Chapter 1311

Avery walked to Nick's side, and said firmly: "I at least want Elliot to give me an explanation before I leave."

"I'm too lazy to care about your business." Nick had a headache when he saw Avery's stubborn appearance.

"You are hard-mouthed and soft-hearted, and so is Elliot." Avery felt a glimmer of light in her heart.

Although Avery was kidnapped and suffered some humiliation, she knew Elliot's intentions. If Elliot had no feelings for her at all, how could he beg Nick for her?

"It's numb, I don't know how to be ashamed." Nick blushed and strode out of the living room.

Nick's bodyguard sent Avery to the hotel and left.

Avery walked towards the elevator, and her bodyguard immediately followed and patted her on the shoulder: "Boss! You're finally back. Xander called me and said that you were kidnapped, which made me anxious."

In Yonroeville, the bodyguard was unfamiliar with the place where he lived and had no connections, so he couldn't get any information at all. He could only wait for her in the hotel lobby.

"I shouldn't have given you a holiday today." Avery pressed the elevator button and said with lingering fears, "Cristian is too arrogant. He kidnapped me directly on the street."

"This is the Jobin family's territory, of course Cristian dares to be so arrogant. Well, you're back, otherwise what am I going to tell Mike and your two children....By the way, who rescued you?"

Avery said, "Elliot."

The bodyguard sighed, "I guessed it was him. Except for him. When Xander called me, he cried. I have to say, your classmate is quite loyal."

"Where is he now?" Avery asked.

The bodyguard said, "I don't know. He called me at that time and said to find Elliot. Now that Elliot has rescued you, I guess he has come back to rest. Why don't you call him and ask?"

Avery was empty-handed. She said, "I lost my phone. I wonder if Xander picked up my phone."

The bodyguard glanced at the time and said, "Then go to his room tomorrow to find him. It's very late now. It's almost 1 a.m."

"Hmm."

.....

Avonsville.

Ben Schaffer sent Gwen to the hospital for a b-ultrasound examination.

The examination showed that the gestational sac in Gwen's body was gone.

Her child is gone.

Ben Schaffer helped her out of the ultrasound room.

Gwen didn't cry anymore, but her mood was very low, she didn't say a word, and her eyes kept down.

Ben Schaffer pulled her to the waiting chair next to her and sat down.

"Gwen, what's going on? The nanny said that you went out after breakfast. What are you doing?"

Gwen heard the voice and raised her head: "The woman had shoulder-length hair and was wearing a dark brown skirt. She said she was your good friend. She invited me to drink a cup of milk tea, and that cup of milk tea killed my child."

Ben Schaffer frowned as if listening to a bizarre story.

"She said she was my good friend?! What's her name?"

"She wouldn't say it. But I have her number." Gwen turned on the phone and showed him the call record, "Ben Schaffer, I'm really stupid. But it's alright if the child is gone, you don't need to be embarrassed anymore. But I can't give you the dowry gift you gave to my eldest brother for the time being."

Ben Schaffer felt a pain in his heart: "Gwen, stop talking. I'm sorry for you. I know this woman, I'll go find her."

Gwen put away her phone and said, "Send me back first. Send me to Starry River Villa."

Chapter 1312

When Ben Schaffer sent Gwen to the Starry River Villa, Hayden was about to go out. He bought a ticket at 3 o'clock this afternoon and flew to Yonroeville.

But because of Gwen's arrival, his travel plans were disrupted.

Ben Schaffer apologized to Hayden, "Hayden, I'm sorry for your aunt. She refused to live in my house, so I sent her over. I'll call your mother later to explain the situation."

Hayden looked at Gwen glanced.

Gwen's eyes were red and swollen from crying, and she looked aggrieved by being bullied. She lowered her head, carried her luggage, and walked towards the guest room she stayed in before.

"The baby is gone." After Gwen walked away, Ben Schaffer said to Hayden, "It was made by the woman sister who lived next door to me."

Hayden didn't want to hear his explanation anymore after hearing this: "Go away. I don't want to see you."

