Let me go, Mr. Hill Author: Shallow South Chapter 2756

Chapter 2755

Charity frowned. "Chester does know my identity, but we will never get back together."

Max's dull eyes suddenly lit up. "Are you serious?"

"How big of a heart do I need to get back together with Chester?" Charity asked.

Max touched his tall nose. "But didn't you used to love him very much?"

"That was in the past. After we broke up, he got together with quite some women, and I'm not a trash can either."

She was not a trash can that collected waste material.

The metaphor made Max laugh. "Chester isn't a trash can, though. Many women dream of marrying him, but he just fools around with them."

Casting aside Chester's behavior, he was actually charming in many aspects. Firstly, he had a unique identity, and secondly, God gave him a flawless face and model-like physique. Even his medical skills were said to be the most outstanding in Australia. 1 In the face of such a love rival, as someone from a small town, Max felt inferior.

However, charity did not agree with him entirely. “ You’re right, but why should I believe he would be faithful to me after learning my true identity?”

Max was stunned. He subconsciously said, “You’re wonderful. Any man who’s in a relationship with you will treasure you-”

“When you’re not yet with the woman, you’ll see her as wonderful.”

Charity interrupted him. Then, she twisted open the cap of the water bottle and took a sip of water. “But once you manage to pursue and be with her, you might think differently.”

“Of course not.” Max suddenly said in a solemn tone, “If I’m in a relationship, I’ll definitely marry the woman. I’ll love her, treat her well, and be loyal to her forever.”

Charity was stunned for a moment.

After being quiet for a while, she slowly closed the bottle cap, and her eyes settled on him. “Max, I actually went to see a psychologist after Sarah died. The doctor said I have an affective disorder. Do you understand what that means? It means I don’t know how to fall in love with someone. I treat relationships coldly. I’ve long since understood your intention, but I’m like ice. I can’t reciprocate your feelings.”

Max was dumbfounded, his eyes filled with shock and bewilderment, “why... why have you not mentioned it before?”

“That’s why I’ve always treated you as just a friend.” Charity said, “I can’t give you the love you want. If my mental health were in good shape, I would surely be willing to take a step forward, considering that you treat me so well. Nevertheless, my heart is like dead water.”

“Well... You can probably get treated,” Max said.

Only after half a minute did Charity reply to his question, "I don't want to get treated. I think I'm fine this way, so please don't have feelings for me anymore. I can't reciprocate."

Max forced a laugh, "charity, listen to me. when I was young, I saw you as a young lady who was out of my reach. You always looked so pure and tidy in your pretty dress in the courtyard. All I could do then was silently watch and protect you from behind. Later, when you went away, I told myself that I would one day be able to walk up to you proudly in a clean set of clothes and with the same status as you.

"I've never fallen in love with anyone since I was young. Even the girls I would look at looked like you. Since my academic performance was average, I knew I couldn't get into a good university, so I chose to do military service.

"But as an ordinary soldier without any background, I would never get promoted, and that was why I chose to go overseas. I once did something meritorious in a dangerous situation and stood out among the rest, but even so, there was only one thought in my mind.

"I wanted to walk up to charity and say to her, 'I'm Max. Do you remember me?'"

Charity's heart clenched. After a long time, she said, " Thank you, but you're out of my league. You deserve someone better."

With that, she pushed the door open and got out of the car.

However, Max got out of the car as well. Under the moonlight, his face was clear and bare. "Charity, you might think you're dirty, but you're always the purest in my mind. You said you don't know how to love someone, but that's fine. I'll protect you forever, and we don't have to get married. When you get old, I can look after you. We can be best friends and neighbors."

Chapter 2756

After pausing for a moment, Max said again, "But... if you feel like falling in love one day, can you give me a chance? It's because... I truly love you. Don't worry. If you can't bring yourself to love me after that, I definitely won't force you."

His lips curled into a bright smile.

Charity stared at him, not knowing what to say all of a sudden.

She just felt... a little conflicted.

At last, she nodded. "Alright."

Max grinned.

His grin was like a shiny star in the night sky.

It was so bright and sunny.

The man had experienced bloodshed on the battlefield before, yet he was always pure when he was with her.

"Bye. Good night." Charity turned around and entered the neighborhood.

Max kept his eyes fixed on her until her figure was out of his sight.

The next day.

Charity woke up only to find that she had become one of the trending topics.

Last night, the server took a photo of Max and her eating in the mall and even posted it as a story on Instagram. Soon, someone screenshotted it and forwarded it on Facebook. [Ah. I bumped into Eliza eating grilled fish with a sturdy, tall, handsome man in a restaurant. The man was friendly and gentle when he spoke. Eliza was beautiful, and she even spoke to me. I'm so happy I'm about to go crazy.]

