

## When His Eyes Opened by Simple Silence Chapter 1993

Aryadelle.

After Ben Schaffer returned to Aryadelle, he did not go home to rest.

He turned on the phone, saw the message from Chad, and immediately called Chad back.

After listening to Chad's explanation, Ben Schaffer directly asked the driver to drive the car to Tate Industries.

Norah was a little surprised when she saw Ben Schaffer rushing in.

"Mr. Schaffer, what brought you here?" Norah put down her work and walked out from the desk, "What would you like to drink?"

"Nothing." The corner of Ben Schaffer's mouth raised an indifferent expression. With a smile, "Norah, do you know why I came to see you?"

Norah saw that the smile on his face faded, and knew that it was useless to play stupid.

"I can probably guess." Norah invited him to sit down on the sofa, "Is it about last night? I can explain it to you."

"Okay, explain it to you." Ben Schaffer sat down and looked at Norah's face.

Norah lowered her eyes and thought for a few seconds, then said, "My cousin came to Aryadelle to find a job after graduating from college. My aunt told me a lot and asked me to take care of her. After she became the head teacher of Layla, I reminded her immediately that Layla hates me, so I told her not to do this job, but not only did she not listen, but she also took the initiative to get close to Layla and offered to help Layla make up lessons."

Ben Schaffer: "You know, since Layla doesn't hate your cousin as much as she hates you, you don't care about them."

Norah said helplessly, "Mr. Schaffer, you don't know, my cousin's situation is more complicated. It's okay for her to make up for Layla, but it's really inappropriate for Layla and Foster's bodyguard to take her to her boudoir. My aunt's house has arranged a marriage for my cousin. If I didn't take good care of my cousin, my aunt would definitely blame me in the end."

“Oh, are you afraid that your cousin and Foster’s bodyguard will get along?” Ben Schaffer asked back.

Norah: “...Regardless of this possibility, it would be absurd to let a stranger into my room! My aunt’s family has always been very strict. If my aunt was there, the consequences would be even more disastrous.”

“Norah, Is this why you told your cousin that Elliot was dead?” Ben Schaffer put the topic on the right track, “Where did you hear that Elliot was dead? Did you see it with your own eyes, or did you hear it from someone?”

Norah panicked and shook her head: “That’s what I said. I was so angry at the time, so I scolded my cousin to please Layla, was it to seduce Elliot..”

“You are such a person, so put Your cousin also wants to be this kind of person.” Ben Schaffer angrily said, “Norah, even if you were angry at the time, you shouldn’t curse Elliot like this! I’m very disappointed in you. However, since you have signed a gambling agreement, then we still follow the agreement. After three years, if you can’t complete the goals in the agreement, the Tate Industries will not keep you!”

Norah’s face was gloomy, her red lips were pursed, and her breathing became heavier.

Ben Schaffer sat for a while, and when he saw that she no longer spoke, he got up and left her office.

After the office door closed, anger appeared on Norah’s face.

Her fists are clenched tightly.

It’s all Katalina’s fault. If it wasn’t for her, she wouldn’t have said anything wrong at all.

Now that she is being held by Ben Schaffer and the others, as long as she makes any mistakes in the future, she will definitely be rectified.

Thinking of this, Norah was upset. She couldn’t take this breath, so she called her Auntie.

“Auntie, why don’t you come over here. I think it seems to be in a period of rebellion now. I sent her a message last night, but she hasn’t returned yet. I told her to stay away from the Foster family’s bodyguard, only I’m afraid she doesn’t take it to heart at all. If the two of them really get along, I see how she will get married!”

Norah was not happy, and she wouldn’t let Katalina feel better.

She called her aunt to fan the flames and sow discord, just to get her aunt to come over and bring Katalina back to Bridgedale.

## When His Eyes Opened by Simple Silence Chapter 1994

Norah never wants to see this stupid cousin again!

...

Avery came to the agreed restaurant and met Emilio, who had not seen each other for a long time. She didn't know him well before, so she had long forgotten what he looked like.

When Avery saw him today, she always felt that she had been a fake classmate with him for a year.

The feeling of being completely unfamiliar, as if the two of them had never met, made Avery frown.

"What's your expression? Don't you think I'm too ugly and unsightly?" Emilio took out his mobile phone and took a picture of his face with the screen, "It's so handsome!"

"I just think I don't seem to have seen you before. I'm not sure if you are my classmate." Avery told the truth.

With a 'puff', Emilio almost spat out the breakfast he had this morning.

Emilio: "Avery, you are too insulting! I am Emilio, the second young master of the Jones family. You don't even know me!"

Avery said calmly, "The beauty and medicine of your Jones family are your father and your two uncles. So I know what your father looks like, and I also know what your two uncles look like. When you can do your own business, you won't care if others recognize you. You asked me to meet, what do you want to say?"

Emilio was embarrassed by what she said just now.

If she wasn't Avery, Emilio would have been angry already.

