## Chapter 1331

When His Eyes Opened by Simple Silence Chapter 1331

Xander has a guilty conscience: "Look at how thin you are. Besides, I will invite you today, and you will invite tomorrow."

"Okay." Avery sat down.

Xander immediately picked up the juice pot and poured her a glass of juice.

The bodyguard opened a can of beer.

Xander did not drink or drink juice, but opened a box of coconut milk.

Avery was quite hungry, so she picked up her chopsticks and greeted, "Eat! After dinner, I plan to go out for a walk."

"Aren't your feet tired after walking all afternoon?" The bodyguard teased.

"It's okay. If you're tired from walking, then I'll go alone later..."

"You forgot about the kidnapping case? Let's eat first! We'll talk about it when we're done." The bodyguard admired her courage.

"Well." Avery took a bite.

At this time, Xander raised the glass, "Let's have a drink. I hope it goes well next time."

Avery raised the juice glass and toasted with him: "Xander, shouldn't it be your birthday today? It's weird at night."

Xander took a sip of coconut milk and shook his head quickly: "If it's my birthday, I'll definitely tell you to buy a birthday present."

Avery couldn't help laughing. Just when she was about to drink the juice, a familiar figure suddenly jumped into her eyes.

After meeting up with Nick this afternoon, Elliot came to the neighborhood to find Hayden again.

At lunch time, he and the bodyguard came in for dinner, but he didn't expect to see Avery as soon as they came in.

His bodyguard, Ali recognized them and came to Avery's table ahead of him.

Just like that, Elliot and Ali sat down at their table.

Xander, bodyguard were speechless.

Avery asked the waiter to bring two sets of cutlery.

Xander and the bodyguard remained speechless.

After bringing the tableware, Avery took Elliot's cup and poured him juice.

Xander and the bodyguard remained speechless.

Help!

There are sleeping pills in the juice.

They planned to let Avery take sleeping pills and take Avery away directly.

They thought everything would go smoothly and nothing would change, but in the end–

–why did Elliot come?

–There were countless restaurants nearby, why did Elliot choose this one?

–Moreover, there were countless empty tables in this restaurant, why did he sit down at their table?

Xander has no experience in doing bad things, so at this moment, his face was flushed, his heart was racing, his mouth was slightly open, he wanted to say something, but he didn't know how to say it.

The bodyguard was slightly stronger than him.

The bodyguard started directly and grabbed Elliot's juice cup.

"Master, what juice to drink? " The bodyguard poured out the juice in his glass and poured him a drink.

Avery: "What are you doing? Elliot can't drink."

Avery took Elliot's glass back, poured out the wine in it, and refilled it with juice.

Xander and the bodyguard remained speechless. The expressions on their faces seemed to be twitching. Their eyes seemed to bulge out.

Elliot noticed something was wrong at a glance.

## **When His Eyes Opened by Simple Silence Chapter 1332**

Neither of them seemed to welcome him. Besides, neither of them wanted him to drink juice.

And the reason they didn't want him to drink the juice was definitely not because of how precious this bottle of juice was...

Elliot had suspicions in his heart, so he held up the glass and pretended to drink it.

“Hey! Don’t drink it.” Xander said, grabbing the juice cup from his hand at the same time.

The expression on Avery’s face suddenly became cold.

Avery glanced at the juice in her hand then asked, “Why can’t he drink it? Is there something wrong with the juice?”

After Avery said these words, the dining table suddenly fell silent.

Xander and the bodyguard lowered their heads, not knowing how to speak.

Ali took the chopsticks and asked, “Is there a problem with the juice, but the vegetables? I’m very hungry. Are these vegetables edible?”

Xander: “The vegetables are fine, you can eat them.”

Ali pushed back: “The vegetables are all right, what’s wrong with the juice? You poisoned Avery?”

Xander anxiously explained: “How could we poison Avery. It’s just a sleeping pill.”

After the truth came out, Avery got up and left immediately.

“Avery, listen to my explanation.” Xander immediately chased after her and pulled her back, “We want to take you away. Seeing that you are here, Hayden is worried about you, so he came here. If you continue to stay here, what if another child of yours comes running?”

“So you’re going to hide it from me and give me sleeping pills?” Avery couldn’t accept that they treated him like this.

