

The Return of the God of War [The Protector]

Chapter 3981 - 3990

the other side.

The Sun Moon Divine Fire Academy almost rushed out, looking like a madman to find the culprit who exhausted the power of the dragon veins.

The powerhouses of the Sun Moon Divine Fire Academy were all killed, and they even touched their inverse scales.

Luo Yunyang issued a death order, and he must bring down the real culprit behind the scenes, and personally lead people to investigate the truth of the matter.

After a detailed investigation by the Sun Moon Shenhuo Academy, it was finally determined that there were three sect members who might have threatened the black-robed leader and others.

They are the Seven Star Sect, the Xingyue Shenzong, and the Taixu Shenzong.

Luo Yunyang visited each sect to conduct in-depth investigations, and the entire army of the Seven Star Sect was destroyed.

In particular, Mo Junyan, the young master of the Seven Star Sect, was also on the death list.

After all, even if it is a bitter trick, the price is too high, so the suspicion is temporarily ruled out.

As for the Taixu Shenzong, the entire team must have all tails, but the Great Holy Son and others simply have no ability to exhaust the power of the dragon veins in one day.

In particular, there were other sects who were jointly expelled at that time as witnesses, who witnessed the Great Holy Son lead people away from the location of the Dragon Vessel.

Based on these two points, the suspicion of Taixu Shenzong was temporarily eliminated.

But in the Xingyue Divine Sect, some people saw that the saintess in the sect had led a team into the dragon vein range.

But the body of Murong Qingxue was not found at the scene.

It seems that even if the Xingyue Shenzong is not the real culprit behind the scenes, they can at least know the clues of the inside story.

“This seat will personally bring people to Xingshi to ask for guilt.”

Luo Yunyang said in a cold tone.

Immediately, Luo Yunyang personally led a team of more than 20 people to rush to the Xingyue Shenzong.

There was nothing to say on the way, Luo Yunyang soon arrived at the Sun Moon Divine Sect, and Mu Rong Wanqing personally led someone to greet him.

After entering the main hall of the Xingyue Divine Sect, Luo Yunyang sat directly in the middle, as if this was his territory.

“What kind of broken tea leaves are these? Your Xingyue Divine Sect is also a medium-sized sect, and you can’t even get some decent tea leaves?”

“It’s really a pain in the back when running all the way. Come here and give Lao Tzu a squeeze and relax.”

“Are you unconvinced by what you see? If you don’t do it, I don’t mind letting you disappear.”

Several experts from the Sun Moon Divine Fire Academy were arrogant, and actually directly sent the core high-level officials of the Star Moon Divine Sect to serve them.

There were all kinds of sarcasm and sarcasm in the words, and it was obvious that they didn’t take the Star-Moon Divine Sect in the slightest.

In the face of this arrogance and arrogance, the members of the Xingyue Shenzong also dared not to speak out.

With the strength of the Sun Moon Divine Fire Academy and the Sun Moon Divine Fire Temple behind them, the Star Moon Divine Sect was indeed insignificant in front of them.

Seeing his subordinates being arrogant and domineering, Luo Yunyang didn't say anything to stop him, and even encouraged him, taking the lead by the way.

Luo Yunyang's idea is easy to understand, just to give the Xingyue Divine Sect a dismantling, so that the next chapter will be more powerful.

"Mu Rong Wanqing, do you know the guilt?"

Luo Yunyang asked with a cold face.

Mu Rongwan was in a cold sweat. Luo Yunyang was the vice president of Sun Moon Shenhua Academy, and she was definitely a powerful figure.

In particular, Luo Yunyang was still the top five elders of the Sun Moon Divine Fire Palace, which basically represented the attitude of the Sun Moon Divine Fire Palace.

"I don't know what crime Wanqing committed? Can Vice President Luo make it clear?"

Mu Rong Wanqing clearly felt that her voice was trembling. This was the first time he had come into close contact with a top sect's powerful figure.

"I think you are pretending to be confused. A few days ago, your saintess Murong Qingxue led the team to snatch the dragon veins."

