Let me go, Mr. Hill Author: Shallow South

Chapter 2761

Chapter 2761

“It’s because Monte carried you into the room.” Chester smiled wildly. “I’m the only one who can touch your shoulders.”

Charity’s head began to hurt. “Chester, you’re drunk.”

“Yes, I am.” Chester bent over and lowered his head. As he whispered, his breath caressed her ear. “when I heard other people saying that Monte had taken you to the top floor for dinner, I would’ve f*cking chopped Monte off if I hadn’t made myself blind drunk. How dare that b*stard touch my woman. Even if it was just an act, I could hardly tolerate it.”

Charity tilted her head imperceptibly, revealing the grand diamond necklace around her neck.

Chester shifted his eyes down her neck and caught sight of the necklace.

He gently caressed the diamond pendant and asked with a hoarse voice, “Was it from Monte?”

Charity was speechless.

“Or was it from Max?”

“What does it have to do with you?” charity could not be bothered to get herself involved with a drunkard.

Chester tugged the diamond necklace hard with his finger, and it broke.

Clank.

The tugging had left a red mark at the back of Charity's neck.

Fuming, she stretched out her hand and pushed him away. Nevertheless, he did not move a muscle. He may be drunk, but his body was like an iron wall.

"I've hurt you." Chester gently touched the back of her neck. From his eyes, he looked drunk, but his tone was so soft that it could drown her in it. "I didn't mean it, but I couldn't control myself. It's not my fault you're so close to Monte and Max."

Chester's behavior angered charity. "Chester, are you done? Didn't I make our relationship clear? If you really feel guilty toward me, please leave me alone. You're a man. You need to keep your word."

However, Chester did not say anything.

All he did was stare at the woman caught in the middle.

Her familiar gaze, beautiful lips, and familiar fragrance...

Chester felt miserable and indescribable pain.

"What if I said I regret it?" Chester suddenly asked with a low voice.

"What's the point of regretting it?" charity raised her head and looked at him. "In that case, I regret coming to Canberra back then. I regret knowing you, Shaun, and the rest. I regret falling in love with you.

However, nothing can turn back time. If you still feel upset and dissatisfied, please endure it."

“Suppress?” Chester suddenly clenched his fists. “I tried to endure it, but I’m afraid I’ll go mad.”

Charity laughed sarcastically, “when I was in love with you back then, you were together with other women and even slept with them. Yet, there was nothing I could do other than endure it. When I was in jail, I felt frustrated and helpless at being accused, but all I could do was endure it. When my parents died, I had the urge to die too, but all I could do was endure it. I’ve endured so many things, but why can’t you do it?”

Chester was stunned, and his Adam’s apple bobbed in agony.

Yes. If Charity could endure it all back then, why not him?

It turned out that enduring something was agonizing.

“I’m sorry, charity.” Chester’s eyes reddened. Then, he moved closer to her and leaned his head against the wall. “I know full well that I’ve hurt you too much and made you suffer a lot, but please give me one more chance. You want to expand Neeson

Corporation, don’t you? Let me help you. Do you want Jewell Corporation? I can give it to you. I can also give you my life.”

“Chester, I can bring Neeson Corporation back to life even without you. what’s more, if Neeson

Corporation can’t survive, I won’t force it to happen. I took over Neeson Corporation to kill time. As for Jewell Corporation...”

Charity paused for a moment. “I don’t really care about it either. Now that I’m rich, why do I need so much money?”

“You can be angry with me.” Chester said anxiously, “ Given that I’m so sc*mmmy and that I’ve hurt you so much, are you sure you want to let me off just like that? You should strip me of everything. This way, you’ll feel much better.”

Charity was helpless. “If I take revenge against you, the deeper the feud will be between US. Do you get it?

I just want to stay away from you.”

Let me go, Mr. Hill Author: Shallow South Chapter 2762

Chapter 2762

Charity pushed Chester. “Move away. This is the corridor. It’ll be troublesome if someone comes over later.”

If she stayed there and a waiter saw them, her plans would be ruined.

However, Chester refused to budge.

In that case, charity had no choice but to scratch his chest hard.

Chester hissed in pain and grabbed her wrist, dragging her to the emergency exit behind a door.

“No one will see US here.” Chester pressed charity against the door. 1

His bright, handsome eyes were filled with bewilderment.

“Let me go. I want to go back.” Charity did not want to get involved with him anymore. “Chester, I told you very clearly last time. Let’s just go our own way, okay? I believe you can do it. After we broke up, didn’t you have lots of fun over the years and so many women by your side? You can continue to do that in the future.”

The dark stairway fell silent for some time before Chester said in agony, “But whenever I close or open my eyes now, all I see is you.”

