

When His Eyes Opened by Simple Silence Chapter 1683

This is Elliot's due protection and responsibility as a father to his children.

.....

Aryadelle.

The painful night passed, and the next morning, Avery woke up and opened her eyes.

Her mind was chaotic. She couldn't remember what happened for a moment, she only knew it was painful.

It wasn't until she saw everything in the ward that she was stunned.

She saw everything in the ward, clearly!

She stretched out her hand and shook it in front of her eyes, it was true! She can really see.

She immediately lifted the quilt and hurriedly got out of bed.

Next to him, Mike woke up immediately after hearing the movement.

He woke up at six o'clock this morning. After waking up, he played with his mobile phone for a while, and simply fell asleep on the table next to her hospital bed.

So as soon as Avery moved, Mike woke up.

"Avery, why did you get out of bed?" Seeing her getting out of bed, Mike immediately reached out to support her.

"Mike! I can see things now! I can see!" Avery's cheeks flushed with excitement, "I thought I was completely blind..."

"Great! But you suddenly couldn't see yesterday. It means that your condition is quite serious. After you fell asleep last night, I asked Wesley, Wesley said that your illness is very complicated and you may be going abroad for treatment." Mike pressed her shoulders and asked her to sit down, "I can accompany you abroad at any time."

Avery looked complicated. She didn't expect that her eyes would sometimes see and sometimes not.

Although she can see things now, her illness must not be delayed.

She can't be like last time, this time she has to put herself first.

"I have to wait for Elliot to come back. When he comes back, I want to divorce him first." Avery told her plan, "He said he would come back in about a week."

"Oh, did you talk to him on the phone about divorce? How did he react?" Mike supported her divorce.

Rebecca and Haze have always made him feel uncomfortable.

With Avery's conditions, why should Elliot suffer such grievances?

"No. Tell Elliot when he comes back." Avery didn't think too much about whether to do it or not, because she already had a very definite answer in her heart.

"What if he won't divorce you?" Mike asked.

"As long as I insist on divorcing him, he will have to leave if he doesn't want to." Avery knows Elliot too well.

Although Elliot was domineering, he had a strong self-esteem.

As long as she spoke ill of him, he would definitely divorce her.

"Mike, why do you think he doesn't want to divorce me? I called him yesterday, and he doesn't care about me anymore... Believe it or not, when he comes back, I ask him for a divorce, he will definitely care. It's not that I want to divorce him, what he cares about must be the custody of the three children and the management of my company."

Mike was horrified: "As for what? Are you two making trouble like this?"

"He said, if I propose divorce, don't want custody of the children. He will settle everything with me." Avery had already prepared for the worst.

When His Eyes Opened by Simple Silence Chapter 1684

Mike shrugged, "The company can but the child can't. I think the two of you will probably be inseparable from this marriage."

Avery didn't answer.

She didn't want to be separated from her children. She didn't want to lose any of her three children. But she couldn't continue to live with Elliot.

In particular, her eyes will be treated next, and there is no way to take care of the child for the time being.

So she can't fight for the custody of the child now.

Seeing that she didn't speak, Mike stood up: "I'm going to buy breakfast. You stay in the ward and don't move. I'll call the nurse to see you."

After Mike finished speaking, he strode out.

After a while, the nurse came to check on her condition.

"Miss Tate, your attending doctor won't go to work until 8 o'clock. When he gets to work, I'll ask him to come over immediately." The nurse said.

Avery: "Well."

The nurse: "You'd better stay on the hospital bed, because you still might not be able to see suddenly."

"Well." Avery raised the head of the hospital bed and leaned on her body relaxedly.

Not long after, Mike came back with breakfast.

"Mike, don't tell anyone about my illness. I don't want to worry about others." Avery took a sip from the milk cup and said this.

"You have to tell Wesley. Elliot doesn't care about you. I don't need to tell Chad about being sick. If you accompany me to go abroad for medical treatment, what will Chad do?" Mike was very resentful.

After breaking up with Elliot, he and I will most likely have to become enemies. You don't need to worry about me, I can feel at ease as long as you are fine." Mike thought about it last night.

Avery couldn't help but ask: "Are you afraid that your condition will recur in the future?"