"All the members of the Sun Moon Divine Fire Academy were killed, but Murong Qingxue retreated completely. What's the inside story, why don't you hurry up and recruit them?"

"If your answers are not satisfactory to this seat, then there is no need for the Xingyue Divine Sect to continue to exist."

Luo Yunyang's tone was extremely cold.

The Return of the God of War [The Protector]

Chapter 3982

“Vice President Luo, this junior really doesn’t know what happened.”

Mu Rong Wanqing said with a bitter face.

With Levi Garrison on one side and Sun Moon Shenhua Academy on the other, Mu Rong Wanqing really didn’t know how to respond except for the reply ‘I don’t know’.

No one on both sides can afford to offend. The key point is that Levi Garrison has not made any statement from beginning to end, and Mu Rongwanqing does not dare to make an assertion.

Luo Yunyang suddenly became angry, threw the teacup directly on the ground, and said coldly: “You dare to deceive this seat, you are courting death.”

Mu Rong Wanqing looked at Levi Garrison from the corner of her eyes, hoping to get some clear instructions from the latter.

However, Levi Garrison was pacing back and forth at the moment, as if thinking about something.

Seeing that Mu Rong Wanqing didn’t reply, Luo Yunyang was even more annoyed.

Just as he was about to continue to attack and put pressure on him, he saw Levi Garrison walking back and forth as if he was doing nothing.

“hateful!”

Luo Yunyang slammed the table.

Pointing at Levi Garrison’s location with a little bit, he said coldly, “Kneel down and apologize to this seat, or you will die today.”

The rest of the Xingyue Divine Sect were silent, and some people even fell to the ground, how dare this person even walk around?

This is simply challenging the majesty of the Sun Moon Shenhua Academy, which makes Luo Yunyang feel that his face has been damaged.

“You dare to let Lao Tzu kneel?”

Levi Garrison paused and continued: “I’m called Levi Garrison, and the person you’re looking for is Laozi.”

“The people from the Sun Moon Divine Fire Academy in the Land of Dragon Vein also died at the hands of Lao Tzu.”

“You immortal, now that you know the truth, what can you do to me?”

A stone stirred up a thousand waves.

Hearing this, there was an uproar at the scene.

“Why did the sect master admit it himself?”

“Luo Yunyang is very powerful. If he were to leave today, the Xingyue Divine Sect would definitely be destroyed by the academy and even the Sun Moon Divine Fire Hall.”

“Hey, it’s troublesome this time.”

The disciples of the Xingyue Divine Sect were suddenly surprised and panicked. Levi Garrison’s actions were tantamount to declaring war with the Sun Moon Divine Fire Academy.

The key point is that this person in front of him is the deputy dean of the Sun Moon Divine Fire Academy. His cultivation realm is unfathomable. Isn’t this just hitting the gun himself?

There is absolutely no need to admit it, only to deny the real situation of the Dragon Veins dispute, even Sun Moon Shenhua Academy can do nothing.

“It turned out that he did it, how is this possible?”

“This guy’s cultivation is mediocre, can he kill the college supervisor and others?”

“No matter what, this bastard must be killed, and it is an unforgivable sin to dare to challenge the majesty of our Sun Moon Divine Fire Academy.”

The members of the Sun Moon Divine Fire Academy were mostly incredulous and angry.

They hadn’t paid attention to Levi Garrison before, especially Luo Yunyang who had conducted a strength investigation and found nothing unusual.

Even the current Levi Garrison, in Luo Yunyang's eyes, is nothing more than a mediocre little fish.

"Levi Garrison?"

Luo Yunyang quickly searched in his mind for the great figures of many sects, but did not find that this name existed.

"Whether you did it or not, you must die today, kill him!"

Luo Yunyang said in a cold tone.

"As ordered!"

Several members of the Sun Moon Shenhua Academy swarmed up and surrounded Levi Garrison.

Mu Rong Wanqing and the other core executives of the Divine Star and Moon Sect suddenly felt their scalps go numb, and there was no room for recovery.