Ben Schaffer looked guilty and wanted to say something, but he knew that what he said was superfluous. After Ben Schaffer left, Hayden took the schoolbag to the room and put it down.

When Hayden came to the living room, Mrs. Cooper asked, "Aren't you going to Layla's place? Don't worry, I will take care of your aunt."

Layla was taken to the event by Eric.

Hayden agreed to let Layla help lie, and he secretly went to Yonroeville to see Avery.

Layla agreed.

"I'll go tomorrow." Hayden said, walking towards Gwen's room. He didn't like Elliot, but he knew clearly that although Elliot and Gwen were brothers and sisters, they were completely different people.

He was very sympathetic to what happened to Gwen, so he was willing to be nice to Gwen. Coincidentally, when Hayden was about to knock on the door, Gwen opened the door from the room.

"Hayden, is he gone?"

This chapter is provided by . Visit for daily update.

"Yeah."

Gwen hugged Hayden, "My child is gone. I'm a little sad, but thinking that I'm giving birth to the child now is just to trouble everyone, so I'm not so sad anymore. I'm fine now. I really want to become a powerful person like your mother."

Hayden released her: "I'll help you."

After a pause, he said, "But you want to go with me to Bridgedale."

Gwen didn't hesitate to think and nodded.

.....

Yonroeville.

Rebecca woke up in the middle of the night and saw a man lying on the table sleeping next to her. She was in a daze, thinking it was Elliot, so she shouted, "Elliot..."

Xander woke up immediately when she heard the voice. He looked at Rebecca, and Rebecca also looked at him.

Seeing that the face in front of him was not that of Elliot, but that of a strange man, Rebecca screamed in fright.

Xander immediately walked to the bedside and covered her mouth.

"Don't call me. I'm not a bad person. I wanted to leave, but Elliot never came. I can't leave you in the ward alone, right?" Xander had a headache.

Rebecca heard Elliot's name, the mood suddenly calmed down. It turned out that this strange man was Elliot's friend.

Xander introduced himself, "I'm Avery's classmate, my name is Xander. I came here to find Elliot. But after Elliot left, he never came. Your family didn't send anyone here. I really want to go, so you should contact your family now, I should go."

Xander said, took out his mobile phone, and checked the time.

It's already 3 a.m.

Xander didn't know if Avery returned to the hotel safely. Avery's mobile phone is in his hand, he should go back and check the situation.

Rebecca's eyes were dull and her voice was very weak, "You and Avery are in the same group. You came here to find Elliot for Avery."

Xander confessed, "Yes! Avery was kidnapped tonight. The situation is very critical, I can only come to Elliot for help. Forget it, I'll call the nurse to watch you."

Chapter 1313

After Xander finished speaking, he strode out of the ward. He came out of the ward and saw Elliot standing not far away. He was leaning against the window smoking a cigarette. Unexpectedly, he had already returned to the hospital. However, he did not enter the ward.

Xander strode towards Elliot and saw a pile of cigarette butts in the trash can in front of him.

"Is Avery safe?" Xander asked.

"Well. I saw that you were asleep, so I didn't bother you." Elliot threw the cigarette between his fingers into the trash can, "Go away."

"I'm going back. Rebecca wakes up, you go back to the ward. Take a look." Xander said.

Elliot pursed his thin lips and strode towards the ward.

Xander walked towards the elevator. For some reason, Elliot gave him a terrible feeling.

Although Elliot's face was calm, there were dark waves in his eyes. He always felt that he was like a dormant beast that could wake up at any time!

In a flash, the time came to morning.

Avery came to the door of Xander's room and pressed the doorbell.

Xander opened the door, saw Avery, and immediately invited her in.

"Xander, why are your eyes so swollen? You need to prescribe some medicine." Avery was startled by the injury on his face.

Xander said, "I took anti-inflammatory drugs. By the way, your phone is with me, but it's out of power."

Xander returned the phone to her and continued, "When did you come back last night?"

