### Chapter 1821

Layla shook her head: "No! Dad never told me to take Robert to find you. It was Robert who didn't want to come with me to find you. My brother was a little shy."

Before returning to Aryadelle, Avery always thought that it was Elliot who prevented Robert from coming to Bridgedale to find his mother, but Robert himself did not want to come.

"Mom, although Dad is very annoying, he listens to me a lot of the time." Layla didn't mean to speak for Dad, but the meaning of her words was obvious.

Avery knew that Elliot was very fond of children.

No matter how their relationship changes, the child is always his biological child, how could he not love the child?

"Layla, since you don't hate your father so much, why did you say that in front of him just now?" Avery remembered the sadness on Elliot's face when Layla said that she hated his father the most.

"I just want to be mad at him." Layla frowned and took a breath, "Mom, maybe my rebellious period is over."

"Layla, don't make him angry!" Avery said.

Layla: "Why? Are you afraid that he will be bad to me and Robert?"

"No." Avery blushed slightly, "Your father is quite old... If he gets angry, it will be bad."

Layla was stunned.

In Layla's mind, Dad has always been the same. He was tall and straight, as majestic as a mountain. Layla would never have thought about Dad's age if Mom hadn't reminded Dad that he was quite old.

She knew that people would grow old, but she never thought that parents would grow old.

"Baby, what's the matter? Did your mother's words scare you?" Avery immediately comforted her daughter when she saw that her mood was suddenly down.

Layla's eyes were slightly red: "Mom, I don't want you to grow old."

“Everyone gets old.” Avery led her daughter into the hotel room.

Because Layla is afraid of living alone, she and Eric live in the presidential suite.

“You live here with Layla, and I’ll open another room.” Eric said after sending them into the room.

Avery: “Eric, did Layla have dinner tonight?”

Eric: “No. I’ll order food now and have it delivered.”

“Okay, I’ll take her to take a bath first.” Avery led Layla into the bedroom.

After the room door was closed, Avery went to find her pajamas.

Layla followed behind her: “Mom, is it really impossible for you and my dad?”

Avery tightened her fingers on the clothes: “Do you want me to be with your dad again?”

“I didn’t really think about it...I want to go back to the way we were before when you were not divorced, how happy we were living together as a family!” Layla always thinks of the happy life before, “But I know it’s my wishful thinking. You’ve both been divorced for so long, and I hope you find a better man than Dad...”

“Layla, there’s so much to do Mom, and finding a man is definitely not on my schedule.” Avery put the pajamas on the bed, and then took her daughter to remove her makeup.

“I know, I know! Uncle Eric said that no one is worthy of you. But I’m afraid you are lonely sometimes.” Layla sat obediently in front of the dressing mirror and asked her mother to remove her makeup.

Avery wiped off the makeup on her daughter’s face little by little.

Seeing her daughter showing no makeup, she couldn’t help thinking of Haze.

### **Chapter 1822**

“Layla, do you want a sister?”

Layla: “What’s the matter? Are you going to give me a sister? Or is Dad going to give me a sister?”

“If there is one who looks like you The girl is your sister, will you like her?” Avery continued to ask.

“Oh, did you say Haze?” Layla had seen Haze’s photo.

If put Haze’s photo together with her newborn photo, it can’t tell who is who.

“Layla, Haze is your sister.” Avery told her daughter the truth after hesitating for a while, “Mom came back to Aryadelle this time to find her.”

“Mom!” Layla turned her head and looked shocked. Looking at Avery, “Isn’t she the child of my father and Rebecca? I don’t recognize this sister!”

“Layla, if Haze is Rebecca’s daughter, do you think Haze will look the same as you?” Avery said softly, “She is the child of your father and I. There were some misunderstandings in the middle.”

“Ah ah ah! Haze is the child of you and your father!” Layla went straight from the chair, jumped down and shouted excitedly in the room, “She’s my sister?”

“Well, Layla, she’s your sister.” Avery took her daughter back to the chair and sat down. She brushed her hair and said, “I haven’t told your brother yet. He’s been very busy these days.”

