

When His Eyes Opened by Simple Silence Chapter 2035

Chapter 2035

Katalina readily agreed to Layla's invitation.

Layla: "Teacher Larson, why don't you come to my house? I didn't treat you well during my last home visit!"

Katalina: "Will it be bad?"

Layla: "Teacher Larson, you can come! Uncle Aqi is resting today, and it is not convenient for me to go out. My mother said that if I go out, I must let Uncle Aqi follow me."

Katalina: "Is there only one bodyguard, Aqi, in your family?"

Layla: "Of course not! But I have the best relationship with Uncle Aqi. If it wasn't for Uncle Aqi to protect me, I wouldn't like to go out."

"Okay! Then I'll find you." Katalina was very honored to be invited by Layla.

An hour later, Katalina came to the community where Foster's family was with a bag of fruit.

Aqi picked her up at the gate of the community.

Katalina was stunned when she saw Aqi: "Didn't Layla say you are resting today?"

"Yeah. After Layla invited you, she called me to entertain you." Aqi said, and brought the fruit in her hand.

Katalina: "Will this bother you too much? If Layla is not free today, I can go back."

"It's all here, let's play for a while and then go!" Aqi strode ahead and led the way.

Katalina quickened her pace and followed him.

"Aqi, can you wait for me?" Katalina was sweating on her back as she walked.

Aqi stopped and looked back at her, frowning slightly: "How about... I'll carry you?"

Katalina: "..."

"Or wait here and I'll drive to pick you up?" Aqi walked faster, so he forgot about Katalina's poor physical strength.

Katalina shook her head sharply, her face flushed: "You just need to walk a little slower. This weekend, there is nothing urgent, so you don't have to walk so fast."

"Layla wants you to continue tutoring her with her homework. She pays you. Think of a price first!" Aqi slowed down. "Layla wants to help you, so you can pay a higher price."

Katalina's calm mood was instantly impacted after hearing Aqi's words.

Her nose was sour, and her eyes were wet.

"She knows that your parents are asking you for money, and she insists on helping you." Aqi looked at the tears in her eyes and was a little overwhelmed, "Layla has always been so kind, you met her, Good luck to you."

Katalina turned around and wiped the tears from her face with both hands.

"You don't have to be so moved. Your parents asked you for 10 million, but Layla couldn't give you 10 million." Aqi was a little stunned by her crying.

"Aqi, I feel so bad." Katalina couldn't hold back her tears, so she turned around and looked at Aqi, "Layla treats me better than my parents and cousin, but I hide this things from you."

The bewilderment on Aqi's face turned into a thick frost. He gritted his teeth, waiting for her to continue.

"Avery and Elliot had an accident in Yonroeville... I suspect my cousin did it. I went to her house as a guest at the time, she was talking on the phone in the bedroom, and I heard her talking to others... .. She wants to fish out a person, help that person leave Yonroeville, and at the same time she wants that person to do things for her... At first I wasn't sure it was her, but the time matched. And after that, my cousin mentioned Elliot in front of me a few times... She told me for sure that Elliot was dead. She hated Elliot and Avery... So this matter, She must have done it."

After Katalina said the statement that she was holding in her heart, her whole body became lighter.

Even if she becomes the sinner of the family, at least she has a clear conscience!

After hearing Katalina words, Aqi immediately took out his mobile phone and dialed Avery.

“Miss Tate, Katalina told me just now that you and my boss were designed by Norah in Yonroeville.” Aqi told her about it, “Katalina heard Norah talking on the phone with a person and colluded with Yonroeville. The time was just before the accident between you and my boss.”

Avery was lying on the bed, her fingers holding the phone suddenly tightened.

Although she had long guessed in her heart that this matter might be related to Norah, but now that she heard the definite result, she still felt the pain of a knife twisting in her heart.

It was Elliot who single-handedly pulled Norah out. Let Norah become the head of the Tate Industries.

But Norah wanted to kill them both!

How ironic! How absurd!

If Elliot knew that everything was done by Norah, Avery doesn't know how Elliot would feel.

“Go and catch Norah immediately! Interrogate Elliot's whereabouts!” Avery growled.

“Yes!” After Aqi took the order, he strode towards Foster's house.

On the way back, Aqi told Ben Schaffer about this again.

After Ben Schaffer heard the incredible news, he gritted his teeth: “Aqi, I'll go find her with you. I know where Norah lives!”

Aqi: “I also know where she lives. Her cousin is with me now. I asked her cousin to take me there.”

“Okay, you go first, I'll come later!” Ben Schaffer was furious.

Norah is so brave!

How dare she do this?

Did she think her conspiracy was seamless and would never be discovered?

Aqi directly started the car and took Katalina to Norah's house.

“You just need to take me to her community, and I'll go find her alone.” Aqi drove the car out quickly and spoke to Katalina.

Katalina told him about this, and he would not expose her.

