

When His Eyes Opened Chapter 1296

Chapter 1296

Now Kyrie's situation was that after calling him, he didn't respond at all.

But when he sniffed, he still breathed.

So the nanny did not contact the doctor immediately, but contact to Rebecca first.

"Miss, why didn't you see the eldest young master?" The nanny didn't see Cristian, so she looked for Rebecca.

"He probably drank too much." Rebecca muttered, "I saw him drinking a lot of alcohol today."

The nanny said, "Oh, the eldest young master hasn't come back for a while. I think he is happy to see so many relatives and friends today. Miss, you don't have to worry too much. The master is breathing normally. I suspect that he may have fallen into a deep sleep."

"Did you call a doctor?" Rebecca asked.

The nanny said, "No, why don't I call now."

"Well, hurry up and call the doctor." Rebecca was upset, "Dad must not have an accident."

Rebecca was worried that her father had not made a will. She knew that her father was waiting to see Elliot's performance. If Elliot performed well, he said that he would hand over the core business to Elliot.

If his father died suddenly now, then Cristian would definitely occupy his father's property. Now she and Elliot are on the same boat, so she can't let her father have an accident.

She and Elliot entered the guest room where Kyrie was resting, and saw Kyrie's peaceful sleeping face at a glance.

Elliot strode to the side of the bed and reached out to probe Kyrie's breath.

Breathing was normal.

Rebecca bent down, held Kyrie's big palm, and shouted loudly, "Dad, wake up! I'm Rebecca, Dad!"

Rebecca's voice was very high-pitched and heard, even a little sharp.

But Kyrie did not respond. Obviously, Kyrie Jobin was not sleeping normally now. He must have passed out.

Soon, the nanny came with the doctor.

.....

On the deck, Avery leaned against the railing and smoked the first cigarette in his life.

In fact, she had already lit three cigarettes.

Every time a cigarette is lit, it is completely burned out by the sea breeze within a few puffs.

As she lit the fourth cigarette, there was a dull sound of footsteps behind her.

Avery didn't look back, because the sea breeze blew the unique scent of the man behind her.

He stopped beside her, saw the cigarette in her hand, and was stunned.

In his originally calm eyes, thousands of waves appeared.

"You can smoke?"

The man seemed unable to believe that she was such a woman.

"I can not only smoke, but also drink. Besides, I will do everything you can do." Avery raised her red lips and teased, "Why did your wife let you out? Don't answer, let me I'm guessing...she's the one who asked you to kick me off the yacht?"

She kept her eyes on the bite mark on his neck as she spoke.

This is what she bit, she bit it on purpose.

She wants Rebecca to know who is his real wife and who is the third party in this relationship.

After Elliot heard her words, his expression became more gloomy. He opened his palm, and a hairpin appeared in his palm.

She left it on the bed.

“No wonder my hair is loose.” Avery took the hair clip from his palm, tugged the hair on her forehead to one side, and secured it with a hair clip.

Her casual and calm movements easily tugged at his heartstrings.

“Avery, let’s go.” His Adam’s apple rolled, and he said sharply, “Let’s go now.”

When His Eyes Opened Chapter 1297

Chapter 1297

His words made her stunned for a moment.

Avery guessed it right.

“I knew it was Rebecca who asked you to drive me away. It’s almost time for lunch, don’t you even give me a meal?” Avery said coldly, “I’ll leave after lunch. “

Why do you have to eat this meal?” he retorted. His eyes, his tone, are telling her – now, immediately, immediately!

“I’m hungry, I want to eat before leaving!” Avery clenched her fingers tightly and stubbornly said, “If I have to eat this meal, can you force me to leave?”

Avery was really hungry, but It is not necessary to eat this meal. She couldn’t swallow the breath in her heart.

Because Elliot was lingering with her while being a good husband to Rebecca. He just forgot the memory related to her, not a different person, how could this be?

Before he had Chelsea by his side, why didn’t he see him entangled with Chelsea?

Can circumstances really change a person?

But Elliot had known this group of people many years ago. Could it be that he was such a person before?

Avery’s heart was chaotic, and her mind was even more chaotic.

Elliot said indifferently, "Avery, I can't keep you for this meal. After getting off the yacht, you can eat whatever you want."

