

When His Eyes Opened by Simple Silence Chapter 1714

Hayden saw the expression on his mother's face solidified for a moment, and heard her sigh very shallowly.

Hayden's eyes suddenly became wet.

The mother, who was once invincible, has now had her wings broken, and can no longer spread her wings as proudly as she once did.

From now on, Hayden will protect his mother.

This idea took root in his heart and grew rapidly!

Blink, a month has passed.

Aryadelle.

Summer vacation is coming.

Tammy asked Jun to go to Foster's house and bring Layla and Robert to play at home.

If it wasn't for her belly fat in the third trimester and inconvenient to move, Tammy would pick up the two children in person.

Elliot wanted to go to Lynch's house with the two children, but Layla refused.

After Jun took the two children into the car, he asked Layla, "Why don't you let your dad play with you?"

Layla: "I don't want him to follow me, I'm not a child anymore."

"Haha, Layla, you don't know how to live in happiness. If your dad could accompany me like this when I was young, I would be very happy."

"My dad gave it to you, do you want it?" Layla looked serious, "I hope he goes to work every day, and doesn't always ask me about my homework, and doesn't always see me being unhappy."

Jun: "He cares about you."

"The more he cares about me, the more he reminds me that I am a child living without a mother." Layla said, turning her face away from the car window, "Uncle Jun, don't talk to him."

Jun: "Okay, I will persuade him to work more and not stare at you all the time."

Layla: "Well."

At home, Tammy immediately hugged Layla intimately.

"Layla, you've grown taller again! So is your brother!" Tammy wanted to hug Robert, but her stomach was too big to hold, so she could only reach out and touch Robert's head.

Robert was a little reserved, hiding behind Layla, staring at Tammy's belly without blinking.

"Auntie Tammy, is my sister coming out soon?" Layla touched Tammy's stomach with her hand.

The moment her little hand touched Tammy's belly, the little baby in her belly kicked her belly violently.

"Ah! She's moving! My sister is moving." Layla exclaimed.

Tammy laughed: "Your sister definitely wants to come out and play with you."

Layla: "When will she come out?"

"Come on! There's still a week at most." Tammy lived like a year.

The baby was already full-term, and in three days, it would be the due date.

Tammy was originally determined to have a caesarean section, but her mother-in-law told her that a caesarean section was better than a natural birth. As a result, a caesarean section leaves a scar on the stomach that will never go away. Second, vaginal delivery is less harmful to the body than caesarean section. The third point is that if you have a caesarean section, you will have to postpone it for at least two years if you want to have a second child.

Of course, Tammy will not decide whether this pregnancy is straight or cut because of the third point.

At the latest obstetric examination, the doctor said that her child's head circumference was within the normal range, and natural delivery was also possible.

So she was more confused.

"Auntie Tammy, will my mother come back to see you when you give birth?" Layla suddenly asked this question, "Are you in touch with my mother?"

Tammy's smile froze: "Your mom told me before that she won't come back when I have a baby."

"Oh...she didn't give me a single call. Do you think she did the right thing?" Layla felt aggrieved, so she asked for justice.

Tammy looked distressed, took Layla's little hand, and sat down on the sofa.

"Of course it's not right for your mother. Maybe she has an agreement with your father. After all, your custody is with your father..." Tammy guessed.

When His Eyes Opened by Simple Silence Chapter 1715

"Tammy, I heard that Avery's phone was turned off, and Brother Elliot couldn't contact her. Brother Elliot didn't let her contact the child." Jun corrected.

"How do you know that they didn't have a similar agreement when they divorced? If there is no such agreement, how could Avery not contact the child? Don't believe what Elliot says. I hate men the most who put on the face of a victim to accuse Woman. It's obviously the man's fault, so why does it seem like a woman is cold-blooded and ruthless in the end?" When Tammy talked about this topic, she couldn't control her emotions.

Jun: "Tammy, don't get excited. I didn't want to quarrel with you, I just don't think you need to speak ill of Elliot in front of Layla... Originally, Layla didn't like Elliot..... "

Tammy: "He did it for himself. Why do you feel bad for him? Don't you think he's innocent and pitiful? You won't be able to follow suit in the future and find women outside to give birth to illegitimate children..."

Jun: "Tammy, what are you talking about! I just told you not to make your unfair remarks in front of your children..."

"What is unfair? You are unfair. All I say is big The truth." Tammy was excited, her face flushed, and her chest heaved sharply.

When Jun saw that she seemed to be out of breath, he immediately supported her.

Jun: "Tammy, don't get excited! Do you want to drink some water? You are sitting on the sofa, and I'll pour water for you!"

