

When His Eyes Opened Chapter 1291

Chapter 1291

Ben Schaffer was surprised: "Then what are you doing here?"

"You made my sister's belly bigger, shouldn't you be responsible for her? Don't think that if Elliot is not here now, you can bully my sister." Zion Explaining the purpose, "You must marry my sister."

Gwen: "???" Her eyes widened, unable to understand what the eldest brother, Zion was saying.

"I understand, you want a dowry. Tell me, how much do you want? Can I give it to you directly?" Ben Schaffer negotiated with him, "I don't want to talk about the wedding beforehand, aside from the fact that I don't want to marry your sister. The reason is that your sister doesn't want to marry me either."

Zion was furious when he heard this, and scolded: "Gwen, your brain is flooded? Do you know how rich he is? Since you are pregnant with his child, just Hurry up and marry her. You will definitely not be able to marry a man richer than him in the future."

Gwen said blankly: "Brother, how much do you want, tell him, don't yell at me."

"I can't figure it out." Zion finished scolding Gwen and looked at Ben Schaffer, "Let me talk to you alone."

Ben Schaffer couldn't bear seeing Gwen's face turning red when he was being scolded: "Gwen, you take a taxi and go to back home first."

After Ben spoke, Gwen strode out.

He took Zion to the restaurant he reserved for lunch.

Arriving at the restaurant, the two were seated, Zion couldn't wait to speak: "You must marry my sister, or I will take her to the hospital to abort the child."

Ben Schaffer's mouth twitched: "Zion, calm down."

"I I have inquired about it, you have never been married, and you have no illegitimate child. The child in my sister's womb is your first child. It is also your old child, you must not have the heart to abort this child, right?"

"I'll give you two choices, either do the wedding now, or do it after the baby is born." Zion didn't give him time to think.

“After the wedding.” Ben Schaffer gave this answer without hesitation.

He definitely couldn't let Gwen kill the child. His parents couldn't bear the result.

This time, the parents came over and were overjoyed to learn that Gwen was pregnant with his child.

Ben Schaffer hadn't seen his parents so happy in a long time. With more and more gray hair on his parents' heads, he wants them to enjoy their old age.

Zion breathed a sigh of relief when he got this result. “Then let's talk about the bride price.”

Ben Schaffer: “How much do you want? If you're still a man, don't use your sister's life-long event as a bargaining chip for your profit.”

“Seeing that you're nervous, I'm not stupid. Just give it as normal.” Zion came prepared, “If you marry Chelsea, how much dowry will you give to Chelsea's family?”

Ben Schaffer: “.....” F*ck!

“This is my card number. If you're a man, don't fool me.” Zion pushed the glasses on the bridge of his nose, “Whether it's one million or ten million, as long as it's the number you gave to Chelsea's family, I can Accept it all.”

Ben Schaffer kneeled to Zion in his heart, and called him brother by the way.

.....

Yonroeville.

It was Rebecca's birthday today.

On the blue sea, a huge yacht is parked on the sea.

The relatives and friends of the Jobin family came early in the morning to celebrate Rebecca's birthday.

Rebecca was wearing a white princess dress today, as beautiful as a doll in an oil painting.

Elliot wore a black suit, kept a low-key and steady side by her side, and entertained the guests with her.

Not long after, a bright red shadow appeared in their field of vision-

Avery was wearing a red sexy dress and long skirt, revealing her white and delicate skin. Her long hair was rolled up, elegant and intellectual. Today she put on a delicate makeup look, radiant and radiant.

She took the gifts and walked towards them.

When His Eyes Opened Chapter 1292

Chapter 1292

“Why is Avery here?” Rebecca saw Avery dressed up, and her jealousy suddenly burned.

Usually Avery’s face is facing the sky, which has led to Rebecca’s high self-confidence.

Rebecca thought that she was more beautiful and younger than Avery, and men would definitely be attracted to her.

But now, Avery is wearing a sexy long dress, which is charming and colorful, making her look like a childish little girl.

Of course Rebecca wasn’t happy.

Elliot didn’t answer her question because he was attracted by Avery.

“Rebecca, I wish you a happy birthday.” Avery handed the gift to Rebecca, “By the way, this is from Nick.”

“Third master?” Rebecca took the gift and asked in confusion, “The third master asked you to come?”

