### Chapter 1866

“You want to lie to me?” Although Elliot drank, he was not drunk.

“Why are you so vigilant? Even if I know your true thoughts, I won’t laugh at you. For the sake of your four children, maybe I will help you?” Tammy said, “Don’t look at me I usually scold you for scolding because I hate you!”

“I don’t need your help.” Elliot said arrogantly, “We will solve the matter between me and Avery by ourselves.”

“Don’t let me help.” Tammy glared at him and turned to leave.

It was probably because of alcohol, Elliot hesitated for a moment, and then stopped her.

Elliot: “What did you talk to Avery today?”

“Didn’t you want my help?” Tammy said with a smug smile, “I thought you were so powerful that you could handle Avery by yourself. Avery told me, what she is most worried about now is Haze. If you can find Haze, the two of you will have hope of remarrying. After all, with four children, how could she give up completely?”

“I’ve been looking for Haze.” Elliot’s eyes dimmed, “It’s just that the results are not optimistic.”

“You don’t have to be so pessimistic. Even if Haze is really gone, then you can rely on yourself! Take the initiative! You can explain the previous misunderstanding to her today, she is right. Is your attitude better?” Tammy teased, “Avery is the best talking woman I’ve ever met. If I were a man, I’d catch her in minutes.”

Elliot: “... “

Tammy got in the car and drove the car out of the Foster family compound.

Jun rubbed his temples and asked, “What did you tell Brother Elliot? I see that his expression is so serious, you shouldn’t make him angry, right?”

“Jun, I am Tammy in your eyes. It’s just a stupid pig!” Tammy glared at him, “You think I’m making a mess no matter what I do.”

Jun woke up most of the time: “Wife, you misunderstood me! If you do other things, I won’t doubt you. It’s because you always quarrel with Brother Elliot that I...”

"Today Avery told him about the misunderstanding, why am I still scolding him? I am encouraging him! Let him pursue Avery again!" Tammy said, "They were already in love with each other, and if there was no misunderstanding, they would not have divorced. Plus there are so many children, of course I hope they can reconcile!"

"Wife, you have changed." Jun looked at Tammy affectionately, "After you gave birth, you became more gentle and open-minded. It's more reasonable."

Tammy: "Don't be rude! I'm all for Avery, not for Elliot."

"I know. Avery and Elliot is good. The three children are also good. They are good, and we will follow them." When Jun said this, he thought of one thing, "Wife, do you know the Dream Maker car? It's a pity that it's only sold in Bridgedale. I really want to buy one."

"I know! I saw the news. I heard that its self-driving function is good, if you want it, we can order one in Bridgedale." Tammy also wanted to try the feel of the Dream Maker's car.

Jun sighed, "My friend from Bridgedale bought it. It's very exciting to say it. I knew the news when I pre-sold it before. I wanted to wait and see, but it was sold out. I don't know how long it will take for the second batch to go online."

"Don't worry! The first batch is a big sell. Now that they are full of orders, they will definitely expand the production line. It is a fool to have money and not make money. It will not exceed a month at most, and you will definitely be able to buy it. "Tammy said firmly, "This car company is quite good. Do you know that Avery's father wanted to build a driverless system in the past?"

"Of course I remember. It's a pity that her father was in poor health and died early. Otherwise her father may have succeeded. So we don't have to go to Bridgedale to book a car."

"What's this called, time is also fate! A person who can succeed not only needs a good brain, but also a good body." Tammy plausibly said, "There is a saying that it is necessary to get famous as soon as possible. A genius like Hayden is the sky. The son of the election. Do you know how good he is? He has already started taking college courses. I really don't know how good he will be in the future."

"Don't think about it. Let's raise our daughter well." Jun Squinting, his tone relaxed, "If Hayden is so arrogant in the future, won't he have to find a wife? Maybe, like his father, he will be pinched by women." Women can't be ordinary people. Let's just say Avery, is Avery an ordinary person? A hundred Norah Jones can't compare to one Avery."

**Chapter 1867**

When Avery came home, she first called her daughter to report her safety.

Then she went to the bathroom, put hot water, and planned to take a bath. She put her phone on the bedside table and went to the closet to get her pajamas.

Everything that happened during the day is automatically replayed in her mind.

Overall happy today.

Because she is with Layla and Robert today, She feels that the emotions that she has been missing in the past two years have been greatly satisfied.

Then she remembered that at the dinner table today, Robert called her mother sweetly and asked her to stay at Foster's house for the night.

She actually had the idea of promising Robert.

She wants to sleep with Robert and Layla, and wants to chat with the two children.

She felt happy every minute and every second with the child. This joy comes naturally from the depths of the heart.

Now there is no news except for Haze, and other things seem to be happening in a comfortable state.

Could it be that this is the dark and bright, or is it extremely peaceful?

The other side.

The bodyguard sent Ben Schaffer and Gwen to Ben Schaffer's house first.

Ben Schaffer drank a lot this evening. Because he was a good drinker, although he drank a lot of alcohol, he was not very drunk. However, when he got out of the car, he grabbed Gwen's arm, as if he could not walk.

"Gwen, I...I'm dizzy..." After Ben Schaffer pulled Gwen out of the car, he winked at the bodyguard behind him.

The bodyguard slipped away immediately after receiving his look.