Opening her mouth, Tammy's eyes suddenly widened, and then she screamed.

Tammy: "Jun! My amniotic fluid seems to be broken!"

Layla was so frightened that she quickly took two steps back, for fear that she would affect Auntie Sweetie's baby.

Jun put down the water glass, ran to the sofa, and laid Tammy's body flat.

Mary dialed a number xxx and called an ambulance.

Within a quarter of an hour, the ambulance came to the door of the villa.

When Tammy was carried out, she looked at Layla with a guilty face: "Layla, I didn't mean to give birth today, you wait for me to give birth, and I will invite you to play with the baby again!"

Layla couldn't help laughing and crying : "Auntie Tammy, you can go and have a baby at ease! I will go to the hospital to see you!"

"Yeah!"

After Tammy was sent away, only Foster's bodyguard and two children were left in the Lynch family.

"Sister." Robert suddenly shouted.

"What?" Layla looked down at him. "Do you want to go out and play? Okay, I'll take you to play!"

"Okay!"

The Third Hospital.

Wesley was very surprised when he saw Layla and Robert coming over.

"Uncle Wesley, I'll take Robert to see Aunt Shea's child." Layla explained her intention.

Wesley was very welcome.

Wesley: "Are you on vacation?"

"Yeah. But I only have three days off." Layla explained, "My dad signed me up for summer camp. and also Dad is going to send Robert to the early childhood class."

Wesley: "Well, that's fine, otherwise Robert would be bored at home alone. Are you getting along better with your dad?"

"That's it! Auntie Tammy said that my parents must have signed a contract when they divorced. My dad won't let my mom contact me, what do you think?"

Wesley: "I don't know this, but I can tell you one thing, your mother never gave up to you and Robert. You should be obedient first, and wait until the end of the year to see if your mother will come to you."

"Oh... Auntie Tammy gave birth to a baby today." Layla opened her bright eyes, "If mom can call Auntie Tammy, Auntie Tammy will be very happy."

Wesley nodded.

"Then you call my mother and tell her." Layla looked expectant. Robert also looked expectant.

When His Eyes Opened by Simple Silence Chapter 1716

"Your mother doesn't seem to use her mobile phone now. I'll call your Uncle Mike, and he will tell your mother." Wesley picked up the phone and spoke to the two children.

A flash of disappointment flashed in Layla's eyes.

Wesley dialed Mike's number and told him about Tammy's childbirth.

Mike said, "Oh, I'll tell her tomorrow. She's probably asleep by now."

Wesley: "Well. Layla and Robert are by my side, do you want to talk to Layla?"

"Yes. Let's make a video call." Mike finished and hung up the phone.

Within five seconds, Mike's video call came.

Wesley took the video call and handed the phone to Layla.

Layla looked at Mike's smiling face in the video call, her mouth pouted to the sky.

"Where's my mom?" Layla asked, frowning.

Mike: "Your mother is sleeping."

"I don't believe it. My mother must be missing. Otherwise, why would she not contact me? Go to my mother's room, I want to see if my mother is really sleeping." Layla said to Mike made this request.

Mike hesitated for two seconds, then took the mobile phone and walked towards Avery's room.

He pushed the door open a little, set the camera to the rear, and let Layla look at the big bed in the master bedroom.

Avery was really lying on the bed. It's just that the room was very dark, and Layla couldn't see her mother's facial features clearly, only saw vaguely familiar outlines.

When Layla recognized her mother, she lost control of her emotions.

"Woohoo!" Layla's cry came and Mike immediately closed the door, afraid of waking Avery.

"Layla, don't cry. Doesn't your brother often make video calls for you?" Mike looked at Layla's crying wrinkled face, and it was a lie to say that he was not distressed.

If Avery heard her daughter's cry, she might be impulsive and go back to Aryadelle immediately.

During the day, Mike took her to the hospital to have her eyes checked.

The doctor asked her if Avery had cried because her recovery was not very good.

She pursed her lips and said nothing.

"My brother doesn't make me video calls too often! The last time he made me a video call was last month..." Layla thought for a while, and cried until she burst into tears.

Robert stood beside Layla, hugging her sister's legs tightly with both hands, trying to comfort her, but he didn't know how.

Mike had a headache, and then said: "It's only the beginning of July, and it's not a few days until last month!"

"You go and wake up my mother now and let her talk to me." Layla's eyes were flushed, and she said and gave an order to Mike.

"Layla, I can't wake your mom. She didn't take a nap today. She was more emotional than you after the divorce from your dad. She's always crying secretly. If she sees you, she'll cry like crazy again." Mike explained to Layla.