“Yes, your third master asked me to come.”

“What is your relationship with my third master? Why did he let you come instead of him?” Rebecca wrinkled, frowned and handed the gift to the subordinate beside him.

“Our relationship is a long story, are you sure you want to listen?” Although Avery was talking to Rebecca, the corner of her eye kept falling on Elliot.

Avery noticed that Elliot was looking at her too. And it’s a fair look. Could it be that Avery was dressed too beautifully today and attracted him?

It seems that the bodyguards have a good idea. Or men understand men better.

Rebecca also noticed that Elliot was staring at Avery, and immediately panicked: “I don’t care about your relationship. Since you are here on behalf of the third master, I can’t help but give the third master face. Go to the banquet hall. “

The banquet hall was in the cabin. But most of the guests were hanging out in the sun and chatting on the deck.

Avery came for Elliot, so she didn’t enter the cabin. She walked to the corner of the deck, looked at the scenery on the sea, and looked at Elliot from time to time.

Not long after the guests arrived, Elliot and Rebecca walked towards Kyrie.

Kyrie is proud of the spring breeze today, not only because of his daughter’s birthday, but also because Elliot has become his fast son-in-law.

In less than an hour, Kyrie blushed and was led by the bodyguard to the guest room in the cabin to rest.

After Kyrie went to rest, Elliot replaced Kyrie and chatted and drank with the guests.

But after he took a glass of champagne, Rebecca quickly replaced the glass in his hand with Coke.

Avery sees all this in her eyes.

It can be seen that Rebecca really likes Elliot. If Elliot lives in Yonroeville, he will be able to live very well.

It’s just that Cristian probably won’t let him go so smoothly.

Thinking of Cristian, Avery frowned, alarmed in her heart.

After she got on the yacht, she hadn’t seen Cristian yet.

As Rebecca’s eldest brother, shouldn’t he entertain guests with Kyrie today?

Where has Cristian left?

She suddenly worried that if Cristian took advantage of today's crowd and secretly played tricks behind his back, it might make Elliot hard to guard against.

Thinking of this, she immediately began to search for Cristian's figure on the huge deck.

The red figure suddenly moved quickly within the line of sight, and Elliot immediately fixed his eyes on her.

She stopped and walked around, staring at the guests, as if looking for someone.

Who is she looking for?

Besides him, who else does she know on this yacht?

She looked around on the deck and probably didn't find the person she was looking for, so she entered the cabin and planned to go to the banquet hall to find it.

"Elliot, Kyrie has been praising you for your ability just now, saying that he can retire in peace with you in the future." Someone complimented Elliot.

When His Eyes Opened Chapter 1293

Chapter 1293

Elliot was absent-minded and made a random excuse to leave: "I don't seem to see Cristian today, I'll go to the banquet hall to see."

After he finished speaking, he strode towards the entrance of the banquet hall.

It happened that Avery hurried out of the banquet hall.

The two collided without warning. All the drinks in Elliot's glass were poured on Avery.

At this moment, the sky is thunder and the earth is on fire.

Both were stunned.

She had just entered the banquet hall and saw that Cristian and the guests in the banquet hall were drinking, so she felt relieved and left the banquet hall in a hurry.

She didn't expect to meet Elliot who came to the banquet hall to look for her.

Of course, she wouldn't know that he came to the banquet hall to find her.

It's like Elliot didn't know that Avery hurried out of the banquet hall to keep staring at him on the deck.

"You spilled the drink on me." Avery reacted first and reminded him.

The waiter strode over, Elliot put the empty cup on the tray, then took a dry towel from the tray and handed it to her: "I'm sorry, I didn't mean to."

She took the towel and wiped the liquid on her chest. But her dress was wet.

"What should I do? My clothes are wet." Avery looked at him innocently, waiting for him to give a solution.

Elliot frowned, a little embarrassed.

This is on a yacht, not on land. It's not like you can just find a clean dress for her to change into.

"What do you want to do?" Elliot looked at her with deep eyes.

Elliot knew she was deliberately making things difficult for him.

"I'm asking you, don't ask me back."

"Would you like to dry it with a hair dryer first?" Elliot eyes stayed on the wet clothes on her chest for a few seconds, and then a flush of blush appeared on her handsome face.