"I want to vomit..." Ben Schaffer returned home with Gwen's support.

Gwen heard that Ben wanted to vomit, and immediately helped him to the bathroom.

"Gwen, I'm so thirsty... Can you pour me a glass of water?" Ben Schaffer asked her, looking haggard, standing at the door of the bathroom because she couldn't spit it out.

Gwen looked at him with scarlet face, how could he suspect that he was pretending to be drunk.

“You said you have a lot of income, why did you hire a live-in nanny or bodyguard?” Gwen let go of him and went to pour water for him, “I’m going to say something ugly, in case something happens to you at home one day. No one will find you. The last time I saw the news, someone died in a rental house, and the body was decomposed and smelled before it was discovered.”

Ben Schaffer went to the bathroom, turned on the faucet, and washed his face with cold water.

“Gwen, thank you for caring so much about me. I didn’t look for a live-in nanny and bodyguard because I liked being alone before and didn’t like having others at home. But now I’m going to listen to you and find a live-in nanny and bodyguard.” Ben came out of the bathroom.

“Since you like to be alone, then don’t look for it.” Gwen handed the water cup to him, “It won’t be too late to look for it when you are sixty years old.”

Ben Schaffer took the water cup and drank the water, and said, “I don’t like being alone anymore, I seem to like more and more fun. Maybe I’m really old!”

Ben handed Gwen the empty water glass. Gwen took the water glass and looked at his blurred face, “Can you stop staring at me like that? I know you want to keep me as a free babysitter.”

"I can pay you, but you will say that I insult you with money." Ben Schaffer staggered to the sofa and sat down, "Gwen, I'm really happy tonight, so I let myself drink too much. "

"What are you happy about?" After putting down the water glass, Gwen walked over to Ben Schaffer and sat down, "Because my brother and Avery explained the misunderstanding clearly?"

"Yeah! Isn't this something to be happy about?" Ben Schaffer leaned On the sofa, he raised his head and breathed a little heavy, "When your brother stabilizes, we should be able to stabilize as well?"

Ben said, looking at Gwen.

"My job hasn't stabilized yet!" After Gwen returned to Aryadelle, she was forced to marry by Ben Schaffer every now and then, with a big head.

She and Ben Schaffer have known each other for several years, and of course they have developed feelings. It was just not enough for her to make up her mind to marry him.

Gwen knew Ben was old, and she didn't want to hang Ben. She wanted to wait for her domestic work to improve before considering marriage with Ben.

"Gwen, I've been working for most of my life. Listen to me, work can never be finished. We can get married first, and then you can work hard for your career. This is not a conflict." Ben Schaffer advised, "Start a family and start a business. Get married first and then start a career, many people are like this."

"But after I marry you, your family will definitely urge me to have a child." Gwen was distressed, "If I become pregnant and have a child, my work will have to stop. "

"Not necessarily!" Ben Schaffer answered.

"What is not necessarily? Are you saying that your family will not necessarily urge me to have a child?" Gwen blinked, "If this is the case..."

"My parents will definitely urge you to have a child." Ben Schaffer broke her fantasy, "I mean, you can continue to work even when you are pregnant. I will not stop you from working. You can work until the day you give birth."

Gwen: "..."

Ben Schaffer took a magazine from under the coffee table.

"Look, this cover model is an international supermodel. This is the cover of a magazine she took during pregnancy. I read her interview, and she said that after she became pregnant, she insisted on exercising and working hard. In fact, pregnant women are not what we imagined. So fragile."

Gwen took the magazine, glanced at it, and then looked at Ben Schaffer again: "Have you prepared the trap long ago, waiting for me to drill into it?"

Ben: "I did make some preparations, but it's not a big deal. Can't be trapped? Gwen, I..."

"You feel lonely when you are old, and you want to find someone to accompany you and give you a baby by the way." Gwen stood up and barbed, "My domestic agent, Hendrix told me I'm not worthy of you. He makes me recognize the reality every day. He said that with your worth, you can find any kind of woman..."

"Why is this person talking nonsense?!" Ben Schaffer sat upright, "You know Chelsea Tierney? I used to chase her for so long, and she didn't even look at me directly. If I want to find any woman, I can find it. As for I'm not married yet?"

Gwen heard him mention Chelsea Tierney, when she heard that Ben had been chasing Chelsea for a long time, she was suddenly jealous.

She immediately stood up from the sofa, grabbed her bag and walked out.

"Gwen! Don't go! I...hey! I said something wrong just now!" Ben Schaffer realized that he had mentioned someone he shouldn't have mentioned, and immediately chased out angrily.

“Don’t chase after me! I don’t want to hear your explanation! You’ve been drinking too much, so stay home and calm down!” Gwen finished speaking, and quickly drowned in the dark night.

The next morning.

Avery was sleeping soundly when the ringtone of her mobile phone suddenly rang, waking her up from her sleep.

She rubbed her eyes, found her phone, and held it in front of her.

Seeing the unfamiliar number, she immediately put down the phone and closed her eyes, not wanting to answer.

But the bell kept coming, making her not only dizzy, but also her heart started to hurt.

She took a deep breath and answered the phone.

“Hello, are you Ms. Tate?” A polite and courteous male voice came from the phone, “I’m Manager Wu of Jetta Customs Broker.”

Avery was stunned: “What’s the matter with you?”
