

When His Eyes Opened by Simple Silence Chapter 2063

“Mom, I know. A classmate invited me to her birthday party these days, but I refused. You and Dad didn’t come back, I’m in a bad mood. And I don’t want to play outside. I leave school every day and come home in time, it’s safe, don’t worry about me.” Layla said obediently.

Now that Avery is exhausted trying to find Dad, Layla doesn’t want her mom to worry anymore.

“Mom knows you’re good. It’s mom and dad who made you suffer the grievances you shouldn’t have to bear.” Avery said in pain, “When I get your dad back, I will persuade your brother to come back with us. At that time, our family will never be separated again.”

Layla: “Mmmm! Mom, hearing you say that makes me so happy all of a sudden.”

Seeing her daughter’s cheerful face, Avery also laughed.

After talking about the video call, Avery turned around and saw the doctor standing behind her with a medicine box.

She cleared her throat in embarrassment: “When did you come? My injury is all right... I can take anti-inflammatory drugs, no need for drips.”

“Is there any blood oozing from the wound today?” The doctor ask.

“No, I’m resting at home today, I’m not running around.” Avery got up and wanted to pour a glass of water for the doctor.

“Miss Tate, Don’t get. Please sit down, I don’t drink water this time.” The doctor said with a smile, “If you don’t ooze blood today, you don’t need to have an IV. But remember to take your medicine.”

“Yeah. I want to get better soon. Thank you for your trip. You told Mike about the March Medical Award, right? Thank you for telling us about such an important matter.” Avery thanked him.

“Miss Tate, you’re too polite. But I really didn’t expect Margaret to be so bold. She dared to kidnap such an influential person as Mr. Foster. I really don’t know what’s on her mind. She shouldn’t think she Being relatively old and being Professor James Hough’s junior sister, you can do whatever you want, right?”

Avery shook her head: "I got in touch with her, and I felt that she did not rely on the old to sell the old. On the contrary, I think...Her thinking is very clear and her energy is relatively strong. She must be doing something terrible behind the scenes."

The doctor: "You haven't found Margaret yet."

Avery: "She's hiding."

The doctor: "It's not like her style. Since she dares to do it, why doesn't she dare to face it? Does she think that she can escape? "

...

At the same time, a high-end apartment.

Norah stayed at home for two days, and today she heard that Avery was targeting Margaret.

In the past two days, she has not answered other people's calls except Travis's.

Her mood fell to the bottom, and she didn't expect to be stabbed in the back.

In addition, she is also thinking about her next way out.

She doesn't want to be Travis's pawn, and she doesn't want to be retaliated by Elliot and Avery... She must find a way to escape.

Also, she felt that Katalina must have betrayed herself secretly. Just thinking about it made her teeth itch with hatred.

Even though the two of them were cousins, she would never let this cousin go. Even if she was going to die, she had to pull Katalina back.

When His Eyes Opened by Simple Silence Chapter 2064

Before she made up her mind, she called her mother.

"Norah, are you alright? I've called you in the past two days, but you don't answer, and I'm so anxious!" Madelyn said anxiously, "I can't reach you, so I can only call Travis. He said you're fine, I can sleep well now."

"Mom, but I'm in such a bad mood! I hope you understand." Norah picked up the glass in front of her and took a sip, "Did you talk to Auntie on the phone?"

"I told your aunt about your situation, and your aunt called Katalina, but she didn't answer." Madelyn sighed, "Maybe Katalina really told Avery what you did. Katalina is really ignorant. How dare she speak out about such an important matter? Doesn't she know that doing so will kill you!"

"Mom, you're still talking for her at this time? She's going to kill me. Call her Katalina?! She's not a three-year-old, she's already in her twenties! She knows what she's doing, and what kind of danger I'll face if she does, but she still chooses to betray me! There is no such cousin. My aunt's family, I will never come back!" Norah expressed her attitude.

Madelyn choked out: "Norah, what does Katalina do, what does it have to do with your aunt? Your aunt will never hurt your mind. You know, Katalina seems to be in a period of rebelliousness recently, and she wants to make trouble with you. your Auntie cut off her relationship..."

Norah: "Mom, I only have one life. Now Avery wants my life, do you think I still have time to have a good relationship with my relatives? I'm not that generous. Who hurt me? If it becomes like this, I will do my revenge again! I will be punished, and I don't want to take any small losses! I'm going to die, and I will definitely not let the person who harmed me feel better!"

Madelyn: "Then what do you want to do? Do you want to kill Katalina? Norah, don't be like this...Don't worry...Avery can't kill you. I asked Travis, Travis said that you are safe for the time being..."

