### Chapter 1756

About half an hour later, Tammy's family came to Avery's house. Avery warmly welcomed them. She saw Kara for the first time, so she wrapped a big red envelope for her.

"Kara's so young now, why are you giving her the red envelope?" Tammy couldn't refuse, so she could only accept it, "My daughter is stupid, she sleeps all day besides eating. She doesn't recognize birth now, so give her only a hug!"

Avery wanted to hug her, but she was a little worried that her eyesight had not returned to normal, what if she accidentally fell the child?

But looking at Kara's obedient little face, she couldn't hold back and took Kara from Tammy.

"Newborn children are like this. When she grows up, she won't sleep so much." Avery sat down on the sofa with Kara in her arms, looking at the little guy's chubby face, smiling and teasing, She said, "Kara, have you gone to play with Layla's brother Robert?"

Tammy said, "Robert and Layla have both gone to school, so I can only bring Kara to play on weekends. But on weekends Elliot is also at home, so I don't dare to stay there. The atmosphere is weird, you know?"

Avery: "You can ask Mrs. Cooper to bring Layla and Robert to your house to play."

Tammy complained, "Layla has training classes on weekends. I'm not that familiar with Mrs. Cooper, why would I be so embarrassed to make such a request? Anyway, it's inconvenient if you're not here."

Avery's eyes slid with discomfort.

Tammy can at least see Layla and Robert, but she hasn't seen the two children for a long time.

"Avery, why are your eyes red?" Jun was on the sofa opposite Avery and saw that her eyes were red.

Avery's eyes were a little red just after the stitches were removed.

"Maybe I didn't rest well." Avery found a reason casually.

Tammy said angrily, "Jun, didn't you ask this knowingly? Can Avery sleep well? Not to mention that Elliot, that b\*stard, did a bad thing, he just took away the custody of Layla and Robert, Can Avery feel better?"

Jun reached out and covered his mouth.

"Tammy, I'm much better now. As long as Layla and Robert are fine by his side, I'm not so worried." Avery smiled, and added, "Let's take a step and see."

"Well, how is Hayden?" Tammy looked at the living room, "You really don't see any children living in your house."

Avery explained, "Hayden's things are in his room. He has a lot of schoolwork now. I'm still busy. Usually I'm alone at home."

"Didn't you go to work?" Before Tammy came over, she didn't know Avery's current living condition.

Avery's mobile phone has never been turned on, and she didn't tell her the first time after turning it on. In addition, Tammy has just given birth to a child and is busy taking care of the child, so she doesn't have that much energy.

In addition to visiting Avery this time in Bridgedale, it was also because she wanted to come out and get some air. Taking children at home every day, her mental state is about to collapse.

Avery shook her head: "I've been resting at home recently."

Tammy: "I thought you would do a lot of things like before, so that you wouldn't think about it."

Avery said calmly, "Actually, it was an escape. If you want to open it, you won't be thinking wildly."

"Avery, why are you so open-minded now? How did you want to open it?" Tammy felt that she had changed her personality.

Avery asked, "How long are you going to stay here? I'll show you around with Mike then."

"My mother only gave me a week. I'll stay at your house for a week. It's too cold here. I dare not take my daughter out. I can still wear skirts in Aryadelle. It's all about wrapping coats here." Tammy complained.

Jun suggested: "Tammy, you can go out with Avery. I'll just take care of the children at home."

“Are you sure?” Tammy felt agitated in her heart.

Jun said to himself, “your mother said that I can do better, have you forgotten?”

## When His Eyes Opened by Simple Silence Chapter 1757

### Chapter 1757

Jun is definitely a qualified dad. Feeding the baby milk powder, changing diapers, bathing, everything is skillful.

“Sure, you are so powerful?” Avery looked at him with admiration.

Jun took his daughter from Avery’s arms, “If you two want to go out, you can go now. Bring me something to eat in the evening and come back. That’s ok.”

Avery is fine, but worried about Tammy’s jet lag.