“Oh, tell him when I video call him!” Layla looked excited and fidgeted, “Mom, Dad knows Is this matter? Since Haze is not the child of Rebecca’s vicious woman and father, then you and father...”

“I divorced from your father, and there are other factors.” Avery gave her daughter After combing her hair, she walked towards the bathroom with her daughter, “My main task now is to find Haze. Whether I can find it or not, I can’t just give up.”

“Let dad and brother look for it together!” Layla pouted, “My sister looks just like me, so if she sees me on TV in the future, will she find out that I am her sister?!”

Avery did not expect Daughter will extend this idea.

“I’m going to be a big star! In the future, my sister will be able to see me!” Layla suddenly set this goal as if she had been beaten.

Layla got out of the shower and climbed onto the big bed, and when her mother went into the bathroom, she immediately dialed Hayden’s number.

Hayden quickly answered the phone.

“Brother! Do you still remember Haze?! Haze is the child born by our mother and father! It’s not that bad woman Rebecca!” Layla’s tone was very excited, “We blamed my father before.”

Hayden: "Are you sure?"

"Mom just told me! Mom is with me today!" Layla didn't hate her father that much, but now she heard that Haze is the child of her father and her mother, and her father did not. The bad woman is messing around, and the image of Dad in her heart instantly grows taller.

Hayden: "Didn't Haze disappear three years ago?"

"Yeah! Mom came back now, just to look for her." Layla sighed, "I don't know if my mom can find my sister. I really want to call my dad to follow her. Let's find her together!"

"Layla, calm down first." Hayden's voice came calmly, "Even with Haze, we misunderstood Elliot, but Mom's company was sold because Elliot suppressed her."

Layla suddenly calmed down.

"Mom has already quit Tate Industries, but Elliot still uses the brand of Tate Industries. His behavior is really disgusting! I won't forgive him!" Hayden will never forget the grievances his mother suffered.

Layla: "Brother, I see."

The next day, Avery accompanied her daughter to the set. Seeing that her daughter's condition had completely returned to normal, Avery left.

Sterling Group.

After Elliot got to the office, he drank a cup of black coffee and still had a severe headache.

He lost sleep last night.

## **When His Eyes Opened by Simple Silence Chapter 1823**

### **Chapter 1823**

Haze is his and Avery's daughter.

From Avery's reaction last night, he got this definite result. If he knew the truth back then, he and Avery would never have reached the point of divorce.

His heart, which hasn't hurt for a long time, has been hurting all night because of this misunderstanding.

When Chad came in to report his work, he glanced at the coffee cup on his table and looked at his complexion.

“Boss, did you rest last night?” Chad saw that his eyes were bloodshot, and said, “Why don’t I take you back to rest!”

“I don’t want to go back.” Elliot said hoarsely. “As long as I go back, I will think of every bit of time I used to be with Avery.”

It was an invisible torture.

“Chad, Haze is Avery’s daughter and I.” Elliot explained the reason that had troubled him all night, “Avery returned to Aryadelle this time to find Haze.”

Chad was shocked and incoherent: “Why? Is that so? Mike didn’t tell me...I thought Avery came back to Aryadelle because she graduated with a Ph.D., so she came back to see the child...”

“I saw her last night. Elliot pursed his thin lips and rubbed his brows with his long fingers, “If it wasn’t for Haze, she probably wouldn’t have returned to Aryadelle.”

“I asked Mike, and Mike said that Avery never said that she would never return to Aryadelle.” Chad said, paused, “Boss, how do you feel when you see her again?”

“How do you think I should feel?” Elliot retorted.

“For example, has she become more beautiful or something... I feel that she is more and more charming.” Chad boasted.

Elliot: “That’s because she permed her hair.”

“Oh...” Chad scratched his head, “Since it is clear that Haze is actually your child, then the two of you...”

Elliot: “Avery made it clear that she wants to keep the ex-wife and ex-husband with me.”

“Are you talking so directly?” Chad smiled awkwardly, “Then you want to find Haze together?”