Levi Garrison is now the nominal suzerain of the Xingyue Shenzong after all, and it would be unreasonable if he didn't help.

But they really didn't have enough courage and ability to deal with the masters of Sun Moon Divine Fire Academy, and it was difficult for them to ride a tiger for a while.

"If you want the entire sect to be destroyed, you can help."

Luo Yunyang was exceptionally keen, and naturally felt the subtle changes in the scene.

Although the Xingyue Divine Sect was a medium-sized sect, if they fought desperately, they would definitely suffer heavy casualties if they brought these people by themselves.

“You don’t have to shoot, I am enough.”

Levi Garrison said with a smile.

The Return of the God of War [The Protector] Chapter 3983

despise!

**N*ked contempt!

The members of the Sun Moon Divine Fire Academy suddenly felt angry.

Even in large sects in general, they are treated as guests.

It’s a sin that deserves death for a mere scoundrel of a middle-class sect to dare to look down on them like this.

Mu Rong Wanqing and others also let out a sigh of relief, they really didn’t want to tear their face with Sun Moon Shenhua Academy.

“Don’t waste time, let’s go together!”

Levi Garrison hooked his fingers at Luo Yunyang, full of provocation.

Luo Yunyang said with a sneer: “Isn’t this seat too embarrassing for you? You’d better survive in their hands first!”

Levi Garrison smiled without saying a word, he chose to fight alone with a special meaning.

Although they are now using force to forcibly suppress the Xingyue Sect to become the suzerain, they may not be completely convinced in the hearts of these people.

Especially in the face of superpowers like Sun Moon Shenhuo Academy, these people's determination to follow themselves will be even more shaken.

But as long as it is easy to kill the masters of the super sect in front of everyone, the last trace of worries and shackles in their hearts will be completely cut off.

"kill!"

One of the little leaders of the Sun Moon Divine Fire Academy burst out.

The others shot in an instant, palm wind, fist wind, sword gang, and sword light crisscrossed, giving Levi Garrison no chance to escape at all.

"Break it for me!"

Levi Garrison's eyes were cold and harsh, and he suddenly released his energy to this kind of person.

The violent energy breath smashed towards everyone like a tsunami.

Bang bang bang!

Several figures were shaken and flew out.

It wasn't until after they fell to the ground that others discovered that the attackers' meridians had been cut off.

Although there is still a breath left, it is no different from a vegetative person.

sizzle!

Everyone gasped involuntarily.

“Levi Garrison is so strong?”

This thought filled the hearts of everyone present.

The Xingyue Shenzong was shocked by Levi Garrison’s terrifying power, and even when they were discussing at the beginning, they were far less powerful than the power they showed now.

At that time, Levi Garrison not only had reservations, but also retained so much?

Luo Yunyang and other members of the Sun Moon Divine Fire Academy were simply amazed at Levi Garrison’s strength.

It is really terrifying to be able to shock these people to the point where their meridians are completely cut off by the Qi machine alone.

“Even this seat may not be able to achieve this level.”

The expression in Luo Yunyang’s eyes gradually became solemn.

“Don’t hold back any more, go all out to kill him.”

Luo Yunyang gave the order again.

Levi Garrison had an even more smile on his face, and he swept away at high speed.

“Want to escape? It’s a fool’s dream, chase it!”

Luo Yunyang took the lead in chasing him out. He thought that Levi Garrison had exhausted his physical strength with the blow just now, and now he wants to escape.

However, when he chased outside, he found that Levi Garrison was standing with his hands on his shoulders, apparently waiting for his own troops to chase after him.

“you wanna die!”

Luo Yunyang was completely angry, and what Levi Garrison did was a provocation of the red scorpion.

While speaking, other Sun Moon Shenhua Academy personnel rushed out and surrounded Levi Garrison.

“Come on together and smash him into pieces!”

Luo Yunyang said in a condensed voice.

However, before the words fell, Levi Garrison’s figure disappeared first.

“Be careful behind you!”

Luo Yunyang hurriedly reminded the subordinates in front of him.

However, it’s too late!

