DICE GAME/ TRUTH OR DARE

=====

WHILE SITTING here on the soft couch, Kobe came with a first aid kit. I thought he was going to

treat my wounded hand, but he just laid it on the table.

"After you treat that you go down because they're looking for you." he just said and went out the door.

I was not able to answer because he left immediately. I started to heal my small wound but the pain was there so I couldn't help but wince at the pain. I was treated with betadine and a band-aid to

keep from getting dirty. I left the room after I healed my wound because maybe later, Kobe will come back again. As I was walking I met Nicko in the hallway.

"There you are, come with a bonfire outside. It's nice because it's dark and someone just thought of a game." smiling he said.

I just nodded and wanted to hide my hand behind my back but it was too late because Nicko had already seen it.

"What happened to your hand?" Worried its question and took my hand.

"It's gone, just hit the side of the door earlier." I stuttered and lied. I felt alienated from him.

"Does it hurt? Have you treated it yet?" He said again still not letting go of my hand.

"Yeah, he's ok. Thanks, come on maybe they're already looking for us." I averted my eyes and took my hand in his.

He nodded and we were walking together now, I was worried that Kobe and I might see Nicko and

me together again. Because earlier he was so mad at me and I don't know where he got the idea

that even Nicko 'was flirting with me. The pain I feel is because he thinks of me, that's just the way it is.

"He was talking about before, are you and Kobe okay?"

Then he asked me, I just turned to him but I didn't answer because I didn't want to talk about it anymore. He never asked again and I'm sure he respects my silence. We get there outside which is

a concentrated light that you can see from the trees. You thought it was a paradise because it was

so beautiful, the air that caused the cold but the delicious feeling. I feel suddenly relieved now.

We caught them sitting in a circle and with a fire in the middle just nice to look at. I saw a sweet couple sitting side by side on the sand. The others do not. But when I went in the other direction I

was stunned and sad again because Kobe and the woman were together again before.

"Ok, because it's Nicko's birthday. He'll be the first to play our game. Your favorite number, Nicko?

Only one to six." Asked, Adrian.

Adrian was between Nicko and me, while Kobe and the woman were still in front of me. If there is someone else to be placed I don't want it here.

"2." replied, Nicko.

The others just watched silently with smiles as if they were already excited about the game.

"Remember, he chose two," Adrian said and raised the dice. "Truth or Dare?" Adrian asked with a big smile.

"Dare!"

"Dare!"

"Truth!"

"Dare!"

Nicko scratched his neck because he suddenly made a noise and couldn't answer. I looked at Kobe

who was also looking at me, I couldn't read any emotion in his eyes.

"Dare!" Nicko let out a deep sigh. Everyone shouted at his answer.

"Dare, how's that? Because I started it and I also asked who will take the dare. Are you ready, Nicko?" Laughing says, Adrian. "Of all the three women here today, who do you want to kiss on the

cheek? We're just talking on the cheek? Approach her now." after Adrian said dare those here roared again.

"Go, Nicko."

"Birthday boy."

Nicko stood up and looked around at those with him here until my heart suddenly started beating

faster when he looked at me. I was nervous when he approached me and everyone fell silent.

"Kobe, it's just a kiss," Nicko said and he was already looking at me.

I couldn't speak and couldn't move I felt my whole body stiffen as Nicko's face slowly came down

on me. I inhaled her fragrant scent and I felt her warm breath on my cheek. I thought he was already kissing me because of the strength of my heartbeat, I turned to him and my lips touched his

lips which were enlarged by my eyes.

Everyone shouted and Nicko left in front of me and sat down in his seat again. I looked at Kobe who suddenly knocked over the bottle of wine and averted his gaze from me.

I almost don't know what the others did because I still can't move on from what happened and I can still feel Nicko's lips on my lips.

"Samantha, it's your turn. Number one, you love one." joking of a man sitting near them. She called

Samantha with a smile.

Her name is Samantha.

"Truth or Dare?" The man who is also their friend here asked Samantha.

"Dare!" Samantha replied cheerfully immediately.

"Dare, ok. Kiss Kobe and three minutes, it's up to you where you kiss him." Smiling said the man

who asked, Samantha.

He turned to Kobe and touched both his cheeks and immediately kissed him on the lips without hesitation, I bent down so that I could not see it and while counting laughing.

"5."

"4."