"You can understand that. If you don't have a good time, I will feel very uncomfortable." Mike picked up breakfast and wanted to feed, and said, "Eat it! The devil knows Elliot will come back. If he doesn't come back in a week, we'll go first."

"Okay." At the door, the nurse immediately became embarrassed when she saw Mike feeding Avery.

"Miss Tate, Dr. Hu is here."

Avery immediately put down the milk glass.

After Dr. Hu entered, the nurse came out.

“Avery was sick and was hospitalized here. Why didn’t her husband come?” The nurse chatted with her colleagues.

“I don’t know! How dare we inquire about the private affairs of people like them. Last night, I saw Avery hugging the man who took care of her. They were very close.”

“I saw that man just now. Feed Avery breakfast! Avery can already see today, and she even asked a man to feed her breakfast. The relationship between the two of them is definitely not easy.”

“It is estimated that the relationship between Avery and Elliot is in crisis! It must be Avery who cheated on him. This male junior, how could Elliot tolerate Avery cuckolding him?”

“It seems that the two of them will announce their divorce soon.”

“I think Avery has a bad eye. Wesley chased her before, but she didn’t agree. Wesley is so good!”

“That’s right. Wesley is my male god, but unfortunately the male god seems to be pure-hearted and has no such worldly desires. Otherwise, he wouldn’t marry a fool.”

“Shh! Loud! If Wesley hears you say that to his wife, he will definitely be angry! His wife has recovered almost like a normal person now. And she can get pregnant...”

“Maybe she will give birth to a little fool. Wesley is stupid. How many female doctors and nurses do our hospitals pursue him?”

“Wesley should have been stimulated because he couldn’t pursue Avery. He couldn’t handle Elliot, so he married Elliot’s sister.”

When His Eyes Opened by Simple Silence Chapter 1685

“You said that, I suddenly feel that it makes sense!”

.....

Starry River Villa.

In the evening.

Chad drove over and gave gifts to the three children.

“Uncle Chad, why didn’t Uncle Mike come with you?” Layla grabbed her head and looked behind him, “I feel like I haven’t seen him for a long time.”

Chad scratched his head: “Is Mike not here?”

Hayden answered: “No! Isn’t he with you?”

Chad was puzzled, “Mike hasn’t been home for two days. He said he came here to stay for a few days, and he wouldn’t follow me after that.”

Layla puffed her cheeks and said sternly: “Uncle Mike lied to you! He has never been to our house!”

“What the h-e-l-l is going on!” Chad took out his phone, After dialing Mike’s phone, he said angrily, “Mike don’t answer my call again!”

“Then call my mother! You ask my mother to find him! He is most afraid of My mother.” Layla gave Chad an idea.

Chad thanked Layla and immediately called Avery.

In the ward, Mike saw Chad call Avery’s cell phone, and without thinking about it, he pressed the silent button and ignored the call to pick up.

“If you don’t want to pick it up, let me pick it up! I once promised him that even if I break up with Elliot, I will continue to be friends with him.” Avery reached out and wanted to get his phone.

Mike pushed her hand away: “I didn’t answer when he called me. He called you, and he should have been looking for me.”

After that, Mike took her phone and walked out.

He walked outside the ward and answered the phone.

When Chad heard his voice, he immediately scolded: “What the h-e-l-l are you doing? Are you with Avery? Or are you kidnapped by Avery?”

Mike replied, “Elliot has gone to Yonroeville, you must know very well. He’s sorry for Avery. When he comes back, Avery will divorce him. Then I will take Avery out of here.”

Chad was stunned: “Do you plan to spend time with Avery in the future? Ah, my boss went to Yonroeville because Rebecca died... Couldn’t my boss have a look at

Rebecca's death? Avery wants to divorce my boss because of this? It's outrageous, is it necessary to make it so ugly?"

"You should ask your boss this question. He knows it!" Mike finished and hung up the phone.

Chad looked at the call that was hung up, his cheeks flushed with anger. He really didn't expect that Avery would get divorced because Elliot went to Yonroeville.

He thought that Rebecca died and that child's whereabouts were unknown, Avery should be relieved.

After all, the obstacle between her and Elliot disappeared.

Now Elliot goes to Yonroeville to investigate, and this matter is over.