Levi Garrison slapped the back of his head with a palm, and the man died on the spot without even uttering a word.

“You all have to die today!”

Levi Garrison’s cold voice sounded in everyone’s ears, but no one could find his trace.

“Ahhh!”

After a while, screams in the courtyard came one after another.

Levi Garrison is like a messenger from hell wielding the scythe of the god of death, and a fresh life is taken away by the wind.

In just three or five minutes, all the members of the Sun Moon Divine Fire Academy had been killed.

“Sun Moon Divine Fire Academy is only at this level? It’s really disappointing!” Levi Garrison said quietly.

The Return of the God of War [The Protector]

Chapter 3984

Levi Garrison's face was relaxed and comfortable, as if he had just done a trivial thing.

sizzle!

The sound of sucking cold air was constantly heard from the scene.

The members of the Xingyue Shenzong also felt a chill in their hearts, and they were even a little glad that Levi Garrison was merciful at the time, otherwise they would not have escaped death.

Although they heard Murong Qingxue say that Levi Garrison had slaughtered the experts from the Sun Moon Divine Fire Academy, what they saw with their own eyes was another matter.

They once thought that Levi Garrison would have the last laugh, but they never thought that he would win so easily.

In the depths of everyone's hearts, the absurd thought that "top sectarian power is nothing but the same" arises.

Luo Yunyang was also horrified. These people are all elites of the Sun Moon Divine Fire Academy. How could they be so vulnerable in front of Levi Garrison?

"Who exactly are you?"

Luo Yunyang asked in a cold voice.

Luo Yunyang already suspected that Levi Garrison came from a peak powerhouse of a superpower, otherwise he would never have reached such a terrifying cultivation level.

"You don't deserve to know!"

Levi Garrison sneered and said, "Don't talk nonsense, now it's your turn to die."

“Insanity!”

Although Luo Yunyang was shocked by Levi Garrison’s strength, he would never sit still.

Of course, Luo Yunyang also thought about escaping, but then he would fall into absolute passivity.

The situation of this pair of top powerhouse rivals will be fatal once they fall into a passive position, and it might be better to fight head-on and perhaps deserve a chance of survival.

“go to hell!”

The long sword pierced out, and the sword gang surged, as if to pierce the void out of a ravine.

Levi Garrison did not retreat but advanced, and punched the sword Gang.

The two were instantly fighting together.

After simply testing the depth, Levi Garrison suddenly lost interest.

Luo Yunyang’s cultivation is really not bad, even if Mu Rong Wanqing is far behind, but it is still not on a level compared to himself.

“Your subordinates haven’t gone far on Huangquan Road. I will send you to accompany them, so as not to be lonely.”

While speaking, Levi Garrison threw several punches in a row, completely blocking the direction that Luo Yunyang might avoid.

Luo Yunyang couldn’t dodge in time, and he was punched two times in succession in the chest, and the sound of bones shattering suddenly appeared.

The whole person is like a cannonball embedded in the thick wall of the Sun Moon Shenzong.

However, Levi Garrison didn’t give him any chance to catch his breath at all, so he stepped forward, stuck out three fingers and clasped his throat, and twisted suddenly.

Gaba!

The crisp sound of broken bones sounded, and Luo Yunyang's eyes were filled with extreme unwillingness to die.

After finishing all the powerhouses of Sun Moon Divine Fire Academy neatly, Levi Garrison said with a smile: "Send someone to clean up the courtyard, it's too messy."

The scene was dead silent, and after a while there was an uproar.

"He actually did it!"

"Isn't Luo Yunyang too weak? In front of Levi Garrison... Sect Master, he has no power to fight back?"

"Weak your uncle! Luo Yunyang can destroy the entire Xingyue Divine Sect by himself, but the Sect Master is too strong to make him vulnerable."

The courtyard and the reception hall were quickly cleaned up, and Levi Garrison was drinking tea leisurely, with a relaxed and comfortable face.

It was in stark contrast to the solemn expressions of the rest of the Sun Moon Shenzong.

