

When His Eyes Opened Chapter 1286

Chapter 1286

After Cristian finished speaking, he left from their wedding room.

“Eldest young master, your father called you back, it should be to curb Elliot.” Cristian’s subordinates drove the car and said to Cristian, “I have already inquired about it. President Jobin asked Elliot to mediate the bad debt with the second and fourth masters. If Elliot can handle this matter well, President Jobin promises to hand over the core business to him.”

Cristian’s expression was gloomy, his fingers clenched his fists and his teeth clenched.

“Father doesn’t trust me.”

“Don’t be angry yet. President Jobin calls you back, which means he doesn’t trust Elliot that much either. Although Elliot is President Jobin’s son-in-law, he is a foreigner. Once he swallows up the Jobin family, that’s not a situation that President Jobin wants to see.”

“If my father handed over all the rights to Elliot, how can I stop him? Am I going to use the forehead to block his gun? My Dad is old and stupid.” Cristian scolded angrily.

The subordinate was silent for a few seconds, then came up with an idea: “Eldest young master, Elliot hasn’t taken off yet, you can take advantage of this time...” The subordinate didn’t say anything after that.

But Cristian understood what it meant.

In the villa, Rebecca was drunk and held Elliot without letting go.

“Elliot... I’m so hot.” Rebecca only had half a glass of red wine, but he drank two glasses tonight, so she was very drunk.

She wanted to take off her skirt uncontrollably.

Elliot carried her to the bathroom, put her in the bathtub, and turned on the cold water switch.

The cold water made Rebecca frown: “Elliot, It’s so cold.”

“Didn’t you say you’re hot?” Elliot looked down at her, “I’ll ask the nanny to serve you.”

“No, I don’t want a babysitter.” Her delicate little face was wrinkled, showing a completely different willful look than usual, and she quickly pulled his arm, “Elliot, I want you to accompany me. Just stand by my side and stay with me.”

This chapter is provided . Visit naijdate.com for daily update.

Elliot felt as if she had changed.

Before, she was well-behaved and sensible in front of him and didn’t bother him, like a mask she wore.

His big palm pushed her little hand away: “Don’t make trouble unreasonably.”

Rebecca woke up like someone had poured cold water on her.

She put her hands in the cold water with a dull expression on her face: “Then please call the nanny for me. I’m a little dizzy, and I’m afraid I’ll fall over later.”

“Well.” Elliot strode out of the bathroom and went to the first floor and let the babysitter go up to serve.

The nanny went upstairs immediately.

Now the whole villa was quiet and empty, but his heart was beating wildly.

His eyes turned to the front yard –

the bodyguard standing in the front yard smoking met his gaze, and immediately put out the cigarette.

After a while, he came out of the living room, and the bodyguard immediately greeted him.

“Mr. Foster, what’s the matter with you?”

Elliot hesitated for a moment, then said, “Come here.”

“Okay.” The bodyguard followed him to the outside of the courtyard. They saw Elliot stopped in front of the trash can.

The bodyguard was puzzled: “Mr. Foster, do you think that the trash can is more unsightly here? I’ll remove it now!”

Elliot rolled his throat: “Open the lid.”

The bodyguard was even more puzzled: “It smells bad.”

Elliot stared at him coldly: "Open it!"

The bodyguard confessed: "Okay, but can you tell me why you want to open it? After opening the cover, what do you want to do? You can make it easier for me..."

Elliot had never seen such a long-winded bodyguard.

When His Eyes Opened Chapter 1287

Chapter 1287

Elliot stretched out his noble hand and opened the lid of the trash can. Just when he was about to reach in and take out the medicine he had just thrown in, the bodyguard immediately stopped him!

"Mr. Foster! It's dirty inside. Let me do it." The bodyguard didn't dare to push Elliot away, so he could only quickly hold the trash can and turn around.

Elliot retracted his hanging arm, adjusted his mood, and said to the bodyguard, "There is a bag of medicine in it, take it out."

"Oh! Is that the bag of medicine that your ex-wife sent in the evening?" With the fastest speed, he twisted the bag of medicine out of the trash can.

When Elliot saw the medicine, he immediately stretched out his hand, intending to take it.