"Uncle Chad, what's the matter with you? You've been scolded?" Layla looked at Chad's bad face, so she dared to ask with concern.

Chad shook his head: "Has your mother been home these two days?"

Layla explained, "No! My mother wants to watch my Aunt Shea's baby. Wait until Aunt Shea's baby comes out of that bag, then my mother won't be so busy."

It seems that Avery has not told the child that she is going to divorce Elliot.

After coming out of the Starry River Villa, Chad felt uncomfortable all over his body, and was so overwhelmed that he couldn't breathe.

He took out his mobile phone and looked through the address book, trying to find someone to talk to, but he didn't know who to call.

Finally, he called his boss Elliot.

When His Eyes Opened by Simple Silence Chapter 1686

It was 5 o'clock in the morning in Yonroeville at this time.

Elliot was awakened by the ringing of his mobile phone, and when he saw that it was Chad's call, he answered the phone immediately.

"Boss, how are you doing? Have you found Haze's whereabouts?" Chad asked.

Elliot didn't expect him to call, just to ask this.

Elliot: "Do you know the current time on my side?"

"Yes. Did I wake you up?" Chad's tone contained a little self-reproach, but not much guilt, "I went to the Starry River Villa just now. That's it."

Elliot rubbed his brows and sat up.

Although it was only 5:00 in the morning, it was already starting to light up outside the window.

"What do you want to say, just say it." Elliot's tone was sullen.

Chad said, "Boss, have you and Avery broke up? Mike said she was going to divorce you. If you have nothing to do in Yonroeville, come back quickly! You can let Brother Ben Stay over there to deal with the funeral."

"Deal with the funeral? Haze hasn't found it yet! Who's to deal with!" Elliot's voice rose a few times, "When you mentioned Mike, it reminded me that he said he was coming. Killing Rebecca, I now have a reasonable suspicion that he may have done this!"

Chad: "..."

Chad wanted to defend Mike, but he couldn't explain it.

Because Mike had said the same thing to him.

Could it be that this tragedy was really caused by Mike?

Elliot asked, "Why don't you talk? Do you know the inside story?"

"I don't know. Boss, Mike didn't tell me anything. Otherwise I wouldn't call you. He's been with Avery for the past two days, and he didn't go back to me or Starry River Villa." Chad was confused, there was a mess in his mind.

"Where are they?" Elliot became more and more suspicious that this matter had something to do with Mike.

For Avery, Mike could leave everything behind and do anything for Avery, even if it was against the law.

At this point, Elliot really can't compare.

Chad said, "I don't know. Maybe it's in the hospital. Boss, I'm going to find Mike now. I'll ask him if he did Rebecca's death."

“Now...” Elliot said sharply, “All the bodyguards of the Jobin family were killed. Dozens of people died!”

Chad was horrified: “I’ll go find him now. If he did it, I definitely wouldn’t forgive him.”

This phone call made Chad feel the pressure and fear that he had never felt before.

Mike is crazy. He really is the kind of guy who can do anything.

If it wasn’t for Avery to live with him, he would have gone astray long ago.

Chad drove the car to the Third Hospital.

He didn’t call Mike or Avery, this time he dialed Wesley’s number.

Wesley answered his phone, learned that he was in the hospital, and immediately came down to pick him up.

Chad: “Mike doesn’t answer my call, I’m here to find him.”

Wesley didn’t seem surprised.

Chad sneered, “He is very obedient when he is obedient, and he is especially ruthless when he is ruthless. My boss now suspects that Mike killed Rebecca, so I came to him.”

When His Eyes Opened by Simple Silence Chapter 1687

Seeing that the situation was serious, Wesley went to Mike immediately.

Not long after, Mike came downstairs and saw Chad at a glance.

When the two met, it was like an enemy meeting, and they were extremely jealous.

Ophthalmology Inpatient Department.

Wesley chatted with Avery in the ward.

“Chad said that Elliot suspected that Mike killed Rebecca.” Wesley held an apple and slashed slowly, “I think Chad is in a hurry. Shouldn’t Mike really do this, Right?”

Avery looked surprised: “Impossible. Mike wouldn’t do such a thing. If he did, he should have told me.”

"If he really did, he probably wouldn't tell you. I told you, have you been scolded?" Wesley heard the uncertainty in her tone, "Rebecca died, but Haze is innocent. He won't even kill Haze, right? If so, that would be too much."

