Chapter 335 An Emergency

After taking a few steps, Meng Ran quickly walked in front of her and blocked her path.

Meng Ran raised her hand and waved it in front of Mo Zhu. She frowned in confusion and asked, "Sister Mo, what were you thinking about just now? You were so distracted. It's fine that you didn't hear me talking to Zhang Qi, but why don't you remember the way to the restaurant now?"

She forced Mo Zhu's body to the other side and continued, "Sister Mo, we can only reach the research institute's dining room by walking this way."

After saying this, Meng Ran saw that Mo Zhu had come back to her senses. She skipped over to Zhang Qi and continued the topic from before to discuss the test questions in the afternoon.

Sighing unhurriedly, Mo Zhu silently followed the two of them towards the dining room.

After walking for two minutes, she did not expect Meng Ran to turn around and talk to her apologetically. "Sister Mo, if Zhang Qi and I can't perform well in the finals this time and I implicate you, will you be angry at us?"

Meng Ran was really worried that with her ability, she would cause Mo Zhu to be unable to get the prize money and the first place. Back then, when she signed up as Mo Zhu's deskmate, she had observed her very carefully. Sister Mo had signed up for the Mathematics competition for the first place because of the huge reward for it. If Mo Zhu missed the first place because of her poor performance, she really could not forgive herself! Understanding the worry and guilt in the girl's heart, Mo Zhu raised her hand and patted Meng Ran's little head. She replied indifferently, "It's fine as long as you work hard. It doesn't matter what ranking you get. Do the questions I gave you over the next few days. Don't worry about achieving results quickly. As long as you can complete half of the questions in the individual competition on the day of the finals, I'll be there for the team for the team competition!"

Upon hearing Mo Zhu's words, the huge stone in Meng Ran's heart was gone. She was so touched that her eyes were watery, and she immediately choked on her tears.

Before she could whimper, Mo Zhu had already expected that she would continue talking. She quickly interrupted the girl's subsequent words, "Alright, stop thanking me. Don't you find your words annoying? I'm sick of hearing them!"

Just as she finished speaking, her phone suddenly rang urgently. She touched the vibrating phone in her coat pocket and took it out to glance at the caller ID. Upon seeing that it was a call from Mo Wu, Mo Zhu's heart skipped a beat. An uneasy feeling welled up in her heart for no reason. She coughed lightly and picked up the call. "What's the matter?" Mo Zhu's voice was cold and emotionless.

Although she had kept Mo Wu's phone number in her phone for a long time, he had almost never taken the initiative to call her.

Thinking of this sudden call and the fact that there had been no news from Huo Xuan the entire day, Mo Zhu suspected that something had happened!

As expected, when he heard her reply, Mo Wu sounded a little panicked. He quickly said, "Ms. Mo, bad news. Something has happened to Young Master!"

When Mo Zhu heard this, her hand that was holding the phone tightened slightly. Her pupils suddenly constricted and she gently rubbed her palm. She instructed coldly, "Don't panic. Tell me what exactly happened!"

Mo Wu had never been very good at organizing his words. Now, he was so anxious that he stammered incoherently.

If he couldn't explain it clearly, he might as well stop talking. "Ms. Mo, Young Master is trapped in the Kang family. I'm already waiting for you at the entrance of the research institute. We'll talk about the details when we meet!"

When she heard this, Mo Zhu agreed in a low voice and hung up the phone cleanly. Then, she raised her hand and patted Meng Ran's shoulder. She instructed coldly, "I have something urgent to attend to and I'll be out of the research institute for a while. If I don't rush back tonight, help me hide it for a while!"

When Meng Ran heard this, she frowned tightly. "But Sister Mo, there are many people guarding the research institute now..."

Before she could finish, Mo Zhu turned around and walked straight to the wall beside the dining room. She propped herself against the wall and disappeared from their sight in a few jumps.

When Zhang Qi saw this, he smiled and looked up at Meng Ran. "Instead of worrying about Sister Mo, you should think about how to improve your results!"

Chapter 336 Heading to the Kang Family

Mo Zhu moved very quickly and arrived at the entrance of the research institute in a few minutes. At this moment, Mo Wu's car was parked not far away from the main entrance, waiting quietly for her.

Seeing Mo Zhu walk over, Mo Wu got out of the car instantly and opened the door of the back seat, signaling her to take a seat. "Ms. Mo, Young Master is trapped in the Kang family and can't come out for the time being. The Kang family has already informed the Huo family about the situation there. Apart from the fact that the old master is not in good health and didn't come personally, many people from the Huo family have gone to the Kang family." Mo Wu's voice was a little anxious. After following Huo Xuan for so many years, he naturally knew that other than Huo Tao and Chen Man, the other elders in the Huo family were all scheming.

Mo Zhu looked up and glanced at Mo Wu indifferently. She got into the car and closed the door casually. After Mo Wu returned to the driver's seat, she said coldly, "What's the situation over there now? How's Huo Xuan?"

SO

Mo Wu started the car and turned the steering wheel to the side of the road to answer the girl. "Young Master had accidentally eaten something in the Kang family. He suddenly fell unconscious half an hour ago and his entire body was burning. Mo Jiu had already rushed over to take a look, but his ability is limited, so he can't find out what's wrong with him."

After a pause, Mo Wu spat angrily at the thought of the Kang family's faces. He continued angrily, "That bunch of shameless people from the Kang family. Young Master is already in this state and they still refuse to let him go. They said that they had to get the Huo family to come and give the Kang family an explanation. Otherwise, they definitely won't let Young Master leave so easily."

When Mo Zhu heard this, she lowered her eyes and rubbed her palms calmly. After a while, she seemed to have thought of something and asked Mo Wu with a frown, "Why did Huo Xuan go to the Kang family today?" In the past few days, the two of them had been contacting each other on their phones every day. Mo Zhu knew that Huo Xuan had been investigating this inexplicable kidnapping case. If he had any spare time, he would use it to deal with trivial matters in Southeast Asia. There shouldn't be anything that required him to go to the Kang family. She couldn't understand why Huo Xuan wanted to go to the Kang family at this juncture.

Could it be that he wanted to inform the Kang family about Kang Wan? That shouldn't be the case. Something that could be explained by a phone call, Huo Xuan shouldn't rush to go there personally.

Mo Wu looked up at the car behind him through the rearview mirror and replied in a low voice, "Ms. Mo, you might not know this, but a while ago, when we were still in Cloud

City, the Huo Corporation's office system was suddenly attacked by a mysterious person. Not only did that person attack our website, but he also obtained the information compiled by the subsidiary of the Huo family with the best development."

"And that fake bomb at the Huo family's house last time. It's said that it was also done by the same person. Although these things have happened a few days ago, that person is very powerful. Our people can't find any useful clues. Young Master said that the mysterious person should be targeting him, and he asked us to stop investigating for the time being and wait and see."

Upon saying this, Mo Wu was no longer nervous. His words were extremely smooth. "This morning, Young Master suddenly received a message from an unknown number. It said that if Young Master wants to know who he is, you have to come to the Kang family immediately. In order to investigate the mysterious person behind this, Young Master put down the other matters on hand and rushed to the old mansion of the Kang family."

After hearing the cause of the matter, Mo Zhu's fingers gently tapped the armrest of the chair beside her. She pondered for a moment and asked, "What unclean things did Huo Xuan eat in the Kang family?"

Mo Wu recalled carefully and shook his head a few seconds later. "Ms. Mo, Young Master has been very careful ever since he entered the Kang family. I've never seen him drink a mouthful of water, let alone eat anything." When Mo Zhu heard this, her expression instantly darkened. According to Mo Wu's description, Huo Xuan should have been poisoned, but to be able to poison someone so easily without eating, the other party was probably an expert with some means.

After hearing the cause of the matter, Mo Zhu’s fingers gently tapped the armrest of the chair beside her. She pondered for a moment and asked, “What unclean things did Huo Xuan eat in the Kang family?”

According to Mo Wu’s description, Huo Xuan should have been poisoned, but to be able to poison someone so easily without eating, the other party was probably an expert with some means.

Chapter 337 Arriving at the Kang Family

“Have you finished explaining everything? Did you leave anything out?” Mo Zhu’s voice was cold.

Mo Wu raised his hand and touched his head. He pondered quietly for a while before he suddenly recalled something and replied anxiously, “I remember now. After Young Master arrived at the Kang family, he had been sitting in the living room. After that, the eldest daughter of the Kang family came back. Once she saw Young Master, she came up and hugged his arm, refusing to let go. Many of the elders of the Kang family were present at that time. Young Master was surrounded and pulled into the study. Then, a group of people came and asked Mo Qi and I to go out. The two of us felt that something was wrong and we barged into the study room. In the end, when we arrived, there was only the unconscious Young Master who was poisoned and Kang Ying who was lying on the bed naked.”