"Sect Master, this is equivalent to declaring war with Sun Moon Divine Fire Academy and even Sun Moon Divine Fire Hall!"

"With the strength of the Star-Moon Divine Sect, it's really impossible to compete, you still have to think about how to deal with it in advance!"

Mu Rong Wanqing said worriedly.

Levi Garrison's strength is strong, but the Sun Moon Divine Fire Palace is a real big sect, and the network resources of experts are scattered everywhere.

As long as someone is sent to hold Levi Garrison, the Xingyue Shenzong will die without a burial.

"It doesn't matter, they dare to come, and they will be destroyed together!"

Levi Garrison paused and added: "What's more, as long as you don't say it, who would know that Luo Yunyang and others died in the Xingyue Shenzong?"

"Okay, I still have important things to do next, Murong Qingxue go with me!"

The Return of the God of War [The Protector] Chapter 3985 – 3990

After settling the specific matters of the Xingyue Sect, Levi Garrison took Murong Qingxue on the road alone.

Now that the strength of the Taixu Shenzong has been ascertained, it is time to seek revenge for them.

It's just that Taixu Shenzong is far away from Xingyue Shenzong, and it has to cross Yulong City in the middle.

Walking on the road, Levi Garrison's thoughts surged.

After thinking about entering the Kunlun Ruins, I went all the way very smoothly.

Not only did he successfully consume a large dragon vein, but he also took the Xingyue Divine Sect as his own.

"Gong Qianqiu, you'd better cherish the last few moments."

"There are also the Three Holy Sons, the Great Holy Son, and the people of the Taixu Shenzong. You'd better be aware of current affairs and not interfere."

"Otherwise, Lao Tzu doesn't mind directly destroying the Taixu Shenzong."

Levi Garrison secretly made up his mind.

With the Xingyue Shenzong as a reference, the Taixu Shenzong has been completely ignored by Levi Garrison.

“Mr. Ye, the forest in front is called the dark and dead zone by the surrounding people. There are often masters of loose cultivators who kill people and steal goods. We’d better be careful.”

Murong Qingxue said respectfully.

Murong Qingxue didn’t even think that Levi Garrison would only take him on the road.

Before she set off, she was even ordered by Mu Rong Wanqing to hug Levi Garrison’s thigh at all costs.

Although the bodies of Luo Yunyang and others have been cleaned up, sooner or later this incident will happen.

At that time, the Xingyue Divine Sect will face the double anger of the Sun Moon Divine Fire Academy and the Sun Moon Divine Fire Temple. Only by stabilizing Levi Garrison can he survive this disaster.

However, on the way, Murong Qingxue also expressed his willingness to give everything, but he was ignored by Levi Garrison.

This made Murong Qingxue hit hard. She used to be the goddess of heaven and the goddess in the eyes of countless young talents.

Levi Garrison said with a relaxed face: “If they want to die, they can come and grab it.”

The corners of Murong Qingxue’s mouth twitched, speaking at a high level of cultivation is domineering.

The two walked into the jungle side by side, and there was nothing unusual at first, but when they came to the depths of the jungle, they were suddenly blocked by dozens of figures.

These people were all wearing scarlet robes, with a black skeleton embroidered on their chests, suddenly looking extremely ferocious.

“It’s the people of the Blood Shadow Pavilion. This organization has done all kinds of crimes to assassinate, snatch, and detect information. Almost everyone is a desperado.”

Murong Qingxue’s expression did not change, and her voice trembled.

Levi Garrison didn't care at all, since this organization blocked his way, he must be mentally prepared for the destruction of the entire army.

These Blood Shadow Pavilion members received an order from the Sun Moon Divine Fire Academy not long ago to collect information on the day of the Dragon Veins Contest.

He never thought that he would run into Murong Qingxue during the mission.

These people have coveted the Holy Maiden of the Star Moon Sect for a long time, but Murong Qingxue usually has many experts to accompany her in and out, and they don't have a good chance to start.

However, after receiving information before this action, Murong Qingxue actually only took one person to go out to do errands.