"Avery, your stinky temper has not changed at all. You looked down on me before, and you still look down on me now. Can I ask you out for a meal? Let's have a classmate..."

When Emilio said this, Avery got up and pretended to leave.

Avery is not familiar with Emilio, and she has no classmates to chat with. If she is looking for him just to talk sh\*t, she might as well go home and continue to watch the Jones family's gossip.

“Hey! Don’t go! I’m making fun of you!” Emilio stopped her, “Aren’t you looking for Elliot’s whereabouts? Let’s talk!”

Avery sat down again: “Did you hear anything?”

Emilio shook his head: “I have helped you to inquire, but there is not much information... After all, this matter is very important. If someone really kidnapped Elliot, it is impossible to leak the information easily.”

Avery: “I haven’t heard anything.”

“Not exactly...” Emilio picked up the menu and handed it to her, “Aren’t you hungry? Let’s talk while we eat!”

Avery ordered Two dishes, handed him the menu.

“How many children does your dad have?” Avery chatted with him, “I heard that your family is relatively large, so I’m a little curious.”

Emilio gave her a meaningful look: “You have to ask my dad about this kind of thing. He Gossip reporters can’t even write about his romantic affairs. I guess he doesn’t even know how many species he has kept outside.”

Avery: “Oh, how many brothers and sisters do you have now?”

“Let me say it all at once, and I can’t say it.” Emilio casually ordered and handed the menu to the waiter.

After the waiter walked away, Emilio looked at Avery, squinted peach blossom eyes, and said with a smile, “Are you interested in our family’s private affairs?”

Avery: “If there is nothing wrong with Elliot, I will not investigate your family.”

“You may The investigation went in the wrong direction. My dad likes women, not men. What did he kidnap Elliot for?” Emilio said.

## **When His Eyes Opened by Simple Silence Chapter 1995**

“I really analyzed it carefully.” Emilio was afraid that Avery would not believe it, so he lowered his voice and said mysteriously, “My dad is in his seventies this year, and a while ago, he found another girlfriend. The two spread dog food at home every day... In his eyes, he was his new love recently. Even when he went to Yonroeville, he took his new love with him.”

Avery listened carefully and did not interrupt...

“My dad is addicted to women’s p\*rnography, and although he is also ambitious, the foundation of beauty and medicine was laid by my two uncles. Probably because my dad rarely works, he is in good health. Both my uncles are broken. I only tell you these words, don’t say them.” Emilio said.

Avery lifted her eyelids: “What you said is completely useless to me.”

“Why is it useless? I’m using the exclusion method for you. Elliot is definitely not kidnapped by my dad. My dad doesn’t like men, and even hates men.” Emilio felt that the information he provided was very important.

Emilio’s words puzzled Avery: “Why does your father hate men?”

“How do I know that? Some people are born to hate women, and some people are born to hate men, and there may be no reason.” Emilio said.

“Is this the reason why only you and your eldest brother survived in your family?” As soon as Avery’s words came out, Emilio couldn’t be more shocked.

“Avery, how much private information did you find out about our family?” Emilio looked at Avery in surprise.

Avery gestured to a height with her thumb and forefinger: “There are probably so many documents. I have only read one-fifth of them.”

“A lot of people have died in our family.” Emilio took the water glass on the table and took a sip. “There are those who died of illness, those who died in car accidents, those who were kidnapped, and those who disappeared mysteriously... Before I was eighteen, my dad didn’t recognize me as an illegitimate child. When I was an adult, my dad’s son was only one eldest brother left, so he took me back to Jones’s house.”

Avery seemed to be listening to a story.

“It’s said that three women are in one show. Thirty women is not a show, it’s a farce. My dad used to like to date a lot of women at the same time, so our family has a lot of broken things.” Emilio explained the source of these tragedies.

Avery changed the conversation: “Who is your father’s new love?”

.....

Aryadelle.

Primary School.

After school, Layla came out of the classroom and saw Katalina who was waiting not far away.

Layla strode up in front of Katalina and said, "Teacher Larson, I don't want to go to your home to do my homework anymore."

"Layla, I'm sorry about what happened last night!" Katalina said apologetically.

"Teacher Larson, what I hate is Norah. It has nothing to do with you." Layla didn't blame Katalina.

"You go back and do your homework well. If you don't understand anything about your studies in the future, you can tell me at any time." Katalina was still enthusiastic, but her eyes were dull and completely different from usual.

Layla sensed her anomaly, but didn't want to say more.

After calling her mother last night, Layla took a good look at it.

Layla felt that she shouldn't let Katalina help her with tutoring in the first place, so that nothing would happen later.

"Teacher Larson, goodbye." Layla saw the bodyguard walking towards her, so she waved to Katalina.

Katalina greeted with a smile: "See you tomorrow."

Just as Layla was about to walk in front of the bodyguard, a strong wind blew past her!

A middle-aged woman walked up to Katalina very quickly, and when no one noticed her, she slapped Katalina in the face!

There was a crisp sound of 'pop', and everyone looked towards the source of the sound.