"I came back sooner, so I didn't come to you. What about you?" Avery took the phone and answered then questioned.

This chapter is provided by . Visit for daily update.

"I didn't come back until after 3 a.m." Xander took a bottle of water, twisted it open, and took a sip, "I was so sleepy last night that I fell asleep in Rebecca's ward."

"Xander, thank you last night..." Avery hardly slept last night, but she was in good spirits at the moment.

Probably because she escaped from death last night, it was too thrilling, and her tense nerves had not yet relaxed.

"I was only going to ask you to invite me to a big meal, but now it seems that there are no two big meals, and you are afraid that you will not pay my favor." Xander put down the water bottle and continued, "Have you had breakfast yet? Let's go together. Let's eat."

Avery: "Okay. After breakfast, I'll accompany you to change your glasses."

"Well. By the way, before your phone was turned off, a call came in. I didn't see it clearly, and your phone was turned off." Xander was afraid that it was an important call, so he said, "Why don't you go back to your room to recharge first, and I'll bring you what you want to eat."

Avery: "Okay, you can bring me a sandwich and a glass of milk."

Xander: "Yeah."

Avery went back to the room, charged the phone, and turned it on.

Mrs. Cooper and Ben Schaffer's missed calls jumped out immediately. After thinking for a while, Avery called Ben Schaffer first.

If Ben Schaffer is not in a hurry, he will not call her.

Avery called and Ben Schaffer answered it immediately: "Avery, why can't you get through with your phone?"

She said lightly, "My phone ran out of power last night and turned off. What's the matter with you calling me?"

"Gwen's child is gone. It was done by a woman I know. This matter has a great impact on Gwen, and she has moved to your house now." Ben Schaffer said concisely, and said with guilt, "I want to give her some money, But she doesn't answer my phone now."

Avery frowned, "Since the child is gone, forget it. You don't need to give her money, I will take care of her."

Ben Schaffer: "You blame me."

"That's not true. My own life is a mess, so I don't have the right to blame others." Avery said very calmly.

Ben Schaffer pondered for a moment and asked, "Is Elliot still not remembering you?"

Chapter 1314

"Only he knows about this issue." Avery was in a mess. She felt that Elliot had remembered her but he didn't say it, so she wasn't sure.

Elliot saved her last night, and it may also be because they had an intimate act at noon yesterday.

Ben Schaffer asked, "Then what's your next plan? Do you need my help? Elliot forgot you, but he didn't forget me."

"Has he contacted you?" Avery asked curiously.

"No." Ben Schaffer was embarrassed, "I had a call from a strange number in Yonroeville before, but I didn't answer. When I called, he didn't answer."

"I know his number in Yonroeville. Avery's mood suddenly became nervous, "You report the number you said to me, and I'll see if it's him."

"Okay." Ben Schaffer minimized the call record, clicked on the address book, and found the unfamiliar number.

After he reported the number, Avery's breathing quickened: "it's Elliot. Ben Schaffer, this number is the one Elliot uses now."

"I guessed it was him. He only forgot you, not me, so he not only remember me, but also my number." Ben Schaffer was breathing heavily, "It's just that he doesn't answer my call now. You said that he is unfeeling, so there's no need to give up brotherhood, right?"

Avery also doesn't understand Elliot now mental state.

"Do you want me to meet Elliot?" Ben Schaffer wanted to have a face-to-face talk with Elliot now.

If Elliot doesn't want to talk about Avery, Ben Schaffer can talk to him about the Sterling Group. Although his shares are now under the name of Adrian, the entire company only recognizes him as one boss.

"No." Avery calmly said without hesitation, "It's particularly dangerous here, and none of you should come here."

"F*ck! What you said is a bit scary." Ben Schaffer suddenly panicked, "Are you saying that your lives are in danger at any time?"

"It's not as scary as you think. Anyway, don't come here. I'm here now." Avery thought about it all night last night, and the more she thought about it, the more uncomfortable she felt.