Especially that person is a waste monkey who has just entered the Kunlun Ruins from the mundane world.

Simply a godsend.

And soon the blood shadow pavilion powerhouse got the message again, there are several forces coming in this direction, obviously the target is Murong Qingxue.

After all, Murong Qingxue not only had a high talent for cultivation, but also his temperament and appearance were of the highest quality. Such a character would be more in line with the highest standards of a dual cultivator.

"The Xingyue Shenzong and the Blood Shadow Pavilion have no grievances or enmity, so why do you have to force each other?" Murong Qingxue said coldly.

The leader of the Blood Shadow Pavilion sneered and said, "That was before, and now the Xingyue Divine Sect is already the suspect of Sun Moon Divine Fire Academy."

"Our Blood Shadow Pavilion will naturally take the lead. Of course, if the saint is willing to serve me well, I can consider spare your life."

"Otherwise, don't blame this seat for the hot hand to destroy the flowers."

Not long ago, the senior management of Sun Moon Fire Seminary issued an order to find the whereabouts of Vice President Luo Yunyang.

And the Blood Shadow Pavilion is nearby, so naturally, it is the first to arrive at this only road and wait for the rabbit.

“Mr. Ye, these people are powerful. I’m afraid I’m not an opponent. I ask you to help.”

Murong Qingxue said in a low voice.

Levi Garrison said with a smile: “You can just watch from the side, these little fish can’t make any waves.”

“Hahaha! A mere monkey in the secular world is not afraid of the wind flashing its tongue?” The leader of the Blood Shadow Pavilion laughed on his back.

“Noisy!”

Levi Garrison didn’t say more, and disappeared directly into a shadow.

Before the members of the Blood Shadow Pavilion could react, Levi Garrison had already come to the crowd.

clap clap clap!

Levi Garrison raised his hands and fell, and in an instant, he took the lives of three blood shadow pavilion powerhouses.

“So fast! So strong!”

The leader of the Blood Shadow Pavilion involuntarily took a breath.

He didn’t even see how Levi Garrison made his move, and his elite subordinates had already died.

“Go together!”

The leader of the Blood Shadow Pavilion said angrily.

Everyone rushed up, but the strength gap between the two sides was too great, and Levi Garrison basically belonged to a unilateral massacre.

Before half a column of incense, this team of Blood Shadow Pavilion powerhouses all fell into a pool of blood, with no vitality.

“Let’s go!” Levi Garrison waved at Murong Qingxue and said.

Only then did Murong Qingxue come back to her senses, every time she saw Levi Garrison fighting, it would have a big impact on her spirit.

You must know that these Blood Shadow Pavilion powerhouses can almost match the core combat power of any medium-sized sect.

However, he was still vulnerable in front of Levi Garrison.

It was recorded that the two of them were intercepted by many forces, and their target was Murong Qingxue.

But without exception, these interception teams were crushed and killed by Levi Garrison.

“I didn’t expect you to be quite popular, these people are bound to win!”

Levi Garrison joked.

Murong Qingxue rolled her eyes, and couldn’t help but slander, “Isn’t that also unable to enter your old man’s magic eye?”

Next, the two continued to travel for five consecutive days, and finally came to the largest city on this route – Yulong City.

This Royal Dragon City is quite magnificent. There are heavy defensive giant crossbows at the top of the city wall, and there are tens of thousands of city defense troops.

The entrance and exit of the city gate must be checked in detail, and the city defense registration is required to successfully enter the interior of Yulong City.

“Let’s rest here for two days now. You also used up a lot of physical strength before.”

Levi Garrison said lightly.

He is not in a hurry to go to the Taixu Shenzong now. After all, the result is already predictable, and it is okay to let Gong Qianqiu and others wait a few more days.

“it is good!”

Murong Qingxue let out a sigh of relief. During this period of time, she had been intercepted many times.

Although Levi Garrison took the shot, she also put in a lot of effort, and coupled with the non-stop rush, the physical exertion was not small.

The two entered a restaurant, ordered a whole table of delicacies, and rested while eating.