The bodyguard said helplessly, “Boss, we tried to persuade you, but you won’t listen at all. If it wasn’t for being forced, we wouldn’t want to use such a method.”

Avery was still angry.

At this time, Elliot said calmly, “They’re right, you really should go.”

Avery glared at Elliot and said him, “I can’t go now. How can I go with Hayden here? Even if I want to go, I’ll find Hayden go together. You can’t protect yourself if you are a bodhisattva crossing the river yourself, don’t worry about me.”

Seeing that the two of them were about to quarrel, Xander sighed, "Eat first. It's cold. If you don't want to go, then don't go. For tonight, you can blame me alone. It's my idea."

The bodyguard immediately said, "Boss, don't blame Xander. This idea is Rebecca came up with it. Rebecca went to find Xander today."

After Rebecca was involved, everyone's eyes turned "sharp" to Elliot.

Elliot was on her back and said, "You guys eat. I'll go first."

He got up from his chair and strode away from the table. Ali immediately caught up with him. Soon, they both disappeared from everyone's sight.

Avery called the waiter to remove the juice.

Xander and the bodyguard lowered their heads and dared not look directly at her face.

Avery said, "No wonder tonight's dinner is so rich. It turns out that this is the last meal in Yonroeville. You two look up."

Xander and the bodyguard looked up.

"What else are you two planning, tell me." Avery took the coconut milk in front of Xander and filled her glass.

Xander shook his head: "For the time being, I only plan to take you out of here first. When you leave here, you will almost wake up."

"Aren't you afraid that I will break up with you?" Avery asked after drinking a sip of coconut milk.

"I'm afraid, but if you stay here, if something happens, I'm even more afraid."

"Boss, don't blame Xander..." The bodyguard interjected.

Avery glared at him, "You have the guts to talk? You are my bodyguard, but you turned your elbows out. Who pays you?"

The bodyguard shut up.

## **When His Eyes Opened by Simple Silence Chapter 1333**

"By the way, didn't you say that Elliot will pay you a salary every month? Does he still pay you?"

The bodyguard was stunned for a moment: "I don't know. My salary is in my wife's hands."

"Forget it, this issue is not important. When I go back, I'll give you a bonus." Avery thought that after the bodyguard came, she never rested or had time to spend with his family as he sacrificed a lot.

When she returns home safely, she will give her bodyguard a large bonus.

"Boss, if you say that, I'm embarrassed to urge you to go back to Aryadelle." The bodyguard slurred.

"Let's eat! When I find Hayden, I will consider whether to leave here with him." Although Avery complained about their plan, this incident gave her a lot of inspiration.

She is not in danger now, which does not mean that there is no danger in the future. She couldn't implicate the bodyguard and Xander.

At the same time, Cristian was only having dinner at home. His new mobile phone was fine and could be used normally, but when he put down the tableware and picked up the mobile phone again, he found that the mobile phone screen had turned into a countdown to death. There was no way he could quit this countdown.

What's even more frightening is that the countdown time is connected to the countdown time in the morning.

Now the time displayed on the screen is – 61:05:33

his life, 61 hours left?

'bang', he threw the phone to the ground.

His daughter was terrified and burst into tears. His wife immediately carried her daughter back to the room.

"Call everyone out." Cristian yelled at the nanny, "There's a ghost in the house. I have to find this ghost tonight!"

The technician said that a top hacker would be a person if he didn't have his private information, is unable to break into his network and mobile phone.

Therefore, his information must have fallen into the hands of hackers, and his mobile phone will be hacked.

Not long after, all the servants in the family came to the living room and stood in two rows.

Cristian's eyes swept across their faces one by one.

"Some of you betrayed my information." Cristian held a sharp dagger in his hand and threatened, "If no one admits it tonight, then I can only use my means to solve this matter."

Everyone's face was ashen with fright and didn't dare to breathe.

"As of 12:00 a.m. tonight, if no one admits it, then I'll just pick someone out of you to kill." Cristian sat down on the sofa and put pressure on each word, "I don't mind killing all of you idiots. Drop."

The whole villa was shrouded in the shadow of death, and the atmosphere was very depressing and terrifying.

The nanny's face was ashen, and she glanced at Cristian's wife not far away.

