### Chapter 1301

Elliot is on that yacht, is it possible that my mother is also on that yacht? Thinking of this, Hayden immediately picked up his mobile phone and dialed Avery.

Avery answered the phone quickly.

“Mom, where are you now?”

“Mom is in the hospital now.” Avery glanced at Xander and said to Hayden, “Mom has a classmate who has a broken bone and is hospitalized in the hospital. I’m visiting him in the hospital now.”

“Oh .” Hayden was relieved and at the same time, he wondered, “What classmate?”

“It’s a classmate of your mother when she was in graduate school. He happened to be traveling here in Yonroeville and unfortunately broke a bone.” Avery explained.

“Got it.” Hayden was silent for two minutes. Later, he said, “Mom, I’m about to start school.”

Avery blamed herself very much: “Hayden, I’m sorry. Mom can’t take you to school in person. Let Uncle Mike take you there, okay? Wait for mom. When you are free, Mom will see you immediately.”

“Yeah.” Hayden knew that this would be the result, but he was still very disappointed.

After hanging up the phone, Hayden held the mouse, exited the news website, and searched for flight information.

Mom can’t come back to see him. So Hayden decided to go to Yonroeville to see mom. Before school starts, he wants to see his mother. He planned to go quietly by himself.

It’s not that he wants to take risks, but that Mike has been busy these two days.

Just when Hayden was about to buy a ticket, the door was suddenly pushed open.

Mike’s face appeared at the door.

“Hayden, I’m going to the company. If you have anything to do, call me.” Mike said.

Hayden's heart was beating fast, but his face was calm: "Is something wrong with the company?"

"Something went wrong. Wanda didn't know where to find a very powerful R&D talent... This person is very mysterious. I have been checking the details of this person these days." Mike said and sighed, "You don't have to worry, even if the company goes bankrupt, I can support you."

Mike pretended to say it easily and left.

Hayden is more worried about Avery's safety now, so he has no energy to worry about the future of Tate Industries.

.....

Yonroeville.

After Avery finished talking with Hayden, she dialed Nick's number again.

She called Nick a few times just now, but Nick didn't answer.

She doesn't know if Nick is busy, or Nick doesn't answer her phone on purpose.

After dialing the phone, she looked outside the emergency room.

It's been almost an hour, and it stands to reason that the ambulance should have arrived long ago.

—Could it be that the injured were not sent to this hospital? Just when she was thinking about it, Nick answered her phone and asked, "Avery, do you want to ask me about the shooting?"

"Nick, is Elliot injured?" Avery took her mobile phone and walked outside the emergency room, "Did Cristian move your hand?"

Nick sneered, "Tsk tsk, even You have already guessed it! Cristian, this brainless thing, no matter how many years have passed, no matter how many beatings he has received, he will not grow his brain. In this wave, Cristian is considered to have lost his mind."

Cristian planned to kill Elliot today. If Elliot is dead, it is possible for Cristian to take over the Jobin family property.

Unfortunately, his plan failed. The bullet that was going to hit Elliot was blocked by Rebecca's body.

### Chapter 1302

At the same time, Kyrie also woke up.

Kyrie was furious when he knew what had happened.

Rebecca was shot in the left scapula and has been sent to the nearest hospital for surgery to retrieve the bullet.

Cristian and Elliot were outside the operating room, waiting for the operation to end.

Of course Cristian would not admit that the shooting was his own. But Kyrie didn't listen to his explanation at all.

Kyrie directly slapped Cristian in front of everyone.

Kyrie's face was ashen, He said, "Why don't you just kill me? If you kill me, you will inherit my properties directly, isn't it more convenient?"

There are five distinct fingerprints on Cristian's cheeks. "Dad! I really didn't do it. Besides, how dare I kill you, I'm not a beast."

Seeing that Cristian refused to admit it, Kyrie raised his hand and ready to give him another slap.

Seeing this, Elliot blocked Kyrie's arm.

"Since Cristian said he didn't do it, don't be angry." Elliot said coldly.

Kyrie retracted his arms angrily, staring at his son with gloomy eyes: "If you really want to kill, can you f\*cking stop being so obvious? Stupid thing without a brain. Why do I call Elliot to help me, it's because I don't see any hope in you. If the Jobin family is handed over to you, do you believe that within half a year our Jobin family will fall?"