Mo Zhu nodded and said coldly, “Alright, I understand.”

After saying this, she looked out the window. No one knew what she was thinking about, but she didn’t take the initiative to speak again.

Mo Wu looked at Mo Zhu’s unhappy expression through the rearview mirror. He understood the girl’s temper and did not dare to say anything now. He could only step on the accelerator and increase the speed of the car, trying to reach the Kang family as soon as possible.

Ten minutes later, the car stopped at a famous villa area in the middle of Beijing.

After finding the entrance of the Kang family's old mansion, Mo Wu pushed the door open with Mo Zhu and walked in.

Just as the two of them arrived in the courtyard, they heard a sharp female voice shout from afar, "You want to take Huo Xuan away? Impossible! Your son has tainted our daughter and you want to leave? Unless I die, the Huo family has to give the Kang family an explanation for today!"

After a pause, there was another conflict. That person continued to roar, "Huo Tao, Old Master Huo is still alive and it's not your place to call the shots in the Huo family. If you insist on taking your son away, that means you have openly fallen out with the Kang family. We will take revenge for the humiliation the Huo family has suffered today sooner or later!"

When Mo Zhu heard this, she thought that the situation might not be optimistic. She quickly walked two steps to the entrance of the villa.

As she had expected, the person standing at the entrance and cursing the Huo family was Lin Yuan from the Kang family.

She was wearing casual home clothes, and her hair was messy behind her. At this moment, she did not look like a wealthy lady at all, as if she had fought with someone. She looked like a crazy person who was begging on the street.

She looked around quietly and realized that it was really as Mo Wu had instructed. Apart from Old Master Huo, the elders of the other families had all arrived before her. Besides these people, there were also some unfamiliar faces standing around. According to her estimations, they should be relatives of the Kang family.

Mo Zhu quietly sized up the expressions of everyone. Apart from Huo Tao and Chen Man, the rest of the Huo family looked like they were watching a show. She glanced at them coldly and brought Mo Wu to the door. She pushed the door open and was about to go to the study to look for Huo Xuan.

Unexpectedly, just as she walked to Lin Yuan, she reached out and stopped her. "Stop. Who allowed you to enter the Kang family's house? Where are the security officers? Someone chase her out. Outsiders are not allowed to enter the Kang family's house as they please."

When Lin Yuan said this, Chen Man, who was standing quietly at the side, was unhappy. She suddenly took two steps forward and shielded Mo Zhu behind her. She said in an unhappy tone, "Lin Yuan, what are you saying? Xiao Zhu is the daughter-in-law of the Huo family, how can she be an outsider? Besides, our Xuan'er is still lying in the room. Can't his wife go in and take a look?"

Upon hearing Chen Man's words, Lin Yuan glared at Mo Zhu and said sternly, "This is the Kang family's territory. No matter what you say, I won't let her in. No one has the right to let this girl in!"

Chapter 338 Endless Arguments

When Chen Man heard this, her anger rushed to the top of her head. She did not care about etiquette and directly pointed at Lin Yuan and reprimanded, "Because the Huo family and the Kang family are in-laws, I've always turned a blind eye to the Kang family's insatiable actions. I didn't expect that you would actually push your luck and do such a thing today, saying such things! Not only did you plot to frame my son, but you even rejected my daughter-in-law from entering!"

After a pause, she took a deep breath and continued, "Lin Yuan, I'm telling you that Mo Zhu is the legitimate daughter-in-law of the Huo family. Since you've openly fallen out with us on account of our relationship, let's go our separate ways from now on!"

Upon hearing Chen Man's words, Huo Qing, who was standing beside Lin Yuan and watching the show quietly, could not hold back anymore. Her expression turned cold, and she frowned unhappily as she said, "Sister-in-law, what you're saying is a little wrong. The Huo family is now under the control of the old master. How can we stop interacting just because you say so? My father will definitely not make things difficult for the Kang family because of a little girl!"

Although Huo Qing was indeed the daughter of the Huo family, she had already married into the Kang family and became their daughter-in-law. If the relationship between the two families was not good because of Mo Zhu, she would definitely not have a good life in the future. She gave Mo Zhu a cold glance and, like Huo Lian, she bore a grudge against Mo Zhu in her heart.

Seeing that her sister-in-law and Lin Yuan were venting their anger on one another, Chen Man sneered and pulled Mo Zhu's hand. As she brought her into the house, she said, "I don't care what you say. It's natural for Mo Zhu to visit Xuan'er today. As long as I'm here, no one can stop her from entering!"

After saying this, Chen Man grabbed Mo Zhu's hand and brought her to the study room Huo Xuan was in, ignoring the people from the Kang family who were shouting at the door.

As she watched the two of them leave coolly, Lin Yuan's face turned red with anger. She pointed in Chen Man's direction and stammered as she cursed at them.

After arriving at the study room's door, Chen Man opened it and turned around to stand outside. She touched Mo Zhu's hand comfortingly and said softly, "Girl, I won't go in to disturb you from treating Xuan'er. Don't worry, after you go in, you just have to focus on treating Xuan'er. I'll guard the door for you. No one can disturb you!"

When Mo Zhu heard this, she gently shook the woman's hand back. She understood Chen Man's concern for Huo Xuan and replied indifferently, "Auntie, don't worry. Huo Xuan will be fine!"

After saying this, Mo Zhu did not delay any longer. She pushed the door open and walked

in.

In the Kang family's study room, there was only a single bed. At this moment, Huo Xuan was lying on the bed with a burning body and a flushed face. Besides that, there was a deep wound on the man's palm.

Upon seeing this scene, Mo Zhu frowned and looked at Mo Jiu, who was sitting by the bed. She asked unhappily, "Didn't Mo Wu say that Huo Xuan was only unconscious? What's with the wound on his palm?"

Seeing the large amount of blood on the man's shirt, Mo Zhu exuded a cold aura, her eyes filled with ruthlessness and determination.

It was best if this matter wasn't done by the Kang family. Otherwise, she would definitely make this group of ignorant trash pay the price for Huo Xuan's injuries!

Mo Jiu was at a loss as he used an ice pack to cool Huo Xuan down. Suddenly, he saw Mo Zhu walk in and heard the girl's question. He replied anxiously, "Ms. Mo, the wound on his hand was cut by Young Master himself." Afraid that Mo Zhu wouldn't believe him, Mo Jiu explained in detail, "It was an urgent situation at that time. After Mo Wu realized that something was wrong with Young Master, he called me and hurriedly drove to pick you up. It was Mo Qi who told me that Young Master had woken up for a short half a minute after he left. This poison was a little strange and Kang Ying was lying naked beside him. In order not to be schemed against by others, he had cut himself!"

Chapter 339 Aphrodisiac Poison

When Mo Zhu heard this, her eyes darkened. Her heart ached as she looked at Huo Xuan, who was lying quietly on the bed. Then, she quickly walked to the bed and raised her hand to feel the man's pulse.

Half a minute later, seeing Mo Zhu frown slightly, Mo Jiu asked nervously, "Ms. Mo, what medicine was used on Young Master?"

Mo Zhu glanced at Mo Jiu coldly and looked up. "Medicine? He's poisoned!"

Mo Jiu touched his chin and continued in confusion, "That shouldn't be the case, Ms. Mo. When I arrived here just now, I took a tube of Young Master's blood and did a simple test. The results showed that there was no poison in Young Master's blood."

As if he was afraid that Mo Zhu wouldn't believe him, Mo Jiu raised his finger and pointed at a small testing machine placed on the desk not far away.

When he received a call from Mo Wu just now and asked about Huo Xuan's symptoms in detail, the first thing he did was suspect that Young Master had been poisoned, so he specially brought a blood test machine over. He didn't expect that after drawing blood, the results would show that he wasn't poisoned. Thus, he was helpless and could only use a physical cooling method to help Huo Xuan dissipate the heat.

After hearing Mo Jiu's words, Mo Zhu lowered her eyes and pondered for a moment. She neatly tore Huo Xuan's shirt and gently reached for the man's heart.

A few seconds later, the girl did something. Huo Xuan suddenly coughed violently and tilted his head, coughing out a pool of dark blood.

