

When His Eyes Opened by Simple Silence Chapter 1996

There were students around screaming and running away. There were also more daring students, standing by to watch the excitement.

Seeing that Katalina's head was beaten, Layla rushed over without thinking.

When the bodyguard saw that Layla was about to pass, he immediately grabbed her, took a step in front of her, and walked over.

"You resign immediately! Come back to Aryadelle with me!" Katalina's mother, Laurel Larson yelled at her daughter in public, "I have tolerated you to the limit! If I allow you to be so slutty, you will not even know who you are!"

With one hand covering the hot and sore cheek that was beaten, out of the corner of Katalina's eyes saw the surrounding children.

As a school teacher, at this moment, Katalina was disgraced.

"What's my identity?" Katalina looked at her mother with tears in her eyes, "I'm just one person."

"Katalina, what do you mean by that? What are you doing against me?" Laurel saw that her daughter didn't seem to want to obey her, so she was very disappointed, "You are now in front of so many people, tell me, are you going to fight against me?"

Her roar attracted more people to watch the fun.

The bodyguard didn't want to interfere in Katalina's housework, but when he saw Katalina's face, he couldn't bear it anymore, and he couldn't bear it.

He strode up in front of Laurel and lifted Laurel vigorously.

"This is a school, what's the difference between you making such a fuss and being a lunatic?! You want to educate your daughter, you can go home and close the door for further education!"

"Who are you?! Why do you talk to me like that?" Laurel stared at the man with her shrewd eyes, and then reacted, "Oh, you are the bodyguard of the Foster family? It's you, trying to seduce me. What are you? Don't think that you are working in the Foster family... You are just a dog of the Foster family, you are not worthy to carry my daughter's shoes."

The bodyguard did not expect the lady in front of her to speak so disgustingly.

Regardless of whether Laurel was Katalina's mother or not, The bodyguard couldn't bear Laurel continuing to be arrogant. He walked to Laurel in two steps and knocked her to the ground with one punch!

If it wasn't for the concern that she was a woman and her body was relatively weak, it would not be overturned, but kicked to the ground.

After Laurel was pushed down, she suddenly cried out in pain.

Katalina immediately ran over with tears in her eyes when she saw her mother's dejected appearance.

Katalina: "Mom! Are you alright?"

Laurel was in a hurry, grabbed her daughter's arm, and after struggling to stand up, her eyes stared at the bodyguard like poison.

Laurel: "How dare you hit me! You b*stard without a tutor!"

The bodyguard was scolded again, his fists clenched, and he couldn't help but want to do it again.

Katalina cried and begged: "Aqi, don't beat my mother. My mother has high blood pressure! Please don't do it!"

"What are you calling him?! You shameless thing! Your cousin really didn't say anything wrong! You've gotten along with this wild man so quickly!" Laurel was so angry that she pushed her daughter away, "I don't have a shameless daughter like you! In the future, don't even think about taking a penny from home!"

Laurel said angrily and strode away.

Katalina looked at the direction her mother was leaving, and her tears couldn't stop falling.

"Teacher Larson, don't cry." Layla took out a tissue from her bag and handed it to her, "Your mother may be good or bad. She not only scolds you, but also beats you. I don't want this kind of mother to give it to me. "

"Teacher Larson, are not reluctant to give up your mother, but your family's money." The bodyguard returned to Layla.

Katalina raised her eyes, glared at the bodyguard, and hurriedly walked towards the school gate.

“Uncle Aqi, you talked too much just now.” After Layla said this, she followed Katalina’s direction, “Let’s send Teacher Larson home!”

“Layla, let’s not meddle in business, If we follow her, it might affect her to seek her mother for reconciliation.” The bodyguard was angry at what Laurel said just now, “Her mother has a dirty mouth.”

Layla: “Okay! I’m so sad to see her cry. If I get beaten by my mother...”

“How could your mother beat you? You don’t have to tell your mother to her mother Compared with each other, people are different.” The bodyguard took Layla out of the school and escorted her into the car.

“Uncle Aqi, after you take me home later, you can come and see Teacher Larson! If you don’t want to come, then you can call Teacher Larson and ask?”

The bodyguard didn’t want to do this, so he said bluntly: “You are better to ask Teacher Larson than me because you’re her student and familiar with her. I am not familiar with her at all.”

“But Teacher Larson likes you!”

The bodyguard blushed: “Layla, do you know that you are right? The number of pocket money is real, then it is impossible for me to talk to her. Her mother called me a dog, and she favored her daughter...”

“Uncle Aqi, don’t care what that old w*tch said.” Layla gave Aqi confidence, “You are handsome, your salary is high, your body is strong... If I were Teacher Larson, maybe I would like you too.”

Aqi was speechless. Being so complimented by Layla, his heart flew up.

“I’m afraid Teacher Larson will be taken away by her mother. If that’s the case, then we’ll never see Teacher Larson again.” Layla expressed her concern, “So you’ll use my name later, Go and see Teacher Larson first.”

The bodyguard: “Okay!”

.....

Bridgedale.

After Emilio told Avery the name of his father’s new love, the two began to eat.

Although the meeting was not much, it was much smoother than expected.

Emilio doesn't seem to be as smooth as before.

After eating, Avery decided to take care of him.

Avery: "Are you working in your company at home now?"

"Well. I didn't want to take over the company at home... Who knew that my eldest brother had a car accident half a year ago and was discharged from the hospital not long ago. Although he was discharged from the hospital, but his brain still affected."

Avery didn't expect such a dramatic thing to happen.

In this way, Travis Jones's heir is only Emilio.

What is Emilio lie to win? If nothing happens to him next.

When the two came out of the restaurant, Avery saw a large group of bodyguards coming up at the door and surrounded Emilio...

Avery: "You really have to pay attention to safety, if something happens to you, isn't your father? There is no successor."

"Don't be rude. I'm also afraid of my own accident! Do you know how much risk I took to come out to meet you? To put it in a bad way, I think our family is cursed." Emilio whispered.

"Aren't you more crow-mouthed? If I cursed you just now, then you directly cursed your whole family." Avery glanced at his bodyguard not far away, and then said to Emilio, "Let's talk here today. If something happens in the future, please call."

"Avery, I forgot to say something just now." Emilio looked at her profile and called to her, "It's been so long since I haven't seen you, you are still the same as before, young, beautiful and full of energy."

Avery asked A layer of goosebumps: "I thought you were a little different from before, but now it seems that I was wrong."

"I praise you, why are you talking about me?" Emilio didn't understand what was wrong with what he said.

"I will be very happy when others praise me. If you praise me, I feel sick all over." Her body reacted instinctively, and she was helpless, "If there is nothing else in the future, we will not meet again."

After Avery got into the car, the bodyguard quickly drives away.

Emilio frowned, watching her car disappear from sight.

“Boss, this woman is so ignorant! When have you ever been so angry? If you see her again in the future, don’t pay attention to her.” The assistant complained to Emilio.
