

When His Eyes Opened by Simple Silence Chapter 2026

Avery gave the bodyguard a wink and made the bodyguard quiet.

She took her mobile phone, came out of the cafeteria, and answered the phone.

Travis: "Miss Tate, I sent someone to take Caleb to the hospital today. I heard that he lost his temper with you yesterday, so don't talk to him in the same way. After he had a car accident, he had a mental problem. I hired a psychiatrist for him but it didn't work very well. Now it's up to you to see if you can cure him."

"Okay, I'll go to the hospital later." Avery calmly replied.

"Well, then my son will leave it to you. If you have any needs in the future, feel free to contact me. If I can't get through on the phone, you can call my assistant." Travis said kindly.

"Okay. I took the liberty to visit Ms. Gomez this morning, and I'm very sorry." Avery said.

"Haha, after I got up, Margaret told me. But she didn't blame you, she only hated Professor James Hough." Travis said cheerfully, "Professor James Hough is dead, the past is over. As long as you stay away in the future She met Professor James Hough in front of her, and she was still very easy to get along with."

"Well. Today, I am abrupt. I don't know what they were like before, so I made the wrong thing to make Ms. Gomez unhappy." Avery said, then she changed the topic, "I came to buy a car today and met your second son."

The reason why Avery took the initiative to say it was because Emilio said that Travis arranged eyeliner to be by his side.

Presumably Travis already knew about this.

"It's a coincidence."

"Yeah! I also had a meal with him." Avery wanted to chat more with Travis, she wanted to know more about this person.

"Haha, you are both peers and classmates. The most important thing is, are you both single now? In fact, if you are with Emilio, I will support it. Emilio has a very high vision, and ordinary women can't get in at all but when I saw him mentioning you, there was light in his eyes, he must have liked you very much."

Avery pondered for a moment, and said, "I have to find my ex-husband before I can think about other things. I also think that Emilio is not bad, I had some misunderstandings about him before, but now I get along with him, and I feel that he is not what I imagined."

"Isn't your ex-husband looking for him? Could it be that you can't find your ex-husband, and you have been living your own life?" Travis wondered, "If I had a personality like yours, I would be exhausted. I have a lot of ex-wives. After divorce, they don't interfere with each other..." Avery: "I have two children and they are raised by Foster. My situation is not the same as yours. My two children like him very much and can't live without him..."

Travis said, "Hehe, what's the difference. I have children too. The ex-wife raises them, and I give them living expenses every month. You don't only have those two children. You want as many children as you want, and it's better if you continue to have children in the future. Why bother your ex-husband to affect your future? "

"Mr. Jones, you are right. But I already have some clues now." Avery said this deliberately, wanting to see how Travis would react.

"Really? Miss Tate, You're really amazing." Travis said calmly, "Where is your ex-husband now?"

Avery: "There are only a few clues now. When I find my ex-husband, I will tell you. If you're interested."

"Oh..." Travis didn't say anything else.

Avery felt like a stone was blocked in her heart, which was very uncomfortable and panicked.

After hanging up, she saw a message from Mike.

Mike asked where she was now.

After she called Mike back and told him her location, Mike quickly found her.

"Emilio is left?" Mike called her when they ate together at noon. Avery said that she and Emilio had dinner together, so Mike could only give up.

"Well." Avery glanced at the time and said, "I'm going back for lunch break."

“Hey, it’s hard to come here and you don’t even meet me, are you too heartless?” Mike now has a two-hour lunch break.

Aver: “I’m afraid you’ll disturb your work and you keep saying you’re busy...”

“There’s still time to meet and chat with you.” Mike took her to his office and sat down, “Order the car. Are you alright?”

Avert”No! When we were going to see the car, we happened to bump into Emilio, so we were delayed.”

“Leave this to me.” Mike said, looking at the bodyguard, “Tell me your address. The car will be delivered directly to your house.”

Aqi: “Thank you, Mr. Mike!”

Mike looked at Avery again: “What did you talk to Emilio?”

“Caleb’s car accident was caused by Travis. Travis must be a psychological problem.” Avery whispered, “There are so many children in the Jones family who died, I suspect that Travis killed them.”

With a ‘puff’, Mike almost vomited out his lunch at noon.

“Do you have anything to eat in your office? I was shocked by this speculation at noon and couldn’t eat it.” Avery touched her stomach, and her stomach was churning for a while.

“Boss, what do you want to eat, I’ll buy it for you.” The bodyguard spoke first, “There should be food in the cafeteria, I’ll go and buy some now.”

“Go and buy some for her. I only have drinks in my office, no snacks...” Mike said to the bodyguard.

The bodyguard strode away.

After the bodyguard left, Avery looked over in his office, and then sat down on the sofa.