His eyes moved unnaturally and landed on her face. As a result, after staring at her for less than three seconds, his face turned even redder.

"Okay! You help me dry." Avery demanded, "How do I get to the housekeeping department?"

Avery asked him to blow her clothes, which was an undisguised seduction.

The two of them tacitly walked towards the guest room department.

Except for the waiters, there are almost no guests in the housekeeping department at this moment.

Elliot asked: "Did you beg Nick to let you come?"

Avery: "You said the opposite. He invited me to come. I know you don't want to see me, after all, your wife is like a flower, and I'm just your ex-wife who has passed the fresh period."

Elliot pushed open the door of a guest room and strode in.

Avery followed him in.

When the door closed, he grabbed her waist: "What do you want to wear today?"

Avery raised her head and looked at his handsome but indifferent face: "No doubt, it's just what you think. It's my freedom to stare at me. If you don't look at me, how do you know I'm looking at you?"

"Avery, I don't remember you anymore. No matter who you were in the past, for me now, you're just a strange woman." Elliot said the most affectionate words, but his big palm grabbed her waist even harder.

"You don't remember me in your mind, maybe your body does. Or... let's try it now?" Avery looked at him and said defiantly, "We have known each other for eight years and have slept together countless times. This time, your body has definitely not forgotten me."

Her words caused a tingling in his head, "I have a wife now."

"Does Kyrie have only one woman? Your second brother, Nick and fourth brother... Do they only have one woman?! Since you choose to fool around with them, how can a woman satisfy you?" After Avery finished speaking, Avery, Without giving him time to think, red lips blocked his thin lips.

Her words made him instantly abandon all the rules and regulations that bound him.

Elliot picked her up and walked towards the big bed next to her.

When His Eyes Opened Chapter 1294

Chapter 1294

A moment later, Rebecca found that Elliot was left.

She couldn't find him in the banquet hall, and when she went to the deck, she couldn't find him either.

What's even more frightening is that not only Elliot is left, but Avery is also left.

Rebecca's heart jumped wildly. Could it be that the two of them had a private tryst?

Avery is so beautiful and enchanting today that even a woman can't help but look at her, let alone a man?

Rebecca immediately took out her mobile phone and dialed Elliot's number.

The phone went out, got through, but no one answered.

In a hurry, Rebecca immediately sent bodyguards to find Elliot.

After a while, the bodyguard led a waiter over.

"Miss Jobin, about 20 minutes ago, your husband accidentally spilled the wine from the glass on a lady. After that, your husband took the lady to the housekeeping department, presumably taking her to deal with her body stains." The waiter explained to Rebecca.

Rebecca frowned and asked anxiously, "Is that lady wearing a long red dress?"

"Yes. That lady is indeed wearing a long red dress." After the waiter answered, there were tears in Rebecca's eyes. she said, "You take me to the housekeeping department to find them right away."

The waiter looked embarrassed and said, "I don't know which room they are in, why don't I ask the housekeeping manager to take you there?"

"Forget it. I'll go by myself and find them." There are dozens of guest rooms on the boat, and she knocked on the door one by one, not afraid of not finding them both.

Rebecca took the bodyguard and walked towards the cabin room.

After she entered the guest room, Elliot and Avery came out one after the other from the front room.

Rebecca saw their figures and immediately strode over.

“Elliot!”

Her voice was filled with excitement and grievances that were lost and found.

Avery raised her eyes to look at Elliot-

Elliot saw that he was not in a hurry, and without hesitation, walked towards Rebecca. When he was in bed just now, he was not so callous to her. If it wasn't for the phone call from Rebecca, the two of them would have regained their old passion in bed now.

She naively thought that he might be able to remember fragments of the past, even if it was just the memory of the bed.

But after Elliot put on his trousers and buckled the belt, the short-lived warmth in his eyes was replaced by indifference. Now, Elliot has become Rebecca's husband again.

“Elliot, why are you with her?” Rebecca asked with a curious wink, pretending she didn't know anything.

Elliot took Rebecca's arm and took her out of the housekeeping department: “I got her dress wet, so I brought her to dry it.”

“Oh, so it is. Actually, you can find me. I brought a spare and I can put my clothes on for her.” Rebecca, like a bird, snuggled up to Elliot's arm and disappeared from Avery's sight.