Cristian's wife wanted to come over, but the nanny shook her head at her.

...

When Elliot came home, Rebecca was a little surprised to see him. She asked, "Elliot, have you eaten yet?"

She recovered well. The doctor told her to rest in bed, but she couldn't lie down today, and she ate dinner in the dining room by herself.

"I didn't eat." Elliot looked at her pale face and said, "You're looking better today."

"Well. The wound isn't so painful today, so I came down to eat by myself." Rebecca accompanies him towards the dining room go.

The two took their seats at the table, and the nanny brought hot dishes and meals to the table.

After the nanny left the dining room, Elliot broke the silence: "Your plan failed."

Rebecca was stunned for a moment, but did not realize what Elliot was saying.

Elliot continued, "Avery won't leave Yonroeville tonight."

Rebecca understood the meaning of his words, and her cheeks suddenly burned, "Elliot, listen to my explanation."

## When His Eyes Opened by Simple Silence Chapter 1334

Elliot looked at her quietly, waiting for her to explain.

Rebecca said frankly, "The reason why I want Avery to leave Yonroeville is not only because I am afraid that you will fall in love with her again, but also because I am afraid that she will stay here and affect your career. Elliot, you're my husband and you're the most important person to me. But my eldest brother doesn't think so. He treats you as an enemy."

"If there is only one choice between eldest brother and you, I will definitely choose you." Rebecca confided her heart, "You have nothing left in Aryadelle. I hope you are here and make a comeback. My father relies a lot on you. Don't make him angry until he hands over his rights to you, okay?"

Elliot said, "Actually, I hope your plan will succeed. I also hope she can get out of here."

Rebecca breathed a sigh of relief: "I thought you were angry with me, I thought I was making an assertion."

Elliot said, "You are indeed making an opinion. You should tell me in advance."

Rebecca said cautiously, "Then I have something to tell you in advance next time. Elliot, I am willing to listen to you in everything as long as you don't abandon me."

Elliot lost his appetite when he looked at the table full of delicacies.

Chelsea was obedient to him before, but Rebecca was more obedient than Chelsea.

.....

Aryadelle.

Mike has been very busy lately. This time is different from every time before. This time he hit the iron plate.

Wanda took advantage of Elliot's accident this time and brought a mysterious R&D staff back.

Of course, Wonder Technologies did not publicize this matter. It was information that Mike secretly found out.

After Mike knew this information, Wonder Technologies products were upgraded one after another, as if they were hanging up.

So Mike is sure that this mysterious R&D personnel must be a super boss. He especially wanted to know who this person was, but no matter what method he used, he couldn't find out the slightest information about the other party.

"Chad, I don't dare to call Avery now." Mike raised his glass and drank, "I'm afraid that when she comes back, she will see Wonder Technologies quickly grabbing our market... No, if she comes back later, maybe the company will go bankrupt."

Chad took the wine glass from his hand.

"Is it that serious?" Chad poured him a drink.

"We are a technology company, and the most important thing for a technology company is core technology, and now our core technology is about to lose its edge." Mike rubbed his aching temples and continued, "The person Wanda brought back this time seems to be in my heart. She has an eye on her body. She seems to be holding my life."

Chad said, a layer of cold sweat broke out on his back: "This is the first time I see you showing such a troubled expression. It seems that this time is difficult. I'm really stumped."

"I don't dare to tell anyone about this now. Of course, the executives in the company can't hide it. Wonder Technologies holds product upgrade releases almost every day. We upgraded with our products and their prices are lower. It means that we have no advantage now."

Chad pushed the glasses on the bridge of his nose and said with certainty: "Your core technology has been stolen. This is the only possibility."

Mike said, "I know. But now the worst thing is, I checked and found no trace of theft. I don't even know what the problem is. If Avery knew about this, she would definitely think I was very annoying. It's useless."

Chad said, "Don't blame yourself. If you can't get through this, then face the reality. Isn't my boss also nothing now?"

"Are you so comforting?" Mike After taking a sip of the drink, he frowned, "Even if I go bankrupt, I have to find this person. It really doesn't work, I'll tie Wanda and ask."