Mike: “I think your guess is too scary. Did you tell Emilio? What did he say?”

“I didn’t tell him this...I think he must have no idea. He said his father is good for him.” Avery had a headache, “If Travis is really a pervert, then Elliot will be more fortunate. I can’t guess the reason why Travis kidnapped Elliot.”

“You said that Travis was a pervert, then How can you guess his motive.” Mike stood with his hands on his hips and stood in front of her, “According to the information I found, I didn’t say he was a pervert!”

Avery said, “You didn’t find out that Travis did Caleb’s car accident. Many things, From the surface, there is no problem. I remember reading a report of a perverted murderer a few years ago. The murderer killed many people more than ten years ago, and the police have not found the murderer. Do you know why the murderer couldn’t be found?”

Mike: “Because there was no surveillance installed more than ten years ago.”

Avery glared at him: “Because the murderer is a well-known honest person from the neighbors. No one thought of it. He turned out to be that perverted murderer.”

Mike: “But Travis’s image in front of outsiders is not an honest person.”

“I’m just making an analogy. There must be a problem with the Jones family dying so many children. If it were another rich man. Family, whenever there is one or two murders in the family, security will be strengthened to prevent similar incidents from happening again. But the Jones family does not. It means that Travis doesn’t care.”

“Avery, you are right. There must be something wrong with this Travis.” Mike didn’t think about it at first, but after listening to Avery’s analysis, his mind opened instantly.

“So I want to rescue Elliot as soon as possible. Jones’s family is a devil’s den, more terrifying than the basement in the suburbs of Yonroeville!” Avery was stuck in her throat.

Aryadelle.

Norah has been restless these days and can’t do anything to lift her spirits. Since her mother told her that Travis was her biological father, she felt her beliefs collapsed and began to doubt herself.

Along the way, if Travis hadn’t helped her secretly, she would never have achieved what she is now.

She used to mock Avery privately for being a woman who relies on men, but now, what’s the difference between her and Avery?

“Ms. Jones, have you encountered any troubles?” The assistant asked carefully when she saw that she was gloomy.

Norah picked up the coffee cup and took a sip.

“If one day your mother tells you that you are not your father’s biological child, and that your father is someone else, what would you do?” Norah confided, “The premise is that your father has always been kind to you, and He doesn’t know that you’re not his biological daughter.”

The assistant was stunned for a moment, then looked tangled and contradicted: “This is too bloody! I’ve only seen such a situation in TV dramas. Ms. Jones, if this happened it on me, I will definitely feel bad...because my father loves me very much. I think the relationship between people. Blood is only a factor, what affects the relationship between people, the more important thing is the day after tomorrow “

“What I said just now is what I am experiencing now.” Norah pulled out a mocking smile, “I am not afraid that you will laugh at me, I always thought my mother was a virtuous housewife. Since then, my mother has never gone to work. Occasionally, I go to work because it is so boring at home. My father has always supported our family.”

The assistant: “Ms. Jones, why would I laugh at you? You can’t control this kind of thing. In fact, you don’t need to be too sad. If you don’t like your biological father, then don’t pay attention to him.

“Is your father rich?” Norah asked the core question that troubled him, “One is rich but has no feelings, and the other has no money but has feelings.”

“Then have both! As long as your original father doesn’t money then it’s fine.” The assistant started thinking, “Ms. Jones, how rich is your biological father? If he is willing to recognize you, you can agree. Why do you have to deal with money?”

Norah: “He has many children and he didn’t want to recognize me that much. He already knew my existence and helped me secretly. But he never came to see me...”

The assistant took a breath and asked curiously: “Ms. Jones, who is your biological father? As you said he is very rich, he must be very rich...”

“He doesn’t recognize me, what’s the point of knowing his name?” Norah Putting her head on her hands, she was a little troubled, “I’m probably thinking of it. Today, I want my biological father to help me complete the gambling agreement I signed with Foster, so that I can win the Tate Industries.”

“Ms. Jones, I think your idea is very good. Even if you don’t go to him as a daughter, you can go to him and talk about your ideas. As long as the benefits you give are big

enough, I'm not afraid that he won't be moved." The assistant gave Norah a message idea.

Norah: "Do you think I haven't thought about it? I just can't hold my face... He knows that I'm his daughter, but he has never come to see me for so many years. I'm very chilled."

"Ms. Jones, You also said that he has many children. In a wealthy family, children compete with each other to please their parents. You don't have to be embarrassed, as long as this matter is beneficial to you, it is not shabby to be embarrassed. You are better than your biological father's other children, and your biological father will naturally treat you differently." The assistant enlightened.

After Norah was relieved, he felt much more at ease.

Afternoon.

Norah received a call from her uncle.