Charity stared into his eyes. “That’s because you loved me before and feel guilty toward me. That’s why I still weigh so heavily on your mind. Let me ask you this. All these years, have you ever thought of me when you had sex with other women?”

((»

Chester’s lips moved. It seemed like he did not know what to say.

“I think that if a person truly loves someone, they would never be able to tolerate their bodies being with another person. Maybe men and women are different, but... I can’t accept that.”

Charity said, “Chester, you’re already a filthy man to me, so even if you give me everything, I don’t want any of them.”

The empty stairway was silent.

Only moonlight was streaming in from outside the windows.

By then, charity had left for some time. 1

Chester was sitting on the stairs with a cigarette between his fingers.

As he inhaled and exhaled the smoke from his mouth, his throat hurt as if there was a fish bone stuck in it.

It hurt a lot.

Charity said that he was dirty and that she did not want him.

Chester used to be filled with vigor and treated women like playthings.

However, he probably had never thought that he would one day be defeated by a woman.

After that, his past became a dark history that he could not erase.

Chester held his head in his hands.

If the lighting were brighter, one could definitely see his bloodshot eyes.

“President Jewell, I finally found you. So this is where you are.” Ken walked up the stairs, panting. “If I didn’t meet Miss Robbins, I definitely wouldn’t have been able to find you.”

“Has she left?” Chester asked.

“Yes.” Ken saw the pile of cigarettes on the floor and sighed. President Jewell’s addiction to smoking was getting more serious. “President Jewell, let me send you back to rest. The doctor said that with your gastrointestinal bleeding, you need rest, yet you drank so much and even smoked cigarettes today.

Your body-”

“Ken, have you ever had something you wanted but couldn’t get?” Chester suddenly interrupted him and asked. 1

Let me go, Mr. Hill Author: Shallow South Chapter 2763

Chapter 2763

Ken was taken aback. After a moment, he said, "of course. There are many things in this world that I can't have simply because I want them."

"Elaborate on it." Chester passed a cigarette to him.

Ken accepted the cigarette and said, "You know that my parents divorced when I was five years old. I had a happy life before I was five, but it only took an instant for everything to fall apart. No matter how much I begged my dad not to divorce my mom and abandon me, he still left even after I knelt and pleaded with him not to leave. It was because he had another woman outside, and that woman was pregnant too."

Ken smiled. "I asked for a complete family and for the people I loved not to leave me. However, those were just my wishes. Everyone is an independent individual. They're not obliged to satisfy me."

"That's right. She's not obliged to satisfy me either," Chester muttered.

Some people wished for family love, while some hoped for romantic love.

However, emotions were the hardest to control.

Ken opened his mouth, but he was hesitant to speak.

“Continue what you want to say,” Chester said.

Ken cleared his throat. “I’ll say it, then. Don’t get angry, President Jewell.”

“I won’t.” Chester shook his head.

Ken stammered, “Actually, this isn’t just my opinion, but also your secretary’s, assistant’s, and employees’ thoughts. Anyone would want to have a brain, an appearance, and a prominent identity like yours.

However, we don’t have them, so we can only be diligent, work a nine-to-five job, and pay our housing loans. Nevertheless, we still have our wishes, so we pray fervently.

“Sometimes, we’ve clearly worked hard but still feel helpless. It’s like some people are born with a headstart while others can’t get that far even after their lives end.”

Did Ken want to be a bodyguard who had to risk his life when met with danger?

No.

However, he had no choice.

To survive and earn money, there were no other ways.

There were things he wanted but was unable to have.

Chester was stunned. He chuckled all of a sudden. “ After listening to you, I think I already have many things. It feels like I’m taking things for granted if I still want something I can’t own. I’m just being greedy for wanting more.”

Ken shuddered. He quickly said, "That's not what I meant. It's just that it's impossible to control emotions because people's hearts belong to themselves."

After pausing, he added timidly, "President Jewell, you promised not to get angry."

"I'm not angry."

Chester took a drag on the cigarette and exhaled the smoke.

The hazy smoke blocked his handsome face.

"She said she could stand it, so why can't I? I'm a man."

Chester stood up slowly. "Come on. Let's go back."

Charity was right.

Did he not pull through when he broke up with her in the past?

Why could he not do the same again?

Was it not just a woman?

Charity was not the only person in the world. 1

What the world did not lack the most were women.

"By the way, President Evans said during the meal just now that he'll bring a few women to the next golf session. Remind him that I'm looking forward to it."

After Chester spoke, he walked down the stairs as his drunken body swayed.

Since he had lost the right to be with the woman he loved most, he would continue falling into the darkness.

Either way, Charity said that it would be forever impossible for them to get together. 3
