

When His Eyes Opened Chapter 1221

Chapter 1221

Shea's body is very weak, but her consciousness is much clearer than a few days ago.

Seeing Avery coming in, Wesley immediately walked to the door: "She just fell asleep, let's go out to talk."

Avery nodded.

The two came to the doctor's duty room and closed the door.

Avery said, "I won't go back tonight. Tonight must be successful. Otherwise, Adrian will be taken away by Cole."

"Well. Don't worry, I have already arranged it. There should be no problem. "

Avery said, "The house needs to be determined as soon as possible. The place you told me the day before yesterday, I don't think it's safe enough."

Wesley said, "Then according to your opinion. Although this is a bit troublesome for others, but The place you chose is indeed relatively safe."

"Okay."

Avery chose Professor James Hough's former residence.

After Professor James Hough passed away, his former residence was left unused.

His former home is near the medical school, next to the local police station.

This is also the reason why Avery chose here.

She called Professor James Hough's son the day before yesterday, and the other party agreed to let Adrian live in her father's former residence.

At night.

Adrian suddenly woke up from his sleep and shouted. Cole immediately got up from the escort bed and walked to his bedside.

The next morning, Cole opened his eyes and woke up and saw two police officers staring at him. Cole thought he had a nightmare, so he reached out and rubbed his eyes.

“Cole, please come back to the police station with us.” The unfamiliar and serious voice made Cole get goosebumps.

“What are you doing?” Cole got up from the bed and saw that Adrian’s hospital bed was empty. He was startled and sweated, “What about the patient lying on this bed? Where are the others?”

After he asked aloud, with a ‘click’ sound, the cold shackles bound his wrists.

“You are suspected of intentional injury and are now officially under arrest.”

Cole was stunned.

Who did he intentionally hurt?

what happened?

“Avery, Did you find someone here? You shameless woman. You will do anything to get my uncle. You are extremely shameless. I did not commit a crime. I was wronged. You let me go. Today I have to go back to Aryadelle. I have to bring my uncle back to Aryadelle! Ah!”

Cole’s exclamation ran through the entire corridor of the ward.

At the same time, Adrian was sent to the former residence of Professor James Hough.

Last night, Adrian cooperated with them to perform a play. He was thirsty in the middle of the night, so Cole got up and poured water for him.

The water in the kettle on the table contains poison that can cause death.

After Adrian pretended to drink water for two hours, he was sent to the emergency room.

The nurse on duty called the police, saying that Cole gave poison and wanted to kill Adrian.

Hence the scene that happened in the hospital just now.

“Avery, you can rest assured to find Elliot.” Wesley said to Avery.

When His Eyes Opened Chapter 1222

Chapter 1222

Avery shook her head: "I don't have his whereabouts now and I don't know where to find him. Shea is not completely out of danger yet, so I'm still more worried about her. I'll talk about her when she's discharged from the hospital."

Wesley: "Can't you log in to Elliot's account? You can ask his friends."

Avery: "Are you asking me to use his account to ask his friends?"

Wesley: "You can also use your own thoughts, Elliot is a living person and cannot disappear from this world out of thin air. As long as you inquire more, you will definitely be able to find out about him."

Avery: "Actually, there is no news of him like this, which is good news. If anything happens to him, it will definitely be in the news. Now I can't find any news about him, which means he is still alive."

"You will comfort yourself." Wesley smiled helplessly.

"I wanted to find him very much at first, and I was so anxious that I was going crazy. It turned out that even if I was so anxious, it was useless." Avery had some problems with her body recently, and she kept insisting without telling anyone. She couldn't push herself too hard. Otherwise, if Elliot was not found, her body would collapse first.

"Even if you can't find Elliot for the rest of your life, you still have to live your life the way you want." Wesley patted her on the shoulder, "Hayden is about to go on vacation, how did you arrange for the children?"

"Where do they use me? Arrangement." Avery smiled, "Hayden's study plan is arranged by his teacher. His teacher has high hopes for him, wishing that he would devote himself to studying 24 hours a day. As for Layla, she's with Eric, I can't do it at all. Be careful."