Norah: "I'm only temporarily safe, not forever. Mom, as long as I close my eyes these two days, I'll dream that Elliot and Avery are coming to ask for my life. I've been fighting for all these years, but I'm going to rot in Katalina's hands! The heart of hate is dripping blood!"

Madelyn sobbed, not knowing how to answer her daughter's words.

Norah: "Mom, don't worry. Even if I want to seek revenge from Katalina, I will do it without leaking, and I will never let my aunt suspect me. I tell you because I am in too much pain!"

Madelyn compromised, "Norah, I know your pain and I don't blame you. Do whatever you want. Mom won't tell you! No one's daughter is as important as my own!"

"Mom, if I die, I don't recognize this father. I have only one father, and that is your current husband." Norah finished what she wanted to say as if she was explaining his funeral, "I have a bank card. I saved a sum of money. I'll tell you the password later. If I really die, you will take the money out and retire later."

"Norah...you won't die. I will call Travis every day. If he says that he can't protect you, you will run away... The world is so big, there is always room for you to alive!"

“Mom, I can’t escape.” Norah shed two lines of tears, unable to speak properly, “I never say regret... This time, I don’t want to say regret either.”

.....

Bridgedale.

Sunshine kicks off a new day.

At eight in the morning, Avery heard the sound of a car stopping downstairs, so she got out of bed and went to the balcony to take a look. Then she quickly turned back to the wardrobe, took a thin coat and put it on, then went to the bathroom to wash quickly.

After finishing her grooming, she came out of the bedroom.

Ben Schaffer entered the living room to change his shoes, and when he saw Avery come out, he immediately smiled at her.

When His Eyes Opened by Simple Silence Chapter 2065

Ben: “Avery, have you been okay lately?”

“Well. Why did you suddenly decide to come here?” Avery asked, “The matter here is about to be sorted out, and we will be able to find Elliot in a short time. “

It’s been hard for you these days. I came here because you were sure that Elliot was here, so I had to come. Besides, Norah is hiding here now, as long as I think of the disgusting things Norah has done, It’s uncomfortable.” Ben Schaffer said this, his thick eyebrows furrowed, “Her contract was signed with Elliot, so I can wait. When Elliot comes out, let Elliot teach her a lesson!”

Avery nodded : “What time did you get here?”

“I arrived at 2:00 a.m. I rested at the hotel for a night. I thought you should get up now, so I came here.” Ben Schaffer gave her a look, “I heard that you were injured, how’s the injury?”

“It’s better now, it’s not in the way.” Avery glanced at the kitchen.

The nanny was waiting by the side, and when she saw her looking over, she immediately said, “Breakfast is ready.”

Avery looked at Ben Schaffer: “Have you eaten breakfast?”

“yes, I have eaten at the hotel. But I can have a little more...” Ben Schaffer walked towards the dining room with her, “Has Hayden gone to school? Mike is still sleeping?”

“It should be. Mike ran around with me these days, and didn’t sleep well.” Avery blamed herself, and continued, “And Hayden, who also spent a lot of energy in order to help me check the details of Jones’s family.”

Ben: “Avery, don’t blame yourself.”

Avery: “I know. I misunderstood him before, and I always like to think of his feelings for me as I think. I always feel that his love for me and my love for him are not the same.”

“Just get rid of the misunderstanding. When he comes back, you must not break up casually. Maybe next time you break up, you will never get back together again.” Ben Schaffer sighed, “Between people and people The feelings we have for each other won’t change forever. If you get hurt a lot, you won’t be able to get back to the past even if you repair it. Besides, no one knows who will come first tomorrow or the accident.”

Avery took his words into her heart, after a while she asked, “How are you and Gwen?”

Even if Ben didn’t say that, she’d already figured it out. She can want nothing in the future, but she must be with Elliot.

“If nothing happened to you and Elliot, we should all start preparing for the wedding now.” Ben Schaffer shrugged, “Gwen still cares about Elliot. Of course, I do too. Before Elliot came back, I’ll talk about my marriage with her later!”

Avery lowered her head.

“Don’t talk about us. Finding Elliot is the most important thing now.” Ben Schaffer looked at her, “Is there anything I can do? Looking for Margaret? Or find Elliot in the whole Bridgedale?”

“It’s enough to find Margaret. Elliot is in her hands. You send someone to look for it in secret, I think Margaret shouldn’t hide too far.” Avery picked up the milk cup, took a mouthful of milk, and said slowly, “I’m going to see an old professor today, to see if I can find out what Margaret was doing to capture Elliot.”

Ben Schaffer was very interested in what Avery said: “I’ll go see the old professor with you.”