Avery said, "I'm not leaving. Can you still throw me from here?"

The blue veins on Elliot's forehead were angered, and the coldness was clearly visible in his eyes.

Avery could feel that his patience was rapidly diminishing. Maybe, he could really do something about throwing her out of here.

Because Elliot was now the son-in-law of the Jobin family, and now all the relatives and friends of the Jobin family were on this boat.

His ex-wife angered his current wife and refused to leave with a cheeky face. Elliot had to act, otherwise how would he explain to the Jobin family?

Just when Avery thought of this, her body suddenly volleyed into the air.

Elliot picked her up and lifted her up.

Before Avery could react, Elliot let go of his hands mercilessly and let her fall into the sea like a pebble.

'Bang' with a loud bang. Her body fell into the sea, causing a splash. Despair and pain swept through her entire body in an instant.

Even if Elliot hugged her and drove her off the yacht exit, she would not be so distressed.

There was nothing more grief than death, Avery has completely given up. After she fell into the sea, her body seemed to be enchanted and could not move.

She could swim, but she didn't want to swim ashore at all.

When people were extremely depressed, it was easy to breed thoughts of suicide.

Avery closed her eyes and let the sea water hit. The sea water quickly poured into her body from her ears, nose, and mouth, she couldn't see anything, couldn't hear anything!

At this time, the lifeguard swam over and picked up her body.

On the yacht, Elliot watched with a worried look on her face as she was picked up by the lifeguards, and gave the order: "Send her to the hospital."

After his words were settled, Rebecca strode towards him.

When Elliot saw Rebecca's figure, he immediately cleaned up the emotions on his face and walked towards Rebecca.

"Elliot, the doctor said that my father may be suffering from alcohol poisoning, but it's not a serious problem. I'll wake up after a few bottles of fluid." Rebecca put her arm around him, "The luncheon has begun, let's go eat."

"Yeah." His face was cold, showing no emotion.

From the corner of Rebecca's eyes, she looked at the place where she was standing just now, but there was nothing.

"Elliot, have you seen Avery? I didn't see her in the banquet hall." Rebecca pretended to be calm and said, "Although I don't like her very much, the visitor is a guest, we should treat her to dinner."

Elliot: "She's left."

"Oh? Did you let her go?" A happy smile appeared on Rebecca's face.

When His Eyes Opened Chapter 1298

Chapter 1298

Elliot didn't want to mention things related to Avery, nor did he want to find an excuse to answer Rebecca's question. So he simply did not answer the question.

Rebecca didn't dare to ask questions at all, and didn't dare to show her face to him.

She smiled and said, "Elliot, I'm really worried about my father's accident today. Fortunately, you are by my side. With you, I feel so at ease."

Elliot: "He will be fine."

" Well. I don't worry about him anymore. I'm just glad that I can marry you. Being your wife is the luckiest thing in my life."

...

Avery was rescued by yacht lifeguards to shore. The lifeguards immediately gave her first aid for drowning.

After spitting out the seawater in his stomach, Avery woke up.

The yacht in front of her suddenly reminded her of what happened just now.

"Miss, do you need me to take you to the hospital?" the lifeguard asked.

Avery shook her head in conditioned reflex: "I'm fine..."

A feeling of being resurrected from the dead made her wake up suddenly.

—How can Avery die?

—Avery has kids and so many close friends. Life is not only about love, but also family and friendship.

After the chill in Avery's heart subsided, she quickly got up.

She was embarrassed at the moment, but fortunately there was no one around.

"Miss, I'll find the driver to take you out of here." The lifeguard explained to her, "I can't get a car here!" She stayed where she was, waiting for the lifeguard to call the driver for her.

About an hour later, she was taken to the hotel where she was staying.

Her hair and clothes were dry. It's just that the clothes are wrinkled, the hair is messy, and what's worse, the makeup on her face is spent.

Avery returned to her room and immediately went to the bathroom to remove her makeup. She poured the makeup remover onto the cotton pad, and before she could wipe her face, the phone in her handbag rang.

Her handbag fell into the sea with her. Although it was drenched in sea water, the phone was of good quality and could still be used.

She put down the cotton pad, found her mobile phone, and saw that Nick was calling.

It is estimated that Nick has heard that Elliot threw her into the sea.

