Chapter 4846

“If this crime is confirmed, you will never be out in your life.”

“Although I have the confidence to help you clear your name in such a serious case,”

“You also need to have an accurate understanding in your heart.”

“If you don’t even want to enter the detention center,”

“I can only say that you think a little bit too much, or think a little too optimistically.”

When Elaine heard this, she quickly complimented: “Lawyer White,”

“You didn’t even dare to scold a lot of police yesterday by yourself?”

“At first glance, you are a top lawyer with great skills, you can help me. Think about it...”

James said solemnly: “Ms. Ma, I will do my best to help you clear your name,”

“But what you just said, I really can’t do anything about it,”

“I have already seen your examining magistrate, the other party’s order was not to be released on bail,”

“So you must go to the detention center for a period of time,”

“And how long you will stay depends on how long the police take to catch Myren Chen and Phaedra Zong.”

Elaine suddenly fell to the bottom of the valley, and choked out:

“If they can’t catch them all the time, won’t I be able to get out for the rest of my life?”

James explained: “If they can’t catch them, I will do my best to defend your innocence,”

“But it may take a little longer, please understand this.”

Seeing that James hadn’t loosened at all,

Elaine knew that she would inevitably enter the detention center today, and her heart was full of despair.

In the last experience, she was really afraid of places like the detention center.

Especially this time she was in a foreign country where she was unfamiliar with the United States,

So she felt even more apprehensive about the detention center here.

But she never dreamed that if Charlie wanted to, he could have James help her get a diagnosis certificate and let her stay in the hospital all the time.

If Georgina can be caught as soon as possible,

She may not have to wait until entering the detention center to be completely cleared of suspicion.

But Charlie felt that in that case, she would definitely not learn a lesson.

That's why he specifically asked Douglas to tell James not to let Elaine stay in the hospital for too long,

And send her to the detention center today.

At this time, James saw Elaine's expression of despair, so he comforted her:

"Ms. Ma, your son-in-law is helping you find the people and solve the case as soon as possible,"

"So you don't have to worry too much, you will stay in the detention center for ten to 15 days, you should be out."

Elaine knew that he had no other choice but to wait, so she nodded lightly.

Although she was reluctant in her heart, she could only accept her fate at this moment.

Seeing that she was in a very low mood, James said again:

"Ms. Ma, after you are in prison, I will arrange for our staff to deposit enough funds in your prison account so that you can save money in your prison account."

"Inside, you can buy whatever you need, you can call your family when it's time for release,"

"And then you can call your daughter and son-in-law."

Hearing that it is possible to call the outside world, Elaine's mood eased a little.

Since her arrest, she has missed her daughter and son-in-law very much,

But apart from a phone call with them at the beginning, she has never had a chance to get in touch with the two of them.

So, she said to James with a sad face: “Lawyer White,”

“Please tell my son-in-law that he must do it as soon as possible,”

“It’s up to him whether my old bones can return to China alive... ..”

James nodded and said seriously: “Ms. Ma, don’t worry,”

“My mobile phone is with the police at the door. I will contact your son-in-law when I get it back.”

Having said that, James added: “By the way, Ms. Ma, remember to have a good lunch at the hospital at noon.”

“After lunch, the police will take you directly to the detention center.”

“I still have a lot of related work to deal with, so at that time I’m not coming.”

Elaine hurriedly asked, “Lawyer White, which prison will I be sent to?”

James replied: “Ms. Ma, at the orders of the judge,”

“You will be sent to Bedford Hills Correctional Facility in upstate New York.”

Elaine asked: “Is the correctional institution less serious than a prison?”

“No.” James explained: “Although the name is a correctional institution,”

“It is actually the only women’s prison in New York dedicated to felons and suspected felons...”

Chapter 4847

“Felon?!”

When Elaine heard this word, the whole person was shocked and said quickly:

“Lawyer White, can you think of a way to walk through the back door and change me to a detention center,”

“An old lady like me who is helpless, how am I going to fight those serious criminals...”

“Then I won’t be beaten to death in there...”

James said helplessly: “Sorry, Ms. Ma, this is the operating rule of the New York judicial system.”

“Judging from the crimes you are currently suspected of,”

“The Bedford Hills Correctional Institution is the only place you are currently going.”

“This is not something that I can affect. I am a lawyer,”

“And I have to do things within the framework allowed by the law, not undermine it.”

Elaine suddenly panicked and asked, “Lawyer White, is there a prison boss in prisons here?”

“It’s the kind of person who is the biggest in the prison and bullies anyone she catches.”

“This...” James said embarrassedly: “As far as I know, there should be such a phenomenon in prisons in any country and any place,”

“But you don’t have to worry too much. Under normal circumstances,”

“As long as you don’t go provoking those prison bullies, they will not have any conflicts with people of your age,”

“And after you enter, you can call me if you have any problems, and I will arrange for someone to solve it.”

Hearing what James said, Elaine was slightly relieved.