“Avery is looking for her.” Elliot looked gloomy, “I can’t do it anymore. Please!”

A group of crows floated over Chad’s head.

“Boss, I can actually give you a stroke.” Chad made an assertion and sat down in the chair opposite him, “When there was an accident in the Jobin family, you and Brother

Ben went to Yonroeville to find Haze, and Avery happened to be at this time. Something happened to the eyes. From your standpoint, it must be more important to find Haze, but from Avery's standpoint, she didn't know that Haze was her biological daughter at the time, so she was naturally angry that you went to Haze."

"I never knew she had a problem with her eyes." Elliot retorted him, "If she had told me on the phone that she had lost her eyesight, I would definitely not have gone to Yonroeville."

"Are you sure you didn't know about her illness?" Chad didn't think it was necessary for Elliot to lie, but he still had to make sure.

Elliot frowned, "If I knew, do you think I could leave her and go to Yonroeville? She told you that I know, there must be a misunderstanding. I went to check the recording of our call at the time, and she was not there. She told me on the phone that she was ill. That's why I insisted on going to Yonroeville."

Chad did not expect the boss investigated it in private.

"Can you show me the recording?" Chad wanted to listen to this recording, not to satisfy his gossip mentality, but to use this recording to block Mike's mouth.

When Avery's eyes had an accident, Elliot didn't come back to her to take care of her immediately, and went to Yonroeville to find Haze. Mike called Elliot a sc\*mbag more than once.

## **When His Eyes Opened by Simple Silence Chapter 1824**

### **Chapter 1824**

Even Chad once thought the boss was a sc\*mbag.

But for more than two years, the boss has been taking care of children in addition to work, and has not shown the appearance of a sc\*mbag, so Chad's heart has been shaken again.

"What do you want to record?" Elliot didn't want to share such private things.

"I want to know, I have always believed in you, and my intuition is definitely correct." Chad knew that it would be difficult for him to hand over such private things, but the words had already been said, and there was no way to take them back, "I don't believe that you have little affection for Avery. I'm not righteous."

"But Avery thinks I'm that kind of person." Every time Elliot thinks of Avery's cold face on the day of divorce, he is in a bad mood, "You can trust me, why can't Avery?"

“Maybe she does have a relationship with her. You said something happened to her eyes... She wouldn’t deliberately throw dirty water on you. After all, she gave up custody of Layla and Robert, she must be heartbroken to make such a decision.” Chad doesn’t believe that Elliot is a *scmbag who is ruthless, let alone that Avery is a scmbag who abandons her husband and children.*

Elliot opened the drawer, took out a USB flash drive, and handed it to Chad and said, “The recording is in it, you can listern and later bring it back to me.”

Chad was flattered and immediately picked up the USB flash drive, “Okay. I promise not to leak it out.”

Chad took the USB flash drive and went back to his office.

After closing the office door, he connected the USB flash drive to the laptop, opened the USB flash drive, and there was only one audio file, The call recording.

Chad put on his headphones and clicked the play button.

The scene at the airport three years ago came alive in Chad’s mind.

After a while, Chad returned the USB flash drive to Elliot.

“Boss, I’ve finished listening. But why is there no sound from Avery?” Chad asked his own doubts, “I could hear her crying at first, but then she didn’t even cry anymore.”

Elliot also thought about this problem at the time. And he specifically asked people from the communication company what was going on in this situation.

The person from the communication company replied that the recording was the full version and was not damaged. The sudden absence of sound may be because the other party put the phone aside and stopped listening to the call.

“Maybe she was too sad, so she walked away.” Elliot guessed, “I don’t know the specific situation. But this recording is fine.”

“Boss, why didn’t you ask her to explain clearly?” Chad felt that since there was a misunderstanding in this matter, he should explain it clearly, “Avery has been blaming you all the time.”

Elliot rubbed his eyebrows, “When I retrieved this recording, I had fired Vice President Locklyn and hired Norah Jones, and established a new company in Bridgedale. The previous thing can be said to be a misunderstanding, and the latter thing is all instructed by me. She will never forgive me no matter what.”