"Mr. Foster, this is something I picked up from the trash can. It's so dirty. I'll take it to disinfect you before giving it to you."

"..."

He wanted to replace this eventful and talkative bodyguard.

"Mr. Foster, in fact, I can go to the pharmacy to buy medicine for you again. These medicines can be bought at the pharmacy." The bodyguard disliked the bag of medicines picked up from the trash can, but Elliot wanted it, but he didn't dare to throw it away.

Elliot grabbed the bag and said coldly, "Put the trash can back in place!"

The bodyguard was stunned for a moment: "Oh!"

Elliot took the bag of medicine he picked up from the trash can and strode toward the villa.

The bodyguard touched his nose: doesn't it mean that he has a cleanliness addiction? Unclean now? And he kindly reminded him to disinfect, why is he unhappy?

In the hospital.

Avery pushed open the door of the ward and was surprised to see the bodyguard and Xander chatting hotly.

This chapter is provided . Visit naijdate.com for daily update.

"What are you two talking about?"

The bodyguard: "Your classmate is very interested in the past between you and Elliot, and it happens that I know everything, so I will tell him."

Avery raised her eyebrows: "I want to go back to Aryadelle."

"Boss, if you suffer, you will suffer. If you think about yourself, you don't have to suffer here, Right?"

"Go back to the hotel to rest." Avery didn't want to talk about it, "I'll find you tomorrow if I have something to do."

"What about you? You can't stay here with your classmates all night, can you? I'll wait outside." After the bodyguard finished speaking, he strode out of the ward.

Xander looked at her red and swollen eyes, not knowing what to say to relieve her.

"Xander, how are you feeling now?" Avery walked to the chair where the bodyguard was sitting and sat down and asked Xander.

"I'm fine." Xander wrote lightly, "I understand why you can't let him go after knowing the relationship between you and Elliot."

She lowered her eyebrows and said angrily: "Actually, if you didn't have children, it might not be so troublesome. Now my affair with him has a great impact on the child, and I feel very sorry for the child."

Xander comforted, "You can't think that way. Few people can really grow up in a greenhouse. The growth process of most people, all have the negative effects of family. Real life is like this, there are both good things and pains."

"Thank you for comforting me, I feel better." Avery raised a smile and cheered up, "It's going to last for a month, and it's just the beginning."

I came out of the hospital and went back to the hotel.

After she showered and changed into clean clothes, she lay down on the big soft bed. She wanted to let herself go, but she started thinking about what happened today out of control in her mind.

Jobin's nanny said that Elliot took Rebecca to buy gifts this afternoon.

Regardless of whether they have s-e-x or not, their relationship seems to be good.

When she was depressed, the phone rang suddenly, disturbing her thoughts. She picked up the phone and was stunned when she saw the call reminder.

When His Eyes Opened Chapter 1288

Chapter 1288

Avery answered the phone, and there was a male voice over the phone.

"Avery, I have something to tell you." The call was from Nick.

Avery sat up and said solemnly, "You tell me, I'll listen."

"Do you still want to see Elliot?"

She was stunned for a moment, and quickly replied, "Yes. Do you want to help me?"

"Haha! You are so persistent. He doesn't remember you anymore, why don't you give up?" Nick laughed.

"What he does to me is his business. Whatever I do, I have a clear conscience." Avery said calmly, "You can't be looking for me to make fun of me, right?"

Nick said, "Of course not, I'm not so boring. Rebecca's birthday will be in a few days, and the Jobin family will hold a birthday party for her. Are you afraid of the sea?"

"Not afraid. Why do you ask that?"

"The birthday party will be at that time. It will be held on a yacht. Kyrie invited me, but I don't want to go." Nick explained the reason.

Avery answered immediately, "I can go instead of you. I can bring you any gifts or words you need to bring over there."

"Hahahaha! Avery, how I wish you were a Doctor, not Avery." Nick sighed sarcastically, "You should do something more meaningful instead of getting into this muddy water."

Avery said firmly, "Nick, if I switch with Elliot, he won't give up on me easily either. I just want him to recover his memory as soon as possible, so as not to make a big mistake."

"Since you say that, I won't advise you. Come to my house this Friday morning, I'll give you the present and let the driver take you there."

