Chapter 1466

"Ms. Tate, this is a package from your driver." The bodyguard handed the courier to Avery, "From Yonroeville. Do you need me to open it?"

Without waiting for Avery to speak, Elliot took the first step and said, "Disassemble."

The bodyguard immediately disassembled the courier and took out the documents from it.

The bodyguard shook the document and took it in front of him and smelled it. Except for the ink smell of the printing paper, there was no other odor.

Avery took the document from the bodyguard and glanced at it.

"The result of the paternity test sent by Rebecca." Avery said and handed the document to Elliot.

She glanced at the title of the document just now, and then at the identification result.

Just as she expected.

The child in Rebecca's womb is really Elliot's.

Although Avery had already prepared for this mentally, She was still in a bad mood. She didn't want to share Elliot with any woman at all.

Even though Elliot's heart is with her, she still has a lump in her heart when she thinks that he and another woman have a child outside.

Avery turned her face away and looked out the window. She didn't want to see Elliot's expression after seeing the result.

Elliot read the document quietly, and looked at Avery calmly. "Avery, I want to go down to get some air."

"Oh...I'm going to get a wheelchair." Avery strode back to the ward and pushed the wheelchair out.

Elliot sat down in the wheelchair, and the bodyguard immediately took the crutches from him.

Elliot handed the document to the bodyguard: "Take it and destroy it."

"Destroy it for what?" Avery snatched the document from his hand, "Keep it."

"Why keep it for me?" Elliot raised his eyes to look at her, "Isn't it happy to keep it for myself? If this child is anything I want on my own initiative, you will definitely turn your back on me."

"Take your anger out." Avery handed the document to the bodyguard, "Take it and put it in the drawer of the ward."

The bodyguard took the document and strode towards the ward.

Avery pushed the wheelchair and walked towards the elevator.

"If she contacts you after the birth of her child, then we will personally go to Yonroeville and do a paternity test again." Avery had some illusions in her heart, "What if the test result is fake?"

"No need to take care of her." Elliot said coldly, "Whether the child is mine or not, don't care about her."

"Are you so cruel?" Avery looked at his profile with a complicated mood.

"I said that the children are not what I want, and I can't be responsible for them. She insists on giving birth to children, and that's her business." Elliot tone was cold and clear.

The unhappiness in her heart dissipated little by little.

Brook family.

Shea came to Wesley, and it happened that Wesley's parents were at home.

Shea saw them, a little surprised and shy.

When she called Wesley, Wesley didn't say that his parents were at home.

"Shea, you are so thin now, you have suffered a lot." Sandra said, she went to the kitchen to fill a bowl of soup and gave it to her, "This is what I stewed for Wesley in the morning. This is his favorite soup."

Shea immediately picked up the spoon and took a sip: "Auntie, it's delicious."

After speaking, Shea quickly drank the soup.

Chapter 1467

"Would you like to add a bowl to you? There is still one in the pot." Sandra asked with a kind smile.

"Mom, she can't eat too much in one meal." Wesley stopped, "I went out with Shea first."

"Your dad and I want to see Shea, why are you taking her away in such a hurry?" Sandra said.

Shea heard the words, and immediately took Sandra's hand obediently: "Auntie, did you hear me when I called Wesley?"

"Well. You said you wanted Wesley to see your brother." Sandra sat down on the sofa and looked at her with peaceful eyes, "Do you like Wesley?"

Shea lowered her eyes, feeling a little flustered.

Wesley was even more flustered. In fact, he had already confessed to his parents about himself and Shea.

What Wesley said was that if Shea was willing to be with him, he would take care of Shea for the rest of his life.

The parents didn't say anything on the surface, but he knew that the parents actually mind.

After all, Shea is different from ordinary women. As soon as she has a special status, Wesley doesn't want to take advantage of her, and she can only see her face in the future. Secondly, she is weak and cannot conceive and give birth to children like ordinary women.

"I like Wesley very much." Shea suddenly raised her head and looked at Sandra with a firm tone, "Auntie, if you don't like me, I... I will try my best to make you like me."

