

## When His Eyes Opened by Simple Silence Chapter 1721

“Elliot didn’t tell anyone about this, which shows that he knows his fault. If you run to question him, he will only think that you are talkative and ignorant.”

“Also... I guess he didn’t either talk to Brother Ben. If he tells Brother Ben, Brother Ben will definitely tell me. After all, I have a better relationship with Brother Ben.”

“Then you should think about it and decide whether to ask him or not.” Mike Glancing at the time, he said, “Since you are here, let’s stay for a few more days.”

Chad: “Aren’t you going to take care of Avery?”

Mike: “I called Eric here. I told Avery that you wanted to come over, she asked I’m here to see you, don’t worry about her. She’s very vulnerable now, how capable she was in the past, how inferior she is now. After all, she has no eyes, and even needs someone to help her to go to the bathroom...”

“Don’t talk about it. I feel uncomfortable listening to it.” Chad took off his glasses and rubbed his eyes.

...

In the evening.

The nurse helped Avery take a bath, took care of her and came out of the room after she fell asleep.

The moment the nurse came out, she was startled by Eric who was standing at the door.

“Thank you for your hard work.” Eric handed the prepared red envelope to the nurse, “I hope you will be more patient with Avery. She can’t see now, so she must be very sensitive .”

The nurse quickly rejected: “Mr. Mike gave it. I have a lot of money. Don’t worry, I will take good care of her and I will never neglect her.”

Mike: “You accept it! When her eyes recover, I will give you additional rewards.”

Seeing that he was sincere, the nurse could not refuse, So take it.

After the nurse returned to the room, Eric walked to the living room sofa and sat down. He sleeps very little. In addition, Avery’s illness made him worried. He leaned back on

the sofa, closed his eyes, and let himself go. But his heart can't be cleansed. In addition to worrying about Avery's illness, Elliot's behavior also made him angry.

About an hour later, Eric suddenly had inspiration. He got up quickly, went to the guest room to get a pen and paper, and wrote down the melody in his mind.

Half a month later, Eric's new song "Blind" was released online.

As soon as the song was released, it immediately topped the top 1 new song charts of major music apps.

This song was completely different from Eric's previous styles.

This song was a sad love song no matter how a person look at it or listen to it in terms of melody or lyrics.

So netizens have speculated: Eric has fallen out of love!

–But Eric has never been in love, so how can he fall out of love?

A week after the song continued to be popular on the Internet, Eric accepted a video interview and sighed for inspiration.

The host asked: "Eric, everyone suspects that you have fallen out of love, so you wrote this song "Blind", are you really broken in love?"

Eric: "No. I wrote this song for a man listen."

## **When His Eyes Opened by Simple Silence Chapter 1722**

The host was shocked: "Man? Eric, it's convenient to ask, what is your relationship with this man?"

Eric: "If you have to say what relationship I have with him, it should be... .. enemy relationship."

The host didn't expect him to answer like this.

Tonight's video interview was presented live. Now in the live room, there were millions of people online at the same time. His answer could be heard by all.

Eric: "Some men, although they are not blind, are blind in heart and blind in what they do. The main purpose of my song is to express this meaning."

The host said teasing words in his tone, and asked with a smile: "Eric, who are you fighting for? Because the lyrics of this song seem to be love songs."

"I didn't fight for anyone. I wrote this song, just in my heart. My emotional expression only represents my own." Eric said calmly, "This song is for sc\*mbags."

After the live broadcast, Mike, who was sitting across from him, said lazily, "Eric, how can you be so capable? I asked you to take care of Avery, but you took the opportunity to write a new song, if I hadn't called you, maybe your new song would not have a shadow!"

Eric picked up the water glass and took a sip.

Eric explained, "I always work after Avery falls asleep at night. When I wrote this song, I first listened to Avery. Avery said it sounded good."

"Even if you wrote it badly, she would not listen to it. It sounds ugly. How can you take her evaluation seriously?" Mike couldn't help laughing.

"But the market has given me positive feedback. My song is very popular now." Eric said here, changing the subject, "Chad has returned to Aryadelle?"

Mike shrugged, "Well. His illness is not completely cured. He thinks the doctor here is not good, so he has to go back to Aryadelle for treatment. Actually, he is afraid that his boss will complain after taking so long on leave."

Chad came to Bridgedale the next night and he caught the flu. At that time, he had a high fever and was unconscious. In the end, it took a week to stay in the hospital, and it was barely better.

When Mike took Chad to the airport, he looked at his back and lost weight.

Eric sneered, "You asked Chad to play my new song to his boss."

Mike: "He doesn't even dare to ask for more vacations. Do you think he dares to provoke his boss in person?"