"Elliot is now Rebecca's husband, and Kyrie must be staring at Elliot from all angles. Yesterday, I was careless and did that kind of thing with Elliot on the yacht. Cristian

knew about it, and Kyrie must know it too. It is uncertain how Kyrie will deal with Elliot next.”

“Okay, I won’t go there. Then be careful! Even if you want to find Elliot, you will find it secretly. The country is too far away from Yonroeville, and there is nothing you can do to support you.” Ben Schaffer reminded her.

Avery suddenly thought of a question, “Do you know what Mike is busy with recently? He hasn’t called me anymore.”

“It’s better if you call him. I’ve been very busy recently because of Gwen’s affairs. Ben Schaffer sighed, “Actually, I don’t despise Gwen that much but she always thinks that I despise her and I don’t know how to communicate with her normally.”

Avery said, “She has a low self-esteem, that’s why she is like this. Since she chose to cut off contact with you, you don’t have to think about it.”

Ben: “That’s the only way.”

After talking with Ben Schaffer, Avery called Mrs. Cooper.

Mrs. Cooper quickly answered the phone: “Avery, are you alright there?”

Avery: “Alright. How about at home?”

Mrs. Cooper said, “Everything is fine at home. Eric took Layla out to shoot an advertisement. Hayden also wanted to go there. I called you in the morning, mainly to tell you this. But Gwen came over at noon, so Hayden didn’t go. He said he would go to Layla tomorrow.”

“Okay. I’ll call Eric tomorrow night.” Avery said.

“Well. How are you and Mr. Foster?” Mrs. Cooper asked with concern.

She was afraid that Mrs. Cooper was worried, so she reported the good news instead of the bad news: “It’s considered a great progress.”

“That’s good. I knew that the two of you have gone through so much wind and rain, and you will definitely not be separated easily.”

“Well. “

She doesn’t actually have a lot of confidence.

Unless Elliot told her clearly that he remembered her and their past, she would feel at ease.

Chapter 1315

Kyrie came to visit Rebecca after breakfast.

Rebecca was in good health. Because Elliot was always by her side, she felt that everything was worth it.

Rebecca coquettishly said, "Dad, I want to go home to recuperate. I don't want Elliot to suffer with me in the hospital."

"Yes. I'll let the medical staff go home to take care of you."

"Thank you Dad." There was a smile on Rebecca face, but her eyes were a little nervous, "Dad, where's eldest brother? Did you punish him?"

Kyrie said, "Shouldn't I punish him? You just married Elliot, but he wants to kill Elliot."

"Big brother is just on impulse. You have a good talk with him and don't punish him. I don't want him and Elliot to become enemies. Otherwise I will be very sad." Rebecca begged.

"My silly daughter! Don't worry about this." Kyrie said, giving Elliot a look and letting him come out.

The two came out of the ward, and Kyrie patted Elliot on the shoulder and said, "I gave you a small punishment last night because I was afraid that you would repeat the same mistakes. You still haven't recovered anything that you lost in Aryadelle. I don't want to see you fall twice on Avery."

"Well." The attitude of Elliot is more indifferent than Kyrie, as if nothing happened last night, "I'm about to negotiate with the second brother and the fourth brother, are you sure you want to go with me?"

“You mean, you are going alone?” Kyrie hesitated, “I was thinking about this last night too. If I go over, I’m afraid they won’t be able to calm down and negotiate with you.”

Elliot: “Let me go alone. If I can’t negotiate, then you will come forward.”

Kyrie: “Okay. I’ll give you a few more bodyguards when the time comes. Whether you can negotiate or not, you must pay attention to safety.”

Elliot: “Well.”

Kyrie looked at his red eyes and said, “Did you not sleep last night? Go back to rest first and I’ll take Rebecca home to recuperate in the afternoon.”

Elliot: “Okay.”

.....

Aryadelle.

Hayden, wearing a peaked cap and a schoolbag, appeared at the Capital Airport. In another hour, he will board the flight to Yonroeville. He is going to find his mother, and if he can, he wants to take her home.