"Norah, are you free this evening? I'm here with your aunt, and you're there with Katalina now. If you have nothing else to do at night, let's have a meal together!" Katalina's father, Lincoln Larson said.

"Okay, I'll book a hotel, and I'll treat you in the evening." Norah said enthusiastically.

Lincoln: "Hey, it would be nice if you were half sensible."

"Uncle, don't be angry yet. However, she haven't married that bodyguard yet! It's still too late. But don't be so tough with your auntie." Norah said, "Of course, she is no longer a child. It's useless for you to threaten her."

Lincoln: "I'll listen to you."

In the evening.

Primary School.

Katalina was arranging the documents on the desktop in the office, and she didn't want to get off work for a long time.

When His Eyes Opened by Simple Silence Chapter 2029

When His Eyes Opened by Simple Silence Chapter 2026

Katalina saw a message from her father, saying that he is now waiting for her in her rented house with her mother.

She thought that after breaking up with her mother last time, her father would not take care of her anymore.

Because her father's mind has always been on his younger brother, and he has never cared and educated her much.

Katalina couldn't guess what her father's attitude would be when she came over this time.

Will she be scolded, and then forcibly take her back to Bridgedale?

Thinking of this, her headache rose.

"Teacher Larson." Layla's voice suddenly came from the door of the office.

Katalina looked towards the door, saw Layla, and immediately walked over: "Layla, why are you here? Are there any questions that you can't do?"

Layla shook her head: "Teacher Larson, yesterday was Teacher's Day, I was at school yesterday. I made a small gift for you late."

Layla said, and handed the card in her hand to Katalina.

Katalina took the card, opened it and glanced at it.

Katalina: "This is the most beautiful greeting card I've ever received. I'll definitely keep it well."

Aqi mocked: "It's the first time you've been a teacher, this is the first time you've received a gift from a student in your teaching career!"

Katalina: "Some parents started wishing me a happy Teacher's Day a week ago. Others asked their students to bring me gifts, but I took them away. I prefer handmade gifts like Layla's."

Aqi laughed again: "You see, the card has Layla's signature on it. Do you know how much Layla's autograph sells for? If you sell this card, you can get a lot of money."

Katalina: "..."

Layla: "Teacher Larson, don't sell it yet. I will definitely become more popular in the future. When I become more famous, this card will be more valuable."

Katalina: "..."

Katalina was a little embarrassed, wanted to laugh, and moved.

After sending Layla and Aqi away, Katalina received a call from her father.

Katalina carried her bag and walked towards the rented house.

Both her parents and Norah were there.

Katalina was upset, thinking that they would carry out a crusade against her father.

At this time, her father said, "Of course, your mother talked a lot last time. I have already told her. Let's go to dinner first and chat while eating."

Katalina followed them to the restaurant they ordered.

After arriving at the private room, the waiter quickly served the dishes.

"Of course, don't get angry with your parents. They love you very much. Otherwise, your father wouldn't leave his job and come to you." Norah acted as a middle person, and said to ease the atmosphere, "If you don't want to go back with them, Okay, you quit your current job and come to work in our company. With me taking care of you, your parents won't force you to go back or get married."

Katalina: "Cousin, I'll talk to my parents, Okay?"

"Well." Norah thought she would thank herself.

Who knows, she changed her face instantly.

"However, what is your attitude? Your cousin knows that you want to stay in Aryadelle, so she wants you to stay in Aryadelle. we've decided not to be too cruel to you. If you don't thank her, it's fine. How can you keep your face? Do you think your cousin is forcing you to work under her? She's helping you! Can a cat or a dog go to work in your cousin's company? If you were not our daughter, with your ability, you would not be able to join your cousin's company!"

Lincoln couldn't bear it any longer and reprimanded his daughter.

Laurel wanted to hold back and not speak, but her daughter's attitude really made people angry.

Laurel asked, "Katalina, you look like a different person! Who turned you into this? Is that the bodyguard?"

"Mom! Since the last time you came to my school to make trouble, Layla no longer wants me to tutor. Her bodyguards don't meet anymore, why do you still pour dirty water on others?" Katalina said angrily.

"Oh, it's such a pity to hear your tone! You're quite proud of you for free tuition for others! No one else wants you to teach, so don't show that kneeling and licking look! I can't afford to lose you and your mother." The blue veins on Lincoln's forehead swelled with anger, if it wasn't for Norah's presence, he might have had a seizure.

Katalina felt the dislike of her parents, and was very heartbroken: "Dad, Mom, do you think it looks good when you kneel and lick my cousin?"

"Of course, how can you talk like that!" Norah frowned and said seriously, "They are your parents, not your enemies!"

