### Chapter 1860

“No. No matter if you speak ill of me in front of Hayden, Hayden hates me.” Elliot’s heart was like a mirror, “When we didn’t divorce before, you couldn’t make your son forgive me. He has himself and my thoughts are not affected by the outside world.”

“You are wrong. Hayden can’t naturally hate you because you make me sad again and again, and he thinks you are unreliable.” Avery corrected him, “but you don’t have to be sad, after all Robert likes you so much, so you should be content.”

Elliot: “You can really comfort people. Hayden is my son after all, how could I not care about him at all? I gave him a card. He accepted it. But I checked and he didn’t spend the money for the time being.”

Avery: “...”

Elliot saw her stop and asked, “What’s the matter?”

“Why did you give him money? He is with you. Are you saying he is short of money?” Avery felt that Hayden must be angry.

“Chad told me that he has a lot of expenses. I’m afraid he’s out of money, so I’m too embarrassed to ask you for it.” Elliot expressed his thoughts, “What’s your expression? Do you blame me? I’ll pay you alimony, don’t you? Hayden is my son, and I should give him the money.”

“I’m really touched.” Avery put down the fruit knife and took a bite of the apple, “You are such a good father. Layla said in the bathroom just now that you are a good father. “

Elliot: “Really?”

“Can I lie to you?” Avery glanced at him, “My daughter also said that you’ve been staring at me and you must want to chase me.”

Elliot: “...”

Elliot seemed to be knocked out, and Avery felt much lighter.

“I think at our age, we should live more freely.” Avery shared her feelings with him, “Let’s let go of past grievances and grievances when we should. Enjoy in time. Who knows which will come first, tomorrow or the accident. “

Elliot understood her overtones.

What Avery means is that even if she chase after him, she will not promise you.

Because she wants to be free.

In the afternoon, Wesley came to Foster's house with Shea and two children.

Seeing her sister, Robert immediately turned into a sticky spirit, wishing he could hang on her sister.

"Brother! You don't even want to hug your sister! Your sister will laugh at you!" Layla hugged Robert for a while and felt tired, so she forced her brother to the ground.

"Call Tammy and the others too!" Avery wanted more people and more lively, "and Gwen."

"I'll call Jun, you call Gwen." Elliot divided the work with Avery.

Avery: "Okay."

The two went to call.

Layla followed Wesley's gaze, looked at her mother's back, and said playfully, "My parents cleared up the misunderstanding today. My mother said that I don't hate my father so much."

"That's great." Wesley said, "Your parents are reconciled, and their three children can be reunited."

Layla: "They didn't reconcile! They just made the misunderstanding clear, but they still have their own ways."

Wesley stunned.

"My mom doesn't like my dad very much anymore." Layla leaned into Wesley's ear and said regretfully.

In the evening, everyone gathered at Foster's house to celebrate Layla's birthday in advance.

"If only Layla had her birthday every day." Chad sighed looking at the long-lost smile on Elliot's face.

"Do you want to come over to eat every day?" Ben teased.

“Brother Ben, even if I want to eat, I’ll go to your place.” Chad whispered in Ben Schaffer’s ear when he said this, “I saw the two of them looked at each other just now, and there was no murderous light in their eyes.”

### Chapter 1861

Ben Schaffer didn’t pay attention to them, so after listening to Chad’s words, he looked at them: “You two are reconciled?”

Elliot: “Well.”

Avery: “No.”

The two said in unison, but the answers were different.

In an instant, the atmosphere of joy was replaced by embarrassment.

Elliot and Avery looked at each other.

Probably did not expect each other’s answers to be different.

“When will we be reconciled?” Avery asked.

Elliot: “Isn’t it clear?”

Avery: “To be clear means to be clear, but it does not mean that we are reconciled.”

“In your opinion, what does reconciliation mean? In my opinion, reconciliation means that we will no longer be for the past. We quarreled about something.” Elliot expressed his understanding.

Avery said ‘oh’: “Then according to your opinion, we are indeed reconciled.”

Seeing that the two of them reached a consensus, everyone breathed a sigh of relief.

“In your opinion, what does reconciliation mean?” Elliot asked, “Remarriage?”

Avery got goosebumps when she heard ‘Remarriage’.

Could this be a stress response?

“In my opinion, reconciliation means a good relationship. It has nothing to do with remarriage or not.” Avery looked at his face and said word by word, “Now for dinner, if you want to argue about this issue, we will talk about it in private.”

With so many eyes watching, Elliot didn't feel ashamed but Avery couldn't afford to lose this person.

Elliot took his eyes away from her, and took the chopsticks to serve Robert with vegetables.

"Mom." Robert suddenly picked up his head and shouted.