Chad: "It's not that you fired Vice President Locklyn, It was Vice President Locklyn who was unable to do the job himself and resigned voluntarily. Moreover, theoretically speaking, it is not wrong for you to expand the Tate Industries. Besides, wouldn't the Tate Industries be given to Robert and Layla in the future?"

"Chad, You go out first." Elliot didn't want to continue talking about this topic.

For more than two years, he has forced himself not to think about what is right and what is wrong, because it seems that everything is wrong, and it seems that everything is right.

Chad walked out of the president's office and took out his mobile phone. He secretly copied a copy of the recording in the USB flash drive to his mobile phone.

He promised that Elliot would not leak the recording, but if it was used to slap Mike in the face, it should not be considered a leak.

## When His Eyes Opened by Simple Silence Chapter 1825

### Chapter 1825

At Night.

Chad passed by the winery and bought a bottle of good wine to go home.

When he got home, he called Mike and told him to come back early for a drink.

Mike is addicted to alcohol, and as long as his friends call to drink, he is always hard to refuse.

Half an hour later, Mike came to Chad's house.

"What's so good about today? You actually called me to drink!" Mike was in high spirits. Usually, he took the initiative to call Chad to drink, but Chad hardly ever took the initiative.

"It's a good thing for me, but not necessarily for you." Chad opened the chair for him and said straight to the point, "Didn't you always say that my boss is a *scmbag*? I was *almost persuaded by you, and I thought He's a scmbag*. But today, my boss showed the proof!"

"What proof?" The smile on Mike's face disappeared, he looked at him solemnly, and at the same time extended his hand to him, "Show me."

“Let’s go first. Review.” Chad sat down in the dining chair and poured him a glass of wine, “Did you tell me before that when my boss went to look for Yonroeville to find Haze, Avery called him, Said she couldn’t see. Is that the case?”

Mike took the glass and took a sip: “Yes.”

“Haze is the biological daughter of my boss and Avery, you should have known about this a long time ago. Right?” Chad said this, his expression instantly became cold, “Why didn’t you tell me about this?!”

“Hey, this is the evidence you said?” Mike put down the glass, “What kind of evidence can this be? Avery only recently found out that Haze is her biological daughter!”

“The evidence I said is not this!” Chad also put down his glass heavily, “You b\*stard, every time I know something, I will tell you the first time but you are deliberately trying to hide such an important matter from me!”

“It’s not about you and her, what is this important thing to you?” Mike was puzzled, “Besides, even if I didn’t tell you, didn’t you know it so quickly? Who told you? Maybe Elliot also knows?”

Chad glared at him: “My boss told me!”

“Oh, how did he know?” Mike raised his glass and sipped it. Taking a sip of wine, “This guy is really well-informed! But no matter how well-informed he is, he is still not well-informed. Otherwise, why didn’t he know that Haze was their child three years ago?”

“But I don’t know why Haze is Avery.” Chad asked him, “Do you know the specifics?”

“Xander’s ghost.” Mike said, “I used to think that Xander’s death was so innocent and pitiful, but now that I know the truth, it is clear that he brought it on himself. He was too naive!”

“Xander?”

“All this is a chain reaction.” Mike narrowed his eyes and said, “When Avery was in Yonroeville, she found a tumor growing in her brain, because she couldn’t trust the doctor in Yonroeville, so she came to Xander. As a result, Xander found out that she was pregnant when he checked her. Xander didn’t want to force her to abort the child, so he chose to transfer the embryo. Who is not good, but gave it to Rebecca. Can Rebecca keep her alive?”

Chad was shocked: “This Xander is indeed too impulsive! How can you not tell Avery about this kind of thing?”

“Xander told Avery. But he didn’t dare to say it in person, so he told her by email.” Mike raised his glass and clinked with Chad, ” Not long ago, Neti mailbox was announced to be shut down, and Xander’s regular email to Avery was sent out in advance. If Neti mailbox hadn’t been shut down, Avery would have to wait for countless years to know the truth.”

Chad was shocked!