When Mo Zhu saw this, she retracted her hand and went to the desk. She casually picked up a pen and quickly wrote a few names of the herbs on a blank piece of paper. She handed the prescription to Mo Jiu and said in a low voice, "Follow this prescription and grab the medicine. Send someone to send it over as soon as you're done brewing them."

After saying this, Mo Jiu nodded. He immediately took the prescription and rushed out to find the pharmacy to get the medicine.

Once Mo Jiu left, Xu Huan rushed over.

This morning, he had been arranged by Huo Xuan to attend a video conference with Southeast Asia. Just as the conference ended, he had received this earth-shattering news. Once he heard that something had happened to Huo Xuan, he immediately rushed over anxiously.

After understanding everything from Chen Man and obtaining Mo Zhu's permission, he sat by Huo Xuan's bed and sighed, blaming himself. "It's all my fault for what happened today. If I had known that the Kang family was so despicable, I would have handed the video conference work to Mo Qi. If I had come here with Brother Huo, the Kang family wouldn't have dared to poison him so openly!" When Mo Zhu heard this, she took the medicine box Mo Jiu had brought and bandaged the wound on Huo Xuan's palm as she said lightly, "If the Kang family wants to play tricks, it's useless no matter who comes. The poison in Huo Xuan's body was specially bought by the Kang family to deal with him. It's the same as what you've found previously. This is a new poison that the machine can't detect. If I'm not wrong, as long as it comes into contact with the skin, the poison can invade the human body!"

When Xu Huan heard this, he glanced worriedly at Huo Xuan, who was lying on the bed. He said angrily, "Those people are too detestable! If I find out who the mastermind

is, I'll definitely destroy their nest. They actually developed so many harmful poisons. Aren't they afraid of retribution!"

Mo Zhu slowed down her movements and disinfected the wound on Huo Xuan's palm. After applying the medicine, she gently wrapped the man's palm with gauze. After settling all of this, Mo Jiu happened to come in with the medicine that had been brewed. Mo Zhu took the medicine and helped Huo Xuan in finishing it. She raised her hand and knocked on her knees.

Seeing that Huo Xuan was still asleep, Mo Zhu turned to look at Mo Jiu, who was standing at the door, and asked with a frown, "Do you know where Kang Ying is now?"

Chapter 340 Not Allowing Him to Leave

Mo Jiu nodded and replied without hiding anything, "She should have been sent back to her room by the Kang family."

Upon hearing this, Mo Zhu stood up and tidied up her clothes. She waved her hand casually and instructed in a low voice, "Take Huo Xuan back first. I'll go meet the Kang family."

Once Mo Zhu spoke, Mo Jiu instantly felt supported and more confident, as if he had heard Huo Xuan's personal order. Having worked with the girl so many times, Mo Zhu's status in his heart had already improved so much that it was almost comparable to Huo Xuan's!

Carrying Huo Xuan on his back, he followed Mo Zhu out the door.

Seeing their figures appear in the main hall, Lin Yuan rushed over from the entrance and raised her hand to stop them. She immediately cursed, "What? You want to take Huo Xuan away under my watch? Unless you give my Ying'er an explanation, there's no room for negotiation!"

When Xu Huan heard this, he immediately stood up and criticized Lin Yuan angrily, "Mrs. Lin, you're wrong, aren't you? Everyone knows what the truth is. If we really find out anything, we definitely won't be in the wrong. When Huo Xuan wakes up, we'll naturally come back to the Kang family to settle the scores. If you continue to deliberately stop us, not to mention what Uncle Huo and Auntie Chen will do, even our Xu family won't let this matter rest!"

At this moment, Xu Huan couldn't be bothered with the interests of his family. Everyone in the noble families in Beijing knew that he, Xu Huan, had grown up together with Huo Xuan since he was young. For the Kang family to dare to touch Huo Xuan under his watch, not only was it equivalent to falling out with the Huo family, but it was also equivalent to not respecting the Xu family. In that case, there was no need for him to show mercy to the Kang family.

After saying this, before he could continue to emphasize the seriousness of the matter, Lin Yuan had already taken a step forward and said angrily, "Good, very good. I don't care about the Huo and Xu families. Today, in the Kang family's territory, no one can take Huo Xuan away." After a pause, Lin Yuan took a deep breath and turned to look at the Kang family's bodyguard who was standing quietly at the door. She ordered in a low voice, "Someone come! Look after the Kang family's door and windows tightly. If anyone dares to break in to bring

Once she said this, everyone in the Huo family, excluding Huo Tao and Chen Man, retreated a few steps in fear and hid in the corner.

The Kang family had been developing better and better in recent years. Their abilities were far from what the other Huo family's branches could catch up to. In addition, the Kang family had recently developed quite a number of underground forces. Therefore, everyone in the Huo family knew that there were many skilled bodyguards and guards in the Kang family hiding in the dark. They were all afraid that Lin Yuan would be unhappy and ask someone to kill them.

In this situation, as the only male member of the Huo family other than Huo Tao, Huo Peng closed his eyes hard, gritted his teeth, and took two steps forward. He took the initiative to persuade Huo Tao, "Brother, it's really not good to go head-on with the Kang family now. As the saying goes, endure for a moment and everything will be calm. Take a step back and the world will be clear. Why don't you listen to my advice? Anyway, Xuan'er and this girl aren't married yet. Otherwise, we can take this opportunity to end the engagement. Compared to this country bumpkin, isn't it better to be closer to the Kang family?" When Huo Peng said this, the Huo family, who were already frightened by Lin Yuan and huddled in the corner, trembling silently, all pretended to go along with him. "That's right, Brother, Sister-in-law, Second Brother is right. Coincidentally, the Huo family and the Kang family are both here today. We can also be considered witnesses. Setting this marriage will definitely be beneficial to the two families."

"We watched Ying'er grow up too. The Kang family has been in-laws with the Huo family for so many years. Everyone knows each other well. It couldn't be any better if we were closer!"

"That's right, that's right. There have been so many new talents in Beijing recently, and the ranking difference between the noble families is getting closer and closer. In my opinion, since Mo Zhu, this country bumpkin, doesn't have any background, it won't help the Huo family's development in the future. Why don't we let Xuan'er marry Ying'er? That way, the Huo family and the Kang family can look out for each other!"

Chapter 341 Confrontation

Looking at the selfish expressions of these people in front of her, before Huo Tao could speak, Chen Man took a step forward and reprimanded coldly, "You don't have to worry about our family's matters. When Huo Xuan wakes up, we will definitely investigate this

matter thoroughly. If my son has really done something wrong to Ms. Kang, the Huo family will naturally give the Kang family an explanation. If not, then we don't have to explain any further!"

Just as he finished speaking, Huo Tao also frowned tightly. He looked at his relatives angrily and said unhappily, "No matter what happens, we only acknowledge Mo Zhu as our daughter-in-law. She is also a member of the Huo family recognized by the old man. If any of you slander her again, you will be determined to go against us!"

After a pause, seeing that everyone was hiding in the corner and not daring to speak, Huo Tao turned around and explained to Lin Yuan and the Kang family behind her, "Ms. Lin, now that the matter has developed to this point, why don't our families put it in the open and talk it out? I believe you all know better than the Huo family what happened to Xuan'er in the Kang family today. The Huo family only recognizes Mo Zhu as our daughter-in-law. If you want to use this method to stuff Kang Ying into my house, it's impossible!"

After saying this, he looked around and cleared his throat before continuing, "So, Ms. Lin, please make way for us."

When Lin Yuan heard this, she stretched out her arms stubbornly in front of everyone. Her gaze turned ruthlessly to Huo Tao's face and she shouted, "I still say the same thing. If you don't give the Kang family an explanation today, no one can walk out of this door!" After saying this, Mo Zhu did not wait for Huo Tao to speak. She took two steps forward and stood in front of Lin Yuan. She raised her eyebrows and asked indifferently, "Then tell me. What explanation does Madam want?"

Upon hearing Mo Zhu's words, Lin Yuan turned her head and gave her a glance. Then, she rolled her eyes in disdain and reprimanded, "A country bumpkin really lacks manners. How can you interrupt the elders? Hurry up and get lost!"

Mo Zhu smiled lightly and wasn't angry. Looking at the woman's exasperated face in front of her, she crossed her arms and said, "If I'm not wrong, Madam wants Huo Xuan to be responsible for Kang Ying, right? However, now that I've taken the position of Huo Xuan's fiancée, I'm afraid he can't make the decision on this matter alone."

When Lin Yuan heard this, her eyes glared at Mo Zhu as if they were about to spit fire, "Who do you think you are? Do you think you're worthy of standing in front of me and pointing at the matters of the Kang family?"

