

When His Eyes Opened Chapter 1270

Chapter 1270

“Gwen only need money to raise a child, and Hayden has more money.” Mike saw Ben Schaffer’s embarrassed expression and was overjoyed, “Gwen was going to the hospital to abort the child. She asked Hayden to accompany her to the hospital. After the two went to the hospital, I don’t know what happened, and finally Hayden decided to pay for her.”

Ben Schaffer’s anger disappeared immediately. He was embarrassed and wanted to burrow in the ground.

“Hayden is better than your biological father and Hayden is not even ten years old. Don’t you feel ashamed?” Tammy mocked.

“Don’t say it. I’m already ashamed.” Ben Schaffer sighed, “This Gwen has no other ability, and has a first-class ability to anger people. She didn’t tell me anything clearly, and deliberately made me angry.”

“Hayden’s character is so cold. Gwen can have a good relationship with Hayden but he can’t get along with you. It’s clear at a glance whose problem is.” Tammy scolded Ben Schaffer.

“Okay, I’ll go home and reflect on it. I’ll talk to Gwen when I calm down.” Ben Schaffer was defeated.

.....

Yonroeville.

After Avery left the hospital, Xander contacted the vice president through Avery’s previous doctor.

The two sat down at a restaurant near the hospital and shared lunch.

“Xander, do you have a good relationship with Avery?” The vice president said.

“It’s okay. I used to go to graduate school with her under Professor James Hough. It’s the same teacher, so she needed me this time, so I came here.” Xander answered truthfully, “Vice President Lewis, I have an appointment today. You, mainly want to know about issues related to amnestics. Because I haven’t heard of anyone who has done this research successfully.”

The vice president said modestly, “I can’t talk about success. There are only 300 clinical examples. This still includes animal experiments.”

Xander was puzzled, "Then how dare you perform this operation on Elliot? If the operation is not mature, how dare you apply it to the human body?"

The vice president said, "Because there is no huge harm in this operation. Mr. Kyrie, who invested in this research, also performed this operation. You probably haven't experienced any pain. Some people will suffer from some pain like memory torture in their lifetime. It affects life and affects work."

Xander affirmed, "You are right. However, after this operation, is there a way to quickly restore memory?"

"No." The vice president shook his head, "I am only responsible for researching how to make people lose their memory, not how to restore their memory."

...

Avery asked the bodyguard to send him to Kyrie's house. Unfortunately, Kyrie was not at home.

"I have something to give to Elliot. Does Elliot live here?" Avery discussed with the Jobin family bodyguard.

The Jobin family bodyguard shook his head: "What do you want to give him? I can help you pass it on."

"It's a very important thing." Avery took out the black notepad, "There are some more important information in it. I have to hand over to Elliot."

The Jobin family bodyguard: "He doesn't live here. Don't come here in the future to find him."

"Where does he live?" After she asked this question, The Jobin family bodyguard did not return.

Avery's bodyguard advised. "Boss, let's go. If someone asks me about your residence, I won't tell you. Isn't it difficult for you to be a worker."

Avery: "You can empathize with others. Why don't you empathize with me?"

The bodyguard helplessly said, "I empathize with you. It's just that I can't empathize. If I were you, I would make so much money every year and I would play with different little meats every day. Why hang on an old tree like Elliot?"

Avery glared at him.

“Let’s go back. The sun is so vicious today.” The bodyguard blocked her from the sun with his palm, “Don’t tan you.”

She lifted his arm: “I’m not going back. I still have a way.”

“What way?” The bodyguard immediately went to open the door for her.

Since Avery didn’t plan to leave here any time soon, they rented a car at the dealership.

When His Eyes Opened Chapter 1271

Chapter 1271

After getting in the car, Avery turned on her mobile phone and found a number to dial.

The phone was dialed, and it took a while to get through.

“Hello! Nick, I’m Avery.”

The person on the other side of the phone heard her voice and laughed: “Where did you get my number?”