Avery shook her head violently and wanted to get out of bed: "I'll ask him... I don't believe he would do such a thing! He won't kill anyone casually."

Wesley put down the apple and the fruit knife, "Don't go down. After he and Chad meet, he will naturally come back."

"Brother Wesley, why do you think Mike will kill?" Avery's body was tense and with some intense emotions, "He's not that kind of person."

Wesley: "Mike is good to me. Of course I hope he is a law-abiding person. But Mike is different from us. He has an impulsive personality. He won't take laws and regulations seriously."

"Brother Wesley, why do you say that about him? After he came to Aryadelle, he has never done anything illegal. Why do you say he doesn't take laws and regulations seriously?" Avery can't stand Wesley belittling Mike like this.

As if Mike was born a sinner.

"I didn't know him until he came to Aryadelle. We met when we were in Bridgedale. What he did in the past, no one knows, I know. Avery, I didn't say that the Jobin family tragedy must be caused by him, I'm just afraid that he did it. If he did it, Elliot would definitely not let him go." Wesley analyzed the seriousness of the incident with her.

Downstairs in the inpatient department.

After Chad and Mike said a few words, they quarreled.

"I didn't even go to Yonroeville, why did I kill someone?" Mike said that he was angry, and stretched out his hand and pushed Chad back.

Chad almost lost his footing.

"Who said it was you who killed yourself? You hired a professional killer to do it!" Chad walked up to him again, looking at him with a strong look in his eyes, "You told me before that you want to get rid of Lose Rebecca!"

Mike's cheeks were hot: "Yes! I not only said that to you, but also to your boss!"

Chad: "Heh! Why don't you go and tell the world! Even if you really want to do this kind of bad thing, can't you do it secretly? You have to say it everywhere! I'm afraid others won't know that you did it!"

Mike: "I just said it, didn't do it! I didn't do it!"

Chad breathed a sigh of relief: "You really didn't do it?"

Facing Chad's repeated questioning, Mike frowned: "I did it. Go and call the police to arrest me." After shouting these words, Mike pushed Chad away again with his hands, "Get out of my way!"

After the two quarreled, Mike turned and left.

Chad stood there, watching him disappear, feeling even more irritable.

What's more annoying is that he got a call from Elliot not long after he came out of the hospital.

He took a deep breath, adjusted his mood quickly, and answered the phone.

"Did you find him? What did he say?" Elliot got up after being woken up by the phone.

"He said he didn't do it at first, and then he said he did it. I don't know if he did it." Chad wanted to help Mike, but Mike's behavior just now completely annoyed him, "You Go investigate him. If he really did it, if you want to kill or cut anything, just pretend that I never knew him."

When His Eyes Opened by Simple Silence Chapter 1688

After saying these words, Chad regretted it.

He felt that this was not what Mike did, because Mike denied it the first time. But Mike ignored him these days, which made him very angry.

—No matter how the relationship between Avery and Elliot changes, what does it have to do with other people?

—Why should Avery and Elliot divorce, and they should be implicated?

When Mike returned to the ward, Wesley immediately stood up from the chair: "You two, let's talk, I'll go out first."

When Wesley walked out, he closed the door of the ward.

Avery looked at Mike. Although he didn't say anything, Mike already knew what Avery wanted to say by the look in her eyes.

"I didn't do it. I did think about killing Rebecca and throwing the child where no one could find it, but I didn't implement this plan." Mike sat down in the chair and said, "Later I looked at Haze's photos, and the more I looked, the less cruel I became, so I didn't do anything."

"I trust you." Avery was relieved after receiving his answer, "this kind of thing you can't do it. This is the bottom line."

Mike complained angrily, "Chad doesn't believe me. He only believes in his boss. Elliot said I did it, so even if I told him I didn't do it, he still didn't believe it."

"Don't be angry. Even if Elliot suspects that you did it, you have to show evidence." Avery comforted him, "You are not afraid of the shadow, you don't want to be angry."

"Don't worry about me, It's alright." Mike felt that compared with the problems Avery encountered, it was like a pediatric problem, "Are you hungry? What do you want to eat, I'll buy it."