At this moment, Avery had a new understanding of Rebecca.

No wonder Nick said that Rebecca was a tamed canary. She is so young, but she is so tolerant of men. Even if Avery was allowed to see Elliot and herself in bed with Rebecca's own eyes, as long as Elliot didn't abandon her, she would definitely forgive Elliot.

Avery came out of the guest room and walked towards the deck.

The purpose of her coming here today has been achieved. She had close contact with Elliot. As for whether Elliot can think of her because of this, it all depends on good luck.

The sun was shining and the wind was strong today. Her hair was blown away by the wind, she simply raised her head and blew the sea breeze happily.

“Ms. Tate, do you smoke?” the bodyguard who brought her asked.

When His Eyes Opened Chapter 1295

Chapter 1295

This bodyguard was from Nick.

Avery looked at him: "Do you think I can smoke?"

The bodyguard: "I think you are very bored."

Avery chuckled and stretched out her hand: "Then give me one!"

The bodyguard handed her a cigarette and then set fire to her: "Nick called me just now and told me to go back."

"Well, go back. I'll go home by myself later." Avery looked at the lit cigarette and imitated the bodyguard. Put it to your mouth and try to take a breath.

As a result, the choking smell of tobacco penetrated the air pipe, and she couldn't help coughing violently.

The bodyguard laughed: "Look at how stupid you are. Don't take such a big mouth at the beginning."

Avery was laughed at by him, and was a little annoyed: "If I give you a scalpel and ask you to operate on someone, you will too. You 'll become an idiot."

"Haha! You're still angry." The bodyguard laughed. His eyes fell on the red mark on her collarbone, teasing, "Have you gotten along with Elliot so soon?"

"No," Avery was slender. She put the cigarette between her fingers and took a sip, barely choking this time. "Elliot didn't recognize people when he lifted his pants. He wasn't like this before."

"People will change. They will change. What he's like is related to the environment he is in." The smile in the bodyguard's eyes was very aggressive, making people uncomfortable, "Would you like to come with me?"

Avery's smoke between his fingers, Frightened and fell into the sea.

“What do you mean?” Avery frowned.

“Literally!” The bodyguard looked at her slyly, “If you don’t go, then I’ll go. If you don’t go with me, be careful to regret it.”

“Why do you regret if I don’t go with you?” Avery became more and more confused, and even felt that the face of the bodyguard in front of her became distorted. She pushed the hair from the sea breeze on her cheeks behind her ears and asked, “What the hell are you trying to say?”

Seeing that she was so clueless, the bodyguard was reluctant to tell her more.

“Ms. Tate, I’m leaving. Take care of yourself.” The bodyguard took a step back and turned around and left.

“Hey! Wait a minute.” Avery was even more annoyed, “Give me your cigarette and lighter.”

The bodyguard didn’t expect her to be addicted to smoking, but he gave her the cigarette and lighter generously.

Avery took over the cigarettes and lighters and no longer cared about the bodyguard’s whereabouts.

In the banquet hall.

Rebecca held Elliot’s arm and refused to let go for a second. When she saw Elliot in the housekeeping department, she saw the bite marks on Elliot’s neck.

This is not only a bite mark, but also a gauntlet from Avery to her.

Avery, this b*tch. To be so brazen, openly seduce her husband at her birthday party.

Rebecca was so angry that she vomited blood, but she couldn’t show any unhappiness on her face.

If Avery is a v*xen, then Elliot can’t control his lower body, and both have problems.

Rebecca could only endure. Her father had told her that no matter what, he would keep Elliot’s people.

Only when Elliot stays in the Jobin family can there be hope for the future of the Jobin family. Rebecca must not let her father down, let alone see the fall of the Jobin family.

After a while, Kyrie's personal nanny came hurriedly, took Rebecca's hand, and whispered, "Miss, something happened?" Elliot immediately pricked up his ears when he heard this.

After the nanny told Rebecca about the matter, Rebecca immediately took Elliot's hand and said anxiously, "Elliot, go see my father with me."

Kyrie got drunk in the morning and was sent to the guest room to rest.

The babysitter stayed in the room to take care.

Just now Kyrie's cell phone rang. It was from someone important. The nanny wanted to wake up Kyrie to answer the phone, but no matter how the nanny called, she couldn't wake him up.
