

When His Eyes Opened by Simple Silence Chapter 1955

Chapter 1955

This basement is the same as the room on the ground. There are no compartments. From the beginning to the end, anyone can see all the conditions in the basement.

“Boss, I didn’t see Mr. Foster!” The bodyguard reported to Nick.

Ben Schaffer and Chad also walked around the entire basement.

This basement has no compartments at all, however, it has another passage.

“There’s a very narrow exit there!” Chad told Nick what he found.

Nick immediately asked the bodyguard to check it out.

After about twenty minutes, the bodyguard climbed up and down again.

“Boss, the exit is blocked! I can’t open the lid at all!”

“Go outside and see what’s going on at the exit!” Nick confessed.

After the bodyguard went out to find another exit, Nick looked at Ben Schaffer and Chad: “Let’s go outside! I’ll let someone go down and search it carefully! It’s really impossible, raze the bungalow above to the ground and the basement below, it was exposed directly, looking for inch by inch...”

Ben Schaffer frowned, puzzled: “Except when Elliot is left, the female prisoner is left too.”

“Yes! I’m thinking about this too. What’s going on! I don’t know Avery...” Nick said here, hesitant to say anything.

He doesn’t know if Avery is dead or alive, but Hayden reacted too quickly just now. After he saw Avery, he took Avery away.

Outsiders have no chance to ask questions, let alone probe Avery’s breath.

“Avery is definitely still alive.” Chad murmured, “It’s only six days...not six months...”

Nick and Ben Schaffer looked at him and muttered to themselves. Chad looks like he’s embarrassed to take his words.

For six days without eating or drinking, staying in this closed and dark environment, even if she’s still alive, She’s prone to mental problems.

They came out of the basement and went outside.

A bodyguard came over with two jammers: "Boss, I found several jammers! It's in the grass near here!"

"Fck!" Ben Schaffer took the jammer and glanced at it, then Angrily, he threw the shield on the ground and smashed it with his feet, "No wonder they can't be contacted! Who is it?! Who locked them in the basement below?! I want to kill these bstards!"

Nick twisted, frowned and looked at the signal jammer that was smashed on the ground: "It shouldn't be a member of that criminal gang. If it was really a member of that gang, do you think they would use this method?"

"Who would that be?" Ben Schaffer asked back.

"I don't know...but I have a feeling that this is not what the criminal gang did! The criminal gang has been taken over long ago. Except for the female accomplice who escaped, the other main culprits were shot!" Mick said, "If the criminal gang met Elliot and Avery, they would have been brutally murdered long ago. I don't think Avery had any trauma."

When Nick said this, Chad's mind flashed. Pass a white light.

"Avery seems to be wearing my boss's shirt!" Chad exclaimed at Ben Schaffer like he was electrocuted, "Brother Ben! Did you see it just now? The white shirt on Avery belongs to my boss!"

Ben Schaffer only glanced at Avery's face at that time, but didn't pay attention to Avery's clothes. "I saw she was wearing white clothes..."

"That's the boss's shirt! Because Avery doesn't have such a big shirt!" Chad's scalp was numb, and tears flashed in his eyes.

After a while, a bodyguard ran over and reported to Nick: "Boss, another exit from the basement is the manhole cover that leads directly to the ground. But that manhole cover was welded to death!"

Chad's ankles softened and he fell directly into Ben Schaffer's arms.

Chapter 1956

"Chad! Don't panic! Elliot's body hasn't been found yet! Maybe he escaped long ago!" Ben Schaffer said, wanting Chad to cheer up.

Chad took a deep breath and barely stood firm: "The door to go down from that house is locked from the outside. The other exit in the basement is welded to death, my boss... how can he... Escape?! His clothes were obviously given to Avery! It means that they were trapped in the basement together! At least they both stayed in the basement for a long time, otherwise why would he take off his clothes to Avery? If he really escaped, why didn't he contact us? Why didn't he save Avery?!"

Chad said more and more excited.

"But there's no body of him below!" Ben Schaffer pushed the glasses on the bridge of his nose, "I don't believe he is dead! I don't believe it!"

Nick saw the two of them quarreling, and immediately said: "You two, stop arguing. I'll call the police and let the police investigate. I'll let the bodyguards keep an eye on it, and once I find Elliot's whereabouts, I'll notify you immediately."

"You two should go to the hospital to see Avery's condition!" Nick continued, "I want to know whether Avery is alive or dead. If she is still alive, then she can answer the questions you want to know."

Ben glanced at the bungalow behind him, which was surrounded by Nick's bodyguards.

If Elliot was still inside, Nick's people would definitely be able to find him.

"Didn't you say Avery is not dead? Let's go to the hospital then!" Ben Schaffer grabbed Chad's arm and pulled him away, "When Avery wakes up, I'll know where Elliot went!"