Seeing that the matter was in a deadlock, Mo Zhu waved her hand patiently. She did not argue with Lin Yuan and turned to instruct Mo Wu, "Place Huo Xuan on the long sofa at the back and let him rest there first. After everything is resolved, we'll bring him along!"

Realizing that Mo Zhu was ignoring her, Lin Yuan was even angrier. She patted her chest to calm herself down and prepared to continue mocking this wild girl who did not know her place.

Before she could speak, a man's voice suddenly sounded from behind. "I want to see who has the guts to behave atrociously in the Kang family's mansion!"

After saying this, the man slowly walked down the bend of the stairs from the second floor.

The person who came was the current master of the Kang family, Kang Ting, who was also Kang Ying's father. After the old master retired some time ago, he was the one who took over the position of the master.

Seeing that someone was bullying his wife, Kang Ting came to everyone with a dark expression. He looked like he wanted to support Lin Yuan.

Seeing this, Huo Tao was afraid that Mo Zhu would suffer. He raised his hand and placed it on the girl's arm, gently pulling her behind him to avoid the limelight. Unexpectedly, Mo Zhu seemed to understand his intentions and patted his hand comfortingly. Not only did she not retreat, she even took two steps forward under Kang Ting's gaze.

Chapter 342 The Master of the Kang Family

Seeing that Mo Zhu seemed like she wanted to do this the hard way at such a young age, Lin Yuan became even more confident after Kang Ting came. She stood in the middle of the main hall with her hands on her waist and raised her chin arrogantly, wanting to continue what Kang Ting had just said.

She did not expect that she would be stopped by Huo Qing just as she was about to flare up. Huo Qing looked up at Mo Zhu, who was acting as if nothing had happened, and secretly pulled Lin Yuan from behind. She leaned close to the woman and said softly, "Sister-in-law, don't be rash. This girl is so calm now. Maybe she has a trap waiting for us to jump into!"

When Lin Yuan heard this, she lowered her eyes and pondered quietly for a moment. She stared at Mo Zhu for a few seconds and felt that what Huo Qing said made sense. She did not say anything and turned her head coldly.

Although Huo Qing hated Mo Zhu a little now, after seeing what this girl had done in the Huo family's old mansion the last time, she knew that Mo Zhu was not a pushover. In places where others didn't know, she still had some ability.

She wanted to see how this girl would break out of this trap. Seeing that everyone was looking at each other and not saying anything, Mo Zhu looked up at Lin Yuan and Kang

Ting coldly. Then, she turned to Huo Tao and said, "Uncle Huo, why don't you leave today's matter to me?"

She glanced at Chen Man indifferently and added, "Both of you don't have to worry about such a small matter."

When Chen Man heard Mo Zhu's words, she was worried that Mo Zhu might act on impulse because she was young. She frowned slightly and grabbed the girl's hand in disagreement. She said in a low voice, "Xiao Zhu, listen to me. Be good and take care of Xuan'er. Leave this matter to your uncle and I!"

Chen Man could roughly guess what Mo Zhu was thinking, but this matter concerned the entire Huo family. She couldn't let this girl bear all the responsibility alone.

Through Zhang Fen's funeral last time, Chen Man knew that Mo Zhu's true identity might not be as simple as an ordinary high school student. However, as Mo Zhu's future mother-in-law, she could not sit back and watch the Kang family bully her!

Besides, the Kang family had developed quite well over the years. If Lin Yuan and Kang Ting refused to let go and insisted that Huo Xuan be responsible for Kang Ying, then the matter today would definitely not end well. At that time, not to mention the few of them present, even the entire Huo family would be implicated!

Knowing that Chen Man was worried about her, Mo Zhu held the woman's hand back and smiled as she said softly, "Auntie, I hate it the most when others covet my things, let alone watch others bully my people. Since they dare to do such a thing, I must make them pay the

price!"

When Chen Man heard this, she looked at the girl's firm gaze in front of her. For a moment, she could not make up her mind. She looked up at Huo Tao, not knowing what to do. The man followed her gaze and nodded. "Let's do as Xiao Zhu says. She is Xuan'er's fiancée after all. It's perfectly legitimate for her to deal with this matter. Let's not interfere!"

After saying this, Huo Tao came to the two of them. He pulled Chen Man and silently took two steps back to stand behind Mo Zhu. He patted the girl's shoulder and reminded her in a low voice, "Xiao Zhu, don't worry about the Huo family. Since you're a member of the Huo family, everything you do represents the Huo family's intentions. You just have to relax and deal with this matter as you want. The Huo family will always be your backing."

Although Huo Tao did not know Mo Zhu well, most of it came from Chen Man's evaluation and praise of the girl, he could tell from the girl's actions that Mo Zhu was not

as simple as she looked. She did not seem like someone who would do something she was not confident in.

Therefore, he was rather relieved to leave this matter to Mo Zhu. If this girl wanted to solve it herself, the Huo family would definitely support her with all their might. Everyone with discerning eyes could tell that it was the Kang family who had shed all pretense of cordiality and schemed against Huo Xuan. With such despicable people in the Kang family, they didn't have to care about their past relationships with them!

Chapter 343 Official Confrontation

Upon hearing Huo Tao's words, Mo Zhu's nose turned slightly sour. For no reason, she felt touched.

She knew that these two elders of the Huo family really loved and treated her well from the bottom of their hearts. Ever since her grandmother passed away, she had not been so firmly trusted and protected for a long time.

In that case, the Kang family could not continue to bully the Huo family in such a high and mighty manner.

Thinking of this, Mo Zhu turned to look at Kang Ting, who was standing at the staircase silently sizing her up. She understood that he should be someone from the Kang family who could make decisions. She said coldly, "Alright, now we can talk about how to solve this matter!"

Upon hearing Mo Zhu's arrogant tone, Lin Yuan shouted angrily, "Does the Huo family look down on the Kang family so much? How dare they let such a young girl talk to the head of the Kang family. Who do you think you are to stand in front of us and speak so confidently?"

Mo Zhu glanced at Lin Yuan coldly, raised her eyes and said disdainfully, "I am someone who can make decisions for the Huo family now, but you can't!"

After a pause, she raised her eyebrows and continued, "I don't talk nonsense with irrelevant people. Whoever has the final say in the Kang family has the right to talk to me."

"You!" Lin Yuan was so angry that her chest heaved up and down violently. She raised her hand and patted her chest hard to catch her breath.

"I wonder if I have the right to discuss the problem with Ms. Mo?"

The person who spoke was Kang Ting. Just now, before he came down from the stairs, he had already noticed that this little daughter-in-law of the Huo family was a little unusual, although she looked like an ordinary high school student who was relatively

good looking. However, in the face of so many elders in such a tense situation, she could still deal with the matter and solve the problem without batting an eyelid. She could even mobilize Huo Xuan's subordinates and confidants. This was enough to prove that this girl had something. After he went downstairs just now, he had been observing this little girl quietly. What shocked him was that this girl actually had an inexplicable intimidating aura. It could be seen that her strength could not be underestimated!

Mo Zhu glanced at Kang Ting and asked bluntly, "Who are you?"

Kang Ting took a step forward and replied authoritatively, "The head of the Kang family."

"Alright, this identity is barely passable." Mo Zhu nodded, looking reluctant.

When Lin Yuan saw this, she was so angry that she almost vomited blood.

The master of the Kang family had personally come to discuss the problem. This little girl who was still wet behind the ears actually had a look of disdain. She was really arrogant!

Hearing this, Kang Ting looked up at Mo Zhu and said in a deep voice, "Since Ms. Mo can represent the Huo family, let's not waste time. Let's get to the main topic."

After a pause, he added, "I wonder if Ms. Mo has a perfect solution for both worlds?"

Mo Zhu rubbed her palms slightly as a cold glint flashed across her eyes. She looked back at Kang Ting unhappily and said, "I don't have a way to get the best of both worlds, but if the Kang family can take out half of their assets and kill the person who poisoned Huo Xuan, perhaps I can consider sparing you this time."

Upon hearing the girl's words, everyone present looked at Mo Zhu in disbelief.

Seeing how Mo Zhu negotiated with the Kang family's master so readily, they thought that this girl had thought of how to compensate the Kang family. They did not expect her to be so bold as to say such words!

At this moment, before Lin Yuan could react, Huo Qing could not help but be amused by the girl's words. She looked at Mo Zhu coldly and said angrily, "Girl, where did you get the confidence to say this to the head of the Kang family in front of so many elders? You're asking for it yourself, don't implicate the entire Huo family!"