Hayden watched the news about Yonroeville for a few days and felt that Yonroeville was too dangerous, and he couldn’t let his mother stay there. If his mother refused to go home with him, he would stay in Yonroeville to protect his mother secretly. Only he and Layla knew about the plan.

An hour later, he passed the security check smoothly.

The plane took off on time.

After more than ten hours of flight, the plane arrived in Yonroeville.

Hayden came out of the airport, stopped a taxi on the side of the road, and reported the name of the pre-booked hotel.

Half an hour later, the taxi stopped in front of the hotel.

Hayden got out of the car, lowered the brim of his hat, and strode into the hotel. He intends to stay first, find out about the situation here, and then contact his mother. Otherwise, if he rashly appeared in front of his mother and asked her to go with him, her mother would definitely not agree.

After he went to the front desk to get the key card, he walked to the elevator. Fortunately, the elevator happened to go down to the first floor.

With a 'ding', the elevator door slowly opened –

Elliot's stern face suddenly appeared in Hayden's eyes.

Chapter 1316

After seeing Elliot face clearly, Hayden almost reflexively walked towards another elevator.

Elliot and his entourage got out of the elevator and strode towards the hotel door. He didn't seem to see Hayden. In other words, he saw Hayden, but did not realize that this was his son.

All in all, this encounter was a surprise.

After Elliot left, the elevator door in front of Hayden opened.

Hayden hesitated for a few seconds, and finally turned around and went to the front desk to check out. If he can meet Elliot today, he is not sure that he will meet Elliot in this hotel in the future.

This hotel was the best hotel in Yonroeville. The reason why Hayden booked here was because it's safer.

However, the owner of this hotel was Kyrie.

...

Elliot came to the hotel today, and it was Kyrie who asked him to come and inspect.

Kyrie is determined to let Elliot take over the industry under his name.

Cristian was too reckless and made many enemies outside. If it wasn't for Kyrie to block Elliot, Cristian would have been cleaned up long ago.

So Kyrie sent him to another city to develop his business the year before.

Obviously it is to develop business, but in fact it is to avoid the limelight.

However, Cristian has been developing business in other countries for several years, but has not achieved any results.

Kyrie can only grab Elliot and let him use it for himself.

This chapter is provided by . Visit for daily update.

The two of them had a little unpleasantness because of Avery the day before yesterday, but luckily it didn't affect the relationship.

Elliot came out of the hotel and strode towards the parking lot. The bodyguard stepped forward and opened the door for him.

He walked to the door, and his footsteps stopped suddenly.

"I'll make a call." He said this to the bodyguard, turned and walked towards the hotel fountain.

At this time, Avery and Xander were in the hospital.

Avery thought that the injury on Xander's face must be rubbed with ointment, and Xander thought that she should come to the hospital for a re-examination to check the tumor in the brain.

Both tried to convince the other, and in the end, they compromised together.

Xander came to buy external rubbing medicine, and Avery came to review.

When Elliot's call came, Avery was in the CT room for an examination. Her cell phone was placed in Xander's hand.

Xander looked at Elliot's call and hesitated to answer it. If he does, how can he explain that Avery's cell phone is in his hand? Thinking of this, he decided not to take the call.

Elliot is a suspicious and shrewd man. Anyone who lies in front of him will look stupid.

5 minutes later, Avery came out of the CT room. Xander immediately walked up to her and handed her her mobile phone: "Elliot called you three times. Just now, three consecutive calls."

Avery's face changed greatly, and she immediately took the phone and called back.

Elliot answered it in seconds, and the voice came sternly: "Avery, Why did your son come here? Did you allow him or did he come without permission?"

Avery was stunned, and subconsciously supported the wall to support the weight of her body .

"You said Hayden? Where did you see him?" Her panicked tone explained everything. She didn't know Hayden was here. Hayden secretly came here. It's like something he can do. He is reckless and daring.

"DI Hotel." Elliot shouted in a low voice, "Come here quickly to find Hayden and send him away."