Katalina said, "Cousin, I'm telling the truth. How many times have they said in front of me that I'm not as good as you and if I could have half of you? They think my self-esteem is worthless, as long as I can please You, they can belittle me at will. I sometimes felt that I had no heart, so that I can happily take the pocket money they gave, and I can happily think that this is not compensation, but because they are sincerely love me."

Norah was irritated, her cheeks flushed: "Since you have such strong self-esteem, don't take the pocket money given by your parents! You question their feelings for you while taking the money they gave you. Do you think you have no conscience?"

"I kept all the money they gave me..." After Katalina replied to Norah's words, she took out a card from her bag and put it on the table, "Dad, this is the card you gave me before, this is the card with your ID card, and the password is also set by you. You can find out how much money is in it at any time. Now it's back to you."

Lincoln did not expect his daughter to become Saying these words in front of an outsider. All of a sudden, his face blushed.

Norah was also a little embarrassed.

This cousin seems to be different from what she imagined.

"However, do you really want to cut ties with your parents when you do this?" Norah said calmly, "Even if they hurt your heart sometimes, you can't only think about their bad things. They also have When I'm nice to you."

“It wasn’t me who said I wanted to cut the relationship. It was my mother.” Katalina said firmly, “You all blame me, as if I made a big mistake.”

“No one said you made a big mistake. You’re working at school, it’s too hard, your parents are worried, it’s normal. If you work under me, I will definitely not make you feel wronged, why do you have to refuse?” Norah asked.

“Cousin, I don’t want to get too close to you.” Katalina said coldly.

“Why?!” The two elders of the Larson family and Norah said in unison.

Katalina looked at Norah’s delicate face and said word by word, “When I went to your house for the first time, I heard you talking on the phone. Avery and Foster were in danger in Yonroeville and you did it. Cousin, I...I will never be able to be as successful as you. Because I can’t be like you, I can get my hands covered with blood.”

The two elders of the Larson family: “...”

Norah: “!!!”

Katalina finished speaking, before they recovered from the shock, they left the private room with their bags.

Not long after, the two elders of the Larson family chased out of the private room and chased after their daughter’s rented house.

“However, you must not say anything about your cousin!” Laurel pleaded with tears in her eyes, “You can’t hurt your cousin! After your cousin’s success, she has always been willing to stay close to our family. If she develops better in the future, she will definitely help us.”

Lincoln and his wife were in the same mood.

How can there be a reason not to help parents?

When His Eyes Opened by Simple Silence Chapter 2031

When His Eyes Opened by Simple Silence Chapter 2026

“If you want to stay in Aryadelle to teach, then you continue to teach here. I and your father will not force you But you can’t mess around with important matters in your life.” Laurel compromised, “Of course, you and Avery are not related to each other, so you can’t understand it clearly! If you harm your cousin, it will become curse to our family.”

“Let’s go!” Katalina didn’t want to hear their threats and curses, “If you don’t leave, I’ll call Avery right away!”

Katalina took her husband away immediately.

Bridgedale.

At four o'clock in the afternoon, Avery came to the hospital to visit Caleb.

Avery pushed open the door of the ward and met Caleb's gaze.

"Miss Tate, I have something to tell you alone." Caleb was lying on the hospital bed and said calmly, "I have figured out the transaction you mentioned."

Avery glanced at the bodyguard beside her and asked him to wait outside the door.

The bodyguard walked out the door and closed the door of the ward.

"Young Master Jones, tell me!" Avery walked to the bedside and stood still, waiting for him to decide.

Caleb's eyes fixed on Avery's face, and he said slowly, "Miss Tate, my waist is a little sore. Please help me put the quilt behind my waist!"

Avery can naturally help him with this small request.

She held the quilt at the end of the bed to his side, trying to lift his body up a bit, but only when her hand touched his body, she felt something sharp against her waist.

She lowered her eyes in astonishment and saw Caleb's hand holding a sharp dagger.

The dagger pressed against her waist, as if to say, as long as you move again, I will kill you at any time!

Avery was a little surprised, but not so surprised.

"Caleb, I have no grievances with you..." Avery's heart beat faster, but she wasn't so scared.

"Avery, you have offended someone." Caleb stabbed the dagger into her light clothes.

She felt pain.

"Who did I offend?" Avery had already guessed that it was not Caleb who wanted to take her life, but... Travis.

Because it wasn't Caleb who invited her to heal, it was Travis.

And what Travis did, just confirmed that Elliot was in his hands!

At noon, she deliberately told Travis that she already had some clues, and now Travis couldn't wait to kill her.

Caleb: "You know who you have offended! Miss Tate, I have no choice but to kill you right now."

After Caleb's voice was settled, Avery exclaimed: "Ahao Help!...Help me Aqi..."

Outside the ward, the bodyguard heard Avery's cry for help, and immediately kicked the ward door and rushed in!