“Didn’t you say you have evidence to show me? Where’s the evidence?” Mike tapped his fingers on the table. “If he really has hard evidence, why did he show it now?”

“Because the evidence can only prove that the day when my boss went to Haze, he really didn’t know that Avery had an eye problem. He told me face to face today that if he knew Avery had an eye accident at that time, he would not insist on going to Yonroeville. I believe my boss’s words.”

“Show me the evidence.” Mike didn’t want to hear Chad flatter Elliot.

## **When His Eyes Opened by Simple Silence Chapter 1826**

### **Chapter 1826**

Because Mike knew for a long time that even if Elliot farted, Chad would be able to blow it into incense.

Chad turned on his phone and turned on the recording.

“Why is there no sound from Avery in the back?” Mike finished listening to the recording and asked the question.

“I felt strange when I listened to this recording. I asked my boss, and he said that Avery might not have listened to Elliot’s phone call at the time.”

“I asked him if the recording had been edited.” Mike said.

Chad hesitated: “I secretly copied the recording. My boss doesn’t want people to hear this recording.”

Mike teased: “If the recording is ok, why is he guilty? If the recording is true, he Without eliminating what Avery said later, it is impossible for Avery to hate her so much.”

Mike’s words made Chad move on.

He sent the recording to Mike.

Chad: “You take it to Avery another day. I believe my boss must not lie.”

“I think your boss must lie. Avery has no voice at all after that. This is not normal at all!” Mike retorted.

Chad: “My boss said that the call was like this at the time!”

“What your boss said is what?” Mike frowned, “Can you have your own opinion?”

Chad: “I won’t argue with you for this.”

Mike: “Wait until I take the recording and ask Avery. Let’s see what Avery has to say.”

Chad: “Well. By the way, are you going back to Aryadelle specifically to find children? No other arrangements? You don’t need to find children. You have to travel through mountains and rivers to find it, just pay someone to find it.”

Mike: “I know! We are going to pay someone to find it.”

“What’s next? What are your plans?” Chad asked because Norah Jones had taken over the Tate Industries.

After Norah Jones took over Tate Industries, Tate Industries has become bigger and bigger. Now it is the No. 1 drone brand in Aryadelle, and it also belongs to the first echelon in the world.

In this case, Elliot had no reason to let Norah Jones leave the Tate Industries.

Furthermore, Norah Jones’s outstanding ability is well known in the industry. In the past two years, many investors and companies wanted to poach her, but she did not choose to leave.

“It sucks! Anyway, the money from selling the company was enough for us to spend our whole life.” Mike said eloquently.

“You can play it, Avery can’t play it with you, right?” Chad mainly wanted to know Avery’s plan, “Avery is quite self-motivated. She can’t be like you.”

Mike: “Why don’t you ask her about your plan to come down?”

“I asked her, can she tell me the truth?” Chad sarcastically said, “Don’t I care about you? It’s not far. I’m afraid she will be stimulated.”

## **When His Eyes Opened by Simple Silence Chapter 1827**

“Hahaha! I’m dying of laughter!” Mike sincerely thought it was funny, so he patted the table and wiped his nose, “The new building of the Tate Industries in Bridgedale is just across the street from the previous AN Technology!”

Chad was ashamed: “I know. Norah Jones chose three buildings in total, and in the end everyone voted for the current building. Because that place has the best location.”

“Do you think Avery has been stimulated a little in the past two years? You Instead of worrying about her, it’s better to worry about your boss.” Mike teased.

“What’s my boss to worry about?” Chad couldn’t understand Mike’s brain circuit, but he remembered that when he saw Avery last night, Avery exuded peace and contentment, and it seemed that she was not affected by the divorce, ” In other words, Avery’s mental state is not bad.”

“Yes! So I gave you the leisure to worry about her, so it’s better to worry about your boss.” Mike took a sip of his wine and gradually became more interested.

Chad said, “Let’s not talk about my boss, let’s talk about you! You really don’t plan to work next?”

“Yes!” There was a smile in Mike’s light blue eyes, ” What, are you going to find me a job?”