"Do you miss Robert?" Wesley asked.

Avery pulled out a wry smile: "I'm most worried about him. There were so many people around him before. Now everyone is not around him, I feel so pitiful."

"He has to eat, play and sleep now and would be very happy. He's not pitiful."

"Listening to you, I feel much better."

"Life is too short, there's no need to worry all the time. Are you staying here for a while, or go home to rest? I'm going to the police station now." Wesley said .

"I'm here with Adrian for a while. He is relatively unfamiliar with this place and may be more cautious."

"Okay."

After Wesley left, Avery took Adrian's hand and led him to familiarize himself with the environment here.

"This is my teacher's house. I can perform surgery on you because he cultivated me." Avery said, "There is a small yard in the back. If you stay in the house and get bored, you can go to the yard to get some air. You just finished the operation, and you can't go to crowded places yet."

"Okay."

The police station.

Cole was very emotional and shouted loudly.

"Adrian is my uncle, how could I poison him? I didn't put the pot of water there, someone framed me. The person who framed me was Avery. Go and arrest Avery, I want to tell her Confrontation."

After Wesley came over, Cole was even more excited.

"Where's Avery? Isn't she afraid to confront me?"

Wesley walked up to him and said with a cold face, "Adrian is out of danger. Now I give you two choices, if you refuse to admit it. You voted for the poison, so let's file a lawsuit. We have sufficient evidence in our hands, which is enough for you to go to jail in Bridgedale. The second choice is that you admit that you did it, because it didn't cause a catastrophe, Therefore, the punishment can be lightened."

Cole felt dizzy. He feels like he's been slapped hard.

“Cole, the laws of Bridgedale are different from those of Aryadelle. I suggest you weigh it carefully before making a decision.” Wesley threatened in a low voice.

Cole gritted his teeth and swallowed it in his stomach.

This account, he recorded.

....

Aryadelle, weekend.

Ben Schaffer got up at ten o'clock in the morning and heard the sound of a kitchen knife chopping a chopping board.

He strode over and saw Gwen wearing an apron, cooking in the kitchen.

“Gwen, what are you doing?” Ben Schaffer frowned, thinking he was hallucinating.

When His Eyes Opened Chapter 1223

Chapter 1223

Because Gwen eats takeout almost every meal, Ben Schaffer always thought Gwen couldn't cook. But seeing her chopping vegetables move smoothly, it is clear that Gwen is someone who often cooks.

Gwen put the sliced cucumbers on the plate, “The part-time worker you hired is only for housework, not cooking.”

Ben Schaffer teased, “You can order takeout. Don't you eat takeout every day?”

“How do you know that I eat takeout every day?” Gwen has been staying at home for the past few days.

But when Gwen eats takeout every day, Ben is not at home.

Ben Schaffer sneered, “The aunt who collected the garbage told me. Don't you think that you are tired of eating takeaway, so you cook?”

Gwen shook her head, "The takeout is so delicious, how could I be tired of eating it? I saw online saying that pregnant women should not eat takeout, it's not good for the baby, so I decided to do it myself."

The smile on Ben Schaffer's face disappeared.

"I'll make lunch for you later. I have something to tell you." Gwen said seriously.

Ben Schaffer's temple started to hurt.

Ben: "What's the matter with you? Tell me now."

Gwen: "I'm out of work right now..."

Ben: "Well, you asked me to help you find a job, right?"

"No." Gwen looked at him and thought she was right. She interrupted him, "Didn't you let me go to school before? If you pay me tuition, I'll go to school."

Ben Schaffer: "..."

This chapter is provided . Visit for daily update.

With a gloomy face, Ben said nothing and went to the living room.

Gwen immediately chased after him.

"Gwen, since you plan to give birth to a child, why don't you go to the child's father to take over your life?" Ben Schaffer's heart was beating violently, and he roared out of his heart, "What do you want to do with me? What do you dare to do with me, and you still want me to be a father?"