"I'll go there right away." After Avery said this, Elliot hung up the phone. He strode towards the car and got into it.

Chapter 1317

Elliot has other jobs next, so he can't stay here forever. But he believed that after Avery came over, he would definitely find Hayden. As long as she found Hayden, she could send Hayden away from here.

Avery hung up the phone, and Xander asked, "what happened? You looked a little worry."

"Xander, I'm in a hurry, I have to go out immediately." Avery looked anxious and didn't have time to tell him more, "I'll explain to you later."

After Avery finished speaking, she strode towards the elevator. Xander wanted to chase after her, but he thought that her CT results had not come out, so he could only help her here and wait for the results.

As soon as Avery moved, the bodyguard immediately followed her. Since the kidnapping case, the bodyguards have never left Avery.

The two entered the elevator, and the bodyguard asked, "What happened?"

“Elliot called me just now and said he saw Hayden.” Avery said nervously, and something came to her mind.

Avery turned on her phone and found Eric’s number.

When the elevator reached the first floor, she quickly got out of the elevator and dialed the phone.

Eric answered the phone quickly..

Avery asked, “Eric, Mrs. Cooper said that Hayden went to find you and Layla. Is he with you now?”

Eric glanced at Layla, a little embarrassed.

Layla asked him to help lie, but he couldn’t lie to Avery.

Avery had a headache, “Why didn’t you speak? Did Hayden not go to your side? Hayden has come to Yonroeville.”

“He’s looking for you?” Eric was completely unaware of Layla and Hayden’s plans.

This chapter is provided by . Visit for daily update.

If it wasn’t for Avery’s call, Eric wouldn’t know about it at all.

“No...He didn’t come to me.”

This is the reason for Avery’s headache. “Elliot said that he saw Hayden in the hotel. After Hayden came to Yonroeville, he didn’t contact me immediately, but went to the hotel. The more you have your own opinion, the more I’m afraid that something will happen to him.”

Eric wanted to comfort her, but before he could speak, Avery hurriedly said, “I’m going to find Hayden now. You must be optimistic about Layla.”

“Well.”

On the phone, Avery and the bodyguard strode out of the hospital.

After getting in the car, the bodyguard drove the car towards the DL hotel.

“Boss, didn’t Elliot forget you? Why does he still remember Hayden?” The bodyguard asked doubts.

Avery was startled for a moment: "Maybe he saw the photos online? The first time he saw me after the operation, he knew who I was. Besides, he just forgot me, not necessarily his three children."

"Boss, do you think there is such a precise and accurate operation? How can I forget you, but remember the child you gave birth?" The bodyguard teased.

Avery was silent. She couldn't answer the question.

Moreover, the most important thing now is to find Hayden and send him away.

20 minutes later, the two arrived at the DL hotel.

Avery walked to the front desk and asked, "Miss, please help me find out which room Hayden lives in. He is my son. He is not yet an adult. He came to the Bridgedaley himself. I am very worried about him."

The lady at the front desk was a little embarrassed: "Miss, can you show your ID?"

Avery: "I'm sorry, I didn't bring my ID. I'm really his mother, and he's not ten years old now. Just check it out for me, Does he stay here, don't tell me his specific room number."

The lady at the front desk: "Hayden?"

"Yes, Hayden." Avery typed out his son's name on his mobile phone and showed it to the lady at the front desk.

The lady at the front desk checked on the computer, and then shook her head: "Sorry, we don't have the name of Hayden staying in our hotel."

Avery was stunned.

Elliot couldn't lie to her. But there was no need for the lady at the front desk to lie to her.

Hayden doesn't live here, so where is he now?

Avery came out of the hotel and found Hayden's number to dial.

——Sorry, the user you dialed is temporarily out of service area.

Avery squatted down helplessly, her eyes were scarlet, thinking about what to do next.

At this time, Elliot's phone call came again.

Chapter 1318

Avery answered the phone, but couldn't adjust her emotions: "Elliot, I didn't find Hayden. I came to the hotel to ask, and the front desk said Hayden didn't stay at this hotel."

