### Chapter 1276

Avery told him not to sleep with Rebecca, but he chose to sleep with Rebecca. He wanted to prove that he was no longer the Elliot of the past. He could do whatever he wants now, and no one could control him.

“Elliot, I’m a little nervous, can you wait... be gentle?” Rebecca said shyly, pulling away the tie of his nightgown with her fingers.

Elliot held her fingers and frowned: “Have you sprayed perfume?”

“Well, does it smell good?” Rebecca raised her eyes and looked at him tenderly.

Tonight, she especially sprayed the fragrance that men are said to love.

“It doesn’t smell good.” Elliot re-fastened the strap of the nightgown, “Go and wash it off.”

“Oh, well...Actually, I don’t really like the smell.” Rebecca smiled and turned towards the bathroom.

He didn’t know if it was because of the strong fragrance, but he suddenly had no interest in Rebecca. He picked up the phone and checked the time.

It’s still early.

Elliot strode out of the bedroom and asked the nanny to make sober soup.

About a few minutes, Rebecca came out of the bathroom after taking a shower again.

But there was no Elliot in the bedroom.

Rebecca quickly put on her pajamas and came out of the room. It happened that the nanny came upstairs with the hangover soup.

“Have you seen Elliot?” Rebecca asked.

“Sir asked me to cook him sober soup and send it to the study.” The nanny said, “Miss, why don’t you send it to Mr.?”

The nanny had always taken care of Rebecca, so she always considered her.

“Why did he go to the study?” Rebecca muttered, carrying the soup bowl and walking towards the study.

After knocking on the study door, she saw that the notebook on the desk was open, and Elliot was holding his mobile phone, not knowing who he was talking to.

Elliot saw her coming in and immediately ended the call and said, “I have something to do, you go to bed first.”

“Okay.” Rebecca put the sober soup on the desk and reminded, “You remember to drink the soup. Then I’ll go to the bedroom...”

Elliot interrupted her, “I have to go to the guest room to sleep. I’m going to the hospital for a review tomorrow. If I don’t get a good night’s rest, it will affect the results of the review tomorrow.”

“Okay, then don’t be too late. You can call me anytime if you have anything.” There was a gentle smile on Rebecca’s face. Until she left the study, her smile remained in his mind.

Could there really be such a good-natured woman?

Her character was so well-behaved and docile that it seemed like a dummy. She Gave him an unreal feeling.

The hot steam from the hangover soup made him recover his mind.

He refused Rebecca not because of Avery’s warning during the day, but because the doctor called him and reminded him to go for a review tomorrow.

He drank alcohol tonight and didn’t know if it would affect the results of tomorrow’s review.

He sat down in the chair, picked up the hangover soup, saw the tomatoes and tofu in it, a nerve in his mind suddenly tense, and he exhaled violently in pain.

Rebecca came out of the study and did not return to the guest room.

It’s too early to fall asleep at all.

She came to the living room on the first floor. The nanny was a little surprised when she saw Rebecca.

## When His Eyes Opened Chapter 1277

### Chapter 1277

“Miss, why didn’t you accompany your husband?”

“He’s busy and didn’t need me to serve him.” Rebecca sat down on the sofa, picked up the fruit plate, and ate the fruit sullenly, “He didn’t seem to be interested in me. Was I not beautiful enough? But the last time I saw his ex-wife, I think I was much more beautiful than his ex-wife and I was younger than his ex-wife.”

The nanny boasted: “Miss, of course you’re more beautiful than his ex-wife. Otherwise! How could he marry you so simply?”

“But I took off his clothes for him just now, and he put them on again.” Rebecca whispered and guessed, “Is he not healthy?”

The nanny comforted, “Miss, he only After the operation, his body is definitely weak now. In another month, he should be able to return to normal. He is so tall, and he has three children with Avery, so he must be fine.”

Rebecca suddenly felt a lot more relieved.

The next morning.

Elliot came to the hospital for a review.

After the deputy dean asked about his physical condition, he opened a CT of his brain.

“Mr. Foster, I have to remind you that your ex-wife heard from nowhere that you would come for a re-examination today. Before you came, she came to me once and asked if you were here.”

Elliot suddenly remembered what she said yesterday. .