Avery: “Would you like to take a break, let’s go out tomorrow?”

Tammy excitedly took Avery’s arm and walked towards the door: “I want to go shopping for clothes. It’s been almost a year since my second pregnancy. I’ve hardly ever bought normal clothes. I’m going crazy!”

“You can also buy it in Aryadelle. If you buy it here, it’s hard to take it back.” Avery took her coat and mobile phone and went out with her .

After the stitches were removed, her eyesight recovered 70%.

Now she don’t need someone to help her when she walk, and she can see the dishes on the table when she eat.

“I can buy a package here and send it back.” Tammy said, “I don’t have any friends to accompany me shopping in Aryadelle. My previous best friends are all married. After they get married, they either go on their honeymoon or get pregnant. I called someone out to go shopping, but no one responded.”

After the two went out, Kara fell asleep in Jun’s arms.

Jun first put his daughter on the sofa to lie down, and then went to the guest room.

Jun had asked Tammy to tell Avery in advance, but Tammy had to come over to surprise Avery without saying hello.

As a result, now the guest room has to be found and cleaned.

“Don’t Avery have a nanny?” Jun looked at the empty house and wondered.

This was the first time he came to Avery’s house, and he was not familiar with the layout of the house, so he found a door at random and pushed it open directly.

Because the child was too young, it was more convenient to live on the first floor.

Unexpectedly, the first room he entered was Avery’s room.

He didn’t know that this was Avery’s room. He was attracted by the record player inside, so he walked over.

Next to the record player was a shelf with countless discs on it.

“I didn’t expect Mike to look so carefree and artistic in private.” Jun chuckled and glanced at the records on the shelf.

He thought it was Mike’s room.

Because the cleaning in the room was very simple, unlike a woman’s bedroom.

He came out of the room, walked to the sofa in the living room, picked up his daughter, carried it to Avery’s room, and put it on the big bed.

“Baby, you come here and sleep obediently. Dad finds an empty room.” Jun whispered to his sleeping daughter.

After that, Jun went to the record player and picked out a record and put it on it.

Suddenly, an elegant and soothing melody flowed out.

Jun glanced at the peacefully sleeping baby with satisfaction, and walked out of the room happily.

After half an hour.

Jun simply packed up the guest room he was going to stay in tonight and went back to ‘Mike’ room. He saw that his daughter’s eyes were wide and she was holding a list in her small hands.

She probably grabbed it from under the pillow.

## **When His Eyes Opened by Simple Silence Chapter 1758**

“My little darling! Why did you wake up so quickly? Are you hungry? Dad will go make milk for you right away... What are you holding in your hand, show it to your Dad.”

Jun carefully took out the paper in his daughter’s hand.

The paper has been scratched and wrinkled by the daughter, but the content on it can still be clearly seen.

After Jun saw the content above, the kind smile on his face disappeared.

He re-examined the room—

on the bedside table, he saw a black rubber band and so many long hair wrapped on it.

This doesn’t seem to be Mike’s room.

In order to confirm his guess, he strode towards the wardrobe.

Opening the wardrobe door, the wardrobe full of women’s clothes made Jun gasp.

Without thinking, he immediately picked up his daughter from the bed and quickly left the room.

If he had known that this was Avery’s room, he would not have carried his daughter in to sleep.

He carried his daughter to the guest room and fed her milk, his heart was in chaos.

On that piece of paper just now was a simple form.

The first row of the table is the names of several companies, the middle row is a brief company introduction, and the latter row is a few strings of numbers.

The line above these numbers is the word ‘quote’.

The more Jun thought about it, the more suspicious he became. Is Avery planning to sell AN Technology?

Otherwise, why would there be a quotation sheet under her pillow?

At four o’clock in the afternoon, Avery and Tammy came back from shopping.

Tammy’s fighting ability was still strong, and the trunk was full of shopping bags.

The back seat compartment was full of various snacks and toys as if she was going to live here forever.