“I found your number.” Avery said straight to the point, “I want to ask you for a little help.”

“Dr. Tate, we had already settled at the mansion in the forest before. I don’t owe you any more, so I won’t help. You are busy.” Nick simply refused.

Avery said softly, “Yes, we did clear things up before. But how can you guarantee that you won’t ask me in the future? As you get older, the risk of brain disease increases. If you get sick in the future and come to me, and I will treat you for free.”

Avery’s bargaining chip made Nick’s heart move.

“What do you want me to do for you?” Nick’s breathing became heavier, and he laughed contemptuously, “Don’t you want me to help you snatch Elliot? You made a fool of yourself at Kyrie’s house last night. I heard.”

“You invited Elliot to your house, and I have something to give him back.”

“That’s it?”

“That’s it.”

Nick: “Okay, I’ll ask him now.”

After the negotiation, Avery received the positioning from Nick. She sent the location to the bodyguard and asked the bodyguard to drive over.

“Boss, you have some connections.” The bodyguard exclaimed.

“Have you heard of the law of six people? I used to think that the world is so big, how can any two people be connected by just six people?”

“Now you believe it?”

Avery didn’t answer this irrelevant question.

“I’m a little nervous. I’m afraid that Elliot will leave when she sees me.”

The bodyguard also sweated for her: “Boss, have you watched idol dramas?”

Avery: “Huh?”

The bodyguard said, “My wife loves to watch them. I’ll follow along Just a little later. If Elliot doesn’t want to listen to you later, you kiss him. If he wants to leave, you also kiss him too. As the saying goes, strong girls are afraid of entanglement. In fact, the same is true for men. You have to go out, shameless, I guarantee he can’t do anything about you.”

Half an hour later, the car stopped at the door of Nick’s villa.

Avery entered the villa smoothly and met Nick.

Nick invited her to sit down and poured her tea in person.

“Nick, has Elliot agreed to come?” Avery felt uneasy in her heart.

Nick said slowly, “He will definitely give me his face but he didn’t say when he would come, you can wait a while.”

Avery: “Well. Do you know about his memory loss?”

Nick: “Yes. Yonroeville is so big, what can you hide from me?”

Avery pleaded in a hurry, "Can you help me, I want to take Elliot out of here. If he stays here, it will be difficult for him to get out of Kyrie's control."

"Avery, you are so naive." Nick looked at her with a deep meaning, "Let's not say that Elliot lost his memory now, even if he recovers his memory, he won't even think about leaving here."

Avery's heart clenched tightly: "Why?"

Nick said, "Because Kyrie won't let him go. If you want to get out of your body, you'd better leave now. Otherwise, I'm afraid you won't be able to leave by then."

When His Eyes Opened Chapter 1272

Chapter 1272

About an hour later, a black car drove into the front yard of the villa.

Nick reminded Avery: "Your man is here."

Avery smiled bitterly: "He is not my man now, but my creditor."

He said it more than once last night, and wanted her to pay a painful price.

She lost sleep all night because of it. Even thinking about it now, her heart still feels vaguely uncomfortable.

After the car stopped, the door opened and Elliot strode out of the car. He was wearing black clothes and black pants today, which made his figure look tall and slender.

His bodyguard did not enter the living room with him. When he changed his shoes and entered the living room, his eyes immediately fell on Avery's face. There was a palpable surprise in his eyes.

Seeing Avery during the day was different from seeing her last night. Probably because people are more calm and rational during the day.

Nick said, "Elliot, sit down. How is your health?"

"It's fine." Elliot's expression returned to his usual coldness. He took the teacup from Nick, took a sip, and put it down.

Nick asked casually, "Do you and Rebecca plan to make up the wedding? I've prepared a big gift for you. If you don't make up the wedding, you can take the gift back later."

Elliot treated Avery like air and talked about this issue without a trace of discomfort, "I've been very busy recently, so I don't have time to think about it."