"3."

"2."

"1."

I could hardly look there because of the extreme intensity of Samantha's kiss with, Kobe. After that

number six came out on the dice, Samantha looked at Kobe who was smiling.

"Your turn baby," said Samantha.

Because I'm the latter I mean we're consecutive numbers, Kobe.

"Truth or Dare?" He asked Kobe.

"Truth," Kobe answered quickly.

"Ok, to the women who came into your life. Has anyone cheated on you?" Serious question by, Samantha.

I looked at Kobe and he was also looking at me, I saw the wry smile that flashed on his lips.

"Yes, I don't believe she can do this to me. She doesn't deserve to be happy." There was an emphasis on saying this while looking at me.

"Well, who's that baby? Am I? I won't do that to you. I swear!" Tenderly says, Samantha.

"Kobe, you'll be the last to ask and Camilla will do that," Adrian said as he poured a bottle of wine.

"Ok." It just says so. "Truth or Dare?" I don't feel like questioning it.

"Dare," I answered boldly and sipped the wine in front of me. Kobe was a bit surprised by my answer but eventually disappeared as well.

Everyone was silent and waiting for what Kobe would ask him to do. Until it smiled.

"Ok, dance in front of us funny. We need to laugh," he said smiling and everyone laughed.

"Kobe, it's different," Nicko said as everyone took care of him.

"It's not okay for me to do and--"

"Alright, kiss me now."

Time seemed to stop and suddenly everything fell silent because of what Kobe had ordered, I couldn't react immediately. It just looked serious in my eyes.

Until it was noisy again and they shouted Go Camilla, I drank the wine to have courage and after

that, I approached him and trimmed his face. He poured more wine and stared at me. With my palm, I wiped his lips because I thought Samantha had kissed him before. I noticed that Kobe seemed surprised at what I did.

"You kiss me?" Its smiling whisper.

Instead of answering, my lips went down and touched hers, I just kissed and tasted her lips.

Until I

felt his mouth open and he kissed me at the same time.

The others were whistling because of the duration of that kiss and I felt Kobe's hand cling to my nape making our faces stick even tighter. We both gasped as our lips parted and we looked at each

other. I feel like my lips are numb and I feel like I'm floating.

The game was over and he had to leave to rest because the others were already drunk. I went there in the room and I don't know where Kobe went maybe it was there again with, Samantha.

While lying on the bed I was touched on my lips and it was as if I could still feel Kobe's soft lips.

I

smiled and closed my eyes and was suddenly wide awake when I heard the door open and close.

I woke up and was surprised because Kobe was here in front of me, he took off the shirt he was wearing so I could see his beautiful body especially the beautiful shape of his abs. He came up to

me and suddenly kissed me, I couldn't do anything because I immediately missed that kiss.

What Kobe was doing was daring and caused a tickle in the depths of my heart and body. His

caress on my body causing heat and like electricity because of the strange feeling. His lips crawled around my neck and his hand touched one of my breasts. He gently massaged it, after that his hand went down to my thigh and went inside my panties, his hand touched my womanhood so I moaned when he played with his finger.

He continued to kiss me and took off my panties, followed by lifting the dress he was wearing. His face sank between my small breasts. Until I felt the release of the hook of my bra and he removed it. Kobe stared at my chest and his mouth covered one of my nipples. I was fed up with what he was doing and he took turns sucking it. Until his lip dropped between my thighs, I was about to open my thigh but he was the one who separated.

Kobe's toying with my wet femininity makes me squirm, shaking my head on the bed because I feel like I'm peeing with too much pleasure. I stopped letting out a loud growl. After he disgusted my femininity he took off his shorts and bit my lip so hard when he touched his hard manhood. It was already sitting on top of me and there he entered his care inside my womanhood, that pain was the first thing I felt and I didn't expect it to be so much pain even though something happened to Kobe and me but it was only for a moment. He kissed me as he moved over me, mixing the pain and delicious feeling until the pain completely disappeared and was replaced by a delicious and ticklish feeling.

I'm happy Kobe and you were the first to get my virginity. I hugged Kobe's back tightly and I could feel his every move in my womanhood. His every thrust was quick until it suddenly stopped and slammed shut.

"Shit!"

He said waking up and I felt the hot liquid coming out of my bottom, I looked at Kobe who couldn't believe what had happened because he had entered inside me.