Chad tears, wet the lens.

He pushed Ben Schaffer's hand away and reached out to take off his glasses.

"Brother Ben, that's just what I said to deceive myself!" Chad didn't wipe the tears from his glasses or his face.

He stood in the mud, motionless.

"I know... I'm also deceiving myself." Ben Schaffer's eyes were scarlet, holding back tears, "As long as Elliot and Avery are together, they won't be so desperate."

There are few people, even if they want to check, they can't find anything.

Unless Avery wakes up... But, can she wake up?

After more than an hour's drive, Avery was sent to the largest hospital in Yonroeville.

Hayden watched his mother being pushed into the emergency room, watched the door of the emergency room close, and sweat and tears dripped down his angular facial features.

His heart was beating violently and his mind went blank.

He has been studying hard and making money all the time, not only because he wants to surpass Elliot, but also because he wants to protect his mother and prevent her from being bullied by anyone.

But now, Elliot's whereabouts are unknown, and his mother's life and death are unknown. He seems to have no support or motivation to continue working hard.

When Ben Schaffer and Chad arrived, Hayden was still standing at the door of the emergency room, his body stiff as if he had turned into a statue.

"He's been there for almost two hours." The bodyguard yawned, "If you talk to him, he doesn't care."

Ben Schaffer pulled Chad and told him not to disturb him.

"Let him wait at the door." Ben Schaffer understood Hayden's pain, "Avery hasn't come out after being sent in for so long, does that mean there is still hope?"

Bodyguard: "What hope is there? Her body is cold... I touched it quietly."

The bodyguard's words were like a spell, making Hayden wake up from a rigid state. "My mother is not dead! She is not dead!"

Chapter 1957

The bodyguard saw Hayden's fierce look about to rush over, and immediately fled away in despair.

Ben Schaffer and Chad pulled Hayden to calm him down.

"Hayden, sit down for a while. Your mother must be fine. She is a doctor, and she knows how to save herself in such an extremely harsh environment. We have to trust her." Chad pulled Hayden into the chair and sat down.

Ben Schaffer took out a tissue and handed it to Hayden.

"I think the same as your Uncle Chad. Your mother is definitely fine. I just don't know your father..."

"I don't care about him, I just want my mother to wake up!" Hayden only has his mother in his heart now.

"But your sister and brother care about him." Ben Schaffer knew about this topic, but Hayden didn't like to hear it. "If the two of them knew that Dad had an accident, they would definitely be sad. Now you are the only one at home... You..."

"Brother Ben, don't talk about this for now. Let's wait for Avery to come out and talk about it!" Chad felt that this topic was too cruel for a child of Hayden's age.

Even if Elliot and Avery were really killed, Mike was still there.

Mike will definitely take care of them.

Thinking of Mike, as if there is a response in the dark, Mike's phone calls.

Chad took his mobile phone and walked to the safety exit next to him.

After picking up the phone, Mike's voice came: "What's the situation on your side now? Call Hayden, but he didn't answer. I sent you a message, but you didn't reply..."

"I found it." Chad put his hand on his forehead and said with a headache, "Avery is in the emergency room now."

"Great! I knew Hayden would find them!" Mike's voice came in surprise.

"Without them." Chad choked his throat, "only found Avery."

Mike: "What do you mean? Didn't they both disappear together? Why aren't they together?"

"I don't know...I don't know what happened. They both disappeared with the female prisoner. But now only I found Avery. Mike, where did my boss and that female prisoner go?" Chad had a severe headache.

"How can I guess this? Didn't you say that Avery was rescuing? When she wakes up, ask her to find out." Mike said, "I really want to go and see!"

"I don't know if Avery can be rescued.Nick's bodyguard said that her body was already cold." Chad said this with tears in his eyes, "It's just that we don't want to accept this result. It's like all the facts show that my boss is definitely dead, but As long as I don't see his body, I can't accept the fact that he is dead."

"Fck! Fck!" Mike cursed twice, his fingers holding the phone, trembling.

Although he had imagined the worst possibility, but hearing Chad say it, the pain in his heart was overwhelming.

Chad told Mike everything he saw in the basement just now.

“I don’t know who kept them in the basement? Nick said that this modus operandi is not like that of the criminal gang. But I can’t guess who planned this.” Chad said.

“If Nick can’t guess, I can’t guess! Have you read the information about the female prisoner? I think this matter must have something to do with the female prisoner! The two of them were led by the female prisoner!” Mike’s words reminded Chad.

“I’ll ask Nick to investigate the information about the female prisoner!”

In a blink of an eye, four hours passed.

It was completely dark outside.

Darkness shrouded the entire city, making people unable to see light and hope.

The door to the emergency room suddenly opened and paramedics came out.