Chapter 344 Tit for Tat

Following Huo Qing's words, Kang Ting couldn't help but laugh. "Ms. Mo, I think you might have misunderstood this matter. The current situation is that Huo Xuan bullied my

daughter and needs to give the Kang family an explanation. It's not that the Kang family owes the Huo family!"

When Mo Zhu heard this, she raised her eyebrows and waved her hand disapprovingly. "I'm not negotiating with you about who's right and who's wrong in this matter. Your mouths are all on yourselves. It's your own business how you want to argue. I only want your attitude on it now."

After a pause, Mo Zhu put on an impatient expression and continued, "Are you going to take the initiative to agree to this compensation to solve the problem peacefully, or are you forcing me to do it personally?" After saying this, Mo Zhu casually glanced at the ugly expressions of the Kang family. She took out her phone lazily from her pocket and turned on the screen to look at the time. "I'll give you three minutes to consider. I've always been impatient."

Upon hearing this, Kang Ting's anger rushed from his chest to the top of his head. He raised his hand and slammed it on the armrest of the corridor beside him. He said angrily, "What a joke! What a huge joke. A little girl dares to talk about conditions in front of me so shamelessly. Alright, so what if I don't agree? I want to see what you have!"

Kang Ting looked coldly at Huo Tao and Chen Man, who were standing firmly behind Mo Zhu, and continued, "Since the Huo family is so insincere in solving matters, don't blame us for being ruthless!"

When Huo Tao heard this, he knew that Kang Ting's words were for him. Considering that the other party might want to attack the Huo family, he quietly leaned close to Chen Man, who was beside him. He touched the woman's arm and said softly, "I'll watch Xiao Zhu here first. Hurry up and inform the Huo family. Ask half of them to guard the Huo family mansion to protect the old man while the other half come to the Kang family to provide support. From the looks of it, the Huo and Kang families have no choice but to fight today."

Chen Man nodded and looked around cautiously. Then, while everyone was looking at Mo Zhu and Kang Ting, she secretly moved to the corridor and made a call.

When the people from the Kang family heard Kang Ting's words, they naturally understood that the Huo family had really angered the master. They were not anxious anymore. After all, Kang Ting had relied on his decisive and efficient personality to become the master of the house.

At the thought of Kang Ting getting angry, everyone looked at the Huo family with pity.

Seeing that Mo Zhu was standing neither servile nor overbearing and was not affected by his words at all, Kang Ting raised his hand and waved a subordinate to his side. He instructed the person softly and looked up at Mo Zhu with a benevolent expression. He reminded her, "Girl, don't blame me for bullying you as an elder. How about this? I'll

give you five minutes to consider it. If you kneel down and apologize for your actions just now, perhaps I can forgive you for this matter!”

When Mo Zhu heard this, she did not even look up. She did not spare Kang Ting a single glance as she stared at the time on her phone.

Soon, three minutes passed. Mo Zhu lazily placed her phone back into her coat and looked at the Kang family nonchalantly. She walked to the side and made a call.

A few seconds later, the call was picked up. Before the person on the other end could answer, Mo Zhu’s cold voice came first. “Listen up. From this moment onwards, I want you to immediately buy the companies and industries under the Kang family. The money needed to buy the industries can be doubled and deducted from the old man’s treatment fees. If you can destroy the Kang family, I won’t take a single cent of the fees we discussed previously. Besides that, I’ll treat your illness for free!”

Chapter 345 Starting to Take Action

Upon hearing Mo Zhu’s words, the person on the other end of the phone was very excited. He panted heavily and replied impatiently, “Really? Ms. Mo, leave this to me. Don’t worry, I’ll do it immediately!”

When Mo Zhu heard this, she did not say anything else and hung up the phone before returning to the main hall.

The beeping sound of the phone being hung up came from the receiver. Lu Zheng stood up excitedly and urgently informed the companies that the Lu family had made profits from to mobilize the liquid funds to purchase the Kang family’s business as soon as possible.

One of the managers asked him about this sudden and inexplicable acquisition in confusion. Lu Zheng replied with a laugh, “Don’t ask so much. Do your best to destroy the Kang family. No matter if it’s a company or another project, as long as it’s under the Kang family, you have to snatch it over at any cost! This is a rare opportunity!”

Ever since the old master fell ill, Lu Zheng had spent a lot of effort and money to treat his illness. This matter had already made many of the Lu family’s relatives and friends unhappy. A few days ago, they had promised Mo Zhu that they would take out all the Lu family’s assets and funds. Just as he was worried about what to do, Mo Zhu happened to call!

What was even more unexpected was that Mo Zhu was actually willing to treat him. He knew his body very well. After so many years, his broken body had carried so much poison and he was already at the end of his rope. He really did not expect Mo Zhu to have a way to treat his illness. Besides that, as long as he destroyed the Kang family, she would agree to not take a single cent. This was simply a pie that fell from the sky to

him and the entire Lu family. It was a good thing that he did not even dare to think about!

At this moment, in the Kang family's mansion.

Even after Mo Zhu finished her phone call and returned to the main hall, it was still not 5 minutes yet.

After exercising her wrists and ankles briefly, Mo Zhu glanced coldly at the Kang family and frowned unhappily. "It's time. Who should I start with?"

After a pause, she looked up at Lin Yuan, who had cursed the most ruthlessly just now. She said with a cold expression, "It's you then."

After saying this, before everyone could react to what she meant, Mo Zhu's figure suddenly disappeared in front of everyone.

Almost at the same time that the girl disappeared, two cracking sounds of bones breaking suddenly came from the main hall. Then, Lin Yuan screamed miserably, "Ah! It hurts! My hand! Who broke my hand!"

When everyone heard the voice, they looked in Lin Yuan's direction. At this moment, the woman's face was already twisted to the extreme. She was bent in pain, and as she screamed loudly, Lin Yuan's two wrists were hanging weakly. Under her violent trembling, it looked like she was wearing inappropriate prosthetic hands.

As for Mo Zhu, she stood not far away from Lin Yuan and sneered at the scene in front of her.

"You! How dare you attack the Kang family in the Kang family's mansion!" Kang Ting looked at Lin Yuan's painful expression and looked at Mo Zhu in shock.

This girl actually dared to attack the Kang family in front of so many people. Furthermore, Lin Yuan was his wife. Touching her was equivalent to openly looking down on him, the family head!

Thinking of this, Kang Ting was already furious.

Not to mention him, even Huo Tao and Chen Man, who had been standing in silence in the hall, were shocked by the scene in front of them!

The two of them had traveled extensively for so many years and had seen much of the world. At this moment, they did not expect Mo Zhu to be so bold as to cripple Lin Yuan's hands in front of Kang Ting.

Thinking that with Kang Ting's personality, he would definitely not let the matter rest easily, Huo Tao anxiously called Mo Wu over and instructed in a low voice, "Quickly go out and see if the Huo family's backup is here. Count how many of our people are outside now. Tell them to rush in immediately if anything happens!"

Before the two of them came to the Kang family, Huo Tao was afraid that something would happen and had arranged for a team of Huo family bodyguards to hide near the Kang family's mansion. Now that the situation was urgent, if the people Chen Man had asked for did not arrive in time, their safety would be dependent on the bodyguards hiding in the dark!

Chapter 346 Kang Ting's Was Furious

Due to this unexpected incident, everyone in the main hall was in a mess. Seeing this, Mo Wu quickly accepted the mission and went out to check the number of people.

Before Kang Ting could take action, Mo Zhu retreated to the Huo family's side first. She stared coldly at the Kang family and said in an unfriendly tone, "I'll give you five more minutes to hand over the person who poisoned Huo Xuan. If you still refuse to realize your errors when the time comes, I'll cripple the hand of another member of the Kang family!"

"How dare you!"

Kang Ting was so angry his chest heaved up and down violently. He roared with a dark expression, "You little girl, how dare you behave atrociously in the Kang family's territory openly. Good, very good! Today, you'll cripple my wife's hands. I'll kill everyone in the Huo family!"

After saying this, Kang Ting waved his hand behind him in anger. "Someone! Take down the Huo family. Don't let a single one of them off!"

When Huo Tao heard this, he looked up at the main hall where screams were coming from. He reached out and hugged Chen Man and Mo Zhu. He comforted the two of them and said in a low voice, "Don't worry. I've already gotten Mo Wu to arrange for people. Wait a while longer. When they rush in, we'll take advantage of the chaos here and escape!"

When Chen Man heard this, she nodded obediently. She pulled Mo Zhu with all her might and shielded the girl behind her. She stared at the movements of the Kang family's bodyguards around her nervously and said, "Xiao Zhu, there's a suitable opportunity later. Leave here first. Don't worry about your uncle and me. In this situation, we'll run as fast as we can!"