Thinking of what happened to her in the detention center last time, she thought to herself:

“Last time, it was mainly because there were two enemies, and the boss there bullied me!”

“If it weren’t for their two bastards, that bitch wouldn’t necessarily take the initiative to trouble me!”

“When I get to this American detention center, I will try my best to keep a low profile.”

“It shouldn’t be a problem if I think about it carefully.”

At this time, James looked at the time and said,

“Ms. Ma, I have things to deal with, so I’ll leave first.”

“When you arrive at Bedford Hill, if you need anything, please call me at any time.”

“Okay.” Elaine nodded hastily.

James reminded again: “By the way, Ms. Ma, don’t forget to have a good lunch.”

“As far as I know, because the parliament has been reducing the prison budget,”

“The food in the prison is really not good, and even if you have money, it is not anything good to buy in there.”

Elaine hurriedly said: “I see... I have to ask the hospital to prepare a full meal for me at noon!”

...

Noon.

After enjoying a sumptuous lunch comparable to a full-fledged Manchurian feast,

Elaine was taken out of the hospital by the police.

As she is suspected of transporting up to five kilograms of contraband,

She will be sent to Bedford Hills Correctional Facility in Westchester County, upstate New York, as ordered by the judge.

This is the only women's prison in New York dedicated to felons or suspected felons.

In this prison, nearly 1,000 prisoners are detained.

From murder and arson to robbery and drug trafficking, the prisoners here are more vicious than the last.

After Elaine was taken to the prison, she first handed in her personal belongings,

and then completed a series of prison inspections at the order of the prison guards,

And then obtained her serial number in this prison: Prisoner No. 1024.

In the end, at the order of the prison guards,

She changed into prison clothes and was led into the prison area by the guards.

Elaine, who has entered the palace for the second time, although she is in a foreign country,

She is familiar with this series of procedures.

At this moment, what she was thinking about was what kind of inmates she would meet.

Last time. Those few days were like hell for her.

Chapter 4848

This time, Elaine only hoped that she could meet a few normal people.

Following several prison guards into the cell, the guard took her directly to Cell No. 12.

After arriving at the door, the prison guard yelled at the inside through the thick iron gate:

“Everyone stand up and assemble immediately!”

Elaine stepped on her feet and looked in, only to see the No. 12 cell,

Which was at least hundreds of square meters in size,

And the entire cell was symmetrically divided into left and right sides by a low wall about one meter high.

The side is a semi-open space constructed with low walls.

In this semi-open space, there is a small single bed on the left and right.

At this time, the prisoners inside were resting,

Some were lying on the bed, and some were sitting at the head of the bed and talking to others.

Hearing a loud roar from the prison guard,

The group slowly got up and lined up in the inner part of the middle corridor.

The prison guard did not rush to open the door at this time,

But counted the number of people from outside and confirmed that everyone had lined up.

Then he said on the walkie-talkie: "Open door 12."

As soon as the voice fell, the heavy iron fence door opened automatically.

The two prison guards walked in first with batons, while the other two guards held Elaine and followed behind.

After entering, Elaine was directly brought to the front of a group of female prisoners by the prison guards.

And this group of female prisoners of different skin colors,

Ranging in age from 18, 19 to 50 or 60 years old, were looking at her with contempt or provocation.

In their eyes, this yellow-race woman in her fifties,

At first, glance looks like an unlucky person who can be easily bullied.

The prison guard pointed at Elaine at this time and said to the crowd:

"She is No. 1024, and she will live in this prison from now on."

Elaine bit the bullet, waved to everyone, and said with a forced smile,
"Ha...Hello..."

The female prisoners present did not pay any attention to her.

On the contrary, many people looked at her with great interest,

And there seemed to be some ulterior motives in their eyes, which made her somewhat nervous.

One of the prison guards pointed to an empty bed and said to Elaine:

“1024, you will sleep in this bed in the future!”

She nodded quickly.

The guards didn't talk too much.

After simply settling down Elaine, they turned around and left the cell directly.

As soon as the prison guards left, a red-haired, white woman in her thirties came to Elaine with her shoulders in her arms,

And asked contemptuously, “Hey, new here, let me know why you came in?”

“Ah?” Elaine was slightly startled and said hesitantly: “I...I am because...because...”

Seeing that Elaine was murmuring and not talking about the main point,

The woman immediately reprimanded: “I tell you, I am the biggest in this cell,”

“What I ask, you answer; what I say, you do, otherwise, be careful that I punch your sh!t out!”

Elaine shivered in fright, and quickly said, "I... I was carrying contraband..."

The woman frowned and asked her, "Carrying contraband? How much?"

Elaine said quickly: "It was five kilograms..."

"Fcuk!" The woman said in surprise:

"Five kilograms?! Are you sure you aren't playing with me?"

Elaine hurriedly said, "I don't dare... I'm telling the truth..."

The woman looked Elaine up and down for a while and asked, "Are you a drug dealer?"

Elaine quickly shook her head: "I...I'm not..."

The woman asked again: "Then you work for a drug dealer? Or a gang member?"