“The patient is in a critical condition and must be transferred to the intensive care unit.” After the doctor finished speaking, he asked, “Who are the family members? Come with me, you need to sign an informed letter.”

Hayden immediately followed the doctor and walked towards the office and asked, “Doctor, how is my mother?”

When His Eyes Opened by Simple Silence Chapter 1958

Chapter 1958

“I don’t dare to jump to conclusions now, it depends on her next recovery.” The doctor said, “She is too weak. If she can survive the next week, there will be no problem.”

When Avery was pushed out, Chad saw the men’s shirt wrapped around her.

Chad’s mood collapsed again: “That’s my boss’s clothes! Brother Ben, look at the cufflinks above...that’s my boss’s!”

Ben Schaffer could see clearly now.

He immediately understood Chad’s collapse, because he was going to collapse too.

Elliot took off his shirt and put it on for Avery, indicating that they were originally in the basement together.

But what happened later? Why is Elliot left? Who was he taken away by?

The two hugged and cried.

Beside him, Elliot's bodyguard and Avery's bodyguard leaned against each other and wiped away tears.

"It's all my fault... I didn't protect my boss well." Elliot's bodyguard blamed himself.

"I didn't protect my boss. I hope my boss wakes up! When she wakes up, maybe she can tell us where Elliot is." Avery's bodyguard said.

The next morning.

Nick sent the detailed information of the female prisoner Sasha Johnstone.

After Chad glanced at the information, he found nothing special.

The only special point is that this woman looks more beautiful when she is young.

Chad took photos of Sasha's information and sent it to Mike.

After Mike received the message, he called him back: "I'm going to take Layla and Robert back to Aryadelle first. Layla's head teacher called me and said that school is about to start."

Chad responded, "Then you can send them back and be careful on the road."

Mike lowered his voice: "Is Avery still awake?"

"No. After she is transferred to the intensive care unit, we cannot visit. If she wakes up, the doctor will definitely tell us." Chad breathed a sigh of relief, "I asked After going to the doctor, the doctor said that the probability of her waking up is still very high. She didn't eat or drink for six days, and her body was exhausted to the limit... Fortunately, Hayden found her in time..."

"Well She woke up and told me. I'm about to board the plane." Mike was annoyed, "When I send the child back to Aryadelle. I'll go to you."

Chad: "Let's talk about it later! Maybe Avery will wake up soon. When she wakes up, maybe Hayden will transfer her to Bridgedale for treatment. I see Hayden is contacting the doctor in Bridgedale."

Mike: "Then let's talk about it later!"

Chad: "Mike, this happened this time. The big thing, I found that Hayden is much braver and smarter than I thought."

"Everyone is forced out. Since he decided to leave Avery and study in Bridgedale, he is no longer a child." Mike said, "I haven't told Layla this yet, so I don't know how to say it."

Chad: "Don't say it yet. I'm afraid Layla won't be able to take it."

Mike: "Well."

...

Three days later, Avery was in The intensive care unit wakes up.

Immediately after she woke up, the nurse called the doctor to check on her condition.

"Miss Tate, how are you feeling now?" The doctor asked.

Avery stared at the intensive care unit for a while, eyes blank, unable to tell whether she was alive or dead for a while.

"Miss Tate, can you hear me?" the doctor increased his voice, "you are in the hospital now. Your son Hayden and many of your friends are waiting for you outside."

Chapter 1959

The doctor thought that after he raised his voice, Avery would be able to hear what he said and answer.

But after his words were settled, Avery closed her eyes.

After a while, the doctor came out of the intensive care unit.

"Doctor, how is my mother?" Hayden said first, "Doctor, did she speak? Is she conscious? When can she be transferred to the general ward?" Chad followed closely.

The doctor smiled and replied, "She opened her eyes and closed them again. However, her physical indications are already out of danger."

"Why did she close her eyes again?" Chad was worried, "Then when will she wake up again?"

“She will wake up again at any time.” The doctor replied, “You can just leave one or two people in the hospital. Let the others go back to rest! When she wakes up again, it should be fine. I’ve been transferred to the general ward.” After the doctor finished speaking, Ben Schaffer breathed a sigh of relief.

“Hayden, go back to the hotel and have a good rest. The doctor said that your mother will be fine.”

This was the only surprise in the bad news.

In the past few days, Nick has sent people to raze the bungalow to the ground.

The basement below the bungalow was also demolished.

Everything that was dark was exposed to the sun.

The police carefully excavated every inch below, and there was no Elliot at all.

Avery was in a coma, Sasha and Elliot were eft, and this case stopped.

“I’m right here.” Hayden had to wait for her mother to wake up, to see her transferred to the general ward with her own eyes, and to talk to her mother before she could rest in peace.

Chad looked at Ben Schaffer: “Brother Ben, go back to the hotel to rest! Hayden and I are waiting here.”

