

Chapter 238 Teach Him A Lesson

Trevor just glanced at them coldly and tried his best to restrain his anger.

He didn't expect a capable woman like Jeanne would have a reckless brother like Keanu. ①

However, Trevor didn't want to argue with them anymore as Luisa's safety was more important to him.

Holding Luisa's hand, Trevor decided to get out of here with her.

Before they could take another step, Keanu's voice stopped them.

With a playful look on his face, Keanu curled his lips and said, "Trevor, right? I don't care about you at all, but Luisa has to stay here. She has to dance and sincerely apologize to me till I'm satisfied!" ①

In fact, Keanu was so arrogant and selfish that he never took others seriously.

Since Keanu was so persistent in letting Luisa stay here, Trevor couldn't control his anger anymore. Clenching his fist, he pushed Keanu to the ground! ②

Obviously, Keanu didn't expect that someone would dare to attack him like that without any precaution.

Because of the impact, he fell to the ground and his head hit hard on the step!

Immediately, blood started flowing from the back of his head and the sight was extremely ferocious!

Seeing the scene, Mattie and the others were so shocked. All of them rushed towards him and helped him up.

Pressing on the bleeding wound, Keanu glared at Trevor with hatred and said viciously, "You bastard! You are dead! Arrest him right now. I'm going to kick him out of school!" ①

Once he ordered, Drake and the others surrounded Trevor immediately.

At that time, Mattie took pleasure in Trevor's misfortune and said, "Trevor, you are going to be in big trouble!"

Among everyone, Luisa was the only one who showed a worried expression.

Since Trevor was surrounded by a lot of people in order to protect her, she bit her lip nervously and said, "Keanu, I will apologize to you on behalf of Trevor. I will even dance if you want. I can dance now. Please don't make things difficult for him!"

At that time, Trevor stopped Luisa from apologizing for him.

Patting the back of her hand, he said softly, "Don't worry about me, Luisa. They can't do anything to me. Don't apologize to those rubbish."

Once Keanu heard this, his face suddenly darkened.

"You bastard! How dare you pretend to be powerful! Take

him to the vice president's office. Let me see if you still have the guts to pretend like that then." Seeing that the others were coming to attack him, Trevor's face darkened. Looking at Keanu coldly, Trevor said indifferently, "I have hands and feet. No need to grab me."

After saying that, he walked to the office building by himself.

Everyone turned to look at each other. However, when they were sure that Trevor wasn't trying to escape, they didn't escort him.

Nonetheless, they still gathered together and walked around him, leaving no chance for Trevor to escape. Actually, what they didn't know was...

Trevor was so angry that he had no intention to run away.

Under the watchful eyes of the others, Trevor got to the office building.

Everyone thought that Trevor was going to be punished since he had offended Keanu this time.

Of course, Mattie was one of them.

She was happy as she looked at the receding figure of Trevor.

Smiling triumphantly, Mattie thought, 'Humph, Trevor, you are so reckless. You are done!'

In fact, she had personally seen how enthusiastic the vice president was when it came to Keanu!

The door of the vice president was opened, revealing the middle-aged man who was sitting on the chair. Once he saw that Keanu's face was covered with blood, he stood up and rushed towards him.

He was shocked and said in panic, "Keanu, what happened? Who did this to you?"

Seeing the vice president was in panic, Keanu smirked and stared at Trevor fiercely as he thought, 'You should've thought about the consequences before you make a move.

I can punish you seriously just by saying a few words!'