Layla suddenly softened. She didn't want her mother to cry.

"Uncle Wesley said that my mom will come to me at the end of the year, is it true?" Layla stopped crying.

Mike coaxed Layla, "It's hard to say, but it's possible. Layla, you have to be obedient, we will go back to you and Robert when we have a chance."

“Oh...” Layla looked down. When she got to Robert. She immediately squatted down, hugged Robert and looked at the camera together.

Robert thought her mother was on the screen, so before she saw the screen, she sweetly called out ‘mom’.

Mike didn’t know whether to laugh or cry: “Who’s mom? I’m your uncle Mike!”

Seeing Mike, Robert immediately turned around and threw himself into his sister’s arms, unwilling to look at the camera again.

“Stinky boy, why are you so ruthless!” Mike was indignant.

Robert hugged Layla’s neck tightly and muttered softly: “Sister go! Let’s go!”

About two hours later, Tammy gave birth to a little princess by caesarean section in the hospital.

When His Eyes Opened by Simple Silence Chapter 1717

Tammy gave the child a name before.

The little princess is called Kara.

The doctor picked up the child, wiped her, and then showed Tammy.

When Tammy saw her daughter, she couldn’t help shedding sad tears.

–Why is it so ugly?

–How could her daughter be so ugly?

–She made an appointment with Avery to kiss the baby, but she was afraid that it would be yellow.

–Robert is so handsome, how could he possibly like her ugly daughter?

When Tammy came out of the operating room, her anesthesia hadn’t subsided, so she didn’t feel any pain.

Tammy complained to Mary with a sad face: “Mom, have you seen Kara? She’s so ugly!”

Mary looked calm: "You were even uglier when you were born. I had a big fight with your father at the time. I said he had the wrong child, but he said he didn't. We were almost divorced at that time."

Tammy: "..."

"Don't worry, our little princess can't be ugly. Dad is handsome, and Kara's looks will definitely be better than yours."

"Mom, thank you for comforting me. I feel much better." Tammy took a breath.

Mary: "You haven't had the anesthesia yet. When the anesthesia is over, you can cry easily."

Tammy: "..."

Before she gave birth, her mother treated her like a child very gentle and friendly. For fear that she would move the fetus and cause premature birth.

Now that the child is alive, instantly...the truth is revealed.

As expected of her mother.

"Mom, what about it?" Tammy asked.

Mary: "The doctor took Kara to take a bath. There were other procedures. Tammy, you can take care of it, and the baby will be brought to you naturally. It's still waiting for you to breastfeed!"

Tammy: "Ah?"

"You' ah 'What, don't you think that your daughter can eat rice directly?" Mary was a little helpless, "Although I have prepared milk powder for the child, how many times do you feed it symbolically. It still hurts to have a baby."

"Mom! Why didn't you tell me before?" Tammy was not mentally prepared and a little nervous.

"Didn't you have a baby before?"

"Hahaha, my in-laws, don't scare Tammy. In fact, breastfeeding also varies from person to person. I also had a lot of pain at the beginning, it's almost like having a baby! But It's not that I can't bear it. My sister is even more exaggerated, and she has adenitis directly." Mrs. Hertz spoke to ease the atmosphere.

Tammy: "...Is there any case that doesn't hurt?"

Mary and Mrs. Hertz said in unison, "No."

At this moment, Tammy missed Avery very much.

If Avery was by her side, she would definitely not be so uneasy.

After being transferred to the ward, Tammy picked up her mobile phone, took a selfie, sent it to Avery, and told her that she had given birth.

By the next morning, Tammy received a call from Avery.

Tammy: "Avery, have you seen the photo of my daughter? Her current appearance really hits me. But my mother and my mother-in-law both said it would be fine to keep them up."

Avery's laughter came: "She will be much better in the next month."

"Well, Avery, how are you doing now? I'm so worried about you. I haven't heard from you, it's never been like this before." Tammy didn't feel as bad as yesterday, so she asked her with concern.

"I'm fine." Avery changed the subject, "When are you going to hold a full moon banquet for your baby?"

According to the customs of Avonsville, the full moon banquet is usually held before the child's real full moon.

"Let's discuss it after my baby and I are discharged from the hospital!" While Tammy was talking, the door of the ward was suddenly pushed open.

Elliot brought Layla over to visit her.

Tammy's brain short-circuited, and she said to Avery, "Elliot is here."

When His Eyes Opened by Simple Silence Chapter 1718

Over the phone, Avery's breathing suddenly became solemn.

Elliot heard Tammy's words and almost immediately noticed that she was talking to Avery on the phone.

Without waiting for the others to react, he strode to the side of the hospital bed and grabbed Tammy's cell phone.