Ben Schaffer: “I’m not tired! I want to wait for Avery to wake up and ask her where Elliot is.”

The two bodyguards saw them arguing, so they said, “Go back to the hotel to rest! We are here to watch. Let’s go.”

Everyone’s eyes flicked to the two of them.

“If you two didn’t talk, I could restrain myself from scolding you.” Chad vented his anger, “If it wasn’t for your negligence, this tragedy would never have happened! As long as you can find out what happened to them earlier, things may turn around! You two should be d*mned!”

The two bodyguards bowed their heads in reproach.

“Okay, Chad, stop scolding. This is a hospital. It’s noisy and it won’t affect it well.” Ben Schaffer reminded him when someone looked at them.

“Chad, do you dare to disobey Elliot’s order?” Avery’s bodyguard dared to speak after a moment of silence, “We don’t want this to happen either. We don’t want to neglect our work. The next morning we came here, We both called them, and they both said in unison that we would not let us go to them. If it were you, what would you do?”

Elliot’s bodyguard dragged him and told him to stop talking.

“My boss wakes up immediately. If my boss blames me for dereliction of duty, then I admit that I dereliction of duty. If my boss doesn’t blame me, you have no right to blame me. I’ve been by my boss’s side for so many years, and I don’t want her to have an accident more than anyone else. I have the ability to predict and know that she will be in danger, so I will definitely be the first to rush in front of her.” Because Avery is no longer in danger, Avery’s bodyguard said this, and no one attacked him.

But Elliot’s bodyguard was in a different mood.

Elliot was left, and he was more likely to be killed. Even if no one pointed at his forehead and scolded him all the time, he still blamed himself so much that he didn’t dare to take a deep breath.

“Your boss is Avery, of course Avery won’t blame you.” Ben Schaffer said, “but the nature of our work is different from yours. This is not Aryadelle, and abroad, even if the boss offers to not need protection but as a dutiful bodyguard, you should also follow secretly. Of course, it’s too late to say this now.”

Ben Schaffer said this and looked at Elliot’s bodyguard: “You come back to the hotel with me.”

In the intensive care unit, Avery had a dream.

Not long after she closed her eyes, she dreamed that she was back in the basement. She was extremely cold because of hunger.

When His Eyes Opened by Simple Silence Chapter 1960

Chapter 1960

Even if Elliot hugged her, she still felt uncontrollably cold.

Finally, Elliot took off his shirt and put it on for her.

She smelled his familiar breath, which made her feel much better. But even with Elliot accompanying her, she couldn’t help being afraid of despair.

She was unwilling to die like this. She finally cleared up all misunderstandings with Elliot. She wanted to go back to the sun with Elliot, to live with him and raise her

children well... In her dream, she kept on Weeping, she kept calling Elliot's name, but in the end, she watched Elliot fall down in front of her.

Elliot gave her the clothes, so he froze to death.

...

Aryadelle.

The news that Avery was found had already reached Norah Jones's ears.

Although Norah is not in Yonroeville, she has been paying attention to the situation in Yonroeville.

On the day Avery was found, she did not receive any news.

She only got the news when the bungalow was razed to the ground. She heard that they only found Avery in the basement, but not Elliot, Norah Jones lost sleep for two days.

She let Elliot and Avery be trapped in the basement together, and blocked their way out, so how did Elliot disappear?

She couldn't figure out what happened. She contacted her bribe in Yonroeville and asked what the situation was.

The other party replied to her that everything was done according to what she said at the beginning, the matter was done, the money was received, and the rest was unknown.

Norah Jones believed that the other party did not lie, because apart from her, few people dared to kill Elliot.

But now Elliot is left, and she doesn't know who took Elliot away.

She doesn't know if the person who took him killed him or... saved him.

At present, the people around Elliot are looking for him in Yonroeville, which means that most of the people who took him were not to save him.

Leaving aside this incident, although Avery was rescued from the basement, she had been starving for six days in the basement...

People can go without food for six days, but can they go without water for six days?

Norah Jones consulted the doctor, and the doctor told her that the average person will die of dehydration without food and water for six days.

Norah Jones was very satisfied with the doctor's answer.

Although Elliot's whereabouts are unknown, Avery's death will be a happy event.

Even if Elliot came back after a while, for Norah Jones, the sky wouldn't fall.

At most, she will continue to curry favor with him.

Without Avery, which woman is more suitable for Elliot than her?

The phone rang, Norah Jones picked up the phone, saw that the call was from Yonroeville, and immediately picked it up.

"Ms. Jones, Avery is awake."

Norah Jones was stunned when she heard this. The delicate face, as if frozen, is very stiff.

"Ms. Jones, did you hear what I said? Avery woke up today." The person over the phone continued, "I didn't think she would survive, but after staying in the intensive care unit for a few days, she miraculously came alive."