“Avery, after Kara fell asleep at noon, I took her to your room to sleep for a while. I didn’t know it was your room, I thought it was Mike’s room.” Jun scratched his head and told Avery Confess, “When I was cleaning the room in the guest room, Kara woke up and scratched a piece of paper under your pillow... I’m sorry!”

When Jun spoke, he carefully observed the expression on Avery’s face.

Avery saw him with a light face and a smile on her lips: “It’s okay! You guys come, you should tell me earlier, so I can prepare in advance. I’m so sorry to ask you to clean up the room yourself.”

“It’s all trivial matters. But why don’t you have a nanny? Do you usually do everything at home by yourself?” Jun asked in confusion.

Avery explained, “There used to be a nanny. But I had been living in Aryadelle before, and the nanny resigned. Now I don’t go to work, and I have housework at home, so I don’t have a nanny. Sometimes if I don’t want to cook, I just order food.”

“You’re so cool right now! No one cares about you, no one bothers you. It’s like a fairy!” Tammy looked envious.

Jun coughed: “Tammy, do you think it’s too restrictive to be with me?”

## **When His Eyes Opened by Simple Silence Chapter 1759**

### **Chapter 1759**

Tammy: “No! I think your daughter limits my freedom. I like people who go out so much, because with your daughter, I can’t go anywhere now.”

Jun said, “Actually, your mother and nanny take care of the children. You can go wherever you want.”

“But I’m reluctant to leave my daughter!” Tammy shrugged helplessly, “I don’t know why my mother is so great until I give birth to a child. I seem to be able to see myself peeling off a little bit and becoming a complete stranger.”

Avery joked with Jun, “Mother’s love. When we were shopping, Tammy said that she missed Kara, so we came back so soon. By the way, Tammy, what are you going to send back? I’ll find a box. Come and put it in, and call the courier to collect it later.”

“Sit and rest for a while! These things will be cleaned up later.” Tammy took a water cup and took a sip, suddenly remembering what Jun said just now. “Jun, you went to Avery’s room, couldn’t you see that it is Avery’s room?”

“I really didn’t see it. Would you like to go in and have a look?” Jun said with a smile.

Avery had problems with her eyes in the past few months, so all the tables and chairs in the room were moved away.

Except for a bed and wardrobe, there were no extra decorations in the room.

“Which room?” Tammy asked curiously.

Jun’s finger pointed to Avery’s room: “You first ask Avery if you can go in.”

Avery: “My friendship with Tammy, you don’t need to ask. I’ll take you in.”

Tammy followed Avery Enter the first floor master bedroom.

After seeing the minimalist room, Tammy was puzzled: “No wonder Jun didn’t recognize this as your room. Even if you don’t have a table and chairs in your room, how come you don’t even have a dresser? I remember you in Aryadelle. The room is quite normal!”

Avery: “I haven’t put on makeup in the past few months, so I don’t need a dresser. Isn’t minimalist living popular online now? So I moved everything out of the room.”

There was really nothing to visit in her room, so Tammy came out.

Tammy muttered, “Others are minimalist because they are poor, but you are not poor but you can come as you feel comfortable now! People have different ideas at each stage. As long as you are happy, we will cook hot pot at home in the evening. Let’s go!”

Avery: “Okay! I’ll let Mike come back early to buy food.”

“Don’t bother Mike, I’ll go out with Jun to buy it, you can rest at home and watch the baby for me.” Tammy took Avery the car keys, and took Jun to go out to buy groceries.

When the car drove out of the villa, Jun immediately wentssips with Tammy: “Tammy, do you think we have a good heart? I was just about to chat with you alone, but you pulled me out.”

Tammy said, “I thought that Avery would be tired from walking with me all afternoon, so I pulled you out.”

“Tammy, did Avery tell you that she wants to sell the company?” Jun was mysterious, he asked, “Our daughter grabbed a piece of paper from under her pillow, and on it was a quotation form.”