Sandra was stunned After a moment, she couldn't help laughing: "How could I not like you? From the first time I saw you, I liked you very much. Just liking you and accepting you as Wesley's wife are two different things. "

"Mom, you promised me that you wouldn't mind my personal affairs." Wesley's eyes blushed. He was afraid that Shea would be sad because of his mother's words.

"I'm talking to Shea, don't interrupt." Sandra glared at her son and looked at Shea again, "Auntie means that if you like Wesley and want to be with Wesley, then you can't bully Wesley. I know that you want to be with Wesley because he is good to you. But have you ever thought about it, he listens to you in everything, maybe he is wronged?"

"Mom, I am not wronged. I never came. I've been wronged." Wesley couldn't help but speak.

"I told you to stop talking." Sandra reprimanded.

Wesley immediately closed his mouth.

Wesley's father, Nolan Brook took his son and left the living room.

Sandra said happily, "Shea, do you understand what I just said to you? You can be with Wesley, but you can't let Wesley be wronged. I'm just such a son, I just hope he can be happy and safe."

"Auntie, I won't bully Wesley, and I won't let my brother bully Wesley." Shea answered without thinking.

Sandra nodded with satisfaction: "Shea, I have another request. You can't tell Wesley about this request."

Shea widened her eyes, looked at the woman in front of her seriously, and waited for her to speak.

Sandra said, "You are not in good health, so you can't have children. But in the future, if your physical conditions allow, I still hope that you and Wesley can have a child."

...

On the way to the hospital, Wesley saw Shea. Shea was a little lost, so Wesley held her hand and asked, "What did my mother tell you? Did she let you leave me?"

Shea shook her head: "Auntie is not as bad as you think. Auntie is very good."

Wesley: "Then what are you thinking?"

"I'm afraid my brother will scold you later. What if I can't persuade him." Shea breathed softly.

"Don't worry. Even if Elliot really wants to scold me, he won't scold me in front of you." Wesley smiled and said, "Just now my dad called me to the study and told me that he and my mother didn't plan to stop us from being together."

"Well! Your parents are super nice people. They are as good as you are." Shea felt how lucky she was to meet him and fall in love with him.

Arriving at the hospital, Shea took Wesley into the ward.

Elliot was resting.

Seeing the two of them, Avery immediately took them outside to talk.

"Elliot was still talking about why the two of you haven't come before he fell asleep." Avery raised her eyebrows, and continued, "He talked about the two of you, and he will talk about it after he is discharged from the hospital. I guess he hasn't figured out what to do."

Chapter 1468

"Well, let's wait until Elliot is discharged from the hospital." Wesley glanced at the time and asked, "Avery, Why did Elliot go to bed so early? Did he eat lunch?"

"I haven't eaten yet. If he wants to sleep, let him sleep." Avery was a little hungry, "Let's go out to eat. There were nurses and bodyguards watching him here, he would be fine."

Wesley: "Well."

They came out of the hospital and found a restaurant nearby sit down.

When ordering, Wesley took the menu, told Shea what each dish was, and asked her what she wanted to eat.

Avery took the water cup and took a sip: "Brother Wesley, do your parents know what happened to you and Shea?"

"Yes. Shea went to my house today, and my mother talked to her."

"They were right. What was Shea's attitude?" Avery was afraid that Shea would be wronged in the Brook family.

"Avery, my uncle and auntie are very good to me." Shea said actively, "Auntie said she likes me very much."

Avery smiled knowingly: "That's good."

"If I were with Shea, I would not follow me. Parents live together." Wesley thought about their future, "Shea said she wanted to raise a baby."

"Very good. You should go back to work in the hospital next, right?" Avery asked him about his work plan .

"Well. I like this industry quite a bit."

"Brother Wesley, you and Shea will go well next time." Avery was happy for the two of them, "I'm waiting for your wedding."

Wesley's cheeks were slightly red: "Wait until Shea's body recovers. The wedding is just a formality, I don't really care."

This chapter is provided by . Visit for daily update.

"It doesn't matter if you care, you have to ask Shea if she cares." Avery said with a smile.