She said she would come to him every day until he regained his memory.

Elliot took the list and came out of the vice president’s office. As a result, he met Avery head-on.

Avery handed the black notepad to him: "this is your notepad, which contains the notes you took before the operation. If you accept it, I'll leave right away."

Elliot took the notepad from her hand without hesitation.

Seeing him accept it, Avery breathed a sigh of relief: "Are you here for a review? The CT room is on the sixth floor. Go!"

"Avery, do you think I'll fall in love with you again when I restore my memory?" Elliot looked at her proudly, "Although I forgot what happened between us, I can find it through the Internet. I will never do it again. I've been tricked by you."

"Have you been tricked by me? I'll wait until you recover your memory. The impression you have of me now is the one instilled in you by others. Whether it was instilled by Kyrie or the Internet. It's all one-sided for you." Avery deliberately angered him, "You're half a fool now."

Her last words successfully angered Elliot. He pushed her body hard into the corner.

"Elliot, you should still remember what kind of person you used to be. You used to hate running away, no matter what happened, you were never afraid to face it. Why did you listen to Kyrie and do amnestics? Do you think you can erase our past by forgetting me? Impossible! Your memory will reappear, just like the wound on your body will heal automatically."

Avery saw the anger in his eyes disintegrate a little bit, she breathed a sigh of relief in her heart.

Looking at his familiar face and smelling his unique breath, her reason was thrown into the clouds.

How she wanted to hug him tightly.

Suddenly, Xander strode from not far away!

"Elliot! Let go of Avery."

Xander saw Elliot pushing Avery to the corner, thinking that Elliot was bullying Avery, so he didn't even think about it, he ran over and grabbed Elliot's arm.

He wanted to pull Elliot away, but he didn't expect that Elliot slammed back with his elbow almost instantly.

Xander's internal organs were hit hard, as if they were about to split.

He let out a pained cry, let go of Elliot's arm, and at the same time squatted down.

"Xander! Are you okay." Avery saw that Xander was injured and immediately went to check his condition.

Elliot frowned when he saw that Avery was so nervous about this strange man.

What does this man named Xander have to do with Avery?

"Elliot, Come and help me. He's my classmate." Avery couldn't help Xander, so she sought Elliot's help, "Elliot, you are too insignificant."

"Anyone who sneaks at me from behind will This is the end." Elliot looked down at her from a high position, "Avery, don't come to me in the future. Otherwise, it will not be your classmate but you who will be injured next time." After he finished warning in a deep voice, he strode towards the elevator.

## When His Eyes Opened Chapter 1278

### Chapter 1278

A nurse passed by and saw that Xander needed help, and immediately pushed a wheelchair.

Avery pushed Xander to the emergency room.

After arriving at the emergency room, Xander's sanity gradually recovered.

His chest still hurts, but what makes him more uncomfortable is why Avery likes a brutal and violent man like Elliot.

"Avery, if he strikes harder, I might not be able to go back to Bridgedale...Aren't you afraid that he will go crazy and kill you one day?" Xander was deeply worried about Avery's fate.

The main reason was that now Elliot didn't remember Avery, and Avery insisted on saving him in dire straits.

She thought that the water was too hot, and for Elliot, it may be heaven.

"I'm sorry! Xander, Elliot thought someone attacked him, that's why he attacked you so hard. Next time you see him, you can greet him from the front." Avery explained.

"Is there a next time? I don't want to see him again." Xander was about to cry without tears, "I think my ribs may be broken and I will have to be hospitalized."

As a prophecy, the chest X-ray showed a mild fracture of the ribs.

Although it's not serious, it still has to rest for a week.

Aryadelle.

Today, Layla rested and Eric sent her back to the Starry River Villa.

As soon as Layla entered the door, Mrs. Cooper told her that Elliot was not dead.

"Brother told me." Layla wanted to squeeze out a smile, but couldn't. "Brother also told me that my father has a new wife."

This chapter is provided . Visit [naijdate.com](http://naijdate.com) for daily update.

Mrs. Cooper knew about this, but Mrs. Cooper felt that There is a misunderstanding.

It's just that she didn't dare to speak for Elliot in front of her.

After all, this thing was outrageous.