“Quotation form? Could it be an order?” Tammy didn’t believe Avery wanted to sell the company.

"It's all in 100 million units. Do you think she will make a few super big orders at once? How is that possible!" Jun denied, "Now the industry basically knows that Brother Elliot is going to build a new technology company in Bridgedale, and it's for Avery's AN Technology. Who would place such a large order for Avery at this time. She must be unable to bear such a lot of pressure and plans to sell the company."

"Jun, can you please stop your Mouth? Elliot is targeting Avery, is Avery sure to lose?" Tammy was furious, like a cat whose tail was stepped on.

Jun swallowed his breath, but decided to tell the truth: "Yes! Avery will definitely lose. This is obvious. Tate Industries now has the world's top R&D team and the strongest financial support. "

"Elliot is a dog man!" Tammy gritted her teeth angrily, "Is there no one who can cure Elliot?"

"Tammy, I know you're very angry, but this matter is done, I'm afraid there will be no turning point." Jun judged pessimistically, "Brother Elliot is too strong, no one can cure him."

## **When His Eyes Opened by Simple Silence Chapter 1760**

### **Chapter 1760**

"Jun, You still call him Brother Elliot?!" Tammy stared at him and asked, "Didn't you say that you have no contact with him?"

Jun blushed: "Actually, it was because of him. Ignore me, that's why we stopped contacting."

Tammy: "Hehe, people have ignored you, and you are still acting like a dog!"

"Tammy, stop scolding. There's a saying that goes well, stay a line in everything in the future. We don't need to cut ties with Brother Elliot because of their divorce. What if the two of them reconcile in the future? If that's the case, then how embarrassing we are!" Jun expressed his thoughts "It's not like this happened."

Tammy couldn't help laughing, "Do you think the two of them can get back together? How dare you think about it! Elliot almost put the knife on Avery's neck."

Jun cleared his throat: "I remember that Avery stabbed Brother Elliot with a knife before, and stabbed Brother Elliot directly into the ICU. Didn't the two of them reconcile later? "

Tammy blinked, and the memory gradually emerged.

“Have you watched ‘Journey to the West’?” Jun teased in a relaxed tone, “Look at Tang Sanzang(Tripitaka or Tang monk), master and apprentice, Sun Wukong(Monkey King) how many times they broke up and broke up in the process of going through ninety-nine-eighty-one hardships. Are you all right?”

Tammy looked at him with a startled expression: “Then who do you think is Tang Sanzang(Tripitaka or Tang monk) and Sun Wukong(Monkey King)?!”

Jun: “I didn’t think about it specifically. I just thought they were a bit similar.”

“I...I think Elliot is the Monkey King and Avery is the Tang monk.” Tammy followed this topic, her mind widened, “No, every time the Monkey King is right, it is the Tang monk who misunderstands the Monkey King... So Avery is the Monkey King, Elliot is a Tang monk... and that’s not right! How could that b\*stard Elliot be a merciful and compassionate Tang monk? Tang monk dumped him a hundred streets!”

“Okay, don’t be angry. I just said it casually. We still think What food do you want to buy!” Jun avoided the topic.

Tammy: “Eat mutton hot pot! I want to cook mutton as soon as it’s cold.”

Jun said, “Does Avery and Hayden like it? Don’t just the two of us like it. Anyone likes it if we buy whatever we want to eat.”

“Avery is not a picky eater, she can eat anything except spicy.” Speaking of which, Tammy was moved, “Avery’s personality is also the same, she treats the people around her like this. People are very tolerant. It must be Elliot’s fault that she doesn’t get along with Elliot.”

Jun said weakly, “Brother Elliot is also nice to the people around him.”

Tammy: “He ignores you, and you still speak for him! “

Jun: “Didn’t Avery ignore you for a few months before? Allow Avery to heal in silence, but can’t let Brother Elliot be quiet?”

“You want to be mad at me?” Tammy resisted the urge to tug at his ears, to reason with him, “Elliot stole Avery’s Tate Industries, and now he is going to destroy Avery’s AN Technology. Is this something normal people can do?”