Cristian gritted his teeth, his body was tense, and his heart was unwilling.

“Do you know how other people laugh at you behind your back? They call you a stupid pig.” Kyrie clenched his fists and cursed angrily, “You are such a fucking stupid pig. Get the hell out of here.”

After scolding, Cristian angrily left.

Kyrie sighed heavily and looked at Elliot: “I was careless. I didn’t expect him to be so eager to attack you.”

Elliot sat down on the bench next to him and said slowly, “Cristian really isn’t very good at hiding his inner thoughts.”

Kyrie sat down beside Elliot and said, “Otherwise I wouldn’t let you stay with me. I said I wouldn’t touch you. Elliot, I’m not joking with you. I have four sons in total, besides him and Rebecca, I have two sons. My two sons are much smarter than Cristian, but unfortunately they are both killed by the enemy.”

“Rebecca is also very smart.” Elliot said calmly.

“I know. I have been very strict with her since I was a child. I didn’t let her have her own ideas. I just wanted her to learn my way of thinking and not be as ignorant and ignorant as ordinary women but she seems to have fallen in love with you.” He eased a little.

Elliot was noncommittal.

When the bullets flew over today, Rebecca stood in front of him without any hesitation. If she doesn’t love him, she doesn’t have to risk her life to save him.

“Elliot, you said you would treat Rebecca well, but what you and Avery did on the yacht today disappointed me...” Kyrie did not shy away from having a showdown with him.

The yacht is owned by Kyrie, and every guest room is monitored. Every staff member on board is a member of Kyrie.

So Elliot and Avery’s every move was difficult to hide from Kyrie.

“Did you remember Avery? Otherwise, how could you get along with Avery so quickly?” Kyrie looked at Elliot suspiciously.

Elliot said, “We Just went to bed.”

Kyrie was stunned.

“I promised you that I would take care of Rebecca, but I never promised that there would only be Rebecca a woman in my life.” Elliot used what Avery taught him to bet money on Kyrie’s mouth.

Kyrie suddenly burst out laughing: “Elliot, you have changed a bit. You didn’t want this woman before, but now you suddenly think about it?”

“I don’t think about it that much. Women are not worth my energy to think about.” Elliot tone was cold and indifferent.

“If you can think this way, I won’t worry about it. I don’t mind how many women you want to play with, as long as your wife now is Rebecca, and you have to take good care of her. I will not interfere in your private life.” Kyrie said.

Elliot: “Well.”

### Chapter 1303

Kyrie looked at the blood on his white shirt and said, “Elliot, you go back to take a shower and change your clothes first. You’ve been tired all day today. Take a bath and get a good night’s sleep. After Rebecca’s surgery is over, she won’t wake up for a while. So you will come back to the hospital tomorrow morning to accompany her.”

Elliot was not polite, got up from the chair, and strode out of the hospital.

Seeing Elliot’s figure disappear from sight, the expression on Kyrie’s face suddenly became extremely gloomy.

Today was Rebecca’s birthday, but Elliot and Avery were on the yacht where the banquet was held.

His behavior, in addition to not taking Rebecca in his eyes, did not take the entire Jobin family in his eyes.

Kyrie couldn’t stop him from playing with women outside, but on such an important occasion today, he completely disregarded the face of the Jobin family, which made Kyrie very annoyed.

Did he really think that the Jobin family would die without him?

Kyrie gritted his teeth, and his anger grew stronger.

Cristian won't let him worry, at least he won't betray him. Elliot's ability is strong, which is a good thing, but he may betray him at any time.

If the two of them are compared together, Kyrie is even more afraid that Elliot will become a hidden danger.

After smoking two cigarettes, Kyrie picked up the phone and dialed Cristian: "I'm giving you a chance to atone for your sins now."

Cristian was drinking at home, and when he heard his father's words, he immediately put down the bottle: "What do you want me to do?"

"What I ask you to do is more risky. But If you do it well, I will definitely not hand over the core business of the Jobin family to outsiders. Do you understand what I mean?" Kyrie threw out the benefits, and Cristian was immediately stunned.

