

When His Eyes Opened by Simple Silence Chapter 1246

Chapter 1246

Mike's brain exploded. It's not that he was shocked by the doctor's words, but that Avery was gone.

D*mn it. Mike promised to guard Avery so that she could not escape, but she escaped again while he was asleep.

Don't think, don't ask, she must be on the flight to Yonroeville by now.

Seeing that Mike didn't speak, the doctor rushed out and grabbed him immediately: "Did you hear what I said just now? She has to come back for an examination..."

"I see. When I find her, I will take her to the hospital for examination. But there should be no way to come to your place for examination. Most of her have already left the country." Mike said in a hurry.

"Oh, it's fine. As long as she can go for the checkup, she can do it anywhere."

"Does your hospital not look at patients? How can patients be allowed to walk around?" Mike asked.

"This...we are a hospital here, not a prison. If patients can move on their own, of course they can go wherever they want, but if they go out on their own while in the hospital and something happens, our hospital is not responsible."

"Okay, I'll give you a discharge order. But you really need to find her quickly. Not only does she have a problem with the test results, but she also has a lung infection that needs to be hospitalized. If she refuses to be hospitalized, she must take medicine to control her." The doctor reminded.

Mike patted his head, "Got it. It's a headache. Why the h-e-l-l did I fall asleep last night."

This time Avery ran away, and Mike wasn't sure he could get her back.

....

Yonroeville.

After Avery arrived at the airport, he took a taxi directly to the mountain.

It's not raining much today, so she won't get wet without an umbrella.

Rescue teams were still continuing to rescue.

Avery stood at the site of the accident, looking at the long bushes and rocks below, her fingers clenched tightly.

At this moment, life and death were between her thoughts.

If she just jumped down like this, she could go to accompany Elliot.

A rescue worker saw her and greeted her immediately, "Ms. Tate, why are you here again? How did you go up the mountain? No one came with you? By the way, are you feeling better?"

People's concern, let her reason back to the body.

"Thank you for your concern. I'm in good health. Is there any progress in the rescue work?" Avery asked.

"Yes... I found a lot of things, including pieces of clothes, a small amount of blood, and car parts..."

Avery heard the words and immediately took out her mobile phone and dialed it to Ben Schaffer.

Whose clothes are the pieces?

Whose blood is it?

How much she hoped it was Elliot's, but she didn't want it to be his.

If it is his, it means that he will not live without seeing people and dead without seeing corpses.

But if it is his, it also means that he may really be killed.

Ben Schaffer answered the phone with an anxious tone: "Avery, have you come to Yonroeville again? Do you know how anxious Mike is?"

"Ben Schaffer, whose clothes are the pieces found? Who is the blood stain? Is it Elliot's?" Avery asked without answering.

Ben Schaffer answered her question and said, "It's not his. The test results are out. It's from the fellow driver. I haven't found anything related to Elliot yet. Stay on the mountain and don't move, I'll pick you up."

Chapter 1247

Avery held the phone and murmured: "It's not Elliot's... Didn't find anything in Elliot... Elliot is definitely still alive..."

Ben Schaffer listened her heart hurts at her babbling.

A week has passed, and it is almost impossible for Elliot to be alive.

He may have been thrown far away the moment he fell. Because the current search and rescue scope is not large enough, there are several places where it is difficult for search and rescue personnel to enter.

When the search and rescue scope expands, maybe he will be found. But by then, it will be too late.

An hour later, Ben Schaffer met Avery.

Avery stood at the site of the accident, stiff like a petrified statue.

Ben Schaffer grabbed her arm and pulled her into the car.

"It's not long since your fever subsided, don't catch a cold again." Ben Schaffer said sharply, "Mike is very worried about you. After he asks me to find you, he will take you to the hospital."

"I'm fine, why should I go to the hospital?" Avery looked coldly At him, she stubbornly said, "I'm going to find Kyrie. You take me to him."

Ben Schaffer retorted, "What are you doing with Kyrie? Do you think he killed Elliot? It was him. So what? Avery, this is his territory, and we are not his opponents at all. Calm down and wait for Elliot's body to be found. Let's bring Elliot back to Aryadelle and let him go to the ground for safety."

