

When His Eyes Opened Chapter 1339

Chapter 1339

At this time, the father and son were left in the room.

The two of them are rarely alone.

Mainly because Hayden doesn't like Elliot and hide when he see him.

As a result, Elliot didn't know how to face Hayden. If it weren't for an emergency, they wouldn't have this opportunity to be alone.

"Do you know how dangerous it is for you to come here rashly this time?" Elliot couldn't help but accuse.

Hayden: "Take care of yourself."

Elliot: "If you are taken away by Cristian, guess if your mother will go and fight with Cristian!"

Hayden: "Even without you, I will not be taken away by Cristian. If it wasn't for my mother begging me to come to you, I wouldn't have come."

Elliot raised his eyebrows and mocked: "So you didn't eat because your mother didn't ask you to eat?"

Xiao Leng glared at him coldly: "Don't bother my mother."

"I don't bother her. But you are here, you must be obedient." Elliot looked at his facial features that looked like his own, wanted to be cruel, but not cruel, "I'll ask the nanny to bring you food. If there's nothing wrong, you'd better stay in the room and don't come out."

Hayden frowned, his face was sad.

Elliot knew that Hayden didn't want to see him, so he left the guest room.

After going downstairs, Elliot asked the nanny to bring food to Hayden.

The nanny went upstairs with the hot meal. Rebecca looked at Elliot and said, "Hayden is here, you can rest assured. The nanny is my person, she will not talk nonsense."

Elliot reminded, "Well, Rebecca, you are all right. Don't talk to him. He has a bad temper like me."

Rebecca couldn't help laughing: "Indeed. I was stunned when I first saw him. He looks so much like you. But his temper should be a little bigger than yours. I think you get along much better than him. "

"That's because Hayden hates me. He doesn't do this to other people."

"Why does Hayden hate you? Because you're with me?" Rebecca asked tentatively.

"Not exactly. I've always had a bad relationship with him." Elliot was upset when he mentioned this, so he changed the subject, "I'm a little sleepy, so I'll go back to my room to rest first."

"Okay, go and rest. If there is any situation, I will remind you at any time." Rebecca was afraid that his father or elder brother would suddenly come over.

After Elliot returned to the room, he called Avery.

"Hayden is completely safe now, you can rest assured."

"He told me that Cristian would die in a day's time. I can't figure out how he would kill Cristian. You must keep an eye on him, and never let him go out." Avery was in the hotel room at the moment, unable to sleep due to a headache.

The villa where Elliot lives belongs to a park with Kyrie and Cristian. If Hayden goes out, it is easy to be found.

"I will be optimistic about him. Regardless of whether Cristian is dead or not, I will find a way to get you out of here. Don't turn off your phone. When I think of a way, I will contact you at any time." Elliot whispered.

"Elliot, it's up to you, are you still unwilling to tell me the answer?" Avery pondered for a moment and asked, "Do you remember me?"

In order to make her feel relieved to leave here, Elliot replied: " I remember."

"Oh, then tell me, what was the gift I gave you on our first date?" Avery didn't believe what he said. So she excitedly asked this.

Elliot was speechless. He never expected that Avery would give him a test.

Avery sneered, "You can't answer. You still don't remember me. But I'm still very relieved. Even if you don't remember me, your attitude towards me is much better than at first. If I continue to stay here, you will still fall in love with me."

Elliot: "Avery, is this the time to talk about this kind of thing?"

"Otherwise what are we talking about? Are we talking about you and Rebecca?" Avery's emotions were on the verge of collapse, "Rebecca really listens to you. I have to suspect that her love for you is not less than mine."

Avery mocked him, "Are you enjoying your current state? The colorful flags are fluttering outside, and the red flag at home doesn't fall down. If days like this continue, it shouldn't be long... I'll give up."

Elliot's fingers tightened abruptly while holding the phone.

Avery gave him an ultimatum, "I will stick to it until the end of this month at most. If you still have the same attitude and refuse to come with me, then I will quit. You don't have to fight with me for the custody of the child in the future. After all, your new wife is so young and she is absolutely happy to ask her to give birth to you ten or eight."

"Avery, do you mean that you have to wait until the end of the month?" Elliot ignored her cynicism.

Avery was not happy, so she stabbed him with these words.

"It's not a few days until the end of the month." Avery went cold.

She could sense from his tone that even at the end of the month, it was impossible for him to leave here with her.

His attitude has always been clear that he will not leave the country in the short term. At least until he regained his memory, it was impossible for him to go with her.

In the end, he doesn't know who hung up the phone first.

Avery tossed and turned on the bed and couldn't sleep, and there was a sudden drop in her lower abdomen. She opened the phone calendar and glanced at the date.