Gwen: "Just think that you are lending me money to go to school. When I make money, I will pay it back to you."

Ben: "Why don't you go to Avery to borrow money?"

"You're so stingy." Gwen couldn't agree on anything. She immediately returned to the kitchen, picked up the kitchen knife again, and chopped the chopping board with a bang.

Ben Schaffer changed his mind. Just when Ben was about to take a drink and go to the kitchen to talk to her again, Chad's phone call came.

"Brother Ben, why are you suddenly looking for Kyrie?"

When Ben Schaffer got up just now, he sent a message to Chad asking for Kyrie's contact information.

"He called me a few days ago and talked with me a little." Ben Schaffer walked to the sofa and sat down, "He never called me on his own initiative. Although we knew each other's existence, we were completely unfamiliar. "

I'm not familiar with him either. Although I saved his number, but I haven't contacted him. I remember you have his number. "Chad said.

"Yes, I saved it before. But he gave it to me last time. The call was from another unfamiliar number. I called last night, but that number no longer exists." Ben Schaffer became suspicious because of this incident.

When things go wrong, there must be demons.

Elliot's whereabouts are unknown now, and Kyrie suddenly called. Although he didn't talk about anything important, it was abnormal.

"Then can you get through his previous number you saved?" Chad asked.

"Can't get through." Ben Schaffer frowned, "I suspect Elliot is on his side."

When His Eyes Opened Chapter 1224

Chapter 1224

Gwen heard his voice on the phone clearly in the kitchen. She knew that in addition to Avery looking for Elliot, Ben Schaffer must also be looking for him.

She was lying at the door of the kitchen, eavesdropping openly.

Ben Schaffer didn't realize that Gwen was eavesdropping.

After finishing talking on the phone, he turned his sore neck, and with a 'swish' out of the corner of his eyes, he saw Gwen's head coming out of the kitchen.

"What are you doing?" Ben Schaffer felt that she was sneaking, as if a large monitor was hanging over his head.

Gwen immediately came out of the kitchen, "You don't have millet peppers at home, I like spicy food, and I can't do without millet peppers."

Ben Schaffer raised his eyebrows and said, "Why don't you buy vegetables when you buy them? You shouldn't expect Shall I buy it for you?"

Gwen walked up to him and said, "Let's go buy it together. You twisted your neck just now, isn't your neck uncomfortable? You lack exercise and need to move around more. As you get older, your body will get worse, and if you exercise more, it will improve a lot."

She said, reaching out and grabbing his arm, trying to pull him up from the sofa.

Ben Schaffer felt that he was out of touch.

"Gwen, don't do anything to me. Don't think I dare to treat you if you are pregnant now." Ben Schaffer said harshly.

"Why are you like this? How many times have you pulled my arm before? Why didn't I wiggle like you? Are you still a man?"

Ben Schaffer's lips moved, and he didn't know how to refute.

"I don't want to go out with you, okay?" Ben Schaffer said.

"No. I'm not familiar with this place, you take me to buy it." Gwen said firmly.

"How did you buy the vegetables in your kitchen?" Ben Schaffer was shocked.

"I bought it on the grocery shopping app but I only lack millet peppers now. I buy a few millet peppers, and no one else will deliver them to me." Gwen said, forcibly dragged Ben Schaffer out.

Along the way, Ben Schaffer looked around for fear of meeting an acquaintance.

Walking with Gwen, Ben felt... ashamed.

In case someone mistakenly thinks they are a couple, the explanation is unclear.

"Ben Schaffer, my father will be executed soon. My eldest brother said he would not come to collect his body, and my second brother is not here. I am a girl, how can I collect my father's body?"

Ben Schaffer heard Her words were suddenly serious.

Gwen looked at him sadly and asked, "Can you get my second brother back before my dad dies? I really don't know what to do, I'm a weak woman, and I can't help but collect the corpse. How can I do this well?"

"If your second brother can't come back by then, I will help your dad get the funeral done. Don't worry about it." Ben Schaffer frowned, reassuring her .