After all, Norah is her cousin, and the two parents are relatively close.

“You go to my cousin, even if I don’t show up, my cousin knows that I betrayed her.” Katalina didn’t regret telling him about it, “In their eyes, I’ve been with you for a long time...”

Aqi: “What trouble do you have next, just tell me, I will make sure you won’t be bullied.”

“I’m fine...” Katalina lowered her head, feeling very depressed.

Norah will definitely not be able to get rid of the relationship, and she will definitely be regarded as an enemy by her parents and aunt’s family.

Bridgedale.

Avery sat up after receiving the call from Aqi.

At this time, she was so anxious that she wished she was in the country, wished she could go to Norah to find out!

She doesn’t know how long it took, Aqi’s phone called again.

She answered the phone quickly.

“Miss Tate! Norah is not at home! She can’t get through on her phone either! I suspect she may have run away!” Avery felt dizzy when Aqi’s voice came.

Just a little bit of eyebrows, but Norah ran away?

“Don’t worry... I’m looking for someone at the airport to investigate to see if Norah has gone abroad... If Norah goes abroad, no matter where she goes, as long as she hasn’t gotten off the plane, We can all intercept it.” Ben Schaffer’s voice came.

“Miss Tate, I’ll tell you when we have more news from our side.” Aqi said.

Katalina stood beside him and wanted to talk to Avery.

Aqi looked at her expectant eyes and handed her the phone.

“Miss Tate, I’m Katalina. I’m sorry, I heard my cousin’s call long ago, but I didn’t tell you right away.” Katalina said with guilt, “If I had spoken earlier, maybe my cousin wouldn’t have had time to run away.”

Chapter 2037

Avery: "she is your cousin after all. I understand that you didn't tell me right away. When I return home, I will thank you in person."

Katalina: "No, no. I hope you can find Mr. Foster soon. That way I can feel better."

Avery: "Well, we'll definitely find him."

.....

After a while, Ben Schaffer learned of Norah's movements from the airport.

Ben Schaffer called Avery: "Avery, Norah has gone to Bridgedale! She will land in an hour. Take someone to the airport to intercept her."

Avery took the mobile phone and walked out of the room.

The nanny heard the movement and came out.

"Miss Tate, where are you going? Aren't you injured?" The nanny asked Avery in confusion when she saw that she was holding the car keys.

After the nanny asked, Mike walked out of the room.

Mike: "Avery, are you going out?"

Avery: "I'm going to the airport! Norah will land right away!"

"Norah? What are you looking for her for?" Mike took her arm, "Have you forgotten your abdominal injury? You can't go out!"

"I have to go out! Elliot and I almost died in Yonroeville, and Norah did it! Her cousin heard her talking on the phone, and set this trap!" Avery walked to the door and quickly changed her shoes.

Mike followed her into changing shoes.

"Norah...she should be Travis's daughter." Mike told Avery the news he had just found, "I just found Norah is Travis's daughter tonight. I was going to tell you tomorrow."

"It's not surprising..." Avery felt as if her heart was being clenched tightly, and it was about to be crushed, "I and Elliot were trapped in that basement, and most people couldn't find it there. Unless it's the one who set the trap!"

“Avery, you wait at home, I and the bodyguards will go to the airport to find Norah!” Mike was afraid that her wound would be torn, so he took her arm and wanted to keep her at home.

“No! I have to go and catch Norah myself! I want to know where Elliot was hidden by them! I don’t want to wait for a second!” Avery finished speaking and shook off Mike’s arm.

Mike exhaled: “Okay, let’s go together!”

After Mike helped her into the car, he started the car, and at the same time called the bodyguards and asked them to wait at the airport immediately.

after an hour.

Norah’s flight landed slowly at the airport in Bridgedale.

After Norah got off the plane, she turned on the phone.

Several missed calls jumped out.

There was a call from Ben Schaffer and a call from Katalina.

The two of them called her together... something must have happened.

Norah gritted her teeth. She knew that Katalina, a little b*tch, didn’t like her, and she would definitely shake her affairs out!

Fortunately, she runs fast, otherwise, if she stays in Aryadelle, it’s not because they want to treat her as they want!

Norah stood there and found Travis’s phone and dialed it.

“Why hasn’t Norah come out yet?” Mike glanced at the time. “Her flight has long since landed. Did she know that we were blocking her here, so she didn’t dare to come out?”

“Shouldn’t she ask Travis to protect her?” The bodyguard expressed his guess.

“Travis doesn’t seem to recognize her.” Mike felt uneasy in his heart.

Although Travis did not recognize Norah, over the years, Travis has secretly helped Norah several times.

It shows that Travis has this daughter in his heart.

Now Norah is in trouble, maybe Travis will really help.

After they don't know how long they waited, Norah's figure finally appeared!

She dragged a white suitcase and gave them a weird smile.