Cristian said, "Dad, I will definitely work hard this time."

Aryadelle.

At 10 a.m.

After Ben Schaffer went to work, Gwen walked out of the guest room. She is now pregnant with Ben Schaffer's child, so Ben Schaffer will not let her do anything.

There were three meals a day. Specially a nanny came and did all the housework everyday.

She didn't have to think about anything other than eating and drinking every day.

Although such a day was boring, it was much more stable than the days when she had eaten this meal and worried about the next meal. At least she won't be too anxious about her future life now.

After Gwen came out of the room, the nanny immediately brought breakfast to her.

"Miss, did you wait for Mr. Schaffer to go out before you came out?" the nanny said with a smile.

"Yeah." Gwen glanced at the breakfast and saw the fried browned chicken breast, and suddenly felt a little sick, "I'll just eat porridge."

"It seems that you have started to have early pregnancy symptoms. Mr. Schaffer asked me this morning. What about the early pregnancy reaction."

"Why did he ask this?" Gwen picked up the porridge bowl and took a small bite.

"He said that you eat a lot at every meal, and he suspected that you would not suffer from early pregnancy."

Gwen said, "Humph! Mr. Schaffer didn't like me, and he would laugh at me for everything."

The nanny: "Mr. Schaffer was not laughing at you. He was thinking that If you didn't have early pregnancy reaction, you didn't have to suffer."

Gwen said, "Would Mr. Schaffer be so kind?"

"Gwen, you have a big prejudice against him. If Mr. Schaffer really hates you that much, he won't take you into the house for good care. "

Gwen blushed. At this time, her cell phone rang, and it was a strange call. She hesitated and answered the phone.

### **Chapter 1304**

After breakfast, Gwen went out.

Someone asked her to meet and she agreed. The person who asked her to meet was a woman she did not know. But the woman said she was a good friend of Ben Schaffer.

Since she was Ben Schaffer's good friend, she was embarrassed to refuse.

After leaving the Schaffer's mansion, she took a taxi on the side of the road and reported to the restaurant that the woman had made an appointment with.

About 20 minutes later, the car arrived at the restaurant. Gwen got out of the car and walked towards the door of the restaurant.

As soon as she entered the restaurant, a mature woman sitting by the window immediately waved to her. She walked over and took a seat.

“You are Gwen? You are really beautiful and tall, no wonder Ben Schaffer likes you.” The woman spoke first, and at the same time looked at her carefully.

“Mr. Schaffer didn’t like me.” Gwen corrected her, Strangely, “Didn’t you say that you are his good friend? Since you’re a good friend, why didn’t you know that I have a bad relationship with him?”

The woman was stunned for a moment, and said embarrassedly, “Mr. Schaffer didn’t tell me that you have a bad relationship. Just said that you’re pregnant with his child.”

“Maybe it’s because he didn’t think I’m worth mentioning.” Gwen asked, “Did you have anything to do with me?”

“It’s nothing, I’m just curious. He took you out to meet, but he refused. So I had to ask you out myself.” The woman said, picked up the menu, and handed it to her,

“Oh, what’s your name?” Gwen didn’t take the menu, “I ate it before going out, and I’m not hungry now.”

“You can order it. The milk tea in this store is good, you can try it.”

Gwen picked up the menu again, and in the beverages column, she saw milk tea as expected. She ordered a cup of plain milk tea and handed the menu to the other party.

Gwen said bluntly, “Did you like Ben Schaffer? I didn’t have the kind of relationship with Ben Schaffer. The child was just an accident. His parents wanted this child, so he took me to his house.”

This chapter is provided by . Visit for daily update.

“Even if the child in your belly is an accident, you are very good.” The woman’s mouth raised a bitter smile, “I have known him since childhood. I have liked him for so many years, and I have never had the chance to conceive his child.”

Gwen: “Because you’re a good woman. You may not know, his private life is very messy. He often sleeps outside with different women.”

“How is it possible. Ben Schaffer is not that kind of man.”

Gwen insisted, “How did the child come from here? If you don’t believe it, forget it.”

The woman said, "You talk about him so dirty, but you stay with his family. You must really want to marry him, right? I was afraid that I would rob him, so I said he was dirty."