When Avery heard Robert's cry, her heart softened, and she immediately looked at her son: "Baby, are you calling Mom?"

Robert blinked her eyes and said clearly: "Is mom going to sleep at our house today?"

Avery Confused by this question.

"Brother, why did you say this to your mother?" Layla sat between her mother and brother, and because her brother asked this question, Layla poked her brother's little face with his hand.

"Sister, if you like mom, then let's let mom sleep in our house!" Robert said, looking at his father again, "Dad, how are you?"

Robert is really Elliot's good baby! No matter what, tell Dad.

"Elliot, shouldn't you be the one who taught Robert to talk like this?" Tammy felt that this move was too clever.

Avery likes Layla and Robert so much, and now facing Robert's request, she is probably hard to refuse.

Because Avery hadn't seen Robert in the past three years, she was full of guilt towards Robert.

Elliot shook his head: "I didn't teach Robert to talk like that."

"Father promised me." Robert remembered something, "Father promised to let mother come to sleep at our house."

Elliot did promise his son that. But he didn't think his son still remembered this!

"Mom!" Robert raised his voice and called Avery softly.

## **When His Eyes Opened by Simple Silence Chapter 1862**

Avery especially wanted to drill a hole in the ground. She knew that what Robert said was definitely not at Elliot's order.

Robert opened and closed his mouth to say that his sister liked his mom, so he must have kept his mom to sleep at home to make her happy.

"Robert, we can invite your mother to play at home during the day, but at night your mother has to go back to her house to sleep." Elliot touched his son's head, "Everyone has their own home and must go to their own home to sleep."

Robert Seems to understand but does not understand: "The cat wants to go to the cat's house, the dog to the dog's house, and the mother to the mother's house."

Everyone: "???"

Avery can't help laughing: "Robert, next time you go to your mother's house to play. Are you okay?"

Robert: "I'll go when my sister goes."

"Robert is really good." Avery is very pleased that the relationship between the sister and brother is so good.

After a while, the children were full and left the table, and the ladies who did not drink also left the table.

Tammy took Avery to the outside of the villa to breathe.

"Avery, are you two really reconciled?"

"That's right! Elliot explained what happened to me at the beginning. But I don't know if I should believe it or not." Avery took a breath of fresh air, "I've already had a feverish head once. Now I'm afraid of repeating the same mistakes, so this time I want to stay awake."

Tammy: "Actually, even if the two of you don't remarry, as long as you maintain the current relationship where you can eat at the same table, it's not bad. After all, the divorce between the two of you was too ugly. I thought that the two of you would never get along with each other for the rest of your life... The main thing is that you have a good temper and are generous enough. If I were you, I would never forgive Elliot in my life."

Avery: "Why?"

“Only the fact that Elliot forced you to sell the company, I can’t take this breath.” Tammy frowned, “As for Elliot’s stinky temper, he is only suitable for being with a woman who loves him to the point of being irrational. He doesn’t look down on those women.”

Avery chuckled softly: “Tammy, it’s my own decision to sell the company. It has nothing to do with Elliot.”

“It’s not because the Tate Industries opened a branch in Bridgedale. Did you sell the company if you wanted to bring down your company?” Tammy was puzzled, “The version I’ve heard has always been like this.”

Avery shook her head: “It’s not exactly the reason. It’s what I think. I was very tired and wanted to get the money in my hands, so I sold it.”

Tammy: “Okay! It seems that I misunderstood him.”

“Tammy, Elliot said he didn’t hear me on the phone when we were talking on the phone. Do you think it’s possible?” Avery asked doubts, “My phone is good. It’s been working fine for a few years.”

Tammy: “He can’t hear you?”

“Yeah! He was Recording the call at that time. In the second half of the call, there was no voice from me.”

Tammy scratched her head: “I don’t understand this either. Why did you two just talk about it now? Open, wouldn’t it be easier to find out?”

Avery was also very annoyed: “I had a problem with my eyes at the time, and I was very depressed. I was also very impulsive. After the surgery on both eyes, I couldn’t touch my phone for several months.”

Tammy: “Avery, no matter what you do, it doesn’t matter to you.”

“But if Elliot really didn’t know about my situation at the time, then I can’t blame him anymore. After all, we are both too proud. I’d rather sit down and part ways and I don’t want to say a few more words to make things clear. It seems that whoever says more, loses face.” Avery reflected.

Tammy: “Then don’t blame anyone, you can live a good life in the future, and raise three children together, so everyone will be happy.”

Avery said, “Yeah. In front of me and Layla today, he separated his relationship with Norah Jones. It’s embarrassing. Although I know he didn’t tell me.”

“How do you know it’s not? To put it aside for you? What if it was for you? He knows that you are still single, and maybe he wants to get you back.” Tammy guessed.