"Thank you." Avery said sincerely, "If you have anything I can help you in the future, feel free to ask."

This chapter is provided . Visit naijdate.com for daily update.

Nick sneered, "Don't talk about it so far, let's live until Elliot recovers his memory. Do you know why I didn't go to Rebecca's birthday party? Actually, I like Rebecca quite a bit. She is very good, like a tamed canary. No man can resist such a beautiful and docile woman."

Avery listened to his words, and his heart felt like a bottle of five flavors was overturned.

"Cough cough, let's go too far, let's talk about why I didn't go to her birthday party. Because her brother came back, I couldn't help but want to kill when I saw her brother."

"Why? What did his brother do? Are you angry?" When Avery asked this question, Cristian's fierce and ruffian face came to mind.

In the evening, if Elliot hadn't blocked her, Cristian would probably have done something to her.

"A brother died to save him. As a result, this fool not only did not know how to reflect on his sins, but instead went to cause trouble, and finally killed his brother." Nick said here, his voice was tense, and his anger was transmitted through the radio waves.

"This seven brothers broke up because of this?" Avery seemed to understand.

“No, Elliot has long since left us.” Nick gritted his teeth, “Our six brothers broke up because of this incident. No, to be precise, they are the four brothers. The death of the sixth and seventh has given us a great deal of relief. It’s a big blow.”

“Well, I can understand.”

“You understand sht. Don’t think that if I call you Doctor Tate, you will really take yourself seriously.” Nick is very upset now, so he gets angry, “How good our relationship used to be, how bad our relationship is now. Of course, I’m no longer involved in their affairs, I’m so fcking disgusting!”

Avery didn’t expect his mood to change so quickly. Suddenly she did not know how to answer.

“Do you think I have a bad temper? Hehe, you haven’t seen the second and fourth children, they are much worse than me. Elliot is now in turmoil, aside from the two thorns of the second and fourth children, just Cristian’s. This b*stard, it’s enough for Elliot to have a headache. What’s the use of me telling you this, if he dies, you will die with him. I will see that you have saved it. For my sake, bury the two of you together.” Nick said this and laughed.

When His Eyes Opened Chapter 1289

Chapter 1289

Avery said calmly, “Nick, although you are very ugly, I know you are not bad. Everyone has the life they want, and the life I want is to stay with Elliot for the rest of my life. If he is in danger, I won’t die with him, I will find a way to save him.”

“Ha!”

“Nick may need your help then.”

“F*ck! Don’t look for me.” Nick was afraid of her Keep talking, so he hang up immediately.

Avery put down the phone and lay down again. It stands to reason that she should be worried about Elliot being surrounded by enemies on all sides.

Strangely, she didn't worry about that. What she worried about was whether Elliot would be emotional about Rebecca.

Rebecca looked sweet and beautiful, with a petite and exquisite figure. According to Nick, Rebecca was tamed to be obedient to men and was good at pleasing men... Could Elliot resist such a temptation?

"Hiss..." There was a sudden sharp pain in her head, causing her body to curl up into a ball.

The frequency of her headaches has been increasing recently, indicating that her condition is getting worse.

She didn't know if her body could last a month. She must wake up Elliot's memory as soon as possible.

As long as Elliot remembered the bits and pieces of their past, she believed that he would definitely make the right choice.

The next day, she took her bodyguards to the mall to go shopping.

The bodyguard was puzzled: "Boss, why are you in the mood to go shopping today? Don't you go to Elliot today? Or...Elliot is also in the mall?"

"I don't go to him today. I need to buy a dress today. In three days, it will be Rebecca's birthday. Then I will replace Nick to attend Rebecca's birthday party." Avery didn't sleep well last night, today she was looking a little bad.

"Oh! It means that you will be able to see Elliot when the time comes. You are here to buy a dress today so that you will be able to overwhelm Rebecca."

This chapter is provided . Visit naijdate.com for daily update.

Avery glanced at the bodyguard: "I bought the dress because Nick was this morning. Send me a message and tell me not to wear tattered clothes and lose his face."

Bodyguard: "..."

"I have to buy a handbag and a pair of high heels." Avery planned, "First Buy clothes."