"I didn't stay at his house, he insisted on taking me to live at his house. Besides, I didn't want to marry him, and I didn't have the right to dislike him as dirty because I'm bad too. I'm telling you this, I just hope you find a man to brighten your eyes." Gwen said. She didn't want to quarrel with her, so she kept her tone calm.

"Little sister, you are so interesting." The woman said.

"I feel You are laughing at me." Gwen looked helpless.

"Hahaha, no, no. I just think you are different from what I imagined." The woman also ordered a cup of milk tea and handed the menu to the waiter, "I heard that Elliot is your brother."

"He hasn't recognized me yet."

"Oh, he's no longer the boss of the Sterling Group. It doesn't make any sense whether he recognizes you or not." The woman said.

Gwen said bluntly, "You should stop talking about my family affairs, it has nothing to do with you. You haven't told me what your name is. I live at Ben Schaffer's house now, I can see him every day, I can help you speak in front of him."

The woman said excitedly, "No need. Don't worry about it."

"Then we don't seem to have much to talk about." Gwen said, took out her phone and read the news.

"Gwen, are you really planning to marry Ben?" The woman quickly adjusted her mood and asked calmly.

"His parents have mentioned this, but everything will be discussed after I give birth to the child." Gwen said, "When I give birth to the child, he should give me a favor and send me away."

The woman couldn't help laughing at her words.

### Chapter 1305

After a while, two cups of milk tea were delivered to them.

The woman said, "Try it, the milk tea in this store is very delicious."

Gwen took a sip, feeling similar to the milk tea in the milk tea shop outside.

Because there was no common topic with the other party, and the conversation was not speculative, Gwen finished drinking the milk tea in a short while.

"How did you get here?" the woman asked.

Gwen: "I came by taxi."

"I came by car. I'll drop you back." The woman picked up her bag and got up.

"I don't want to bother you. I'll just take a taxi and go back." Gwen also picked up her bag and got up, "Aren't you going to tell me your name?"

"No.." The woman pulled out a faint smile and walked away first.

Gwen watched her leave and muttered in her heart: This woman is really strange. She asked herself out just to invite herself a cup of milk tea?

Taking a taxi back to Schaffer's mansion, Gwen suddenly felt a cramping pain in her abdomen. She immediately lay on the sofa, moaning uncontrollably in pain.

Seeing the strangeness, the nanny came over immediately and asked about her situation.

"My stomach...it hurts!" Gwen hands tightly covered her stomach.

Seeing this, the nanny panicked: "I'll call Mr. Schaffer right away."

Gwen's face turned pale with pain, her back was sweating non-stop, and the pain in her abdomen became more obvious and severe.

This chapter is provided by . Visit for daily update.

An ominous premonition came out of her heart, her child... will something happen?

Milk tea... There must be something wrong with the cup of milk tea that the woman who didn't want to tell her name invited her to drink.

After Ben Schaffer received the nanny's call, he immediately drove back. When he came back, he saw Gwen curled up in the gray leather sofa.

Gwen seemed to be suffering from a serious illness, her face was pale, her eyes were dull, and the hair on her forehead was wet against her face... She was wearing a long white dress today.

There was blood on the hem of the skirt.

"The child is gone?" Ben asked, clenching his fists.

The nanny immediately came out of the bathroom: "Mr. Schaffer, you and Gwen's child are mostly gone. Gwen shed a lot of blood just now..."

The nanny's voice settled, and Gwen burst into tears uncontrollably.

Ben Schaffer looked at her weak and haggard appearance, and quickly retracted the questioning words to his lips.

No matter how the child disappeared, it was definitely not her intention.

She went to the hospital several times before trying to abort the child, but she was not willing to do so.

Ben walked to the sofa and took Gwen into his arms: "Don't cry, I'll take you to the hospital now."

.....

Yonroeville.

Avery and Xander stayed in the emergency room until 10 p.m.

After coming out of the hospital, they stood on the side of the road to stop the car.

Avery: "Xander, thank you for staying with me tonight."

"You're welcome, I have nothing to do when I go back to the hotel." As Xander said, he saw a black car stop in front of them.