Jun: “This’s not true. But I think Brother Elliot must be mad, otherwise he wouldn’t be so cruel.”

Tammy: “He’s mad? He left his wife and children and went to Yonroeville to find a mistress and an illegitimate daughter, and he was still mad. “

Jun: "Stop! Let's stop talking about this..."

"I have to. I can't stand it anymore. I have to scold him!" Tammy took out her phone and planned to find Elliot "He doesn't answer the phone, right? Then I'll text him!"

Tammy opened whatsapp, found Elliot's avatar, opened the dialog box, and turned on the crazy voice mode.

—Elliot, you are f\*cking human! When Avery met you, it was like eight lifetimes of blood mold! Poisonous bees are not as poisonous as you! The Tate Industries is not yours alone, why did you hand over the company to the new person in charge without Avery's consent?

—You still want to bring down AN Technology? ! What good is it for you to kill Avery for nothing? ! What you do, the whole world is watching! Including your three kids! When I return home, I will tell Layla how bad you are to Avery! When Layla grows up, Layla will definitely leave you as soon as possible!

After Tammy made two long speeches without panting, Jun pulled the car to the side of the road and stopped.

"Tammy, that's enough!" Jun frowned and stopped her.

Just when Jun was going to tell Tammy to stop being so impulsive, Tammy's cell phone rang.

## **When His Eyes Opened by Simple Silence Chapter 1761**

### **Chapter 1761**

Elliot replied to her!

She picked up the phone, saw Elliot's reply, and immediately put the screen in front of Jun.

"Elliot ignored me, but he ignored you. This shows that you can't be too obedient to him!" Tammy said, put the phone back, and clicked on the video call.

Elliot gave her two question marks just now.

Now that he sees the voice message and replies, he should pick up the video, right?

Jun watched Tammy's operation in awe, and was about to grab the phone to apologize when Elliot received the video.

However, Tammy's actions were too fast.

After Elliot received the video, Tammy immediately opened the car door and got out of the car.

Jun couldn't stop her, so he could only wait in the car.

He reached out and touched his pocket, looking for a cigarette, but suddenly remembered that after his daughter was born, he was forced to quit smoking.

Tammy got into the car in less than five minutes.

Jun looked at her face and asked, "So calm? You didn't quarrel?"

"Quite! I told him not to be so despicable and shameless, and Avery didn't dig up his ancestral grave, so he didn't need to hold Avery. "Tammy took out the thermal water bottle she carried with her from her bag, took a sip of water, and continued, "Guess what he said?"

Jun: "What did he say?"

"He said that Avery was dissatisfied, let Avery talk to him. Hahaha! I said Avery had already crossed out you, an unscrupulous b\*stard from his life!"

Jun wiped his face and took a breath: "Can you vent? Then let's go grocery shopping?"

"I didn't scold him enough and he hung up the video." Tammy fastened her seat belt, "I think he blocked me, and he will block you as well. Don't take the initiative to find him in the future. That's it."

Jun dared to look for Elliot.

At night.

Everyone sat around the table and ate hot pot.

Hayden came back early today. He was very happy to see Tammy's family.

"Hayden, come and see my sister." Tammy took him to the room and looked at Kara who was sleeping, "Is my sister cute?"

"Cute." Hayden said honestly.

"Kara or Layla, which one is cuter?" Tammy deliberately 'made things difficult' for him.

The smile on Hayden's face suddenly froze, and his mind went blank.

“Haha! You just said that the two sisters are cute!” Tammy finished teasing him, and the smile on her face subsided, “I made a video call with your father today. I didn’t tell your mother.”

Hayden: “You fight. What’s the video call for?”

Tammy said, “I scolded him. Did your mother tell you that she wants to sell the company? Hayden, I hope you can always stand by your mother. Even if your mother won’t be so powerful in the future, and you must not be deceived by your father’s power.”