She answered the phone and was ready to be laughed at, but Nick didn't laugh at her.

"Have you returned to your residence?"

"Well. I brought your gift, and I have completed what you told me." Avery laughed at herself, "I shouldn't bother you again in the future."

"Listen to your dejected voice, Are you going to listen to my advice and go back to Aryadelle?" Nick said.

"It's not your persuasion. It was Elliot who chilled my heart." She thought of what happened today and felt extremely absurd, "I thought I could warm his heart, but I turned into a clown."

There were a few guests on the deck and Those people definitely saw this scene when I was thrown into the sea.

Although she didn't know those people, she still felt utterly ashamed.

"Oh, I heard that you were thrown into the sea by Elliot." When Nick said this, he couldn't help laughing, "You hate him because of this?"

"If you were me, wouldn't you be angry?" Avery asked back.

"I'm not you, so this kind of thing won't happen to me." Although Nick didn't laugh at her, he laughed lightly, "Are you packing your luggage now? Have you bought the plane ticket?"

Avery Felt a little dizzy.

When His Eyes Opened Chapter 1299

Chapter 1299

Nick and his bodyguard spoke strangely, which gave her a headache.

"I'm removing makeup now." Avery answered patiently.

“Have you finished removing your makeup and packed your luggage?” Nick seemed to be particularly interested in her luggage.

“Why are you holding on to my luggage? I won’t pack it today.” Avery told him to give up, “My classmate is hospitalized here. I will leave with my classmate after my classmate is discharged.”

Nick suddenly Lost interest: “I thought you would be pissed off today. Since you don’t leave, hang up!”

Dududu! The call was hung up.

“It’s inexplicable.” Avery put down the phone and said to herself, “Why does he have to leave me today? Could something major happen today?”

.....

Aryadelle.

After Nathan’s ashes were buried, Zion went back to Bridgedale.

As soon as Zion left, Gwen immediately asked Ben Schaffer, “How much dowry he asked you for?”

Based on her understanding of Zion, Zion could not have left so easily without getting the money.

Ben Schaffer: “Gwen, although your brother asked me for a betrothal gift. We don’t necessarily want to get married. We’ll talk about everything after you have a baby.”

“I didn’t say I wanted to marry you. I just want to know about my elder brother. How much did you ask for?” Gwen whispered, “If I can make a lot of money in the future, I can give it back to you.”

Ben Schaffer didn’t expect her to think like this, so he said, “1 million.”

This chapter is provided . Visit naijdate.com for daily update.

She was stunned for a moment and said in surprise, “So much?”

1 million was a lot of money for her.

Ben Schaffer didn’t know how to take her words.

Because he lied.

He gave Zion 10 million.

Zion asked him to give it according to the standard given to Chelsea, how could he only give Chelsea 1 million?

But he couldn't give Zion more, so he gave 10 million.

He was afraid that saying 10 million would put Gwen under psychological pressure, so he said 1 million.

"Everyone says you're rich. Is a million to you, like a dime in our pockets?" Gwen saw that he didn't speak, so she opened her mind, "Yes, If you don't like me, how can you give a high dowry."

Ben Schaffer's calm heart was irritated by her: "Gwen, if you don't make me angry for a day, you won't feel comfortable, right?"

"Why do you like anger so much? I read on the news that men also have menopause, are you in menopause?" Gwen wondered, "Would you like to buy some tea to reduce anger? My dad also liked to get angry before his death, and the doctor suggested that he drink chrysanthemum Tea. Why don't you buy some to drink too?"

Ben Schaffer: "..."

"Gwen, I don't want you to pay back the money I gave your eldest brother. Just treat it as your hard work for giving birth." Ben Schaffer took a deep breath and calmed himself down.

"What do you mean, the child is yours after birth, and has nothing to do with me?" Gwen's face lost a bit of vitality.

"No. We can raise them together." Ben Schaffer was afraid that her thoughts would affect her body, "Gwen, it's too early to talk about this, wait until you give birth to a child. You are Elliot's younger sister, I will definitely not bully you. "

Oh, then why do you give my eldest brother the hard work of giving birth?" Gwen stretched out his hand towards him, "That's a dowry, not hard work. If you want to pay hard work, give it to me directly."

Ben Schaffer: "???"

is outrageous!