"I know you're very busy. Did Kyrie hand over the mess he couldn't handle to you? Hehe, listen to my advice, do some things if you can, don't be brave if you can't do it. Don't make a mess." Nick said lightly, glanced at Avery, then got up and said to Elliot, "Avery is looking for you. Do you want to talk to her? It's up to you."

After that, Nick strode out.

Elliot picked up the teapot and poured tea into the cup leisurely.

Avery took the black notepad in front of him and said, "Elliot, I'm here to return your things. This is what Kyrie gave me a few days ago. It's your thing, so I'll return it to you."

Elliot looked at the notepad, his eyes retracted: "Do you have anything else to do?"

Avery spoke too fast, afraid that he would get up and leave at any time, "I know you had amnestics. You forgot about me and everything that happened between us. So whether you are right now I don't blame you for my attitude. You take this notebook back and take a look at it."

"Avery, don't do any more fearless struggles. It's already over with you." The moment Elliot put down the teapot, his falcon-like eyes looked at her indifferently.

Avery looked directly at him: "I should have said this. Before you restore your memory, we will not end. As long as I don't admit that we are over, we will not be over."

Elliot looked at her stubborn face and gritted his teeth.

"Also, before I say it's over, you'd better keep yourself clean and don't do anything that's sorry for me." Avery asked him, "No matter how loving you are in front of people with your new wife, you two won't do anything at night. If you sleep together, You can't touch her and you can't let her touch you."

Elliot seemed to hear a funny joke, and a mocking arc appeared on the corner of his lips. He put the teacup down heavily, and the smile on his face instantly turned into a cold face.

“Are you ordering me?” Elliot reprimanded in a low voice, “Avery, do you believe I killed you?”

After he said these words, murderous intent shot up in his eyes. His words touched the rebellious factor in her body.

Avery walked in front of him and looked at him with red eyes: “Then you do it. If you don’t do it today, I will look for you tomorrow, the day after tomorrow... I will look for you every day until you regain your memory.”

Elliot looked at her not afraid of death, his Adam’s apple rolled, and then he pushed Avery away in annoyance.

When His Eyes Opened Chapter 1273

Chapter 1273

“How did you get Nick to promise to help you?”

“I have my own way.” Avery sat down beside him and said aggrievedly, “Elliot, I can’t make you forget me. All Our passion and love are closely related to you. Our past, you can’t clear it all up if you want, or I can quit if you want to start a new life.”

Elliot clenched his fingers tightly, not knowing how to connect her words.

He threatened her but she was not afraid. He couldn’t really do anything to her. Even if he want to do something to her, he can’t.

“Do you really have no feelings for me?” Avery squeezed his big palm tightly, “turn your head to look at me.”

“Boring.” Elliot sneered from his throat.

“I’ve long known that you are good at covering up your heart, but I don’t believe that you completely forgot about me.” Avery squeezed his hand with the utmost strength, her other hand wrapped around his neck, her red lips falling on his thin lips.

Elliot familiar breath stirred all the emotions in her heart. Thinking that he is now another woman's husband, thinking of his cold attitude towards himself, tears fell uncontrollably. Hot tears were printed on his face.

Elliot pushed her away suddenly and glared at her with disgust: "Avery! Did you use such a lowly method to control me before?"

"Yes!" Avery pursed her bright red lips and followed his words, Said, "Would you like to try it to see if you will be controlled by me again?"

Elliot was irritated by her words but he couldn't really kill her. Finally, he turned his anger on the black notepad in front of him. He threw the notepad in the trash. Then get up and get ready to leave.

"Elliot! You really forgot about me." Avery looked at his tall back and laughed at herself, "I thought you were lying to me but I didn't expect it to be true."

His footsteps stopped for a while, and then he decided to leave. After he left, Avery picked up the notepad from the trash can and wiped it clean with a tissue. After wiping, she put the notepad in her bag. Then she picked up the teapot and poured herself a cup of tea.

After a while, Elliot's car disappeared in the front yard of the villa. Avery came out of the villa with a bag.