"Are you sure you saw him in this hotel?" Avery asked again hoarsely.

"Sure." Elliot's voice came firmly.

Avery asked, "You haven't forgotten Hayden, have you? You haven't forgotten Layla, and Robert..."

Elliot's breathing was obviously solemn: "I'm sure he is in Yonroeville. You should go look for him instead of asking me this silly question."

Avery tears fell, "I can't find it. I don't know where to find him. He can't get through. If he doesn't contact me, It's impossible for me to find him at all."

Hayden was no longer a two or three year old baby. During the half year he studied abroad, his abilities improved by leaps and bounds. Now he was no longer the Hayden that Avery is familiar with.

Hearing Avery's cry, Elliot brows furrowed: "OK, I'll find Hayden."

Elliot accompanied Kyrie and the others to lunch at the moment. Because he was worried about Hayden and he came to the bathroom and called her.

After hanging up, Avery stood up. She wanted to find Hayden as soon as possible and prevented Elliot from coming forward.

Otherwise, let Kyrie know that Hayden is here. It is hard to guarantee that Kyrie will catch Hayden and will threaten Elliot with Hayden.

Avery wiped the tears from the corners of her eyes and called to Mike.

Mike answered the phone quickly and covered his exhaustion with laughter: "I specifically didn't call you these few days to see if you would call me."

"Hayden has come to Yonroeville. I can't contact him now. Is there any way you can contact him?" Avery held the mobile phone and stood in the hot sun, looking towards the hotel door.

"Pfft! Hayden went to Yonroeville? This kid! How dare he!" Mike jumped up from his chair in shock. "I'll find a way to contact Hayden right away. I'll call you as soon as I have news."

This chapter is provided by . Visit for daily update.

Avery looked away from the hotel door. Seeing her sweating profusely, the bodyguard suggested, "Boss, let's go back first. Hayden is here to find you, and he will definitely call you."

"The family has taken them away." Avery's mouth seemed to be pressing a big rock.

"Boss, Hayden is not that stupid." The bodyguard said his own analysis, "Let's go back to the hotel first, maybe Hayden is in our hotel now."

Although Hayden is young, he knows nothing less than normal adults. Even, his IQ is above 99% of the crowd.

Avery wiped the sweat from her forehead and said, "Go back first!"

The two returned to the hotel where they stayed, but they did not meet Hayden, but met Xander who was waiting in the lobby on the first floor.

Xander held a bag in his hand, and inside this bag was a CT film of Avery's head.

Avery was shocked when she saw the film in her hand. She took the bag and asked casually, "Should it be alright?"

Xander's tone was a little cold: "I hope you are all right, too."

Avery immediately understood that the test results were not good. She didn't watch the film at all and changed the subject: "My son is here. He is not even ten years old this year. He came alone."

Xander was stunned for a moment: "Where are the others?"

"Elliot said he saw Hayden. Maybe it's because they met once, so he is hiding now." Avery took out her mobile phone between words to check for incoming calls and messages.

In her mind, quick memories and Hayden's bits and pieces. And the tone and words Hayden said the last time they talked on the phone.

Until Hayden came here privately, he didn't show any abnormal emotions. He was calm and composed, not like a child. This time, he was able to come to Yonroeville smoothly, and it was organized and planned.

Chapter 1319

Maybe Avery really shouldn't be so pessimistic, now she couldn't find him, and the Jobin family's people were not so easy to find him.

After lunch, she went back to her room.

Hayden still did not contact her.

She took out the film and examined it carefully. The tumor in her brain was a little bigger than last time.

No wonder Xander's face was so ugly at that time.

If Avery hadn't said that Hayden was here and her whereabouts were unknown, Xander would have reminded her to undergo surgery as soon as possible.

At 3 p.m.

Elliot returned home after lunch. At lunch, he drank some wine. Because Kyrie called some close clients over, Elliot couldn't help having a few drinks with them.