Before the black car stopped, a man in black wearing a black mask got out of the car.

### Chapter 1306

The man in black grabbed Avery's arm with lightning speed.

With a 'bang', Avery's mobile phone fell to the ground. Before she could react, her body was quickly dragged to the car by the man in black.

Xander hurriedly chased after him and took Avery's other hand.

"Who are you? Hurry up and let go, Otherwise I'll call the police." Xander yelled at the man in black.

He has just been discharged from the hospital, and his body is relatively weak, so he cannot exert much strength.

Soon, his body reached the door of the car.

And the man in black turned a deaf ear to his threats. Not only was he not afraid of calling the police, but he even threw a punch and hit him in the face.

Xander's glasses flew out instantly. Without glasses, he became blind.

"Xander let go. Go find Elliot. Let Elliot save me." Avery saw that Xander was beaten, but he still held her hand tightly.

Avery was afraid that Xander would be implicated by herself, so she threw off his hand forcefully.

After she let go of Xander's hand, her body was completely dragged to the car. With a 'bang' sound, the car door was forced closed by the man in black.

The black car, like a gust of wind, quickly disappeared into the dark night.

Xander screamed in pain. He struggled to find the broken glasses on the ground and put them on. After barely being able to see things clearly, the black car had no idea where it was heading.

Xander hurriedly took out his cell phone from his pocket, intending to call the police.

At this time, out of the corner of his eyes, he caught a glimpse of Avery's mobile phone that fell to the ground.

This chapter is provided by . Visit for daily update.

Avery just asked him to find Elliot. So, Xander quickly picked up her phone and pressed the power button.

However, after pressing the power button, the screen prompts that the face does not match, and asks him to enter the password to unlock.

–How would he know Avery’s mobile phone password.

–He hadn’t been in contact with her for several years, and when he was the same teacher in the past, his relationship was not that familiar.

–He scratched his head straight at the screen of the phone he wanted to unlock. He has no idea where Elliot is now, how can he find him?

–Now, just call the police.

Xander turned on his cell phone and dialed the police. After the phone got through, he began to describe what had happened to the police.

At this moment, Avery’s mobile phone screen lights up.

Xander saw the words ‘Elliot’ jumping on the screen of Avery’s mobile phone, and his eyes were wet with excitement. He hung up the police’s call and immediately took Elliot’s call.

“Elliot! Avery was kidnapped Just now at the gate of the Hospital. It was a black car, and a man in black got off and took Avery away.” Xander’s emotions collapsed. He used all his strength to yell at him, “Elliot, F\*ck you, hurry up and save her. If she dies, you will regret it for the rest of your life.”

On the other end of the phone, Elliot heard Xander’s words, frowned and hung up the phone.

He just took a shower and saw several missed calls from Avery, so he called her back.

Unexpectedly, Avery was kidnapped.

His face was gloomy and powerful, and he quickly thought about who was behind the scenes and how to rescue him. He strode to the closet, took out a set of clothes and changed into it, then strode downstairs.

The person who kidnapped Avery was either Cristian or Kyrie, there was no other possibility.

Although Elliot married Kyrie's daughter, his relationship with the second brother, Nick and the fourth brother has not yet officially become hostile.

They would not be so impatient to attack Avery.

### **Chapter 1307**

The black car drove all the way, and finally stopped at the gate of an abandoned factory in the suburbs.

Now it's nearly 11 o'clock at night, there were no street lights in the suburbs, it's pitch black.

Only in the old factory, there was a faint yellow light. This orange light, in such a night, looked strange and infiltrating.

Avery's heart was trembling. She saw a tall figure standing inside the abandoned factory.

The man turned his back to her, and she couldn't see his face. However, she already knew who he was.

The two of them met at the door of Elliot and Rebecca's wedding room.

He also controlled the shooting on the yacht today. He didn't kill Elliot during the day, so he attacked Avery tonight.

Avery was pushed into a huge abandoned factory building by the man in black. Immediately, the iron door behind him was slammed shut with a bang.

Avery said coldly, "Cristian, what do you want to do when you arrest me? Elliot still doesn't remember me if you want to use me to threaten him, it's useless."