Avery choked, "I don't want to find him . To take revenge, I'll ask him for Elliot. I think he hid Elliot. Otherwise, how could there be no body? It doesn't make sense. The rescue team has been looking for a week, how could it be half-hearted? No corpse could be found... The corpse must have been transferred long ago."

Ben Schaffer's heart twitched: "Why does Kyrie want Elliot's corpse? Kyrie is a businessman, not a corpse lover. I can't think of a reason for him to do this."

“You can’t think of the reason, because you are a normal person.” Avery’s doubts became heavier, “Don’t you think it’s strange? We came here, but Kyrie seemed to have disappeared, completely hiding from his face, did he feel guilty? He has to give me an explanation.”

Ben Schaffer: “He explained it to me. His subordinate said he was too sad and was hospitalized.”

Avery got into the car, “Oh, let’s go to the hospital to see him. Do you have his number? Or you can contact his staff. If he doesn’t see me, I’ll go to his house to find him.”

Ben Schaffer: “Do you know where his house is?”

Avery: “I don’t know, but I can ask. I can log in to Elliot’s social account, and there are mutual friends between him and Kyrie.”

Seeing that she was so determined, Ben Schaffer immediately called Kyrie’s men and asked where Kyrie was now.

An hour later, Ben Schaffer brought Avery to Kyrie’s mansion.

After layers of security checks, they finally entered the living room.

Kyrie Jobin received them.

Kyrie: “Sit.”

Avery sat down near Kyrie.

“Ms. Tate, long time no see. You are much more haggard than the last time we met.” Kyrie said sarcastically, “I am also very saddened by Elliot’s death.”

Avery stared at his face and said word by word, “I don’t think you are sad at all. If he is still alive, you can’t hide him. If he dies and you occupy his body, aren’t you afraid that he will turn into a ghost and ask for your life?”

Kyrie retaliated viciously, “Ms. Tate, you are so angry, I’m really afraid that you will become a ghost and come to me in the future. I was polite to you before, and it was all because of Elliot. Now Elliot is dead, do you think I’ll take you seriously?”

“Kyrie, Avery just wants a truth. Not only her, but I also need the truth. The rescue team has been working for a week, but found nothing. Does this make sense?” Ben Schaffer interjected.

Kyrie sneered, “So you came to find the person I want him?” Okay, I’ll give it to you.”

After speaking, he winked at his subordinates.

After a moment, his subordinates held a piece and walked to Avery.

When His Eyes Opened by Simple Silence Chapter 1248

This was a black notepad.

Kyrie said, "Avery, I'm not going to mention some things, because you have three children. Elliot is gone, and you still have to live in the future. You should recognize his handwriting. He is the most important person to him, but he doesn't have your name. No matter whether he is alive or dead, he doesn't have you in his heart."

Avery took the notepad, opened it, and saw Elliot's handwriting at a glance. She was very familiar with Elliot's handwriting. After reading what he wrote, she pursed her lips and was speechless for a long time.

Ben Schaffer came over, took a look, and asked Kyrie: "Why did Elliot write this?"

Kyrie said, "He wrote it if he wanted to, and I didn't force him to write it. Enough is enough, I have been friends with Elliot for many years, and I will never harm him. If you've had enough trouble, go back to Aryadelle."

"Kyrie, where is his body? Even if you don't let us take his body away at least let us see him once." Ben Schaffer said unwillingly.

"Ben Schaffer, I won't go around in circles with you anymore. You take Avery away now and go back to Aryadelle. Maybe you will have a chance to see him in the future. If you continue to bother me here, I can tell you for sure. You guys, you don't want to see him in your life."

Kyrie finished speaking impatiently, got up and left the living room.

Avery wanted to chase after her, but Ben Schaffer grabbed her arm.

Ben Schaffer whispered, "Avery, don't be impulsive. Listening to his tone, Elliot is indeed in his hands now. Maybe Elliot is not dead yet."