“I heard there is no? Recently, a fierce beast appeared in the eastern suburbs of Yulong City, specializing in eating powerful monks.”

“What kind of monster is it, someone has seen it with his own eyes, that is a person, but his appearance is very ferocious, and he was mistaken for a monster.”

“And he is not a monk, even some powerful beasts will become his first choice.”

“This devil has been active in the suburbs recently, and it is hard to guarantee that he will not break into the city to make waves. Have you seen the notice posted in the guard house to recruit powerful loose repairers?”

“If you want me to say that if you have a chance, escape from Yulong City! Tens of thousands of city defense troops are powerless against the devil, let alone those of us with low cultivation bases.”

Everyone was talking and panicking.

Levi Garrison listened while eating and felt the strangeness of Kunlun Ruins again.

At this moment, neat and rhythmic footsteps could be heard outside.

Levi Garrison turned his head to look, and saw hundreds of heavily armed city defense troops passing by quickly, their faces were all very solemn.

"All merchants and residents are not allowed to go out unless absolutely necessary. There are monsters in the outskirts of the city. They specialize in eating people with high cultivation bases. Everyone should be careful."

The deputy general of the city defense army announced loudly.

The news of the cannibal was confirmed, causing everyone to panic again.

Even those who had previously proposed to take the opportunity to escape from Yulong City stopped talking. After all, no one knew where the devil would appear next time.

It didn't take long for the city defense army to send a message again that the meat-eating devil was rushing to Yulong City, and all the monks who went to investigate the situation fell.

For a time, people were panicked again. In order to stabilize the hearts of the people, the city defense army sent heavy troops to protect the civilians and the monks of various small sects.

Many sects were also instantly tense, and the swords were drawn out of their sheaths and the arrows were wound, and they were ready to fight.

"You have been in Kunlun Ruins for a long time, have you heard of this kind of monster before?" Levi Garrison asked curiously.

Murong Qingxue shook his head and said, "The fierce beasts in the Kunlun Ruins are never picky eaters, no matter how high or low they are, they will attack."

"Perhaps someone is pretending to be a ghost and deliberately causing panic among the imperial staff in order to achieve some kind of ulterior motive?"

Levi Garrison nodded, this speculation is indeed very possible.

"Mr. Ye, why don't we hurry up and leave this place of right and wrong!" Murong Qingxue said solemnly.

"Didn't you hear that Yulong City is now closed? You can't go out even if you want to go out."

Levi Garrison said with a smile: "Don't worry, let's just see what this devil is?"

Levi Garrison's curiosity was indeed aroused, and he even looked forward to meeting this devil.

After the two had eaten, they stayed at the inn, but Murong Qingxue was very nervous.

Fortunately, the two people's rooms are next to each other. If there is any emergency, Levi Garrison can come to support in time.

The rumors of the devil eating people kept increasing, and the entire Yulong City fell into extreme panic.

The many sects and civilians in the city are also living in panic, and the whole city seems to be covered with a heavy shadow.

"Seven or eight small sects have already been eaten by monsters, and there are many strong ones, but they cannot escape death."

"This devil is too strong! The pressure on the city defense army has doubled, and the conscription has already begun."

"Hey, Yulong City is also completely sealed. It is said that many strong people who were preparing to escape secretly were all eaten without exception."

"Are we going to be buried with the entire Yulong City?"

Rumors spread all over for a while. At the beginning of the period, some people doubted whether it was a rumor. Later, after the city defense army confirmed it one after another, everyone gave up completely.

Can't escape, and can't fight, as if there is only one road left to wait for death.

Fear spreads rapidly in the hearts of everyone in Yulong City, and there is no one on the streets of the city except the guards patrolling.

Murong Qingxue proposed to leave Yulong City again, she didn't want to be buried in the devil's mouth.

But then I heard that the strong people who escaped from the city were also eaten by the devil without exception, and instantly gave up the idea of leaving.

Levi Garrison doesn't care, it's okay to stay and see the devil.

Especially later, Levi Garrison vaguely heard that the Cang Qiong faction was also attacked by the devil, and he was a little worried about Xiao Feng's safety.