“Avery, do you think it’s interesting that you’ve been shutting down and everyone can’t contact you? What are you doing?!” He took her mobile phone and strode towards the balcony.

Layla heard him calling her mother’s name and ran after him.

But after Elliot entered the balcony, he closed the door in the middle.

Layla was kept out.

Avery listened to Elliot’s voice, and her chest suddenly heaved violently.

“I didn’t play any tricks.” Avery forced herself to calm down, “You really want to contact me, you can contact me no matter what. You said you couldn’t contact me, is it possible that you didn’t want to contact me at all? Besides, we are divorced, there is no need for contact.”

Elliot snorted coldly: “You are right. In the future, you will be you, and I will be me. I can’t give you the custody of Layla. You want to see children in the future, unless Come and beg me, otherwise I won’t let you see them.”

Avery was a little confused by what he said.

He said ‘I can’t give it to you again’, did he ever think about giving her child custody?

Elliot was full of heartache, he said, “Avery, I have to say, you are very skillful. You deliberately turned off your mobile phone and didn’t contact anyone, which caused others to suspect that we signed an agreement not to let you contact the children when we divorced. Layla hates me and blames me. Do you think this will destroy the relationship between our father and daughter and let you get Layla smoothly? When I want to talk to you, you ignore me, and no matter what means you use in the future, You can’t get what you want!”

Hearing Elliot’s stern and reproachful tone, Avery felt that something might have happened during the time she couldn’t see. But she wasn’t particularly curious.

If Avery could see, she might get to the bottom of it, but now she can’t take care of herself and can’t fight for anything.

Her unusual silence made Elliot feel even worse.

“You’re like this again. You were like this last time too! Don’t say anything!” Elliot clenched his fists tightly, his anger reaching a critical value.

He couldn’t even remember when Avery became like this.

In the past, when the two of them quarreled, they would say whatever they had, and only when the conflict was spoken could there be a solution.

Avery doesn't want to solve the problem at all now, so she always keeps silent to him.

"What are you talking about? What happened last time?" Avery didn't understand what he meant. "Elliot, I don't use my cell phone very much now. If the child has any problems, you must contact me. You can contact Mike, Mike'll pass it on to me."

Elliot was about to answer her previous question, but after she said half a sentence later, he was so angry that his veins skyrocketed.

If he needs to go through Mike to find her, then he won't find her again!

After he couldn't get through to her several times, he didn't plan to call her again.

Today, Elliot accidentally bumped into her and Tammy talking on the phone, and he couldn't hold back.

He grabbed the phone mainly to tell her that he would not show mercy to her in the future.

The balcony door opened, and Elliot walked in with his phone.

The phone screen has gone black.

The mobile phone was handed to Tammy. Tammy raised her eyebrows when she saw that the call was over: "Why did you grab my mobile phone?"

Elliot: "Sorry. Because I have been unable to contact Avery, I borrowed your mobile phone."

"Oh ...then what? What did you two talk about?" Tammy put down the phone and asked him.

Elliot: "I told her that in the future, we will return to the bridge and the road will return. I will not go to her, and she will never see my child."

The people in the ward were stunned.

Everyone could see that this time, the two of them really broke up.

A few days later, Chad asked for leave and decided to go to Bridgedale.

The night before going out, Ben Schaffer invited him to drink.

"I also want to go to Bridgedale, but I don't want to be cheap." Ben Schaffer poured his wine and said bitterly, "Gwen is now a rising star in Bridgedale's modeling world. Her agent asked me not to disturb her, saying She's in a career boom now."

When His Eyes Opened by Simple Silence Chapter 1719

The nanny brings the meal to the table.

Eric patiently fed her.

Eric: "Elliot reported Layla for the summer camp, probably because he was afraid that Layla would be with me. So I really have nothing to do recently."

"Has Layla called you?" Avery asked.

"Yeah. She said she couldn't get through to your phone. You probably don't want her anymore. It was very uncomfortable to cry." Eric said.

Avery: "how did you comfort her?"

Eric: "I said you've been very sad recently, you'll be fine after a while."

Avery didn't answer.

Eric asked, "Avery, why don't you tell everyone about your situation? If you hide it like this, everyone is worried about you."

Avery: "I don't want the children to worry."

Eric asked, "Does Elliot know?"

Avery: "He knows."

Oh...he knows?!" Eric suspected that he had heard it wrong.

"Well." Avery's tone was indifferent, "I called him immediately and said that he was in a hurry to go to Yonroeville and ignored me."

"I see! No wonder you are so determined to divorce him." Eric is worthless for her. "When your eyes are healed, don't be fooled by his sweet words."