Huo Tao agreed and said, "Yes, girl. When Mo Wu brings people over later, you and Huan'er can escape first. The two of them have been with Xuan'er since they were

young. Their martial arts are definitely not weak. With them protecting you, you can definitely escape the Kang family!"

Xu Huan, who was taking care of Huo Xuan by the sofa, was also shocked by this sudden situation. Ever since Mo Zhu decided to deal with this matter personally, in order to make the girl feel relieved, he consciously came to Huo Xuan's side and took on the responsibility of looking after a man. At this moment, the main hall suddenly started fighting. He looked at the situation on Mo Zhu's side in a daze and did not know who to protect first.

Huo Tao and Chen Man's words rang in Mo Zhu's ears. When she heard their firm tone, her eyes instantly welled up with tears. Ever since she came to the Huo family, these two elders had always treated her sincerely. Their care and concern for her were like how they treated their own daughter.

Regardless of whether they believed in her choice just now to support her or now that their lives were in danger, they were not thinking about escaping secretly. Instead, they were protecting her and reminding her to be careful.

Thinking of this, Mo Zhu couldn't help but sniffle. She secretly placed Huo Tao and Chen Man in the same position as her grandmother.

Mo Zhu touched Chen Man's hand comfortingly. Just as she was about to speak, she did not expect to hear Xu Huan, who was squatting beside the sofa not far away, shout, "You're awake, you're awake. Little Bamboo, Brother Huo is awake!"

Upon hearing this, Mo Zhu couldn't care less about anything else. She quickly glanced at the Kang family's bodyguards surrounding the three of them and suddenly raised her hand to knock down a few people who were in the way. In a flash, she moved to the sofa!

Seeing Huo Xuan open his eyes weakly, Mo Zhu placed a hand on the man's back and gently helped him up, leaning him against the sofa.

As she was worried about Huo Xuan's condition, Mo Zhu frowned and checked Huo Xuan's pulse nervously. A moment later, she heaved a sigh of relief and said lightly, "The poison in your body has almost been expelled. The remaining poison is nothing to be afraid of. Just allow your body to absorb it slowly in the future."

After Huo Xuan woke up and saw the messy scene in front of him, he understood why after some thought. With the help of Mo Zhu and Xu Huan, he forced himself to stand up. He looked in the direction of Huo Tao and Chen Man and said softly, "Dad, Mom, take Xiao Zhu away first. Leave this to Xu Huan and me."

After saying this, he gently raised his arm that was tightly held by Mo Zhu and signaled the girl to listen and leave with the two of them.

Chapter 347 Huo Xuan Wakes Up

When Mo Zhu heard this, a firm glint flashed across her eyes. She replied in a low voice, "Let Xu Huan bring the two elders away first. He's weaker than me. I can protect you by staying here!"

When Xu Huan heard this, he understood that Mo Zhu was right. He frowned as he looked at the Kang family and the Huo family, who were tangled together and it was impossible to tell them apart. He lowered his eyes and thought for a few seconds before replying, "Brother Huo, Little Bamboo is right. I should bring Uncle and Auntie away first. With her here to solve this matter with you, I can be rest assured!"

After a pause, he recalled that Huo Xuan's body was very weak and he had just woken up from his unconscious state. He continued, "You have to pay more attention to your body. This poison looks very poisonous to me. After I send the two of you out of the Kang family, I'll immediately instruct our people to pick you up."

After saying this, Xu Huan didn't delay any longer. He cleverly walked around the Kang family's bodyguards and arrived beside Huo Tao and Chen Man in no time.

Seeing that Xu Huan was about to escape from the Kang family with the two of them, Kang Ting's eyes were filled with anger as he roared, "Send more people to block the door. Before this matter is resolved, no one from the Huo family can leave today!"

When Huo Xuan heard this, a cold glint shot out of his eyes. He looked at the Kang family in front of him coldly, and his entire body instantly emitted a wave of pressure. "Master Kang, you're wrong. It's not that the Huo family can't leave today, but I'm afraid your Kang family won't be able to have a good

After saying this, he raised his right hand and made an abrupt gesture. He ordered in a low voice, "Inform the Dark Forces to take action. Don't leave a single person from the Kang family alive!"

Just as he finished speaking, Mo Jiu, who had been hiding in the dark since just now, received the order. He calmly took out a whistle from his pocket, placed it by his mouth and blew a tune that others couldn't understand.

Just as the whistle was blown, the grass outside the Kang residence instantly stirred. Immediately, dozens of mysterious people in black appeared outside the door.

This group of men in black exuded a murderous aura from head to toe. Not only were they covered in black from head to toe, but they also wore black helmets that were rarely seen on the market.

Following Huo Xuan's orders, these people quickly rushed past the Kang family's bodyguards. In a few minutes, the Kang family was wiped out by this group of men in black who had suddenly appeared without a sound.

Xu Huan, who was escaping to the entrance of the Kang family with Huo Tao and Chen Man, heaved a long sigh of relief as he protected the two elders and ran in the direction of the car.

The Dark Forces had arrived. Under their protection, Huo Xuan and Mo Zhu would definitely leave the Kang family safe and sound.

Xu Huan had received the news of the accident in the afternoon in too much of a hurry. As he hadn't come with Huo Xuan, he didn't know that he had instructed the secret troops to ambush at the Kang family's old mansion. If he had known this news earlier, he wouldn't have been so worried. After all, he knew very well how powerful the secret troops were!

At this moment, in the old mansion of the Kang family, under the massacre of the Dark Forces, the Kang family had already suffered quite a number of casualties. Kang Ting did not expect such a huge change to happen suddenly and he was instantly stunned on the spot.

Seeing that the Huo family's strength had the upper hand, and considering the poison in Huo Xuan's body, a dark glint flashed across Mo Zhu's eyes. She raised her hand high and placed the man's arm on her shoulder. After taking over half of Huo Xuan's bodyweight, she said in a low voice, "Your poison hasn't been completely cured. We can't stay here for long. Let's leave this place first."

Chapter 348 Another Unforeseen Event

After saying this, and after Huo Xuan nodded in agreement, Mo Zhu carefully helped him to the small courtyard outside the old mansion.

Unexpectedly, before the two of them could get into the car and leave, the people from the Dark Forces who were fighting in the house were suddenly sent out of the Kang family one after another.

Everyone was struck in the chest by a mysterious force. They did not have the time to wait for help and died on the spot.

Mo Zhu watched this scene from afar. A few seconds later, she seemed to have thought of something and her expression changed drastically. She brought Huo Xuan along and quickly took a few steps forward. She raised her hand and called Mo Jiu to help her support Huo Xuan. Mo Zhu glanced in the direction of the Kang family's old mansion and said coldly, "Take Huo Xuan and leave first!"

Just as she finished speaking, a few more people were sent flying out of the house and landed at Mo Zhu's feet. She squatted down and roughly checked the injuries of the man in black. She quickly took out acupuncture needles from her pocket and inserted them into a few acupuncture points on the injured person. Then, she protected Huo Xuan and Mo Jiu as she retreated and said, "The Kang family has an expert. Let's go!"

In that instant just now, Mo Zhu acutely sensed danger. Although she did not know why the Kang family had a top-notch expert who could kill with one strike, after a simple check of the black-clothed person's injuries, Mo Zhu could conclude that this person had used internal energy and his strength could not be underestimated!

In the blink of an eye, before the three of them could run a few more steps, a young man in a black robe walked out from afar.

As he walked, he casually dealt with the men in black from the Dark Forces who were blocking him. He killed everyone one by one without any effort.

Although the black-robed youth's palm strike was casual, under careful observation, every palm landed accurately on the injured person's heart without any errors!

When Mo Zhu saw this, she frowned tightly. Seeing the distance between her and the young man shrinking, she lowered her eyes and instructed Mo Jiu, "Hurry up and leave with Huo Xuan. There's no time!"

After saying this, before Mo Jiu could agree, Huo Xuan suddenly grabbed the girl's hand and said firmly, "I'm not leaving. Xiao Zhu, I can't leave you alone to face such a strong opponent!"

He had noticed this mysterious young man the instant the black-robed man appeared. Although Huo Xuan hadn't fully recovered from the poison and his reaction speed was a little slower than before, from his previous experience against so many enemies, this person was definitely not a simple character.

Furthermore, the Dark Forces was a force that he had nurtured for decades. Every subordinate in the Dark Forces was personally nurtured by him and Xu Huan after careful selection and elimination.