Although Xiao Feng made a mistake and immediately left the base camp, Levi Garrison didn't ask too much, but after all, he valued this apprentice very much.

If you really want to say that you don't care about Xiao Feng's life or death, Levi Garrison really can't do it.

"The devil came in from the east gate, let's run!"

At this moment, a cry of exclamation reached Levi Garrison's ears.

A look of panic flashed across Murong Qingxue's face. During this time, he had heard too much information about demons eating people.

Even several small sects were eaten clean, which made Murong Qingxue feel terrified.

"I'm going to see what's going on? You stay here and don't walk around."

Levi Garrison said solemnly.

Without giving Murong Qingxue a chance to respond, Levi Garrison's figure had already disappeared.

The corner of Murong Qingxue's mouth twitched, she wanted to go with her, after all, only you, Levi Garrison, can give her a sense of security.

But Levi Garrison's speed was too fast, with Murong Qingxue's movement technique he couldn't catch up at all.

In desperation, Murong Qingxue could only give up and find a hidden place to hide.

Levi Garrison was extremely fast, and it didn't take long for him to arrive at the site of the incident – the east gate of Yulong City.

Of course, Levi Garrison came to see Recoo this time, and it didn't involve his own interests, so he didn't want to intervene.

After all, this is the Kunlun Ruins. As for the life and death of the people in it, what does it have to do with him?

Sure enough, hundreds of city defense troops were besieging a monster.

The reason why it is called a monster is because the trapped person wears black armor, the helmet is also jet black, and the long hair shawl hides the face.

In addition, this person has obviously been killed with red eyes, and his face is stained with blood, making it even more impossible to see his original appearance.

"Ahhh!"

The screams of the city defense army continued to come from the city gate. Even though they had an advantage in numbers, they were still unable to injure the black armored monsters.

The black-armored monsters rushed forward, and the city defense troops were either killed or wounded wherever the fist wind swept through.

"Ow!"

The black armored monster roared and grabbed the two city guards with one hand. Immediately, they felt that the qi in their bodies was quickly attracted by some kind of force.

In just a moment, the power of the two people was completely absorbed, and even the blood and qi were dried up, and in the end, only two bones were left.

"The monster is not eating people at all, but absorbing people's blood and skill."

To this day, the city defense forces finally figured out what happened to the monster eating people.

"Everyone lined up, you must kill them today, otherwise there will be no trouble..."

Before a city defense leader could finish speaking, he was grabbed by the black armor monster with both hands.

Until the last moment, the city defense chief had panic and anxiety in his eyes.

After the black armored monster devoured several leaders of the city defense army with strong cultivation, the strength of the whole person continued to skyrocket, and it was almost unstoppable.

The city defense army was killed several times in a row, even though they have experienced many brutal battles, they have never encountered such a difficult opponent.

“The big thing is bad, the defense formation has been broken.”

“The moat and the strong crossbow can’t cause damage to him, we can’t hold it anymore.”

“Get out!”

The city defense troops had no intention of fighting, and they scattered.

However, in the eyes of the black armor monster, this situation is an excellent opportunity to attack.

His body is as fast as lightning, and he absorbs the strength and blood of the city defense army with an extremely fast speed.

In less than half an hour, the east gate of Yulong City was completely breached.

The city defense formation collapsed, the heavy defense equipment was destroyed, and the city defense army suffered heavy casualties.

If the SLR-equipped black-armored monster catches it, it will be sucked into dead bones directly.

This situation made the city defense army even more frightened, and they were beaten to pieces for a while.

As for the ordinary people and small sects in the city, they didn’t dare to stay where they were, and they all fled wildly.

Levi Garrison returned to the inn after observing from a distance for a while. He was also afraid of Murong Qingxue's unfortunate death, after all, the latter had to lead him to the Taixu Shenzong.

"What kind of path is this devil? This force is very violent!"

Levi Garrison is even more curious about the background of the big devil.

The previous city defense troops were also quite strong in combination, and they were still killed without their armor and armor.