Avery: "I have completely broken with him. I don't love him, and he doesn't love me anymore. I'll talk about it later. No sweet talk and coaxing."

Eric: "Don't be sad. It's your priority now to get your eyes healed."

Avery: "Hmm."

Airport.

After Chad and Mike met, they found a nearby cafe and sat down.

Chad: "I want to meet Avery."

"No." Mike refused directly.

"Why?" Chad looked at him, and said, "You didn't even ask her if she would like to see me, so why did you reject me for her?"

After speaking, Chad picked up the coffee cup and took a sip.

Mike's pale blue eyes suddenly turned cold: "She's blind, how can she see you?"

Chad made a 'puff', and the coffee in his mouth spurted out.

When His Eyes Opened by Simple Silence Chapter 1720

"Why are you so stunned?" Mike pulled out two tissues and handed them to him, "Elliot knows about this."

Chad took the tissues, wiped the corner of his mouth hastily, and said in shock, "Are you sure my boss knows this matter? He never mentioned it!"

Mike teased, "When Avery told Elliot about it, it happened that Rebecca had an accident and he had to go to Yonroeville. How would he tell outsiders? If he did, no one would speak for him."

Chad felt that what Mike said was wrong.

Elliot never asked others to stand in line.

But looking at Mike, it didn't look like he's lying.

"Mike, is what you said true?" Chad still didn't believe it, so he wanted to confirm.

Mike: "Avery told me personally, unless she lied to me."

"Oh...is my boss so confused?" Chad frowned and said naively, "What did he think at the time, I really don't know."

"It can be seen from this incident that your boss has no love for Avery, only use." Mike took a sip of coffee, and continued, "He used Avery to bring him children. Otherwise, normal men can do such a ruthless thing?"

Chad did not dare to refute.

If what Avery said is true, then the boss is indeed a bit sc*mbag.

"Do you know how fragile Avery is after an accident happens to her eyes?" Mike looked at his eyes, "You usually feel anxious when you can't find your glasses. You say that you are blind without glasses, but it's actually different. At least I can see a blur, Avery can't see anything."

Chad pursed his lips, his face was a little cold.

Mike gritted his teeth, "I hate to see Avery being bullied, but Elliot always bullies her. If she listened to my advice before and didn't go back to Aryadelle. We will have a good life here. We don't need to be separated."

"It's pointless to say this." Chad stirred the coffee in the cup with a spoon, and had no appetite to drink it. "Now that the two of them have completely broken up, it doesn't make sense to say anything."

Mike: "But Layla and Robert followed Elliot every time. The second time I think about this, I get angry."

Chad: "What's wrong with being angry. Even if my boss is ruthless towards Avery, he is very kind to the two children. The two children are fine."

Mike: "I just hope that Avery's eyes can recover quickly."

"Can her eyes recover? How can she recover? Is there any difficulty?" Chad wanted to help, but he can't.

Mike said, "She's going to have a cornea transplant. Right now there's no cornea at the hospital. She'll have to wait for her eyes to recover before surgery. Do you know why she doesn't use a cell phone? Except she can't see her eyes. Besides, I don't want her to be sad. She can't cry now. If she contacts her relatives and friends in Aryadelle, she will definitely cry a lot."

Chad couldn't help but sighed, "Why is this happening?"

Mike complained, "The curse left by Yonroeville. When a tumor was found in Yonroeville, I originally called Xander to operate on her, but Xander was killed. The doctors in Yonroeville had limited medical skills and could not cure her, so it caused a series of follow-up lesions."

"I can only be glad that this disease is not a fatal disease." Chad said here, and sighed again, "My boss has never mentioned this at all, and he is very resentful. It seems that he does not know at all about Avery's blindness."

Mike raised his eyebrows: "Avery said she told Elliot. She also begged him at the time, but he said he had to go to Haze..."

Chad: "The matter of Yonroeville was indeed a bit sudden at the time. Maybe after weighing it, he felt that Haze's matter was more urgent."

"So why does Elliot complain about Avery? He is not qualified." Mike teased.

Chad frowned, and after thinking for a while, "I have to ask my boss. He clearly loves Avery so much, why did he suddenly become so cold-blooded and ruthless?"

"Then you should be ready to be fired." Mike reminded him, "Do you really think that you and Elliot are close enough to be brothers? Ben Schaffer is, but you are not. Ben Schaffer has shares in Sterling Group, do you have any?"

"I... a little bit." Chad didn't feel that he and Elliot had reached the point where they could be called brothers, so he hesitated, "Do you think that if I ask him directly, he will be angry?"