To be able to kill the people from the Dark Department with one palm, no matter what background this person had, he was extremely dangerous. He would definitely not let go of Mo Zhu and let her face such a powerful opponent alone!

Even though he knew that he might not be able to defeat the black-robed youth in front of him, as the girl's fiancé, he had to fight to the last moment to protect Mo Zhu!

“No! Don’t worry about me. Leave quickly...” Before Mo Zhu could finish, the black-robed youth had already killed everyone who was hiding in the old mansion of the Kang family. He didn’t stop and was targeting Huo Xuan next.

When Mo Zhu saw this, her pupils constricted slightly. Her expression changed drastically as she quickly took two steps forward to block Huo Xuan. She raised her hand and forcefully received the black-robed youth’s powerful palm strike.

The girl’s figure moved slightly. Before everyone could see how she moved, Mo Zhu had already taken a few steps and arrived in front of the young man.

She raised her hand and retaliated according to the script. Mo Zhu sneered and said, “You’re overestimating your abilities!”

As if he did not expect Mo Zhu to still have the ability to counterattack after receiving his palm strike, the black-robed youth’s eyes instantly widened in surprise. He was stunned for a moment before taking two steps back and subconsciously raised his hand to receive her hit.

The moment their palms met, their blood was unstable from the other party’s internal energy. They lowered their heads and spat out a mouthful of blood.

When Huo Xuan saw this scene, he anxiously took two steps forward. He didn’t expect that just as he touched the girl, he would realize that Mo Zhu’s face was red and her body was burning. More and more blood was seeping from the corners of her lips.

Chapter 349 The Young Man in Black

Compared to Mo Zhu, the black-robed youth was not much better. He did not expect that there would be an opponent in Beijing who could exchange two blows with him without dying. His eyebrows raised slightly. At this moment, he suddenly had the thought of competing with this girl.

As he skillfully sat cross-legged on the ground, the black-robed youth quickly adjusted his internal energy. Looking at the girl’s age, as long as he adjusted his state first and struck again, that girl would definitely die!

On the other hand, Huo Xuan couldn’t be bothered with the poison in his body. He quickly took two steps forward and supported Mo Zhu’s body. He frowned and asked nervously, “Xiao Zhu, are you alright? Where are you hurt? Why is your entire body burning and you’re vomiting so much blood?”

Huo Xuan couldn’t understand the unusual techniques in the palm strike attack of the black-robed youth and Mo Zhu, so he was very worried about the girl’s health.

When Mo Zhu heard this, she opened her mouth and spat out another mouthful of blood. Using Huo Xuan's strength to stabilize her body, she suddenly raised her hand and tapped a few of her major acupuncture points.

Huo Xuan held the girl's shoulder tightly and let Mo Zhu lean into his arms. He continued nervously, "Xiao Zhu, you..."

Before she could finish, Mo Zhu took out a small porcelain bottle from her pocket with trembling hands. She quickly poured one out and stuffed it into her mouth. She poured another pill and stuffed it into Huo Xuan's mouth as she said, "This young man is not simple. His internal energy is stronger than mine. Although I sneak attacked him when he wasn't paying attention, with his strength, he will recover in a few minutes."

After pausing for a few seconds to catch her breath, Mo Zhu continued what she had just said, "Take this medicine. It'll forcefully recover your strength by stimulating your muscles. Help me stall him for a while. Give me three minutes. This is the only chance we have to get rid of him. If we miss this chance, I'm afraid we won't be able to leave the Kang family today!"

Taking a deep breath, she didn't wait for Huo Xuan's reply. She took out her acupuncture bag and quickly inserted the needles into the man's acupuncture points, inserting the needles into them before pulling them out. After exerting a few force, Mo Zhu spat out another mouthful of fresh blood.

Huo Xuan quickly grabbed her hand and nodded in agreement. "Alright, leave this to me. Have a good rest first."

After taking the pill and adding on the fact that Mo Zhu had used the silver needles to forcefully stimulate the muscles in his body, Huo Xuan instantly recovered his strength. He moved his arm a little. With his current strength, he even felt that he was stronger than when he was at his peak.

TOSS

Huo Xuan looked coldly at the black-robed youth sitting quietly in meditation not far away. A ruthless killing intent flashed across his eyes. Although he didn't know much about internal energy, he knew very well that it was this person in front of him who had injured his little girl.

Huo Xuan lowered his eyes to look at the corpses of people of the Dark Forces who had died with remaining grievances. He would settle the old and new grudges together. He secretly made up his mind. Since Mo Zhu said that she wanted three minutes, then even if he had to die here today, he would definitely fight for these three minutes for the little girl.

Upon thinking of this, he instructed Mo Jiu to stay where he was and take good care of Mo Zhu before rushing to the black-robed youth in a flash.

Noticing that someone was about to attack, the black-robed youth frowned unhappily and started fighting Huo Xuan.

As he was injured by Mo Zhu's sneak attack just now, in order to adjust his internal energy better, it was inconvenient for the black-robed youth to use his internal energy and he started fighting Huo Xuan barehanded.

In terms of fighting one-on-one, this young man was obviously not Huo Xuan's match. After a few rounds, he was constantly at a disadvantage.

Chapter 350 Counterattack

Unknowingly, two minutes had passed. Under Huo Xuan's full-strength counterattack, the black-robed youth was increasingly unable to withstand his fists. In the face of such an anxious situation, a hint of anxiety flashed across the youth's eyes. He raised his hand and was about to use his internal energy to send Huo Xuan flying again.

At this moment, Mo Zhu was seriously adjusting the internal energy in her body that had been messed up by the young man hit. When she saw from the corner of her eye that the person seemed to want to use his internal energy on Huo Xuan, she quickly instructed Mo Jiu, "Stand in front of me, block me and create a little noise to attract the attention of that black-robed young man!"

Just as he finished speaking, Mo Jiu looked at Huo Xuan, who was fighting the young man. He obediently picked up the stones and branches in the courtyard and threw them randomly.

This move was indeed useful, successfully attracting the attention of the black-robed youth. Seeing Mo Zhu standing there nonchalantly and coldly watching the commotion, he instantly didn't dare to act rashly. He retracted his hand and seriously exchanged blows with Huo Xuan.

Seeing Mo Zhu's calm and collected appearance as she watched the battle, although she had vomited a few mouthfuls of blood like him just now, the black-robed youth reckoned that she should not have suffered deep injuries.

On the other hand, it was different for him. He was already affected by the girl's sneak attack. If he used his internal energy to subdue the enemy rashly, he might not be able to control his internal energy before he could recover and explode and die!

Seeing the black-robed youth retract his hand from afar, Mo Zhu secretly heaved a sigh of relief and continued adjusting her breathing. Although Huo Xuan had the upper hand in the fight between the two of them now, the young man in front of her had such deep

internal energy at such a young age. It was obvious that he had learned from an expert. Nowadays, when hidden experts take in disciples, they would secretly impart life-saving techniques. If he couldn't hold back and forcefully circulated his internal energy to counterattack, everyone present would probably not be this young man's match even if they joined forces.

Therefore, in the chaos now, before he could react and realize his own injuries, she had to quickly recover her strength and kill this young man.

The fight continued. A minute later, Mo Zhu slowly exhaled, closed her eyes, and opened them again. She looked at the two people who were still fighting in the distance. She jumped up and rushed over, and in an instant, she moved behind the black-robed youth.

While the young man was not paying attention, Mo Zhu suddenly raised her hand and struck the back of his head.

The young man only had time to look back at her in surprise before he spat out a mouthful of blood. His pupils suddenly dilated and he fell straight to the ground.

Mo Zhu had used almost all of her internal energy in this palm strike. The instant it hit the back of the young man's head, there was also a lot of energy that penetrated his skull and spread out. As Huo Xuan was standing in front of him, he was forced to take a few steps back by the remaining force. After stabilizing his footing, Huo Xuan heaved a sigh of relief when he saw that the black-robed youth was already lying on the ground with no breathing. As he was worried about Mo Zhu's injuries, he quickly came behind the girl to support her.

In the three minutes just now, Mo Zhu only had time to adjust her breathing. As time was in a hurry, other than circulating her internal energy well, she had suppressed all the internal energy that was still rampaging in her body to her dantian. Now that this attack had used up all her remaining energy, the internal energy in her dantian flowed out uncontrollably. Instantly, her face was flushed red and her body was burning. She had no choice but to take deep breaths.

