?”

“Occasional contact. Elliot is still under the surveillance of Kyrie, and he is not very free. So we usually send messages.” Avery took a mouthful of rice and continued, “But Elliot promised me that he would go back to Aryadelle.”

“He would be stupid if he didn’t go back to Aryadelle! Hayden and Layla are so good. If I had two such wonderful children, I wouldn’t need a husband.”

“Little sweet Auntie, and my brother.” Layla reminded Tammy that she missed one.

Tammy: “Haha! Our Robert is super cute, and he will definitely be as good as you and your brother in the future. Your father is probably thinking about your heart and lungs in Yonroeville.”

Layla blinked her big bright eyes and pouted, “But Dad didn’t make a videocall for me. Even if someone is watching over him, is there someone who is watching over him when he goes to the bathroom? If he really misses me, he will definitely have time to make a video call for me. He doesn’t miss me at all and my brother. maybe soon, Dad and his new wife will have many children.”

Tammy: “You think it’s a piglet. Generally speaking, there is only one child at a time.”

Layla: “My mother gave birth to two at a time. I have a summer vacation. In the TV series that Uncle Eric took me to shoot, the heroine gave birth to four at a time.”

Tammy was speechless.

Avery didn't know how to answer her daughter's words. Only when Elliot comes back and the family is reunited can his daughter's concerns be relieved.

.....

Yonroeville.

After spending a week in the intensive care unit, Kyrie was sent to the general VIP ward.

When His Eyes Opened by Simple Silence Chapter 1415

Rebecca and Lorenzo accompany Kyrie in front of his hospital bed every day.

Elliot was not idle either. Apart from visiting Kyrie every day, he also helps Kyrie manage his huge business empire.

The Jobin family has a wide range of industries in Yonroeville, from maternal and child products to education, to funerals, as well as high-end hotels, shopping malls and luxury brands across the board.

At the beginning, it took Kyrie a full week to show him these industries.

After Elliot married Rebecca, Kyrie introduced him to the heads of various industries. Although Kyrie did not make it clear that he would hand over the power to him next, the people in charge were all smart people.

This time Kyrie was assassinated, everyone tried their best to please Elliot. Although Kyrie didn't die, Elliot's position here was stable.

In the evening, when Rebecca came back from the hospital, she was a little surprised to see Elliot at home.

"Elliot, you came back very early today. If only you could go home so early every day. Otherwise, your body will definitely be overwhelmed." Rebecca walked up to him and smiled.

Elliot: "How is your dad?"

Rebecca frowned, "When dad woke up in the morning, he was weak and was calm. In the afternoon, when he recovered a little, he started to lose his temper. He was very angry that he was attacked in his hotel, so Let Lorenzo clean up the person in charge of

the hotel. The doctor said that he is not in a good mood right now, but he doesn't listen to the doctor at all. He wants to kill the person who assassinated him with his own hands."

Elliot frowned one hop.

If Kyrie knew that Xander's girlfriend was not dead, Kyrie would kill her desperately.

Just when Elliot was going to call Nick and ask him to hide Xander's girlfriend somewhere else, Nick's call came first.

Nick was so angry that he blew his nose and stared, he said, "Elliot, is Kyrie awake? Otherwise, how would his subordinates dare to come and raid my house? Lorenzo brought a group of people here, and without saying a word, they found her on the second floor. They got that woman and took that woman away. If you don't hurry up and stop it, that woman will never live to get dark!"

Elliot glanced outside the door, it was going to be dark soon.

Nick had no slip of the tongue, what he said was dark, it was dark.

But Elliot thought that the woman might be dead.

She is Xander's girlfriend and came to avenge Xander. She wasn't sent by someone else, so there's no need to check her background. Just kill it.

"It's too late." Elliot looked away from the outside, his Adam's apple rolled, "Kyrie won't trust me anymore.

Nick angrily scolded, "Kyrie is so suspicious. This old man has a great fate. If he died this time, it would have been easier."

Elliot's cell phone rang, he picked it up to see that it was Lorenzo incoming call.

He frowned, stared at Lorenzo's name for a few seconds, and then answered the phone.

"Elliot, that woman has already been killed by me. It's the same way as Xander's death." Lorenzo's voice came triumphantly, "Also, the adoptive father asked me to inform you that you will take good care of Rebecca at home, and the other don't need to worry about it."

After Lorenzo finished speaking, he hung up the phone.

Elliot held the phone tightly, his face gloomy. He wasn't offended that Kyrie had trumped his rights.

If Avery was told that Xander's girlfriend was killed, she would definitely be so angry that she lost her mind.

"Elliot, what's the matter with you?" Rebecca walked up to him and asked worriedly. Just when she looked at his face, a feeling of nausea came up, she immediately grabbed his arm and retched.