"Layla, your aunt lived in our house. Your father's sister." Mrs. Cooper changed the subject.

"My brother told me that this aunt is pregnant with Uncle Ben's child." Layla sighed when she said this, "I haven't been home for a few days, and so many things happened. I feel so tired."

She lay down on the sofa in a bad mood.

The main reason is to think that her father is now in Yonroeville, has a new wife, and her mother refuses to come back there. She must be very angry.

Gwen heard the voice and came out.

When Gwen see Layla, She said 'Hello' to her immediately.

"Hello Layla, I'm your aunt, just call me Gwen." Gwen looked at Layla's pretty little face and liked it very much.

“Aunt Gwen, how are you? I heard that you are pregnant with a baby!” Layla couldn’t help looking at her belly.

“Um...” Gwen felt embarrassed talking about this child, so she changed the subject, “Are you going to start school soon?”

“Yes! I don’t know if my mother will come back when I start school. Then my brother will also go to school in Bridgedale, I feel so lonely.” Layla pursed her lips, “It must be because I am too good, so my mother doesn’t care about me. My father always does something to make people angry, but my mother keeps revolving around him.”

“Layla, don’t think like that. I haven’t had a mother since I was a child, and my father and my brother didn’t care about me. So I am a very bad person. But you are different, your brother likes you very much, and so many people around you like you very much. You are much happier than me.” Gwen comforted her.

“Aunt Gwen, I heard from my mother that your father is big bad guy.”

“The big bad guy is dead now.” Gwen sat down beside her, “Even if your father married a new wife outside, it would definitely not be as bad as my father.”

Hearing Gwen say this, Layla suddenly not so frustrating anymore.

“Of course, if your father does have a new wife, you must never forgive him.” Gwen said.

“I won’t forgive him. I heard that Uncle Schaffer made you angry, so don’t forgive him.”

## **When His Eyes Opened Chapter 1279**

### **Chapter 1279**

“Yeah!” The two seemed to have found a confidant and chatted very speculatively.

Ben Schaffer changed his shoes at the door and listened to the conversation between the two of them, very heartbroken.

“Gwen, let’s talk alone.” Ben Schaffer walked in front of Gwen, “We’ll solve our affairs in private. Don’t affect others.”

“Uncle Ben, Gwen is my aunt, why are you bullying her?” Layla sees Ben Schaffer being domineering, so she speaks for Gwen.

“Baby Layla, I didn’t bully her.” Ben Schaffer laughed harder than he cried, “I’m here to solve the problem. Don’t worry, I will definitely not bully her.”

“Oh, then how are you going to solve the problem?” Layla asked curiously, “Will you be as irresponsible as my father?”

Ben Schaffer felt an arrow in the knee. “Then do you think I’m responsible for marrying your aunt?”

Layla: “It depends on whether my aunt is willing to marry you. If you don’t want to marry, my aunt will marry you.”

Ben Schaffer: “...”

“My aunt is so young and beautiful, Uncle Ben, are you older than my father?” Layla pierced her heart to the end, “Uncle Eric said that old men are shrewd and realistic, arrogant and sensitive. I feel, a younger man is better.”

Ben Schaffer looked at Eric: “Why do you instill such absurd thoughts into Layla? Is it because you are young?”

Eric said casually: “Right.”

Ben Schaffer: “...”

“Gwen, since you don’t want to talk to me alone, let’s talk about it openly” Ben Schaffer took a deep breath, “You’ve been living in Avery’s house, haven’t you? What’s the matter? Don’t you think my house is fine, I’ll live in it for you.”

“What about you?” Gwen asked.

“Didn’t you say you’re afraid of living alone? I’ll live with you. When your belly is big, what should you do if there is an emergency?” Ben Schaffer had a night of insomnia and decided to take her home.

Regardless of whether she gets married or not, let her give birth to the child smoothly.

“We’re not married, it’s not appropriate to live together.” Gwen said.

“Are you forcing marriage? If you insist on asking me to marry you, it’s impossible. But you can’t make too many demands on me. I don’t like someone taking care of me.” Ben Schaffer had a showdown.

Mrs. Cooper came over with Robert.

The driver was there.

The bodyguards also came to watch the fun.