When he got home, he went straight to the bedroom. He was a little dizzy at the moment and had to rest before he could find Hayden at night.

He pushed open the bedroom door and saw Rebecca lying on the bed, he was stunned for a moment.

“Elliot, have you been drinking?” Rebecca put down the phone, looked at Elliot’s flushed face, and explained, “My eldest brother came to see me at noon, and he asked me to rest in the master bedroom.”

“Well.” Elliot sat down beside the bed and looked at her pale face, “How are you feeling today?”

Rebecca said, “Except for the pain in the wound, my spirit is much better than yesterday. Elliot, you shouldn’t drink. You’ve been taking medicine for two days, and you said that you can’t drink after taking the medicine, and they can’t force you to drink.”

“I want to sleep for a while.”

Rebecca understood what he meant and set off immediately, planning to get out of bed.

“You are injured, just lie down.” Elliot lay down beside her and closed his eyes.

Rebecca didn’t dare to breathe, and quietly watched him fall asleep.

She finally breathed a sigh of relief after she breathed evenly. She finally dared to stare at his face and carefully looking at every inch of his face.

It was the first time Rebecca and Elliot were in the same bed.

Elliot didn’t know, in fact, Rebecca had a crush on him for many years. It’s just that when Rebecca understands that her feelings for Elliot are between men and women, he has returned to Aryadelle to develop his career.

Later, he didn’t come to Yonroeville very much.

She didn’t expect him to have a bad day. If it wasn’t for this opportunity, how could Elliot possibly marry her?

Now that Elliot is Rebecca’s husband, she must not let Avery take Elliot away.

About 2 hours later, Elliot woke up from a nightmare. He dreamed that Hayden was brutally murdered by Cristian. After waking up, he found that it was a dream, and he breathed a sigh of relief.

“Rebecca, I suddenly remembered something. I want to go out.” Elliot looked at Rebecca, who was resting in bed.

Rebecca: “It’s about dinner. Where are you going?”

“Don’t ask me what I’m going for, and don’t tell others about my itinerary.” Elliot got out of bed and explained to her.

“Elliot, I know what you mean. Even if my eldest brother comes to ask about you, I will not tell you everything.” In order to reassure him, Rebecca promised, “My eldest brother is not your opponent at all. What you need to pay attention to is my dad.”

Hearing Rebecca’s words, Elliot was a little surprised.

“Elliot, I want to grow old with you.” Rebecca took the opportunity to confess.

A complicated look flashed in Elliot’s eyes: “You rest at home, if I come back late, don’t wait for me.”

Chapter 1320

DL hotel.

Elliot didn’t go to the front desk to ask if Hayden’s check-in information was available. Avery came to ask during the day. Since the front desk said no, then there should be no.

Either Hayden came to Yonroeville and used fake identity information. Or Hayden went through the check-out procedure after meeting him at the hotel.

He wanted to check to see if Hayden was still in this hotel. He went directly to the monitoring room and asked the security guard on duty to call up this morning’s surveillance video and show it to him.

“Mr. Foster, what kind of person are you looking for? I’ll help you find it.”

“A child. But he is quite tall. I can find it myself.” Elliot sat down in the chair, holding the mouse to start adjusting the time on the monitor screen.

He only needs to check whether Hayden has checked in at the front desk, as well as check the monitoring of the elevator to see if Hayden has entered the elevator, and then he can determine whether he has actually checked in.

As a result, Elliot entered the approximate time when he and Hayden met, and pressed the search button, but a blank space appeared on the monitor.

His body suddenly tensed, and the fingers holding the mouse became stiff.

Surveillance is hacked!!

Elliot can enter other time periods to search at will, and other time periods are no problem.

It just so happened that Hayden presence in the hotel's monitoring was deleted.

This just proves that Hayden has indeed come to Yonroeville. Elliot immediately got up from his chair, strode out of the monitoring room, and walked towards the front desk.

“What about the guy on the day shift today?”

Elliot saw that the front desk staff had changed to a woman.