Shea was originally willful in front of Wesley, but what Sandra said to Shea this morning, Shea remembered in her heart.

Shea couldn't let Wesley be wronged, she needed to listen to Wesley's opinions and felt Wesley's psychology more.

"I listened to Wesley." Shea said with embarrassment.

"Brother Wesley, Shea is because you said you don't care about the wedding, so I'm embarrassed to say that I want a wedding." Avery analyzed, "If you are afraid of trouble, you don't need to have a grand wedding. You can go to the resort to hold a small and medium-sized wedding. There is still a sense of ceremony, after all, it is only once in a lifetime."

Wesley nodded: "After Elliot is discharged from the hospital, I will talk to him first, in case he disagrees..."

"Don't worry, Elliot has a sharp mouth and a beautiful heart, and Shea has already told him that he wants to marry you, so it is impossible for Elliot to ignore Shea's wishes." Avery knew Elliot too well.

Shea was a special existence to him.

Elliot could quarrel with Avery because of many things, but not to Shea.

After lunch, Avery asked Wesley to take Shea back to rest.

Shea was relatively weak now and was still recovering, so it was not suitable to stay outside for a long time.

After watching them go, Avery returned to the hospital.

Mike and Chad came over.

Mike brought Mrs. Cooper's lunch, and Elliot was eating.

"Avery, go back and rest. Chad is here with Elliot in the afternoon." Mike said to Avery, "Mrs. Cooper has a cold."

Avery nodded, walked to the bed, and asked Elliot, "Do you want me to feed you?"

Elliot left hand was fractured, although it was not serious, but Avery couldn't bear to see Elliot eat with one hand.

Chapter 1469

"Avery, you go back to take care of Robert and let Mrs. Cooper have a good rest." Elliot put down his chopsticks, picked up the soup bowl with his left hand, and demonstrated to her that it's perfectly fine to eat by himself.

Elliot has a comminuted fracture in his left hand and has been resting for more than a week, and should be fine now.

“Then I’ll go back first, you can call me if you have anything.” Avery leaned over, placed a kiss on his forehead, and quickly left the ward.

Elliot was stunned.

Chad followed the music, “If Mrs. Cooper hadn’t been sick, Avery would probably not have gone home.”

Mike sat down beside the escort bed and looked at the man who was drinking soup leisurely on the hospital bed: “Elliot, I feel you have changed. I was here just now, I’m embarrassed to say it.”

“What do you mean?” Elliot glanced at him.

“Now I am the technical director of Tate Industries, and you are the boss of Sterling Group, let’s talk.” Mike showed him, “I heard that you used to be generous to Avery, but now you have a large share of the company. The two of you are in a good relationship now, so you can live in peace with each other. If you two break up in the future, wouldn’t you do whatever you want?”

Chad gave Mike a wink and told him to stop talking.

But Mike ignored his eyes and continued to question Elliot: “I think your feelings for Avery have changed. You used to love her unconditionally, but now you are starting to calculate.”

“Mike, shut up for me.” Chad felt that what he said was too much, so he reprimanded.

Even if Elliot and Avery’s relationship changes, it is their private matter, and outsiders have no right to interfere.

“Chad, take the documents in the drawer to the lawyer. I’ll chat with Mike alone.” Elliot instructed Chad.

Chad immediately walked to the cabinet, opened the drawer, and took out all the documents inside.

Before going out, Chad stared at Mike with death eyes for two seconds.

Mike cleared his throat, then reached out and pushed him outside: “Bring the door.”

Chad went out and closed the door.

Elliot packed the lunch box on the small table and put it on the next cabinet. Then he picked up the water bottle, unscrewed it, and took a sip of water.

“Mike, I have indeed changed.” Elliot admitted, “I am not what I used to be. My attitude towards Avery has changed.”

Mike gasped when he heard what Elliot said.

Avery, an idiot, didn't feel the change in Elliot's attitude? Before leaving just now, she even kissed Elliot.

She should have slapped him.

“I've known her for almost ten years. Some of the big and small things that happened in these years have been forgotten, but some of them will never be forgotten in a lifetime.” Elliot's eyes were not focused, and his voice was cold. “I can be sure that even though my attitude towards her has changed, my love for her has never changed.”