Avery stayed in the ward for a few days, feeling bored.

At 5 o'clock in the afternoon, Mike asked Avery if she was hungry and wanted to buy dinner. She didn't let him buy it because she wasn't hungry.

She wasn't very hungry now, but she wanted to go out for a walk.

Avery: "Let's go out to eat! I want to go for a walk."

Mike also felt bored, so he agreed.

The two came out of the hospital and walked nearby while looking for a restaurant.

After choosing the restaurant and taking a seat, Wesley called.

Mike complained to Avery when he saw the call, "Wesley must have told us to go back. He was afraid that you would have an accident, so he explained it to me every day and told me to take good care of you."

"Give me the phone, I'll talk to him." Avery reached out and asked him for a mobile phone.

Mike handed her the phone.

Avery answered the phone, and Wesley's voice suddenly came: "Mike, where did you take Avery? Hayden is here. You two quickly go back to the hospital."

Avery was stunned.

Hayden came to the hospital?

“Okay, we’ll go back right away.” Avery answered, hung up the phone, and said to Mike, “Go back. Hayden is here.”

Mike: “Why is Hayden suddenly here?”

“I don’t know.” Avery was a little nervous.

As Hayden gets bigger and bigger, she can no longer treat Hayden as a minor child like before.

“Why are you so nervous? Let’s eat first. Are you still hungry? I’m all hungry.” Mike touched his stomach, all deflated.

When His Eyes Opened by Simple Silence Chapter 1689

“Order takeaway! I’m afraid Hayden has something to do with me.” Avery hadn’t seen the child for a few days, and had experienced blindness the day before yesterday, so she especially wanted to take advantage of the fact that she could see things clearly now and take a look at the child.

She has been more troubled these days.

The doctor put her in the hospital, so she was hospitalized obediently.

She wanted to see the child, but was afraid to tell the child about her condition, and the child was worried. Now that Hayden came to her, she probably couldn’t hide her situation.

The two returned to the ward, and Avery immediately walked to Hayden.

Wesley didn’t speak, only coughed lightly, reminding Avery that Hayden already knew.

Avery understood what he conveyed.

“Hayden, mother’s illness can be cured. It just takes a little time.” Avery comforted Hayden, “Did you come alone? How did you come? Did you tell your sister when you went out?”

Hayden: ” Uncle Chad went to our house today. I heard what he said and thought it was a little strange. So I came to find you two.”

Hayden said here and looked at Mike.

Mike cleared his throat in embarrassment: "Your mother is sick, and your father still went to Yonroeville even when he knew your mother was sick. He and Rebecca's illegitimate daughter disappeared, he felt that the illegitimate daughter More importantly, it's that simple."

Hayden had heard this from Wesley in advance. But now listening to Mike say it again, the anger in his heart suddenly burned.

"Mom, divorce him!" Hayden looked at Avery and demanded seriously.

Avery knew that his son was very angry, so he followed his words and replied, "Hayden, have you eaten dinner? If you haven't, let's go out to eat together!"

"Didn't you ask me to order takeout?" Mike murmured softly.

"I ate." Hayden grabbed Avery's hand and helped her to sit down by the hospital bed, "Mom, Uncle Wesley said you lost your eyesight the day before yesterday. Can you really be cured?"

"It should be That's what the doctor said. But I'm going to Bridgedale for treatment." Avery's tone was very gentle, "Mom is infusion every day now, and her condition is temporarily stable."

Hayden said quickly, "Why don't you go to Bridgedale for treatment now? I'll take you to Bridgedale."

"Mom has to divorce Elliot before going to Bridgedale. He will be back in a few days."

After listening to his mother's explanation, Hayden Nothing more.

The atmosphere in the ward instantly became a little gloomy.

Avery: "Hayden, please don't tell Layla about your mother's illness. Wait until I go to Bridgedale for treatment and decide when to tell her according to the situation. If it can be cured quickly, then you don't need to tell her."

Layla suffered psychologically. The ability was not as strong as Hayden, so Avery didn't want to put her daughter under such a lot of pressure.

Hayden waited for Avery to eat dinner in the ward before leaving the hospital. He came by taxi, and it was a bit late now. Wesley was worried that he would go back alone, so he insisted on driving him home.