Buy clothes, and then go with bags and shoes, so it's not easy to make mistakes.

"If you can overwhelm Rebecca by then, maybe Elliot will go back to Aryadelle with you." The bodyguard said firmly, "Have you never heard of a man? I know what a man is like."

Avery was stunned.

“Look at you now, you are haggard and simple. If Elliot treated your lover in the past, even if you had a muddy face, he would still think you were the cutest. But now he doesn’t remember you, plus that Rebecca is dressed up every day in front of him, and between you and Rebecca, Mr. Foster must like Rebecca more.” The bodyguard’s words made Avery’s head start.

She was careless.

After a while, the two entered the clothing store to pick out dresses.

The bodyguard took a V-neck halter dress and handed it to her: “Boss, buy it.”

When His Eyes Opened Chapter 1290

Chapter 1290

Avery took over the dress, looked at it, and frowned.

Although this is not her favorite style, she wants to listen to the bodyguard once.

What if it works?

Avery didn’t know how to wake up Elliot’s memory, so she could try any method.

....

Avonsville.

Ben Schaffer and Gwen send Russell and Juniper to the airport.

The two elders actually didn’t want to leave, because Gwen was pregnant with Ben Schaffer’s child, and the child would be born in eight or nine months.

It was Ben Schaffer who insisted on asking the two elders to leave.

The main reason why he did this was that the two elders loved Gwen too much. He felt that if this continued, Gwen would have to go to the house sooner or later.

For example, the first day he brought Gwen home, his mother took her to buy clothes, bags, and shoes.

The next day, mother took Gwen to buy a few sets of jewelry.

He doesn't mind that his mother buys clothes and jewelry for Gwen, but can he not buy so many at one time? And his mother swiped his card every time to pay.

The mother has his supplementary card, but the mother does not usually spend his money.

Of course, his headache wasn't the issue of spending money, but his mother's deviant attitude towards Gwen's doting.

This chapter is provided . Visit naijdate.com for daily update.

Before the child was born, he felt that his family status was in jeopardy. If the child was born, wouldn't this family be in chaos?

He couldn't accept such a change, so after a long talk with his parents last night, he decided to let them go first.

After the two elders boarded the plane, Ben Schaffer and Gwen came out of the airport.

"Forgot to tell you, my eldest brother is here today." Gwen took out his phone and glanced at the time, "Why don't you go first, I'll pick you up later."

Ben Schaffer: "???"

Big brother, Zion?

Ben Schaffer took a deep breath and rubbed his swollen temples: "When will your eldest brother arrive? Why didn't you tell me earlier?"

"That's my eldest brother, not your eldest brother. Why do I have to tell you?" Gwen's mouth was sharp, but it was because Zion scolded her on the phone yesterday, and she was very unhappy.

She didn't want Ben Schaffer to know that their brother and sister relationship was so bad.

She don't want this to bother him.

"Gwen, you are pregnant with my child now, so you must tell me everything about you." Ben Schaffer wanted to get angry very much, but considering that she was pregnant now, he could only bear it.

Before the mother left, remind him again and again that the first three months of pregnancy are very important. His mother told him not to make Gwen angry.

If the child is gone, the relationship between their mother and son will also come to an end.

“He must be here for my dad’s funeral.” Gwen said this, unable to hide it, “He knows that I am pregnant with your child, and he may ask you for money.”

Ben Schaffer was not surprised at all. After taking a deep breath, he asked, “How much do you think he will want?”

“How do I know that?” Gwen said angrily, “Why don’t you go outside and hide?”

“Chief Treasurer, will I be afraid of your brother?” Ben Schaffer laughed angrily, “I’ll wait here with you. I want to see how much he can open his mouth.”

Two hours later, Zion walked out of the station. When he saw Ben Schaffer, his face suddenly sank.

Ben Schaffer glanced at the time and said, “Let’s go to dinner first. I’ve reserved a seat.”

Gwen was afraid that his eldest brother would make trouble with Ben Schaffer at the airport, so he reminded in a low voice, “Brother, father’s ashes are still at Ben Schaffer’s house.”

Zion asked inexplicably, “Why didn’t you bury him? Could it be waiting for me to bury it?”