The bodyguard saw her coming out and immediately opened the car door.

The bodyguard said, "Boss, I saw the two of you kissing. Do you still have feelings for him? Does he have feelings for you?"

Avery: "What do you think?"

"It's not me that you kissed, how do I know?" The bodyguard blushed and drove the car out.

Avery ignored the bodyguard's ridicule. She began to think about how to find Elliot tomorrow.

Elliot didn't take the notepad and Avery could continue to use this reason to go to him tomorrow.

During dinner, Avery was in the hotel and invited Xander to dinner.

"I met with the vice president today. He said there is no recovery method." Xander said and smiled, "But he said that the first monkey who underwent amnestic surgery has recovered its memory. Is this a good news?"

"Well. Forget it. I tested Elliot today. I don't think he completely forgot about me." Avery stated her basis, "Elliot really hates people touching him. But when I kissed him today, he didn't push him immediately. Whether he remembers me or not, his body doesn't resist me that much."

When His Eyes Opened Chapter 1274

Chapter 1274

Although the two of them were arguing on the surface, Avery had great confidence in her heart.

"Then what are you going to do next? After all, Elliot has a wife now. Wouldn't you be embarrassed to go to him?" Xander asked.

"What's so embarrassing about me? If it wasn't for Kyrie, Elliot and I would have reconciled long ago." Avery took a sip of water then continued, "You've seen someone get a marriage certificate as soon as they got off the operating table. "Well, but why does Elliot listen to Kyrie so much?"

Xander was a little confused, "You said Kyrie is not a good person, doesn't Elliot know?"

Avery was silent for a moment, then explained: "It's a complicated thing to say. Kyrie helped him a long time ago. The good and the bad are not simply distinguished by legal terms. Maybe the people we think are bad but some people good and kind hearted."

"I see. If Elliot stays by Kyrie's side, there will be no danger."

"No. Kyrie is a very dangerous person, as long as Elliot stays with him by his side, even if Kyrie doesn't move him, Kyrie's opponents and enemies won't let him go." Avery said.

Avery was with Nick today and learned a lot of information.

Xander now completely understood.

Elliot entered a dangerous circle, and Avery wanted to pull him out of this circle. She is not only for Elliot and Rebecca to break up and come back to her, but also for Elliot's future.

Jobin family.

Kyrie invited Elliot and his daughter Rebecca to dinner.

A sumptuous meal was on the table.

After everyone was seated, Kyrie poured a glass of wine, and when he handed it to Elliot, he remembered that he had an operation, so he immediately put the glass in front of his daughter and said, "Rebecca, You drink for Elliot."

Rebecca smiled tenderly: "Dad, you treat Elliot better than me now. Who is your biological son?"

This chapter is provided . Visit naijdate.com for daily update.

"I treat Elliot well, isn't it for you? Your brothers are not good, no one can do the best. I am also getting old, and we will only rely on Elliot in the future."

Kyrie said, looking at Elliot, "What is the third brother looking for you today?"

Elliot said, "He asked me and Rebecca when to make up for wedding. He prepared a gift for us."

Kyrie said, "Oh, he has a heart. Since the sixth and seventh died, he has refused to see me again. Our seventh brothers had such a good relationship before. Now it's like this, it's also chilling."

"Don't mention the past. I won't like to recall the past." Elliot took an empty wine glass and poured himself a drink, "Kyrie, I'll accompany you to drink some."

"Okay." Kyrie raised it up Clanking glasses with Elliot and said, "Ben Schaffer and Avery came over last time. They are ridiculous and they wanted to kill you. But I will not kill you. I used to treat you as a real brother. But now you have married my daughter, So let's kiss each other more."

"I made an appointment with the second and fourth brothers to meet in a week. If you don't want to come forward, then I will go alone." Elliot said.