## **When His Eyes Opened by Simple Silence Chapter 1762**

### **Chapter 1762**

“Hayden, Your mother is only with you now. I’m afraid your father will think of various ways to tempt you to go with him in the future.” Tammy worried that Avery would end up losing everything in the end.

If she was Avery, she would definitely not be able to take such a blow.

“My surname is Tate, not Foster. I will never recognize Elliot in my life.” Hayden’s face was cold and proud, “If my mother decides to sell the company, I will make money to support her in the future.”

“As long as you don’t leave your mother, I’m relieved.” Tammy breathed a sigh of relief, “You have to keep in touch with your younger brother and sister. They are still young, so maybe they don’t understand your mother.”

“Layla made video calls with her mother every two days.” Hayden said.

“Then I’m more at ease! Your mother didn’t hurt the two of you in vain.”

In the dining room, Jun saw that Tammy had brought Hayden into the room for too long, so he shouted, “Tammy! You’re not hungry, Hayden must be hungry! What are the two of you hiding and whispering!”

Tammy and Hayden came out of the room.

“I asked Hayden whether it was Kara’s cuteness or Layla’s cuteness. I asked Hayden to stop haha.” Tammy said, and sat down beside Jun, “By the way, Hayden and Layla should prepare a birthday banquet?”

Jun: “They are only nine years old this year.”

“Generally, birthday banquets are held in advance.” Tammy wanted to liven things up, “but I’m afraid they can’t hold it together. Avery, you can do it at Bridgedale and in this country, you will make one for Hayden. I will definitely come when the time comes.”

Avery looked at Hayden.

Anything related to Hayden depends on his opinion.

“I don’t want to do it.” Hayden thought that he would celebrate his birthday with his sister every year, but from this year onwards, they couldn’t have a birthday together again, so it would simply be no birthday in the future.

Avery knew what his son was thinking, so she fully respected his son’s wishes.

“How is Shea’s child?” Avery changed the subject.

“You have such a good relationship with Wesley, haven’t you two been in touch?” Tammy was a little surprised, “I haven’t heard that the child is not good, so it should be fine?”

“Didn’t Wesley go when Kara was full moon?” Avery asked.

“He asked his parents to come. At that time, my parents pulled his parents to chat and didn’t ask about the child.” Tammy recalled, “I think his parents were in good spirits at the time, so the baby should be good.”

“Avery, your eyes…” Mike wanted to say, your eyes are good now, can’t you see Shea’s child directly by making a video call to Wesley?

As soon as the words came out, Mike immediately realized that he had missed his mouth, so he coughed.

“What’s wrong with Avery’s eyes?” Jun keenly caught the key point.

Mike cleared his throat and became wise: “She had conjunctivitis before her eyes, and the doctor told her not to play with her cell phone, so she hasn’t played with her cell phone for a long time.”

“Conjunctivitis?” Jun didn’t quite understand whether the disease was serious or not.

Avery didn’t expect Mike to be so capable.

“Conjunctivitis is commonly known as pink eye.” Avery said.

“Oh! I know pink eye… With this disease, your eyes will turn red.” Jun looked at Avery’s eyes, “No wonder I see your eyes are still a little red! So it is. “

It turns out that your mobile phone has been turned off because your eyes are sick.” Tammy looked distressed, “Why didn’t you tell me?”

“The minor illness is already healed.” Avery smiled and said, “Here the mutton doesn’t seem to be as delicious as the domestic one.”

Jun said, “It’s not the mutton problem, but the soup base we cooked is not tasty enough. Next time you come back to Aryadelle, I’ll treat you to authentic mutton soup.”

Everyone was very tacit silence.

Will Avery return to Aryadelle? At least not anytime soon!

About a month ago, Elliot moved back to Foster’s house with Layla and Robert.

Avery’s home in the Starry River Villa was completely vacant.

This also shows that the two of them are completely separated.

“Avery, when do you plan to return to Aryadelle?” Tammy asked especially because she wanted to know this question.