This woman, treat her a little bit better, and she will ride on his head.

.....

Yonroeville.

Xander did a checkup in the afternoon, and his body was no longer in serious condition, so he could be discharged from the hospital.

Avery thought Xander would stay in the hospital for at least two days, but she didn't expect him to recover so quickly.

Just when she was going to tell him that she and Elliot had completely broken up and could go to Bridgedale for an operation, a doctor passed by her in a panic, and said something to another doctor that shocked her—

“There was a shooting on a yacht over the Marbour Sea, we are going to rescue now.”

When His Eyes Opened Chapter 1300

Chapter 1300

She quickly extracted the key words in her mind: Marbour, yacht, shooting case.

Today, Rebecca's birthday party was held on the yacht of Marbour Sea.

So the shooting the doctor said... must have happened at Kim Young Ah's banquet!

She immediately chased after the doctor, but one step too late.

The two doctors entered the elevator, and the elevator doors closed quickly.

Xander chased after her: “Avery, what are you running for?”

“They said a shooting case just now, did you hear that?” Her cheeks were flushed and her breathing was solemn, “Elliot may be in danger.”

“You mean a shooting case happened at Rebecca's banquet?” Xander took her arm, “Don't be nervous... Do you have Elliot's phone number? Why don't you try calling him first? “

“I have his number, but he may not answer my call.” Avery frowned, took out her mobile phone, and called Elliot. Just as she guessed, the call went over and was not answered.

“Don’t worry, didn’t the doctor go to rescue just now? Maybe all the injured people will be sent to this hospital later.” Xander comforted her, “How about we just wait here? Otherwise, wait for us to rush. Maybe the ambulance brought them here.”

Xander accompanied her to the emergency room.

If the injured person is brought in, they will go to the emergency channel.

The two sat down in the emergency waiting hall.

Avery’s body was tense, and her brain was running at high speed.

On the yacht today, Nick’s bodyguard asked her if she wanted to go with him before leaving. She didn’t understand what the bodyguard meant at the time, and felt that the bodyguard was inexplicable. Now it seems that Nick’s bodyguard may have long known that there was danger on the yacht, so they called her to leave together.

This chapter is provided . Visit naijdate.com for daily update.

It’s a pity that Avery didn’t understand the meaning of the bodyguard at that time. If she knew in advance that there would be danger on the yacht, she would definitely take Elliot off the yacht.

Also, after she was sent back to the hotel, Nick called her and kept asking when she would return to Aryadelle, which also confirmed this.

If there was no danger there, why should Nick kindly remind Avery to return to Aryadelle?

Avery tears suddenly and hurriedly fell.

Seeing her sudden tears, Xander was puzzled: “Avery, Elliot may not be in trouble, why are you crying? Guns can’t be restrained here, there should be frequent shootings.”

She raised her hands to wipe away tears, and choked: ” Actually, I came back from there at noon today. It wasn’t me who came back, it was Elliot who drove me back.”

“Oh?” Xander pondered for a few seconds and guessed, “You mean that he may have known in advance that the yacht was on the boat. There will be a shooting case, so let you go in advance.”

Avery nodded sharply: “It must be so. Because his behavior at noon was too extreme. He let me go, I refused to go, he threw me directly into the sea. “

Xander was stunned.

Avery said "I hate him to death at noon. I don't understand why he does this...I understand now. He must know there is danger, so let me go quickly."

Xander took out a tissue and handed it to her: "Are you worried that Elliot is in danger?"

Avery took the tissue and wiped away her tears, her chin raised slightly, trying to stop the tears from falling: "It must be Rebecca's eldest brother who did it. He is afraid that Elliot will rob him of Kyrie's property, so he can't tolerate Elliot."

"Even so, Rebecca will definitely help him, right?"

"Rebecca is only 21 years old, and she doesn't have any ability to fight against her eldest brother." Avery became more and more desperate, "No, I have to call Nick and ask."

She must immediately know who was injured in the shooting.

.....

Avonsville.

On the laptop screen, a piece of news from Yonroeville appeared in front of Hayden.

The shooting on the yacht appeared on the local news in Yonroeville.

Because Avery is in Yonroeville, Hayden checks the news of Yonroeville every day.

After seeing the shooting, Hayden frowned tightly.