Mike was stunned.

Elliot Continued, “The changes I made are just to better protect our relationship. As long as she loves me as always, I will never do anything to hurt her.”

Mike asked back, “What if Avery doesn't love you anymore?”

If Avery doesn't love me anymore, then, as you expected, she will lose everything.” Elliot's Adam's apple rolled up and down, and his voice was cold, “Not only will Avery lose the Tate Industries, but she will also lose the child.”

Mike instantly understood what Elliot meant: “You want to control her and keep her by your side.”

Elliot: “You can understand that.”

Mike: “You b*stard, it's too bad! Feeling is your love for me. Wish, how can you force her?”

“You can tell her what I said just now. If she can't accept it, she can leave me now.” Elliot looked at him indifferently.

Chapter 1470

Of course Mike won't tell Avery what Elliot said right now. If he said it, and she broke up with Elliot, Chad would have to beat him.

He will observe Elliot's performance in the future. If Elliot treats Avery badly one day, he will immediately let Avery see the true face of Elliot.

Chad drove the car and sent the documents to the law firm.

The lawyer took the documents from him and said apologetically: "Chad, thank you for your hard work. I originally planned to go by noon, but I was in a hurry...just finished."

"It's okay. I'll drive over too. Not far." Chad was thinking about the hospital, so he left after a few polite words.

Mike's violent temper, no matter who he is, doesn't know how to restrain himself.

Chad was afraid that Mike and the boss would quarrel.

The boss is now a patient, how can he withstand Mike's toss?

Chad drove the car on the road. When he was about to arrive at the hospital, the lawyer's phone called.

"Chad, where are you now?" On the other side of the phone, the lawyer's voice was clearly frightened, "You took the wrong documents!"

Chad immediately pulled the car to a stop, "Wrong? My boss asked me to take it."

Because he kept thinking about whether Mike would make the boss angry, he took out the document from the drawer and didn't read the contents of the document.

The lawyer said in a very low voice, "You brought the documents I asked for, but you also took the documents that you shouldn't have. Come over now and take the documents back."

Chad realized the seriousness of the problem. He immediately turned around and drove to the law firm.

He wanted to ask on the phone what kind of documents he should not take, but after thinking about it, he didn't ask.

–Elliot has always been meticulous in his work, how could he be confused this time?

–If it is a document that cannot be seen by outsiders, how can it be put together with the official document?

–How Elliot could not notice when he took the documents?

Chad drove all the way, and drove the car to the law firm at the fastest speed.

The lawyer stood at the door of the law firm, anxiously raising his head.

Seeing Chad's car, the lawyer immediately took the document bag and walked to his car.

"Don't get out of the car. I've packed it in a document bag. Send it back quickly." The lawyer handed him the document bag.

Chad took the document bag, hesitated for a moment, and then asked, "Have you seen the contents of the document?"

The lawyer looked embarrassed: "This... If I said I didn't see it, you wouldn't either."

Chad couldn't help laughing and crying: "Your tone on the phone made me feel uneasy. It's not something scary, right?"

The lawyer: "Terrible."

Chad's expression froze.

"When you return the file later, don't put the file bag back. It's better to return it intact. After all, it's embarrassing...you know what's inside. It's over." The lawyer said, waving goodbye to him.

After Chad drove the car out, he felt even more uneasy.

After driving the car for a distance, he stopped the car, opened the document bag, and took out the documents.

In the hospital.

After talking with Elliot, Mike took out his mobile phone to play the game, but after a few games, Chad hadn't come back.

"Why don't you send a file? It's been almost two hours, it's sent to Mars." He dialed Chad's phone, intending to spit it out.

"I've already arrived at the hospital. I just went to buy some fruit." Chad hung up the phone after he finished speaking.

Mike was stunned.

About three minutes later, Chad entered the ward with a bag of fruit.

"You can go." Chad pushed Mike out.

Mike felt rejected and his self-esteem took a hit: "I won't go now, I'll stay here."