"Really, I guess. He told us to go back to Aryadelle now."

Avery stubbornly said, "You go back. I won't go back. I want to be alone. Just before hotel to stay."

“How long do you stay?” Ben Schaffer pulled her out of Kyrie’s house, “How can I be at ease when you are alone?”

“Ben Schaffer, I’m no longer a child. I just want to get closer to Elliot. If there is any news about him, I can find him as soon as possible.”

Of course Ben Schaffer would not leave her alone in Yonroeville.

Avery changed the subject, “Your mother looked for me. You better go back to Aryadelle. Take advantage of Gwen’s belly still not big, hurry up and hold the wedding.”

Ben Schaffer: “???”

Avery was talking What? Why can’t Ben understand?

“What does it matter to me if her belly is big?” Ben Schaffer vaguely felt that something was wrong, “What wedding? Wouldn’t you let me marry her?”

Avery said calmly, “It seems your mother hasn’t told you yet. You should hurry back to Aryadelle. Take care of your own affairs first, then worry about me. Didn’t you say Mike is here?”

Ben Schaffer said, “I don’t worry about you anymore and what the h-e-l-l are you doing? How is it possible for me and Gwen. The child in her womb is not mine. Why should I marry her?”

“How do you know the child in her womb is not yours?” Avery retorted.

“I’ve never done it with her. How could her child be mine? I f*cked it up. It must be Gwen who told my mother that the child in her womb is mine, and my mother wanted me to marry her. Mom wants to hug her grandson and she’s going crazy. When she sees a woman, she wants someone else to give birth to me. No, I have to go back right away. This woman Gwen is too bad.”

Ben Schaffer sent Avery to the hotel, leave for the airport.

Avery didn’t check in at the hotel. She took Elliot’s notepad and walked aimlessly on the streets, thinking about what to do next.

What is certain now is that Elliot is in the hands of Kyrie.

No matter if Elliot is dead or alive, she will take him back from Kyrie.

Elliot is hers, life is hers, death is her ghost.

When His Eyes Opened by Simple Silence Chapter 1249

Even if this is Kyrie's territory, she won't let Kyrie bully her.

About 4 hours later, Mike arrived at the airport in Yonroeville. He turned on his mobile phone and saw the message from Ben Schaffer: Avery was in the previous hotel. There is an urgent matter, so he will go back to Aryadelle first."

Mike cursed lowly: "This guy, why did you leave Avery here alone. She's left alone, who knows what she can do?"

Mike dialed Avery's number. Fortunately, Avery answered the phone.

Her tone was indeed much more relaxed, "Mike, Elliot may not be dead. He's in Kyrie's hands. I'm so comfortable now. So I don't need you to accompany me. Go back and look at the child. Wanda has already returned to Aryadelle, I'm afraid she will do something."

Mike: "You go back to Aryadelle with me."

"As I said, Elliot is not dead. I want to stay here and inquire about his whereabouts. I've called my bodyguard, he'll be here soon. I know what I'm doing. I'm definitely not going to confront Kyrie Jobin." Mike felt her return to normal.

Mike: "You asked me to leave now?"

Avery: "Yes. You go back and look at the company and the children. I will call you every day."

"Okay..." Mike agreed after two seconds, and immediately went back, "No way. Your blood test result is abnormal, the doctor asked you to go to the hospital for further examination."

Avery said, "I can do the examination here. I am a little sleepy today, and when the bodyguard arrives tomorrow, I will ask the bodyguard to accompany me to the hospital."

Mike said, "I will wait. After you have done the examination, make sure it is not a big problem and then go back. In case you are seriously ill..."

"Don't curse me. If I'm really seriously ill, I'll cure it. I won't die until I find Elliot." Avery said. Her tone softened a bit, "Mike, you know, after learning that Elliot may still be alive, I feel much more relaxed. Now I am more worried about Wanda's idea of harassing my company, and also afraid that she will hurt my child."

“Don’t worry, I’ll go back to Aryadelle. I have to go for an inspection tomorrow, and when the results come out, send them to me immediately. If you don’t go for the inspection, I will come to you.” Mike reminded.