Cristian threw the cigarette between his fingers to the ground and stepped on it with his foot. He turned around. He was wearing a white tank top, revealing a body of strong muscles.

With a sinister smile on the corner of his mouth, he walked to Avery in two steps and pinched her chin: "I'm looking for you tonight, it's nothing to do with Elliot."

Avery hated the greasy eyes. she looked at him like he was looking at commodities. She reached out and pushed his arm. But she couldn't push him away at all.

"Today during the day, you and Elliot were on our Jobin family's yacht and were doing that shameless thing, and it was all filmed by the surveillance in the room. I'm stronger than Elliot, don't look for him in the future, I'll satisfy you." Cristian squeezed her chin, increasing his strength, and his tone was frivolous. Said.

Avery was shocked when she understood his intention.

"Cristian, don't mess around. Elliot and I were legal husband and wife in Aryadelle, so we..."

This chapter is provided by . Visit for daily update.

"This is Yonroeville and his current wife is my sister.! You seduce my sister's husband." Cristian pushed her to the ground and untied the belt around his waist.

"Don't come here. Don't touch me." Avery's face was pale. I'll never look for Elliot again. I'll go back to Aryadelle right away. Please, let me go." Avery couldn't help moving her body back.

"It's too late. Did you see the camera there?" Cristian pointed to the camera on the wall, "Tonight, I must conquer you. Let you be my woman. I heard that you are very capable. Just in time, you stay by my side and help me with the business at home."

"No. No." Avery's blood boiled, and her fingers groped on the ground to see if she could find a weapon to protect herself.

'Clap' sound.

Cristian pulled out the belt and slammed it on the ground.

"Avery, there is only one way to resist me, and that is death. Even if you die, I will get you tonight." Cristian strode up to Avery, straddled her, and gave a big palm with blue veins, to tear her clothes.

At the hospital.

Elliot stopped the car and stepped out of the car.

Rebecca's surgery had been completed and she was now being sent to the intensive care unit.

Kyrie sat on the sofa in the intensive care unit, drinking tea and waiting. He wasn't waiting for his daughter to wake up. Instead, he was waiting for Elliot.

Not long after, the door of the intensive care unit was pushed open.

Elliot strode in.

"Brother, did you kidnap Avery?" Elliot walked up to Kyrie and asked in a deep voice.

"Elliot, your wife has just finished the operation, and she's lying on the hospital bed and hasn't woken up yet. Isn't it bad for you to ask me about other women?" Kyrie put down the teacup heavily and threatened, "The more you care about Avery, the more dangerous Avery is."

### **Chapter 1308**

Kyrie's remarks almost tacitly agreed that he did the kidnapping case tonight.

"Brother, give me Avery, and I'll let her leave the country immediately." Kyrie didn't dare to say more to anger Kyrie.

Now that Avery is in the hands of Kyrie, Elliot doesn't know what kind of torture Avery will suffer.

"Yes! But wait until tomorrow. Not tonight." Kyrie looked at his face and said coldly, "Didn't you say that you didn't focus on women? I promise she won't die, so you can go back and rest in peace!"

"Why not tonight?" Elliot intuitively felt that these words contained great danger.

Kyrie said, "Cristian was very angry when he knew that you messed with her at Rebecca's birthday banquet today. So I decided to teach her a lesson. I told Cristian, I can't take her life. So Cristian at most play with Avery and she's not your wife now. You and other men can play with her, right?"

Elliot's forehead bulged, his fingers clenched.

“Brother, it was my fault and you can punish me if you’re angry. Please let Avery go.” Elliot’s jaw tightened. After hesitating for two seconds, he knelt down on one knee and continued, “Avery is the mother of my three children. I don’t want her to be humiliated.”

“Just Two of your three children don’t have your last name.” Kyrie teased.

“When I return to Aryadelle in the future, I can change the child’s surname.” Elliot said.

“Then how do you know that she didn’t voluntarily have a good time with Cristian?” Kyrie squinted his fox eyes and scolded coldly.

Elliot actually knelt down for Avery. How can he believe that he doesn’t have Avery in his heart?

“You asked me to go over and ask her face to face. If she says she is willing, I will never interfere in her affairs again.”