Gwen felt embarrassed, so she dragged Ben Schaffer and walked out.

“Gwen, you must know what’s going on with your second brother, Elliot. Avery is now crossing the river, so don’t bother her with our affairs. There are also Hayden and Layla, they are still children, and they usually study very hard. Don’t you think that as an aunt, it’s not good to bother them so much? You go back with me first, and if you have any requirements, you can ask. I can satisfy you, try to satisfy you.” Ben Schaffer persuaded.

“I know, I know!” Gwen felt ashamed and did not forget to hurt him, “You can talk so much, why didn’t you catch up with your goddess?”

Ben Schaffer mocked: “Because I have done all the bad things, so God sent you Come and punish me.”

.....

Yonroeville.

After Elliot finished the head CT and came out of the CT room, he was shocked to realize that he had been holding the black notepad Avery returned to him.

He stared at it for a few seconds, and out of curiosity, opened the notepad –

in addition to his handwriting, there was a beautiful font on it.

It was written by Avery.

The reason why he thought it was Avery’s words was because this text contained all Avery’s secrets.

## When His Eyes Opened Chapter 1280

### Chapter 1280

It is not so much a secret as it is privacy.

Avery wrote all her account numbers and passwords in this notebook.

It's just that Elliot's not interested. He has no hobby of prying into the privacy of others.

He turned the paper over, and as a result, saw the photo she had pasted on the paper.

This is their previous sweet photo.

In the photo, the two of them are smiling happily.

Even, in front of the camera, Elliot kissed her cheek. His chest rose and fell rapidly, his heart arrhythmia, and his body temperature rose suddenly.

His fingers quickly flipped back...the back was full of pictures of him and her.

There are group photos in the living room, dining room, and bedroom at home, and there are group photos in restaurants, streets, and the seaside.

He didn't look at the photos carefully because he didn't want to recall the past. His past has been judged as a failure, and he does not want to repeat the same mistakes.

With a 'pop', he threw the notepad into the trash can next to it.

"Mr. Foster, your CT results are out." The radiologist handed the printed paper report to him, "You're recovering well, but you should pay attention in the future. Don't overuse your brain or exercise vigorously in the near future. Take more rest."

"Thank you." Elliot took the paper report form, but out of the corner of his eyes fell on the trash can next to him.

Seeing that he was standing still, the doctor wondered, "You can show the results to Vice President Lewis. Let's see what he has to say."

"I'll wait."

This chapter is provided . Visit [naijdate.com](http://naijdate.com) for daily update.

"Are you still doing anything?" Didn't move, so I asked.

“It’s all right. Go get busy.” Elliot said.

The doctor scratched his head, turned and entered the CT room.

After Elliot closed the door of the CT room, he immediately picked up the black notepad from the trash can next to it. He opened the notebook, tore off the first page, and threw the notepad in the trash again.

Those group photos, Elliot didn’t want to see them. He didn’t want to keep Notepad.

However, he couldn’t expose Avery’s privacy. The torn paper was quickly folded by him and put into his pocket.

When he came out of the hospital, the driver saw him and immediately opened the car door for him. After he got in the car, the car quickly drove away.

In the hospital parking lot, Avery’s bodyguard threw the cigarette between his fingers on the ground and crushed it with his feet.

Today Avery arranged a task for him – to follow Elliot.

If he can find out where Elliot lives, it’s best. If he can’t find where Elliot lives, then stare at Elliot’s itinerary today to see where he goes and who he sees.

This task was quite arduous. The bodyguard listened to this task in the morning and shook his head directly.

After he shook his head, Avery immediately took out his mobile phone and wanted to book a ticket for him and send him back to Aryadelle.

Of course, the bodyguard can’t leave Avery here alone, so he can only take over the task in pain.

Avery comforted him very gently. Although Elliot forgot her now and was ruthless towards her, Elliot’s attitude towards others would not change.

What she means is that Elliot is still a good person, and if the stalker is discovered, Elliot will not kill him.

The bodyguard drove and caught up with Elliot’s car.

Elliot’s driver soon found out that he was being followed, so he reported to Elliot, “Mr. Foster, the black car in the back has been following us. It came from the hospital.”

Elliot glanced at the rearview mirror.