Avery: “Got it.”

After the call, Avery stopped a car on the side of the road and reported to a hotel near Kyrie’s house.

She was blank to Kyrie. Taking this opportunity, she wanted to inquire more about him. See if she can find Elliot’s whereabouts secretly.

After checking in at the hotel, she went to a nearby pharmacy to buy medicine. Although the fever subsided, her cough did not subside.

She originally planned to take the medicine when she went to the hospital for an examination tomorrow, but she was afraid that her condition would worsen sharply.

The word “death” came out of her mouth lightly, but when she thought that if Elliot really died, she wouldn’t even know what the truth was, and her heart was full of unwillingness.

At night, bodyguards came and lived in the room next to Avery.

The next morning, accompanied by bodyguards, Avery went to a nearby hospital for an examination.

After the blood was drawn in the laboratory, the bodyguard stayed here to wait for the results, while Avery went to another department for examination.

When she was looking for the elevator, she heard a commotion in the lobby on the first floor.

At this moment, she was standing by the railing of the corridor on the second floor, following the sound and looking downstairs—

—She saw dozens of bodyguards in black, protecting the people in wheelchairs, and quickly heading for the exit of the hospital.

When His Eyes Opened by Simple Silence Chapter 1250

There are many of them and they walk very fast, so Avery can’t see who the person in the wheelchair is at all. Those bodyguards were burly and completely covered the person in the wheelchair.

So Avery couldn't even see the back. She had a strong premonition in her heart that the person in the wheelchair was Elliot. Her heart was beating violently.

She seemed to have smelled Elliot's breath. She ran uncontrollably towards the rolling elevator. She's going to see who's in that wheelchair.

When she came down from the second floor, the person in the wheelchair had been pushed into the RV by the bodyguard.

She saw the RV door slam shut.

She saw nothing.

The bodyguards 'whoosh' and got into different cars.

Soon, several cars rushed out like sharp swords.

She felt like someone had pressed the pause button, no sound came out of her throat, she could only watch them disappear.

After being dazed for a few seconds, a thought flashed through her mind quickly.

The cars were heading in the direction of Kyrie's house.

If the man in the wheelchair is Elliot, then they must have gone to Kyrie's house.

Avery could get the answer now as long as she went to Kyrie's house.

In the hospital.

After waiting for a while, the bodyguard got Avery's laboratory test.

This chapter is provided by . Visit for daily update.

The bodyguard glanced at the list, and there were several data items in red font, which should indicate that these data were abnormal. But he couldn't understand the impact of these abnormal data. He took the list and went to Avery.

Avery originally told him that she was going to have a CT scan of the lungs, but the bodyguard waited outside the CT room for a long time without waiting for her.

He immediately took out his cell phone and dialed Avery.

Avery answered the phone: "I'm outside now, you are waiting for me at the hospital, I'll go back soon."

The bodyguard asked, "Why did you run outside? Where are you now? I'll find you."

"I'm near Kyrie's house. I plan to go back to the hospital immediately." Avery squatted outside Kyrie's house for a while, but did not see the cars she saw in the hospital.

She suspected herself of being paranoid. The person in the wheelchair might not be Elliot.

"Boss, can you tell me something first? You run around like this, it's hard for me to do it. If something happens to you, Mike will trouble me." The bodyguard complained.

Avery said, "I'm your boss, why should I report my whereabouts to you."

"Because I want to protect you. If I don't know where you are, how can I protect you?" The bodyguard's words made Avery silent: "I was in a hurry to leave. I thought I found Elliot, so I forgot to tell you."

"Are you hallucinating? If Elliot was still alive and he saw the news of his death in the sky, do you think he would be indifferent?" The bodyguard raised his doubts, "There is something wrong with your test results, I will take a picture for you to see. You go back to the hospital immediately."

Avery: "Okay."

After hanging up, Avery saw the photo sent by the bodyguard.

She zoomed in on the picture and saw her unusual data.

She was anemic and had coagulation abnormalities.