Eric sneered.

Mike sneered, "You're not cowardly, why didn't you just report Elliot's name on the live broadcast just now? If you dare to say that your song was written specifically to scold Elliot, I guess your song will be banned tomorrow. Taken off the Internet."

Eric: "It's not that I dare not do it, I just don't want to make a big fuss. If it makes a big fuss, besides embarrassing Elliot, Avery will also be involved."

“That’s true.” Mike thought for a moment, He said, “Thank you for this time, you can leave tomorrow.”

Eric: “I have nothing to do next, I can stay here for a while.”

Mike smiled, and said, “I’m afraid you don’t know how many calls your agent has called me. He said that you are releasing a new song now, there are many publicity activities, and he also said that as long as I let you go, he will pay 10 babysitters for Avery at his own expense.”

Eric: “...”

Aryadelle.

Chad took a day off at home, and after the jet lag was over, he returned to the company.

“Mike smiled, , I heard that you were hospitalized with pneumonia in Bridgedale and almost died. Is it true?” A secretary saw him and immediately approached him and asked with concern.

Chad: “Ordinary pneumonia, it won’t kill me, right? Who passed it on?”

## **When His Eyes Opened by Simple Silence Chapter 1723**

Secretary: “It was the chief financial officer who told us. The chief financial officer was to remind us to pay attention to our bodies and not to go on a diet to keep our body in shape.”

Chad wanted to cry without tears: “I am not dying of illness, otherwise I would not be able to back to work now. “

“Mmmm! Chad, you went to Bridgedale, have you met Avery?” the secretary asked in a low voice.

Chad helplessly said, “To be honest, I was in Bridgedale and lived in a ten-day courtyard. This vacation was really a bit miserable.”

“Then why don’t you rest at home for a few more days? Look at your complexion!” When the secretary said this, the conversation changed, “Do you know the personnel transfer of the Tate Industries?”

Chad was stunned for a moment, then shook his head: “The Tate Industries has a personnel transfer? When did it happen?”

"Yesterday The boss went to the Tate Industries for a one-day meeting. It was because there was a major change in personnel. I also heard about the specific content." The secretary leaned into Chad's ear and wentssip with him, "I heard, the vice president of Tate Industries was fired."

Chad's heart beat fast.

Shaun Locklyn was always a veteran of the Tate Industries. He's a senior employee who has experienced ups and downs with Jack Tate at the beginning.

Now that Avery quit Tate Industries for only a month, Vice President was fired...

If the boss really decided to do this, then this move was really a bit ruthless.

When the Tate Industries was rebuilt, Avery hired back all the old employees with high salaries. Elliot fired Vice President this time. Were the other old employees fired?

Chad entered the office with many thoughts and dialed Ben Schaffer's number.

Ben Schaffer picked up the phone and asked, "Chad, have you arrived at the company?"

Chad: "Well, how about you?"

Ben: "I'm on the road. There's a bit of a traffic jam."

"Brother Ben, I heard that the boss fired the Vice President of the Tate Industries. Is that true?" Chad asked anxiously.

Avery and Vice President have a good relationship. If she knew that Vice President was fired, she would definitely feel that Vice President was always fired for her own reasons.

"Yeah, the news will be announced this morning. I didn't expect you to be well informed." Ben Schaffer said, "I wanted to tell you yesterday, but you were resting at home yesterday, so I didn't tell you."

Chad: "Brother ben, is the boss doing this to avenge personal revenge? I remember that Vice President is dedicated to his work, even if there is no credit, he has worked hard."

"Chad, if there is no credit for the position of Vice President, why should the company continue to use him?" Ben Schaffer asked, "Elliot has found someone more capable to manage the Tate Industries. In addition to the limited ability of Vice President Locklyn, his age is also a big problem."

Chad still felt that it was too heartless.

“Chad, let me tell you the truth! It’s not that Elliot wanted to lay off Vice President Locklyn. It was Vice President Locklyn who offered to resign.” Ben said, “Avery and Mike quit the Tate Industries, which caused the Tate Industries to quit. People in the group are disorganized. So Elliot made a request to Vice President Locklyn.”

Chad: “What request?”

“Elliot asked him to stabilize the employees’ emotions, and made him promise to lead the Tate Industries to go international and surpass AN Technology.”

Chad: “.....”

Elliot asked Vice President Locklyn so, no wonder Vice President Locklyn wanted to leave.

Wait, Beyond AN Tech? !

Elliot’s goal is to surpass AN technology?

Ben Schaffer asked, “Are you scared? I was also shocked by his determination at the time. But thinking about it carefully, he has always been such a person. He and Avery are destined to be ugly. “