Chad took a deep breath and reluctantly said, “Why not, you cook for me every day, help me with housework, and I will pay you a salary every month.”

Mike With a ‘puff’ sound, the wine in his mouth almost spit out.

“I’m teasing you, are you serious?” Chad couldn’t help laughing at his reaction.

Mike wiped his mouth with a tissue: “I was teasing you just now.”

Chad: “What?”

Mike: “Too bad.”

“Oh, if you are not bad, what are you going to do?” Chad asked, “In two years, what are you doing? Every time I ask you, you don’t say anything. It’s so mysterious, shouldn’t you go back to your old job?”

Mike: “You can really guess. But it’s similar to what you guessed. You think, Avery has no source of income now, and she still has to pay Hayden to study. Do you know how much Hayden costs? I don’t have children to go to school, you may I have no idea. I can starve to death myself, but I can’t starve my benefactor and the benefactor’s son to death! So I have to make money.”

Chad was very moved, but he had some doubts about Mike's words.

Mike: "You said just now that the money you sell the company will give you peace of mind."

"I just said nonsense. I have never seen the money. Because Avery saved the money and said it was for the future. Hayden is eleven years old this year, and in Bridgedale, he can get a marriage certificate at the age of eighteen, which means that in seven years, Hayden may be about to marry a wife!"

Chad was stunned.

Even Hayden is about to marry a wife... Time flies by so fast!

.....

Starry River Villa.

Avery wrote a day at home today. If she wants to find Haze, she must first write down Haze's information.

She only had a photo of Haze when she was born, and she only had a photo of her when she was born, and there was too little information.

Now Haze is 3 years old, so she found the photo of Layla when she was three and put it in Haze's folder.

As long as she can find girls who look similar to Layla, and then identify them one by one, it is also a feasible method.

As Elliot said, looking for Haze is like looking for a needle in a haystack.

After Avery wrote the supplementary information she could think of, she glanced at the time.

It's past seven o'clock in the evening.

## **When His Eyes Opened by Simple Silence Chapter 1828**

### **Chapter 1828**

Avery hasn't had dinner yet, no wonder there was a cramp in her stomach. She came out of the room clutching her stomach, and suddenly heard the doorbell ring.

She walked to the door and opened it.

Tammy brought her daughter, Kara and Robert together!

“Avery, I heard that you are back, I immediately brought two children to see you!” After Tammy brought the two children into the house, she took Avery to look at it, “How can you keep doing this? Slim body? I really envy your physique without getting fat! Is your hair color the one I recommended to you last time?”

“It’s not quite the same as the one you recommended. But it’s not much different.” Avery Because of the happiness, the pain in the stomach is relieved a lot.

“Your hair color is more beautiful.” Tammy said here, and then she remembered bringing her two children, “Mrs. Cooper knew that I was going to bring Robert to your place, so she didn’t say anything.”

“I saw Elliot last night. We’ve met.” Avery looked at Robert and Kara with a gentle smile, “I knew you were coming, I should have prepared a big meal for you.”

“We’ve had dinner! Come over now, I just came to see you. You haven’t told me why you want to dye your hair all of a sudden!” When Tammy said this, the conversation changed.

Tammy often changes her hair color and has dyed all kinds of colors but Avery is different.

Avery doesn’t like tossing her hair. In her impression, she has always had black hair.

“Because one day Mike found out that I had gray hair.” Avery said bluntly, “I thought to myself, I haven’t dyed my hair, and I have started to grow gray hair.”

“Actually, gray hair has little to do with age. I used to have gray hair. There is a classmate who has less gray hair, which I think is very cool! There is also a lot of pressure and nervousness, which can also lead to gray hair.” Tammy comforted Avery, “Jun also has gray hair, and I especially like to pull White hair out but he wouldn’t let it. He said he would pull out more and more.”

“It was a bit stressful in the past. It’s much better now.” Avery said with a relaxed smile, “The two little guys often play together, they have a really good relationship.”

Robert is one year older than Kara, the two younger Baby is squatting on the ground at the moment, trying to open the gift that Tammy bought.