Chad reminded, "Don't mess around. Now that I don't have my boss to support you, you still shouldn't have a head-on conflict with Wanda. If you take out any of the capital behind Wanda, it will be enough for you to feel uncomfortable."

Mike was unhappy. He said, "I'm so useless now. It seems that it started with Elliot's accident."

“Don’t be discouraged, there are lows, there will be peaks. If Avery calls you next time, you should tell her the situation. Come on.”

## When His Eyes Opened by Simple Silence Chapter 1335

“Let’s talk when Avery returned to Aryadelle. Although she didn’t care much about money, she cared about the Tate Industries. Her father handed over the company to her before he died. If the Tate Industries collapsed, she would definitely be very sad.”

.....

Yonroeville.

Cristian didn’t sleep all night.

At 12:00 a.m., Cristian did what he said and killed a domestic servant with his own hands. He has a hard time, and no one else in this family can think of it.

With his eyes open until dawn, watching the countdown on the screen of the mobile phone, the time passed by every second, he thought of a way.

This hacker is definitely in Yonroeville now. The enemy is in the dark and he is in the light.

As long as he checked the people who have been in Yonroeville in the past few days to see if there was anything suspicious, he could narrow the search scope.

Around noon, the bodyguards handed over a thick stack of documents to Cristian.

“Eldest young master, these are the documents sent by the airport, which are divided according to nationality. Please take a look.”

Cristian first took out the documents of the personnel who came from Aryadelle and looked at them one by one.

Cristian asked, “There is still a day and a half. Do you think I will die in a day and a half?”

The bodyguard said with sincerity, “Master, how can you die? Your father sent a lot of people to protect you in the morning, just because he was worried about your accident. Now there are bodyguards on the third and outer floors of the villa, and they will definitely ensure your safety.”

Cristian: " But I'm so f\*cking uneasy. I always think that this hacker has a thousand ways to kill me."

"No, young master. If it's really dangerous, I'll definitely stand in front of you." The bodyguard immediately show loyalty.

"Do you think my wife's reaction was a little cold after this happened? She doesn't seem to be afraid of losing me at all." Cristian said suspiciously, "She doesn't seem to love me anymore."

The bodyguard didn't know how to answer: "Maybe your wife was frightened. She has been taking care of her children at home, and she seldom goes out to socialize. I guess she has never seen such a thing."

"I'm afraid she has different feelings for me." Cristian gritted his teeth, "You pay close attention to her these two days."

"Okay!"

Cristian turned over the information cards of the inbound personnel from Aryadelle one by one. He mainly looks at the occupation of these people. If it is a career related to computers, he will let his staff focus on the investigation.

After looking at it for an hour, a data card made him frown. Now the information card he is holding in his hand shows a ten-year-old boy.

The reason why this little boy caught his attention was because this little boy looked a bit like Elliot. He knew that Elliot had a son named Hayden. But the boy on the data card was not Hayden.

He put down the data card, opened the notebook, and searched for Hayden's photos.

When he checked Elliot's information on the Internet before, he had seen photos of his two children. He felt that the boy on the data card was a bit like Elliot's son.

## **When His Eyes Opened by Simple Silence Chapter 1336**

"Is this a f\*cking person?" Cristian carefully compared the photos of Hayden found on the Internet with the photos on the data card, and then let out this exclamation.

The bodyguard looked at the photo and felt like the same person.

Cristian gritted his teeth and said, "If this person is Hayden, it means that this little guy has been in Yonroeville for a few days. Elliot did a good job of hiding it, he didn't leak any rumors."

"Of course he wouldn't dare to leak the rumors. If it falls into the hands of you and Kyrie, it is a good bargaining chip." The bodyguard said, "You can discuss with Kyrie to see if you want to arrest this child."

Cristian immediately took out his mobile phone and called to his father.

As a result, when he turned on his phone, and he immediately saw that d\*mn countdown to death. So he used the bodyguard's cell phone to call his father.

After explaining the situation, Kyrie on the other side of the phone was silent for a few seconds, and then said: "You can do this quietly. If you do it well, Elliot will be able to listen to us obediently in the future."

"I understand. Just send someone to do a carpet search." Cristian wanted this expectations for him from his father's words.

Father relied heavily on Elliot. After all, Elliot is a foreigner, how can he compare with himself?