Kyrie said ruthlessly, “Elliot, You care more about Avery than Rebecca. Even if Rebecca blocked the bullet for you, you still miss this ex-wife. If I destroy Avery, you will only care about Rebecca in the future. This is Yonroeville, my territory. Even if you hate me for this, I must teach you a lesson. Let you know what happens if you disobey me.”

Kyrie got up from the chair and continued, “Elliot, Since you don’t want to go back to rest, then you can just watch Rebecca here.”

This chapter is provided by . Visit for daily update.

After speaking, Kyrie strode out of the ward.

Elliot stood up, looked at the closed door, and gritted his teeth.

This is Yonroeville, the sphere of influence of Kyrie. Even if Kyrie wanted his life, it would be easy.

Elliot couldn’t save Avery at all.

Not long after, the door to the ward was pushed open. The bodyguard came in and reported, “Mr. Foster, a man named Xander is outside and wants to see you.”

Elliot’s Adam’s apple rolled up and down. After a pause, he said, “Let him in. Go buy me a pack of cigarettes.”

The bodyguard took the order and walked out immediately.

Xander came in, looked at Rebecca sleeping on the hospital bed, and came to Elliot tremblingly.

“Didn’t I ask you to save Avery? Why are you here?” Xander couldn’t unlock Avery’s cell phone and couldn’t contact Elliot, so he had to inquire about the hospital where Rebecca was hospitalized. Fortunately, Elliot was found successfully.

However, looking at Elliot’s appearance, it seems that he does not intend to control Avery’s life or death.

“How did you find this place?” Elliot looked at him and asked.

“I asked Vice President Lewis where Rebecca was hospitalized, and he told me that he was here, so I came to see.” Xander looked indignant, “Avery asked me to find you to rescue her. Elliot, even if you don’t remember her now, but you can’t just watch her die.”

“Avery won’t die.” Elliot said.

What Kyrie had promised him would not change.

### **Chapter 1309**

Xander heaved a sigh of relief, “Oh, since you said that, then I’m relieved! You didn’t see how fierce the man in black was. My glasses were broken by him.”

Elliot looked at with his red and swollen eyes, he couldn’t help thinking of Avery’s difficult situation now. He clenched his fists and strode towards the door.

Xander followed him: “What are you going to do?”

“Smoking.” He asked, “Do you want to be with me?”

“I’m not very good at smoking...Let’s smoke together.” Xander wanted to refuse, but was really bored, so Changed his mood.

After a while, the bodyguard handed Elliot the cigarettes and lighters he bought.

Elliot took the cigarette and walked towards the smoking area.

Xander followed behind him. After the two of them lit a cigarette each, the white smoke immediately rose and lingered.

“Elliot, have you really forgotten Avery now? Her bodyguard told me that you used to love each other very much.” Xander asked.

“Her bodyguard didn’t follow her today?” Elliot asked rhetorically.

“No. Didn’t she go to Rebecca’s birthday party today? Nick sent someone to take her there, so she gave the bodyguard a day off.” Xander said this, and was even more annoyed, “I’m sorry I didn’t Use. If her bodyguards were here today, Avery would not have been kidnapped.”

Xander’s words suddenly woke Elliot up.

After Elliot put out the cigarette, he immediately took out his mobile phone and dialed Nick.

In an old factory.

After Avery’s clothes were torn apart by Cristian, she raised her hand and gave Cristian a slap.

“Cristian, you can’t touch me. Because...” Avery eyes were full of tears of humiliation, and when she said this, she hesitated.

Cristian was not afraid of Elliot at all. So Avery could only think of other ways.

Cristian touched the face that was slapped by her, and his anger erupted: “Because of what?! You b\*tch dare to hit me. You’re going to die.”

“Because I am Nick’s woman. Nick! You are familiar with this name. Right?” Avery shouted.

Cristian was stunned. The anger in his body cooled down immediately.

“You are Nick’s woman? Are you sure?” Cristian seemed to have heard a joke, and he was a little scared at the same time.

“I met him in Bridgedale four years ago. He had an operation in Bridgedale four years ago. Professor James Hough performed the operation, and I was the first assistant. His operation was almost done by me. It was also because of that operation that he treated me well. Love at first sight. Because of his intense pursuit, we had a secret relationship.