The car drove on the road, Wesley hesitated for a moment, and then broke the silence.

“Your mother is sure to divorce your father. At that time, the issue of custody of your three siblings will inevitably be involved.” Wesley and Hayden raised this upcoming problem, “Your father will definitely fight for your custody. Haze’s attitude shows that he cares about his children.”

“It’s impossible for me and Layla to live with him.” Hayden almost blurted out.

“I know. But Elliot probably won’t let go.” Wesley thought of this problem and felt very difficult, “No matter whether Layla’s custody can be obtained or not, you must find a way to follow your mother. Otherwise, she will be alone and sick again, how sad!”

Hayden listened to Wesley’s sad tone and gritted his teeth: “I will never forgive him. When I grow up, I must surpass him. Then I will take my younger siblings back.”

When His Eyes Opened by Simple Silence Chapter 1690

Hayden said this because he felt that Elliot might want Layla and Robert, but not necessarily him.

The father and son have a bad relationship and have never reconciled.

“Hayden, don’t be angry yet. I just planned for the worst, your father may not be so tough.” Wesley felt distressed when he saw Hayden as an enemy.

A child of his age should have grown up happily under the protection of his parents. But he has been suffering from troubles his age should not bear.

“Uncle Wesley, you don’t need to comfort me. I don’t know other people, don’t I know him? He’s a bad guy.” Hayden said coldly.

Starry River Villa.

When Hayden came back, Layla immediately pulled him and asked, “Brother, have you seen my mother? Have you seen Uncle Mike? Are they both in the hospital? How is Aunt Shea’s baby? Take me to see it! I miss my mother.”

Layla wanted to go with Hayden tonight, but Hayden refused. Because Hayden wasn’t sure if his mother was really in the hospital.

“Layla, brother has something to tell you.” Hayden took Layla’s hand and led her into the room.

Layla looked at her brother attentively and babbled: “Brother, you are so serious! Aren’t you happy to see your mother? Who made you unhappy?”

Hayden: "Your father, Elliot."

"Ah? Also he is in the ospital?" Layla asked in a clear voice.

"He went to Yonroeville to find him and Rebecca's daughter." Hayden pushed open the door and led Layla into the house.

After the siblings entered the room, they closed the door.

Mrs. Cooper hugged Robert, followed her, and stood at the door to see if she could overhear their whispers. It wasn't that Mrs. Cooper wanted to eavesdrop on the brothers and sisters' speech, but Robert pulled her up.

Robert was a little angry, his brother and sister whispered, but he didn't even bring him.

"Dad b*stard!" Layla blew her nose and stared at her brother's words.

"Layla, you still called Dad?" Hayden said angrily.

"Elliot is a big villain. I won't call him Dad!" Layla immediately changed her tune, "Did he go to Yonroeville to get mad at us? Why did he do this? Didn't he promise my mother that he would never go to Yonroeville again? Why doesn't it count?"

Hayden said the reason: "The bad woman Rebecca died. Elliot and her child are also gone. So Elliot went to Yonroeville to find the child."

"That bad woman, How did she die? Did she die of illness?" Layla's eyes widened with curiosity.

Hayden: "She was killed."

"Oh... what about her little baby? Where did the baby go?" Layla sent out a series of doubts, "If Dad... ah, if Elliot finds that Little baby, do you want to bring that little baby back?"

Before Hayden could answer, Layla said to herself, "If he did this, I would never call him dad again. I'm really sad."

"Layla, Mommy said that when he comes back, he will divorce him. Then he will definitely compete with the mother for our custody. I will definitely follow my mother. Layla, I hope you can follow my mother too." Hayden said this to Layla, in order to make Layla stand firm on her mother's side.

"Of course I want to follow my mother." Layla grabbed Hayden's arm anxiously, "I want to be with you. I don't want to be stay with the bad father. He has another baby, and he will definitely not love me like he used to!"

Hayden pondered. After making this decision, he said, "If Elliot insists on the custody of Robert, then when I am more powerful than him in the future, I will snatch Robert back."

"Woooooo... I don't want to give Robert to him. Brother, my brother is ours." Layla thought of breaking up with Robert and tears suddenly flowed out, "If he treats Robert badly What should we do? If we don't live with him in the future, the bad father will definitely not be nice to Robert."
