Chapter 4735

And stand on the platform for Gerard. She was a little puzzled,

And after holding it all the way, she couldn't help but ask: "Mr. Wade wants me to endorse Gerard?"

Charlie looked at her and said with a slight smile,

"You are the smartest woman I have ever met, so you understand my point of carrots and sticks right?"

Stella smiled slightly and said,

"I understood the strategy of combining favor with power when I was very young,"

"But I always feel that Gerard has already been slapped honestly by you,"

"So it is not a matter of giving him carrots,"

"What's real is, it's not me who cares, with the size of the Fei family,"

"To endorse Gerard is like giving him a huge farm of carrots."

Charlie was slightly startled and then smiled somewhat unnaturally:

"I haven't thought about this too carefully,"

"I just think his performance is acceptable, and it's okay to encourage him."

Stella looked at Charlie, smiled, and said:

“In fact, you understand in your heart that the reason why you are open to him,”

“And even give him a generous gift, is mainly because of Miss Jemima, right?”

Charlie was a little embarrassed at first, but he felt that he was not paying attention.

In front of Stella, there is no need to cover up too much,

So he nodded generously and admitted: “There is indeed a reason for this,”

“Because I concealed something from her before, so I felt a little bit sorry.”

Stella nodded and smiled. Said: “Miss Jemima actually likes you very much.”

“She felt very sad to know that you are married. She cried like that in the snack street last night,”

“Not because she dropped her phone, but after hearing about your marriage. She couldn’t accept it for a while.”

Charlie asked in surprise, “Did she tell you?”

Stella smiled and said, “I can see it without her telling me, maybe you just didn’t see it.”

After speaking, Stella said again:

“But think about it, why is Miss Jemima also the eldest lady from a wealthy family,”

“She has been used to seeing everything since she was a child,”

“How could she cry like that because of a mobile phone?”

“A girl like her, who was born in kind has already reached the realm of not being happy with things.”

“Unless it is something of great significance to her,”

“She will never put a material product like a mobile phone that to heart,”

“No matter how expensive it is.”

“This is...” Charlie muttered softly. In his mind,

Jemima couldn't help crying last night, and his heart suddenly throbbed.

Charlie couldn't talk about liking this girl, but he did feel a little distressed.

Her father cheated since she was a child, and it is well known in the city that her mother passed away in pain.

With Gerard as a father, it may be more difficult than Warnia who lost her parents early.

After all, this guy is not a fuel-efficient lamp.

It is precisely because of this that Charlie feels so guilty towards her.

When he thought of how she cried out of control yesterday, he felt even more sorry in his heart.

Seeing that Charlie was silent, Stella couldn't help but tease:

“Mr. Wade, you owe so much peach blossom debt, how are you going to repay it in the future?”

Charlie shook his head: “I don't know...”

He really didn't know.

It is said that it is the hardest to accept the grace of a beautiful woman, and Charlie agreed.

It's not that he can't feel the affection of many girls for him,

But he just doesn't know how to respond.

After all, he was a married man, and he didn't even know how to deal with Sara,

Whose parents and his parents were matchmakers, let alone other girls.

Seeing that Charlie's expression was a little dazed, Stella said with a smile,

“You don't need to worry too much, after all, you don't have to worry about having too much debt.”

Chapter 4736

After that, Stella didn't want Charlie to continue to be troubled by the topic she raised,

So she said, "By the way, Mr. Wade, I had someone buy two houses on Shixun Road."

"If you come to Hong Kong frequently in the future, you will also have one."

"A convenient place to stay, when the ceremony is over, do you want me to show you?"

Charlie asked in surprise, "Why do you want to buy a house on Shixun Road?"

Stella smiled and said, "It's mainly for future convenience,"

"After all Hong Kong is also an international metropolis,"

"It is inevitable to come here to expand business or participate in summits,"

"And the feeling of staying in a hotel is not as good as your own home."

After speaking, she added: "The two houses are very big,"

I let people Buy it in the name of the group, and arrange for someone to renovate it after the house is collected."

"If you come over in the future, you can choose a set to move in at any time."

Unlike other people, Stella could say that she bought the house for Charlie,

But he never said it. The matter presented to Charlie is so different.

After all, she knew that for Charlie, the value of a house is already negligible,

And she didn't need to give him such a gift at all, it would only add to his troubles.

In Charlie's consciousness, if Stella insisted on giving his a house,

He would definitely refuse it. After all, there is no reason to accept gifts from others for no reason,

Not to mention that Stella came to Hong Kong this time to help him.

He has not given her a gift yet, so how can he accept a gift from her?

However, Stella skillfully avoided the embarrassment of giving something,

But it also made Charlie unable to refuse.

So he nodded and said, "Okay,"

"If I come to Hong Kong in the future, I'll ask Miss Fei to help me arrange it."

Stella smiled and said, "Don't worry, just leave it to me to arrange it."

Enter Shixun Road.

At this time, on both sides of Shi Xun Road, the cars of media reporters were already parked.

Stella slowed down and drove slowly to the new villa that Gerard bought.

Because Gerard said hello in advance, their car drove directly into the courtyard of the villa.

At this time, in the courtyard, the lanterns have been decorated.

Not only are two lion dance teams waiting here, but there is also an altar specially set up by Feng Shui masters.

Hong Kong Islanders believe in Feng Shui the most,

Not to mention big events such as housewarming, marriage, birth, old age, sickness, and death,

Even if you buy a pot of green plants, you can't wait to find a Feng Shui master to do the math,

Where can prolong your life or make money from all directions?

Once it comes to such a big event as a housewarming,

It is not a simple calculation that can be solved.

If conditions permit, you must invite Feng Shui masters to come and do it, and give a good vibe to the whole house.

At this time, in the center of the altar,

A young man wearing a Taoist robe was preparing the magic tools needed for the practice.

Seeing the Rolls-Royce that Stella was driving in, the young man thought it was Gerard.

He deliberately pinched his hand, and then carefully placed the Taomu sword beside him.

He walked out and walked over with a smile on his face.

However, when he saw that it was Charlie and Stella who came out here,

The whole person was stunned for a moment, and then he recognized Stella,

And he was suddenly surprised!

He didn't expect that he would be able to see Miss Fei here today,

And he didn't expect that Miss Fei was much more beautiful than what he saw on TV,

She was simply stunning!

So, he suppressed his excitement, stepped forward immediately,

Bowed his hands to Stella slightly, and said with a smile,

“If I'm not mistaken, you should be Miss Stella Fei, right?”

Stella looked at the young man and asked curiously, “Who are you?”

The young man smiled and said, “Hello, Miss Fei, I am the head of the Hong Kong Xuanji Hall,”

“And my name is Samson Yu!”