"I'll go with you. I'm afraid you won't be able to deal with them if you go alone." Kyrie frowned and said solemnly, "They think I did the death of the sixth and the seventh. Now the two of them join forces. Come on, you want to kill me. If I hadn't read the past

feelings, I would have killed them. Now that they have taken advantage of overseas capital, they want to ride on me, which is really irritating.”

Elliot silently sipped wine.

“Although my appeal is to resolve this matter peacefully, if they have to be tough, I will accompany you to the end. In Yonroeville, no one can touch you. It’s a big deal that everyone will die together. But they will never have the guts.” Kyrie picked up the glass and poured the wine for Elliot, “They all know that you are mine now. As long as you don’t leave the country in the future, I can guarantee your safety.”

“I will solve this matter as soon as possible. It is impossible to stay in Yonroeville forever.” Elliot wanted to take back which he has lost everything before.

“With your words, I’m relieved.” Kyrie looked at the ambition in his eyes and was a little worried. If he can always obey himself, that’s the best.

When His Eyes Opened Chapter 1275

Chapter 1275

Kyrie was afraid that one day Elliot will swallow everyone in one bite.

Kyrie changed the subject, “Elliot, I heard that you met Avery today. Why is she still haunted? or I will send someone to drive her away so that she won’t bother you all the time.”

“Avery used to treat Nick. If Nick can stand on our side this time, it will be more beneficial to us.” Elliot didn’t directly say, ‘You don’t touch Avery but the effect is more convincing.”

Kyrie reminded, “Okay! Then I’ll give the third child a face. It’s just that she always comes to you, doesn’t she want to help you restore your memory? I have entrusted my daughter to you, you promised that you will treat her well in the future. Even if you get your memory back, you can’t leave my daughter.”

“No.” Elliot drank the wine in the glass, put down the glass, and held Rebecca’s small hand with his big palm, “Rebecca is very good. She’s is suitable for my wife.”

Kyrie laughed: "My daughter must be good. I told her that she would obey you. If she makes you angry one day, you tell me, I'll teach my daughter a lesson."

Rebecca said coquettishly, "Dad, can't you give me some face in front of Elliot. Elliot is my husband, of course I will take good care of him and listen to his words. Don't worry."

After dinner, the driver drove Elliot and Rebecca back to their wedding room.

Their wedding room was in the villa where Elliot lived before. That villa was about five kilometers away from Kyrie's villa.

A few minutes later, the car arrived at the wedding room and stopped.

Rebecca got out of the car first, and then helped Elliot to get out of the car. He drank and felt a little dizzy.

Rebecca said softly, "Elliot, the doctor said that you can't drink for the past two weeks. It's my father's indiscretion to allow you to drink. I'll help you go back to your room to take a bath first. Then let the nanny cook you sober soup up."

Elliot was helped back to the bedroom, and Rebecca immediately went to the bathroom to give him bath water.

Rebecca was gentle, considerate, and obedient to him, and would not upset him at all.

Such a wife, save worry and trouble. Elliot couldn't fault it. But why did Avery's face and voice keep flashing in his mind?

Avery asked him to keep himself clean and forbid him to share a room with Rebecca.

In the past few days, Elliot really hadn't been in the same room with Rebecca. Because Rebecca was on her period, so Elliot slept in the guest room very intelligently and did not disturb her.

"Elliot, the water is ready. Do you want me to wash it for you?" Rebecca blushed slightly and walked up to him, trying to help him undress.

"No." Before Rebecca's fingers touched Elliot's body, he got up and strode into the bathroom.

Rebecca watched as the bathroom door closed, her heart pounding non-stop. 20 minutes later, Elliot came out wearing a bathrobe after taking a shower.

Rebecca was sitting by the bed in a sexy nightdress and looked at him affectionately.

Elliot was stunned when he saw this scene.

“Elliot, I’m leaving for my period. We can have the same room.” Rebecca said shyly, walked up to him, and hugged his sturdy body with both hands.

Elliot’s eyes darkened, and after tangled for a few seconds, he said dumbly, “Okay.”