"Where is my second brother now? I still hope he can come back, because before my dad turned himself in, he said Elliot was the pride of our White family."

Ben Schaffer frowned, "I don't know where he is. I'm also looking for him."

Gwen: "Didn't you just say that you suspected who he was with? Who was that person?"

Ben: "You overheard me talking on the phone?"

Gwen: "I'm not deaf, of course I can hear anything in your house. Ah!"

Ben: "You also heard me say doubt, it doesn't mean that your second brother is really with someone else."

"Then you must have a basis for suspecting that person. Just like you never doubted that the child in my womb was Yours, because you don't think the two of us have done it... right?" Gwen looked at him without blinking.

Ben Schaffer got goosebumps all over: "What does the wild species in your stomach have to do with me? If you can't speak, just shut up."

"If you get my second brother back, I'll shut up. Otherwise I'll bother you every day." Gwen threatened him.

When His Eyes Opened Chapter 1225

Chapter 1225

After lunch, Gwen sent a message to Avery: Ben Schaffer has a suspect. But he refused to say who that person was. But it doesn't matter, I found that he called Chad and said this, you go and ask Chad.

At that time, when buying millet peppers, Gwen lied that he did not bring a mobile phone and asked Ben Schaffer to pay.

Ben Schaffer took out his phone and unlocked it, and she took it away immediately.

She pretended to accidentally open his call log, and saw that the last phone call was with Chad.

Regardless of Ben Schaffer's image of a mature elite outside, in Gwen's eyes, he is just an elderly man.

There are so many ways for her to deal with Ben Schaffer.

No, within a few days of moving in, she got the first-hand news.

....

In Bridgedale.

Avery's mobile phone received the message, and the screen lit up.

She didn't wake up. She came back late at night and had no time to exercise, so she took half a sleeping pill before going to bed. She can't sleep without sleeping pills. No matter how much she understood in her heart and how relieved she was in her mouth, as long as there was no whereabouts of Elliot for a day, her heart seemed to be missing a large piece.

When she woke up in the morning, she lifted the quilt and got out of bed, found a water glass, and took a large glass of water to drink.

Her throat was so dry that it seemed to burn. After drinking water, she felt better.

She went back to the bedroom, picked up her phone, and first saw the message from Mike: [Hayden is on holiday, I'll take them both to see Shea later.]

She replied immediately: [OK. be careful on the road.]

After replying to the message, Avery casually opened the message sent by Gwen.

After seeing the content, her body froze immediately.

Without any thought, she immediately exited Whatsapp and found Chad's number to dial.

The phone dialed and rang for a while before being answered.

“Avery, I just had no signal in the company’s underground parking lot, and I saw your call when I came up.” Chad drove into the main road in front of the company building, and put on a Bluetooth headset at the same time.

Avery: “Did you just get off work?”

“Well. You called me, maybe something happened to Mike?” Chad was suddenly nervous.

“He’s fine.” Avery immediately explained, “Chad, do you have news about Elliot?”

Chad: “No. If I have news about him, I will definitely tell you, don’t worry.”

“But I heard that Ben Schaffer is the suspect.” Avery said bluntly.

Chad let out an ‘ah’, then asked with a smile, “Who told you? Brother Ben did call me this morning.”

“Who does he suspect?” Go to him. I’ll be free soon, I’ll go to him.”

Chad said, “Ben is just suspicious, not sure where the boss is. And where exactly that person is, I and Ben are both don’t know.”

“Who is that person?” Her heart raised in her throat, “What is the basis for Ben Schaffer’s suspicion of this person? He can’t just doubt it casually, right?”

“This person and the boss have known each other for many years. Now, I usually only see each other when something big happens. So Ben Schaffer and I haven’t met this person a few times in total, and we have never been in contact with him. But this person called Ben Schaffer a few days ago and talked about my boss, I also talked about you.”

Chad thought of something when he said this.

He continued, “By the way, you’ve met this person. His name is Kyrie Jobin, and he came before you got married.”