When Huo Xuan saw this, he anxiously called Mo Jiu over to check Mo Zhu's injuries. However, Mo Zhu's injuries weren't something Mo Jiu could take a good look at. He carefully checked the girl's pulse and shook his head. He said in a low voice, "Young Master, Ms. Mo's pulse is peaceful and fine. Mo Jiu isn't skilled enough to find out what illness she has!"

When Mo Zhu heard this, she nodded in understanding and placed her hand on Huo Xuan's. She said softly, "I'm fine, I just need to rest and recuperate." Huo Xuan held the girl's hand anxiously and picked Mo Zhu up horizontally. He instructed Mo Jiu as he walked to the car, "Wait for Xu Huan here. When he comes, help him solve the Kang

family's matter. I'll bring Xiao Zhu back to recuperate." After saying this, she had just stood up and taken two steps when Xu Huan's figure appeared at the corner.

Seeing that the courtyard of the Kang family's old mansion was in chaos, Xu Huan frowned and was a little puzzled. He had just sent Huo Tao and Chen Man away, and so many people had suddenly died in the Kang family?

Chapter 351 Solving the Problem

Xu Huan sent the two elders to the car and happened to see Mo Wu rushing over with the people from the Huo family whom Chen Man had asked to provide support. Unexpectedly, before he could bring everyone in, he saw corpses strewn across the Kang family's courtyard.

Seeing that Mo Zhu was in Huo Xuan's arms with a pale expression and looking extremely weak, Xu Huan quickly walked to the two of them and said anxiously, "Weren't you alright just now? What's wrong with Little Bamboo?"

Huo Xuan looked up at the man indifferently and replied with a frown, "There's an expert in the Kang family. Xiao Zhu is injured."

After saying this, he looked around at the Huo family and the Kang family members, who were still watching the show in horror. He added, "I'm worried about Xiao Zhu's health. I'll bring her back to the small mansion to rest first. I'll leave the rest to you!"

Xu Huan understood the deep meaning in Huo Xuan's words. He looked up and met his gaze tacitly. He nodded and replied, "Alright, Brother Huo, take Little Bamboo and leave first. If the Kang family dares to hurt her, I won't let them off easily!"

Xu Huan turned around and looked at the remaining Kang family members in the courtyard coldly. He waved his hand behind him and instructed Mo Wu, "Leave no one from the Kang family, be it servants or bodyguards!"

Just as he finished speaking, Mo Wu brought the Huo family's subordinates behind him and started finishing the people from the Kang family up in the courtyard.

At this moment, a cold female voice suddenly came from the old mansion of the Kang family. "Wait!"

Huo Xuan was carrying the unconscious Mo Zhu to the car. Just as he placed the girl safely on the chair in the back seat, he heard this uninvited guest's voice.

He turned around and glanced at the old mansion behind him indifferently. Following the direction where the voice came from, a woman who looked to be in her thirties slowly appeared at the entrance.

She was wearing a dark blue high-end cheongsam. The ends of her shoulder-length hair were permed with small curls. She had a slender figure and an outstanding temperament. One look was enough to tell that she was a young lady raised in a noble family.

“Xiao Xuan, do you still remember me? When I saved your life back then, you promised that you owe me a favor. I wonder if these words still count?”

Seeing Huo Xuan look over, the woman smiled lightly, her voice soft.

When Huo Xuan heard this, he wasn't attracted by her outstanding appearance at all. He only glanced at her indifferently before looking away. He frowned unhappily and replied coldly, “Of course.”

Mo Wu was standing at the entrance of the Kang family's residence dealing with the corpses of the Dark Forces when he suddenly heard Huo Xuan's response. Thinking of the request that the woman might make at this moment, he took two steps forward and said anxiously, “Young Master, you can't...”

Unexpectedly, before he could finish, Huo Xuan looked up at him coldly. Sensing the warning in the man's eyes, he pursed his lips and didn't dare to finish his sentence.

“Since Xiao Xuan has admitted to this favor in front of everyone, I would like you to fulfill it today.” The woman curled her lips into a faint smile again. Her tone was calm, and no one could tell her emotions.

Huo Xuan raised his eyebrows. He gently closed the car door and turned to look at her. He rubbed his palms and said, “Tell me how to cash in?”

The person who came was Cheng Tang, Kang Wan's aunt, the daughter of the Cheng family in Beijing. Back then, by a freak combination of factors, she had saved Huo Xuan's life, so Huo Xuan owed her a favor.

Her sister had also given birth to Kang Wan through a marriage alliance with the Kang family. It was also because of this reason that when Huo Xuan was managing the Huo family's business and developing the Huo family, he had taken special care of both the Cheng family and the Kang family. That was why he had allowed the Kang family to expand and become so lawless.

Although Huo Xuan was a person who knew how to repay favors and had promised Cheng Tang that he would return the favor, the things he had done for the two families in the open and in the dark all these years were not as simple as returning the favor. It wasn't that he was ungrateful and insisted on the Kang family paying with their blood today. It was just that the Kang family had gone too far and drugged him, but they didn't succeed and even injured Mo Zhu.

Mo Zhu was his bottom line!

Chapter 352 Cheng Tang's Appearance

Cheng Tang held the door of the Kang family and took two steps forward. She looked indifferently at the injured people shouting in the courtyard and smiled. "It's true that the Kang family was in the wrong today, but no matter what, the Cheng family and the Kang family are in-laws. It's not right for me to sit back and watch you kill the Kang family."

After a few seconds of pause, she raised her hand and added, "How about this? I'll apologize to you on behalf of the Kang family. This matter will end here. Let the Kang family go, alright?"

When Huo Xuan heard this, he lowered his eyes and pondered quietly for a moment. Ten seconds later, he clenched his fists tightly and looked up at Cheng Tang coldly. "Sure, but after this matter is over, it can be considered that I've returned this favor to you completely. From now on, we'll go our separate ways. I don't owe you anything anymore."

Upon hearing Huo Xuan's words, Cheng Tang smiled and waved her hand. "Then I'll thank Xiao Xuan for giving me face."

After saying this, she turned around and was about to return to the house. Before Cheng Tang could take a step, Huo Xuan's cold and heartless voice sounded behind her.

"Wait."

Huo Xuan quickly walked a few steps into the courtyard and casually snatched the machete from a subordinate. He sneered coldly and said, "Although I promised to let the Kang family off, this doesn't mean that they won't pay the corresponding price for hurting my fiancée."

After saying this, he looked around and accurately found Lin Yuan's location in the crowd. Huo Xuan's eyes darkened and he quickly arrived in front of the woman. Before anyone could react, he had already raised his hand and chopped off Lin Yuan's hands.

"How dare you drug me and hurt my fiancée. You'll compensate for it with your hands."

Lin Yuan did not expect this to happen suddenly at this moment. When the pain came, she screamed and fainted from the blood gushing out of her wrist.

When Huo Xuan saw this, he threw away the machete in his hand with a look of disdain. He looked up at the Kang family's master, who was trembling in fear, and warned him in an unfriendly tone, "Let me advise all of you. If you have any crooked ideas, don't use it on the Huo family again. Otherwise, you won't be as lucky as today next time!"

Just as he finished speaking, Huo Xuan flicked his sleeve and left the Kang family with Xu Huan, Mo Wu, and the others.

After everyone's cars drove out of the villa area one by one, Cheng Tang held the door and slowly heaved a sigh of relief. She had to admit that Huo Xuan's aura was very strong just now. Even she had to control herself not to show her fear in front of the man.

Seeing that there was no one else in the Kang family's courtyard, she waved her hand and instructed the servants to start cleaning the house.

Kang Ting had also finally reacted from the fright just now. His legs trembled as he quickly walked two steps to Cheng Tang's side and asked with a trembling voice, "Xiao Tang, who is that black-robed young man who helped the Kang family just now? I think he's very powerful to be able to kill one person at a time!"

As Cheng Tang had a good relationship with her sister, she often came to the Kang family to stay for short periods of time. In addition, the Cheng family had a big business in Beijing and was worth befriending, so Kang Ting had always been very polite to her.

Towards this black-robed young man who had suddenly appeared and joined the battle tonight, he was certain that he was definitely not a bodyguard or servant of the Kang family. And now, the Kang family only had Cheng Tang, an outsider, here. That was why he suspected that this person was an expert she had invited to help in the battle.

Upon hearing Kang Ting's question, Cheng Tang instructed the servants to clean the corpses in the courtyard in an orderly manner as she glanced indifferently at the black-robed young man who was lying quietly on the ground without any breathing.

A moment later, she sneered coldly and said mockingly, "He doesn't have any status. Looking at what had taken place, he's just trash."