"By the way, have you found the hacker who downloaded the virus on your phone?" Kyrie asked.

"Not yet... This hacker is very powerful. I found a few experts to crack it, but they didn't crack it." Cristian was worried, but his tone was calm, he didn't want his father to feel timid, "Father, you don't have to worry. I don't go out these days, so I'll be fine."

"I'm not worried about you." Kyrie was silent for a few seconds, and said, "I remember Hayden is a genius. I went to Aryadelle before. I heard about it when I was there. He seems to have been admitted to the genius class in a very powerful university in Aryadelle by exception."

Cristian: "You mean that the virus in my phone was caused by Hayden?"

Kyrie said irritably, "How do I know who it is? You idiot, I'm giving you this information so you can check it. Catch Hayden as soon as possible. This little thing uses fake identity information. If Elliot asks, you can say that this person is not Hayden."

"Okay!"

After hanging up the phone, Cristian immediately sent someone to check out major hotels.

He had Hayden's identity information in Yonroeville and Hayden's photo, so finding Hayden was only a matter of minutes.

This matter quickly reached Elliot's ears.

Ali said, "Mr. Foster, if your son falls into Cristian's hands, you will be miserable in the future. Cristian is cruel and inhumane. You must know that. Unless you don't want this son."

Elliot did not expect Cristian soon learned the news of Hayden's coming to Yonroeville.

Elliot: "You didn't tell Cristian about this?"

Ali: "If I wanted to tell Cristian, I told Cristian the day before yesterday, why did I tell it today?"

"Why did you help me?" Elliot looked at the bodyguard solemnly.

Ali: "Master Jobin chose to entrust you with the responsibility between you and Cristian. No matter how stupid I am, I know how to choose."

Elliot glanced at the time: "I must pick up my son before Cristian can find him. Ali, I can't come forward in this matter. Just now Kyrie called me and asked me to go out. He deliberately set me aside so that Cristian could catch my son."

"What do you need me to do?" Ali said, "The premise for me to help you is that I will not be in any danger."

After Elliot was silent for a while, a flash of light flashed in his mind.

...

Avery came out of the room, and when he went to the lobby on the first floor, he saw a man in black standing next to the lady at the front desk, calling for guest information.

Elliot called her just now and said that Cristian was sending someone to look for Hayden.

Elliot asked her to find a way to contact Hayden immediately.

Once contacted Hayden, he immediately took Hayden to his and Rebecca's wedding room. The most dangerous place is also the safest place.

## When His Eyes Opened by Simple Silence Chapter 1337

Avery doesn't think this is a good way, but right now, Hayden doesn't have a better hiding place.

No matter where Hayden was hidden, Avery was not at ease.

Put it on Elliot's place, at least not so worried. It's just Rebecca...

The bodyguard comforted, "Since Elliot asked you to send Hayden over, it means that he has already discussed with Rebecca. The women in Yonroeville are quite traditional. Dogs follow dogs. After an ordinary woman gets married, she should change her surname to her husband's. If Rebecca is not the daughter of the Jobin family, she has to change her surname too."

Avery frowned: "But I can't contact Hayden now."

The bodyguard said, "Have you called Hayden?"

Avery: "I called him last time, but his number was not in the service area."

"Try again?" The bodyguard said.

Avery immediately turned on the phone and dialed Hayden's number.

Unexpectedly, it got through this time.

After the call was connected, Avery said excitedly: "Hayden! Where are you now? Cristian already knows you are here, and he has sent someone to look for you now."

"I know." Hayden's tone was understated.

Avery: "How did you know? You can't stay in the hotel now!"

"I'm not in the hotel anymore." Hayden's tone was still light, "Mom, don't worry about me."

"Why don't I worry about you?" Avery Having said this, she choked, "Your father told you to hide in his house."

"I won't go." Hayden refused without hesitation, "In another day, Cristian will die. Then they won't have the energy to find me."

Avery doesn't care about Cristian's life or death, she only worries about Hayden's current situation.

"Then tell me, how are you going to evade their search now? They can't find you in the hotel, they will definitely find you in the major restaurants." Avery said this, her emotions were on the verge of collapse, "Mom, please, you first Go to your father's place to hide. Many people have come to search the hotel where mom is staying now, Mom can't protect you now."