Avery: “Layla said the same.”

“What do you think?” Tammy asked.

Avery replied, “I don’t have any idea. I just want to get back Haze quickly. When I get back Haze, I will be in the mood to talk about other things.”

Tammy: “If Elliot gets Haze back, will you be able to? Let him redeem his merits? After all, you have four children! Four! My God, I can’t even think about it!”

## **When His Eyes Opened by Simple Silence Chapter 1863**

### **Chapter 1863**

Avery didn’t dare to think about it. Every time she thought about it, it felt like she was dreaming.

Fortunately, both Layla and Hayden have grown up, so they don’t need her to bother much.

Otherwise, if the four children encounter problems together, she will not be able to take care of it even if she is incapable of doing it.

“Avery, I’m celebrating Layla’s birthday today, so when will Hayden celebrate?” Tammy asked, “Hayden hasn’t returned to Aryadelle for so long, or let him go back, let’s all celebrate him together!”

Avery said that she did not discuss this issue with Hayden.

In previous years, Hayden’s birthday was spent at home. Buy a cake, make a table of delicious dishes, and have a meal together, even if it’s a birthday.

Avery: “He may not be willing to come back.”

“Why?” Tammy was puzzled, “Is it just because of Elliot? Wouldn’t it be better if we didn’t invite Elliot? I really miss Hayden. Last time I went to Bridgedale, I haven’t seen him, what is he busy with? Is he so busy with school?”

Avery took a deep breath and explained: “What he is learning now is the content of high school and college.”

Tammy: “...”

Avery: "When he was busy, he went out early in the morning and came back late at night. I told him many times that he should not give himself such a big pressure, but he doesn't listen. Now that he's grown up, he doesn't listen to me so much."

"Geniuses work so hard, yet let ordinary people live?" Tammy sighed, "I heard it before, Hayden's goal is to surpass Elliot, and I guess he is striving for this goal."

Avery nodded: "His personality is very similar to Elliot. Self-esteem and competitiveness are very strong."

"That's a good thing! In the future, when your son is promising, you can lie down completely." Tammy was envious, "Your daughter Layla can make you lie down now, right? She earns money from winter and summer vacations every year. Did you give it all to you?"

Avery: "I kept it for her, I didn't spend her money."

Tammy: "I know you won't spend her money, but your daughter has the ability and the heart, I'm going to die of envy. My daughter Kara will probably be the same as me in the future. The flowers in the greenhouse are not motivated, and they only eat old."

Avery: "Tammy, children's health and good behavior are the greatest blessings. What will they develop in the future? We don't have to worry too much."

Tammy: "Well. It's right that Hayden and Layla feel so sorry for you. After all, you brought them up with your own hands. Robert grew up beside Elliot, so he would love Elliot even more. If Haze is found, you'd better let Haze follow you."

"It's too early to say this, I just hope this child is still alive." Avery said worriedly.

.....

Airport.

Norah Jones was ready to fly to Bridgedale.

For the past two years, she had been flying back and forth between the two countries. She was used to flying.

But this time she went to Bridgedale, in addition to work, it was also because she was upset.

Layla's attitude towards her today was really rude!

The reason why Layla was so fierce to her must be instigated by Avery.

Avery's return to Aryadelle this time must be for the purpose of reuniting with Elliot.

What chilled her the most was Elliot's attitude.

Before Avery returned to Aryadelle, Elliot was polite to her and a gentleman.

Who knew that Avery would disrupt the peaceful relationship between them as soon as she returned to Aryadelle.

## **When His Eyes Opened by Simple Silence Chapter 1864**

### **Chapter 1864**

Norah Jones doesn't want to deceive herself. Now that Elliot does not allow her to go to his house in the future, the two of them seem to have no hope.

Unless Avery disappears or dies.

But Norah Jones would not do anything illegal. She will not ruin her bright future for anyone.

Like Chelsea Tierney, Zoe Sanford and others, she despised them in every possible way. This kind of sacrifice for a man is really stupid!

She prides herself on being smarter and more capable than Chelsea Tierney and Zoe Sanford. In the future, even if she can't find a man as good as Elliot, she can live a good life.

"Boss, I think you might as well change your goals!" Seeing Norah's frowning, the assistant comforted her, "Compared to oldmonkey like Elliot, I think newmonkey like the boss of Dream Makers Group is more suitable for you!"

"Do you think I don't understand this truth?" Norah Jones's eyes were cold and her tone was cold, "Do you know who the boss of the Dream Makers Group is? Do you know where he lives? Do you know where you can meet him? I work hard and still be able to stand beside Elliot, but the boss of the Dream Maker Group is like a phantom shadow. I can't even see him, let alone catch him."