Tammy: “I didn’t play together often. But Robert should always remember this sister.”

“Did we set a baby kiss for the two of them before?” Avery couldn’t help but raise the corner of her mouth when she thought of this.

“Yeah! But Robert is following Elliot now. Elliot will definitely not recognize this baby kiss.” Tammy said helplessly, “Is Robert a little afraid of you? When I took him out of the car, he was holding my leg tightly and don’t let go.”

“Well. Ben Schaffer brought him here yesterday, and he was quite afraid of me. I feel better today.” Avery said, and walked towards Robert, “Robert, do you still remember me? I’m your mother.”

Robert didn’t even think about it, and immediately moved behind his sister to avoid his mother’s enthusiasm.

An embarrassment flashed in Avery’s eyes, and then she smiled and said to Kara: “Kara, you are getting more and more cute! Auntie likes you so much!”

Kara: “Kara also likes Auntie!”

In addition, Tammy often communicates with Avery in videos. Every time they communicate with Avery, Tammy will hold her daughter and show off to Avery that her daughter is getting more and more cute, so Kara is not unfamiliar with Avery.

Kara’s words amused Avery’s heart.

“Auntie hug you, okay?” Avery asked Kara for advice, and then hugged Kara.

Beside her, Robert’s brows suddenly wrinkled, and his small mouth shriveled.

Although Robert is a little afraid of his mother, Robert knows that this is his own mother, not someone else’s mother.

How can his mother hug Sister Kara?

## **When His Eyes Opened by Simple Silence Chapter 1829**

### **Chapter 1829**

“Mom...” Robert immediately walked up to Avery, raised his head and glared at Kara with big, dark, shiny eyes, “This is my mother, not your mother!”

“Just now your mother was with you Speaking, you hid behind Sister Kara yourself!” Tammy came over, said and laughed, “Since you don’t let your mother hug Sister Kara, then you can’t hide from your mother in the future! Otherwise! Your mother is going to hug other children.”

Tammy was afraid of making Robert cry, so she took her daughter from Avery’s arms.

Avery didn’t expect Robert to be so jealous.

It was obvious that Robert didn't seem to want her mother on the surface.

"Robert, can mother hug you?" Avery squatted in front of her son and looked at him tenderly, "Mom wants to hug you very much. Just like sister Kara's mother hugged her."

Robert struggled Extremely, finally looked up at Tammy and Kara, and then stretched out his little arm.

Seeing this, Avery immediately picked up his son.

At this moment, Avery felt as if she owned the whole world.

Today was the second time their mother and son have met since she returned to Aryadelle. Unexpectedly, Robert was willing to let her hug him when they met for the second time.

This was going much faster than she imagined.

"Avery, if you miss Robert in the future, I'll bring Robert to play with you." Tammy put her daughter down and picked up the bag on the ground, "Didn't you say you won't be leaving for now, so I'll give it to you I brought some soup tonics."

Avery watched Tammy take the tonics out of the bag.

"If you think that stewing soup is too troublesome, you can find a nanny who specializes in cooking." Tammy said, "Hey, what about Mike? Didn't you two come back together? Did he already leave?"

Avery: "Not yet. He went to Chad's for a drink."

"Oh, have you eaten yet?" Tammy said, walking towards the kitchen.

Cold pan, cold stove, no sign of fire.

"I haven't eaten yet..." Avery hugged Robert and followed, "I have something to do today, so I didn't cook by myself."

"Hurry up and find a nanny! Otherwise, you won't be able to eat three meals a day. Be on time, be careful of stomach problems." Tammy said, "What do you want to eat? I'll give you some takeout."

"I'm not picky eaters, you can order whatever you want!" Avery hugged Robert and didn't want to let go.

"Okay, I knew you didn't eat, so I'll bring you dinner along the way." Tammy sighed, "I originally wanted to surprise you."

"I'm quite surprised." Avery was very moved, "This I didn't take the initiative to tell you the next time I returned to Aryadelle. In the end, you all knew that I was back."