I didn't plan to say this, but I didn't expect you to be such a jerk. If Nick knew that you treated me like this tonight, he would never let him go over you."

Avery said it carefully, and Cristian was so frightened that he extinguished the fire.

"I'll call my third master now. If it's what you said, I'll let you go right away. But if you lie, hehe... If you lie, I'll let you suffer to death."

After Cristian gritted his teeth, he picked up one side of his pants, took out his mobile phone from his pocket, and dialed Nick's number.

Avery's heart clenched into a ball. There was a white light in front of her eyes, and everything turned into an illusory halo.

She felt like she might be dying.

After Cristian dialed the phone, it took a while to be connected.

Cristian turned on the speakerphone and wanted Avery to hear the conversation.

"Third Master, I'm calling you so late because I have something I want to verify with you." Cristian said in a submissive tone, "Is Avery your woman? She said that she had a secret relationship with you in Bridgedale four years ago."

### **Chapter 1310**

In the mansion, Nick glanced at Elliot, and then responded to the phone, "What's wrong? Did Avery provoke you?"

Cristian seemed to have swallowed a fly, his face was very strange.

"Third Master, how is your relationship with her now?"

"Didn't I ask her to attend Rebecca's birthday party instead of me today? Are you stupid to ask this question? I asked you, did she mess with you?"

“Oh...Avery didn't mess with me. But she was on the yacht today, doing that kind of thing with Elliot, and my dad found out. Dad is very angry. I'm also very angry.”

“Where did you get angry? Didn't Rebecca get shot by you and was hospitalized?” Nick refuted, “I'm not sure about her and Elliot. I know. They both gave birth to a Nick, what's wrong with doing that kind of thing?”

Cristian: “???”

Being scolded is not the most uncomfortable thing. Like, what happened to this world?

In his impression, the third master is not such a person.

“Third Master, aren't you afraid that Elliot finds out and makes trouble with you?”

“It's none of your business.” Nick said this, and glanced at Elliot again, “With your brain, you must not have thought of it, maybe Elliot had long ago I know about it.”

Cristian: “...”

He was about to crack. Unexpectedly, the third master and Elliot shared the same woman.

“Okay, okay! I'll send Avery to you right now. My dad asked me to give her a lesson, but don't worry, I haven't touched her yet.” Cristian apologized.

“I think your dad is old and confused . It's over.” Nick said sarcastically, and hung up the phone.

Putting the phone on the table, Nick said to Elliot in a hurry: “Avery is fine, but you came to beg me for her at night, don't say you haven't thought of her yet.”

“It's not important.” Elliot's expression did not change, but he breathed a sigh of relief, “It's very late, I won't disturb you.”

“Cristian said that Avery will be sent to me right away. Are you sure you won't wait for her to come?” Nick asked.

Elliot shook his head, and then strode into the night.

Half an hour later, Cristian sent Avery to Nick.

Cristian specially bought her a new dress and had her hair combed. So now she has nothing abnormal except for her crying red eyes.

"Third Master, I brought her to you. I didn't touch her. It's very late today, so I won't disturb you anymore." Cristian promised.

After Cristian finished speaking, he left.

Avery looked at Nick and said gratefully, "Nick, thank you. I will keep your kindness to me in my heart, and in the future..."

"Don't thank me. I don't want to help you at all. You really can make up stories. Why don't you become a screenwriter? If Elliot hadn't been sitting here and staring at me, could I help you?" Nick leaned on the sofa and rubbed his forehead with a headache, "I would have let him go, but you don't go. If there is another next time, I will definitely die."

Avery heard the words 'Elliot', and all the haze in his heart disappeared.

Avery smiled slightly and said, "There won't be a next time. Now everyone knows that I have a close relationship with you, and they shouldn't dare to bully me. Nick, thank you again. Please ask your bodyguard to send me to the hotel. I don't dare to go out alone."

Nick looked at the smile on her face and shook his head: "It looks like you don't plan to go back to Aryadelle."

"I'll wait for Elliot to go back with him."

"Naive! It's hard for him to get out now." Nick got up from the sofa, walked outside the door, and greeted a bodyguard, "Send her back to the hotel."
