FAILED TO SEDUCE HIM

Camilla

Instead of choosing the room, I would use I followed Kobe. I immediately noticed him annoyed while looking for something inside the refrigerator, after which he raised an eyebrow and looked at me.

"Tss! There's nothing to eat here. Everything will be cooked, do you know how to cook? You seem

to be of use to me." annoyed that it pointed at me.

"Y-yes wait a minute." confused I answer and approach the open refrigerator. My eyes searched, I

saw some meats in the freezer and fresh vegetables. Like carrots, potatoes, and red and green bell

papers.

"What now? Have you finished checking the inside of the refrigerator, maybe you don't know anything about cooking? Tell me right away." his irritated face.

"W-wait twenty minutes, is that okay with you?" I replied nervously. He didn't say anything that made me even more nervous.

"Ok, I'll take a shower first." he just answered and turned his back on me.

I acted quickly and prepared what I was going to cook because I noticed that there was something

on the lowest beef that wasn't frozen. I thought to cook beef caldereta I need to hurry for Kobe to

come back cooked. It's fully equipped here because it has a pressure cooker so it's easier. I know

how to cook because my aunt has a carinderia and I am always her assistant and sometimes someone cooks for us for parties. But when our customer pays, I don't receive even a peso.

I looked around the door because he might have come and seen that I wasn't ready yet. But I'm thankful because he seems to take a long bath.

After I cooked and washed all my utensils I arranged her food. I smiled as I watched the food being

properly plated. I'm sure he'll like it.

"What are you smiling about?"

We were able to fix it when I saw Kobe enter the door here in the kitchen, he was wearing black boxer shorts and no top. The towel was slung over his shoulder so I was free to examine his whole

body. But I immediately averted my eyes because I met his eyebrow that was also looking at me.

He didn't say anything so I examined his body again.

The shape of his body is nice, especially on the flat stomach, after what they call abs. But I bowed

down as my eyes dropped to his abdomen.

"A-ahh. You can start to eat now, I'll just go up to my room." I counted the answer because he shook his head and sat down.

"You'll get used to it because this is how I always look when I'm at home. But only until you think

about it," he said with a big laugh and started to scoop up the food. I didn't answer and walked out of the kitchen, but I peeked at Kobe again and I just smiled when I caught him smiling a little when he tasted what I had cooked. It looks like cooking will make you happy to see my husband, Kobe Herrera. I said in my mind and continued walking. I happily climbed to the height where my room would be, my eyes were impressed by the beauty of its interior. I lay down on the soft bed and felt it I didn't realize I was already asleep because I was tired as well. I suddenly lost consciousness when I felt that someone was looking at me, that's how my eyes rolled when I saw Kobe in shape. Because it was wearing black pants and a white t-shirt with a black jacket lining. "Why?" I asked in shock and sat down because he was staring at me. "Nothing, your door is open. Next time you close," he replied and suddenly frowned. "S-sorry, I was sleep-" "Tss!" he said. He didn't let it go out the door after what I was about to say. I followed him with my gaze until he got out, later I heard the sound of the car so I stood up. Kobe's car was already out when I got to the door, I just closed the gate because there was no one else here now if it wasn't for the two of us. Sadly I rolled my eyes at the big house because Kobe had just left me. But I need to do my plan I need to get pregnant no matter what happens, even if I'm nervous about what I'm going to do. Her mother told me to do everything to love and get their child pregnant. I walked around the whole house and when I got tired I tried to open Kobe's room but it was locked so I was sad. I've done everything but still no Kobe. I fell asleep on the couch after I took a bath and I was wearing a pretty sexy dress. A black spaghetti strap dress and it didn't reach my knees in length. My sexiness came out because of what I was wearing. I was startled by the sound of the door being opened. I stood up and glanced at the dark surroundings. "Hey! What are you doing there?" He asked me. Even though it was a bit dark because the other light was off, the look on his face made him look drunk. "Ha-ha... I'm waiting for you." I replied nervously, he walked closer to me. "Why are you acting like that? Don't say you're attracted to me by that situation?" it's a silly language that closes the eyes. He looked at my whole body from my feet up to my face. "N-no, that's just what I'm used to wearing," I explained while my heart was beating so fast. I was even more nervous when he stepped closer to me. Our bodies were so close that I could feel him squeezing my waist. Our bodies collided with my eyes closed. "You know, I still don't fully understand why you're doing this. But if it's just a game you want I'll give it to you," he said softly in my main ear.

It brought a strange heat to my body, especially when I inhaled the mixture of the smell of alcohol and his fragrant breath.

"Have you eaten yet?" I avoided and asked him because I suddenly felt nervous especially since his hands were spontaneously traveling over my body.

"I have no appetite," he replied in a cold tone and released his hand on my waist.

"W-wait a minute--"

Chasing my call but his hand signaled me to be quiet, I felt sad. It was an annoying opportunity for

me but why did I let it go?

Dropping my shoulder I climbed up again and entered my room, I peeked at Kobe's bedroom door

and I think it was closed.

I forced him to sleep even though it was hard and I left the door open so that if Kobe wanted to enter here he could enter freely.

I didn't realize the time because I woke up when I felt the weak caress on the arm, Kobe's beautiful

eyes met my eyes immediately.

"K-Kobe," I said softly but he ignored it because I just felt his lips on my lips.

My weak growl disappeared with each touch of Kobe's lips on my neck and chest. So is its hand that travels freely throughout my body.

"I want you now ..." Kobe whispered to me which sent a strange sensation to my core.

Not a word came out of my mouth as long as I just felt everything he was doing. He slowly removed my dress that had fallen to the floor and stared at my body, he caressed it as if you were

memorizing every detail of my body.

I automatically closed my eyes because of the strange heat I felt I felt like I had a fever. His breath

on my neck delivered a tickle all over my being but I was shocked to hear him let out a deep sigh.

"I'm going back to my room," he spoke coldly and weakly.

I was bitten the most because he suddenly backed away from what he was supposed to do. I immediately picked up my dress and quickly put it on, I just saw Kobe coming out of the door.