Avery said here, a car stopped in front of her.

Ali came with Rebecca.

Rebecca lowered the car window. She was seriously ill, and her face was pale.

"Avery, where is your son now?" Rebecca spoke quickly, "It was Elliot who asked me to pick up your son. Bring your son to me as soon as possible. Otherwise, I can't protect your son."

Avery hadn't hung up yet, so Hayden could hear Rebecca's voice clearly.

Avery opened the car door and got into Rebecca's car.

"Rebecca, I owe you a favor this time."

Rebecca said coldly, "It was Elliot who begged me to do this. Even if I owe it, it is Elliot who owes me. Wait until the limelight passes, you and your son must leave here immediately."

"I know." Avery did not dare to continue the adventure.

When the current storm passes, she will take Hayden out of here immediately.

At 3 p.m.

When Elliot returned home, he saw Hayden in the guest room.

"Elliot, he won't talk to me. I told him to eat, but he ignored me. The nanny brought him lunch, but he didn't eat it."

Rebecca said, "Hayden probably doesn't like me."

Elliot enter the room and close the door.

## When His Eyes Opened by Simple Silence Chapter 1338

At this time, the father and son were left in the room.

The two of them are rarely alone.

Mainly because Hayden doesn't like Elliot and hide when he see him.

As a result, Elliot didn't know how to face Hayden. If it weren't for an emergency, they wouldn't have this opportunity to be alone.

"Do you know how dangerous it is for you to come here rashly this time?" Elliot couldn't help but accuse.

Hayden: "Take care of yourself."

Elliot: "If you are taken away by Cristian, guess if your mother will go and fight with Cristian!"

Hayden: "Even without you, I will not be taken away by Cristian. If it wasn't for my mother begging me to come to you, I wouldn't have come."

Elliot raised his eyebrows and mocked: "So you didn't eat because your mother didn't ask you to eat?"

Xiao Leng glared at him coldly: "Don't bother my mother."

"I don't bother her. But you are here, you must be obedient." Elliot looked at his facial features that looked like his own, wanted to be cruel, but not cruel, "I'll ask the nanny to bring you food. If there's nothing wrong, you'd better stay in the room and don't come out."

Hayden frowned, his face was sad.

Elliot knew that Hayden didn't want to see him, so he left the guest room.

After going downstairs, Elliot asked the nanny to bring food to Hayden.

The nanny went upstairs with the hot meal. Rebecca looked at Elliot and said, "Hayden is here, you can rest assured. The nanny is my person, she will not talk nonsense."

Elliot reminded, "Well, Rebecca, you are all right. Don't talk to him. He has a bad temper like me."

Rebecca couldn't help laughing: "Indeed. I was stunned when I first saw him. He looks so much like you. But his temper should be a little bigger than yours. I think you get along much better than him. "

"That's because Hayden hates me. He doesn't do this to other people."

"Why does Hayden hate you? Because you're with me?" Rebecca asked tentatively.

"Not exactly. I've always had a bad relationship with him." Elliot was upset when he mentioned this, so he changed the subject, "I'm a little sleepy, so I'll go back to my room to rest first."

"Okay, go and rest. If there is any situation, I will remind you at any time." Rebecca was afraid that his father or elder brother would suddenly come over.

After Elliot returned to the room, he called Avery.

"Hayden is completely safe now, you can rest assured."

"He told me that Cristian would die in a day's time. I can't figure out how he would kill Cristian. You must keep an eye on him, and never let him go out." Avery was in the hotel room at the moment, unable to sleep due to a headache.

The villa where Elliot lives belongs to a park with Kyrie and Cristian. If Hayden goes out, it is easy to be found.

"I will be optimistic about him. Regardless of whether Cristian is dead or not, I will find a way to get you out of here. Don't turn off your phone. When I think of a way, I will contact you at any time." Elliot whispered.

"Elliot, it's up to you, are you still unwilling to tell me the answer?" Avery pondered for a moment and asked, "Do you remember me?"

In order to make her feel relieved to leave here, Elliot replied: " I remember."

"Oh, then tell me, what was the gift I gave you on our first date?" Avery didn't believe what he said. So she excitedly asked this.

Elliot was speechless. He never expected that Avery would give him a test.