The story spread like wildfire.

[Is that Eliza's new boyfriend? Her boyfriend looks very tall.]

[Haha. I've eaten in this grilled fish restaurant before. It looks like Eliza enjoyed her food.]

[How courageous of this man to get together with Chester's woman.]

[What's wrong? Eliza was forced by Chester. Now that she can start her life anew, we're all happy for her.]

[I saw the two of them when I was working in the mall yesterday. I thought she looked like Eliza, but I didn't dare to ask. Eliza was picking some clothes with the man, and the two of them looked quite intimate.]

[Oh. It turns out Eliza was choosing some clothes for her boyfriend. She has great taste.]

[At 10:00 p.m., I even caught Eliza watching a romance movie with her boyfriend. Her boyfriend is really tall. I reckon he's at least 1.9 meters, and his physique is wonderful.]

At the sight of the comments, charity's head hurt.

She never thought that going out for a meal with Max would make a scandal.

At that moment, Monte suddenly called Eliza and said in a sour, begrudging tone, "Lizzie, you're too much. I asked you out, and you said you were busy. However, it turns out that you were out eating and watching a movie with another man. Was he the one Ryan introduced to you? Let me tell you that he's also playing with your feelings."

Chapter 2757

"How do you know he's playing with my feelings?" Charity said indifferently, "At least he doesn't have a fiancée. Even when I went out with him, I wouldn't be called a homewrecker."

Monte quickly said, "Lizzie, give me some time. I should be able to cancel my marriage with the Tanner family next month. I've managed to partner with Hugo lately, and my dad is impressed."

"Really?" Charity feigned surprise.

"Why would I lie to you?" Monte coaxed her softly, " Eliza, let's have dinner together tonight. I miss you so badly. Seeing the news today has made me so jealous that I'm about to go crazy, and I really can't accept you going on a date with another man. I promise I'll cancel my marriage to Lilian. I swear on my life."

Charity sighed, when it came to saying sweet nothings, Monte was a Peking talent.

"Okay, then."

"Let's eat at Corella. Do you remember that we shared our first meal together in that hotel? And after that, we did stargazing together." Monte said joyfully, "I'll come and pick you up in the afternoon."

"No need. I'll drive there," Charity replied.

"Alright. Give me a call once you're there. I'll give Corella a call and book a private room."

After that, Monte hung up the call.

Charity looked at her phone with a mischievous expression.

It was about time she dealt with Monte.

After all, she was not in the mood to put on an act with Monte anymore.

In the evening, a modest Benz entered Corella Hotel.

Steven parked the car at the door to the elevator in the car park. "Miss Robbins, are you sure you don't need US to go up with you later?"

"No need. Just get that person ready." Charity put on her sunglasses, which covered her long lashes. Only her tall nose and maple red lips were exposed.

"I'll wait for your call. " Steven watched her walk toward the door to the elevator, where Monte was waiting for her.

"Lizzie, I think something is wrong with my eyes." Monte flashed her a faint smile as he gently wrapped his hand around her waist.

Charity's body froze for a second before she turned her eyes to him and raised her pretty brows, "oh?"

"Perhaps I'm blinded by you." Monte grinned as he sized her up. From his attractive gaze, he looked like a decent playboy. "You look really beautiful today."

"Thankyou." Charity lowered her eyes.

Monte took her into the elevator. Then, he pressed a button to the top floor.

When the elevator arrived at the ground floor, it paused, and a few luxuriously dressed men soon walked in.

"Hey, aren't you Young Master Patterson?" One of the middle-aged men glanced at charity. Although she was wearing sunglasses, he could recognize her in a second.

"Young Master Patterson, you're so lucky to be favored by women," a man in a black suit mocked.

"President Evans, what a coincidence." Monte smiled and shook hands with the men. "I'm here to have a meal with a friend. I'll treat you to a meal next time."

"Alright. See you."

They were all clever businessmen, and those in the business industry were certainly not pure.

Many wealthy men were already married, yet they continued to fool around with other women outside.

It was not a surprise.

At 7:00 p.m.

A Rolls-Royce stopped at the entrance of Corella Hotel.

Chester, who was dressed in a royal blue suit, got out of the car before his chauffeur promptly drove the car away.

He directly took the elevator up. when he arrived at the door to the private room, he heard some chitchat among the bosses, who he had planned to meet tonight.

"I'm sure that woman was Eliza."