The assistant said, "We can find a way. The more mysterious he is, the better! Ms. Jones, you think, we can't find him, and other women who covet him can't find him? If you can find a way to see him, is it possible to stand out among so many suitors?"

The assistant's words gave Norah Jones a new idea.

"Ms. Jones, I guessed in private with a few friends that rich, mysterious and capable people like the dream maker boss are mostly introverted and honest science men.

People like them don't understand the style, it might be boring, but it doesn't matter, as long as they can make money."

Norah Jones nodded: "I also think he may be a nerd or a technical man with some psychological problems."

The assistant: "If you have a psychological problem, forget it!"

Norah Jones: "I'm definitely not talking about a serious psychological problem."

"Well, Ms. Jones, don't be unhappy. You should go to the new target, and after success, let Elliot have the guts. Go regret it!" The assistant said, laughed.

Norah Jones: "It's just your sweet mouth!"

The assistant: "Don't I feel wronged for you? Since you joined the Tate Industries, you have worked diligently every day to achieve the current glory of the Tate Industries. But Elliot doesn't know that he feels sorry for you."

"So this is also the reason why I proposed to let the Tate Industries go public independently. If Elliot can't give me a name, then I definitely don't want to continue working for him." Norah Jones's mouth rose slightly, "He should also know what I think. So he proposed A gambling agreement."

Elliot agreed to let the Tate Industries go public independently, but Norah Jones must make the Tate Industries's profit reach his target within three years. If Norah Jones can complete it, then he can split the equity and management rights to Norah Jones. If Norah Jones can't complete it, Tate Industries will continue to be subject to Sterling Group.

.....

Bridgedale.

After Norah Jones landed, she returned to her apartment.

She thought about it for a long time on the plane and decided to take advantage of this opportunity.

She must find a way to meet Billy, the Dream Maker's boss.

Only by seeing Billy one step ahead of the other women would she be more likely to succeed.

In her opinion, the Dream Makers Group will definitely achieve great success!

Because the first batch of cars of the Dream Maker Group were sold out immediately after they went on the market.

Since then, countless postings and positive reviews have emerged on the Internet. Real feedback and good reputation from users are more convincing than celebrity endorsements.

It took her one night to write an email and sent it to the mailbox of Billy, the owner of the dream maker.

Billy's mailbox was asked by her brother.

She assured her brother that she would never send Billy random emails.

But now what she sends Billy, how can outsiders control.

### **Chapter 1865**

Aryadelle.

After dinner, Avery said goodbye to Layla and Robert.

"Mom, it's very late today. Be careful on your way back. When I finish my summer homework, I'll take Robert to find you." Layla whispered to Avery.

"Okay. You can take your homework to your mother to write. Mom can accompany you." Avery was reluctant to part with the child.

"I'll go to you after I finish writing. Then you'll play with us!" Layla had a plan in her mind, but she won't say it right now.

She wants to take Robert to find her mother, and then ask her mother to take them to Bridgedale to find Hayden, and then celebrate birthday with Hayden.

Avery got into the car and was ready to leave.

At this time, Elliot came out.

These men were drinking, so Avery only said goodbye to the child just now, and didn't go to say hello to Elliot.

Who knows, when Elliot saw that Avery was leaving, he strode towards her.

Avery could only press the window.

“Didn’t you bring a bodyguard?” Elliot asked, standing beside her car.

“No.” Avery smelled the alcohol from him, looked at his reddened face and eyes, and said, “Go back to rest if you drink too much. I’ll call Layla when I get home.”

Elliot: “Don’t let the driver take you back!”

“I didn’t drink alcohol, so I don’t need someone to take you back.” Avery refused, “Go back to the house! Everyone is watching! Those who didn’t know thought our old relationship was revived.”

After finished conversation, Avery closed the window.

Elliot took a few steps back and watched her drive the car out.

“Elliot, I’m too drunk to drive. You can either stay with me overnight, or let your driver take me home.” Ben Schaffer walked to Elliot and negotiated with him.

“Didn’t you come with Gwen? Let her drive.” Elliot said.

“Hey, I don’t live with her anymore. She drove me back, so what should she do? You can’t bear to let Avery go back alone, so can’t you bear to see your own sister go back alone?”

Elliot had a headache. So he waved to the bodyguard and asked the bodyguard to take them back.

The driver sent Wesley and Shea back.

At dinner, Wesley didn’t want to drink, and Ben Schaffer was a person who was very good at persuading him to drink, so Wesley accompanied them for two drinks.

Finally, Jun got into the car with his daughter in his arms. Tammy walked up to Elliot and said, “Thank you for your hospitality tonight. Seeing how reluctant you were to Avery just now, do you want to be with her again?”