Avery even thought that she would not see Robert so easily, but Ben Schaffer brought Robert to her place yesterday.

She used to think too bad about Elliot and the people around him.

Now it seems that she and Elliot are divorced, and everyone's attitude towards her is still the same as before.

"When you got your Ph.D, I had a hunch that you would go back to Aryadelle." Tammy finished the takeout and put her mobile phone on the table, "When you come back to Aryadelle this time, stay for a while! At least you get to know Robert well."

Avery nodded.

At this moment, Robert struggled in her arms for a while, as if she wanted to go to the ground.

Avery released him immediately.

Who knows, the little guy grabbed her hand: "Mom, our family has lack of food!"

Avery: "???"

Tammy was also stunned.

Is Robert's reflex arc a bit long?

When he was talking about Avery's lack of food just now, he didn't open his mouth. Now they were talking about other topics, but he suddenly reacted.

"Robert, do you want to invite your mother to your father's house for dinner?" Tammy looked at Robert's handsome face and asked with a smile.

"Mmmm!" Robert grabbed Avery's hand and didn't let go.

It seems that he is waiting for Avery to nod to agree.

### **Chapter 1830**

"What if your father doesn't welcome your mother to your house for dinner?" Tammy laughed, and asked, "If you do this, you are not afraid that your father will spank you?"

“No!” Robert little face was wrinkled, his voice was clear, “Dad won’t hit me!”

Tammy: “But your father doesn’t want you to bring your mother home for dinner.”

“Dad wants to!” Robert felt that his wishes were his father’s wishes. Because he talked to his father yesterday, and his father had already promised his mother to go to their house to sleep, how could he not be willing to eat a meal.

Tammy turned back and forth with laughter and looked at Avery: “Avery, do you want to accept your son’s invitation to go to your ex-husband’s house for dinner? If you want to go, I can cancel the takeout.”

“Robert, thank you very much for inviting your mother to eat at your house, but Auntie Tammy has already helped your mother to buy food.” Avery explained to Robert patiently.

Robert lowered his eyes and thought for a while, and then discussed with Avery: “Then when my sister comes back, you can go to our house again!”

Tammy did not expect Robert to be afraid of his mother, and now he wants to abduct her directly. Only half an hour before and after.

“Robert, who asked you to tell your mother that? Did your father teach it?” Tammy asked.

Robert: “No!”

“Oh, I see, you want to help your sister abduct your mother home!” Tammy had an epiphany.

Everyone knows that Robert is Layla’s little follower.

As long as Layla is at home, Robert will not stick to Mrs. Cooper and Elliot.

In the whole family, his favorite is Layla.

Robert’s face turned red when he was told the central matter.

Avery looked at her son’s cute and shy appearance and said to him, “when your sister comes back, your sister will bring you to your mother’s place. I saw your sister this morning! Because I slept with her last night. “

Robert looked envious: “Did my sister say when to go home? I miss her so much.”

Avery: “She will be back in about half a month.”

Robert's concept of half a month is vague Not clear, but pretended to understand and nodded.

At about 8 p.m., the Foster family's bodyguards took Robert away.

"Avery, you said you had a busy day today, what are you doing?" Tammy planned to stay for a while.

Just when Avery was about to reply to Tammy, a text message came into her phone.

She pulled Elliot's number out of the blacklist not long ago.

Similarly, Elliot also pulled her out of the blacklist.

Because this text message was sent to her by Elliot.

Elliot said he sent someone to take Robert back.

Avery glanced at the text message and put down the phone. She couldn't remember what Tammy asked just now.

Avery: "What did you ask me just now?"

"I asked you what you are busy with today. Didn't you just come back to Aryadelle? After a few days off, what are you busy with." Tammy said.

Avery was going to tell her about Haze, but at this moment, another text message entered her phone. It was still from Elliot.

However, this text message made Avery think Elliot was dreaming. Because he asked—how much do Avery want for child support? One-time payment or monthly payment?

alimony? !

After being divorced for so long, why did Elliot suddenly think of paying Avery child support?
